

FUNERAL OF THE LATE GENERAL BOOTH IS HELD

EXTRAORDINARY SCENES WITNESSED ON THE RAIN-SOAKED STREETS OF OLD LONDON

FORTY BANDS PLAYED AT BURIAL OF GENERAL BOOTH HUNDREDS FELL IN FAINT

Scenes Witnessed Such as Have Never Been Seen in London Short of Royal Funerals---Huge Procession Marched Five Miles in Drenching Rain---Streets Jammed With Spectators

(Special to Daily News.) London, Aug. 30.—The body of General William Booth was buried beside that of his wife today in the old cemetery of the Abbey. No such gathering at a funeral procession has been witnessed except at those of Queen Victoria and King Edward. Several thousand Salvationists keeping step with well-known Salvationist tunes played by 40 bands, marched over five miles to the burial grounds through the muddy streets, drenched by rain. On the same streets a few years ago, not a few of those who marched today had been

mobbed and jeered. No one could estimate the number assembled everywhere to witness the funeral. All the streets and windows were crowded and the housetops jammed. All along the route drooped rain-soaked flags at half mast, and all the business houses were closed. While the ceremonies were going on the space in front of the platform began to resemble a battlefield with fainting soldiers dropping on all sides. Uniformed nurses of the army ambulance corps treated more than a hundred cases. A summary of the will of the late general shows all property held by

him as general of the Salvation Army and all like public trusts, real and personal, including copy rights vested in his successor to be held by him "upon trusts affecting same."

