DOINGS OF THE COUNCIL: PASTOR'S CONFERENCE

SIR GEO. DOUGHTY TO SPEAK: NEW SHOW EXPECTED: HAILSTORM IN VANCOUVER: VISITORS

CITY COUNCILLORS WAXED WARM OVER APPOINTMENT OF STENOGRAPHER: MAYOR VEXED

Miss Hirst has been appointed stenographer to the city clerk in place of Miss Lockhart, who resigned to take up an appointment with the juvenile entertainers who visited Rupert recently. There was a male applicant for the post but his qualifications did not suit exactly. The choice fell between Miss Hirst and Miss Eason, decision having been made to appoint a lady stenographer instead of a male assistant.

Finance Chairman Roused.
It has been quite a long time since the finance minister has found it necessary to assert himself as strongly in defence of any action he saw fit to take, as he did last night. The matter of the appointment having been left to the finance committee, Ald. Douglas considered that he as chairman had

only pursued a regular course in going the length he had in the matter. After a considerable amount of further discussion, in which nearly all the council took part, a vote was taken on the question, resulting as follows: Miss Hirst, 7; Miss Eason, 2.

SIR GEORGE DOUGHTY HERE FROM ISLANDS

Sir George and Lady Doughty and Mr Wilfrid Doughty arrived this morning on the Prince John from Skidegate and the registered at the G. T. P. Inn. They will remain in the city until Friday, leaving on the Prince George on that day for the south.

COMMISSIONER ARRIVES TO CONCILIATE INDIANS OF METLAKATLA AND DISTRICT

Amongst the arrivals on the Prince George this morning was Mr. J. A. J. McKenna, a special commissioner sent from Ottawa to endeavor to adjust the grievances of the several bands of Indians located in this district of Northern British Columbia. For

a considerable length of time there has been decided dissatisfaction amongst the Indians as to their treatment by the Dominion government in regard to the land question. They claim, of course, that practically the entire province is theirs by hereditary right, and that the incursions made by the white men in recent years have been of the most arbitrary nature, and that the government has not treated them fairly in the matter of payments for lands given over to the white settler. Mr. McKenna will proceed immediately over to Metlakatla, where a number of the Indians have already assembled, having been notified some little while back of the coming of the com-

missioner by Mr. C. C. Perry, the Indian agent. It is understood that the Port Simpson Indians are very haughty in regard to the matter, and refuse to take a second place and come over to Metlakatla, considering that the commissioner should make a special visit to their own particular settlement. Some of the Queen Charlotte Indians have a similar feeling in the matter and are holding aloof from the general gathering.

Council Wrangled.
A considerable portion of the time of the meeting of the city council last evening was taken up by a wordy wrangle over the appointment. The whole matter took of the nature of a storm

PASTORS OF PRINCE RUPERT TOGETHER GRAPPLING WITH BOY AND GIRL PROBLEM

First Interdenominational Sunday School Conference Held in the New Methodist Church Last Night
Far too small a gathering last night heard the pastors of Prince Rupert in their excellent united move for the better grappling with the problem of gripping the character of the young people of the city and moulding good citizens from wayward or merely untutored youth. The occasion was the first interdenominational Sunday school conference ever held in Prince Rupert, but it is not likely to be the last. At the close of last night's concluding meeting of the conference steps were taken to have the superintendents of the various Sunday schools in the city get together in order to make the interdenominational meeting a regular feature of Sunday school work in the city.

Increasing Attendance.
Rev. W. H. McLeod gave a swift resume of many methods of increasing attendance at Sunday schools, the button method, the

The Part the Teachers Play in Upbuilding of Good Citizens is Brought Out in Interesting Addresses
banner method, the time honored "treat" method, and a dozen others all popular. He, too, emphasized the importance of personality and perseverance in teachers. Rev. Charles Sing briefly mentioned how magnificent had been results of interdenominational work in Manitoba, and how splendidly the systematic effort of all the religious bodies to work in unison for the welfare of the children so that they might become good characters, had resulted. There had been an upgrowth in the prairie province of fine young men and women all strong citizens earnestly working for the best for their home cities, and province. This, he thought, should be the aim in Prince Rupert. Thanks were extended to Rev. Mr. Sing for having placed his fine new church at the disposal of the conference.

WINTRY VANCOUVER
They'll deny it down below probably, but it is an absolute fact that on Monday the weather was so cold in South Vancouver that pedestrians were wearing their heavy wraps to keep out the wind, and the ground was white as winter with a deep peppering of hail stones. This is absolutely vouched for by an unprejudiced visitor.

