MONTENEGRIN FORCES CAPTURE TOWN OF TUSHI AND 36,000 PRISONERS FROM TURKS

DOCTORS ARE NOT AS HOPEFUL: WOUND IS DANGEROUS AND NOT SUPERFICIAL

Further Examination Proves That Roosevelt's Wound is Not Flesh Wound But Dangerous Hurt in Chest---Bullet Has Not Been Removed---Wilson Generously Offers to Cancel Speeches in Meantime

(Special to Daily News.)
Chicago, Oct. 17.—After an all day consultation and examination several physicians, called in to take charge of ex-President Theodore Roosevelt on his arrival here from Milwaukee, decided that the wound was not merely a flesh wound, as was at first supposed, but a serious wound in the chest. So serious do they consider Colonel Roosevelt's condition that they will permit no one to see him and declare that absolute quiet is necessary if his life is to be saved. The doctors think that it is dangerous and at the present time unnecessary to probe for the bullet.

Dr. Murphy gave his pulse as 86, or two points higher than a few hours following the shooting. His temperature was three-fifths above the normal, 99.2. Rousing himself from a restless sleep, Roosevelt shaved himself and read for a little time. As a result his temperature fell to 98.9, but his pulse increased to 88.

Princeton, Oct. 17.—Woodrow Wilson, candidate for president on the Democratic platform, announced that he will discontinue all his speaking engagements with the exception of those this week until the recovery of his political opponent, Colonel Roosevelt.

bearing the wounded ex-President arrived here with the patient suffering very little and in a very cheerful disposition. The bullet will be removed, and the Colonel says that he will fill his engagements to speak at Indianapolis.

The bullet entered the body in the vicinity of the abdomen and lodged in the tissues somewhere in the wall of the chest. It was not removed at Milwaukee, as was at first reported.

Schranck, the man who did the shooting, came here from New York about a month ago, where he was employed in a laundry. Had not the reserves arrived immediately following the shooting the man would have been lynched.

BOSTON WINS THE CHAMPIONSHIP

(Special to Daily News.)
Boston, Oct. 16.—The world's baseball championship was won today by the Boston American, who defeated the New York Nationals in the seventh and final game. The score was 3 to 2 at the end of ten innings. The series stands: Boston won four, New York won two, and one tie game.

MONTENEGRINS CAPTURE CITY AND TAKE 36,000 PERSONS PRISONERS

Invading Forces Capture Town of Tushi and Take Inhabitants Prisoners---Terrible Losses as Result of Battle
---Italy and Turkey Agree on Terms of Peace

(Special to Daily News.)
London, Oct. 16.—The Montenegrins, under the command of His Majesty King Nicholas, compelled the Turks to surrender the town of Tushi and took 36,000 persons captive. The victors moved at once into the city and are now occupying it.

The fighting prior to the capitulation of Tushi was particularly fierce, and it was not without a desperate struggle that the Montenegrins possessed themselves of the town. The casualties amounted to over 1,500. It is reported that in this number are over 500 killed on the Turkish side, while the exact number of wounded and dead in the Montenegrin camp is not authentically known.

There is no change in the Balkan situation. Neither Turkey nor Serbia, Greece or Bulgaria have declared war, but the Ottoman forces have invaded Serbia.

Uch, Switzerland, Oct. 16.—After a month's negotiations better for terms, Turkey has surrendered her requests and has accepted Italy's terms of peace. Last night the plenipotentiaries of the Ottoman and Italy signed the protocol treaty of peace, ending the war between Italy and Turkey, and incidentally relieving the Ottoman Empire of the handicap under which she labored in her struggle with the Balkan states.

The exact terms of the treaty are not known and will not be made public until the treaty is sanctioned and officially signed. This will be accomplished by the end of the week.

POLICE UPHOLD BY COMMISSION

Ald. Morrissey Presses Charges Against Officer—Commission Decides Matter Was Trivial.

Alderman Morrissey, who deplored the fact that he was an alderman, thereby necessitating his taking action in the interests of the citizens in the efficient carrying out of their duties by the city police force, appeared before a special session of the Police Commission this morning to further press a charge laid at the last meeting of the City Council of negligence of duty against one of the city constables.

Chairman S. M. Newton presided and Commissioners Bullock-Webster and J. H. Thompson were present, together with the chief of police and City Solicitor Peters.

