ROOSEVELT IS IN FAIR WAY TO RECOVER IF POISONING DOES NOT SET IN THE WOUND

CHANCES ARE IN FAVOR OF COLONEL'S RAPID RECOVERY

ONLY FEAR THE DOCTORS HAVE IS OF BLOOD POISONING—FACT OF HIS HAVING BROKEN RIBS NOT KNOWN FOR SOME TIME

(Special to Daily News.)
Chicago, Oct. 17.—Roosevelt's condition is unchanged was the statement made by Roosevelt's doctors, and if blood poisoning or other complications do not set in the chances are in favor of his recovery. The fact that one of his ribs was broken was not made known until yesterday. This adds to the uncertainty of

blood poisoning. His rise of temperature yesterday gave cause for alarm.

F. T. Donnelly, head engineer of the dry dock, arrived from the South this morning on the steamer Camosun.

HERRING LEADS TO GOLD MINE

"Dad" Weeks Tells Marvellous Tale of How Crippen's Boneless Led to Untold Riches

According to "Dad" Weeks the Klondike merchant, it was boneless herring that led to the finding of the rich gold mine at Warren Point.

"Joe Belway and McLaren," and stated, "came into my store and purchased several boxes of Crippen's boneless brand, and on the way out to stake land, as they waited at the fish. So thirsty did Belway become, that, on seeing a place on his feet, he stopped and put his face to the stream to drink, and before his astonished eyes was a piece of gold bearing quartz.

"They halted there and prospected the vicinity for the place where the sample came, with the result that they struck rich, but probably it would never have happened had they not had the liking for boneless herring and been customers of our old "Dad" Weeks."

Man Who Toured Canada and Talked Politics is Criticized by London Press for Actions.

(Special to Daily News.)
London, Oct. 17.—The London Truth yesterday drew attention to the partisan character of the speeches delivered in Canada by Hon. Walter Long. It points out that he is not alone this year in trying to gain sympathy for the English Conservative party in the Dominion. Several politicians have been touring Canada endeavoring to interest the Canadians in the Tory party in the Old Country.

He was immediately removed to the hospital in the ambulance, and at last report is progressing favorably.

Two other cases were taken to the hospital this morning. A Mexican who has been ranching on Graham Island, near Masset, and who broke his leg away back in August, but whose case was not proceeding satisfactorily, was brought to the city for treatment. Also John McVicker from Stewart, who arrived on the George this morning, suffering from a badly cut foot from the result of a slash with an axe.

Brussels, Oct. 17.—Five million dollars was the amount of the defalcations of Nestor Wilmart, manager of the Grand Ter-nauzen Railroad, who disappeared recently. Twenty-four banks are involved and so great is the crash that one has already closed its doors, and others may do so. The crime was discovered through the accidental finding of some false share certificates.

(Special to Daily News.)
New York, Oct. 17.—"When this sensation blows over the public will give me a pension for killing that crook Rosenthal," was the statement attributed to Lieutenant Becker by James D. Toronto, Oct. 17.—To meet the budget of the Presbyterian Church for the year 1913 each communicant will have to contribute a fraction less than 8 cents per week to cover the expenses, amounting to \$1,200,000. Putting the membership at a half million, the amount asked for is about 84 per person.

ENGLISH SHELLS FOR U. S.

English Concern Gets Contract for Shells for U. S. Navy.

(Special to Daily News.)
Washington, Oct. 17.—The contract for the armor piercing shells for the United States navy, for which the government called for tenders, has been let to the Hatfield Steel Company, of England. They underbid the American companies by \$200,000 on a \$1,000,000 contract.

Morgan-Fenlon Nuptials.

Kerr at the Presbyterian manse, the contracting parties being Miss Sarah Fenelon, a native of New York, but who has been for some time a resident of Prince Rupert, on the staff of the Premier Hotel, and Mr. E. M. Morgan, a well known mining man of Lockport, on Queen Charlotte Islands. Miss Fenelon whilst with the Premier Hotel was exceedingly popular with both the staff and the guests. Mr. Morgan is a man of means with large mining and other interests on the Islands. The happy couple will make their future home at Lockport.

