PRINCE RUPERT READY TO WELCOME THE DUKE

FEDERAL GOVERNMENT WILL EXPLAIN THE SALMON PACKING INDUSTRY TO FRANCE

ADDRESS OF WELCOME TO GOVERNOR GENERAL IS A PRODUCT OF THE NORTH

There is no doubt that H. R. H. the Duke of Connaught has received many addresses of welcome in the course of his long and distinguished career in the service of the British Empire. Many of them doubtless were of the most handsome and elaborate character, but it can safely be said that it has been left to the city of Prince Rupert to present him with an address that for unique and artistic beauty will contain no equal amongst his collection. The scroll of welcome that has been produced by Mr. Morte Craig for this auspicious event is the finest piece of work that that gentleman has so far gotten out, which is saying much. It takes the form of an eight page book, a trifle over eighteen inches square and weighs over twenty-five pounds. The pages are made in a most novel way, the most beautiful matlike white caribou skin being stretched over a framework of thin cardboard.

face of the skin is entirely different from that on leather, producing the effect of heavily embossed copper plate. The very buttons used in the binding are made out of ivory gathered by the Indians, telling of a period that existed previous to that of the glacial era. The cover bears the Duke's crest with the monogram "William Patrick Albert," and the inscription, "The citizens of Prince Rupert to H. R. H. the Governor General of Canada, Greeting." One has to visit the studio of Mr. Craig and view this magnificent work of art to appreciate it in its true beauty. Mr. Craig has very kindly thrown his studio open to the public on the afternoons of today and tomorrow to give the citizens an opportunity of inspecting their civic tribute to H. R. H. the Governor General upon his eventful visit to our midst.

OFFICIAL PROGRAMME FOR THE ROYAL VISITORS NEXT WEEK

Alteration had to be made in the programme for the entertainment of H. R. H. the Duke of Connaught on the receipt of the telegram yesterday from Col. Lowther asking for a readjustment of the schedule. The following programme has been arranged:
11:00 A. M.—Mosquito fleet will meet the royal steamer prior to arrival at the Government wharf. Firing of royal salute. Address by his worship the Mayor, followed by brief addresses from representative bodies.
Guard of Honor—Earl Grey's Rifles, Veterans' Brigade and Boy Scouts.
12:00 M.—Tour of inspection: McBride street, Sixth avenue, Tatlow street, Fifth and Fourth avenues, Tatlow and Fultonstreets, Third avenue, Eighth street, Second avenue to Government wharf.
1:00 P. M.—Canadian Club luncheon to H. R. H. the Duke of Connaught.
2:30 P. M.—Contest by the Indian bands at the Government wharf.
3:30 P. M.—Laying Acropolis Hill reservoir block, planting of a tree in the city park and placing of new hospital inscription plate by H. R. H. the Duke of Connaught.
8:00 P. M.—Royal concert in aid of the hospital, at the Westholme Theatre.
Second Day—G. T. P. railway trip.
Third Day—Leave early in the morning.

OTTAWA WILL TELL FRANCE HOW B. C. SALMON ARE PUT IN TINS FOR EXPORT TRADE

In connection with the telegraphic despatch from Ottawa regarding the enactment of a law in France stipulating that all salmon cans must be marked with the country of origin, the following statement has been sent to Ottawa for the guidance of the French authorities:

"The salmon are all caught in salt water or near the mouth of large rivers, within a very short distance from the canneries, which are all situated at the water's edge.

"The fish are packed fresh, being rarely more than twelve hours old before being canned. "The Dominion and Provincial government have inspectors at work during the entire season, who rigidly enforce the most stringent regulations in respect to the sanitary conditions in the canneries, and during every process of the canning.

"In the majority of cases the fish is dealt with by machines for cleaning and cutting up, and is not handled by operatives.

"Any cans which are not perfect in every respect when finally examined after cooking, are discarded, and are not placed in the

pack for shipment, consequently the quality of British Columbia sockeye salmon is of the highest order."

