PAINFUL ACCIDENT AT THE PLANING MILL DOWN TOWN PROPRIETOR BADLY HURT

An accident of a serious nature occurred yesterday afternoon at the works of the Prince Rupert Planing Mills. Gordon Bain, one of the proprietors, whilst engaged in his work around the mill, in some manner got caught in one of the belts and was dashed around in a terrific fashion, sustaining severe injuries to his right leg. Mr. Bain, who is one of the pioneer residents of the city and popular, was taken up immediately to the General hospital, where his injuries were attended to by Dr. McNeill. It is learned this morning that the patient spent a fairly good night and is doing as well as could be expected, considering the serious nature of the accident.

SALE OF THE PROVINCIAL GOVT. LOTS

August 28 is the date definitely fixed for the sale of the provincial government lots in Prince Rupert. Sections One, Five, Six, Seven and Eight are all included in the list of localities of lots to be put on sale. Section Two is not included, and the Market Place lots, also the present site of the provincial buildings will be reserved, as far as information goes at present. A list of the lots to be on sale for certain was circulated this morning by Mr. W. F. Fisher, agent here for Mr. C. D. Rand, authorized by the government to sell the lots. Mr. Frank Ellis, Prince Rupert's popular pioneer auctioneer, who sold Section Two lots for the G. T. P. so successfully, will be artist of the hammer for C. D. Rand in this government sale.

GUN CLUB IS PROGRESSING FAVORABLY

A meeting was held in Dr. McNeill's offices last night for the purpose of organizing a gun club for Prince Rupert, the objects being to improve marksmanship in either game or clay pigeon practice, etc. There was an enthusiastic attendance, and committees were appointed to look over the ground for a suitable spot to hold shoots, the other to approach the city council for permission to hold the practices. On the first committee are Dr. Kerwin, A. H. Allison and H. J. Brooks. On the second are Dr. McNeill, Nelson Dunn and L. C. Mackin. Another meeting of the club is called for August 20 at 8 p. m. when reports of committees will be heard and officers of the club appointed.

CAST HIS BREAD ON THE WATERS

Yesterday Mr. F. N. Clifton of Clifton's Bakery had the misfortune to lose 150 loaves of bread that he had taken down to the wharf at the Rupert Marine Iron Works to ship to the Cassiar Cannery. The tide rising in some fashion floated the bread off before anyone was aware that it was in jeopardy from the water.

SEE GREAT FOOTBALL TONIGHT

The most exciting game of the season is likely to be played on Second avenue tonight under the Prince Rupert Football Association auspices. Following is the Callies' team: R. Dowther, Martin, S. Currie, halfbacks; J. H. Kelly, J. Currie, forwards; Stewart, Wiggins and Williscroft.

The Roses have an aggregation of athletic talent that will take some beating, and the game will be a close contest of skill and endurance.

SPECIAL DESPATCH FROM HAZELTON DECLARES G.T.P. STRIKE AT AN END TODAY

(Special to Daily News.)

Hazelton, B. C., Aug. 13.—The strike on the Grand Trunk Pacific western division is now over. All the I. W. W. agitators have left the country along with the men who were members of the order and who went on strike. There are none of the order left and all the men who wanted to work have returned to their camps and taken up their tasks again.

In addition to these there are a great number coming in. The camps all along the line are open and running

with small crews and these fellows are not interfered with in any way by the I. W. W. The police afforded the men protection when the strike was on and the agitators will not be in a

hurry to come back into the district.

The camps and the food supplies are the best on the continent and there is no doubt that within the next couple of weeks hundreds of men will come north. There is plenty of work and the wages are good.

SPEAKING OF CITY COUNCIL PICTURES, HERE IS THE REAL PRINCE RUPERT PIONEER

It was proposed last night that the present City Council, the third in the municipal history of Prince Rupert, should have its picture taken. There was a proposition made at the close of last evening's council session that they, too, should have their photograph taken, but apparently so

far only the first the real pioneer council of Prince Rupert has ever managed to face the camera, and then not as a complete council. Above is a reproduction of the first picture ever taken of a Prince Rupert Council group. It contains portraits of Mayor Stork, Prince Rupert's first mayor, City Clerk Woods,

who still holds the fort, Ald. Vernon Smith, now in Hazelton, Ald. T. D. Pattullo, at present in the city, Ald. McIntyre, who is in the States; Ald. Frank Mobley, a leading citizen here; Ald. Hill-ditch, still with Prince Rupert; and A. W. Agnew, then with the engineering department on the Woodworth water scheme.

