## CONTRACT AWARDED FOR NEW HOSPITAL WING

### NEW HOSPITAL ADDITION WILL BEGIN WITHOUT DELAY; CONTRACT IS NOW AWARDED

It has been decided by the Hospital Board to proceed at once with the erection of a new wing, to become the central building, for the present general hospital on Fifth avenue. Tenders were opened for the work at the meeting of the board, held yesterday afternoon, and the tender of E. J. Hicks to construct the building according to Architect Barker's plans for \$18,895 was accepted. Other tenders were: McPherson & Meeker, \$19,575, and Mitchell, Currie & Watt, \$19,475. Two tenders, those of William Watts and Emil Kauffman, had to be laid aside disqualified as the necessary cheques through some slip were not enclosed. The

Mayor and Finance chairman have assured the board that the city's grant is forthcoming all right, the \$10,000 promised having been provided for in the estimate that Mr. Barker should act as superintendent of works for the usual fee, the architect's premium for the plans submitted in competition being \$450, which is to be paid at once. The new building is to be a very useful one, and there is a proposition on foot to have the Duke of Cornwall perform some ceremony of interest in connection with its erection.

#### Presbyterian Services.

Worship will be conducted in the Presbyterian Church Hall on Sunday forenoon at the usual hour. In the evening the pastor, Rev. F. W. Kerr, will address his hearers in the Empress Theatre on the subject, "Worldliness—True and False." Evening service opens at 7:30.

#### Baptist Services.

"The Perfect Man" will be the subject of Rev. Warren H. McLeod's sermon tomorrow evening at 7:30 o'clock. Morning worship at 11. Bible school and Brotherhood Bible class at 2:30 p. m. Visitors cordially invited. All services held in McIntyre Hall, Third avenue, near Sixth street.

### HOSPITAL AND CONTRACT PATIENTS

Arrangements suggested by which city workmen should pay contract fee of \$1 per month for hospital service in case of need seem to have come in for little support. The Medical Association feels that the least fee possible on a paying basis for this class of contract is \$1.50 per month, and the men seem unwilling to pay so much. A suggestion that a certain deduction for hospital purposes be made from the men's wages by the city, as in the case of contractors, was made and is being considered by the City Council members.

### STRIKING STRIKE FILM DISPLAYED

One of the most enthralling of a series of excellent films shown last night at the Westholme Opera House was a sensational story of labor agitation, the malevolent intent of an anarchist agitator, its thrilling nearness to dreadful and murderous effect and the searchingly human emotional turn of events brought about by a daughter's love, and the most touching of episodes. The management must be congratulated on swift grasp of topical opportunity.

### S.S. MAY COLLIDES WITH LILOOET

Just as the C.P.R. ss. Princess May was swinging into the wharf this afternoon the tide gave her a bad swing, her stern catching the stern of the D. G. S. S. Lillooet. The Lillooet received a heavy blow which smashed one of her boats and bent the davits and rails. The May also suffered pretty badly about the stern.

### PRINCE RUPERT DESTINED TO BE ONE OF CANADA'S GATEWAYS OF IMMIGRATION

An Interesting Interview on Quarantine Matters With Dr. H. E. Tremayne, Quarantine Officer for This Port, on His Recent Arrival From the Eastern Quarantine Stations

That with the opening for steamship traffic from sea to sea of the Panama Canal Prince Rupert may expect shortly afterward to become one of the great immigration gateways of the Dominion of Canada.

This is the strong probability brought out by the general trend of official attitude to this port amongst Dominion government quarantine circles in the east. Never was immigration traffic heavier than it is at present. The immigration records are increased by thousands and hundreds of thousands over what their figures were a few years ago. Yet the feeling is that the tide of immigration to Canada is only beginning to flow, that its strongest flood is yet to come and that existing gateways of immigration must be saved from serious congestion by the opening of other gateways.

#### Panama Opens Pacific.

So far the Pacific coast has been open only to immigration of Orientals, and these are not desired in any greater numbers than their inflow figures show at present. But the Panama Canal will open the Pacific coast to immigration from Europe. Amongst other important remarks heard by Dr. H. E. Tremayne amongst his quarantine officials conferees

in the east during his visit just concluded was that there is believed to be a steamship agency proposition afoot to bring immigrants from Europe to the Pacific coast for about \$40 inclusive fare.

That Prince Rupert is almost ready for the handling of large numbers of immigrants from a quarantine point of view is known to all who have watched the progress of the quarantine station erected here by the Dominion government and now in charge of Dr. Tremayne, who has been quarantine officer for the port since the earliest days.

#### Dr. Tremayne's Trip East.

In discussing yesterday some of the experiences of his recent visit to Grosse Isle and the other important quarantine stations of the Dominion government in Eastern Canada, Dr. H. E. Tremayne, the Dominion government officer for this port, furnished some very interesting details in connection with this important branch of the government service.