SIR GEORGE DOUGHTY WILL ADDRESS CLUB

An address will be given to the Canadian Club of Prince Rupert on Thursday evening at 8:30 in the G. T. P. Inn, by Sir George Doughty, who is now fulfilling his promise made to the president and secretary of the club before he left to inspect his undertakings on the Queen Charlotte Islands. Judge Young was not able yet to announce what Sir George's subject will be, but that it will have an important bearing on Prince Rupert may be taken for granted.

CAPTAIN LOST HIS TEMPER HE IS FINED

In the police court this morning before his worship Magistrate Carss, Captain Wearmouth of the Prince John, was fined \$10 and costs for assault. It appears that there was some friction between himself and the purser of the John, resulting in high words and the subsequent assault. Thomas Thompson was sentenced to one month's imprisonment for stealing money from the bedrooms of the guests of the Royal hotel.

RIFLE CLUB IS STARTED UP RIVER

Terrace, B. C., Sept. 4.—At a meeting held in the Lakelse hotel tonight it was resolved to form the Skeena River Rifle club. Mr. A. Walker was elected captain, Mr. Turnbull honorary secretary and treasurer, and Messrs. Daniels, Kirkaldy and Vincent, representing Kitselas, Terrace and Kitsumkalum, committeemen. A range will be selected and the club's active work commence as soon as possible. There are men of both services in the new association, including veterans from India, South Africa and Australia. The honorary secretary invites those in the district wishing to become members to communicate with him at Terrace.

MUNICIPAL FINANCIERS' NEW METHOD

A plan for buying up the short term debentures issued by the city for sidewalks, etc., with part of the sinking funds of long term loans was suggested to the council by the city clerk last night and after some discussion adopted. The city solicitor advised the council that this method was quite regular and that being so the plan was approved.

NEW FERRY AT TERRACE NOW READY

The new provincial ferry across the Skeena, giving direct communication with Lakelse at Terrace, is expected to be completed in the course of the next few days.

HIGH SCHOOL NOW OPEN IN THIS CITY

Under the head mastership of W. Brady, M. A., Prince Rupert's promised high school is now in effective position to start work. The high school will be held in the old school building to begin with, and later special accommodation will be provided for this branch of training so growingly important in this city.

A special general meeting of the Prince Rupert Rowing Club will be held on Friday evening at the court house at 8 p. m. 210

C. G. Pring was an arrival this morning on the Prince George.

Miss Grace Curtin, sister-in-law of Mr. J. Lorne McLaren of the Mack Realty Co., returned to the city this morning on the Prince George, after a pleasant visit spent with her sister, Mrs. De Rosier, in Saskatoon.

NEW SHOW COMING.
Mr. F. E. Ibbotson, at one time business manager for the Allen Stock Company, has just received word from Mr. P. R. Allen, who is now playing the Victoria theatre Victoria, that the entire company, together with their famous Italian orchestra, will play the Westholme Opera house, shortly, opening with Mrs. Leslie Carter's pronounced success "Zara."

CEMENTED BUT SAFE AFTER LONG DROP

Battle Creek, Mich., Sept. 4.—Accompanied by the debris of 26 feet of scaffolding and by five feet of loose cement, Henry Smith, a laborer, fell 185 feet yesterday afternoon, landed in a bed of fresh cement, shot out of sight, and then struggled to the surface, unhurt. A police officer was summoned and when he arrived Smith was still embedded in the powdery mass. A number of workmen were standing about with bared heads, thinking he was dead. When shoveled out of his landing place Smith climbed to the top of the building and resumed work.

PROPOSE TO GO ON WITH GRADING

A proposal was made at the city council last night and approved to the effect that work of grading McBride street and Third avenue should be recommenced and continued so as to put the road in shape to be presentable when the governor general arrives. There was the usual discussion in regard to finances, various explanations being required by aldermen. A full report was asked for from the city treasurer so that all may understand what cash is actually available for works proposed.

J. H. BACON REVISITS RUPERT

Mr. J. H. Bacon, one of the best known and earliest of the pioneers of Prince Rupert, arrived on the Prince George this morning from Jacksonville, Florida, in which city he is at present residing. Mr. Bacon filled the important position of harbor engineer during the early days of the opening up of this city. Mr. Bacon's fine residence on Fifth avenue and Agnew Place, overlooking the city hall, is now occupied by the Pioneer club, a very appropriate circumstance, considering Mr. Bacon's early relations with the old timers of Prince Rupert. During his visit to the city Mr. Bacon will be the guest of Major George E. Gibson, an oldtime friend of his of many years standing.

