THE RESULTS FROM HAZELTON

(Special to Daily News.)

Hazelton, B. C., Sept. 3 .- Keen competition and exciting finishes were the features of the majority of the track and field events of Hazelton's Labor Day meet.

The 100 yards dash was perhaps the thriller of the day when Watts of Prince Rupert and Hetherington of Hazelton ran a dead heat. Both claimed the race and refused to rerun it. The bets were called off. Results:

50 yards-Tibbles (Telkwa), first; Watts (Prince Rupert), second.

100 yards-Watts-Hetherington, dead heat.

220 yards-Hetherington, first; Carss, second. mile-Moore (Hazelton), first; Ives (Rupert), second.

2 miles-Mobley (Rupert), first; Moore, second, Broad jump-Carss, first; Hetherington, second. Hop, skip and jump-Carss, first; Tibbles, second,

In the afternoon's baseball game Hazelton reversed Sunday's score of 6 to 3 on Telkwa, I find yarns of all kinds, including The Cetriana, which reached breaking even on the series. The game was without doubt the finest exhibition of first class | Berlin Wools, Scotch Fingering, port yesterday noon from the ball ever seen in the interior.

OPENING OF SEASON FOR DEER HUNTING HERALDED BY SUCCESSFUL LOCAL GUNS

The opening of the deer shooting season and the fact that it was Labor Day and a general holiday yesterday furnished an opportunity for many a doughty nimrod to test his prowess at the chase. Several parties were made up, some leaving as early as last Saturday afternoon, so as to make assurance doubly sure that they would not return empty handed. One of the most successful of the expeditions was made up of Messrs. R. W. Cameron, Guy Cameron, Frank Reynolds and one or two others, going out in the Alice B., who report having a splendid time, securing three deer and any quantity of grouse and plover. Alderman Bullock-Webster also was there with bells, bringing back trophies of the chase in the form of succulent venison for the aldermanic board.

Culloch, 13 feet 11% inches; CHALLENGE Second, Brown, 13 feet 7 inches; CHALLENGE third, McKinnon, 13 feet 21/2 ability of the late great leader and Taylor. Homeward Bound.

The voyage home of the holiday makers was made in good time considering the bulk of the big scow with its crowded passenger list. Games, dancing, singing and high revels were the order of the hour until a landing was made at the Rupert Marine Iron Works at about 10. o'clock. On the way back the tug Caroline, Captain Auckland, took a hand in the towing, aiding considerably.

Daily News on Daily Doings

THE PRESS AND THE PEOPLE.

> In no city in Canada, or perhaps in the world, has the local press come in for more severe criticism than in this very city of Prince Rupert. In other words, in no city in Canada, or perhaps in the world, has THE ANNOYANCE OF higher compliment been paid to the power of the press than! right here in Prince Rupert. Intensely applicable to the press life of Prince Rupert are the words of the Denver Post on the place of the press in public life:

"No city is saner, stronger, cleaner than its press. The safety of the commonwealth lies in printers' ink. News is the voice of God. It cannot be aborted or tampered with. The press belongs to the people and an editor is no more proprietor of the property of which he is steward than a judge is owner of the court over which he presides, or a chief of police proprietor of the force which he supervises. We cannot please all men always. . Thumb prints and personal opinion are individual and unique. No two persons since the sun first glorified this sphere ever completely agreed on everything. How then can we hope for general approbation and support on all issues and at all times? We have made enemies. And when we cease to arouse opposition we will cease to be a force-a real force-in this community."

A SUCCESSFUL LABOR DAY.

Anxious expressions during the rain showers of Saturday and Sunday passed completely away when Monday, the long looked THE PROSPECTOR for holiday, dawned with per- AND THE HEN. fect serenity, a real Prince Rupert day of ideal conditions. Sunshine blazed down and the picnic parties, out bright and early, prepared for the gayest of good times. For the best part of the day the city was practically deserted, so many of the people had taken advantage of the picnics planned. The Methodist Church Men's Own went to Porcher Island and the St. Andrew's Society to Tugwell Island, while of smaller picnics there were scores. Hunting parties, too, set out for the bush, prepared for the opening of the deer season. Prince Rupert made holiday under the most pleasureable

The GURNEY-OXFORD is an efficient RANGE

A business is kept up-to-date because it means a difference between profit and loss. The successful business uses such modern time-and-labor-savers as typewriters, adding machines and electricity. Woman's work in the home is also a matter of profit and loss. If she has improved and modern tools, she gains time and leisure and better results. If she has old-fashioned ideas to contend with, she loses energy and effort and peace of mind

The Gurney-Economizer is the greatest single improvement ever devised to simplify cooking. It regulates the fire and heat of the oven with one direct motion. The heat of the fire is distributed by a scientific arrangement of flues that keeps the oven uniformly heated. The grates hold the fire on the least possible surface.

The Gurney-Oxford Range is a most efficient piece of household furniture. It puts the kitchen on the same labor-saving, up-to-date basis as a successful business.
