#### ANGLICAN SYNOD DISCUSSES INDIAN RESERVE QUESTION

SPIRITED DISCUSSION TOOK PLACE YESTERDAY ON THE REPORT FROM THE INDIAN MISSION FIELD—CANON O'MEARA IS CENSURED.

Practically the entire time of the meeting of the Anglican synod yesterday afternoon was taken up with the question of the church's relations with the aborigines of the province. The discussion of the Indian question came up upon the report of the committee representing that branch of the work being presented. In view of the fact that the Indian question was going to be discussed, invitations were extended to Inspector of Indian Agencies A. Tyson, Indian Agent E. C. Perry and William Manson, M. P. P., to be present.

Two sections of the report, adjourned until the evening. In the evening the remaining sections of the report were discussed. These dealt with the need of more educational work among the Indians and the need of government support in this line. Today "A Quiet Hour" is taking place, attended by members of the clergy and laity of the Anglican Church at St. Andrew's Hall. This evening the meeting of the synod will be brought to a close by a public meeting, to be held at St. Andrew's Hall. Among the speakers will be the Rev. Mr. McCullagh, who has been for thirty years a missionary working in the valley of the Naas, and the Rev. F. L. Stephenson, a clergyman who first went up the Skeena River in 1886, and upon the historic gold rush to the North in the spring of '98 was the first clergyman of the Anglican Church to set foot in the famous Atlin placer mining camp. Some years later Mr. Stephenson, upon giving up his charge there, "mashed" the whole distance of 600 miles from there to the Bulkley Valley over the telegraph line, at which place he has since been located.

#### CHINESE REBEL AND MANY DIE

Fierce Fighting Follows Mutiny of Troops in Province of Hupeh—Rebels Are Repulsed.

Pekin, Sept. 26.—Troops camped outside of the gates at Wuchang, the capital of the province of Hupeh, mutinied last night and attacked the loyal troops garrisoned in the city, who numbered several hundred men, mostly cavalry. After several hours of fierce fighting, in which many were killed on both sides, the mutineers were repulsed. The list of those killed and wounded in the affray is unknown.

#### CANADA HOLDS KEY TO PEACE

Dominion Controls Supply of Nickel, Without Which Armor Would Be Useless.  
(Special to Daily News.)  
Ottawa, Sept. 26.—Canada, it has been discovered, holds the key to the peace of Europe and can by prohibiting the export of nickel solve the naval riddle of the European continent. Seven-tenths of the world's supply of nickel comes from Canada. It is used extensively in the manufacture of armor plate, and without it the great battleships would be useless before modern gun fire.

#### EARL GREY'S RIFLES HOLD FIRST ANNUAL BANQUET

MEN WHO ACTED AS GUARD OF HONOR TO HIS ROYAL HIGHNESS THE DUKE OF CONNAUGHT CELEBRATE AT DINNER WHICH WILL BE REPEATED.

Last evening at the Premier Hotel the first annual dinner of the Earl Grey's Rifles was held. The affair was a great success and attended by every member of the corps in the city and several invited guests, including Dr. Tremayne, Government Agent J. H. McMullin and Mr. J. R. Beatty, all of whom were members of the original "Muskeg Scouts," from which the Earl Grey's Rifles took its inception. After partaking of the excellent repast provided by mine host, Mr. Fred Henning, the popular manager of the hotel, Captain Fred Stork, the commander of the troop, as toastmaster, gave the health of the King, which was drunk with musical honors and round upon round of enthusiastic cheers. Sergeant Youngman followed with a song, which fairly started the ball rolling. Captain McMordie, in a rousing speech replying to the toast of "Canada, Our Home" in a spirit of patriotism and enthusiasm, set the tone for the evening's entertainment. The tried and hardy veteran Sergeant Brown next obliged with a song, which was followed by the toast, "The Boys That Wear the Uniform," which was responded to