AMERICAN MARINES HOLD NICARAGUAN REVOLTERS AT ARM'S LENGTH TODAY

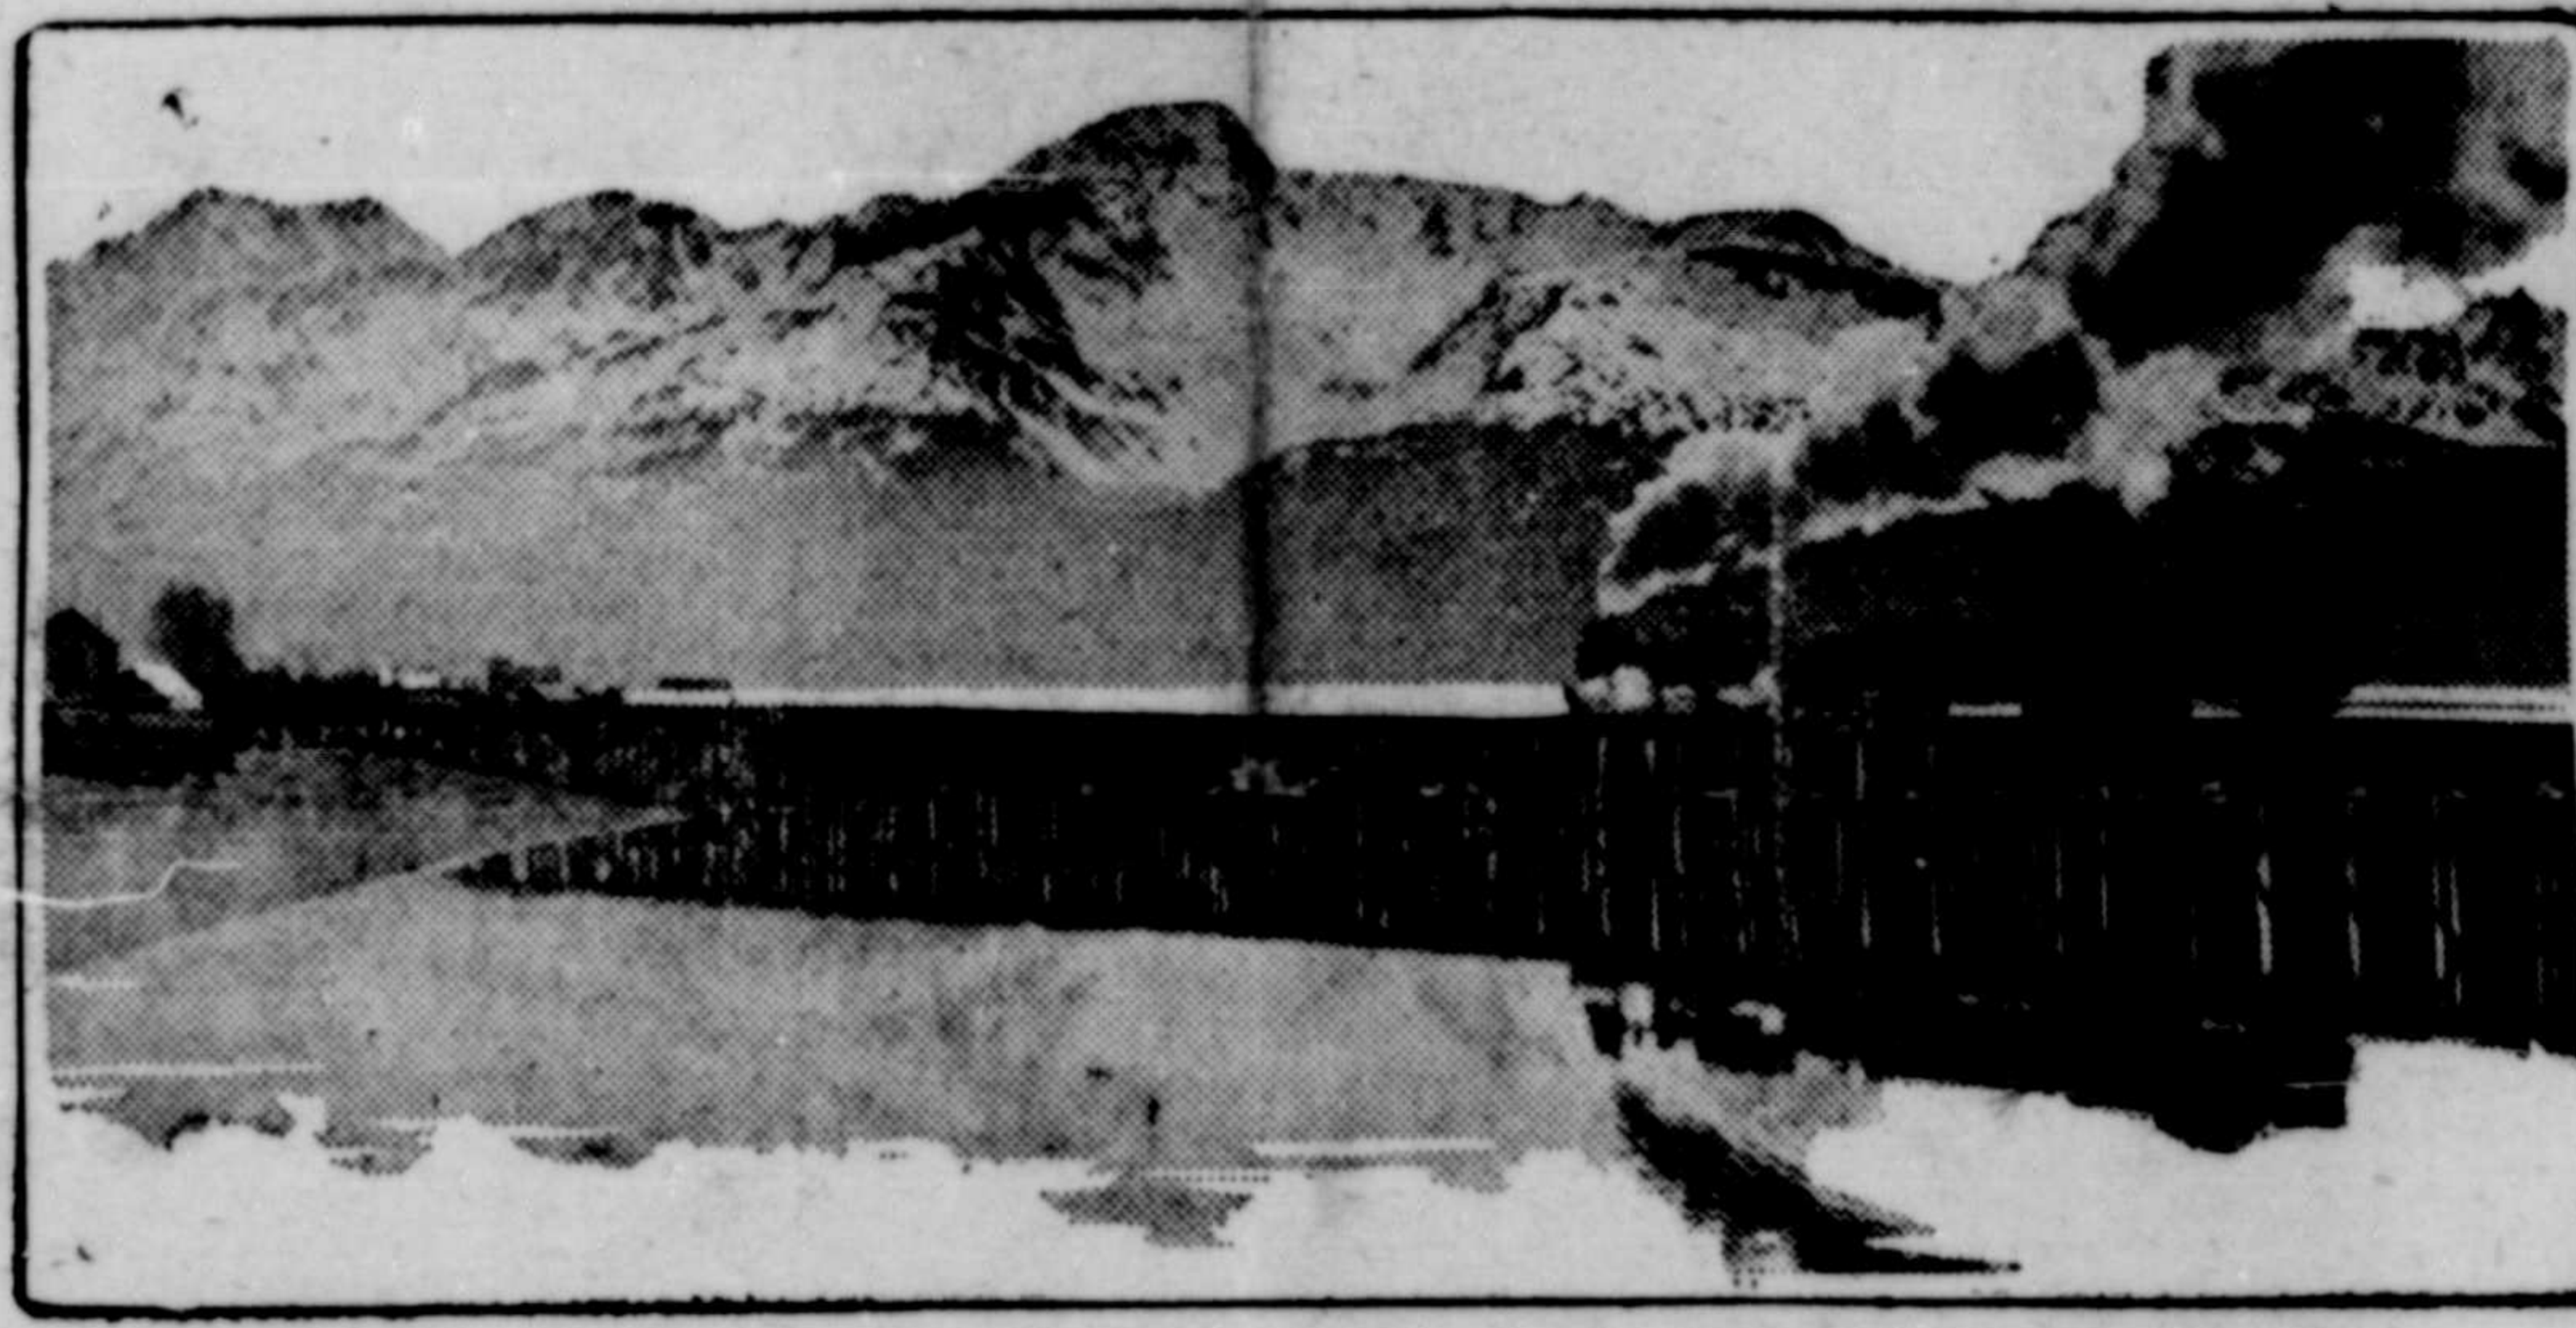

Gunboats Annapolis and Collier at Corinto---Landing Party of Two Hundred With Six-Pounders Maintaining the Rights of U.S. Citizens and Strangers in the Disturbed District

(Special to Daily News) Corinto, Nicaragua, Aug. 29.—Commander Warren J. Terhune with a force of 200 American sailors and marines from the gunboats Annapolis and Collier

just in today, has forced his way through the territory controlled by the revolutionists to Leona, midway between the Pacific coast and Lake Managua, where the liberals rose in arms on August 18th and in the night massed the sleeping soldiers of the Americans garrisoned there. He found the liberals hostile and it became necessary to threaten to attack Leona before the insurgents would allow the train bearing his detachment to enter. Rioting had subsided and the city

had resumed a normal appearance. After conferring with the liberal leaders, Commander Terhune withdrew his force from the city, 100 marines going to Managua and the rest of the detachment to Corinto. Corinto has been designated a place of refuge for foreigners residing in the surrounding country. An armed force from the Annapolis is constantly patrolling the streets, and six pound guns have been taken from the warship and mounted on flat cars.

