BOSTON BEATS NEW YORK ON HOME GROUNDS IN FIRST GAME OF THE WORLD SERIES

SEVERAL NEW STORES ARE BEING RAPIDLY COMPLETED

CANADIAN BANK OF COMMERCE, HART'S "BIG STORE" AND HYDE'S STORES ON THIRD AVENUE, ALL PROGRESSING RAPIDLY.

Progress of a most satisfactory kind is being made on the several buildings that are in the course of erection in the immediate vicinity of Third street and Third avenue.

The Canadian Bank of Commerce, which is well on to the way to completion, will soon be ready for its occupants.

F. W. Hart, the pioneer furniture man, is seeing that no delays will take place in preparing the site for the erection of his new "Big Store" on the splendid site between the Bank of Montreal and Union. Mr. William Angle is driving the piles for the new building and is progressing rapidly. It is Mr. Hart's intention to use a great portion of his present building on Sixth and Second avenue, which will be

taken down and set up again on the new site.

R. C. Hyde is going ahead fast with his two stores on Third avenue, opposite the post office, and expects to have them ready for occupancy by the end of November. The frame work is well under way.

A meeting will be held at the Baptist Brotherhood club room in McIntyre Hall on Friday at 8 p. m. for the purpose of arranging for the coming basketball season. It is particularly requested that representatives of all other clubs in the city will endeavor to be present. 237-238

ALD. MORRISSEY WON'T GIVE IT

Refuses to Deposit Money for Security of Light—Matter of Principle.

Alderman Morrissey at the last meeting of the City Council protested vigorously against the cutting off of power and light users who had failed to comply with the rule laid down by the Council that all users of current should deposit a sum equal to six months' rates with the city as a guarantee that they would pay their light bills.

He asserted that he had not made the deposit and furthermore would not. It was a crying shame that the property owners of the city should be compelled to pay twice for the electric light. The plant belonged to the rate payers of Prince Rupert, was the intention of the alderman, and to make them deposit money to guarantee their paying for what belonged to them was an absurdity.

The Mayor and Councilmen would not support Alderman Morrissey.

BOSTON AMERICAN TEAM WINS.

(Special to Daily News.) New York, Oct. 8.—For the world's championship in the baseball world the first game was played here today between the Boston, winners of the American League, and New York, winners of the National League. The Boston won by a score of 4 to 3.

Forty thousand saw the Boston "Red Sox" defeat the National League champions. The paid admissions were over \$2,500 less than last year to witness the New York-Philadelphia game.

The second game of the series will be played today at Boston.

Empress Drawing.

The weekly drawing for a cash prize at the Empress Theatre is becoming increasingly popular, and last night when the drawing for the week was made the place was packed to the doors, while an almost equally large crowd attended the first performance to witness the high class pictures shown, but did not await the results of the drawing. Alderman Douglas officiated in his usual efficient manner, but so great had the volume of business for the week been that it was some little time before a successful ticket holder could be found.

Ladies Worked Hard.

For the success of the ball given in the Kaien Island Club rooms last Friday evening in aid of the hospital, the entire credit is due to Mesdames Angus Stewart, Hugh Dunn, Jarvis McLeod, E. G. Dawson and Hubert Ward. These ladies worked most assiduously in making all the necessary arrangements and personally attended to the refreshments and all the features that combined to make the event a thoroughly enjoyable one. The citizens generally are indebted to these ladies for the time they have spent in aid of an institution of which all must feel proud.

BATTLE FOUGHT WITH TURKS; PATRIOTS ARE LEAVING B.C.

(Special to Daily News.)

Paris, Oct. 8.—War has been declared in the Balkans by Montenegro and a move has been made by the principality against Turkey. Troops are already pouring across the frontier and it is hourly expected that the other states involved will declare open hostilities and proceed against the Ottoman.

Already the Turks and Montenegrins have met in battle on the Turkish side of the frontier and although it is known that a large number of men were involved in a desperate struggle, no definite word of the outcome or the casualties has been received.

The foreign office has been informed of the fact that the Montenegrin charge d'affairs at Constantinople asked for and was granted his passports, and has withdrawn from Turkey.

