CITY FATHERS NOW CONSIDER FINANCIAL FACTS

LATEST REALTY DEAL: SUN YAT SEN ALIVE: VISITING CHURCHMEN: SECTION TWO BRIDGE

SECTION TWO BRIDGE AGAIN; APPORTIONMENT OF COST

The report of the Board of Works committee in regard to the proposed bridge across Morse Creek, after some discussion, was laid on the table at last evening's meeting of the City Council. Alderman Morrissey said he had had some experience in connection with the verbal promises of busy men like the presidents of big corporations, who, however sincere their utterances may be at the time of their expression, were very apt to let the matter entirely pass out of their minds. He was in favor of a motion being put calling upon the committee to obtain from the G. T. P. railway a written agreement that they would pay the 30 per cent. toward the cost of construction

of the bridge, being according to President Chamberlin's promise upon his recent visit here. Further discussion took place as to whether the 40 per cent. to be borne by the citizens should be charged to the holders of property in Sections 1 and 2 or be generally distributed amongst all the tax payers. The Mayor was in favor of the former course. The report was laid on the table.

William Manson, M. P. P., arrived from Victoria yesterday, where he has been attending the first convention in connection with the University of British Columbia.

STORM WORKS HAVOC IN THE FARM YARDS OF ONTARIO

(Special to Daily News.)
Chatham, Ont., Aug. 27.—A severe electrical storm did great damage to farms in this section. A large barn located on the Williamson farm was struck by lightning and burned to the ground. There were over 1,000 bushels of wheat, as well as a large quantity of hay, oats and

other farm produce, in it at the time. A farmer named Pickering, living near Blenheim, suffered the loss of his barn with this year's crop, and another large fire occurred early this morning at Michael's Bay. At London, Ont., a brick house in the course of construction, on Evergreen avenue, was blown down during a violent wind and rain storm.

WITH BULLET THROUGH BRAIN HE STILL LIVES

(Special to Daily News.)
Portland, Ore., Aug. 27.—Police Sergeant Everett S. Peachin, after laying two months in the hospital from the effects of a bullet passing through his brain, appeared at the police station today and announced that he could resume his duties on September 1st. His recovery is said by surgeons to be one of the most remarkable on record.

BEST TIME POSSIBLE OUT OF AULD SCOTLAND

On Labor Day the members of the Prince Rupert St. Andrew's Society will make excursion to Jewell Island, which has been asked as the most pleasurable spot for a picnic near Rupert. Capital outing is being arranged and the fee is kept down to one dollar limit for gentlemen, ladies to bring baskets. Everything promises well for a most successful picnic.

DIGNITARIES OF ANGLICAN CHURCH HERE

There arrived in the city yesterday on the C. P. R. steamer Princess May on a visit to the Right Reverend Bishop Du Vernet two prominent dignitaries of the Church of England, the Right Reverend Bishop De Pencier, Bishop of New Westminster and the Reverend Canon Jocelyn Perkins of Westminster Abbey, general secretary for British Columbia of the Church Aid Society. One of the objects of the visit is to consult with Bishop Du Vernet on matters connected with the early erection of an Anglican theological college on the new university grounds at Point Grey. The Rev. Canon Perkins' mission is of a general nature to do with his duties as general secretary of the Church Aid Society for British Columbia. The reverend gentlemen will leave for the south again on Wednesday.

GOOD BIG STEAM SHOVEL AT WORK

As an earnest that President Chamberlin of the G. T. P. meant business when he said on his recent visit that the work of preparing the site for the station and terminal yards would be prosecuted to the utmost directly the plant arrived to carry on the work is to be seen today in the

operation of the gigantic steam shovel that has been installed on the works in front of the G. T. P. Inn. This is the first one of its kind that has been used here. In conjunction with it standard gauge rolling stock is used. Two locomotives are used and the carrying capacity of the cars is twelve yards each.