DELIGHTFUL DANCE IN COMPLIMENT TO GIRL VISITORS DEPARTING

The Misses Bull, Sisters of Mrs. Cade, Receive a Merry Send-Off on Their Return South After Popular Stay in Prince Rupert

A most enjoyable and delightful little dance took place last evening at the Catholic hall. The affair, which was gotten up by one or two well-known young bachelors of the city, was attended by single young people under the chaperonage of Mrs. Hubert Ward, assisted by Mrs. Cade and Mrs. Cambie. The occasion was a farewell to the Misses Bull, two charming young ladies who have been visiting their sister, Mrs. Cade, wife of Dr. J. P. Cade, of this city. Gray's orchestra was in attendance rendering excellent music, the floor was capitated and the refreshments beyond

compare. Altogether it was voted by those present a huge success, due in a large measure to energies of Mrs. Hubert Ward, who very kindly took charge of the arrangements.

Those Present.

Among those present were the following: Messrs. S. Harrison, F. V. G. Gamble, Wharton, S. O. Erick, Newcombe, Scath, Hubert Ward, W. S. Marshall, Travis Lucas, A. O. Crewe, Basil Durant, J. O. Chappell, W. A. Pettigrew, J. P. Wilson, C. Garrett, A. Stowell, L. Crippen and J. M. Clancy. Mrs. Hubert Ward, Mrs. Cade, Mrs. Cambie, Miss Bull, Miss May Bull

Miss Spencer, Miss Martin, Miss Milligan, Miss Gilroy, Miss Jenns, Miss Silvia Jenns, Miss Ellett, Miss Drummond, Miss Thompson, Miss Du Vernet and Miss Fulton

Dancing was kept up until the "wee sma' hours" when "Auld Lang Syne" was sung, the two young lady guests standing in the middle surrounded by the others linked hand in hand. The Misses Bull, who have become exceedingly popular during their visit to Prince Rupert, left on the Prince George this morning for the south, a large number of their friends being down at the boat to bid them farewell.

DENY PRINCES' VISIT

London, Aug. 30.—The story printed in the Birmingham Post and cabled to America, to the effect that the Prince of Wales and his brother, Prince Albert, would pay a visit to the Duke and Duchess of Connaught in Canada next summer, is officially denied. The king's secretary, Lieut.-Col. Sir Frederick Ponsonby, wired today from Boltons Abbey, the Duke of Devonshire's place in Yorkshire, where the King is staying: "There is no truth in the statement which has appeared that the Prince of Wales will visit Canada."

WHAT GOVT. EXPECTED AND WHAT IT GOT

For the 255 parcels of property sold by the provincial government this week the sum of \$1,191,628 was realized. It is interesting to note that the upset price set upon the whole series of lots amounted to \$450,975. Whether the mighty difference realized is due to the modesty of the government's expectations, the popularity of Prince Rupert as an investment field, or the persuasive powers of the auctioneer is a matter for discussion.

SERIOUS MUTINY OF CHINESE

London, Aug. 29.—The Chinese government is endeavoring to hush up the mutiny of 8,000 troops at Tung Chow. Between five hundred and one thousand men are wanted. As much as \$2.50 per day is being paid for shockers and \$3 for bindermen. There is also a big demand for section hands on the C. P. R., one local firm having received an order to place 1,200 such laborers as soon as possible for western construction work.

BREAKING THE RECORD.

Our present city council is a record-breaker. Many citizens have recognized the fact, but today it is established beyond doubt. The council has broken the record. No credit attaches to the achievement for like other achievements of the present administration it is only destructive. With the farseeing wisdom which has characterized so many of its efforts the council has withdrawn the employee stationed at Shawatlans and Woodworth lakes for the purpose of taking the water records. The continuous record of the water conditions maintained by the engineering department from the inception of the idea of using Woodworth lake for a water-storage for the city has been broken. Data necessary for the calculations for the much vaunted hydro-electric scheme have been robbed of their continuity, and the basis of important calculations has been damaged.

WORST POSSIBLE FOR IT.

