# Chemise Imported From Paris

PROMINENT DESIGNER

Direct from Paris to you — The "Chemise"! We announce with pride, a couturier coup — a pattern of the silhouette that's the sensation of all the French collections. Unlike the wallpaper sheath or the sack of yesteryear, the "chemise" gildes along the sigure - suggesting the waistline, curving close to the hips — to reveal a new flattery. Even sizes 16 and 18 will find the smooth, long certical line sylph-like and becoming. For a look of casual elegance, translate the "chemise" in sheer wool, rayon jersey, surah, or fluid crepe. You'll need no translation for the admiring glances that follow you everywhere. Printed Pattern A601 is available in Misses' Sizes 10, 12, 14.