COUNCIL DECIDES ON TAX RATE

Estimated expenditure for the year \$306,411.71
Estimated revenue for the year, 306,411.77
Tax levy proposed, 20 1/2 mills on the dollar.
Last year's assessment \$8,000,000.00
This year's assessment \$11,000,000.00
This makes the tax rate about double that of last year.

BLOOD AND MURDER IN OLD CHINA

(Special to Daily News)
Peking, Aug. 26.—A considerable part of Tung Chow, twelve miles from Peking, was looted and burned today by several thousand discontented old style Chinese troops, who suddenly appeared in the streets bent on pillage and bloodshed. Twelve persons were slain and part of the town was practically destroyed.

SAILORS HERE MAY WRITE FOR THEIR PAPERS

Captain Eddy, of the Department of Marine and Fisheries, will arrive in the city in the course of the next two weeks, when an opportunity will be offered any steamboat men wishing to write for mates' certificates to do so. Further particulars in regard to this matter will be obtainable at the Provincial government offices.

COUNCIL ORDERS WORK ON MARKET PLACE TO STOP

At last evening's meeting of the City Council a good deal of perturbation was evinced by the Mayor and his conferees over the question of the finances available for the carrying on of the grading and filling in the vicinity of McBride street. Alderman Maitland, of the Public Works department, announced that he had been given to understand by the city officials that there was a matter of \$6,000 yet available for the carrying on of the work. The Mayor stated that until that afternoon he also was under that impression. Now, after some hurried investigations by the accounting department it was discovered that instead of being \$6,000 to the good they were nearly \$9,000 overdrawn in the appropriations made for that work. The Mayor made some very strong condemnatory remarks as to the work of the officials who were paid to keep the accounts of the city and to have at all times exact information in this regard for the benefit of the Council. Alderman Morrissey concurred with the Mayor in the matter. The report of the committee was adopted and the work ordered stopped until an investigation had been held to find out where they stood. Alderman Montgomery moved that the matter be taken up by the Finance committee. Alderman Morrissey suggested that the city auditors be called in to assist.

BRIDE MET DEATH ON THE WHEAT FIELD

Brantford, Ont., Aug. 27.—Mrs. Addison Fairchild, a bride of two weeks, met with a tragic death at the home of her husband at Mount Pleasant. She was helping in the harvest and was struck on the head with a large hay fork. She died within twenty minutes, before medical aid could be summoned. She was a Bowmanville girl.

CHOSE THE CHEAPER ONE OF COURSE

At last night's meeting of the City Council the report of the Light committee in regard to a light at the head of Manson Way was to the effect that an arc light would cost in the neighborhood of \$150, but that an effective cluster electric light could be furnished for \$35. The latter proposition was ordered to be taken up.

At Vancouver, on August 21st, Miss Marion Helen Baillie Rochester, daughter of Mr. and Mrs. J. Y. Rochester, became the bride of Mr. Beverly Woon Browne. There was a large gathering of guests and the wedding was one of the most fashionable events in the southern centre. Mr. J. Y. Rochester, his wife and daughters are at Iwell known and popular in Prince Rupert.

Fined Over Fight Films.

Portland, Aug. 27.—Showing prize fight films in one state when the fight had been staged in another was ruled in violation of the interstate commerce laws today when O. F. Woody was fined and paid \$100 in the United States District Court for bringing the Johnson-Flynn fight films from Washington into Oregon.

BRUTAL MURDER ON STREET

Calgary, Aug. 26.—John Dalyncho is dying as the result of an encounter with holdups, which occurred about midnight. Dalyncho and John Dargo were walking along Third avenue when four men stepped out of an alley and commanded them to throw up their hands. Dalyncho was struck on the head with a revolver butt and knocked down, the blow crushing his skull.

POWER BOAT PORT ADMIRAL APPOINTED

Captain H. K. Freeman, of the launch "Narbethong," one of the pioneer sailormen of this port, has been appointed, under Manager Jack Beatty of the Government wharf, in charge of the float at the north end of the wharf. A pile has been driven securing the float so there is no longer danger of the wash from the steamers causing the boats at anchor to be crushed one against the other. The berthing of the ten launches kept there for hire by the public has been arranged in order of precedence, and Captain Freeman is making a point of seeing that a clear space is provided all the time for the loading and unloading of boats arriving from the islands and elsewhere, so that they will not have to complain in regard to the wharfage arrangements provided for the accommodation of the public doing business in Prince Rupert from the outlying districts.