Mr. W. D. Burdis, secretary of the B. C. Canners' Association, explained that the great bulk of the pack was sold here, after 10 per cent. examination. Great Britain was the principal market, but none of the tins was labelled here, this work being done by the purchasers.

It would be necessary to mark all the cans, continued Mr. Burdis, if any were marked at all. This would mean a loss, as only about 1 per cent. of the output from this cannery went to France, and about a fifth went to France from Great Britain.

Then, again, including the date along with the name would mean that one year's surplus of cans could not be used the succeeding season. Mr. Burdis could not see that the marking of cans as prescribed by the proposed French law would be of much use, as at present there was a very strict Provincial and Dominion inspection. The fact that the British distributors labelled their own cans should be a proper safeguard to the French buyers.

DUKE TALKS OF NATIONAL SPIRIT AT THE CANADIAN CLUB LUNCHEON HELD IN HIS HONOR AT VANCOUVER

Vancouver, Sept. 20.—At the Canadian Club luncheon yesterday H. R. H. the Duke of Connaught said:

"Mr. President and members of the Vancouver branch of the Canadian Club: I desire to thank you most warmly for the kind address which your president has just read. I assure you from my heart that I appreciate your warm welcome. This is not the first time that I have lunched with your club. It is the fifth, I think, and I hope it will not be the last by any means. I recognize that the Canadian Club is one of the best means to keep up the strong national spirit of Canada. Union feel convinced that the national has always been strength and I spirit will help the Dominion to continue its great present prosperity, on which I congratulate you. (Cheers.) I have travelled the length and breadth of the Dominion, from coast to coast, and I believe that I am fitted to judge its prosperity. I hope it

will continue on a sound foundation and I know no better foundation than a strong national spirit.

"What I have seen of the Canadian spirit has convinced me that you also have a strong spirit of devotion to your sovereign and your country, to which we owe so much. (Cheers.) A great help to me in my work to do all I can to promote Canada's interests has been the sympathy and assistance of all Canadians. I have met with the greatest kindness, most cordial welcome and loyalty in my visit through the Dominion. I appreciate the splendid spirit which this bespeaks. When I return to Ottawa I shall certainly inform His Gracious Majesty of the loyalty and devotion of his Canadian subjects. No sovereign ever had a better knowledge of the vast empire which he rules than does King George. (Cheers.)

"In a smaller way I also have had the advantage of serving in

the different parts of the Empire. There is a strong imperial spirit springing up from one corner of the Empire to the other and I believe that it will continue and grow more and more strong.

"Allow me to assure you how much and how deeply I appreciate the immense trouble and expense which you have taken to show your loyalty to your sovereign and his representative. The beautiful arches which you have erected and the decorations on the streets have shown that the people of Vancouver spared no trouble or expense, and I want to thank, through you, members of the Canadian Club, the people of the city; not only for myself but for the Duchess and my daughter. I am not here to make a political speech, but merely to thank you for your most cordial welcome. I hope to see you all again. It has helped me to feel that in my work as governor general of the Dominion I have the sympathy and support of all Canadians."

SERVICES AT THE CHURCHES

PACIFIC GREAT EASTERN TO BE FINISHED IN TWO YEARS SAYS PRESIDENT OF ROAD

"Construction will be started once on the Pacific Great Eastern," was the statement made by Mr. J. W. Stewart, president of that road. "The survey of the route from Fort George to Vancouver has been completed, and the survey maps are not all ready. I expect that the construction gangs will take to the job inside of a fortnight.

"We have three years in which to complete the line, but I hope to see it done in two years. There are no special engineering difficulties to be overcome and the bridges and tunnels will not be of any great length.

"We intend to rush construction," he continued, "and will put a large force of men at work. I cannot tell at what point work will be started as I am not yet conversant with all the plans and details. We will award the con-

tract for the first section right away.

"The road will open up a fine section of the province and serve an immense area now without railway transportation. There is no doubt that the completion of the road will give a big impetus to settlement and a large influx of immigrants is sure to follow the line of steel. Rapid communication has been one of the drawbacks, against which the great portion of the province has labored all these years."

