GENERAL BOOTH IS REPORTED SERIOUSLY ILL

STRUCK FINE COPPER ON THE CITY GRADE

Foreman Thompson in charge of the grading work on Second and Third avenues at McBride Street and Market Place has reported a strike. Not a labor strike but a mineral strike. Copper has been uncovered by a cut at Market Place, and the ore is quite a rich showing. This is not the first instance of a mineral strike on the townsite of Prince Rupert. There was a gold strike made on a lot not so long ago. This was quite a genuine discovery of natural color in the ground uncovered. There was a gold strike made at Digby and not so long ago, but the alleged discoverers of the nuggets were afterwards shown how the ground had been skillfully altered by a certain popular artist with a sense of humor and some tooth filling.

The old price on a white tag, a sale price on a red tag—easy to compare and to prove the sincerity of the price reductions at Wallace's Dry Goods and Crockery Sale.

CANADA AND PANAMA CANAL OTTAWA WILL SHARE PROTEST SUPPORTING GREAT BRITAIN

Dominion is Vitally Interested and Premier While in the Old Land Has Certainly Discussed the Violation of the Hay-Pauncefote Treaty With British Authorities---Protest Will Demand Veto of Objectionable Terms by the President

Ottawa, Aug. 13.—The action of the United States in passing the Panama Canal bill has been watched closely by the government and as it interests Canada vitally and this country is primarily affected, the dominion will join in protest against the measure if it is sanctioned by President Taft. The question was discussed briefly in the House last session, the position being taken that any discriminatory privileges accorded the United States shipping would be a violation of the Hay-Pauncefote treaty. With that view the Prime Minister concurred. It is understood that Borden while in England has taken up the matter with the British authorities to whose objections Canada and Canadian interests are party. The protest which is certain to follow the final passage of the measure will see the Canadian government associated with Britain. The view expressed here in official circles fully coincides with that holding the action of Congress as an unquestionable violation of the treaty and that as the United States Senate in the face of diplomatic protests and the objection of some of the greatest constitutionalists has passed the bill, the proper course to be followed is now the submission of the dispute to the Hague tribunal.

PRESIDENT E. J. CHAMBERLIN OF THE GRAND TRUNK PACIFIC DUE HERE ON AUGUST 28th

Winnipeg, Aug. 13.—A. W. Smithers, chairman of the Board of Directors of the G. T. and G. T. P. railways and E. J. Chamberlin, President of the two roads, arrived in Winnipeg today on a tour of inspection of the lines of the G.T.P. that will take them to the Pacific coast. The party will proceed west tomorrow, being reinforced by General Manager Donaldson, W. P. Hinton, the general passenger agent and R. E. Brever, general superintendent of the G.T.P. They will travel over the company's lines to the end of steel, west of Edmonton and subsequently will proceed westward to Vancouver over the C.P.R. From Prince Rupert the party will travel inland as far as the line is completed.

CALLIES COME BACK---LAST NIGHT'S GAME

Football Match on Second Avenue Park Was Great---Scotch Team Scored an Immense and Popular Victory, 5 Goals to 1

Although the English team was playing short of their star man Carrs, still in the football match, Callies vs. Roses, played off last night, the biggest crowd of the season certainly got something to enthuse over. The game commenced at 7:25 p. m. and during the first 10 minutes the play was fairly cold. After this the Callies opened out, and got right down to some pretty footwork, which culminated in Wiggins scoring a dandy goal. Then the Callies' forwards resumed to revel in playing really class football, adding another goal to their total before half time, when the score stood 2 to 0 in favor of the Scotsmen.

Second Half
The second half commenced somewhat like the first but the Callies were out to score and things were not very long in doing so. Willisroft scored a beauty of a goal across from the right. Before this the Roses had scored their first goal, a fine long punt from Hollis going through off the tip of Douthers' fingers. After this the Callies monopolized the game, giving the best exhibition seen on Second avenue this season, finishing up with the score 5 to 1 in favor of the Callies.

Next Match Best.
Following is the league standing to date:

	P.	W.	L.
Callies	4	2	2
Rose	4	2	2

It will be seen that the teams are now at exactly even scores. The next match will be the last in the league series, and it will be the keenest fought of all.

SURPRISED AT MANY BIG CHANGES

Mr. and Mrs. Craddock Simpson arrived this morning on the Prince George on a visit to the city. Mr. Craddock Simpson, who is a prominent Montreal real estate man, last visited Prince Rupert about three years ago. He is amazed at the advances made by the city in the short space of time since he visited it.