PRAIRIES CRY ALOUD FOR MEN

Calgary, Aug. 26.—Intermittent showers which prevailed in this district during the last twenty-four hours were not a factor in retarding the progress of the harvesting which is going ahead, retarded only by want of labor.

"We want men; send all you can lay hands on," is the first of the messages received from outside points.

Rain that had fallen was only slight, the day now closed being as bright, but not quite so hot, as Thursday.

Daily News on Daily Doings

OFF AGIN, ON AGIN, FINNEGINS!

Work on the Market Place clearing and grading is to be stopped. The City Council suddenly discovered that they haven't the money they thought they had for this undertaking, but are, instead, in the hole to the amount they believed they had in hand. At least this is the wail of the Mayor, the municipal head, and member of the Finance committee. Earlier in the year they were putting down sidewalks. They stopped with a jerk just at this point, too, because the Mayor got panic stricken at some sudden shortage discovered. They voted raises for employees of the city. Suddenly they got scared and asked the employees for the money back. They proceeded like a hen crossing a road, out into the middle, then back with a clatter, out again, then headlong back again and at last over with a cackle like a capsize chicken pen. What is the reason for the lamentable exhibition? Simply the fact that the city's chosen executive head is the same man who told the electors that after a year with the second municipal finance committee of Prince Rupert he knew no more about the city's finances than he did before he came on to the Council.

NAMESAKE OF OUR MOUNTAIN.

The Grand Trunk Railway was quick to explain that it had not entered into the rumored agreement with C. W. Morse, the ex-magnate, for a steamship service from the Indies. The company did not wish the public misled by what was apparently a false story. At the same time there does not seem to be any excuse for the instinctive horror which somehow the newspaper headlines seemed to convey at the thought of Mr. Morse's returning to the sphere of business once more. One would have imagined from the headlines in some papers that the world was scandalized. Morse has paid, no doubt, very dearly for his slip. Probably he has learned his lesson. If he wishes to enter the realm of business again, why shouldn't he? Somehow it is rather gladdening to see him trying. If he succeeds, no matter what he once may have done, he has done something heroic. Good luck to any man who refuses to be downed by our narrow human prejudices! One or two very clever—too clever—Canadian bank managers have recently emerged from a place of durance. It would be Christian to show them that they are none the less men because

they have paid a penalty, and that there is always another chance for a man in this country.—Canadian Colliers.

AND INCIDENTALLY THE MAYOR.

Fearful and anxious have been the hours spent by the civic finance committee in wrestling with the details of the municipal estimates. Everything, apparently, is detailed out, from the \$50,000 for the Engineering department to the \$650 for the garbage scow's upkeep. Even that humble item was duly accorded a place in the estimates. And then, lest anything be overlooked, the finance committee added a little item for "incidentals," quite a usual item in estimates. Had the \$650 allowance for the upkeep of the garbage scow been included in the amount for incidentals no one would have complained. The item "Incidentals," as a place of refuge for the necessary nuisances of municipal administration, the troublesome trifles which have to be tabulated, is quite a recognized item. Every odd sort of "junk" incidental to municipal administration is generally so described. In Prince Rupert the Mayor's services are evidently considered as of less importance than the upkeep of the garbage scow, for his allowance, specially voted for him, went down as "Incidental" in the estimates. Verily, in the multitude of councillors there is wisdom!

THE FINEST FISH LIE.