At Grosse Isle the doctor says the department is handling on an average of over a thousand persons a day. The number of immigrants who passed through the quarantine officials' hands last year was over one hundred and fifty thousand, and this pres-

### SEVENTEEN FAMILIES WILL ARRIVE IN SEPTEMBER FROM THE EAST TO THE QUEEN CHARLOTTE ISLANDS

As tangible evidence of the big development we may expect to see very soon taking place on the Queen Charlotte Islands three arrived in the city yesterday two gentlemen, Messrs. J. W. McCrae of Winnipeg and J. O. Brewster of Duluth, Minnesota, who have just returned from a week's thorough examination of Graham Island.

#### Held 4,000 Acres.

These gentlemen acquired over 4,000 acres of land on the shore of Lake Meyers, about four and a half miles from the embryo city of Queenstown, last January, and have sold all of it by 640 acres. The people they have sold it to are bona fide settlers back in Manitoba and the Middle Western States. These same settlers would have been prepared to

come right out last spring and locate on the ground had the roads been in sufficiently good condition to permit transporting their effects to the new settlement.

#### Develop the Island.

Messrs. McCrae and Brewster took the wise course of coming out themselves this summer and personally looking over the ground and making a thorough and careful examination of the condition of the new country here before selling their land and advising their clients as to the opportunities, advantages, etc., of immigration to Northern British Columbia. Messrs. McCrae and Brewster are more than satisfied with all they have seen and are returning straight to their homes, where arrangements are already in hand to dispatch seventeen families in September to

settle on the respective holdings that they have purchased.

#### Chance for Government.

Options have also been secured on two thousand acres more land and one thousand acres of timber, which was all that was available. A sawmill is in process of erection by a Vancouver company close to the proposed new settlement. The quality of the land and the prospects and conditions generally necessary to make a prosperous settlement are all there, and all that the people urge is for the Provincial government to get busy and make adequate appropriations for good roads, enabling the settlers to get on to their land so as to make a start in clearing and preparing the ground for the first crop, which in some parts back from the lake a bit might be accomplished the first season.

### KAIEN CHAPTER CONSTITUTED LAST NIGHT

With due dignity and all the solemn rites of the craft the constitution of Kaien Chapter, No. 178, G. R. C., was celebrated last night in the Masonic Hall in the presence of a large company of local and visiting members of the Masonic order. The officers were also installed with due ceremonial. The ceremonies were performed by R. E. Comp. William Burns of Vancouver, grand superintendent District No. 16, which includes within its bounds the Province of British Columbia. The other officers of the Grand Chapter, R. A. M., who assisted were M. E. Comp. J. M. Rudd, ex-Comp. J. Stark, ex-Comp. F. McE. Young, ex-Comp. Dick and ex-Comp. J. T. E. Palmer.

After the constitution of the chapter the companions repaired to the Inn and partook of a delightful repast. The visiting companions were unanimous in their praise of the hospitality of the local chapter and expressed themselves as more than surprised and impressed with the progress and opportunities of the northern metropolis. The officers installed were:

### BIG C. P. R. PRINCESS ENA SAT ON MUD

Yesterday while steaming over the powder wharf across the wharf, the deep draught freight-Princess Ena of the C. P. R. brushed a shade too near shore at the McNicholl Creek and sat down on the soft mud for a while until the tide came and enabled her to reach her wharf port. The big boat was damaged, the mud over there being nothing harder than big clumps of mud.

### CONCERT ON S. S. RUPERT LAST NIGHT

The passengers on the Rupert were entertained last evening by the Juvenile Bostonians. A very interesting concert was given by the ladies, several of them appearing in solos, duets and quartets, all of which were enjoyed to the fullest by all on board. At the conclusion of the concert Miss Johnston proposed three prizes for Mrs. Lang and her company, which were heartily

### BIG TRAFFIC WITNESSED ON WATERFRONT

There was an unusually large number of boats along the waterfront yesterday, so many in fact that the steamer State of California, which called in here on her way north, had to lay to for a short while until the Prince Albert pulled out from the G. T. P. wharf to make room for her to unload. The State of California had a large number of tourists on board making the round trip between Seattle and Skagway.

The Princess Mary arrived from the south about midday yesterday, also the large C. P. R. freighter Princess Ena.

The steamer City of Seattle will leave at 5 p. m. today for Vancouver and Seattle.

### REGAL FISH IS CAPTURED ON THE REGAL

On board the power boat Regal, the launch with a reputation for reliability second to none in Rupert, there is lying today a mighty fishlet of the briny deep. The finny specimen was captured by Messrs. Westenhaver Bros. while out with Captain Swanson off Banks Island. A line was dropped with hook and bait merely as a pastime. Presently there came a bite, a tug, a regular rampage in the water, and after terrible efforts a large mud shark was actually landed on board the Regal. The fish is believed to weigh well over half a ton.