It would have been poor policy in view of Prince Rupert's expectations from the hydro-electric project, to have destroyed the continuity of this valuable record even under the most ordinary conditions, but the council has gone one better. The record keeper has been withdrawn at a critical time, just when an abnormally light snow-storage has been followed by a particularly dry summer, and the autumn rainfall is beginning to become noticeable. The records taken at this period would certainly have a most important bearing on the calculations of engineers designing a hydro-electric plant, and allowance for special conditions would have to be carefully made. The

much greater enterprise of a similar nature which is being carried on steadily outside of Prince Rupert has employed men with strictest instructions to take regular and frequent readings of the water conditions at this time. But what does our clever city council care about continuity of records important in the city schemes? What village council ever did care about the things of a city?

THE WEST'S NEED FOR WIDER MARKETS.

While Canadian Colliers has not the hardy optimism of those who believe the old reciprocity proposals will be revived in Canada within the next few years, at the same time we think that the western farmer's demand for a wider market for his grain is gaining in strength. Many a good farmer is tempted to drive across the border of a dark night and dispose of a load or two of grain at American prices. The Manitoba government, long since proved inefficient, stands a good chance of being put out next election, and meantime the associations and alliances of the grain producers continue to grow and gain in power. The one thing which will give final impetus to the western farmers' movement for larger markets will be the collapse of the real estate boom. Just now many a farmer is blinded to the wider market appeal by the fact that he is helping out his income by real estate profits. When the boom collapses and the land shark ceases to be an influence in the communities, the loan and mortgage companies and the banks will throw their weight into the balance with the farmer. It will be then their aim to help the farmer to markets which he cannot now reach.

PACIFIC COAST SHIPPERS ARE LIABLE TO GET INTO TROUBLE FALSE WEIGHTS PLAN CHARGED

Extensive System of Fraud Suspected by 'Frisco Board of Harbor Commissioners--Investigation Commenced Which is Expected to Have Far Reaching Results--Prominent Firms and Shipping Men Concerned

(Special to Daily News.)
 San Francisco, Aug. 9.—Daniel Ryan, attorney for the State Board of Harbor Commissioners said today that he is contemplating civil and criminal action against prominent shipping men on charges of having defrauded the State of approximately \$60,000 for a number of years through the rendering of false weights.

The prosecution he said would depend upon the results of investigations being made. According to Attorney Ryan methods were employed similar to the ones which the sugar trust was accused of having used.