SALMON RUN IS ABOUT OVER ON SKEENA RIVER

Nearly all the canneries on the Skeena have closed down for the season and paid off their men, after a profitable season. The run of sockeye salmon this year at the mouth of the Skeena was light, but the pink fish, humpbacks, came in strong. These, however, were not sought after to the same extent as the sockeyes on account of the extraordinary large run on the Alaska fishing grounds. All the canneries profited by the canning of the sockeyes, although the catch was not what was expected.

In wages, the twelve canneries paid out over \$500,000 this season.

Sockeye came up the Naas in great numbers and all four canneries were taxed to the limit to take care of the red fish, over 1,000 being employed in the marketing of the salmon.

The Mill Bay cold storage plant will, it is expected, freeze over 100,000 pounds of steelhead salmon in the spring and will handle 300,000 pounds of halibut. Extensions to the cold storage plant are planned for next year which will add greatly to the capacity of the plant, which is considered to be the model one of the north.

VETERANS WILL ACT AS GUARD

The Earl Grey's Rifles have drilled most assiduously twice a week for the past month so as to be in their smartest form when acting as guard of honor to his Royal Highness the Duke of Connaught. The Veterans' Brigade also are going to be on the wharf to welcome His Royal Highness, wearing their medals and veteran hats, and altogether the welcoming ceremony should be of a most imposing and auspicious character. Music there will be in abundance, no less than seven Indian bands being in the city upon that occasion to take part in the band contests scheduled to take place during the Duke's visit.

Rev Prebendary Fox Arrives.

The Rev. Prebendary Fox, of St. Paul's Cathedral, accompanied by Mrs. Fox, was an arrival this morning in the city on the Prince Rupert. The reverend gentleman, who will preach tomorrow at the morning and evening services at St. Andrew's Church, is visiting the mission at Metlakahla this afternoon, he having been for a while secretary of the Church Missionary Society, which founded the Metlakahla mission over twenty-five years ago.

OBITUARY.

Dr. Winters, who has for some time past been in charge of the Queen Charlotte hospital at Queen Charlotte City and who had been seriously ill for some time past, died on Monday last before he could be brought to Prince Rupert, where it was the intention of friends to have him placed in the hospital. Word as to his increasingly serious condition was not sent until it was too late, and he passed away on Monday, the end coming suddenly. Dr. Winters, who was a man of about forty-five years of age, was an exceedingly clever physician and a graduate of an old country medical college. His comparatively early demise is a matter of sincere regret to his many friends and acquaintances.

Solomon Nelson, aged twelve years, son of Peter Nelson of Port Essington, died in the hospital this morning at 6 o'clock. The remains, which are at the undertaking establishment of E. L. Fisher, will be shipped by the latter this afternoon to Port Essington, where interment will take place.

FIRST DANCE OF THE SEASON

Last evening a most enjoyable dance, given by the young men of the city, took place in McIntyre Hall. It was the first of the season and was attended by nearly fifty couples. The affair, which owed its inspiration and success to the indefatigable efforts of Mr. W. A. Pettigrew, together with the ladies, who kindly provided the refreshments, was pronounced by all as one of the most successful dances ever given here. The excellent music provided by Gray's orchestra was warmly applauded, dancing being kept up until well after midnight.

W. H. Beak, known to his old time associates of Prince Rupert familiarly as "Pa" Beak, was an arrival in the city this morning on the Prince Rupert after being absent from Prince Rupert for a considerable length of time.

THE DUKE OF CONNAUGHT.

The Duke of Connaught has, it is well known, many old associations with Canada. As Prince Arthur he lived at Montreal and did the State—the Empire and the Dominion—good service at the time of the Fenian raid. The Princess Louise came to Canada with the Marquis of Lorne, who was for a time governor general, and during a few years follow-

ing 1878 she not only took the deepest interest in Canadian art and literature and in Canadian affairs generally, but her artistic talent aided the facile pen of the Marquis in producing a most interesting book on the Dominion, "Canadian Pictures by Pen and Pencil" is a tribute to Canadian scenery and the Canadian people, and enshrines the work of the Princess as a painter and that of her husband as an author.—Ex.