### WHY THE S. A. 'WITNESS' IS NOT ISSUED

Editor Daily News,  
Prince Rupert.

Sir: Could I trouble you for sufficient space in your paper in which to explain the reason for the discontinuance of the Prince Rupert Witness, the little paper which we have been circulating weekly for the past two months? It is possible that a number of our friends may wonder why we have discontinued the publication, and I would like to make it clear that we had no control whatever over the circumstances which made this necessary. It was neither because of lack of support, for this was beyond our hopes, nor was it because we tired of the work in connection with it, but simply because the firm responsible for the printing found themselves unable to handle it for the time being.

We heartily thank all the friends who assisted us in this undertaking, and we hope before long to be able to recommence the paper on a more permanent basis.

Thanking you, I am yours sincerely,  
H. CHAS. TUTTLE, Capt.

**THE OUTLOOK FOR CHURCH UNION.**

The cause of church union has been distinctly advanced by the wise deliverance of the Methodist union committee on the subject. The vote taken a few months since by the Methodist people the Dominion over showed that a vast majority of them were favorable to union with the Presbyterian and Congregational denominations on the basis that was completed two years ago. That vote was taken by official boards, by members over eighteen, and by adherents. With singular uniformity the majorities in these four classes ran nearly the same: about six to one. The members of the committee were thus left in no doubt as to the significance of the verdict, and they felt themselves free accordingly to recommend further action.

**PRESBYTERIAN VIEWPOINT.**

The majority in the Presbyterian Church was not so overwhelming in favor of union, but fortunately the action taken by the General Assembly at Edmonton greatly strengthened the union movement. This action the members of the com-

mittee had before them at their recent session, and they were right in their assumption that it tended to make quite certain the near approach of the desired consummation. The tone of the Methodist committee's report throws on the Presbyterian Church authorities increased responsibility in their interim preparation for such action as may be found feasible at the next assembly. —Toronto Globe.

**TOO TALKATIVE ALDERMEN.**

Reinvigorated by holidays, Alderman Sam McBride came back to Toronto City Council the other day and talked for nearly two out of the seven hours occupied by the proceedings. If his two dozen colleagues were afflicted with a similar mania for expressing their feelings, a session of the governing body would last for more than two days on end, or for nearly a week if the members worked only eight hours per day. It is a failing of aldermen, and often mayors, too, to hide the candle of genuine civic usefulness under a bushel of words. The failing has even been noticed in Prince Rupert.

Bruce county puts in a claim as the possessor of the finest line of grandfathers in one family known in Ontario. Mr. Henry Pooock of Glamis heads the family. He was born in England, January 29, 1820, the day on which George III, died, and consequently is nearly 93 years of age. His wife and he were married 67 years ago, and there has been no death in their home. The youngest scion of this remarkable family has five grandfathers and five grandmothers living. There are four great-great-grandchildren and 73 grandchildren and great-grandchildren.

Mr. H. L. Drayton, K.C., former corporation counsel, who is going to reside in Ottawa in consequence of his appointment as chairman of the Dominion Railway Board, has sold his residence 18 Elm avenue, Rosedale, to W. A. Smith, a member of the court of revision, for about \$20,000. The property has a frontage of 60 feet and a depth of 250 feet. Twelve years ago Mr. Drayton paid \$60 per foot for 50 feet, and later \$100 per foot for the additional 10 feet.

## CHURCHILL'S BRITISH NAVY PROGRAMME

An immediate supplementary estimate of \$5,000,000. The old building program of three ships in 1913, four ships in 1914, three ships in 1915, four ships in 1916, three ships in 1917, to be altered to five ships in 1913 and four in each succeeding year.

The number of battleships in full commission to be raised from 28 to 33 by 1914. This will give Britain 33 battleships against Germany's 29 in full commission, which is regarded as an adequate margin for 1914-15.

Four battleships at Gibraltar to be raised to eight.  
Six old battleships at Malta to be replaced by four modern cruisers of the Invincible type.  
Personnel of fleet to be increased and a higher rate of pay to be proposed.  
Submarines and other auxiliary forces to be augmented in strength.

### HINTS

Boil vinegar in the fish kettle or pan to destroy the fish odor.

New clothespins should be boiled before being used and should frequently be washed.

Decorated china plates should be put away with round pieces of cotton flannel between them.

Rubbing spirits of camphor on the lips morning and evening will give relief from cold sores.

Porcelain-lined sinks and tubs can be cleaned by rubbing with a flannel wet with kerosene.

Hot chocolate, unsweetened wafers and crystallized prunes form a dainty course for luncheon or supper.

To enrich the coloring, it is advisable sometimes to brown the flour before making a spice or fruit cake.

Always line a cake pan with medium-weight yellow paper. Grease the paper, not the pan, except the edges.

Comforts and quilts should be dried in a good stiff breeze so that they may be as light and fluffy as when new.