Considerable interest was taken in the proceedings, which lasted over an hour, resulting in the Commissioners arriving at the conclusion that however zealous and public minded Alderman Morrissey had shown himself to be in asking for the investigation, it was a case of a mountain being made out of a molehill, and the incident closed by the Commission completely exonerating the constable in question from any censure in the matter whatsoever.

ARCHBISHOP OF YORK SCORES THE IDLE RICH OF ENGLAND

CLERGYMAN DENOUNCED THE IDLE RICH, WHO ARE THE CAUSE FOR ALL THE DISCONTENT—SAYS THEY HAVE NO CONCEPTION OF DUTY.

(Special to Daily News.)
London, Oct. 17.—There has been a flutter of alarm and excitement in society's dovecotes over the fierce denunciation of the idle rich by the Archbishop of York at the Church Congress at Middlesborough. He charged them with being the cause of much of the present industrial distress.

"First, is it not patent," he asked, "that perhaps the main cause of bitterness which enters into the present discontent is the existence of a large and apparently increasing class of persons whose possession of wealth in conception of duty or responsibility seems to enter?"

"Your example, your selfishness and luxury are more responsible for the bitterness and discontent than the agitators and their sneers. It is you that discredit wealth and provoke what you denounce as schemes of spoliation."

"The church has no commission to take sides with any particular policy, but its commission is to get the moral and spiritual principles entrusted to it into the conscience of every class, and we can get no farther until each really sees the necessity of mutual understanding."

COPPER FOUND ON ROYAL

Good Showing of Copper Is Disclosed on Princess Royal Island.

Quite recently prospectors struck what looked to be a remarkably good copper showing on Princess Royal Island, and upon arrival in the city succeeded in interesting local people in the discovery, and number of claims having been lately staked around the discovery. A surface prospect that was sent to Vancouver to be assayed by Messrs. Falkenberg & Lauck, Provincial government assayers, shows returns in copper of \$13.85 to the ton, a remarkably high percentage, and if there is any considerable body of it, which there is every reason to believe there is, the fortunate locators are assuredly to be deemed in luck.

I.W.W. LEADER WAS ARRESTED

A. O. Morse, Secretary of the I. W. W. Was Arrested at the Station but Was Later Liberated

A. O. Morse, secretary of the I.W.W. organization got entangled in the coils of the law yesterday, but on arrival at the police station was liberated without any charge being placed against him.

The trouble arose at the G.T.P. station, when the train was about to leave following the arrival of the Prince George. A large number of workmen for the construction camps arrived on the steamer and when boarding the train, Mr. Morse attempted to speak to them. G.T.P. Constable Merritt pushed him back, but the I.W.W. man was insistent and Merritt called P. C. Adams, of the city force to arrest him as a nuisance.

Accordingly Adams took Morse in charge and walked him to the police station. Here the jailer asked what charge the arrest had been made on, but the constable was not certain and thought that Merritt would be up later to lay information.

As no definite charge was made, the jailer did not detain Morse, but let him go.

Merritt did not enter any charge against him so the incident closed.

BANDITS HOLD UP STREET CAR

Portland Street Car Attacked by Bandits and in Ensuing Fight Several are Wounded

(Special to Daily News.)
Portland, Ore., Oct. 16.—Three armed bandits held up a crowded street car last night and attempted to rob the passengers, but were driven off without accomplishing their object. Several persons were injured by flying bullets.

The Prince George left this morning for Stewart with a small passenger list, in which were included General Manager and Vice President E. L. Pease and A. J. Brown, K. C., one of the directors of the bank, who are concluding their visit to Northern B. C. by a trip to the latter place.

SAM HUGHES TO SEND MEN TO WAR

(Special to Daily News.)
Ottawa, Oct. 17.—Two Canadian militia officers will go to the Balkans to watch the military operations in the struggle with Turkey. One of those appointed is Captain Levergne, of Quebec, a Nationalist member of the Quebec Legislature, and Henri Boqrassa's political lieutenant. The other officer has not been named.

EMPIRE DAUGHTERS AT HOME

Daughters of Empire Will Hold "At Home" at Kaian Island Club Rooms.