Mrs. Jay Kugler arrived on the Prince George this morning from a visit to Vancouver and the lower coast cities.

WELCOME ANOTHER NEW BRIDE

Mr. T. C. Chalmers, the local agent of the G. T. P., returned this morning from Vancouver, bringing along his bride, a young lady from the east. The wedding took place a few days ago in Vancouver.

PRINCE RUPERT'S PIONEER ARCHITECTS' PARTNERSHIP ENDED

Today sees the dissolution of a familiar partnership in Prince Rupert. The firm of Munro & Alex, architects, is now divided into single units, owing to the unfortunately protracted disposition of the senior member of the firm, Mr. H. G. Munro, who the pioneer architect of this city having come here with the G. T. P. survey parties, and being out his shingle before the opening of the townsite. Mr. Munro is making a somewhat tedious recovery from the after effects of pleurisy. His former partner, W. Nicholson-Laidley, who carried on the firm's business recently, is now opening an office of his own in the Stephens block.

BUILDING UP YOUNG PRINCE RUPERT

Personification of Prince Rupert the city, has been so frequent in all literature concerning the Pacific terminal of the G. T. P. that of course you have already decided that the up-building of young Prince Rupert referred to in the heading here, is the constructional work of street, wharf, or house making. Not so, however. There is an upbuilding of young Prince Rupert which is even more important, and in which a small, a very small, section of the community interested themselves yesterday. The upbuilding of a city of capable conscientious citizens from Prince Rupert's boys and girls formed the subject of earnest discussion at the interdenominational Sunday School Conference held in the Methodist Church. Before small audiences the pastors of Prince Rupert expressed themselves sturdily for the importance of laying sound seeds of citizenship in the youngsters before they get out of hand. Prince Rupert might well pay more attention to this.

THE YOUNGSTERS' MORAL CODE.

Wagons are very dear to the boyish heart in Prince Rupert today. Wonderful wagons are constructed by ingenious boyish hands, and most efficient "street cars" they prove. But wheels for wagons are scarcer than gold nuggets in Rupert. Take pains to discover how the wheels for half the juvenile wagons in Prince Rupert are obtained and you will find conditions which would fill the hearts of honest men with sorrow. Pillage and burglary right and left, wheels guarded and fought for night and day, boys who make it their proud boast that not a portion of their wagons has been honestly come by—these are the conditions you will discover. For boys are boys, and the best of boys have to be taught the principles of honesty. Is Prince Rupert taking enough care of the wealth that the city possesses in its sturdy rosy-cheeked boyhood? Do the dozens of citizens who complain that the boys are the limit as regards mischief making, ever try to instill into any of the laddies ideas different from those they seem to possess, that it is smart to thieve and deceive?

WHAT HAS BECOME OF THE BOY SCOUTS?

In Prince Rupert the summer before last there was a company of Boy Scouts, bright, efficient healthy little chaps they were. They spent their Saturday afternoons ranging the distant townsite sections in disciplined enjoyment and revelled in the drilling of their keen boy-senses in the arts of trail finding, and educated observation. Those who had duties to perform of an evening proved swift to return from the scene of their scouting to the scene of their work, for the scout is taught the importance of duty. There was promise in Prince Rupert's first company of Boy Scouts, promise of citizenship that would earn respect and admiration for Prince Rupert as the boys became men. But the Boy Scout brigade has fallen away to nothing for want of a leader. The young man whose efforts held it together and whose personality inspired the lads, left the city and none stepped into his place. No one valued the boys enough to share in their enthusiasm for their own discipline. The result? Boys who boast of dishonesty as men boast of strength.

WOMEN TO TRY WOMEN.

A woman tried in Chicago for the murder of her husband was acquitted by the jury despite the fact that she virtually pleaded guilty in her testimony and her counsel pleaded guilty for her. There was nothing in the case unusual. The State's attorney in Chicago asserts that a different verdict would have been given had women, instead of men, served on the jury. "With women," he said, "we would avoid the morbid sentiment that is always injected into such cases." This view is the more interesting because in several States women already serve on juries and indications are that they will be eventually admitted to such service everywhere. A woman jury for a woman on trial would be fairer, perhaps, than a jury of men, and most surely it would be severer. In all probability such a test will be made before long under conditions that will render it impressive. The privilege of killing men with immunity may be taken from women by women; the lives of husbands be safeguarded by an appeal to wives. —New York World.