WHITE PASS IS NOT SOLD TO GRAND TRUNK SYSTEM SAYS PROMINENT OFFICIAL

Vancouver, Sept. 20.—Mr. W. B. Close, the London and Chicago financier who financed the White Pass Company and the Atlas Company, has arrived in Vancouver on his way to Banff, where he will await the arrival of the president, Mr. Dickson, of the railway company, who is expected early in October. He denied the rumor that the Grand Trunk Pacific Railway has bought the White Pass & Yukon route, and said that the line was not for sale. He expressed satisfaction with the business outlook in the north country.

"The White Pass & Yukon line," he said, "is constructing new and more suitable steamers and equipment to navigate the Yukon earlier in the spring, thus enabling the early travel and rush shipments to get through to the lower river country without so much of the delays heretofore encountered. The schedules are being so arranged as to make

direct connection with the ocean lines, with the view of popularizing the interior route.

"The White Horse copper properties, which were opened in April, have shipped about 25,000 tons of ore to the Tacoma smelter and the output will be gradually increased until we hope to be shipping at least 1,000 tons daily by the next spring. Additional facilities will have to be provided to take care of this new tonnage, and some care exercised in respect to the question of costs in order to make the mines successful.

"Through the opening of these properties the company will have handled this year more than double the tonnage of any year since the inception of the road to date, not even taking into account the early rush to the Klondyke. The country generally has practically passed the stage of inflate valuations, and the development now taking place is of a more permanent nature."

SPORT CLIPPINGS

Who Will It Be?

With every one in the American heavyweight crop willing to shoulder the burdens that go with the title, and half a dozen of them or their managers claiming the crown, the most obvious thing is that there is no heavyweight champion. That is, if Jack Johnson is sincere in his retirement. Nor is there any hope for a clearing in the befogged situation until some of the present claimants and contenders have battled it out among themselves and by a system of elimination given us some one we can serious call champion.

Not in the history of boxing in this country has the heavyweight title ever before been so much in dispute and so far from having a real owner. With Johnson out of the way, fully five or six men lay claim with more or less justification to the crown. From before Sullivan's time down to Johnson, the championship has passed in a fairly straight line, being in dispute only when Jeffries retired and appointed Marvin Hart his successor.

Langford's Victories.

Langford has beaten all the old guards of white heavyweights who could be induced to meet him quite easily. But when it is taken into account that the best of them was Jim Barry, it can be seen that they were a poor lot. Although the present crop of hopes are still somewhat immature, there are several among them who are much better prospects than Barry ever was. Al. Palzer appears to be the most promising one.

Fining Is Poor System.

The tales of brutality in lacrosse make it evident that the fining system now in vogue in the national game is a failure. Under the old rules there was less of this work. The reason is quite obvious. The clubs concerned, as a general rule, pay the fines incurred by their players and thus practically tell them to "go ahead; do anything you like; we're behind you." If they had the old time rule with the fine added, and saw that such fines came from the salaries of the players, also that a certain number of such penalties put a man out of the game for good and all there would be less of this particular brand of lacrosse. "Clean lacrosse" is the cry down east among the followers of the national game, but "more money" to operate is the cry of all the eastern magnates. Half of the clubs went bankrupt this season and now all hands are trying to sell their franchises.

Joe Lally, the Mann cup trustee, has declared both Reynolds and Walker of the Winnipeg team eligible to play in the cup matches. These players were disciplined by the A. A. U. some time ago for playing against a professional club.

If the New York Giants and the Boston Americans were in the same league, wouldn't the baseball world be goggle eyed watching the race?

John S. Barnes, who led the old Spokane champions of 1890,

has left Seattle for a European trip.

They handed "Dode" Brinker a cheque for \$50 in Portland the other day for hitting the big Bull Durham sign in centre field. Dode responded by striking out with the bases full.

Jimmy Agnew has probably pitched and lost more games this season where his team didn't make a run behind him than any other Northwestern League pitcher, says a Spokane writer.