London, Oct. 8.—Although every belief is put in the rumor that Montenegro has declared war against Turkey and has already thrown troops across the frontier, no official notification of the trouble has been issued by the foreign office.

Seattle, Wash., Oct. 9.—Greeks, Montenegrins, Servians, Roumanians and Bulgarians are pouring into the city from the construction camps throughout the State of Washington in readiness to proceed at once to the seat of war.

While many are determined to leave at once for the seat of war,

the majority are anxious to wait for a few days to see what possible chances there are for an early ending of the trouble.

J. M. Mastoras, the head of the local Greek colony, received a telegram several days ago from the Washington legation calling on him to aid in the forming of an army of 140,000 men in America to return to serve in the Greek army and navy.

There are about 8,000 Greeks in the State of Washington, and a quarter of these are in Seattle.

Vancouver, B. C., Oct. 8.—The different colonies here of the peoples of the different Balkan nations are very much excited

over the declared war by Montenegro, and already several hundred are preparing to leave for their home lands, while several thousand will follow in a few weeks.

Themistocles Ethan, proprietor of the Paradise restaurant on Georgia street, and Peter Bancroft, of the Bismarck Cafe, leaders among the local Greeks, say that there are about 1,800 Greeks in the city and that many of these will have to return to Greece, as they are on the reserve list, while others will voluntarily accompany them to fight for their country and against the hated Turk.