AWAKENING AGAIN OF THE WHALING INDUSTRY WHICH INTERESTS PRINCE RUPERT

As Prince Rupert people and Graham Island people know, the whaling industry is now being revived, and has prospects of considerable profit-making today. Naden Harbor whaleries are doing good business now. This is changed days from when whaling fell into disuse.

The first serious set-back to whaling occurred when petroleum was first refined and sold as kerosene in the late fifties and a few years later the great oil fields of Pennsylvania with their spouting wells were exploited. Oil went down to incredibly low prices and the whale oil industry was ruined.

Immediately the whalers turned their attention more directly to the whalebone product, and after the North Atlantic had been exhausted of whalebones whales, San Francisco became the centre of the industry. But, with the past 10 years, so many excellent substitutes have been

found that whalebone has become a drug on the market and the whaling fleet scattered.

Within two years, however, improved methods of refining sperm whale oil have been devised, and in the old harbor of New Bedford may again be seen a remnant of the once famous fleet, sailing, as of old, for two and three year cruises for whale oil. Nothing has been found to make as fine a lubricant for delicate machinery such as watches and clocks, and the development of the highly delicate machinery of the aeroplane is making a new market for the fine product of sperm oil again. Perhaps the only change that has occurred during this cycle of years is that the monster whale is shot with a harpoon fired from a canon instead of the older and more dangerous process of attacking this greatest of all animals of the world from a small boat.

BUSINESS VISITOR GIVES AN INTERESTING ADDRESS

Two of the visitors to Prince Rupert who left on the Princess Mary Sunday evening were Vice President and General Manager King and Divisional Superintendent DuVal of the Canadian Home Investment Company. The latter arrived here Wednesday and went over the outlook for business with Local Superintendent Ibbotson. Mr. King arrived Saturday, went over the townsite in an automobile and called upon the Mayor and many of the leading business men, accompanied by Mr. Ibbotson. To all these gentlemen a cordial invitation was extended to an informal meeting at the company's offices in the evening.

There was a large gathering, which listened attentively to Mr. King's address on the aims and objects of his institution. He is

continually travelling all over the continent, but said no place showed such a wonderfully rapid and stable growth as this city. Prince Rupert's men had proved their energy and nature had given to this port a tremendous geographical advantage over every other port on the Pacific. He knew no place where loans could be as confidently placed as in this city. He announced that the company was extending its operations to Alaska and the Yukon and that Prince Rupert would be the headquarters for this business. He also spoke of the great encouragement the investment feature of the institution was receiving in the British Isles.

On Sunday Mr. King and the local staff took a trip to Metlakatla and afterward dined together at the Inn.

ONE KILLED ONLY IN EVERY FEW MILLION

London, Sept. 3.—The safety of travel on English trains is shown by the board of trade report on railway accidents for 1914, issued last night. Only one passenger was killed on an average of every 94,700,000 journeys.

This calculation takes no account of journeys made by season ticket holders, so that the risk is really less than the figures indicate.

ITALY IS BELLIGERENT ONCE MORE

London, Aug. 31.—In order to force the pace of the Italian-Turkish peace convention the Italian government is prepared to despatch another 20,000 troops to attack the Syrian coast. The Daily Mail's Constantinople correspondent says informal negotiations are on the point of being broken off, because of the difficulty of finding a satisfactory formula respecting Turkey's sovereign rights.

PASTOR'S GIRL PAID VISIT TO HEAVEN

New Orleans, Sept. 3.—Declaring that she had been to heaven and vividly describing what she saw there, Miss Lulu Mae Satterlee, 20-year-old daughter of Rev. J. H. Satterlee, a prominent Baptist minister, awoke today from a five days' sleep in her home at Chunky, Mass.

Miss Satterlee said she was met by St. Peter, who admitted her to heaven, and with whom she held pleasant converse. She later met the spirits of many noted persons, among those with whom she talked being Henry Ward Beecher.

CANADA'S BOY SCOUTS ARE BEST

London, Sept. 3.—General Baden Powell, chief scout, arrived today from Cape Town, after an absence of eight months. He travelled fifty thousand miles, inspected 25,000 scouts, and said the movement was perhaps the strongest in Canada, where the organization was greatly advanced.

August Summary.