by Color Sergeant George Leek and Sergeants Jack and Stowell. Private Garrett, in response to repeated shouts for a song kindly obliged with one of his popular numbers, and the toastmaster rose to his feet and proposed the toast of the evening, "Our Boys," which was drunk with full musical honors and round after round of vociferous cheers. Corporals Evitt, Youngman and Averill making suitable and pleasing replies. Corporal Evitt, in his inimitable style, convulsed the gathering with a comic song, when the concluding toast "The Ladies," responded to by Privates Heathcote, Davis and J. Boyer, brought one of the most successful gatherings of its kind to a close. The Earl Grey's Rifles, which acted as a guard of honor to H. R. H. the Governor General upon his recent visit to the city, are a body of men that would be credit to any city, their strength, which is being augmented in proportion to the city's growth, bidding fair to be a force to be reckoned with in the future in regard to the defenses of the outposts of the Empire. #### TWO HUNDRED DOLLARS TAKEN BY DARING BURGLARS LAST NIGHT

Burglar Entered Through Rear of Frizzell's Meat Market and Forced Cash Boxes of Safe, Securing Over Two Hundred Dollars in Cash and Cheques—Third Time Store Has Been Entered

Gaining an entrance through the back door of Frizzell's meat market, Third avenue, early last night, and forcing the cash drawer of the safe with a cleaver, burglars secured over \$200 in cash and currency. Mr. Frizzell was in the shop about 7 o'clock and upon going home for supper neglected to turn the combination lock on the safe door. He returned to the store two hours later with the evident intention of locking the safe, but hearing the whistle of the Che-lohshin, on which he had business, neglected to look at the safe and went to his automobile and drove to the wharf to meet the incoming steamer. He did not remain long at the

wharf, and on his return to the store went at once into his office. Immediately he entered the room he noticed that some one had been tampering with the safe, for the door was flung wide open. On closer investigation he found that the cash drawers had been forced with some sharp instrument, presumably the heavy cleaver that was lying on the office floor near the rifled safe. Mr. Frizzell rang for the police and they arrived a few moments later and are investigating the robbery, which is characterized as the most daring ever perpetrated in Prince Rupert. Entrance was easily effected through the rear door by means of a hole in the screen summer door to the cheap padlock which

secured the door. This was unlocked probably by means of a duplicate key. This is the third occasion within a few weeks that the place has been burglarized, but the speculations have always been confined to the petty cash. It became so serious lately that Mr. Frizzell discontinued his usual custom of leaving a small amount of cash in the register for the transaction of the early morning business. Evidently the same man or men have committed all the crimes, and emboldened by the success of their first robbery planned a greater haul. Apparently the work was that of amateurs, and the police hope to apprehend them shortly.

#### CHICAGO POLICE HELD MEN WANTED AT NEW WESTMINSTER

CHICAGO POLICE LIBERATED MEN WHOM THEY KNEW WERE WANTED FOR ROBBERY IN BRITISH COLUMBIA.

Chicago, Sept. 25.—That the Chicago police had one of the bank of Montreal robbers in custody less than a month after the robbery, and, knowing that he was wanted in connection with the robbery at New Westminster, allowed him his liberty after only four days incarceration, is the charge made against the heads of the police department today. J. S. Morgan was the man's name and he was also known by the aliases of John Harris, Frank Clark and "Chicago Slim." J. Porter is another member of the same gang and is believed to have been one of the men who attacked Lieutenant Burns. Latest information from private detective sources is to the effect that he has escaped to England. The mass of contradictory statements made by police officials and witnesses who were present when the alleged bank robbers beat Lieutenant Burns to unconsciousness and fled aroused the aldermen. It was reported today that at the next meeting of the City Council a resolution will be introduced providing for the appointment of a special commission to make a far reaching enquiry into the Police department.

Bernard K. Burns will soon be laid before the public. The developments are: First, the arrest of John Sidias, the saloon keeper, at 1149 South Wabash avenue, where the robbers had been making their headquarters up to the time of their escape. Second, the announcement that an investigation of the whole affair is soon to be instituted either by the city civil service commission or by a committee of aldermen. Third, a statement by Miles J. Devine, lawyer and politician, in which he declares himself the man who "tipped off" to Burns and McWhenny the fact that the robbers were at Sidias' saloon, and new statements from Burns, McWhenny and a witness to the fight, details of which conflict.

