PUBLIC AFRAID CHINESE LOAN

Only Forty Per Cent. of the \$45,000,000 Offered in London Taken Up.

London, Oct. 3.—The issue of the independent Chinese loan last week was a failure as far as the public was concerned. Only about 40 per cent. of the \$45,000,000 offered was subscribed by the public, so that the underwriters had to take up the remaining 60 per cent. Charles Birch Crisp, the head of the syndicate, said that the number of applications, including those of the underwriters, was 5,860, and the amount asked for was \$34,935,000. The loan is quoted at 1/4 per cent. discount. Mr. Crisp's associates say the additional Chinese loan of \$10,000,000 being issued in Hamburg has no connection whatever with the Crisp loan.

H. H. Fuller, of London, England, accompanied by his son, C. D. Fuller, who has been a visitor to the city for the last few days, returned south this morning on the Prince George. Mr. Fuller, who is a man of considerable prominence in financial circles in London, is a specialist in land values, and although the trip to Prince Rupert was solely of the nature of a holiday, he took the keenest interest in the subject of this city's phenomenal growth and importance. He spent the entire day yesterday in the company of Mr. G. R. Naden in going over the townsite and showed the greatest interest and enthusiasm in the future of the city. His son made the run up to Hazelton and was extremely delighted with the trip.

(Special to Daily News.)

Westport, Conn., Oct. 4.—Eight persons met a horrible death here yesterday when the fast Springfield express, from Hartford to New York, running over the New Haven & Hartford road, was wrecked just west of this station.

Rushing toward a crossing at a terrific speed, the heavy train failed to take the cross-over from one track to another and jumped off the rails into the ditch. The mail, baggage and four Pullman cars were demolished and soon took fire.

The three men on the engine were killed instantly and five women passengers in the first Pullman coach also were killed, while numbers were injured.

The cries of those imprisoned in the burning cars and the moans and screams of the wounded and dying were terrifying.

Hundreds congregated around the wreck and aided in the work of rescuing those in the burning cars. Doctors hurried from all quarters of the city and the ambulances from the hospitals were on the scene within a short space of time.

DUCHESS AND DAUGHTER SPEND DAY AT SHAWNIGAN LAKE CAMP—DUKE GOES SHOOTING WITH SUCCESS—PARTY LEAVES CAPITAL FOR NEW WESTMINSTER AND EAST.

(Special to Daily News.)

Victoria, Oct. 3.—H. R. H. the Duke of Connaught spent a very pleasant day yesterday hunting on Moresby Island, where he secured a good bag of game.

During the absence of the Governor General on his hunting trip, H. R. H. Duchess of Connaught and Princess Patricia visited the logging camp of the Shawnigan Lake Lumber Co. at Shawnigan Lake. They were greatly interested in the operations of felling the great trees and shipping them to the mill, where they watched them being cut up. At noon they partook of the loggers' luncheon, which they apparently enjoyed very much, and on leaving shook hands with all the lumberjacks. They were

given an enthusiastic send-off by the loggers.

On returning to Victoria the royal visitors embarked on the Princess Alice, which sailed this morning for New Westminster, where the day will be spent at the British Columbia fair, now in progress. They will leave tonight for interior points.

Editorial Notes and Clippings

UNION OF CANADA AND THE UNITED STATES

There is only one way in which the two great American countries, Canada and the United States, will ever for a moment consider the advisability of union. And it would be well for those who made the great show of flag waving last election to study the matter out.

Union, or if you would rather say annexation, will and never can take place because the Canadian farmer receives more for his grain across the border than he does in the other markets to which he sends his produce; nor the fact that the consumer in Canada buys shoes cheaper under a system of reciprocity, does not necessarily say that he sells his loyalty for those shoes. Japan and the Conservatives are the ones that make the bogey of annexation possible.

Canada's Pacific coast needs a navy, and the lack of a naval unit one third as strong as the sea power of Japan is the only possible chance for the union of the two countries. At the present time, were the wheel of fortune to so turn that Japan would consider the possibility of war with Great Britain, Canada would have to look for protection to the United States, and that country would not likely to attempt the protection of the thousand miles of British Columbia's coast for mere generosity.