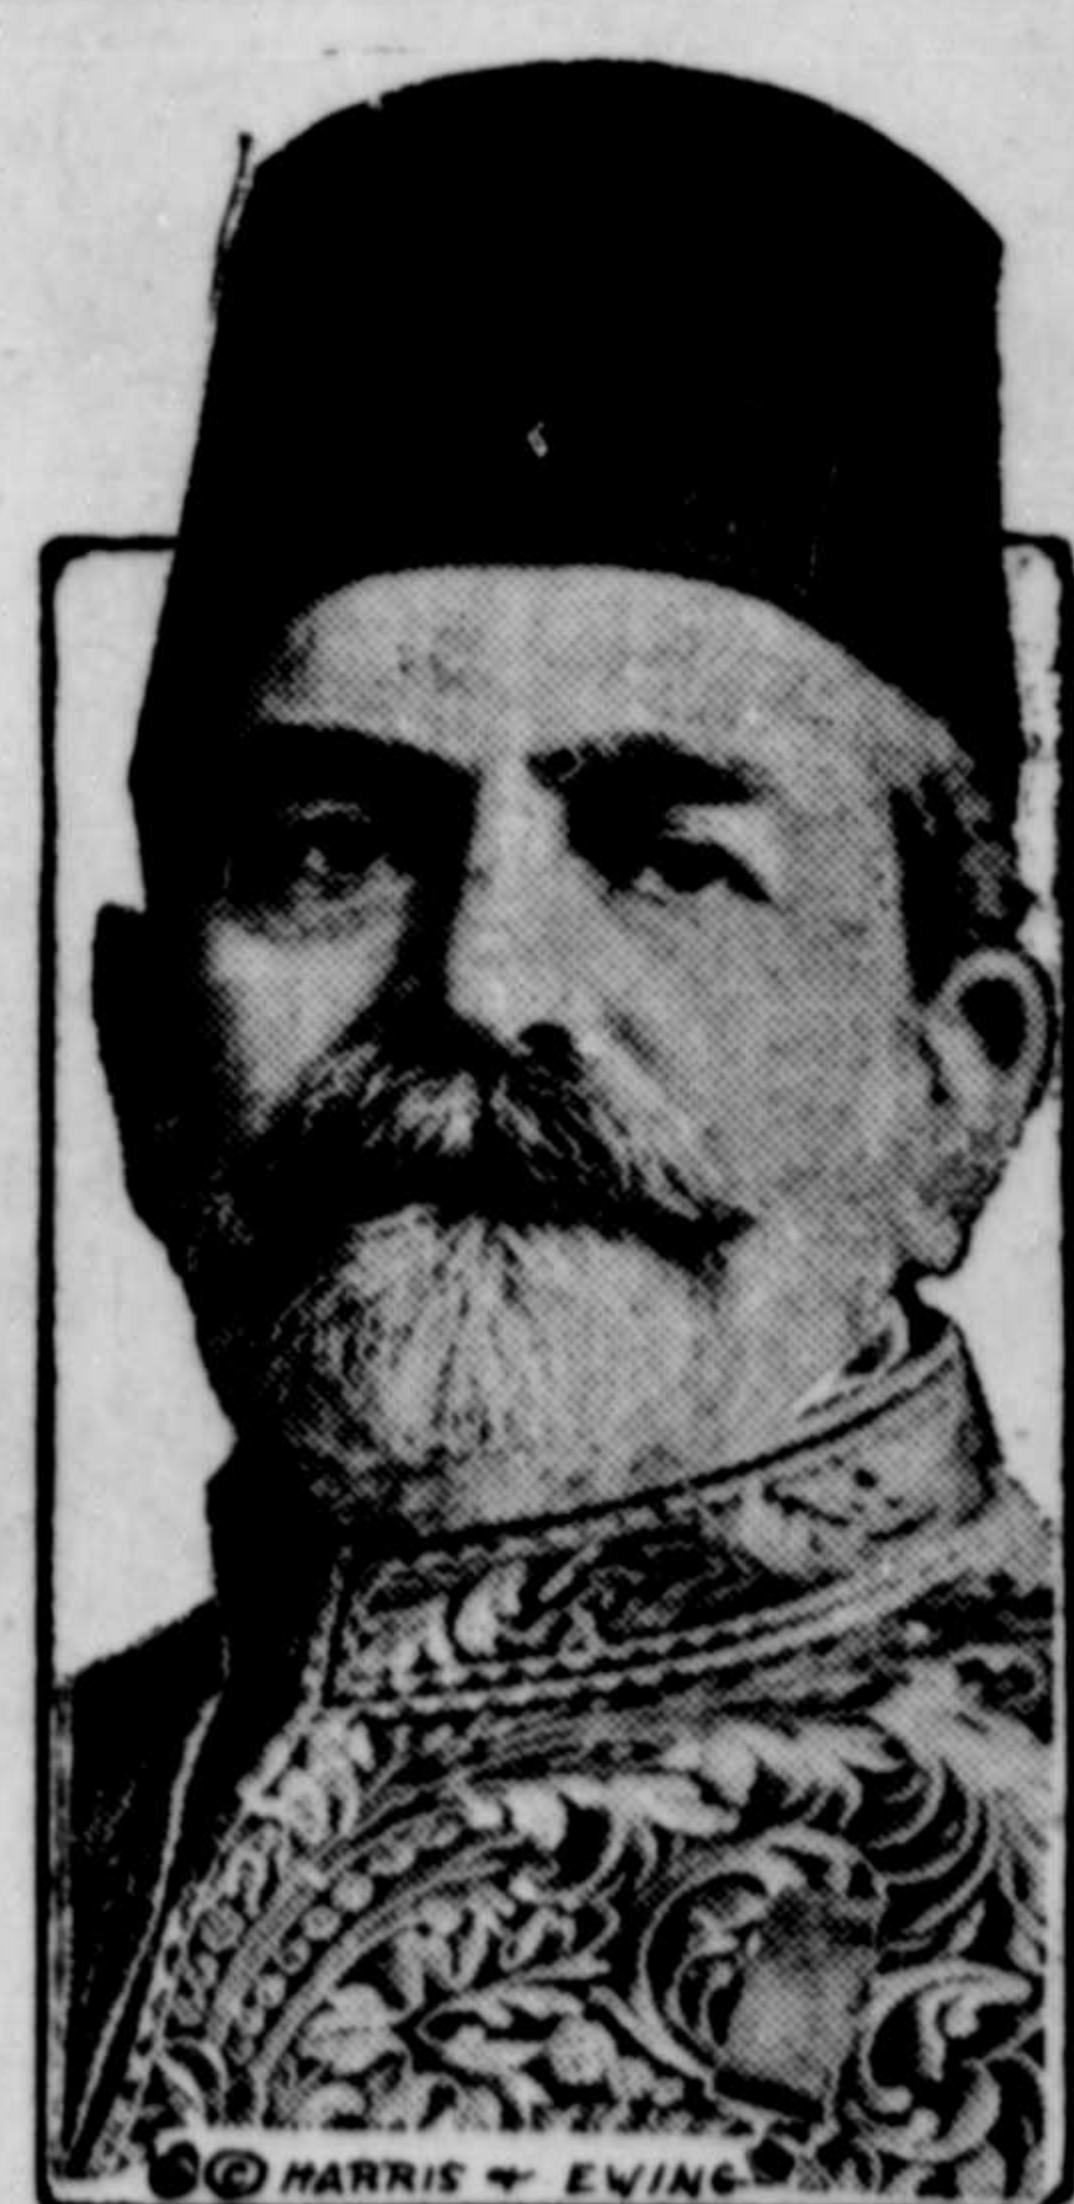

WILL GET DATA RE FALL FAIR

Ald. Bullock-Webster to Investigate Feeling of Farmers in Regard to Fair Here Next Fall.

R. DeB. Howell, president of the Board of Trade at Hazelton, returned to his home on the train this morning after a short visit in Prince Rupert. He was accompanied by Alderman Bullock-Webster, who is visiting Hazelton as the guest of Mr. Howell. While on the trip to the Interior Mr. Bullock-Webster, in conjunction with his host, will make extensive enquiries as to the feeling of the settlers in regard to the advisability of holding an agricultural exhibition in Prince Rupert in the fall of next year. All available information will be gleaned as to what the farmers and settlers will have to show and general data gathered which will be a guide to the citizens of this city in making preliminary plans for the bringing about of an agricultural show that will be in every way a credit to the district.

LONDON PAPER CREDITS STORY

London News Credits Buying of P. & O. by the Canadian Company—All World Route.

(Special to Daily News.)

London, Oct. 8.—In spite of the denials of the rumor just published that the C. P. R. is negotiating for the purchase of the Peninsular & Oriental Steamship Line, which would give them a girdle around the globe, the London News declares that the Canadian corporation is seeking to get control of its shipping rivals, and an announcement of important inter-oceanic steamship service between Great Britain and her colonies can be expected at any time now.

Interesting Bowling Match.