It is a good plan to have individual markings for bath towels. The initials may be embroidered in chain stitch.

Sturdy shoes that have become worn and shiny may be freshened by rubbing them lightly with emery paper.

Greasing pie tins with butter instead of lard helps to brown the under crust and prevents the pie being soggy.

An improved pie plan has a blade fastened to the centre, which revolves around the bottom of the pan, beneath the pie crust, when the end protruding from the side of the dish is moved.

If leather in chair seats sticks to the clothing, sponge with a mixture of ether and alcohol, dampening the cloth lightly, and following it by wiping off with a clean flannel dampened with pure chloroform.

Jerusalem artichokes peeled and left in cold water to keep them from discoloring, and then sliced thin with a silver knife and served on lettuce leaves with a French dressing, make a delicious dinner salad.

It is becoming more and more the fashion to serve fruit salads with game. These should be tossed in a French vinaigrette dressing of oil and vinegar, seasoned with salt and freshly ground black pepper.

When books become badly soiled on the edges, if not gilt edged, close the book tightly and erase the marks with an ink eraser. This will cut off all the rough edges, all soiled marks and leave the book quite clean.

"And did you stay long in Venice?"  
"Only two days, but I saw everything there was to see don't ye-know."  
"Really! Then you'd see the Lion of St. Mark's, I suppose?"  
"Rather; saw the brute fed, in fact."—Punch.

## FORT GEORGE

Fort George is situated midway between Prince Rupert and Edmonton, being at the junction of the two great waterways in B. C.

FORT GEORGE will be the Hub of British Columbia, because the railways have to follow the rivers for a natural grade. FORT GEORGE will be a great distributing centre, like Calgary, Edmonton, Winnipeg, because all the grain of the prairies will come through there on its way to the coast.

FORT GEORGE will have miles and miles of trackage facilities, also elevators, flour mills, breweries, etc.

FORT GEORGE has a good climate and is a good mixed farming country.

FORT GEORGE District and Cariboo District are rich in minerals.

FORT GEORGE will be connected by train with Edmonton by next spring. Lots in Fort George are selling fast and advancing in price; take advantage of this disappearing opportunity and call at once at.

## DOLL OPERA COMPANY COMING TO WEST HOLME

the Doris Canfield of the Juvenile Bostonians Carries 42 Dolls With Her on Her Travels, and Sometimes Gives a "Performance" for the Pleasure of the Other Children of the

certain little lady, by no means an insignificant member of the Juvenile Bostonians, who appear here tonight in the Holme Opera House, is a lover of dolls. In fact, dolls craze with her and she carries it to a point that she would travel or play unless her dolls are included in the contract. It is how it happens that Canfield has two trunks, the "Juveniles" have only one. One of these trunks is armed with large trays, each divided into little beds. Each bed is the "home" of one of Doris'

the trunk is opened first of all at every stopping place, then the trays are taken out, the little soft cotton coverlets that help to protect the occupants of the doll trunk in their respective beds are removed and all the dolls "see" the light of day and "breathe" the fresh air. Doris would be heart broken if anything happened to delay this proceeding, and some times when a quick rush from the train to the theatre is necessary to give a performance it is notice-

course dolls and little girls are usually inseparable and most of the children of the Juvenile Bostonians are happy with one

able that little Doris is most unhappy.

The big time comes when the company stays in a town for a week or more. Then Doris' room is so filled with dolls that it is hard to find a place for Doris to sleep. And if any one calls they must speak in whispers for it might be time for the dolls' naps. Think of what might happen if all those dolls would wake up at once and begin to cry.

**THE HERMIT**  
The gentle hermit of the forest, "why have you fled from the abodes of men to dwell here all alone? Freed from human neighbors, and all that culture means, that you yourself seek the solitude and fill yourself with the sad-eyed hermit

deftly threw his whiskers o'er his arm, and heaved a sigh and took a chew, and viewed with some alarm. "I follow well considered plans, by living in this wood; for here there are no also rans, no statesmen great and good. I list all day to singing birds, and hear the bobcat's yowl; here no one fills the air with words, no

wild, spellbinders howl. There are no issues to confuse, no pledges to redeem; a man just sits around and chews, and life's a pleasant dream. There are no fumes of possum, owl and skunk." Thus spake the hermit, and he lit a stogie moldy-blue. "You're wise," I said, "if you'll permit, I'll just stay here with you."

they yap—for principles, and all they care is just to reach the top. Your politics is such a fake, so threadbare, stale and punk! So I'll remain, in fenn and brake, with 'possum, owl and skunk." Thus spake the hermit, and he lit a stogie moldy-blue. "You're wise," I said, "if you'll permit, I'll just stay here with you."

### Better Dinners

"Is dinner ready, Mary?"

"Yes, Madam—it is ready, and, I think, a great success."

"Your cooking is improving."