The "at home" to be given this evening at the spacious quarters of the Kaian Island Club by the daughters of the Empire bids fair to be one of the most pleasing and popular affairs that has taken place for some time. Cards, dancing and music will be indulged in, and there is sure to be a large attendance, as this well known organization, numbering such a large aggregation of Prince Rupert's youth and beauty, never fails to make a huge success of any social functions they undertake to bring off.

ASSOCIATION TO MEET ON COAST

The Western Trades Association Will Meet in Vancouver to Prepare for Panama Trade.

(Special to Daily News.)
Calgary, Oct. 17.—In the first half of December, the convention of the Western Trades Route Association will be held at Vancouver. The Alberta executive of this association so decided at the meeting at Calgary.

When the convention, which met last summer, adjourned it was understood that it would be assembled later in the year at a time to be determined by the executives of the prairie provinces and British Columbia. The Alberta executive agreed upon the first half of December, the exact dates to be decided later and upon suggestion of the executives of other provinces.

The purpose of the association is to bring sufficient pressure to bear to have ample terminal facilities provided by the time the Panama Canal is completed in 1915. The convention will meet upon the coast because it is upon the coast at some points that the facilities will have to be established.

HYDRO - ELECTRIC CO. WILL BUILD STATION AT EDWARDS

POWER COMPANY WILL BUILD AN AUXILIARY PLANT AT PORT EDWARD AT ONCE--WILL BURN OIL--TOWN-SITE BEING CLEARED RAPIDLY

That there will be considerable amount of work going on this winter of a progressive nature in the immediate vicinity is vouched for by the fact that both the promoters of the Port Edward Townsite Co. and the Prince Rupert Hydro Electric Co. are making preparations to go ahead in an active fashion with the work of development in the near future.

Mr. W. Clarke Durant, the local manager of the Prince Rupert Hydro Electric Co., who returned from the South yesterday, is authority for the statement that absolutely no time will be lost in making preparations for installing a power plant on ground secured from the Port Edward Townsite Co. This is, of course, a preliminary measure, with the object of being ready to meet the demands in the not very distant future for power for industrial purposes located at the new suburb of Prince Rupert, before the Hydro Electric Co. can get ready the huge water power undertaking.

ing that must of necessity require a considerable length of time before reaching completion. With this fact in view, the company has decided to install immediately at Port Edward an oil engine for generating power. This is a comparatively cheap and inexpensive undertaking, and can be in operation in a very short time. The oil that will be used is the same as that used for steamboats.

Even after the big hydro electric plant will be in operation, it will be a great advantage to have this oil engine plant as an auxiliary, in case of an emergency need through breakdown, and will cost very little to keep in order beyond looking after the machinery.

In regard to the work going on on the Port Edward townsite, the preliminary contracts for clearing are completed and arrangements are being made to let further contracts for clearing the streets in the residential section of the townsite.

POWDER TO BE GIVEN FARMERS

Government Announces that it Will Give Free Stumping Powder to Land Settlers and Farmers

(Special to Daily News.)
Victoria, Oct. 16.—In order to aid the settler, the government has announced that in future it will make free grants of stumping powder to the farmers to aid them in clearing their land and is also considering the giving of a direct grant to aid in the work.

MURDERER GETS AWAY TO HILLS

George McLaughlin, Who Killed Men and Woman Near Mission, Eludes Posse in the Hills.

(Special to Daily News.)
Vancouver, Oct. 17.—The Provincial police and special posse hunting for George McLaughlin, the man who committed the triple murder at Deroche, when he killed two men and a woman, lost his trail in the hills, where they traced him. He is heavily armed and is desperate, and it is thought that if he is overtaken a battle will ensue.

William Manson, M. P. P., returned last evening on the Prince John from an extended trip to different points on the Queen Charlotte Islands. Whilst there he was able to be present at the Lawn Hill Agricultural Exhibition, which he formally opened.

SHOULD BE NO DELAY
IN AMBULANCE CALLS.

David Graham, the man who was injured while at work on the wharf yesterday, it is said, had to wait half an hour for the arrival of the ambulance after it had been telephoned for. This should not be. The ambulance should be kept in some part of the city where it can be got out immediately. Often times it is a race between life and death for the hospital, and for this reason the larger cities have installed the most powerful automobile ambulances, equipped with self starters and always ready that not a single second may be lost in bringing the patient to the hospital.

While this city is not in a position to provide automobile ambulances, it might improve the present service were the ambulance to be placed at a more central point. Either at the fire station or city hall.