BORDEN WOULD GIVE THIRTY MILLIONS TO ENGLISH NAVY

CONSERVATIVES WOULD GIVE PER CAPITA OF \$4.45 TO ENGLISH NAVY AND REPEAL LAURIER ACT—MONCK RESIGNS—PARLIAMENT MEETS IN JANUARY.

(Special to Daily News.)
Ottawa, Oct. 17.—The Cabinet Council adjourned without deciding on a date for the opening of Parliament. At first it was anticipated that the opening would take place in November, but it is now thought that it will be postponed until next January. The rumor that Monck has resigned the ministry of public

works on account of his disagreement with the Borden naval policy is gaining strength, and the long delay in convening the House gives color to the story.

It is said that the government's plan on the naval question is to make an immediate contribution of between twenty and thirty millions to the Imperial government and to repeal the Laurier Naval Act.

B. C. RIFLEMEN OUTSHOOT AMERICANS AT PORTLAND

HIGH SCORES MADE BY CANADIAN SHOOTERS AT RECENT INTERNATIONAL MEET AT PORTLAND GIVE AMERICANS NO CHANCE.

The British Columbia riflemen, including several representatives from the Fifth Regiment, C. G. A., won a great victory over the marksmen of Oregon, Washington and Idaho in the recent international rifle matches held at Portland.

From the very beginning the pace set was a fast one, as may be judged from the fact that the first four men to finish at the 200 yards range made full scores, while the second four only dropped two points and the twelve last but eight points out of a total of 600. The men on the United States team were of the opinion that they would be able

to outshoot the Canadians at this range, but the contest had not advanced very far when they discovered that their estimate was at fault. Again at the 500 yards range the same high average was maintained. At this distance the Canadians lost but twelve points out of a possible 600. When the shooting commenced at this distance the Americans believed they would be able to overhaul their opponents, but although they shot very well they were unable to even hold their own. There were six of the British Columbians who put on possible scores at this distance, which left their opponents very little opportunity to catch up.

ENTERTAINMENT BY DAUGHTERS OF THE EMPIRE WAS BIG SUCCESS

"At Home" Given Last Evening by the Daughters of the Empire at the Kaien Island Club Was Enjoyed by Large Number

It was a large and happy gathering that assembled at the Kaien Island Club rooms last evening to take advantage of the opportunity offered by the Daughters of the Empire for an enjoyable social evening. The entertainment consisted of both dancing and bridge, and it would be difficult to say which form of amusement afforded the greater pleasure.

There was undoubtedly a lively interest taken in the bridge and as there were a number of pretty and valuable prizes offered the competition was very keen. The prizes for the ladies were awarded in the following order: Miss Thompson, a beautiful silver photo frame, donated by W. Wark; Mrs. F. G. Dawson, an electric iron, by Parkin & Ward; Mrs. McCaffery, a set of Irish crochet beauty pins, by Mrs. Morie H. Craig, and Mrs. G. R. Naden, a three pound box of chocolates, by Orme's Drug Store. Among the gentlemen the lucky players were: J. Y. Rochester, a handsome chased silver match box, presented by Cole's Cigar Store; Dr. J. P. Cade, a set of cut glass decanters, by H. S. Wallace & Co., and Mr. J. C. McLennan, a handsome bronze set, donated by Mrs. T. D. Pattullo.

The spacious ball room was comfortably filled throughout the evening with merry dancers for whom there was not a dull moment. Gray's orchestra provided splendid music, which seemed to grow more entrancing as dance succeeded dance. The well groomed men and prettily gowned ladies as they glided gracefully over the polished floor presented a scene of merriment that was indeed pleasant to feast upon.