LAURIER AND NAVAL POLICY

(Special to Daily News.)
Ottawa, Aug. 14.—Sir Wilfrid Laurier, it is reported, is not in favor of the suggestion made that the naval question should be taken out of politics. The opposition leader is said to hold the view that the duty of the opposition is to criticize when necessary the government's policy and this could not be done if he agreed to the suggestion made.

Roberson on Fifth avenue, where a dainty supper was served, and music concluded the evening's enjoyment. Amongst those present were Mr. and Mrs. Agnew and Miss Agnew, Mrs. H. Du Vernet, Miss Du Vernet, Miss Drummond, Miss Ellett, Miss Bull and Miss May Bull, Miss Hornby, Mrs. Ward, Mrs. Cambie, Miss Thompson, Mrs. N. Mackintosh, Messrs. A. W. Agnew, H. Cambie, A. W. GENERAL BOOTH VERY LOW TODAY

(Special to Daily News.)
London, Aug. 14.—The condition of General Booth who is now totally blind, is serious. The

veteran Salvationist is said to be sinking, his heart being very weak.

A Contradiction.

Again on behalf of his organization branch in this district the secretary of the I. W. W. desires to contradict the special despatch from Hazelton, stating that the strike is over. The I. W. W., he says, is maintaining the strike, but without disturbance.

Ald. Newton "partially" withdraws his accusations regarding ex-aldermen and insurance policies for the city. Petition for the release of strikers imprisoned as result of Kelly's Cut incident, is prepared by P. R. I. A. for presentation to minister of justice. W. H. Montgomery presides at meeting. W. McLean back from a land staking expedition to the Naas Valley brings flowing accounts of agricultural prospects there. City Solicitor Peters says city must pay costs of Alex. Prudhomme's case appeal, but declares the expense will be trivial. Permission to rebuild the Chinese laundry destroyed by fire on Fifth avenue is denied by the city.

FOOTBALL NOT FIGHTING.

Everyone, even the most patriotic Englishmen, agrees that it was a Bannockburn last night on Second Avenue. Everyone is ready to agree, too, that the football match in which the Gallies team beat the Roses by five goals to one, was one of the best games from a sporting point of view ever played in Prince Rupert. During the past two or three games there have been regrettable incidents, and a certain sort of sore-headedness which is very foreign to the true traditions of football, seems to have crept into the conversation of the respective champions of the game in Prince Rupert. There was also a tendency to cocksureness about one of the teams—it need not be said which. The other team administered a tonic which reduced the symptoms. As a result the team about which a slight cranial swelling had been noticed, recovered form in splendid manner and upheld the grand old traditions of the great game which wakes the thunder of thousands on gray afternoons in the old land far away.

CANADA AND PANAMA.

Ottawa is awake, has been awake for long in fact to the importance of the maintenance of Britain's rights in regard to the use of the Panama Canal. The voice of Canada will be heard, most insistently too, in the protest against unfair discrimination, and breach of treaty in regard to tolls, by the United States. No wonder, when the Dominion of Canada is greater in area, and richer in natural resources than the United States, and when the Dominion's Pacific Coast is developing for sea-

trade with the rapidity of which our own port of Prince Rupert is an example. Canada is deeply concerned in the fair administration of the Panama Canal. Prince Rupert is vitally interested. The Isthmus of Panama was never regarded as a geographical feature of the United States, but of the world. It did not impede the maritime traffic of the United States only. It hindered the ships of the seven seas. And though the United States may have succeeded in cutting the canal where other countries failed, the canal cannot be regarded as a private short-cut by sea for the people who appropriate it. It is a world feature, and every nation floating a keel will protest against its unfair administration.

THE OLD LAND STILL THE GOLD LAND.

Did it ever strike you as a little remarkable that Western Canadians regard England as a poverty stricken country; a country where people eke out an existence by dint of an economy that is unthinkable here, and yet as soon as we want money for anything from mortgaging the homestead to building a railway we are off hot-foot to England for the cash? Funny, isn't it, that a country so tremendously prosperous as Canada should be head and ears in debt to a land which some people would have us believe is already on the verge of collapse? And precisely the same is true of the United States. It is hardly overstating the fact to say that if it were possible at a moment's notice to withdraw all the British capital invested in the United States every wheel in the Republic would be stopped within 24 hours.