ALD. MORRISSEY AND
THE "MAYOR'S NEST."

According to a contemporary, Alderman Morrissey at the last meeting of the Council found a "Mayor's Nest." If that was the case and he did not report the find to the Council, perhaps that explains the weak-kneed action of calling for the police. If the Mayor lost his "nest" he certainly did not make any mention of the fact and certainly did not accuse Alderman Morrissey in open council, although

he did say that the Alderman was trying to get his scalp, and the Council were willing and ready to get after him, but on oath we will say that he did not complain of losing his "nest."

Perhaps his "nest" meant his hat, and in that event he might have lost it, for, to use a vulgar phrase, a good many of the city fathers were "talking through their hats," and maybe the Mayor's headgear got mixed in the shuffle, or perhaps he lent it to Alderman Montgomery and forgot the fact and attributed the loss of his "nest" to Alderman Morrissey.

When interviewed on the subject, Alderman Morrissey denied absolutely having seen the "nest," and is undecided as to whether or not he ought to make the Mayor and publisher of the newspaper explain the grounds for the assertion. He is sure, however, that no ties of fraternalism would block his arrest were the Mayor to lay an information against him for the purloining of the "Mayor's Nest."

Demonstration Against I. W. W. Lawrence, Mass., Oct. 15.—Thirty thousand men, women and children marched through the streets each carrying an American flag as a demonstration against the Industrial Workers of the World. The sidewalks were lined ten deep with cheering spectators and every building along the line of march was decorated.

KITCHENER WISHED TO HAVE
HIS LEG BROKEN AGAIN

London, Oct. 16.—The London correspondent of the Manchester Guardian states that the visit to England of Lord Kitchener, who has returned to resume his duties as agent and consul general in Egypt, was for his leg, which since an accident in India has interfered with his comfort.

Lord Kitchener had thought of having the limb broken again and reset. He consulted a surgeon in London and one in Liverpool and they advised him that it was quite impossible to have the leg broken again, for conditions had set in which make such an operation far more serious than it would have been formerly and less likely of success.

NEWS NOTES OF INTEREST BY
MAIL FROM THE OLD COUNTRY

At Glasgow a well dressed man named Robert Golder, 35 years of age, residing in Paisley, was charged with having obtained 2s 6d from an Italian shop keeper in Glasgow by pretending that he was an inspector under the national insurance act. He called on shop keepers and asked to see their insurance cards, and on being told that they were not insured, he said that they must pay a £10 fine. When they said that they had not the money he got 2s 6d from one shop keeper, and tried to get 2s and 2s 6d from others by saying that he would arrange the matter for them. He was sentenced to thirty days' imprisonment.

An unknown motorcyclist rendered valuable service at a fire in a cottar's house at Burnhead farm, Auchterarder. Observing tongues of flames shooting up from a thatched roof he dismounted and rushed up to the cottage. The occupants, a girl of 16 and an infant, were unaware of danger, but managed to escape. The roof fell in and in a short time the cottage was completely gutted.

City of London battalions of the National Reserve will, after attending service on Sunday at six churches, march to the Mansion House and will be presented by the Lord Mayor with a color. This has been given by Mrs. G. E. Philcox, wife of Mr. G. E. Philcox, of Messrs. J. Williamson & Co., of the Stock Exchange.

The favorite child's prank of

having a free ride at the back of a vehicle caused the death of Alice Smith, aged 11, at Selby, recently. A motor engine was drawing two furniture vans, and when near Thorpe Willoughby a party of girls rushed in between the vans to get a ride, but the Smith girl slipped and fell under the wheels of a van and was instantly killed.

In the Council school at Tollesbury, Essex, a centre of yachting and oyster culture, has been started a system of teaching sea cookery, elementary navigation and swimming.

Elizabeth Webber, a cook at Albert Hall Mansions, Kensington, died as the result of burns. A spark from the fire ignited her apron, which the kitchen maid tore off, but the flames seized the cook's clothing.

As the Rochester barge Hip Hip was off Woolwich early Thursday morning, the wife of the skipper gave birth to triplets, two boys and a girl. The latter, however, died within half an hour.

Arthur Cooper, of Moss Side, confessed to the Manchester stipendiary that he stole several bicycles in order to obtain money to indulge in his favorite pursuit—billiards. He was bound over on agreeing to go to a farm training colony.