Harrison Wants Probe.  
Mayor Harrison is said to be anxious to learn whether there is any truth in the report that the alleged bank robbers were offered protection from arrest in Chicago on condition that they should pay \$25,000 to each of four high police officials. Three developments were reported today out of a maze of reports, rumors and contradictions, and they make it reasonably certain that the whole truth as to the escape of the New Westminster bank robbers through the hands of Police Captain John McWhenny and Lieutenant

St. Andrew's Society.  
The regular meeting of the St. Andrew's Society which was to have been held tomorrow night has been postponed until Monday night at 8 o'clock. The meeting will take place in the society's rooms on Second avenue, Sibbald building.

#### HEAVY FINE ON LIQUOR SELLER

Andrew Reed Fined Three Hundred Dollars for Selling Booze to Indians.

For supplying liquor to an Indian, Andrew Reed, proprietor of the Grandview Hotel, was fined \$300 by Government Agent McMullin. According to the evidence, Reed had disposed of ten bottles of liquor to Jasper Derrick, an Indian. Indian Agent G. C. Perry found the fire water in the red man's possession and arrested the man and secured from him the information as to who had supplied him with the stuff. Consequently Reed was arrested and appeared in court on Tuesday, but the case was adjourned until yesterday. Dominion Policeman Phillipson prosecuted and Inspector of Indian Agencies A. Tyson watched the proceedings on behalf of the Indian department. Reed pleaded guilty to the charge. Mr. Tyson said that while it was not his desire to have unnecessarily heavy fines imposed in these cases, it was the aim of the department to absolutely put a stop to the supplying of liquor to Indians. He therefore asked the Magistrate to impose the maximum penalty in this case, which was of a particularly flagrant character, as it would serve as an object lesson to possible offenders in the future. The maximum penalty called for the payment of a \$300 fine together with six months' imprisonment. Magistrate McMullin, after severely censuring the accused, allowed him his liberty upon the payment of the fine.

#### PRINCE GEORGE STAYS ON RUN

Big Boat Will Continue to Make Weekly Trips to Stewart from Prince Rupert.

Word has just been received at the local office of the G. T. P. from Vancouver that the prospects and trade at Stewart and on the Portland Canal are so good that the company will continue the weekly trip of the Prince George to that port during the month of October. The original plans were for a discontinuation of the trip by the Prince George from Prince Rupert to Stewart, but lately the traffic to that place has been on the increase and the G. T. P. officials think that it justifies the service for another month.

#### ROYALTY VISIT PORT SIMPSON

H. R. H. the Duke of Connaught Visited Simpson and Was Presented with Address.

Before leaving here yesterday morning His Royal Highness expressed his desire to sail as far north as the Alaskan boundary line. Accordingly, when the Princess Alice left here she headed for the North, where the steamer patrolled the line to the junction of the Portland Canal and Naas Straits. From there she went to Port Simpson. A stop was made at Port Simpson and a royal welcome was given the Duke by the Indians, who entertained him with a band concert. Princess Patricia and her mother joined the Duke in his trip ashore and visited the chief's wife, where the Duchess was presented with a handsome paddle and His Royal Highness was presented with an address by the chief. Totem poles and slate platters were given to the visitors by the Indians as mementos of their visit. The Methodist Church was inspected, as were also the historic buildings of the Hudson's Bay Company. Pantorium Pioneer Cleaners, Phone 4. Artistic Job Printing at the Daily News office.

#### TROOPS ARRIVE IN ULSTER TO MAINTAIN PEACE ON SATURDAY

SCOTTISH BORDERERS AND HIGHLANDERS ON WAY TO ULSTER TO PRECLUDE POSSIBILITY OF TROUBLE ON DAY OF SIGNING OF COVENANT.

