BRITISH LIBERAL PARTY HAS A NEW LAND POLICY

IT TAKES AN ADVANCED STAND, AND IS CREATING NO LITTLE INTEREST IN POLITICAL CIRCLES—RECENT BY-ELECTIONS WERE WON WITH IT THE MAIN PLANK.

The Liberal party in London is contemplating a new departure in politics. An influential section of the younger men, supported by some of the cabinet and led by Mr. Lloyd-George, is now actively advancing a new land policy for England. It aims at compulsory purchasing of large estates, rebuilding of rural homes and resettling the country with small holders.

The authorities have for some time been seriously alarmed at the steady growth of emigration of the English population. Last year half a million thrifty, healthy and industrious people, mostly young, left England for the overseas dominions. Scotland's population is now stationary, owing to the migration to Canada, and the authorities are equally alarmed at the overwhelming rush of population toward the towns, and the depletion in the country.

Political Parties Interested.
 Recently two bye-elections, at Holmfirth and Northwest Norfolk, were won by Liberal candidates, who made the advanced land programme the leading plank in their election policy. This lesson has not been lost on the government. While the government's programme is not yet settled, every influence is being used to make it adopt two main points—taxation of land values and the settlement of small holders as tenants on state owned land. By taxation of land values it is hoped to compel owners of large estates to sell. Settlement of small holders may be undertaken under the direction and instruction of official guides. Both Unionists and Liberals are agreed that there must be a general scheme of rehousing country laborers. The Daily Mail (Unionist) has this week opened a campaign demanding this. The Unionists may bring an opposing scheme for settlement of small holders

in land, while the Liberals advocate state ownership of land, and settlers being made state tenants. The Unionists prefer that small holders should be enabled to purchase land from the state on a long payment plan.—Toronto Star.

FAST STRIDES TO HAZELTON

Chief Wynn, of the Provincial Police is in town from Hazelton. He is full of enthusiasm and delight for the new train service. That one could leave Hazelton at 10 a.m. in the morning and arrive here at 8 p.m. the same day seems the realization of a dream that is almost too good to be true.

Things are moving all right, and a good deal faster than a whole lot of people imagine. The chief reports that the bridge at Skeena Crossing is completed, and that the work of laying the rails on the bridge will be started today. It will only be a very short time getting to Sealey, and in two or three months that much looked for goal will be reached.

CITY TO HAVE CONDOR

Substitute for Alser Cement is Agreed Upon

The city council has decided to accept the Condor brand of cement to finish the reservoir at Acropolis Hill. M. Albert explained that it was impossible to get the Alser brand. Mr. Mason, the acting city engineer, was well satisfied with the quality of the cement. Some of the aldermen dissented, but the motion, proposed by Ald. Dybhavn that the Condor brand be used, was finally carried.