"Well perhaps it is, and I hope so, but really, Mrs. Housewife, I think our new Gurney-Oxford is partly responsible for the success I have had lately. I was never able to cook roasts and fowl so well on our old stove, and as for bread and biscuits, I used to tremble when I went to take them from the oven—they were so often soggy and heavy. Now they are always light and beautifully brown, and, if I do say it myself, something to be proud of."

"That's true, Mary, my husband has said almost the same thing. I'm awfully glad you approve of my choice of a Gurney-Oxford. He approves because of the saving in coal since we got it, also because of the better meals he is getting."

"Indeed he's right, Madam—and it requires so little attention."

"That's fine, Mary. Will you serve dinner in a few minutes please."

### SENATOR PERCY'S VIEW OF THE PANAMA MATTER IN THE SENATE

Washington, August 1.—In a speech in the Senate Senator Percy, of Mississippi, declared the United States undoubtedly had made a "hard bargain," in the Hay-Pauncefote treaty, but that the sense of national responsibility should prevent this country from breaking its contract.

"Having reaped the fruits of the treaty we cannot now escape its obligations with honor, and we will not as a nation do it with dishonor," said Mr. Percy.

"What are those fruits we have reaped?" asked Senator Bristow.

Mr. Percy replied that Great Britain had given up certain rights under the Clayton-Bulwer treaty, and that without such action the United States would have been unable to build the canal.

Senator Bristow retorted that the Clayton-Bulwer treaty always had been violated by Britain, and had practically ceased to be operative before the Hay-Pauncefote treaty was made.

#### No Abrogation of Treaty

Mr. Percy contended there could be no abrogation of the present treaty even if the Hague Court should pass upon it, and give a decision either against or in favor of the United States.

Senator Cummins asked Senator Percy if he thought the United States should give free tolls to all nations, or should pay the expense of operating the canal.

"I am in favor of tolls," replied Senator Percy, "but I can see much merit in our giving the canal as an offering to the world reaping our benefits in commerce and lower freight rates."

Senator Cummins declared he believed the canal case could never be properly submitted to The Hague. "It would not be possible to get an unbiased court," said he. "I would as soon submit the case to Great Britain alone."