(Special to Daily News.)  
Belfast, Sept. 26.—Regiments of Highland infantry and Scottish borderers are en route to Ulster in the anticipation of trouble on Ulster Day, September 28th, when the solemn covenant prepared by Sir Edward Carson protesting against home rule and defying the authority of an Irish parliament will be signed. The Royal Irish Rifles are already in the city, and thousands of citizens were enrolled yesterday by the civic authorities to aid in the maintenance of order. A demonstration was made at Portadown, which is described as

being one of the largest and most impressive of the whole campaign against the action of the Commons in granting home rule by reason of the display of armed force and the enormous number of Orangemen and Unionists who assembled to greet Sir Edward Carson and other anti-home rule leaders. Carson in addressing the crowd declared that they were performing the obsequies of home rule. Suits! Suits! Suits! Try one of ours and you will be satisfied. Sweder Bros., Tailor.

**BORDEN MUST OFFEND BOURASSA OR M'BRIDE.**

According to the press despatches of yesterday, the cabinet ministers have cancelled their trip to the West, in order to prepare for the opening of Parliament in November.

Never has any opposition so welcomed the opening of the battle as do the men who are supporting the "grand old man," Sir Wilfrid Laurier, and never did any Canadian government take up the work of the session with as great reluctance as does the Borden administration now.

For with the opening of Parliament Borden must disclose his naval policy, and in doing so must either lose the support of his erstwhile henchman Bourassa or McBride, who

must protect "his" Pacific Coast.

With the extravagant promises made to the Nationalists in the East and the interview given by Sir Richard McBride to a Toronto paper, endorsing Laurier's policy, before him, Borden is truly between the "diel" (apologies to Bourassa) and the deep sea.

His weak idea of bringing Churchill from England to support him on his naval bill was one that disgusted all true Canadians, who, previous to the last election, had listened to the harsh denunciation of the Liberal naval policy from the Conservative leader, only to find that he had nothing better to offer and then, when necessity compelled him to father some sort of a scheme, try and rope Churchill in as a sort of guardian.

**TWO MEN HURT BY SLOW SHOT AT VANCOUVER**

Vancouver, Sept. 24.—Percy Turner and Percy Saunders, who live at 230 Abbott street, went up into the air yesterday afternoon at 4 o'clock for a distance of nearly 30 feet. They came down again and in the sudden movements which both men made they both contracted slight injuries.

It was at the corner of Commercial drive and Charles street. The men, who are very good friends, had set off a blast. After waiting some time they went back and at that minute the blast went off. Turner had the bone in his nose broken and his face

burned. Saunders was hurt on the jaw and suffered from shock. The men were employed by H. Glover, 47 Hutchinson block, and Mr. Glover took them home in his car.

**Launch Has Adventure.**

Seattle, Sept. 24.—Four days late, but safe and sound, the fishing launch Seagull is in port after a most tempestuous voyage from Astoria. The owner of the vessel, Lars Hansen, had become so alarmed over the fate of the launch and its crew of four that he got the life saving tug Snohomish to make a search for her. Captain Christ Abrahamson, however, says that a little thing like a 45-mile gale and low provisions did not bother him, and he even turned down the offer of aid last Tuesday from the steam whaler Sebastian.

**MEN OF ULSTER INTEND TO SIGN THE SOLEMN COVENANT**

**SIR EDWARD CARSON AND FREDERICK SMITH WILL BE THE FIRST TO SIGN THE SOLEMN COVENANT PROTESTING AGAINST HOME RULE—WILL FIGHT.**

London, Sept. 26.—On Saturday, September 28th, Unionists of the northern counties of Ireland propose to register their formal defiance of home rule.

Assembling in halls, market places and the churches, the men of Ulster will sign a covenant pledging themselves never to submit to any government from Dublin which may be imposed upon the country by the Asquith-Redmond home rule bill passed by the House of Commons.

"Ulster Day" is the designation chosen for this remarkable political sacrament.