While the possibility of war between Great Britain and Japan is laughed at and ridiculed, the same people recognize the possibility of trouble between the Republic and the Japanese Empire. Even men high in the United States military circles admit the probability of such a state of affairs.

Suppose for a moment that those two great nations did engage in a war. Where would the battle ground be? The Philippine Islands is the usual answer to such a question, while others will as promptly say, the Hawaiian Islands. Seldom is it that the answer is "Alaska." There it is though, that the great fighting would likely take place, as well as in the Philippine Islands.

Japan would dearly like to secure a hold on the American continent, where her people are flocking in thousands yearly, and failing to purchase Lower California from Mexico, has not banished the idea of

one day having a hold on the western side of the Pacific.

Each year the navy of the Oriental Empire is increasing, faster perhaps than that of the United States. Her sailors and soldiers are trained in the latest methods of war and consider there is no greater honor than to die for their country. Nogi was no exception to the general spirit of loyalty existing in Japan.

With a large navy and such determined men, the Japs would put up a strong fight, and Alaska as the battle ground would be as advantageous to them as would the Philippine Islands. With three divisions of their fleet they could effectively work the conquest of two places at least, for undoubtedly the Philippine Islands would be an object of attack, and the mid-Pacific possessions of the United States would also be in danger, and must either be properly protected or abandoned. The thousands of subjects of the Mikado on the Pacific slope would also need watching, as would the whole coast from Lower California to the Straits. If this was accomplished then Alaska, 2,000 miles from San Francisco, must be left at the mercy of an invasion and the advantages offered for such are many.

Admitting then that Alaska would be the scene of conflict, what would prevent the scene shifting from there to the British Columbia coast, or, did the brown men secure the footing they so much desire, what would prevent them overrunning the coast and through the Straits of Georgia carry the war to Puget Sound?

The naval policy of the Conservatives makes this thing horribly possible. Had Canada a naval unit of a third the strength of Japan the neutrality of British Columbia could be maintained, but otherwise it might be the scene of the greatest war the world has ever seen, and Canada would not hesitate to join in the fight whether it meant annexation or not.

Great Britain could offer no very great assistance from other than the Chinese squadron, for fear of a German invasion.

The necessity of the establishment of a Pacific unit is so necessary that no time should be lost in the establishment of the nucleus of one.

WAR COMMENCES ON SERVIAN FRONTIER—ULTIMATUM NOT YET DELIVERED TO TURKEY

ALTHOUGH NO ULTIMATUM HAS YET BEEN DELIVERED TO TURKEY, HOSTILITIES HAVE COMMENCED ON FRONTIER.

(Special to Daily News.)

London, Oct. 3.—No ultimatum has as yet been delivered to Turkey from the four Balkan states, but reliable information says that one will be presented tomorrow. Included in the intended ultimatum will be a demand for the autonomy of Macedonia, Albania, Old Serbia and Crete. This must be granted within three days.

In the event of no favorable reply being received at the end

of three days, the Balkan coalition will repeat it and issue a collective note to the great powers notifying them that at the expiration of another three days the Balkan states will enforce their demands by resorting to arms and will immediately commence hostilities.

Rumors which cannot be verified say that fighting has already commenced along the Servian frontier between small detachments.

GOVT. NEEDS MORE DOCTORS

Many Hospitals in Province Offer Posts to Doctors, but Government Cannot Secure Them.

Victoria, Oct. 4.—Several medical positions, more or less desirable, are at present going begging in this province. Hon. Dr. Young has, in fact, no fewer than seven vacancies to fill, for which there are no candidates. These are the posts of resident medical practitioners and local medical health officers at Hope, Elko, Port Renfrew, Clayoquot, Alexis Creek, Denman and Hornby Islands and Queen Charlotte. The subsidies attaching are not large, running from \$300 to \$500 per annum, but the practitioner in each case has a monopoly of the field and could no doubt pick up a comfortable living. It appears, however, that the medical men as a class prefer to take their chances in the cities rather than encounter the hardships of frontier life in British Columbia.

The post at Queen Charlotte is one of the most desirable of the

lot. It was until recently filled by the late Dr. Winters, who came to it from Columbia Mission, and whose untimely death was much regretted. This office carries not only a subsidy of \$300 per year, but there is also a physician's residence in the hospital, so that it is a fairly comfortable post.