Mean temperature, 55.2. Highest temperature, 72, on August 18th to 20th. Lowest temperature, 40, on the 31st. Precipitation for the month was 4.70 inches.

Shadow lace and nets are used in millinery in treating g. brims, crowns and for simulated bows and loops. A fine filet pattern is most used.

A universal favorite is the hat turning up from the face, with a rather broad rolled up brim, which may flare or rest snugly against the crown.

It is quite proper now to have a well defined waist line and all manner of pretty sash ribbons are being used to give a dainty note to the costume.

Hat lines are straight, drooping dashing, severe or picturesque—anything one wishes. Plumes are placed at every angle above, or even beneath, the brim. Late summer hats in fine tulle have bands and draperies of machine lace.

NEW AEROPLANE THAT CAN STAY IN THE AIR QUITE STILL FOR AN INDEFINITE PERIOD

Paris, Sept. 3—French aviators said today that it will take ocular evidence to convince them that a device has been discovered in Germany, as asserted in the Tagliche Rundschau, which enables aeroplanists to remain stationary in the air indefinitely. They think such a thing practically impossible.

Lieut. Schott, the American aviator, is the hero of the French aviation world today for his two victories in bomb throwing contests at Marmelon. He won prizes worth \$15,000.

Berlin, Sept. 3—The Tagliche Rundschau says it learns that a German engineer has made a remarkable invention, permitting

an aeroplane to remain stationary in the air at a given point for an indefinite period.

The form of aeroplane for which this amazing accomplishment is claimed, differs radically from any heavier-than-air machine hitherto constructed.

The military authorities are said to be enthusiastic over the new invention, as it opens up incalculable possibilities in observation and the dropping of explosives. The Tagliche Rundschau says it would hesitate to circulate the announcement, which seems fantastic on its face were the source of its information not unquestionable.

Memorial War Cry.

A specially gotten up memorial number of the War Cry, beautifully illustrated, containing a graphically written obituary notice of the late General William Booth, together with a chronological table of events in the history of the life and work of the great leader and the Salvation Army generally, has just come out. Captain Tuttle wishes to let it be known that he has a limited number of copies still on hand and any one desiring one of the same can obtain them at the Salvation Army headquarters.

Many of the new dressy blouses are carried out in two shades of chiffon, with metallic trimmings and embroideries.

RECIPROCIETY STILL A LIVE ISSUE AHEAD

Minneapolis, Minn., Sept. 3—A special dispatch from the Washington bureau of the Minneapolis Tribune says:

"There appears to be no probability whatever that the Canadian reciprocity pact will be repealed at this session, though President Taft is represented as being indisposed to insist upon its retention upon the statute books if congress agrees to its removal.

Democrats Opposed.

The Democratic house, of course, is the main stumbling block to reciprocity, at present, but it is further jeopardized and possibly hopelessly blocked because of the fact that the repeal amendment which originally was attached to the steel bill is now a part of the cotton revision bill, a decidedly unpopular and admittedly insincere measure which is now in conference, but which it appears is likely never to emerge from the conference room and therefore will never reach the president.

Would Be Vetted Anyway.

"The house cotton bill and that passed by the senate are decidedly different measures and offer small ground for a compromise in conference and unless through some unforeseen chance the senate overrides the president's veto of the wool bill the cotton measure probably will not be heard of again this session. If it should emerge, however, it is practically certain that the entire measure, including reciprocity repeal, will be vetoed by the president as the proposed cotton revision is probably farther separated from the tariff board recommendations than any of the Democratic tariff revision measures."

ORIENTAL RESTAURANTS IN DEFENCE

Montreal, Aug. 31—Following publication locally by the Rev. Mr. Bourke, of a letter received from the Rev. Dr. Moore, general secretary of the Social and Moral Reform department of the Methodist church in Canada dealing with the danger of white girls being employed by Orientals and endorsed by the attempt of the Saskatchewan government to reduce the number of white girls employed, the Chinese restaurants here have issued a reply. They invite Mr. Bourke to visit the cafes, and declare they can convince him that they are conducted on a strictly honorable basis.

The large gold hats topped with gold, colored or taupe plumes are bewitching.

All designs of needlework are of an open character. Floral effects are not massed closely together.

Evening gowns still show swathed draperies of lace and mignon, which outline the figure with stately elegance.

Children's coats in a variety of stunning models are made of heavy, coarsely woven linen. Collar and cuffs are of contrasting color.