Not all the fish prevaricators live in the United States. The following is a letter to the editor of the Montreal Star: Recently I read an interesting account of the singing fish in your paper. It recalled to me the memory of a rather remarkable fish we have in Nova Scotia. It is known as the "frost fish," because it may be frozen like a lump of ice, but if placed in water in that condition it soon thaws out and swims around as vigorously as ever. The natives make use of this property to make ice cream. The fish is caught, frozen and placed in the cream. In thawing out it freezes the cream, and its movements at the same time beat the mixture, making it smooth. Taking them by and large, from Moosehead Lake to Puget Sound, and from the Upper Mississippi to the Gulf, we have some very capable and industrious fish liars in this country. But we should hand the reel and rod over to Nova Scotia. We have talent in this country, but Nova Scotia is the abode of genius.

SECOND ANNIVERSARY OF FIRST BAPTIST CHURCH IN RUPERT NOW CELEBRATED

The First Baptist Church members have been enjoying the celebration of their second anniversary during the past few days. Last Tuesday they held the second annual Sunday school picnic. A large crowd of jolly children, accompanied by their parents and friends, sailed by the launch Eleanor Mac to the quarantine station beach. A lovely beach, a warm day with cloudless sky, exciting races, a tempting spread of good things in the beautiful grove behind the hospital—all contributed to a most happy and enjoyable outing.

Business Meeting.

The second annual business meeting of the church was held on Thursday evening of last week in McIntyre Hall. Encouraging reports of progress were read by the officers of the church and the different auxiliary organizations. The following officers were elected for the coming year: Deacons, W. J. Alder, L. E. McFarlane and H. E. Daggett; trustees, Dr. Neil

M. McNeill, J. H. Rogers, W. J. Alder, Neil J. McLeod, R. J. Abbott; treasurer, A. R. McClellan; clerk, H. E. Daggett. A tenor solo by Mr. Henderson and a piano solo by Mrs. Henderson were greatly appreciated. Dainty refreshments were served by the Ladies' Aid.

Special Service.

A special anniversary service was held last Sunday evening in McIntyre Hall. A large and appreciative audience listened to a sermon by Pastor Warren H. McLeod on "The Advancing Church." The choir led the congregation in excellent music. A tenor solo, "When I Survey the Cross," by the choirmaster, Mr. John E. Davey, was much appreciated.

The Baptists are greatly encouraged over the success of their work during the two years since organization and under the leadership of Rev. Warren H. McLeod they are anticipating larger activities and accomplishments during the coming year.

ENJOYED MAGNIFICENT HOLIDAY CAMPING TRIP

There returned to the city yesterday, tanned and bronzed after a most delightful ten days' camping trip up the coast in their little gasoline launch, Messrs. Hubert Ward, J. O. Chapple and H. O. Crewe, Mrs. Hubert Ward, Master "Seppy" Ward and Miss Thompson. They report having had one of the most delightful trips ever, making half a dozen different camps, the weather being fine all the while. They explored a whole lot of the country and came upon

several valleys with magnificent looking agricultural lands that more than ever opened their eyes to the possibilities of this wonderful Northern British Columbia. Although the trip was really of the nature of a summer holiday outing, the opportunity was taken to combine business with pleasure, and some land was located that the fortunate stakers have every reason to believe will make their expedition as remunerative as it was pleasurable.

LATEST IMPORTANT FACTS REGARDING THE ROSS RIFLE; PATTERNS AND THEIR POINTS

Toronto, Aug. 23.—Since the Ross rifle was first adopted by the Canadian government many different patterns have been experimented with and issued, and each pattern as it has been issued has been an improvement on the previous issue. The points of difference between many of these patterns have been so slight that few outside of those actually engaged in the experimenting and manufacture have known what they are. In the general militia orders just issued is a notice of the simplification of the nomenclature of the different patterns, which does away with much confusion that has existed.

Mark I Unfit.

The pattern of Ross rifle which was first issued, known as Mark I, was found to be quite unfit for service, and the 10,000 of them which were issued were called in. With certain changes they have now been all "converted" for use at gallery practice. The pattern hitherto known as Mark II will now be known as the Short Ross, Mark I. Those known as Mark II, one star, which have been authorized for use of cadet corps after the replacement of certain worn

out parts, will be called Cadet Ross rifles.

Long Ross the Best.