NEW TRANSCONTINENTAL FROM FORT CHURCHILL ON THE EAST TO PORT ESSINGTON ON WEST

Financed by British capitalists holding a Federal charter, which provides for 1,800 miles of new railway construction, with Fort Churchill on the east and Port Essington on the west as terminals, and connecting Edmonton with Las la Riche, Fort McMurray and Lake Athabasca, the North-

ern Territorial Railway will commence a survey of its route from Edmonton northeasterly in the course of the next few days, and before the close of the season a start will probably be made on the actual construction of the grade. So says an unconfirmed despatch from Edmonton. The cor-

poration is capitalized at \$40,000,000, and under the charter, which was granted by the Dominion Parliament, at its last session, has bonding powers amounting to \$40,000 per mile. The length of the new line from the coast to Fort Churchill will be 1,450 miles.

CANADA SHOULD ANNEX THE STATES

Vancouver, Aug. 12.—"When Champ Clark made the statement that the United States ought to annex Canada, I made one to the effect that Canada ought to annex the United States, for in these times of political turmoil our country needs better government," yesterday at the Hotel Vancouver declared Hon. R. A. Ballinger, formerly U. S. Secretary of the Interior. "Canadian laws," continued Judge Ballinger, "are more conservative than ours. However, I believe conditions will settle down after a while, and President Taft, whether he is elected again or not, will go down in history as one of the great presidents."

GIGANTIC CONSTRUCTION DELAYED

Belfast, Aug. 13.—The shipbuilders said today that the directors' decision to alter the Gigantic, sister ship of the Titanic in course of the construction, to conform with Lord Mersey's suggestions, will delay the work on the new liner considerably. In particular the plans will have to be radically modified to allow for the extra watertight bulkheads.

A LINER VS. AN ICEBERG ONCE AGAIN

(Special to Daily News.) Montreal, Aug. 13.—The Allan liner Corsican, steaming from Montreal for Liverpool, struck an iceberg east of Belle Isle at 4 o'clock yesterday afternoon. The steamers Lake Champlain and Scandinavian are reported proceeding to her assistance. The Corsican sailed on Tuesday with 200 passengers. Other reports say she is not in peril and that she will proceed on her voyage.

THE ARMY AND ETERNAL PUNISHMENT

Salvation Army Citadel, Prince Rupert, Aug. 13. To the Daily News, Prince Rupert, B. C. Dear Sir—Will you kindly allow me a small space in your paper in reference to a report in Monday's News of a service held in this city at which Rev. F. W. Kerr explained his opinion on the subject of "eternal punishment." It stated that "Hell is the unremitting effort of God for the saving from error and drawing to Himself of all" and "God will pursue you if you err, with the discipline if need be of an eternity of pain in order that the sinner may at last be taught the way of peace."

If this is the correct report of what was said by Mr. Kerr I feel compelled to say that I have never seen a phrase in the Scripture which in its widest sense could be so interpreted. This seems to be a resurrection of the Roman Catholic doctrine of purgatory, slightly modified by a mixture of Pastor Russell's ideas of a chance for all after death.

There are few people who believe in hell as a place of "literal fire," but all who take the Bible for a guide must believe that a terrible punishment awaits the wicked. There is, however, nothing in the Scriptures which will allow us the slightest ground for the belief that the punishment will be anything less than eternal, and it is hardly conceivable that it could be "the discipline of pain" if "the sinner may at last be taught the way of peace." Such a doctrine as this might lead one to think that evolution has been traced even through hell, and we suspected this was its origin.

Will Mr. Kerr be kind enough to tell us the passages of Scripture on which he bases his opinion. Thanking you, yours sincerely,

H. CHAS. TUTTE, Captain.

POWER BYLAW CONSIDERATION BY ALDERMEN

A set of copies of the proposed bylaw regarding power supply to the city and consumers by the Prince Rupert Hydro Electric Co. will be given to the aldermen by Mr. Durant for closer consideration by the city fathers. A MAGNIFICENT SOUVENIR.

Referred to the Finance Committee last night was the application of a local artist of the lens and shutter to perpetuate in finished style photographically, the figures and physiognomies of the men who compose our present city council. The Finance Committee at present consists of the whole council, so every member will have a say from the first in the matter. It was suggested by one alderman that the picture of the council all looking "pleasant please" would form a magnificent souvenir of Prince Rupert. Whether the idea is to have the city fathers issue picture post-cards of themselves for the tourists or not is not clear, but certainly for any such purpose a picture of this year's Prince Rupert Council has got anything before it or likely to be after it, to put it politely, very far flayed.

ROSENTHAL HUMOR.