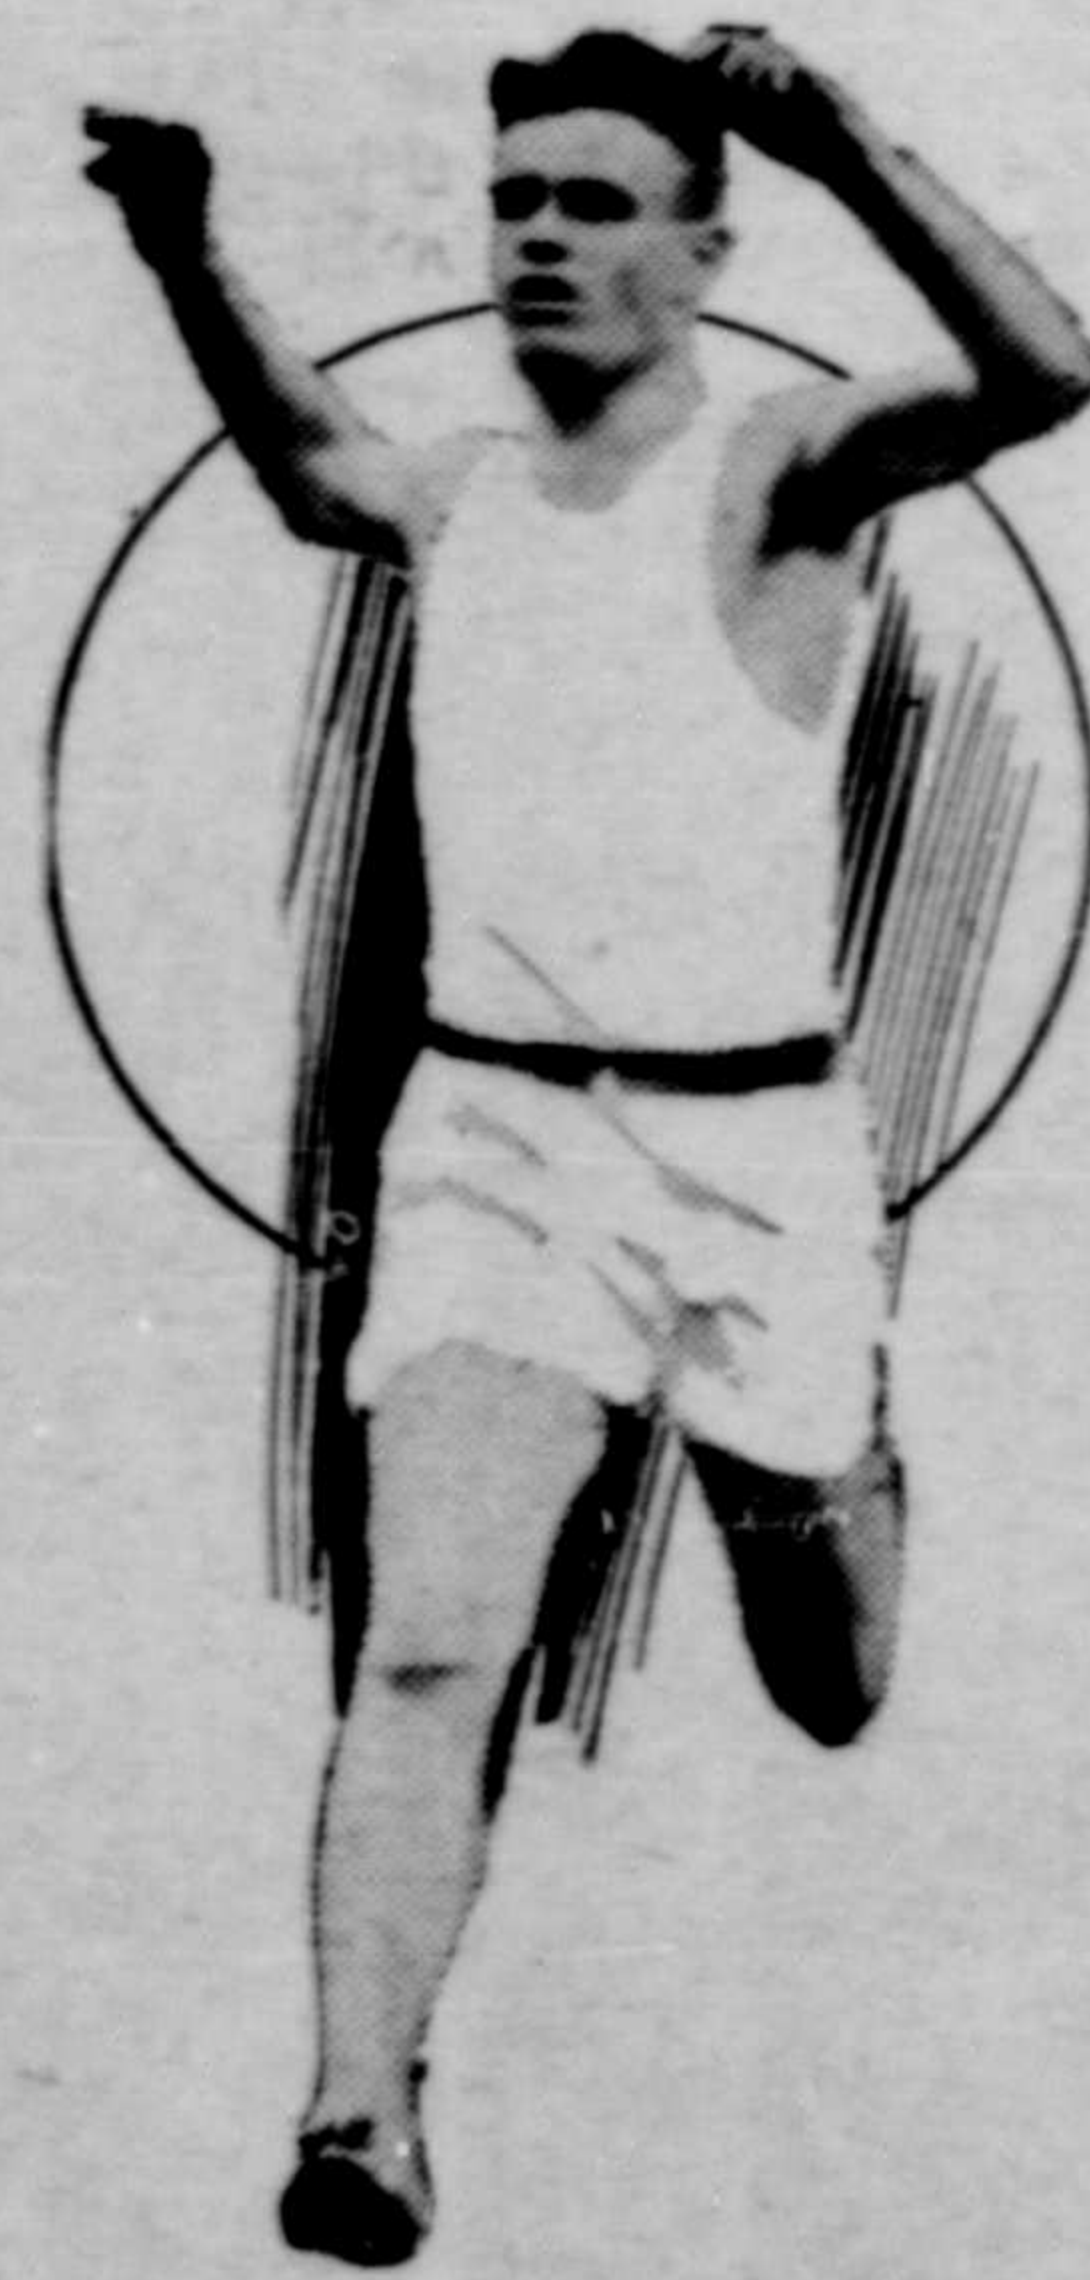

Senator Percy declared he believed a fair trial could be had at The Hague. He added that if a "small community of interest among nations made it impossible to secure unbiased international courts, we may as well pause in the development of our international relations."

