### Chambers Ask Change Made In U.S. Tax

VANCOUVER ( The British Columbia and Yukon Chamber of Mines has made a final attempt to get the United States to reconsider its proposed new import tax on lead and zinc. said he has sent an urgent wire to prime minister Diefenbaker asking that the government make a strong representation against the proposed tax. The Chamber of Mines has received acknowledgement of its telegram, he said.

Mr. Elliott said the wire stated, in part, that the "base metal mining industry in this section. of Canada is very concerned! about the proposed tax and that "many important communities in B.C. and the Yukon Territory jured, none seriously, who owe their existence to mining gusty winds knocked down these ores and are already in an unfavorable position owing to low world prices now provailing and unfavorable exchange

### To Visit Moscow Hopeful

VANCOUVER OF -- Dr. Oyril Reid, professor of chemistry at Davis Cup chances depend on the University of B.C., will visit the strong right arm of Bob Be-Moseow this summer to attend dard and his doubles partner, as an international symposium on yet unnamed, the experts agreed the origin of life. Dr. Rold will today. give a paper on blo-physics. He leaves Vancouver July 10 and will roturn in September.