The scarcity of small houses at reasonable rents at Bridgeport, Dorset, having proved a

serious obstacle in the way of marriages, the town council has applied under the housing act for a loan of £2,100, so that eleven more cottages could be erected immediately.

Alfred Smythe White, a hop grower, was at Malling, Kent, recently fined £10 and costs for neglecting to provide a wholesome supply of water to his hop pickers housed at Parsonage farm, Yalding. They were found getting dirty water from ditches 150 yards distant.

There has taken place at Godalming, Surrey, the tenth wedding anniversary in one family. Mr. and Mrs. Harfield Edgington, the parents of the bride, were married at Godalming Parish church, whilst ten of their children, five sons and five daughters, have also been married there.

Nine stacks and many agricultural implements were destroyed by fire at a farm at Braceborough, Lincolnshire, though the fire brigade worked for ten hours. At two farms at Woodford, near Wilmslow, Cheshire, several stacks of hay and corn were also destroyed by fire.

Copper has been discovered in the Island of Burray, Orkney, the property of the Marquis of Zetland. Samples which have been tested have given generally satisfactory returns. Steps are now being taken to ascertain whether copper exists in a paying quantity.

Dr. Angus Macfarlane, Roman Catholic bishop of Dunkeld, died at Dundee on Tuesday after a week's illness. Dr. Macfarlane acted as secretary to Archbishop Eyre in Glasgow, and was made bishop in 1901.

Henry Moore, a miner from Shotts, visited Dundee and went to live in Browning's temperance hotel, Crichton street. About 3 o'clock in the morning he stepped out of his bedroom window and fell into the street from a height of thirty feet. Singularly enough, Moore escaped without injury.

It is alleged by the Northumberland miners' executive in a circular to the lodges that workmen are being compelled to sign certificates not to claim the minimum wage or leave their employment.

A faculty of journalism has been included in the curriculum of Cork University, and a degree will be granted to students on the completion of a three years' course. The Irish language is made compulsory for both matriculation and degree examinations.

While on a holiday at Portrush, the Rev. William Nicholas, president of the Methodist College, Belfast, and twice president of the Irish Methodist Conference, died suddenly on Tuesday. He was a senior of the old Royal University and a distinguished theologian.

NEWS NOTES OF THE GREAT WEST

A cordage company from England, capitalized at \$8,000,000, will install a plant employing 700 men in North Battleford.

Winnipeg bank clearings for the past fiscal week show a gain of nearly five million dollars over the corresponding week of last year.

The British Columbia Telephone Company is spending a million dollars in the next six months on new exchanges, warehouses and the Point Grey to Nanaimo cable.

The Calgary University opened its initial year with appropriate ceremonies. The classes were well filled.

Red Deer will tender a banquet to Julian Sharman, owner of the celebrated Jersey cow, "Rosalind of Old Basing." The Minister of Agriculture and prominent agriculturists of Alberta will attend. The cow's wonderful record follows: Age, six years; year's production of milk, over 10,700 pounds; 558 pounds of butter fat.

FLYING GROUSE ENDS ITS LIFE

Fine Big Cock Grouse Kills Self Against Window of Hotel Central—Startled Guests

The Central Hotel is famed for its cuisine, and it is a well known fact that no efforts are spared to satisfy the most epicurean tastes of the most fastidious guest, but it is seldom indeed that even Peter Black succeeds in having the game delivered in plain view of the diners in the manner in which it was done yesterday morning.

While at breakfast the guests were startled to hear a thump against the window, and imagining that it was a rock from a near by blast ran towards the door to examine the injury done to the building.

No rock was visible but on the sidewalk lay a beautiful dead blue grouse. With such force had the bird driven itself against the glass that the impact killed it.

Where the grouse came from could not be explained, but it had evidently mistaken the hanging flowers and numerous potted plants that decorate the windows of the Central Hotel dining room for the forest.

CELEBRATES HIS BIRTHDAY

Chief Constable Celebrate Fifty-first Birthday—Born in Devon—Pioneer of B. C.