An exceptionally interesting bowling match took place last night at the Empress Bowling Alleys, when the Empress Cafe team rolled against the I. W. W. aggregation. Only two points separated the teams at the end of the game and gave the honors to the cafe men. The I. W. W. players obtained the lead in the first frame and again in the third, but their fall in the second set was too great to be easily overcome. Mr. Wright, for the losers, secured the highest number of points, 175, and also the highest total, 447.

NEW LINERS ARE MODELS OF SPEED, SAFETY AND COMFORT

OFFICIAL OF THE C. P. R. STATES THAT THE NEW TRANS-PACIFIC LINERS TO BE COMMISSIONED ARE THE VERY BEST.

In speaking of the two new steamships, the Empress of Russia and the Empress of Asia, which the Canadian Pacific Railway is building for service on the Pacific Ocean between Canada and the Orient, a C. P. R. official remarked a few days ago that he felt justified in saying that the two new boats would be the safest vessels afloat.

"In preparing the plans for the new 'Empresses,'" he remarked, "we took particular care to make provision for all exigencies, and as a result the boats are as near to being unsinkable as can be built. The new Empresses are being built with double bottoms and watertight compartments, the latter being numerous and closely placed.

Ordinarily, if a ship is designed to float with only two compartments flooded, a sufficient margin of safety is thought to have been allowed, but in the cases of the new Empress of Russia and the Empress of Asia, should four compartments be flooded they will still float. In the matter of safety these are the first vessels built to fulfil these conditions."

It was also stated that the new steamships would be equipped with all the other latest devices making for safety, such as wireless apparatus, search lights, submarine signals, and from the very moment they are assembled the members of the crews will be trained in the life saving, fire and other drills, which are a feature of this company's steamships.

Dramatic Society Meeting.