## NAVY SPEECHES A LANDMARK IN THE HISTORY OF THE WORLD

Earl Selborne Makes Enthusiastic Reference to Asquith's and Churchill's Speeches About Empire's Future Co-Operation France Secured By the British Alliance

London, Aug. 1—Lord Selborne, speaking in the House of Lords about Asquith and Churchill's naval speeches, said: "I've no hesitation in saying that their utterances concerning the Dominions form a landmark in the history of the world. I don't for a moment grudge that it has fallen to the lot of political opponents to be in office when the time came to say those words, because they are sentiments in which we share to the full. There is nothing we would rejoice in more than to have the whole question

of imperial unity removed from party politics, as we hope the question of the navy may be." Apropos of the French visit of the Canadian Ministers, the Mail declares that anything tending to improve relations between Canada and France is a gain to the Empire. The visit will emphasize the fact that Britain and France long since ceased to be divided. French-Canadians must see that in strengthening the defences of the Empire they are also pledging France's security. —Toronto Star.

## WOMEN ARE NOT SUITED FOR PLACES REQUIRING CALMNESS

CORONER SAYS THEY LACK COOL JUDGMENT IN TIMES OF DANGER—ALSO FORTITUDE AND ENDURANCE—ONE WOMAN OPERATOR CAUSED A WRECK

Chicago, Aug. 2.—Coroner P. Hoffman, of Cook County admitted that he attempted to influence his jury to insert more criticism of railroads employing women in important signal tower positions in the verdict returned on the death of thirteen victims of the Burlington wreck at Western Springs on July 4. The jury recommended that only men be employed as tower operators.

Today Coroner Hoffman went further and said: "Women are weaker physically than men. They lack a certainty of understanding. They lack fortitude and endurance. The female mind is not habituated to cool judgment in times of danger. I like to see women advance, but they have no business in positions like this."

### Even Men Blow Up

New York, Aug. 4—"If all men were condemned because of one man's mistake in a crisis all you men would be out of jobs."

This was the comment of Miss Caroline Lexow, secretary of the Women's Political Union, today, on the recommendation of a Chicago coroner's jury that only men be employed as tower operators, following the fatal Burlington wreck attributed to a tower woman's mistake.

"Of course, this poor woman went 'up in the air'—then this terrible crisis," continued Miss Lexow. "But don't men 'blow up,' too?"

Hicks—Don't you find your flat very small?

Wicks—No; you see I've always lived within my income, so I'm used to cramped quarters.

## CHANCELLOR LLOYD-GEORGE IS BLAMED FOR THE COSTLY DREADNOUGHT MARATHON

Berlin, July 31.—Such progress has been made with the strengthening of the German navy, voted almost unanimously during this year's session of the Reichstag, that it is now officially announced that the new third squadron of eight battleships will be commissioned by the autumn of 1914, far earlier than had been thought possible. This will bring the active battle line up to 25 battleships in full commission.

Crews for the four battleships of the reserve squadron, which, according to the same law, are to be kept in full readiness for sea at all times, will not be available probably for two or three years after that, so it is pointed out here that the alarmists in the British press and Parliament are premature in assuming the presence at sea of 29 fully manned German battleships in the autumn of 1913.

### Blame Lloyd-George.

This increase in the German fleet, according to the statement of a responsible German diplomat, is solely due to the provocative Mansion House speech of the British minister, David Lloyd-George, delivered at the height of the Morocco crisis in 1911. Commenting on the more conciliatory utterances of Mr. Lloyd-George at the Mansion House banquet this year, and on Sir Edward Grey's reference to the improvement in Anglo-German relations,

the official stated that had it not been for Mr. Lloyd-George's declarations there would have been no German navy bill this year.

The extra expenditures entailed by the army and navy bills are contemplated cheerfully by the average German, who finds much more to worry him financially in the increased cost of living, the increase in the price of meat during the past ten years alone costing him more each year than his total annual contribution to the maintenance of the army and navy.