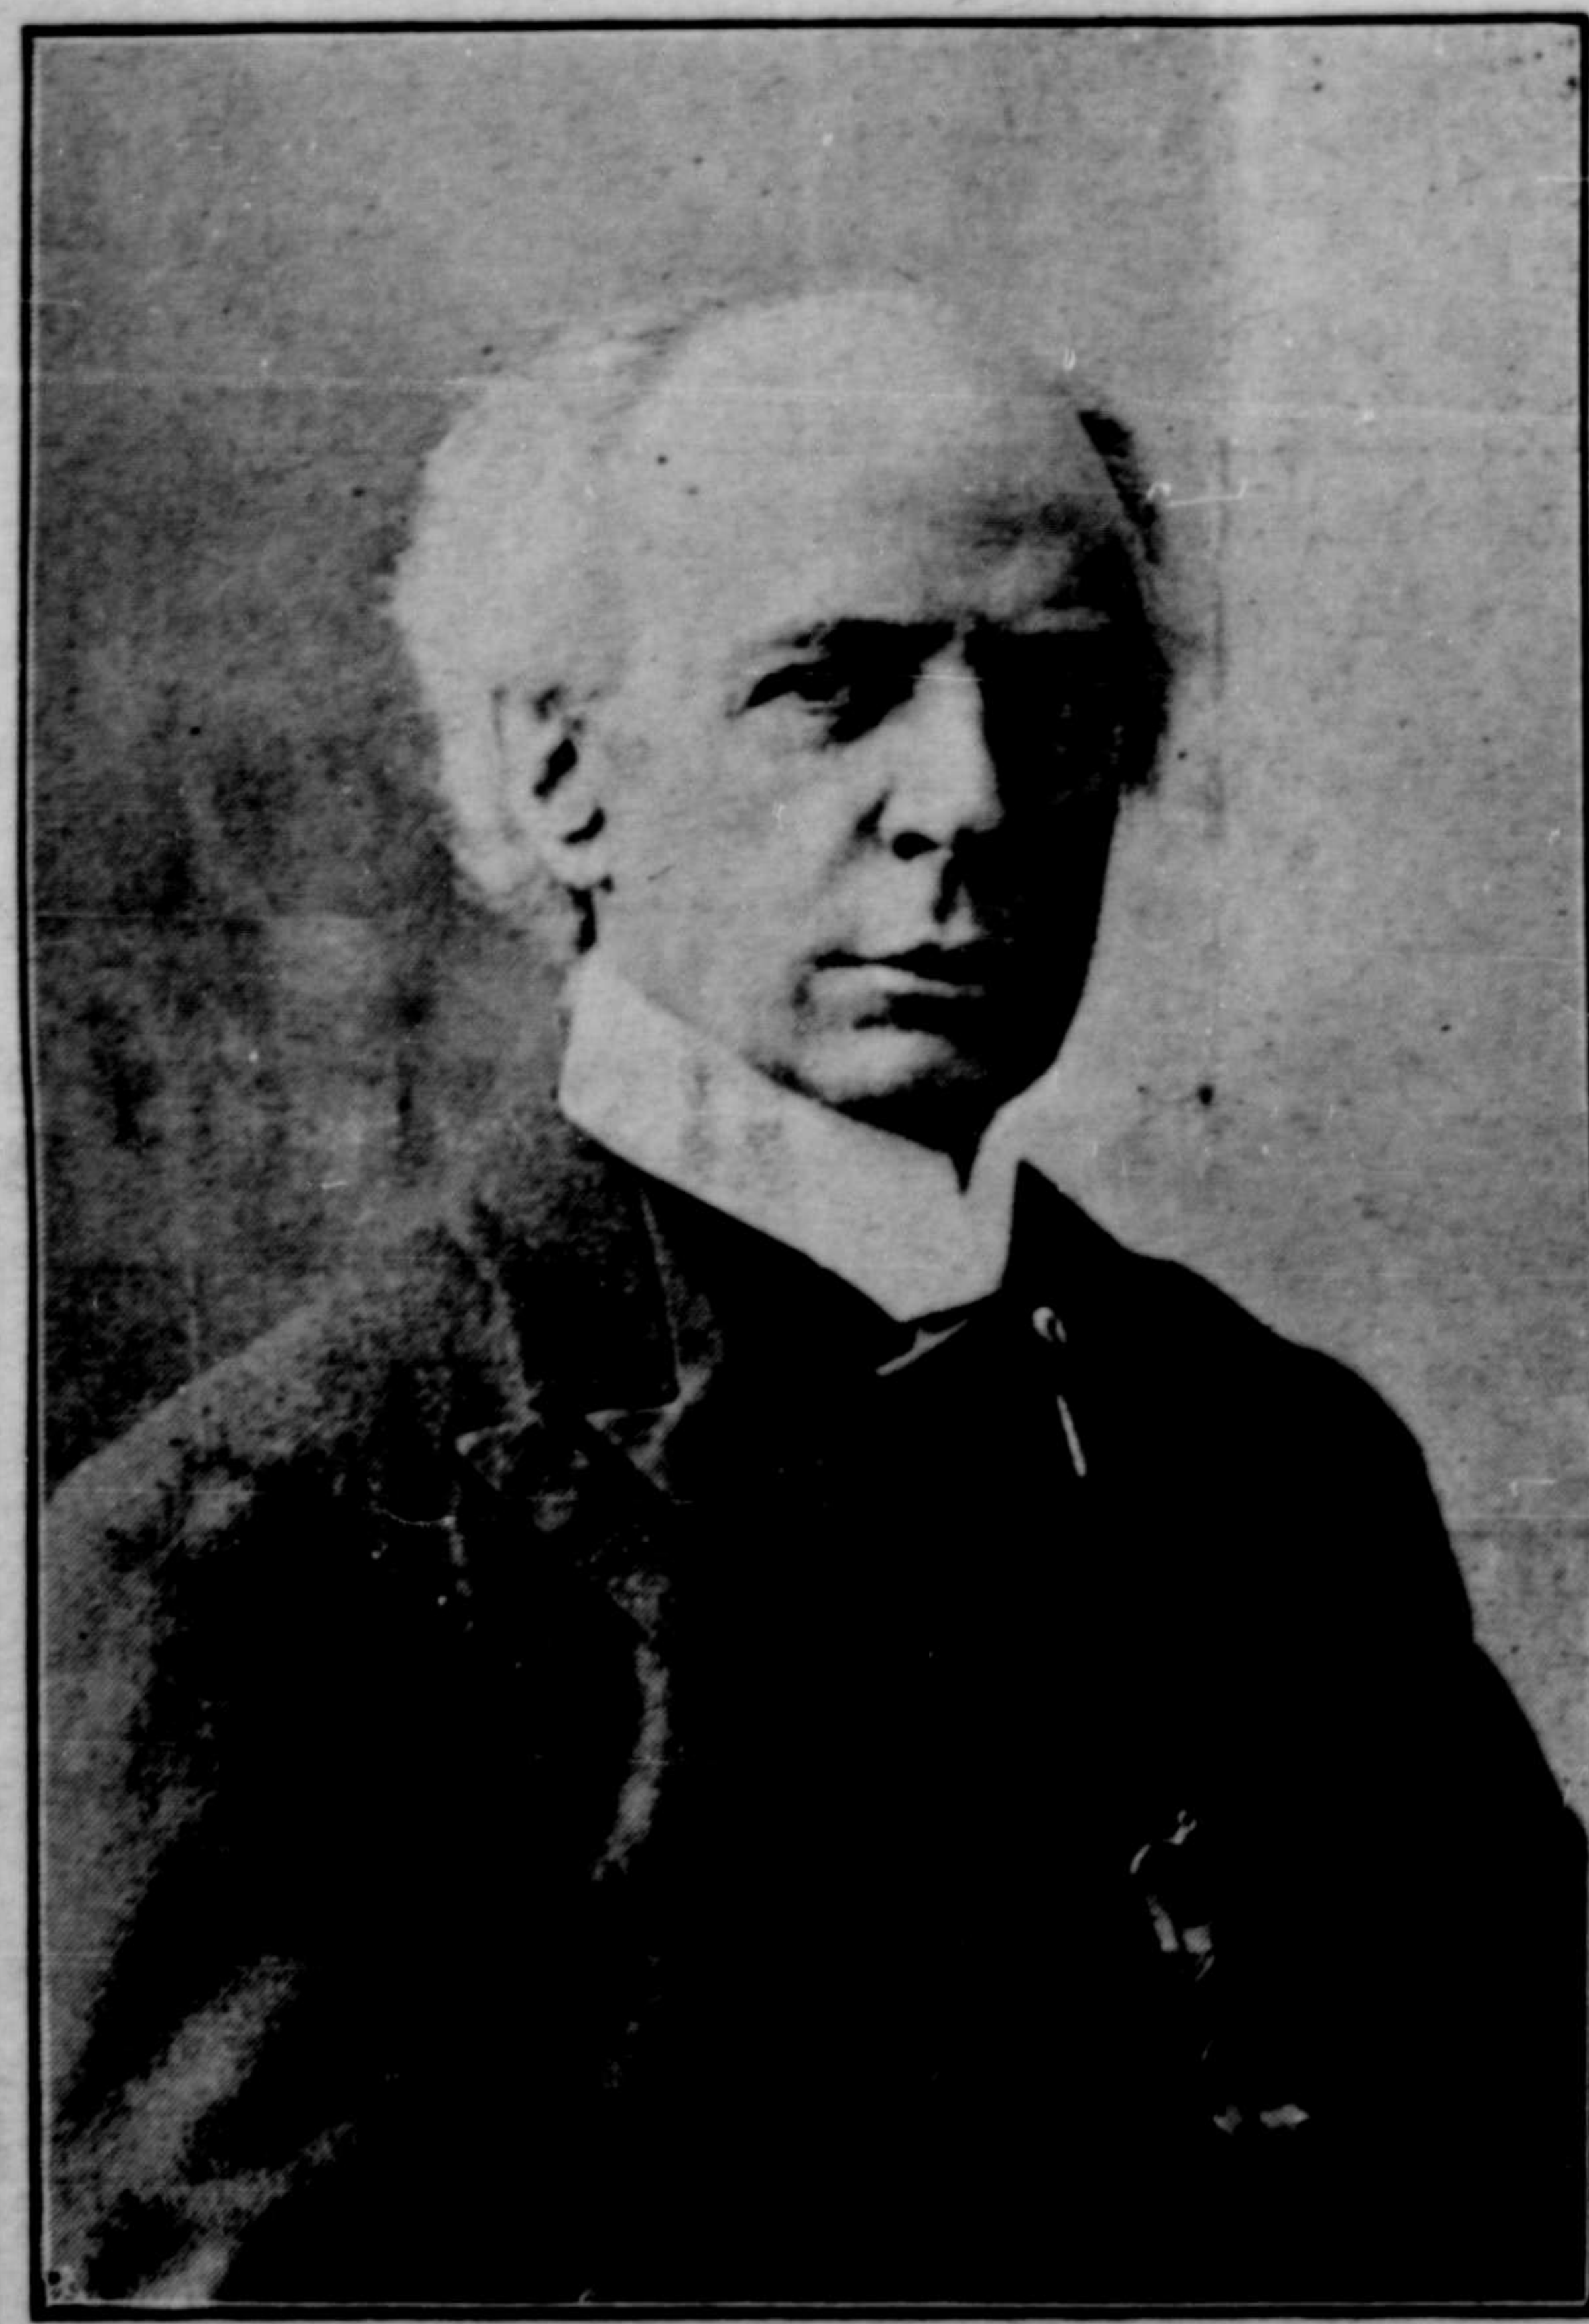

Clerks and gents of the shippers involved, it is said, filled in the blanks provided by the state with a false set of figures, the tonnage being reduced to a figure in each case considerably below the real amount.

After an investigation had been quietly begun, the officials

of the Board demanded that shippers turn over the ships manifests declaring that in some cases only half the real tonnage had been registered when the figures of tonnage in the manifests were compared with the returns made to the state. He said that in the case of one company involved in the supposed fraud a considerable amount of money had been paid to the state.

BRITAIN THINKS OF WAR WHILE CANADA THINKS OF COMMERCIAL CONCERNS

FAR-SEEING CRITICISM BY SIR WILFRID LAURIER, WHO DECLARES THAT A BAD ARBITRATION IS BETTER THAN A SUCCESSFUL WAR—LAURIER AND GERMAN MENACE.

Ottawa, Aug. 28.—At luncheon given to the visiting British financiers and legislators at the Chateau Laurier, the guests included several members of the Dominion cabinet and the former Liberal government. Sir Wilfrid Laurier, Hon. W. T. White, W. T. Crothers, W. B. Nantel, J. D. Reid, W. J. Roche, Rodolph Lemieux and W. S. Fielding were present.

In proposing the toast to the guests, Sir Wilfrid Laurier, in pointing out how Canada's dif-