The refreshments provided by the members of the chapter were daintily served in one of the adjoining rooms. For the splendid success of the "at home" much credit is due to the ladies of the chapter and particularly to those who personally looked after most of the details. Although full returns are not yet in, it is anticipated that the net proceeds will amount to \$100. The ladies of the chapter are particularly grateful to those who donated the prizes and to others who assisted in making the event such a decided success.

Amongst those present were: Mr. and Mrs. J. C. McLennan, Mr. and Mrs. G. R. Naden, Mr. and Mrs. F. G. Dawson, Mr. and Mrs. Arnold, Mr. and Mrs. A. G. Forster, Mr. and Mrs. Hubert Ward, Mr. and Mrs. Drummond, Mr.

and Mrs. J. F. Ritchie, Mr. and Mrs. Frank Mobley, Mr. and Mrs. G. R. T. Sawle, Mr. and Mrs. P. W. Anderson, Mr. and Mrs. Frizell, Mr. and Mrs. Westenhaver, Mr. and Mrs. L. W. INJURED BY AUTOMOBILE

Verner Kelly Received Injury to Arm When Engine Backfired

Verner Kelly, son of J. Kelly of the Union Transfer Co., received a bad bruise and shaking up whilst cranking a motor car last evening in front of Cole's Cigar Store. It was at first thought that his arm was broken and he was carried in an unconscious condition to a room upstairs in the Alder Block and Dr. Cade was hastily summoned. The doctor immediately pronounced that there was no serious injury to the boy, with the exception of a painful and unpleasant bruise on the wrist and a general shake-up. This morning he is walking around again, but will be unable to use his right arm for some little time to come.

A Disgraceful Fight.

A most disgraceful fight attracted a crowd on Second avenue during the lunch hour today when a young fellow of 17 or 18 attacked and beat an old man of some 60 years of age. In addition to the fight, the young fellow used language which was a surprise to old timers in the West and men conversant with the roughest camps of the North, let alone the young children from the school opposite. The lad, it is said, was under the influence of liquor. If this is true, it is a matter for the police to investigate, as minors are supposed to be denied liquor.

George M. Biernes, transportation man of Hazelton, arrived in the city on last evening's train, leaving on a business trip to Vancouver on the Prince George this morning.

G. G. Harvey, one of the pioneers of the up river country, having been interested in the Bulkley Valley for the last seven years, and now proprietor of the Hazelton Hotel at Old Hazelton, who has been a visitor to the city for the last few days, left on the Prince George this morning for the lower coast cities.

NEW INDUSTRY STARTS HERE

Up-to-Date Cigar Factory in This City—Will Manufacture Two Brands of Cigars.

A cigar factory opened up for business a few days ago on Third avenue, between Seventh and Eighth streets. The proprietor of the establishment, Mr. M. Herman, is a cigar maker of long experience, having been in the trade for a number of years, getting his early experience in the City of Montreal, of which place he is native. Later on he followed the business in Winnipeg and Vancouver.

Mr. Herman's idea is to furnish direct to the trade in Prince Rupert and district a first class domestic cigar that will equal if not surpass any such goods put up in the province or, in fact, in the Dominion. He is purchasing only the highest class of tobacco of four or five years' growth, thereby being able to turn out a cigar that will be ready for immediate consumption, not having to be kept on hand for some years in order to acquire the mellowness and flavor that only can be obtained through using tobacco of the choicest and most carefully selected growth.

The cigars that he will first put on the market will be named the "Regal" and the "Belle of Prince Rupert," and should be assured of a big sale amongst cigar smokers who know a good article, and when getting such know that it is the product of a local industry. The fact that being locally manufactured and sold direct to the retailer without need of the jobber's profit being added to the cost to the consumer will necessarily be the means of a first class article being offered the public at a less price than otherwise would be the case.

CHURCH HEARS ABOUT ESKIMOS

Bishop Springer, of Yukon, Tells of Blonde Eskimos in Copper River District

(Special to Daily News.)
Montreal, Oct. 17.—Much enthusiasm was aroused at a meeting of the Board of Management of the Anglican Church in Canada by Bishop Springer's report of the much talked of tribe of blonde Eskimos recently discovered in the Copper River district. Doubt was cast on the story but Bishop Springer and Rev. Whit-taker, of Mackenzie River, showed photographs to bear out their contention. Missionaries have been sent to the newly discovered people.