### High Cost of Living.

While the total charges for the German army and navy, including this year's increases, are less than \$5 per head per year, a German economist, Dr. George Goldstein, has computed that each Berliner will pay 21 marks (or approximately \$5) more for his meat this year than he would have paid ten years ago. For the normal family of five or six this represents an extra drain on the family exchequer of \$25 or \$30. Dr. Goldstein arrives at his figures by taking the total dressed weight of cattle, sheep, swine, etc., slaughtered for Berlin consumption annually and multiplying this by the increase in the retail prices per pound and shown by the official statistics over the average price ten years ago. For Greater Berlin the total extra cost is about \$18,000,000 per annum.

### THE BIG BLAST.

Close on press time the latest information from McDougall's camp regarding the hour of firing the big coyote was that the shot will be fired at 7 p. m., or as near that time as possible.

### Police Court Today

In the police court this morning before his Worship A. Carss, William Munden was sentenced to three months for vagrancy. James Macdonald was up on a charge of drunk and disorderly, somewhat sadly admitted that he supposed it must be the case, also remarking that it was the first occasion that he had been confined in his life. On the strength of his admission of the impeachment and the evidence of penitence the magistrate imposed the minimum fine of \$5.00 with \$2 costs.

A. T. Broderick, manager of the local branch of the Union Bank, returned this morning from a short holiday spent in Vancouver and Victoria.

## A CAPITAL AMATEUR NIGHT WAS ENJOYED

Before full houses at both of their performances last night in the Westholme Theatre the local amateurs gave a couple of excellent shows. That the reputation of the amateurs in Prince Rupert is fully established was more than evident in the vigor and extent of the applause which greeted each and all of the performers. Such old favorites as A. Stowell and W. Whitley met with their accustomed reception, Mr. Stowell especially in a new song rather reminiscent in its refrain of his celebrated "Down the Strand" favorite thoroughly satisfying his audience. Mrs. Potts gave a popular recitation, and Mr. Bain, in elaborate and effective make up as a blind beggar, sang one or two ever popular songs of sentiment appropriate to his role. His little interlude on the violin while making no pretence at an improvisation effort evidently delighted the house. Audience and company alike welcome back to the boards a capital amateur comedian in Mr. Eviit, whose triumph "Every the Eighth" sung one amateur night a week or so before his extremely popular wedding, is still remembered. Last night his "Standing at the Corner of the Street" was a rollicking success.

## WEDDING OF ONE OF RUPERT'S YOUNGER GIRLS WITH MANY WELL WISHES

A quiet wedding was solemnized by the Rev. W. H. McLeod, the Baptist minister, at the parsonage on Thursday evening, the contracting parties being Walter Seringour of the Premier Hotel staff and Miss Lulu Crossett of this city. A merry gathering of the friends of the young couple

was held at the Premier Hotel in celebration of the happy event, when the offering of congratulations and well wishes for their future happiness were extended by all. The bride is one of Prince Rupert's younger girls, a former pupil in the public school, pretty and popular with her circle of friends.

## KEEP OUT!

"KEEP OUT!" used to hang as a sign on every factory door. The old idea of secrecy in business made it seem a crime to show outsiders processes, materials, and methods of manufacture.

Now the white light of publicity is being let in by those who depend on public favor for business profits and business growth. The "keep out" sign is disappearing from factory doors and the "welcome" sign is taking its place.

Candor and honesty form the backbone of modern Advertising. Men tell the truth, and it pays. Modern selling relies more and more on the confidence and good will of the buyer.

To-day, eyes are too sharp and intelligences too keen to make deceit possible. Absolute frankness in Advertising is the straight road to confidence. The public demands the light; it abominates and fears darkness.

To-day, many canning factories, packing houses, bakeshops, and public kitchens welcome visitors, concealing nothing.

To-day, many public service companies use the newspapers to tell the truth about themselves.

To-day, many big industrial enterprises are open without hindrance to the inspection of an interested public.

To-morrow, many more companies, depending for their success and prosperity on public confidence, will lift the curtains that veil their board and work-rooms—they, too, will come to printing candid advertisements in the newspapers.

The public may overlook, but does not forgive, a lie or an abuse of its confidence. The public regards with suspicion those who attempt to serve it in secrecy and silence. The public is repelled by juggled facts or befogging words. The public rewards with its favor and money those who tell it the truth. It walks and shops where the light shines and where the paths are straight.

Throw on the light!

Advice regarding your advertising problems is available through any recognized Canadian advertising agency, or the Secretary of the Canadian Press Association, Room 603 Lumsden Bldg., Toronto. Enquiry involves no obligation on your part—so write, if interested.

## Railway Construction Work Starts in Town

Contractor Hardie, who has the charge of the right-of-way for one hundred miles west of the bridge across the Fraser River at Fort George, has only a few days to go before the town of Fort George on the Nechaco River.

Contractor Hardie has opened his office on Lot 1427, adjoining the town to the west.

Following Hardie's crews will come the grading gangs, and for these a large cache will be located at Fort George with a capacity of from three to four thousand tons of supplies.

From now on great activity is assured at Fort George, property is rapidly increasing in value. For further information call on