Fort Fraser, which is not included in the above list, is also vacant, and has been for some time waiting in vain for some one willing to take it. It carries a grant of \$500 from the Provincial government and \$600 from the Dominion for looking after the Indians. Medical practice in the cities must be good when a salary of \$1,100 per year aside from the revenues of private practice is insufficient to tempt any young medical man to accept such a post.

The Countess Szechenyi (nee Gladys Vanderbilt) praised the good taste of American women at a luncheon. She ended her praise with an epigram both striking and true. "The women of all nationalities," she said, "can make their own clothes, but only the American woman can make them so that nobody ever suspects it."

An Eastern potentate was wont to exact offerings in kind from those who came to do him homage. One day a man arrived bringing a basket of bananas. Furious at the gift being one of fruit only, the prince commanded that the bananas should be thrust down the donor's throat. As the latter was being led away to have the sentence executed he was seen to smile and the prince had him brought back and asked him why he smiled. "Nothing, O Prince," he replied; "only my mother-in-law is now approaching, and she bringeth a basket of pineapples."

PLAY WITH CANADIENS

**Skinner Poulin and Lalonde Slat-
ed for Eastern Hockey.**

"We will have plenty of first class material on the coast for our hockey league, no fear," declared Frank Patrick on Monday afternoon when asked his opinion of the several reports from the East that several of the players who figured in the Patrick circuit last season intended going back to the effete East. While it has been rumored for some time past that several Ottawa players, including Darragh, Shore, Taylor and Roman had agreed to come to the coast, Mr. Patrick declined to state that such was the case.

Quebec, holders of the Stanley cup, have sent a very tempting offer to Tommy Dunderdale, last year the leading goal getter of the Victoria team, and it is possible that Tommy will grab at the chance of getting on with the silverware custodians. Skinner Poulin and Newsy Lalonde, according to George Kennedy, will both be back in Montreal in time for the hockey season and both will figure on the line-up of the Canadiens.

When interviewed the other day Mr. Kennedy gave out the following, which will no doubt prove interesting to hockey followers on the coast:

"Skinner Poulin is liable to be back with his team this coming winter, as he has notified him that he intends to come East shortly and stay east."
"And as to Newsy Lalonde, he will be back here at the beginning of next month, and he is liable to stay back here. From what I have heard he is through with lacrosse on the coast, and he proposes to come and settle in the East again."

Although it was stated some time ago that New Westminster were to have an artificial rink of their own, nothing further seems to have been done in the matter and the time is getting late to erect one now.

Duluth, Oct. 3.—To help his father train for a sculling match with Jim Riley, James E. Heneyck, coach of the Duluth Boat Club, left for Syracuse. The match between the elder Teneyck and Riley is scheduled to take place at Saratoga, N. Y., October 15th, and will be over a three mile course for a side bet of \$1,000. Teneyck, the elder, is 60 years old. He has defeated Riley twice and, despite his age, expects to do it again.

OPEN DAY AND NIGHT

Fourteen members of the University of Minnesota football squad have been declared eligible by the faculty committee. Preparations are being made for the game with South Dakota next Saturday.

Manager Calahan, of the Chicago White Sox, has released a recruit first baseman named McLarry, whom he secured from Austin in the Texas League, to the Lincoln club in the Western League.

Walter Johnson, Washington's premier pitcher, advises the New York pitchers to walk Speaker in a pinch in the coming world's series. Johnson says you have to put them over for him, and if you do he lands on it."

The Jersey City and Newark clubs in the International League want to sell their franchises. The present owners have sunk a lot of money.

The two Chicago clubs, the Cubs and the White Sox, have arranged for a post series to decide the championship of Illinois. The White Sox are the present champions. The two St. Louis clubs, the Cardinals and the Browns, have also arranged a post series. It is understood that the Cleveland and Cincinnati clubs will not play this year. So the Reds will retain the championship.

The Toronto Club, winners of the International League, are one of the best teams in the country. In exhibition games the Leafs have beaten the Philadelphia Athletics, 3-0, with Jack Coomb in the box. They beat the Cincinnati Reds 9-30 and tied the New York Giants with Marquard and Tesreau on the mound. This was when Rube was at his best.

