Handshakes were a dime a dozen with hugs, kisses and a few tears thrown in.

Carl H. Reich and Arthur Thompson were elected president and secretary-treasurer of the Prince Rupert Association of Former Residents, which decided to make the gathering an annual affair.

Profits gained from such functions would be pledged to supplement the old age pensions of old-timers from this city.

### Ernest Gard Named To Fill Legion Post

The new secretary-manager of Canadian Legion Branch No. 27 was introduced to the branch's executive Wednesday night by president James Nicoll at the group's meeting in the Legion building.

Ernest Gard, who arrived in the city Monday morning from Kindersley, Saskatchewan to take over the position immediately, has had a full-time career administration.

During the Second World War he served for five years in the administration branch of the Royal Canadian Air Force, stationed at various ports in Canada and one year in the Air Force headquarters in London, England.

Since the war, Mr. Gard has been employed in the administration branch of the mechanical department for Canadian National Railways, Kindersley. He has just completed a three-year appointment on full time with the militia unit in the instruction and administration staff for the Royal Canadian Army in Kindersley.

Mrs. Gard, their three daughters and one son will join him here in June at the close of the school term.

### Ever Since Eve

EVERY WOMAN gets bogged down now and then, held up shopping or at a church meeting or for some reason, gets home late in the afternoon and has a rush to get dinner. Next time this happens to you, here's a tip: take a can of baked beans to work, add a can of mushrooms and a choice of tea, coffee or milk.

Ticket-holders will have the opportunity of winning a large fish gift parcel and ham, handed by raffle conveners Mrs. Eric Murray and Mrs. Harry Ward.

Co-conveners for the mid-day event are Mrs. Kenneth Robertson and Mrs. Herman Rensvold.

In other business, the meeting decided to purchase a post-operative ambulator valued at \$125.74.

Members were told by president Mrs. J. R. Ayres that the hospital presently had two walk-in clinics. Addition of the new ambulator will give the hospital one walker on each floor to be used by non-walking patients.

The meeting voted \$25 to auxiliary member Mrs. Yet Wong, victim of the recent McIntyre Block fire, in appreciation for all her help to be used at her discretion for the McIntyre Block Fire fund.

MODERN FLEET

Two-thirds of the tonnage in West Germany's new merchant marine are vessels of less than 10 years old.

ONE WONDERFUL THING helped considerably in peppling up dull menu lists—the use of colour in meal planning. What better example or suggestion could there be than to use red cabbage when making a casserole? In Sweden they add sliced apples, too.

NEXT TIME YOU ROAST a leg of lamb, try this: brown in your oven, in the usual way, then pour over it strong coffee, about 2 cups in all.