The pattern known as the Ross, Mark II two star, also styled the Long Ross, over the use of which by the Canadian Bisley team there has been so much discussion, is now officially termed the Long Ross, Mark II. The permanent force of the militia has received a full issue of this pattern, while a limited number of them have been issued to each of the non-permanent units, in addition to the issue of short rifles. This is the pattern which seems to have given the best satisfaction to those who have used it on the rifle ranges, and although experimenting is still going on, it is the opinion of many that it is the pattern that will be finally adopted and issued.

Experimenting with many different patterns of sights suitable for the Ross rifle has also been carried on, but it is understood that the government has finally fixed on the Parker sight as being most suitable, and has bought the sight from the originator of it. It is expected that in time all the Ross rifles issued will be fitted with this sight.

NAVAL STRENGTHS AND THE NAVAL PROBLEM TODAY

Great Britain has at the present time 535 effective fighting ships, France 374, Germany 270, Russia 199, Japan 177, United States 162. This does not, however, show the relative fighting efficiency of the navies of the world, inasmuch as some navies are stronger in battleships, cruisers, etc., while others are numerically stronger in the smaller vessels, such as torpedo boats and destroyers, so that numbers do not altogether provide a reliable indication of their strength.

This is borne out in the case of Great Britain and Germany. Great Britain is immeasurably ahead of Germany in matter of numbers, but many of her older vessels would be of no avail against up-to-date dreadnoughts and super-dreadnoughts.

The naval question is not really one of completed ships, but of building programmes. In 1910

it was calculated that there would be ten British dreadnoughts in commission, while neither Germany nor the United States would have any. As a matter of fact, by 1910 Germany had four and the United States two, and a knowledge of the naval programme of these two countries brought the realization that the British programme would have to be modified.

It would take Germany years to bring her 270 vessel navy numerically equal to the 535 of Great Britain, but it would not take her long if Great Britain did not build faster to catch up to her in the matter of dreadnoughts. In 1910 France had only 17 dreadnoughts, but Germany had 33 and the United States 10. The strength of a navy nowadays is in its great battleships, not in the numerous small naval fry.

CALL OF THE WHEAT.

By Chester Firkins.

(With a bumper crop on the fields, the farmers of the north-west cannot get enough men to harvest it.)

They cry for bread, they cry for bread.

When winter walls them 'round; The city sees her hungered dead Borne to the burial ground.

They look in wonder on a world That cannot give them food;

They sleep in icy alleys, curled Like beasts within a wood.

I cry for men, I cry for men

When rolls the harvest wain And far upon my fields again Waves bright the ripened grain.

I look in wonder on the ways Of them that cannot give

The little labor of few days To let their children live

They cry for work, they cry for work,

Within the smothered town, Where miseries of ages lurk To crush and cast them down.

I cry for aid, I cry for aid,

I call for them to come And glean the riches God has laid Upon my prairie home

And I will give them life and heart,

Will they but lend a hand And hasten from their sordid mart

To save my golden land.

Oh, come! Oh, come, ye blinded men!

And take the gift I hold, That when the hunger comes again

Thy sin shall not be told.

Service Must Speak

A STORE is almost human. It is full of temperament. It affects each customer with the composite personality of its management and staff.

There are stores and stores. There are "grouchy" stores and "smiling" stores. There are flip-pant stores and dignified stores. And the peculiar thing about each is that the goods or the prices have little to do with the store's temperament. It is the personality of the store that colors and defines the character of the goods from the customer's view-point and wins or repels approval.

The temperament or personality of a store is vividly expressed in its face. The face of a store is its advertising. You can judge a store by its advertising the same as you can judge a man by his facial expression.

Stores that honestly try to serve their customers best simply can't help advertising. It is the way of human nature that when we have spent the best of our brain power and physical and financial resources in building up something worth while, our enthusiasm bursts forth into publicity. We simply cannot restrain the desire to tell others about it.

In the long run, service is what you pay for, always. The goods, as goods alone, are incidental. Service implies quality, fair prices, safe treatment, and honesty in every detail of every transaction.

