Young English girl seeking pen pals from Prince Rupert

(80) three-week holiday.

Young men in Prince Rupert who like to write letters and have a common interest with girls who like reading, swimming, table tennis, collecting classical and modern records may "get to know" a pen pal by writing a 19-year-old girl in England. Miss Janet Anthony of 96 Cliff Rock Road, Rubery, Birmingham, writes that she would like to correspond with Canadian boys or girls with common interests.

Miss Anthony states that since she is immigrating to Canada in a few years, she would first like to get to know some of Canada's citizens through correspondence. She also mentions that she is a librarian.
