As the fault for this occurrence lies with a former employee, the Company must assume responsibility of making adjustments which will be satisfactory to the customer. Where applicable adjusted bills will be forwarded as soon as possible and as some February accounts in dispute ? have already been paid, an allowance will likewise be made to these customers.

Any customer not receiving an adjusted account and who may feel that their February billing is incorrect is requested to return their Michruary bill to the Company by mail or direct lothe Company's store or office.

you have 120 boys who want to play baseball it is just impossible for a few people to carry on this work in a manner which will give all the boys the chance.

This year we are asking if the parents would please take some active part to assist us in carry-, ing on this work, especially the