On one charming gown Japanese embroidery in lovely tones of mauve, rose, red, powder blue and gold enhanced the beauty of the bodice.

Every Home Has its Purse

Ana 99 out of every 100 unprejudiced people will tell you THE DAILY NEWS is the home paper of Prince Rupert.

Advertisers also tell us and will tell you that results obtained from publicity carried in the columns of this paper have exceeded by far those obtained through any other newspaper published in Prince Rupert

The successful business man today is the one who advertises judiciously, who chooses the medium most generally read by citizens of a community; a business man who does not look upon an expenditure for advertising as an expense, but, on the contrary, as an investment. This type of business man you will generally find in the front ranks of his profession, turning his dollars daily and moving his goods rapidly—and all through the liberal use of newspaper publicity.

Try advertising as an investment, if only for a short time, and watch your business grow. Let our solicitors call and explain why The News is the best medium through which you should inaugurate your initial campaign.

BATH CLUB FOR WOMEN IS LATEST

The Bath Club is now one of the most popular and most affluent clubs in London. Its well appointed swimming baths for both women and men are the delight of the athletic of both sexes. On evenings the swimming hall resounds with the boom and splash of many contests. Special arrangements are made for events from week to week. Girls holding membership cards are taught by experts the newest and most effective methods with regard to saving life and several rescues were made this season by young women who at the Bath Club, in Dover street, learned what to do when a person in swimming has become helpless from cramps or overexertion.

PUBLICITY POWER HERE FOR RUPERT

Two prominent newspaper men arrived in the city this morning on the Prince George. Mr. J. R. Cogger representing "Canada," the well-known illustrated monthly magazine published in London, England, who is on his annual tour of the Dominion, having visited this summer already in almost every important city in Canada.

Mr. M. Ledwidge, of the Vancouver Saturday Sunset, is also on a special trip to Prince Rupert, in connection with the fourth coming annual edition of that paper that is being brought out in October. This special number of the Saturday Sunset will deal largely with Prince Rupert, and will have an exceedingly large circulation.

SERMON SAVED SUIT CASE

Philadelphia, Sept 4.—Rev. Hugh McBride, of the Diston Memorial Presbyterian church, had the satisfaction of seeing one of his sermons accomplish an immediate and practical good. A young girl thief stole the pastor's suit case in which was a copy of a sermon on "Right and Wrong." The girl read the sermon and then wrote a letter to the minister, telling him she had left his suit case at a storage room, had quit stealing, and was looking for work.

MERELY MABEL REMARKS

That city councils and sea captains are alike human and have tempers.

That if aldermen were fined ten dollars a time for losing their tempers the civic purse would soon swell.

That when Rev. W. H. McLeod referred to the "button" method of success fully increasing Sunday school attendance he had no intention of being personal, but the compliment can stand.

That the rush for fur coats, gloves, and mufflers down below has taxed the storekeepers to the limit.

That the tiny tots who are helping level the lumpy surface of Third avenue with her little spade is a public benefactress.

That needless to remark they are NOT employed by the city council.

That a few hens might help some, too.

That on the level it's a bit rocky, isn't it?

That if you ask your best friend for his honest opinion of you you'll not like it as well as you thought you might.

When the table cloth has a spot here and there and you are not ready to change it, run magnesia on the spots; the cloth will look much cleaner.

MRS. HARRY LAUDER VISITS CANADA

Mrs. Harry Lauder, wife of the famous Scottish singer, has been visiting Kindersley, where her brother, J. K. Valens, has a large farm. During her stay in Winnipeg, Mrs. Lauder visited the Industrial hall, where she was entertained by a concert on the telautophone, which has been installed there. The greater part of the program was confined to the rendering of a large number of Harry Lauder's original songs. With Mrs. Lauder were Mr. and Mrs. William Thompson, proprietors of the Beethoven Music Home, in Glasgow, Scotland, and they are now on their way to Vancouver.

BETTER STOP SELLING BIBLES

Montreal, Aug. 31.—Despatches from VillestPierre, a French Canadian village reports that disgraceful assaults have been made on bible women and comforters who have been holding religious meetings in that district. One of the women was struck in the face and badly cut, a little child was struck in the stomach and is now at the hospital, and several others were bruised, and had their clothes ruined. On complaints to the police it is alleged that the officers told the women that it would be wise to cease selling bibles and preaching.

When canning fruit always be sure that the rubbers are new and fresh. Old or dead rubbers will not keep the jars air tight, and the fruit will spoil.