**Local Self-Government.**

Home rule in its revived form

of local self-government instead of complete separation for Ireland has aroused no deeper political feeling in England than other questions—the tariff, the lords and Lloyd-George's taxation measures. Indeed most of the Englishmen appear willing that Ireland should have the power involved in Mr. Redmond's proposition if only the strife and bitterness can be ended.

But the stumbling block has developed in the Unionists of Ulster. Before they will submit to separation they will have civil war, the leaders threaten. Home rulers, however, treat these threats with ridicule.

Members of Parliament like Sir Edward Carson, an Irishman, and F. E. Smith, one of the most conspicuous of the younger Conservatives and not a Irishman, have made speeches in parliament and outside announcing freely that Ulster will never recognize a home rule government and urging the people to resist.

Sir Edward Carson and F. E. Smith are to be the first to write their names to the "covenant" in Belfast city hall, where the largest assembly is expected. How many names will appear on this unique declaration of independence is a subject of newspaper speculation.

**"A Day of Rest."**

The Belfast corporation has recommended all employers to give Saturday to their men as "a day of rest." The governing body of the Presbyterian Church has issued a manifesto declaring that the home rule threatens religious freedom and setting apart the day as one for worship and prayer.

The covenant is to be signed on the steps of the Belfast cathedral, and religious services will be held there as well as in many Presbyterian, Methodist and Church of Ireland places of worship in Ulster.

Unionist women have formulated a draft of declaration for members of their sex to sign and are preparing a demonstration.

The signing of the covenant may prove the prelude to a great rebellion, or it may be a flash in the pan. Two years at best must elapse before home rule can begin to be established because the House of Lords can hold up the bill for that time. The present drift of political feeling indicates that the Liberal party may go out of office within that period.

EXPERTS EXAMINE THE GROUNDHOG PROPERTY

ENGINEERS TO EXAMINE COAL FIELDS ARRIVE AT HAZELTON—LARGE AREA COVERED BY THE WORK ALREADY DONE.

The Groundhog coal field has been much in the limelight throughout the season. Much has been said and written of the great coal measures of the north district, and now, it is to be hoped, those interested in the measures and the people of the province generally will soon learn from authoritative sources what the future prospects of the district are. In addition to the prospecting and development work which has been prosecuted during the summer by the Amalgamated, the B. C. Anthracite Coal and other big concerns, there has been a thorough examination of the field from geological and economic standpoints. G. S. Malloch, of the Dominion geological survey, has continued his work, covering the newer portions of the coal area. William Fleet Robertson, Provincial mineralogist, has inspected the field in behalf of the Provincial Department of Mines, and two parties of engineers, acting for the Vancouver capitalists who have invested so heavily in the district, have been engaged in experting the coal measures. Messrs. G. W. Evans and Gustav Grossman, assisted by Messrs. H. E. Taylor and G. N. Lowenthal respectively, have examined 335 claims on the Skeena, Stikine and Klapan slopes for the Amalgamated Groundhog Anthracite Coal Syndicate of Vancouver. These claims were staked by "Groundhog" Jackson, Bob Macdonald, A. E. Falconer, H. Corner and Thomas Hankin. Mr. Evans also examined the B. C. Anthracite Company's property, situated on the upper reaches of the Skeena in the vicinity of Trail, Currier, Jackson, Teifer and Langlois creeks. This property adjoins the claims held by Mr. McAvoy. The engineers are expected to arrive in Hazelton this evening. While local men interested in various parts of the big coal field are quite naturally anxious to learn the character of the reports which will be presented, it is not to be expected that anything will be made public until after the experts have reported to their clients, the owners of the groups on which they conducted their examinations. The party, consisting of 22 men, has enjoyed the finest of weather, the climate being identical with that which has been experienced around Hazelton. It will be no especial treat for the boys to get fresh meat in town, as cariboo and goat meat has been plentiful and at times when the larder was shy a feed of "whistler" could always be procured.—Omineca Miner.