Many happy returns of the day to genial "Billy" Vickers, the popular chief of the city police force. Fifty-one years ago today the present chief was born in the famous Old World seaport of Plymouth, South Devon, England, the town from whose historic Plymouth Hotel, Sir Francis Drake was first notified of the approach of the Spanish armada in 1558, and remarked that there was time to finish the game of bowls he was playing and beat the Spaniards, too. Chief Vickers has been thirty years in Canada, twenty-eight in British Columbia and seventeen in the Provincial police force, leaving it two years ago to join the service of the City of Prince Rupert. Chief Vickers, who was all through the Atlin placer mining gold rush, is one of the most popular and highly respected men who ever struck the North, his kindheartedness and broad-mindedness endearing him to all who have ever come in contact with him, his well known love for children and interest in everything that affects their well being being proverbial.

Salvation Army Band of Love.

On Friday afternoon at 4 o'clock the first meeting of the Band of Love will be held at the Citadel. A new and special programme will be commenced, including some novel and interesting sash drills in addition to the popular Indian club, dumb bell and bar bell drills. All children are welcome and parents who are interested in the physical well being of their children are requested to send them along. Arrangements are also being made to teach the cornet.

NAVAL PROBLEM TO COME FIRST

Borden Will Outline His Naval Policy at the First Party of the Opening of the House

Ottawa, Oct. 17.—When parliament opens the first question which will be taken up after the address in reply to the speech from the throne is disposed of, will be the navy problem. Premier Borden will make an announcement outlining the policy of the government.

Another important measure which will be introduced as soon as the House opens will be the Bank Act revision. Hon. W. T. White already has the bill prepared so there will be no delay and the banking committee will be able to start work on it as soon as the House opens.

The Bill to confirm the treaty with the West Indies will be introduced as soon as Hon. Geo. E. Foster returns from England, where he is attending the sessions of imperial trade and commerce, which is expected to be about December 1. It will be pushed through the House by January 1.

The Highways Act will also likely be brought down shortly after parliament re-assembles.

Some minor additions to the Civil Service Act are likely to be introduced this fall. Just when the bill with wider reforms will be introduced depends on when the report of Sir Louis Murray is ready. He has been given full power to make an investigation and the government hopes to have his report in time to introduce legislation before the close of the session.

Engine Went Off Track.

Completely blocking vehicular traffic both to and from the G. T. P. wharf, the 45-ton construction engine of Messrs. Foley, Welch & Stewart ran off the track just yesterday afternoon. It was not very long before a gang of men were put to work and with blocks and jack screws had the big engine back into its place on the rails. Quite a crowd of interested spectators gathered around and watched the operations, whilst a string of teams were held up in idleness for a couple of hours or so.

Work on Granby Wharf.

O. B. Smith Jr. and P. Boyles, a well known mining man from Spokane, are in the city, registered at the G. T. P. Inn. They will remain here a few days before proceeding on to the property of the American Smelting & Refining Co. at Granby Bay. Mr. Smith says that work on the projected new wharf will be proceeded with at all possible speed. Contractor Hyatt being already on the ground with a big pile driver to start in upon the work.

The steamer Prince John arrived from the Islands last evening, more than twenty-four hours overdue owing to the rough weather of the last few days. She left as soon as possible upon her delayed schedule run to Masset.

Great bargains are now to be had in furniture, carpets, crockery, lamps, stoves and ranges. The Big Furniture Store at Second Avenue is now slaughtering its entire stock before moving.

RE VOTERS' LIST.

I am instructed by the City Council to publish the following notice with regard to voting at the next municipal election.

The persons who will be inserted on the voters' list are as follows:

1. Owners of real estate. This means any person who has deed of land registered in the Land Registry Office or an agreement for purchase of land registered in the Registry Office.

2. Any person holding a trade license may vote, but before doing so he must, in October, make a declaration showing his right to vote in Form 1. These forms can be obtained at the City Clerk's office. The declaration must be filed with the City Clerk within forty-eight hours after it is made.

3. Any householder can vote. A householder means a person who has resided in Prince Rupert from the 1st of January, 1912, and who occupies a dwelling, tenement, hotel or boarding house, or any portion of a dwelling house, tenement, hotel or boarding house. He must also pay rates, taxes or assessments which are not chargeable on land, and which rates, taxes and assessments so paid amount to not less than \$2.00. Water rates and dog licenses do not count. Practically the only tax that can be paid is the road tax, \$2.00, and any person who, being a householder as above defined, has already paid his road tax must also make a declaration before he can be placed on the voters' list.

All voters must be 21 years of age and British subjects.

ERNEST A. WOODS, City Clerk.