Tom Thomas, former middle-weight champion of England, is in America looking for a return match with Jack Harrison, who won the title from him by a knockout.

The Chicago White Sox are going down the line fast, as they only lead Cleveland by half a game and Cleveland leads Detroit by one game. These teams are fighting hard for a place in the first division.

St. Louis are out of the cellar in the American League again as a result of their double victory over Chicago the other day and New York being defeated by Boston.

Young Jack O'Brien, of Philadelphia, is still winning. The other night in New York he gave Young Brown, of that city, an awful beating in ten rounds.

Wellman, a recruit pitcher of the St. Louis Browns, held Chicago to one hit the other day and won his game, 12-0.

Boston, in the American League, have won one hundred games this year, as a result of their win over New York the other day.

The Vancouver ice skating rink opens on November 1st.

Dave Dugdale has announced that Tealy Raymond will lead the Seattle Giants in 1913. Dug thinks a lot of Tealy.

Tris Speaker, of the Red Sox, was the first player to pass the century mark in runs scored in either league. Ty Cobb was second.

Heinze Schultz, who pitched for the Highlanders against Boston a few days ago, was secured from Savannah.

Philadelphia fans think there is no better combination of lead-off men than Lobart and Paskert, of the Quakers.

The St. Louis Club have purchased Second Baseman Miller from the Lowell Club in the New England League for immediate delivery.

New York, Oct. 3.—Matt McGrath, world's champion hammer thrower, is holder of a new record following his feat at Celtic Park here, when he tossed the hammer a distance of 191 feet 5 inches. The former record was 180 feet 4 inch, made by J. J. Flanagan, on the same ground three years ago.

KITSUMKALUM ORE VERY RICH

Gold Ore Found Near Kitsumkalum—Exhibit of Farm Products—Pioneer in District.

Joe Bellway and McLaren have brought in some specimens of gold quartz from the lake, twenty miles from Kitsumkalum, that fairly glistens with the precious metal. The values occur in a dyke that cuts the formation and can be traced on the surface several hundred feet, having an average width of thirty feet. Samples taken across the dyke pan well and will assay very high.

"Dad" Weeks is collecting an exhibit of Kitsumkalum farm products which will be displayed in Kirkpatrick's window on Sixth street. There are some very fine specimens, and it is to be regretted that it is too late to send them to the Provincial fair at New Westminster.

Hugh Cochrane is visiting his old time Cariboo friend, "Dad" Weeks. Mr. Cochrane is a pioneer, having come to the province before the C. P. R. was completed. He steamed on the Columbia River in construction days and has since been engaged in mining, not only in this province, but in all the important camps from Mexico to Alaska. He has also the distinction of having built the first smelter in British Columbia at Golden.

W. P. Lynch was a passenger on the Prince George this morning, going to Vancouver and Victoria on a business trip.

W. J. Hickey, who has been a visitor to the city for the last few weeks, went south this morning on the Prince George.

The regular monthly meeting of the Prince Rupert Board of Trade will be held this afternoon at 4 o'clock in the city hall.

A. M. Tyson, inspector of Indian agencies, returned to Vancouver this morning on the Prince George. Mr. Tyson, who has been in Prince Rupert and district for some weeks past in the interests of his department, took a prominent part in making all arrangements in connection with the celebrations of the Indians during the late visit of H. R. H. the Duke of Connaught.

Mr. Sandels Left Today.

Mr. W. J. M. Sandels, one of Prince Rupert's most prominent and popular business men, left for Victoria this morning. Mr. Sandels has been for some time past local manager for Messrs. Kelly, Douglas & Co., Ltd., wholesale merchants. He leaves to assume the same position in Victoria, a well merited promotion, showing the high position he holds with the firm in whose services he has spent so many years. Mr. Sandels has probably travelled over more territory and is more widely known than any commercial man in B. C. and the Yukon. His place will be taken by Mr. R. C. Jardine, who has been associated with Mr. Sandels here for some time in the management of the big business, and is both well known and popular, both with the firm's customers and his numerous friends and acquaintances in the city.