The service store is the "serving" store. It is also the honest-advertising store. By this, you may know it always—anywhere.

Advice regarding your advertising problems is available through any recognized Canadian advertising agency, or through the Secretary of the Canadian Press Association, Room 503 Lumsden Bldg., Toronto. Enquiry involves no obligation on your part—so write, if interested.

NATURAL GAS IS NOT MINERAL

That natural gas does not come under the term "mines of minerals," is the opinion of the judicial committee of the Privy Council, on which is based the judgment dismissing the appeal of the Canada Company. The appeal was taken by the company against judgment in favor of a farmer named Farquharson. The case was a test to determine as between the Canada Company and the purchasers from the company, what rights were reserved under the form of conveyance adopted by the company in disposing of lands in the south-western Ontario oil region.

Government Sale Prince Rupert Lots

Acting under instructions from the Government of British Columbia, I will hold an auction sale of Prince Rupert lots on Wednesday, August 28th, 1912. The sale will be held at Prince Rupert and will commence at 3 P. M. and be completed on Thursday the 29th.

The lots to be offered will be in Sections 1, 5, 6, 7 and 8, about 300 in all, and the list comprises some of the choicest lots on the townsite.

Take Canadian Pacific Railway and Union Steamship Company's boats from Vancouver August 24th or Grand Trunk Pacific boats August 26th. Fare each way, including meals and berth, \$18.00.

It will pay you to attend this sale. If you cannot go yourself send a representative.

RESIGNS AS STENOGRAPHER FOR THE CITY

At last evening's meeting of the City Council the resignation of Miss Vera Lockhart, the city clerk's stenographer, was handed in and accepted by the Council. Miss Lockhart regretted exceedingly having to sever her connection with the city hall staff, but had just accepted an offer to join the Juvenile Bostonian Opera Company, who were starting on their season's tour. In regard to a successor to Miss Lockhart, an application was read from Miss Catherine Jenks applying for the position. It was decided to advertise for an occupant for the position, Alderman Bullock-Webster being in favor of a male stenographer if one could be obtained for the salary offered.

That Frank Ellis is principally engaged these days in chewing voice gums.

That tomorrow he may be talking in terms of millions with the nonchalance of a Rockefeller.

That with those estimates off his chest, the Finance Minister can now breathe more freely.

That with a twenty and a half mill rate on his chest, the Mayor may well look lugubrious.

That when the apostle of free speech and things in the open is found sneaking his allowance in amongst the incidentals, "Oh, Hamlet! what a falling off is there!"

That it still seems possible to buy a lot in Section One under \$1,000 a foot frontage.

That the Callies would have corralled the ambulance for tonight if the longshoremen hadn't been ahead of them.

That the gentleman who referred to the turkey trot last night as the "poultry of motion" was not far out.

That you must not say: "Hello, Dook," when Connaught comes; it sounds so dreadfully provincial.

CHANCE TO SEE THE NEW TOWNSITE

In order to give the visitor who will be here this week to attend the sale of government lots an opportunity of viewing Prince Rupert's latest suburb, Port Edward, with its fine harbor facilities, S. Harrison & Co., who are the sole agents for the townsite, have made arrangements for boats to leave here on the afternoons of Tuesday and Thursday. All those visitors who would like to make the trip over there will be the welcomed guests of the company, members of which will accompany them and afford all the information desired about this important new enterprise which has lately assumed so much importance in the eyes of the investing public.

MINTO CUP LOST IN A DRIZZLE

Vancouver, Aug. 26.—Losing by the narrow margin of one goal the champion Vancouver lacrosse twelve parted company with the Minto cup, emblematic of the championship of the world, when they went down to defeat on Saturday at the hands of the Salmon Bellies of New Westminster by a score of six goals to five.

Although played in a drizzle of rain on a slippery field and before a crowd of not more than 1,200 persons, the game put up was one of the best that has been played by the teams this season, and while victory was virtually conceded to Westminster before hand, Vancouver came out strong in the latter half and all but tied the score in the last few minutes of play.
