WHOLE RELATIONS BETWEEN GRAND TRUNK PACIFIC AND GOVERNMENT TO BE REVISED

Winnipeg, Sept. 11.—President E. J. Chamberlin of the Grand Trunk Pacific Railway stated today that with Mr. Smithers, chairman of the Board of Directors, and himself would be in Ottawa next week about the time of the arrival of Mr. Borden and he indicated that they were prepared to open with the Dominion Government the whole matter of the relations of the Grand Trunk Pacific with the Government.

pany with the Government will be reviewed with the object of arriving at a satisfactory understanding on points at issue. Mr. Chamberlin refused to say anything regarding the order of Major Leonard of the National Transcontinental railway company directing the company to take over the section immediately east of here, but the fact that the company is desirous of opening up the entire question with cabinet ministers may be taken to indicate that pending negotiations the company will maintain its present attitude of disregarding this order.

General Bank Manager's Visit. Mr. G. H. Balfour, general manager of the Union Bank of Canada, arrived this morning on the Prince George on a visit to the local branch. Graham Kearney, manager of the Prince Rupert branch of the Canadian Electric Co., returned this morning on the Prince George after a short business visit to the south. A special meeting of the Queen Mary Chapter, D. of the E., will be held in St. Andrew's Hall, Thursday, Sept. 12, at 3:30. 214 C. M. MARTIN, Secy.

VETERANS TRIED ON NEW HEADGEAR

A meeting of the Veterans' Society of Prince Rupert and district was held last evening in the court house, when the veterans' hats were distributed and preliminary arrangements made for the taking part in the parade at the forthcoming visit of H. R. H. the Governor General. A further meeting will be held shortly.

Hon. L. P. Duff, of the Supreme Court of Canada, and Mrs. Duff arrived in the city last evening and will spend a few days renewing old acquaintances. While in British Columbia they will make a trip to Prince Rupert and other points up the coast.—Victoria Times.

The Hon. Mr. Justice and Mrs. Duff arrived this morning on the Prince George and were met on the wharf by several of their friends, including Mr. W. E. Burritt, registrar of the county court of this city, an old and intimate acquaintance of the Judge's for a great number of years.

Loyal Order of Moose. A regular meeting of the Loyal Order of Moose lodge, No. 1051, will be held in the K. of P. hall on Thursday, the 12th inst., at 8 o'clock p. m. Members and those holding receipts who wish to be initiated are requested to be present. J. D. MEIKLE, Secretary. 214-215

SIR WILLIAM WHYTE IS NEW PRESIDENT

Dundee, Scotland, Sept. 10.—Sir William Whyte, the well known naval expert, was elected president of the British Association for the Advancement of Science, which met in Dundee, Scot-

land, this year. The next meeting of the association will be held in Birmingham. Sir William Whyte was a visitor to Prince Rupert a few months ago as a guest of the G. T. P. He takes a deep interest in harbor matters. Mr. Davidson, of the wholesale stationery firm of Smith, Davidson & Wright of Vancouver, was an arrival this morning on the Prince George.

NEW ARRANGEMENT OF THE CANADIAN PACIFIC RAILWAY PROFIT BRINGING SOURCES

In view of the opposition by the Union of Canadian Municipalities and other bodies against the proposed increase of \$60,000,000 in the capital stock of the C. P. R., an interesting report in Ottawa and eastern financial circles is that a separate company will be formed to deal with the immense land holdings of the railway. Of the 10 per cent. dividend at present 7 per cent. is from the railway system and 3 from the land. The charter provides that when the 10 per cent. basis shall have been reached there shall be a reduction in rates. This is what the west has for several years been demanding and is now the object of investigation by the

Railway Commission. The company claims that the requirement for reduction applies only to a 10 per cent. dividend when earned by the railway alone and not in conjunction with the land profits, and that consequently it is not called upon to vary its ratings. The report is to the effect that the two branches may be entirely divorced, a subsidiary company being formed to handle the railway lands, whose profits would, however, still reach the Canadian Pacific stockholders, but in a roundabout manner. In this way the railway dividend profit would be reduced to 7 or 8 per cent., and thus escape the rate

reduction provision called for on the 10 per cent. basis being reached. Pending the reopening of the western freight rates investigation on October 1st, next, numerous pleas on behalf of the railways in the form of obviously inspired articles are finding their way into the eastern and American press. One such article, headed "Baiting Canadian Railways," appears in the Eastern Canadian papers concurrently. The gist of the article is to the effect that with the increased cost there should logically be an increase instead of a decrease in railway freight rates—especially in the west.