ferences with the United States had been settled during the past hundred years without resort to arms, said a bad arbitration was better than a successful war. He said: "In England you think of armaments and war; in Canada we think of canals and railways and public works."

As to the German peril, he believed that Germany was only seeking territory for colonization. He believed there was enough for Germany without embroiling Great Britain into a national war.

YUKON'S GOLD DREDGING THIS YEAR

The sum was made up as follows: Wire rods, \$160,750; crude petroleum, \$141,935; lead, \$179,288; manila fibre, used in the manufacture of binder twine, \$50,556. TIN MINING IN ALASKA AND THE GASOLINE DREDGER

Dredging for tin was begun in Alaska last year, on Buck Creek, on which are the best tin placers now known in the country. This stream is about four miles long and the gravel is probably nowhere over nine feet deep, while very few of the pebbles are over four to five inches in diameter. In the creek bed the content of stream tin, carrying in the neighborhood of 65 per cent. metallic tin, has been found to be as high as 400 pounds per cubic yard in rich spots, though the average is much lower. The dredge, which was built specially for shallow digging, has buckets holding 2 1/2 cubic feet, and is driven by gasoline engines. It is equipped with two sluice boxes to provide for continuous operation, and digs from 950 to 1,000 cubic yards each 24 hours. Operations were started on September 10 of last year and continued until the season closed on October 15. The ground dug is said to have been yield represented between six and seven pounds of stream tin per cubic yard. The total output was 92 tons of stream tin averaging 66 per cent. tin, or an equivalent of 101 tons carrying 60 per cent. tin, and sold for \$52,000.

AMERICANS THREATENED IN MEXICO

Douglas, Arizona, Aug. 29.—That Americans will be killed by the rebels after September 15, is a declaration from Colonel Emilio P. Campa, leader of Orozco's rebel army, who with 800 men is operation along the Southern Pacific of Mexico below Nogales, Arizona. The only alternative given by the rebel leader is the resignation of President Madero. American Consul Dye, of Agua Prieta, Mexico, wired the State department at Washington today that Campa had declared the state of Sonora would be devastated, unless the Mexican President resigned.

WHAT THE BOMBARDIER WILL DO

Boston, Aug. 30.—In an interview published in a London sporting journal, which has just reached this side, Bombardier Wells, the English heavyweight champion, declares that, barring Palzer, there is no first-class white heavyweight in this country. He says that when he returns here in the fall he intends to go down the line, whipping McCarty, Stewart and the others in rotation. Wells also declares that Porkey Flynn, the Boston heavyweight, would have a chance to beat Palzer on points in a ten-round bout.