Late coast averages on former Northwestern players are: Wuffli, 284; Zimmerman, .302; Coy, .297; Swain, .289; Mundorf, .272; Higginbotham, .267; Gibble, .255; Leard, .238. Killilay leads the coast pitchers with ten wins and three defeats.

Comparing the two pennant races, that between Vernon, Los Angeles and Oakland is almost identically the same as between Seattle, Spokane and Vancouver.

An offer has been made for a fight between Johnson and Jeanette at Monte Carlo. That would be one time when a system would win in the famous domain of chance. Play the noir.

The Richie pitcher has gone to the New York well pretty often without being broken.

Hunters complain that yellow legged snipe give the alarm to other game birds. Very un-sportsmanlike of the snipe. There should be a law passed for them, compelling them to add segregation to migration.

Mehegan Wins on Foul.

"Hughie" Mehegan, lightweight of Australia, won the decision in his fight in the Blackfriars ring with "Matt" Wells, the English champion, on a foul. Wells was disqualified in the fourteenth round for knocking down Mehegan after the gong sounded. The fight was fast throughout.

NOTES FROM KITSUMKALUM

A lady encountered a bear with two cubs when passing through "Dad" Veek's ranch at Kitsumkalum one day last week. The lady was badly frightened, but Dad came to the rescue with his dog and while the dog was chasing the bear to tall timbers, Dad was calculating how a lady could make 440 yards in record time while wearing a hobble skirt. He says he has a winner.

Mr. and Mrs. Keith of Toronto have been staying at Kitsumkalum for some time looking over their holdings and speak well of the future of the valley.

Mr. Fred Boldher has had another very successful season with his vegetables. His varieties compare favorably with anything grown on the coast.

Messrs. Wentz & Finlay have opened a restaurant and rooming house here, where the ranchers of the valley will be well provided for this winter.

\$20 for \$8.60

Thousands of persons will read this advertisement. Many of them will idly pass it by, while the thoughtful few will ponder awhile and wonder whether there is really anything in it. "It seems almost impossible," some will say. "It can't be done," will be the opinion of others. "Fancy a Suit or Overcoat made to measure from real British Materials, and delivered right to one's door, for \$8.60," some will cry, "Absurd!" while a small section of readers will probably decide to investigate our offer and

of our Clothing to Measure.

Thus, the result of this advertisement will be that we shall add many customers to our already extensive clientele—men, whose only lament will be that they had not dealt with us sooner.

We are sure of this point, because we have already received thousands of letters to the same effect. One day you also will be tempted to write to us. Why not make our acquaintance now?

Our wonderful patterns of Suits or Overcoats (Carriage and Duty Paid) for \$8.60 to measure can be had for the asking. Our customers value them at \$20, and we enclose with patterns many unsolicited testimonials to this effect.

SEND US THAT ENQUIRY.

Remember we guarantee to supply you with as smart a Suit or Overcoat as you have ever worn for less money than you have ever paid.

We teach you how to measure yourself, and we take the risk. We guarantee satisfaction or refund the full amount of your purchase. Act to-day. Our free patterns are to be had for the asking.

In the Highest Degree Profitable

Some men figure that as the mercury climbs up sales will fall down. And figuring that way, fate is kind and does not disappoint them.

So there has grown up a commercial superstition that Summer is a dull season.

No greater fallacy has ever gone so long unchallenged.

Summer is a dull season for many lines—but there is no fundamental reason why it should be.

For instance, take a typical case—that of the Canadian wallpaper manufacturers.

They wished to secure their placing orders from the retailers before the early Fall—when American lines are offered. Through education by Advertising, they advanced the season to start the middle of June, instead of the end of August, and they now beat their foreign competitors to the market by nearly three months.

Perhaps you face a selling problem that education by Advertising will solve. Perhaps your Summer business needs the tonic of Summer Advertising.

As the mercury climbs up to its highest degree, increase, rather than slacken, your Advertising and selling efforts. You will find it profitable—in the highest degree.