SUCCESSFUL POLICE RAID ON SUSPECTED OPIUM DEN IN RUPERT'S CHINESE AREA

Chief Vickers of the city police force, after having laid all his plans, and the propitious moment having arrived, last evening brought off a most successful raid on a Chinese opium den. Accompanied by all his trusty lieutenants, leaving for awhile the Chief Macdonald in charge of the police station, he sallied forth to the abode of one King Tai, a leading Chinese merchant, off Fulton street, above whose premises he had reason to believe the illicit hitting of the pipe was being carried on. Stationing his men at every means of egress, an entrance was made before the

unlucky Celestials were aware of what was happening. Altogether 17 Chinamen were found on the premises and a quantity of opium and pipes and gambling paraphernalia were seized. Upon being taken to the police station, putting up \$25 each bail, and promising to be on hand this morning at 10 o'clock at the police court, they were let go for the night. This morning before his worship Magistrate Carss the cases were all adjourned until Friday on account of Mr. Peters, the city solicitor, not being able to be present owing to indisposition.

SPREADING WORK OF THE W. C. T. U. HERE

It has been decided to form a local branch of the W. C. T. U. in Prince Rupert. The organization was effected last evening in the Methodist parsonage by Mrs. Livingstone, the provincial organizer. The following officers were elected: President, Mrs. W. H. Kergin; vice president, Mrs. W. J. Kirkpatrick; corresponding secretary, Mrs. J. A. Thompson; recording secretary, Mrs. Fred Button; treasurer, Miss Wark. Mrs. Livingstone left this morning on the train for Hazelton to organize a branch there.

NEWEST ZEPPELIN A MONSTER

Berlin, Sept. 11.—The new Zeppelin dirigible is to break all records for size, speed and range of action, according to a news agency here. The specifications call for power to carry out a sustained flight of at least sixty hours, and it is hoped by the admiralty that the vessel will be able to remain in the air for a longer period. The speed required by the contract is well over fifty miles an hour, and the radius of flight, including the return voyage is to be from 1,500 to 4,800 miles. The new airship is to be completed in October. The latest passenger dirigible, the Hansa, is capable of sustained flight of fort-three hours, and her speed is not quite fifty miles an hour.

Returns from Holiday. C. C. Purdy, accountant of the local branch of the Bank of Commerce, returned to the city this morning on the Prince George after spending a short vacation in the southern coast cities.

FALLEN FROM HIGH ESTATE

The case against Tony Morris for running a blind pig in the old Optimist building was dismissed this morning in the police court, the Magistrate advising Tony that in future when he wished to celebrate the arrival or departure of his compatriots from or to the sunny shores of Italy it had better not be done in quite such a public fashion, giving the appearance of an open club. They had better resort to the regular emporiums, situated so conveniently at different points in the city, where grape juice was purveyed for the delectation of their customers.

Just received, a complete assortment of the very latest patterns in tweed and fancy worsteds. Just call and look at them. SWEDER BROS. Tailors, Helgerson Block. Choicest liquors and cigars—Savoy.

DIVINE SARAH MAY SOON BE HONORED FOR HEROIC WORK AS FLORENCE NIGHTINGALE

Paris, Sept. 11.—Mme. Sarah Bernhardt will never become a Chevaliere of the Legion of Honor, but it is now almost certain that within a very short time the President will confer upon her the medal of 1870 for her services to her country during the terrible year. The famous actress' ambulance work during the war, in fact adds a most fascinating page in the history of the time. Her headquarters were at the Odeon Theatre, which she turned into a vast hospital. With incredible intelligence and energy the young actress carried all before her. The obstacles seemed insuperable, but untiringly she insisted and insisted until she obtained from the authorities and from the public beds and bedding, medicine and provisions. She even succeeded in getting the stores of the Tuilleries that were reserved for the Empress Eugenie. She was doctor and nurse, the consoler at death beds, a figure of charm and grace flitting hither and thither. The enemy expressed their admiration when she passed through their lines. The Chancellor of the Le-

gion of Honor has yet to give the red ribbon to the incomparable artist. The 1870 medal can scarcely be refused to the angel of mercy. Pantorium Pioneer Cleaners, Phone 4.

T. FRAME THOMPSON, LONDON, MAKES TRIP TO INSPECT THE KHATAHDA HYDRO-ELECTRIC

Mr. T. Frame Thompson, accompanied by his secretary, Mr. Percy B. Jackson, returned this morning from a trip up the line as far as the end of steel. Mr. Frame Thompson, the leading London financier, is interested in several hydro-electric projects in different parts of the world. His visit to Prince Rupert at this

time is partly with a view to obtaining information in regard to the hydro-electric enterprises in progress here. The party left on a special train yesterday morning, accompanied by Mr. Clark Durant, manager of the Prince Rupert Hydro-Electric Company; Mr. W. C. Mehan and Mr. G. A. McNicholl, local officials of the G. T. P. Ry. Co.