SOCCER NOTES OF OLD LAND

Reid of Airdrieonians scored all three goals against Motherwell in the Lanarkshire cup tie at Fir Park. The Bloomfield men were in fine form and thoroughly deserved their victory.

Thomson and Cloverdale, of Genclair, are this year assisting Sunderland.

Mr. D. McEwan is no longer a Dundee football club director. He was among the unsuccessful candidates.

Airdrieonians are at present negotiating with Conlin, the ex-Manchester City and International player.

James Galt is to be Hume's understudy at Pittodrie this season. He went to England, but has been out of football for two years. Previous to going to England he was a regular player for the Aberdeen "A" team.

In the majority of matches in which Glasgow Rangers were defeated by 2-1 last year, Billy Hogg scored the goal.

Clyde cronies are all confident that they are to go one better this season than last—that is, they are to win both the cup and the league.

Hughie Simpson, of Raith Rovers, and Robert Bonthron, the Birmingham back who was transferred to Airdrieonians last year, are playing for the Leigh Club this season. Between these seasoned players and a clever goalkeeper, who has recently signed for them, the "Zebras" look like having a really strong defense.

Bill Duncan, the St. Mirren custodian, and the directors of the club are split as to terms. 'Tis a pity, for Willie saved them many times last season.

Thomas Wilson, who played centre half for the Hearts, has been transferred to Luton. Wilson went to the Hearts from Middlesbrough.

An old Edinburgh favorite has been killed in a train wreck near Buffalo, in the person of John Tait, who played for the Hearts in 1902.

Bobby Templeman is to stay on at Kilmarnock another season. Killie could not do without Robert.

Kilmarnock will be a force to reckon with this season.

The Queens Park evidently believe in Maes. No less than three McKenzies appear in their team's playing list this year.

Sheffield Wednesday's team for this season has as usual been

built on solid, substantial and thick lines, any one member of which is said to be able to squash anything on two legs. It remains to be seen if it can squash the ball into the net or not.

"Longshanks" Edie and Kelso, of Manchester City, are to have a benefit this season. They deserve it.

Except that Beal will defend the uprights, Manchester United will play the same team this season as last.

Be Suspicious BE suspicious of that of which nobody is proud. Be suspicious of the mere low-price argument offered in favor of an article with no reputation, no backer, no guarantor. Better buy the thing you know and can trust, than an article unbranded and unvouched for. The branded shoe, made by a maker with a reputation, is a safer shoe to buy than the one made in an unknown factory by an unknown maker. That in which much money has been invested to make or keep it good is worth more than that on which nothing or but little has been spent. Peace of mind is worth something, just as quality is. Buy peace of mind. When you buy anything worth while buying, buy that of which you know—from advertisements, or from other dependable acquaintance. Buy the article with the "money back" guarantee—with the pledge of a known name behind it. Tea sealed in a packet bearing the name of a reputable firm is to be preferred to tea of which the packer is not sufficiently proud to advertise its quality. Put your faith in the advertisements appearing in good newspapers. Beware of the article that cannot stand the spot-light of publicity. The commodity an advertiser backs with his own money is something worth your buying. Advice regarding your advertising problems is available through any good advertising agency or the Secretary of the Canadian Press Association, Room 503 Lumsden Building. Enquiry involves no obligation on your part—so write, if interested.

## PRINCE RUPERT MAN WINS CASH

W. E. Cornish, Post Office Clerk, Wins Large Prize in Vancouver Puzzle Competition.

Who wouldn't spend five minutes in figuring out the hardest puzzle if they were sure that they would receive \$135 for it? Mr. W. E. Cornish, of the post office staff, however, was not sure of his reward when he concentrated his brain to the task of solving a picture riddle which appeared in the Vancouver Daily Sun advertising columns.

The Montelius Piano House, of Vancouver, was advertising prizes for the solution of a complex picture puzzle. Mr. Cornish sent in the correct answer and yesterday received by mail the sum of \$135.

He is today receiving the congratulations of his many friends, who hope that his ingenuity may again bring him the reward that he deserves.