THE DISGRACEFUL SCENE AT THE CITY HALL.

Yesterday the Police Commissioners exonerated Officer Cargill of all blame in connection with his alleged disobedience, and as a consequence some are blaming Alderman Morrissey for the disgraceful scene of the police being called into the council chamber last Monday evening.

While Alderman Morrissey was the person who first brought the matter up, which was not rightfully business of the Aldermanic Board, he was not responsible for more and could not very well help himself after the Mayor had given permission to discuss the matter. Had His Worship called Alderman Morrissey to order when he first arose instead of admitting the question and himself leading off in the debate on it, a different ending would have resulted.

After the discussion had waxed warm, Alderman Morrissey put a direct question to the Mayor, and he referred it to City Solicitor Peters, who explained that a man was not guilty until he was proven so, and went into details of this particular crime and the evidence against the man in question.

Alderman Morrissey did not ask anything about the committing of the crime, and endeavored to tell the Board that what he had asked was whether the Board had taken any ac-

tion, and if not, why not, in regard to the punishing of the policeman for alleged disobedience. Mr. Peters had not answered his question and he asked for an answer.

Mayor Newton, without giving Alderman Morrissey a chance to get an answer, ruled him out of order, and the Alderman appealed to the Council against the ruling of the Mayor (which he has a perfect right to do). No opportunity was given the alderman to vote on the point of order, for the Mayor called in a loud voice for the police.

Had Mayor Newton been better voiced in the duties of a mayor and less afraid of his "scalp," the discussion would never have arisen, and then when it did get to the length it did, he displayed very poor judgment in calling in the police.

A very pretty story this will make to those who have been studying Prince Rupert with a view to investment.

THE THIRTY MILLIONS WON T APPEAL TO E. C.

The press despatch from Ottawa announcing that Borden will contribute thirty millions to the Imperial government is probably a correct suggestion of his much secreted naval policy. Needless to say that such a policy will not meet with the approval of the people of British Columbia—no, not even Sir Richard himself.

NEWS NOTES OF INTEREST BY MAIL FROM THE OLD COUNTRY

Miss Isabella Gray Shillinglaw, a domestic servant at Rose Cottage, Gordon, Berwickshire, and her sister, Eliza, a domestic servant at Smailholm, at one time the home of Sir Walter Scott, Roxburghshire, have received intelligence that their uncle, Mr. Andrew Shillinglaw, has died in New Zealand and left each of them a fortune, the former £19,000 and the latter £17,000. Their father was a farm servant near Duns. He died about a year ago. His brother, the benefactor, followed the occupation of a shepherd in Scotland, emigrated to New Zealand about twenty-six years ago and there made a fortune as a farmer. He was a bachelor and lived to the age of 96 years.

The Cardiff licensing magistrate last week passed resolutions reducing the hours of opening and recommending restrictive measures concerning clubs and the abolition of the grocers' licenses.

Restrictions imposed owing to the report of a case of foot and mouth disease at Smarmore Castle, County Louth, have been removed, as the case has been certified by the Dublin Castle Veterinary department not to be one of that disease.

For his bravery in saving the captain and a coast guard when the Norwegian barque Saluto was wrecked on the Cornish coast last December, Mr. Thomas C. Rowe, second mate of the steamer Tregorno, was presented at Cardiff with a silver cup awarded him by the King of Norway.

The mystery of two Swansea houses which have been vacant nearly twenty years is buried with John Cornelius Payne, aged 85, bachelor, of Mansel street, Swansea, who died recently. He was the son of a former Bristol distiller. Both properties occupied commanding positions. The deceased resolutely refused to let or sell the houses.