ARRIVAL OF THE ALLEN PLAYERS

The famous Allen Stock Company, the biggest theatrical aggregation that has so far visited Prince Rupert, arrived on the Prince George this morning in full strength with a huge quantity of special scenery and properties for their forthcoming star engagement at the Westholme Opera House. The company, fresh from a most successful three months' engagement at the Victoria Theatre, say they had a fine trip up and were full of delight and praise of the excellence of the service of the G. T. P. and that they had ever travelled on the Pacific coast. The beaming

countenance of the manager of the company, Mr. Pearl Allen, as he greeted some old time friends on the dock, as the Prince George made a landing, put the weather to shame and the sun promptly came out and the rain ceased. This must be most assuredly the best of auguries for a successful engagement. The opening bill this evening at the Westholme Opera House will be, as previously announced, "Zaza," the play that has been such a pronounced success on two continents and made Mrs. Leslie Carter famous. The company, which numbers twenty people, includes the celebrated Hungarian orchestra, who, dressed in their native costumes, will render the incidental music and play during the intervals between the acts. From all indications there will be a crowded house this evening at the opening, and all intending to be present should see to the booking of their seats as early as possible to avoid any disappointments. Seats can be secured by phone.

Daily News on Daily Doings

MAKE THE BUYER ADVERTISE.

The town of Macleod, Alta., says the Monetary Times, has sold its lots to Mr. Ben. H. Morgan, representing capitalists in London, England, the price involved totalling six hundred and fifty thousand dollars. Macleod owned its townsite, and up to this sale had some twenty-one hundred lots left. It has decided to reserve one lot in six, and the British investor was given three years to dispose of thirteen hundred at the present assessed value, less 25 per cent. There has been some opposition to the deal, especially to the three years' option. The investor is going to place the land on the British market, and is under obligation to advertise it extensively and to do all possible to send population and industries to Macleod in order to make his investment good.

MEANS PROFITABLE PUBLICITY.

Prince Rupert City does not own its townsite, unfortunately, although it does own some very desirable fee simple property in it. There have been great and sensational sales of Prince Rupert real estate, particularly of late, but no stipulation can be made that the purchasers of property in Prince Rupert shall specially endeavor to advertise their purchase or to attract investors and settlers to the city. That many of them do so of their own accord goes without saying. The pity is that the whole army of them are not all busy boosting from the moment they buy property. Large holders of valuable blocks of realty here are able to wait at their ease until the strenuous efforts of others less wealthy have raised the value and increased the attractions of the property. While the fighting line of the Board of Trade and the Real Estate Exchange get out publicity work, and while the more enterprising realty men themselves advertise widely and take business-like advantage of the local press with its outside circulation in view, there are sluggish holders of immensely valuable property who need not trouble about publicity at all. There is no help for it; it is only a pity, and the moral of the Macleod policy in regard to property sales only points

to the advantage of increased effort on the part of our realty men to get their patrons to do some boosting too.

FORCES OF NATURE AID THE CITY.

Visitors to Prince Rupert approaching Fifth street for the first time gaze with awe upon the Alps of Second avenue, those rugged rocky fastnesses pinnacled and forbidding, which mar the fine business frontage there and detract from the appearance of the Prince Rupert Club's high perched premises. The best the booster can do about these rocky summits is to point with pride to the splendid cut through them of Fifth street and thus win from the newcomer admiration for the pluck of Prince Rupert in determining thus to drive a straight street through the adamant opposition of nature. Nature so far has resisted the city's effort, but today sees a change. Long time the Council dickered about the removal of those remaining rock pyramids. Nothing was done. Now nature, grown piti-ful, steps generously in, smites the powder penetrated rock with the power of the resist-less raindrop, and lo, the crag crumbles and falls. The walls of Jericho fall at the seventh trumpet blast. Behold a miracle in Prince Rupert!

SUCH IS FAME.

Overlooked, alas, by The Daily News, which has only the excuse to offer that it makes no rule to remember birthdays, was the birthday of Dr. Tremayne, best known of old timers, most popular of pioneers. On September 5th appeared the following under "Birthday Congratulations," in the Victoria Times:
 Tremayne, Henry Ernest, M. D. (Prince Rupert); born Milton, Ont., 1873; served in South African war; now in charge of hospital at Metlakatla.
 Proud as Prince Rupert certainly is of its pioneer physician, who was at Metlakatla before the first surveyors landed there to begin the location of the waterfront works on this harbor, still all must feel a tiny tendency to reproach the Times for letting its celebrity list fall five years behind the march of time.