In the grim humor that has developed from the Rosenthal case in New York there is nothing better than the incident related in the New York Times. A group of men in conversation near the scene of the tragedy were ordered to move on by a policeman, and as they started away one of the men looked back and said to the officer: "What's coming off? Are you getting ready for another murder?"

OUR MUNICIPAL KNIGHT ERRANT.

Mayor Newton is willing to act as arbiter in the matter of the

labor dispute on the G. T. P. To butt in between disaffected labor and the powers that endeavor to control it and guide it along constructive ways, is a task for men of consummate tact and strength. Giants of intellect and diplomacy, a Lloyd George, a King Edward even, have found themselves harassed to the verge of despair between the grinding friction surfaces of capital and labor. "He that interfereth" has to be a greater, more commanding authority than those who conflict or else his lot is an unhappy one. But crowned with great achievements in the past our civic Quixote sallies forth readily to do knight-errant service in the strife between the G. T. P. and the I. W. W. He has evidently not secured the entire confidence of his council, but he has all kinds of confidence in himself, so its spurs to Rozinante with couched lance against all opposition, and off to the war with a rather dubious Sancho in the rear guard. The quaint part of it this morning is the announcement that just as the champion steps forward the strife is reported over.

THAT GOOD OLD GRIEVANCE.

An order has just been issued by Mr. Winston Churchill, as First Lord of the Admiralty, is that hereafter in the hymn sung at the launching of ships in the Royal Navy the word "Britain" shall be used, instead of "England." This action was taken as the result of formal representations made by the St. Andrew's Society of Scotland, and should tend to the increase of Mr. Churchill's popularity north of the Tweed.

THE B. C. PACKERS' FIGURES

The annual report of the British Columbia Packers' Association, being for the year ended June 30th last, shows the favorable operations of the year. The profits, after providing for depreciation, amounted to \$422,352.82, which, added to the balance carried forward, brought the amount at credit of profit and loss account up to \$921,951.74. From this dividends at the rate of 7 per cent, on the preferred stock and 6 per cent, on the common took \$161,632.50. There was put aside \$6,000 reserve to provide for losses on fishermen's account; \$108,788.97 was applied to redemption of 1,088 preferred shares, series "B," leaving a balance at credit of profit and loss to be carried forward of \$645,530.27.

The total assets of the company are set down at \$3,426,873.72, of which \$2,143,413.74 is real estate, buildings, canning and cold storage plants, brands, good will, etc.; \$164,979.13 the Packers' Steamship Company plant; \$7,000 the Numpkish hatchery, and the balance sundry debtors, salmon consigned on hand, insurance reserve and sundry advances. The capitalization on June 30th was \$1,511,400 in common and \$945,800 in preferred stock. The indebtedness amounted to \$304,322.99 due to banks and accounts payable.

SHE WORE FIG LEAVES JUST TWO

Oak Bluffs, Mass., Aug. 13.—This summer resort almost fell off the island yesterday when somebody spread a story that the titian-haired Countess Irmgard von Rottenhal had a new dance in which her costume consisted of two fig leaves and an apple, which appears to be true.

The countess, who dances at smart gatherings, has invented a dance called "The temptation of Eve." In this dance the countess carries a large apple. This is to represent the apple which made so much trouble in Eden. The countess' costume is in the shape of two fig leaves, but they are extra large leaves, large enough in fact, to clothe the dancer. However, it is whispered that the dance is so startling that it will never do for this quiet summer resort. The countess is going to try it on some other city first.

TYRUS COBB MAKES NOISE LIKE SOME MORE MONEY

Detroit, Aug. 10.—Ty Cobb today notified the Detroit club officials that his next demand for salary would be on the basis of \$15,000 a year instead of the paltry \$9,000 that he is now receiving. Cobb's present contract expires this fall and he is already making signs, meaning more money.

The present contract calls for \$9,000 a year for three years and if Cobb is injured in a game the

TY COBB

salary is to be continued, no matter how long he is useless to the club.

"I might as well get the money when I'm young," Cobb told President Navin. "When I'm old you will ship me to the minors just the same as you would anybody else. I do not think \$15,000 per year on a three years' contract is too much to ask, and you must consider that figure before considering me as a member of your team for 1913."

Port Arthur, Aug. 13.—The employees of the Canadian Northern Coal and Ore Dock company return to work after a week's strike, featured by a riot on the first day in which six were injured and for which the militia was brought out. Every Home Has Its Purse

And 99 out of every 100 unprejudiced people will tell you THE DAILY NEWS is the home paper of Prince Rupert.