At a general meeting of the Prince Rupert Amateur Dramatic Society last night, under the presidency of Alderman Bullock-Webster, business in connection with the production of a high class comedy at an early date was gone into. There was a good attendance of members, despite the fact that some were absent through lack of notification. The production of Henry Arthur Jones' famous comedy, "The Liars," which had been proposed, having been found impracticable, an order has been forwarded to New York for copies of several other well known plays, upon receipt of which one will be selected and immediately put into rehearsal. Announcement of the play selected will be made at the earliest possible opportunity.

Enthusiastic Boosters.

Mr. E. J. Tingley and Mr. McGillvary, of the embryo cities of Queenstown and Skidegate, respectively, on the Queen Charlotte Islands, arrived in the city this morning on the Prince George, after a visit spent in the southern coast cities. Both gentlemen are heavily interested in mining properties and agricultural lands on the islands and are most enthusiastic in regard to the future of the large areas of mineral and farming lands that are tributary to Prince Rupert and which are going to play such an important part in the building up of this northern country.

Alberta Man Suicides.

Vancouver, Oct. 9.—C. Boulanger, a late arrival from Alberta, suddenly drew a revolver and shot Miss Clarke, with whom he was talking, in a downtown hotel last night, and then shot himself. The lady may recover.

Seals Are Increasing.

Washington, Oct. 9.—Since the ending of sealing in the Arctic, the herds are replenishing. Several thousand will be killed in accordance with the agreement between Britain, Russia, Japan and the United States.

Three Drowned at Lytton.

Vancouver, Oct. 9.—Superintendent Talmage and two men working on the C. N. R. bridge at Lytton are reported to have been drowned.

Prince Rupert's leading hotel—Savoy.

NOTED PICTURES WILL BE SHOWN

One of the most dramatic and at the same time most realistic films ever produced by a moving picture company is shown tonight and tomorrow night at the Majestic Theatre on Third avenue. It is said to have cost an enormous amount of money to produce and required the services of over one thousand actors.

It depicts the daring and successful attempt of an Italian lieutenant in the war of 1859 between Austria and Italy to carry a despatch through the lines of the enemy and secure help for a handful of men who were defending a village.

He is badly wounded in a running fight, but finally, with the aid of some peasants, escapes. Interwoven is a beautiful love story.

Several other interesting features, both dramatic and comic, will be shown, while appropriate music will accompany all the pictures.

Bank Clerk Resigns.

Mr. Alex. Stowell, who for the last few months has been on the staff of the local branch of the Bank of Montreal, recently resigned and accepted a position with the Mack Realty Co. Mr. Stowell, who came out direct from England to join the staff of the bank in this city, is a very well known and popular young man, a non-commissioned officer in the Eary Grey's Rifles and a shining light in local amateur musical and theatrical circles.

THE DREADED WAR IN EUROPE.

War has been declared by Montenegro against Turkey and Europe is involved in a struggle which may not end with the trouble in the Balkans, but which may terminate in a death duel between several of the greater powers.

For several months the greater nations of the world have been trying to negotiate a peaceable settlement of the Balkan troubles, and although last week it looked as if nothing could be done to keep the allied forces of the Balkan states from invading Turkey, renewed efforts on the part of the great

nations gave rise to the hope that the trouble might be amicably settled, but the sudden action of the principality in declaring war has quashed all hopes of arbitration.

The Sultan of Turkey is the head of the Mohammedan religion, and is considered to be the descendant of the prophet, and the result of the present trouble may be the signal for a religious war on the Christians by the fanatics of the East. Again, the friendly feeling between Germany and the Ottoman may be the spark that will kindle the long dreaded war between Great Britain and the German Empire.

CLUB WILL FIT UP NICE ROOMS

The Rowing Club Will Fit Up Old Hazelton Into Comfortable Club Rooms.

Taking advantage of the fine weather yesterday and the smoothness of the water in the harbor, the Rowing Club were out for a spin with their four oar racing rig. The club's quarters on the old Hazelton are now fixed up in first rate style and afford a most excellent boat house. By next season the upper part of the old hull will be fitted up so as to be used as a regular social club house.

Altogether the Prince Rupert Rowing Club is well launched on what is bound to prove a prosperous and useful career, and great thanks and credit are to be ascribed to the few enthusiasts responsible for its inception.