Laundry Helps.
 When washing coarse clothes soft soap is said to be more efficacious and to go farther than the ordinary kind.
 A cup of vinegar put into the water in which colored clothes are to be washed will prevent the color from running, and if the garments are ironed while still damp they will look like new.
 Cold water, a teaspoonful of ammonia and soap will remove machine oil when other means would not answer on account of taking out the color.
 When white lace has acquired a yellow tinge a good method of bleaching it is to wash it in the usual way, and then rinse it in blue water, after which it should be rubbed all over with white soap. It must then be laid out on a large, white china dish in the sun, and after several hours rinsed repeatedly, until the soap is washed away.

COMPLETION OF RAGGED BIT OF SECTION ONE GRADING IS STILL LEFT IN ABEYANCE

In the matter of the completion of the grading of section one discussion took place at Monday night's meeting of the city council. A report from the city engineer was presented, specifying what remained to be done, and asking the council for a policy, when he might proceed along the lines suggested. Some of the aldermen thought the matter ought to be referred back to the city engineer for a further report. The mayor thought it better for the city engineer to get the opinion of the council right away on the matter. The city engineer explained the state of affairs as regards the borrowing of material from one section to be used in another. He wished to know just how he was to charge the expenditure in regard to the different sections. From what could be gathered from the discussion, it would appear that the taking of rock from one section to complete the grading in some other, in a manner robbing Peter to pay Paul, and that the unfortunate section, the last to carry on the work of grading, would be left in the position of holding the bag, with no other section left to be able to draw on. The ultimate opinion arrived at seemed to be that the cost of the quarrying of the rock should be charged to the section from which it is taken, and the cost of distribution to the section benefiting. However, both the motion and the amendments put, failed to carry, and the matter was laid on the table for another week, to get a fuller report from the city engineer.

DRINKING TROUGH FOR "ZOO" TO BE PROVIDED BY THE CITY

Quite a little excitement occurred at the meeting of the city council Monday evening, upon the report of the park commission favoring the placing of a water trough in the park at Acropolis Hill for the benefit of the little deer, that is eating out its heart, through lack of companionship, in its lonely grandeur in our city park on Acropolis Hill. Half a dozen aldermen were on their feet at the same time, with motions and amendments in regard to placing the trough or otherwise retaining the little deer or giving it its liberty. Ald. Bullock-Webster delivered his ultimatum, that park commission or no park commission the deer would be retained if private citizens had to dig down and pay for the water trough out of their own pockets. In view of the amount of water that was in sight Monday it was rather an inopportune time to attempt to play upon the adamant hearts of some of the aldermen. The motion, however, to put in the trough was carried.

ORIENTAL UP ON VAG CHARGE

In the police court yesterday morning before his worship Magistrate Carss, a Japanese, up on a charge of vagrancy, was given until Saturday to leave the city, or serve a term of imprisonment. A denizen of Comox avenue was fined \$25 and costs on a charge of running a disorderly house.

CIVIC FINANCES AGAIN

A change of policy was taken at Monday night's meeting of the city council in regard to the purchase of the short term debentures from the sinking fund in stead of the long term ones. The mayor, in view of the pressing needs of the city in regard to money matters and after consulting with the city clerk, advised this course. The motion of last week, was rescinded and action along the lines of selling the debentures was decided upon.

Lawyer—A satirist has said that a consulting physician is one who is called in at the last minute to share the blame. Dissatisfied Heir—To share the estate, would be better.

EMPEROR WILLIAM IS UP AGAIN

Zurich, Sept. 11.—Emperor William arrived here this evening from Berlin to attend the Swiss manoeuvres, which begin soon. His Majesty was received at the station by Dr. L. Ferrer, president of Switzerland, a delegation of the federal council, high military officials and the local authorities. Then His Majesty was driven to the celebrated Villa Wesendonick, at one time the residence of Richard Wagner.

and where "Tristan and Isolde" was composed. The villa was placed at the disposal of the Emperor by the Reiter family, its present owners. Large crowds cheered the Imperial visitor all along the route from the railroad station to the villa. Last evening President Ferrer gave a banquet to Emperor William, at which he had the opportunity of meeting the members of the Swiss government and the military chiefs of the republic.

Do not think that your own particular idol, whether it be Ruskin or Newman, is the only idol that ought to be worshipped.—Sir Gilbert Parker.

Do not leave wooden tubs dry or they will quickly crack and come apart. Keep a little water always standing in them. Use warm water to sprinkle starched clothes and the effect will be twice as satisfactory. When ironing handkerchiefs it is a good plan to fold the best ones in the ordinary way and the worn or stained ones cornerwise. If the same rule is followed in ironing sheets, towels and table-napkins, one can tell at a glance, without unfolding, what one is getting from the linen closet.