Advice regarding your advertising problems is available through any recognized Canadian advertising agency, or the Secretary of the Canadian Press Association, Room 503 Lumsden Building, Toronto. Enquiry involves no obligation on your part—so write, if interested.

NEWS NOTES OF THE GREAT WEST

The building permits issued in Calgary this year number 2,600. The total value is \$12,500,000.

Winnipeg building permits for 1912 pass the \$17,000,000 mark. Odd Fellows' convention opens tomorrow, and 10,000 will attend. Bank clearings for the past fiscal week increased \$7,800,000 over the corresponding week last year.

The directors of the coal property being developed at Entwistle, west of Edmonton, visited the mine and were pleased with prospects, and state the plant will develop rapidly.

Harvesting in the Edmonton district is proceeding rapidly under ideal conditions. The grain is in splendid condition—high yields and grade. All barley, 90 per cent. of the wheat and 60 per cent. of the oats has been cut. There has been no damage from any cause.

The Battleford, Sask., Board of Trade purchased the output of the Homogenized Milk Company for Saskatchewan, and will erect a large plant immediately. Ten thousand dollars has been appropriated to purchase cattle to distribute among farmers. This will greatly encourage mixed farming.

Daniel Elman and John Schuman, residents of Regina, narrowly escaped with their lives when the gas tank in the house of Elman exploded with terrible force, badly wrecking the house and severely injuring both men. At the time of the explosion, which was caused by the breaking of an improvised gas tank, the men were engaged upon an invention in connection with automobiles and which it was hoped to have completed during the next two weeks.

Next year the Nelson Improvement Association will again distribute rose bushes at cost price to residents of Nelson and district, according to W. R. Jarvis, president of the association. He declares that the scheme inaugurated this year had proved so successful in aiding in beautifying the city, in spite of the delayed arrival of the bushes, that it had been decided to follow the same course next year.

LOCAL JOTTINGS

Anglican Church.
The services in St. Andrew's Church, Centre street, tomorrow will be in connection with the synod, and the special preacher will be Rev. H. E. Fox, prebendary of St. Paul's Cathedral, London, Eng. Among the clergy taking part, in addition to Bishop Du Vernet, will be Archdeacon Collinson, Rev. William Hogan, Rev. F. L. Stephenson, Rev. J. Field, Rev. William Cray and the rector, Rev. E. C. Bureh.

The ladies of Prince Rupert will appreciate the service that Renworth & Jefferson are endeavoring to give them in the establishment of a shoe shine stand inside the store. It will be ready for their patronage on Tuesday, 24th inst. 223-224

For delicious candies and chocolates go to the E. E. Confectionery, opposite Post Office. 223

WEE DANCERS WILL BE IN THE KIRMESS

Young Professor Milton Douglas, the clever and accomplished son of Ald. Douglas, has been working hard ever since his arrival in the city, in preparing the large aggregation of children who are going to take part in the entertainment, known as Kirmess, which will be put on at the Westholme Opera House on the evenings of September 26, 27 and 28. There will be a change of programme each night, which will consist of fancy and ball-room dancing, songs, flag drills, etc.

A minstrel show will be included in the entertainment to be provided on the first two evenings. On the last night Professor Douglas will endeavor to break a record held by himself, of dancing against time, and a prize waltz competition will be held for the championship of Northern B.C. The prize for this will be a medal for each of the winners, and their names will be recorded on the books of the dancers association, an association that is operative in each state of the union as well as in British Columbia. Prof. Douglas has authority from the recorder of B.C. to hold this competition in Prince Rupert.

On Wednesday next they will arrive from Seattle two children of the respective ages of five and eight years, the latter being the champion dancer of the State of Washington. They have both received their entire training under Professor Douglas. This unique and refined entertainment will be the first of its kind in Prince Rupert.

Before you go to the theatre go to the E. E. Confectionery for fresh made candies. 223

Rehearsal Tomorrow.
The members of the Veteran's Brigade are requested to meet at the Knights of Pythias Hall on Monday morning at 9:30 sharp in readiness for the parade of welcome to H. R. H. the Duke of Connaught.