Advertisers also tell us and will tell you that results obtained from publicity carried in the columns of this paper have exceeded by far those obtained through any other newspaper published in Prince Rupert
The successful business man today is the one who advertises judiciously, who chooses the medium most generally read by citizens of a community; a business man who does not look upon an expenditure for advertising as an expense, but, on the contrary, as an investment. This type of business man you will generally find in the front ranks of his profession, turning his dollars daily and moving his goods rapidly—and all through the liberal use of newspaper publicity.
Try advertising as an investment, if only for a short time, and watch your business grow.
Let our solicitors call and explain why The News is the best medium through which you should inaugurate your initial campaign.

OH, YOU C.P.R. A NEW ISSUE AT A PREMIUM

Ottawa, Aug. 13.—The Evening Journal says: "It is learned on good authority that the Canadian Pacific railway will make a new issue of \$50,000,000 at a premium of 75 per cent. at their meeting on Monday next. This will mean that the present share holders will receive one new share for every four shares now held and on the basis of a 275 market price shareholders will thus receive rights to the value of slightly over \$240 a share."

OLD WORLD SHAKEN BY EARTHQUAKE

Constantinople, Aug. 13.—Reports here today indicate that the terrible earthquake shock which was felt through a great part of Turkey has been accompanied by much heavier loss of life than was at first stated. The newspapers today estimate the number of victims at 1,000 killed while the injured are said to number from 5,000 to 6,000. Details of the earthquake, which are coming in slowly owing to interruption of wires, indicate that the seismic disturbance was widespread.

ORES WORTH FIVE MILLION AT TRAIL, B.C.

Nelson, B.C., August 12.—For the half year ending June 30th, the Consolidated and Mining Co. of Canada, at Trail, B.C., has produced metal in value totalling more than five millions of dollars. According to a report issued today the official figure was \$5,083,000. During June the smelter treated 21,460 tons of ore and produced metals valued at \$387,163.

CITY WILL PAY NO MORE LAW COSTS

Approached last night by Alex Prudhomme for payment of the costs of his legal suit over his license trouble last year, the amount of the bill to a Vancouver lawyer being \$238, the city council decided not to favor payment of this bill. The mayor and Ald. Morrissey were in favor of paying the amount, and Ald. Montgomery held that Mr. Prudhomme had had a hard fight at first. It will be remembered that city money was voted to fight Prudhomme in the days of the council previous to this one.

SLIM CHANCE OF PEACE IN OLD MEXICO

Mexico City, August 12.—Official Mexico appeared today to regard with much pessimism the outlook for peace. Attempts probably will be made to reopen negotiations with General Orozco, but it is generally believed that the rebel leader in the north will refuse to treat.

MERELY MABEL REMARKS

That a certain well-known realty man is becoming a regular Paderewski.

That the wireless distinctly heard a voice whispering "Oh, you beautiful Doll" this morning, and the voice sounded like Grip's.

That everybody's doing it. What? Looking up provincial government lots.

That it looks as if Pastor Kerr was liable to get his text from the Salvation Army.

That it's no matter where you put that pound, there's someone will kick at the sound of the hound.

That the minute Mayor Newton said he was going to act as arbiter the strike petered out.

That there was no use calling on the tide this morning because it was out.

That the gun club will not shoot stool-pigeons but the kind made of common clay.

That it's no use trying to excuse your scrap with your friend by saying that you were practising football, for it won't go with Chief Vickers.

That if the mayor really wants a peacemaker's job there might still be an opening for him to referee tonight's match.

CHARMING AT HOME HELD YESTERDAY

A very charming reception was held yesterday afternoon at the home of Mrs. J. C. McLennan in honor of Mrs. T. D. Pattullo, who has lately returned with Mr. Pattullo to reside here. The weather being ideal contributed to the success of the affair, there being an exceptionally large turnout of Prince Rupert's leading society people. Mrs. McLennan was assisted in receiving and entertaining her guests by Mrs. Stanley Spain, Mrs. Carss, Miss Du Vernet and Miss Green of Victoria. Mrs. Du Vernet presided in the tea room, assisted by Mrs. Cambie and Miss Alice Carss. The floral decorations were charming consisting mostly of flowers grown in the garden of Mrs. C. A. Eggert.

MAYOR READY FOR ARBITER'S ARDUOUS JOB

By his own casting vote in council last night, Mayor Newton turned the balance of civic opinion in favor of his acting as arbiter between the G. T. P. and the I. W. W. over the present strike. There was no call for his services beyond a suggestion from Ald. Montgomery in the form of a motion. The alderman's idea was that the strike is harming the city, that it had better be settled, and that as representative of the city the mayor is the man to make a move towards settlement. The mayor expressed his willingness to shoulder the burden, though the council was exactly divided in opinion on the need for any interference. The mayor said simply that he would do what he could to bring about a settlement.