While out rabbiting with the head keeper on Slyro Court estate, near Hay, Albert Appleyard, an underkeeper, had an accident of an extraordinary character. The head keeper aimed at a rabbit and fired, killing the animal. The bullet passed through the animal's body, struck a stone and ricocheted into Appleyard's left arm. An operation was necessary for the removal of the bullet.

The institute which has been presented by Mr. Howard J. Williams, of Camden Town, London, to his native village of Corris (Merionethshire) has been opened. The new building has cost upward of £3,000 and the donor has endowed it with the income from two houses as well as a gift of £100. The building contains a library, billiard room, committee room, reading room and caretaker's quarters.

At Dolgelly Mr. Owen Roberts, auctioneer, sold an upland holding of seventy-two acres, which includes a church built at the instance of the previous owner, Mr. Morgan Williams, a theological student; but when it was practically completed, including the belfry, Mr. Williams died and the scheme was not carried out. For years the edifice, which had been intended for divine worship, has been used as a barn.

A development calculated to have an important bearing upon the industrial prosperity of Carnarvon and district is announced in connection with the copper mine at Llyn Llydew, at the foot of Snowdon. Mr. Howard, who bought the mine some years ago, hopes to begin transshipping the ore to Bremen shortly. It will be conveyed to Carnarvon in lorries and thence trans-shipped by vessels belonging to the North German-Lloyd Steamship Company.

An amusing story of an incident at a deaf and dumb wedding at Cardiff is related by the South Wales Daily News. The Rev. W. E. Winks, a Baptist minister, officiated by means of the finger language, and afterward a lady, who witnessed the ceremony, said to the pastor: "Very nice, quiet wedding, sir, but did you notice an impediment in the bridegroom's speech?" "No," was the surprised reply. "Oh, yes, the top of one of his forefingers was missing," said the lady.

The Carnarvon magistrate had before them on Monday a working butcher named Owen Brady, on a charge of leaving his wife and five children chargeable to the union. Five weeks ago the house inhabited by the defendant was pulled down with some others and the family had to seek the protection of the workhouse. The defendant pleaded that he had been unable to find another house in the town. He was ordered to contribute toward the maintenance of his family and also hasten to provide them with a home.

The Welsh insurance commissioners have, subject to the successful candidates passing the medical examination, appointed two inspectors of salaries at £350 to £500 a year—one for North Wales and the other for South Wales. They are Mr. Owen Evans, of London, for North Wales and Mr. Trevor Williams, of Marlborough Road, Cardiff, for South Wales. Mr. Williams is now in charge of the juvenile work under the board of trade labor exchanges, and has had considerable practical, educational and administrative experience under the Glamorgan County Council.

A Hull man named George Hardy, who gave evidence in a case at Doncaster on Monday, was asked if he had anything to drink. He replied: "I am a teetotaler. I have only had three glasses of lemon dash."

Mr. Thomas Chamberlain Jarvis, assistant town clerk of Hammersmith, is resigning office, after serving with the council and its predecessors for upward of thirty-one years.

While on a voyage to Iceland the Hall trawler Myton has been totally wrecked at Munk Rock, Faroe Islands. Captain Neilson and his crew of thirteen were saved.

The Woodcock Hayes farm house, near Tiverton, Devon, which was nearly 400 years old, was destroyed by fire recently through a spark igniting the thatched roof.

John Weston, a Shelton potter, was, at Hanley recently, fined 10s and costs for smoking in his workshop—a breach of the special home office rule to prevent lead poisoning.

ISLAND NEWS OF INTEREST

The cannery at Naden Harbor closed down on the 2nd inst. The run of coho salmon was not up to expectations.

Rev. W. Hogan, the Anglican missionary at Masset, visited Prince Rupert recently and spent a short vacation at Hazelton. He was present at the reception of His Excellency the Governor General.

Father McDonald, formerly of Powell River, intends to permanently reside on Masset Inlet, paying visits to the south end of the Island, Naden Harbor, and the east coast. He will construct a number of chapels in the various places throughout the island and will have a gasoline launch.