AN AMERICAN FIRST MAN TO SCALE MT. SIR SANDFORD

SECRETARY PALMER, OF THE ALPINE CLUB, REACHED THE TOP—PEAK IS 11,634 FEET HIGH, AND IS COVERED BY ICE ALMOST THE ENTIRE WAY TO TOP.

New York, Aug. 14.—The conquest of Mount Sir Sandford, the highest peak in the Selkirk, by Howard Palmer, Secretary of the American Alpine Club, is announced in a message sent by Mr. Palmer to the American Geographical Society. The ascent of the mountain, which is 11,634 feet high and practically one continuous wall of ice, was made on June 24.

No less than eight separate

attempts to scale the icy fastnesses of Sir Sandford have been made during the last half dozen years. Only five of the expeditions ever reached the base of the mountain, and, aside from the present expedition, only one, that of Capt. Culver, of Winnipeg, in 1911, actually set foot on the peak itself.

The glacier which covers the mountain's surface is what makes climbing so difficult.

G. T. P. DOESN'T WANT TO DODGE PAYING INTEREST OR RENT OR ANYTHING ELSE

Montreal, Aug. 14.—"We are not going to dodge interest or rent, or to do anything of that kind," say the officials of the Grand Trunk Pacific in course of a long statement in which the company's attitude on the trouble that has arisen over its refusal to assume complete charge of the section of the Grand Trunk Pacific between Winnipeg and Superior Junction.

It has been alleged that the Grand Trunk Pacific Co. is refusing to take over this section of the road in order to avoid hastening the time when it should have to pay interest.

"We are operating this section on construction account, as authorized by an agreement regulated by an order-in-council passed in 1911," the statement announces.

Cannot Be Called Complete

"Apparently there is an effort to make the G. T. P. take the line over and run it on operating account, although it is yet far from being completed, so as to be fit for that. In fact, even the entrance to Winnipeg on the McArthur contract is not finished, and we are still using the Canadian Northern tracks for that purpose. In addition to this, the platforms and stations at divisional points are not finished.

while there is not as yet provision at the divisional points for water supply for dining, sleeping, or first-class cars. Under these conditions the line cannot be called a completed one, and it cannot be run as such."

Convenience for Settlers.

"As a matter of fact," it is stated, "the line is being run more for the convenience of settlers and those living through the district than as a regular railroad route. The traffic on it as yet is not through business, but chiefly freight, with such mixed trains as are necessary for the accommodation of the people."

It was also stated that the custom with railroads was to run such lines under construction account until they were completely finished and ready to be transferred for regular business under operating account, and the G. T. P. was prepared to continue operating the road in this way, so that the people going there would get the benefit of the line as it was.

Adhere to the Letter.

"Our agreement with the government," it is stated, "was that we should take over the road when it was completed, and there is not the slightest question, as to our readiness to keep that agreement to the letter."

BOY, MATCH, GIRL, FROCK, BLAZE, DEATH

Montreal, Aug. 14.—Gladys Martin, 12 years old, is dead in Verdun from burns received when her clothes were fired by a mischievous boy, who threw a lighted match at her. The match when thrown caught in the folds of her light summer dress and in a second the child was enveloped in flames.

MONTENEGRINS FIGHTING HARD WITH TURKS

Constantinople, Aug. 12.—Declaration of hostilities between Turkey and Montenegro is imminent today. The Montenegrins are swarming across the frontier into Albania to help the rebels against the Turkish troops. Montenegrins and Albanians combined are following up vigorously the defeat they administered to Turkey on Saturday. The Turks are retreating southward, fighting. Reinforcements have started from here towards the frontier.

An auto wends its record breaking way,

FOREIGNERS DUBIOUS OF DR. MORRISON

Peking, Aug. 14.—Dr. George Ernest Morrison has been appointed political adviser of the president of the Chinese Republic for five years. Dr. Morrison is the correspondent in Peking of The London Times.

Shanghai, Aug. 14.—Foreign business men of nationalities other than the English expressed considerable uneasiness here today at the appointment of the London Times' Peking correspondent, Dr. Morrison, as political adviser to President Yuan Shi Kai.

Of the doctor's experience and skill in international politics there is no question. The selection of the British minister himself as personal adviser to the president would not have given the British government a tighter grip on the Peking administration, however, than that of Dr. Morrison promises to do.

