Surfacing Mixture To Be Checked After Third Avenue Paying Crackup

Motion that Superintendent of Works C. J. Gustafson send adequate cation in North Hollywood and samples of the aggregate surface mix to be used on city roads for a suitability Mexico. analysis in an effort to avert another road paving crack-up such as that on Third Avenue between Fulton and Fifth Streets, was made by Ald. T. Norton Youngs, in city council Monday night.

In bringing up the question, of the road condition, Ald. P. J. Lester inquired of council the reason for the crack-up.

Regiging Mayor George Hills said the actual cause he cracks could not be deter- mitted. mined. Either there were not "fines" to bind the surface together or the mix was heated too much, he said.

For Fine

Beauty Let Your Jeweller Be Your Guide

And Lasting

It was reported a few other blocks, experiencing the same conditions, could be saved by putting on another surface mix as soon as the weather per-

Ald, S. J. Dominato said "we, cannot make any more mistakes of this nature. It has got to stop somewhere. We're wasting the axpayers' money."

Two other inquiries of Ald. Lester's over road conditions Craftsmanship the city have been referred the Board of Works committee. on Sixth Avenue East at Herimen Street and the blockage of ditches on Sixth Avenue East by ashes.