It is hardly expected that the doctor will dictate policies actually hostile to countries other

TRAIN OVER A MILE LONG OPERATED ON LEHIGH LINE

NO LESS THAN 133 CARS, MAKING A TRAIN 7,000 FEET LONG, WERE RUN—DRAWN BY TWO ENGINES, WHILE ONE PUSHED—UNIQUE SIGHT.

Allentown, Pa., Aug. 14.—Yesterday a new record was made when a train of 135 cars moved westward from the Perth Amboy docks for the Mahoning Yards, where they will be distributed to the mines. The train was 7,000 feet long, or more than a mile and a quarter, and was drawn by two locomotives, a third pushing. It is said that the trains are so enormous because constantly been growing larger.

METHODISTS HAD SPLENDID OPEN AIR DAY

Favored with simply ideal weather, the annual Methodist Sunday school picnic was held yesterday and attended by a veritable little army of pleasure seekers, including a large number of adults. Everything that could be done to ensure the affair being a huge success was thought of. From the moment that the snow, which had been fitted up most comfortably by Mr. F. M. Davis with seats, etc., for the comfort of all, set sail for Metlakatla, to the party's return in the evening, sunburnt, happily tired and delighted with their glorious day in the open air, every one, both young and old, felt that they were having the time of their lives.

A program of sports was carried out on the beach at the picnic grounds, consisting of races for the most part. The prizes were won as follows:

Girls' race, six and under—First, Eileen Stephens; second, May Davis.

Boys' race, six and under—First, John Kelly; second, Arthur Kerr.

Girls' race, six to nine—First, Isabelle Kelly.

Boys' race, six to nine—First, Melville Stephens; second, L. Sherman.

Girls' race, nine to sixteen—First, E. Reabot; second, Margaret Sherman.

Boys' race, nine to thirteen—First, Arthur Manson; second, Raymond Fisher.

Boys' race, nine to eleven—First, Tom Sherman; second, Fred Stephens.

Single men's race—First, Mr. Barrie; second, Mr. Davis.

Single ladies' race—First, Margaret Clements; second, Miss Brennan.

Married men's race—First, J. G. Weston; second, Mr. Perry.

Married ladies' race—First, Oakley; second, Mrs. McMorde.

Married ladies' race—First, Mrs. Bainter; second, Mrs. Allison.

JOE MARTIN OPPOSES THE GOVERNMENT

Toronto, Aug. 14.—"Fighting Joe" Martin, ex-premier of British Columbia, arrived here today from England. He says the jingoism in England and Canada would like to stampe the federal government with respect to

the navy. He declares Churchill's talk to be presumptuous and decries the alarmist talk as to navy fear as political.

The Canadian ministers were carried off their feet by the attention paid them in England, he says, and he criticized some of the speeches made by them in London.

An Improvement.

"I got a new attachment for the family piano," said Mr. Growcher; "and it's a wonderful improvement."

"What is it?"

"A lock and key."

MERELY MABEL REMARKS

That it's no longer an impertinence to hum "Will ye no come back again" to a Callie.

That everybody appreciated the sportsmanly action of the Rose team in cheering the winners last night just like they do in the old land.

That the two young men who paddled their canoe from Porpoise Harbor for a party last night said the girls were worth the work all right.

That Foreman Thompson is taking out a prospector's license and grubstaking himself on Market Place claim.

That there is a suggestion that the Scotch propensity for monopolizing positions of responsibility in Canada is even affecting the business of refereeing football.

That that is not to say that a Scotch referee can't be as fair to an English team as an Englishman.

That the McCullough wants to borrow a pot of paint from the George and thinks herself entitled to it.

EVENING PARTY FOR HER GUEST

A pleasant little party was given at the home of Mr. and Mrs. Frank Dowling last evening in honor of Miss Phelan, daughter of Superintendent Phelan of the Dominion Government Telegraph Service, who has been on a visit to Prince Rupert as the guest of Mr. and Mrs. Dowling for the last few weeks. Dancing and cards were indulged in and altogether a most pleasant and delightful time was spent by the young people.

GOVERNMENT STARTS NEW PILE WHARF

The construction of the new government wharf at Alberni is to be started this week. The plans have been prepared and all of the details looked into, so that all that remains is to remove the ruins of the old wharf and drive down the piles for the new structure. The new wharf will be at the foot of Johnston road, and occupy nearly the same site as that of the present structure. This at the end of the channel that was made in the Somas River by the dredging operations, and when the wharf is finished there should be no difficulty in landing freight for Alberni at this place.—Victoria Real Estate Journal.