The gasoline launch Edrie, of Skidegate, was in Masset recently on the way to Ketchikan, Alaska. This is the first visit of the boat to Masset Inlet, and the fact that it was the largest vessel of the kind to enter the inlet was commented on by the large number of owners of smaller craft.

Mary, one of the oldest of the Indian women on the island, died at Naden Harbor on the 28th ult., and was interred in the Masset cemetery. The band played funeral dirges and Mr. Alfred Adams officiated at the church and graveside, in the absence of Rev. W. Hogan.

LARGE NUMBER OF METHODISTS

London, Oct. 15.—According to the official year book of the Methodist Church just issued, there are 55,067 Methodist ministers throughout the world, 101,368 lay preachers, over 9,000,000 church members and probationers, 7,895,000 scholars in the Sunday schools, and over 100,000 churches and preaching places.

Barrieau-Scaler Mill a Draw.

Edmonton, Alta., Oct. 16.—Before more than a thousand fight fans in Thistle Rink, Ernie Barrieau, of Vancouver, and Kid Scaler, of Edmonton, fought fifteen rounds to a draw decision given by Referee Woody, of Seattle, which proved generally popular, though some thought Barrieau should have had the better of the bout. The Vancouver boy put up a beautiful exhibition of boxing, and his footwork in the latter part of the fight was the best ever seen here, winning him great applause from the spectators. Scaler was warned a number of times by the referee for fouling by hitting in the clinches, but none of his offenses were serious.

SPORT CLIPPINGS

It may not be generally known that a goalkeeper can score a goal if he kicks the ball through his opponents' goal, whether he is in own half or not.

Danny Steel, of the Third Lanark, is easily the strongest player in Scottish league football. He plays with the 112-lb. barbell and the giant Indian clubs almost as easily as he does with the Cathkin ball.

J. H. Derbyshire won both the 220 and 440 yards Southern swimming championships.

A walking race from London to Brighton (52 1/2 miles) resulted in favor of E. C. Horton in 8 hours 4 mins. 20 secs.

L. Meredith showed some of his old form in an attack on the ten miles motor paced amateur record at Herne Hill recently. His time was 14 mins. 51 1/5 secs., which is two seconds better than C. H. Bartlett accomplished last June.

E. Barry has publicly stated that there was a stage during his match with Arnst for the sculling championship of the world, when he found it difficult to keep on.

Jockey Shilling, who, during the past three seasons, has ridden more winners to the tape than probably any other stable jockey on American tracks, has been suspended for life, and can never again ride on any track in the United States.

The Quebec Hockey Club, the holders of the Stanley Cup, will stick by the National Hockey Association, no matter what other rival league is formed.

If Fred Taylor plays in the N. H.A. he will probably be with the Ottawas. Sammy Lichtenheim must realize by this time that he has no chance of coaxing the Cyclone to the Wanderers camp.

Hugh Jennings drew the record long term suspension in the American League this season. On September 4th he was set down for a run-in with Umpire Connolly at the time Connolly called Cobb out for stepping from the batter's box to hit a ball. It was two weeks before the ban was lifted.

In response to a request for some opinion on the subject of the Giants' chances in the world's series, Murray tore off the following: Bring on your Wood and Collins—With all their pomp and rank—How'er their curse They can't be worse Than Bender, Coombs and Plank.

By "worse" in this connection Mr. Murray refers exclusively to the spell cast upon him in 1914. A baseball team to be com-

posed largely of Pacific Coast League players, with the addition of a few major league stars, probably will tour Australia next winter. J. Cal Ewing, former president of the Pacific Coast League, and W. J. C. Kelly, of Sydney, who is head of the Australian baseball managers, besides being the representative of Hugh McIntosh and other fight promoters of Australia, are working on the proposition. It is planned to take fifteen players, including two extra pitchers and catchers, who are to be loaned to the Australian clubs in the trips. The promoters of the trip intend to sail from San Francisco on January 11th. Games will be played also in Honolulu.

Here is a fan who has the traditional 33rd degree "bug" on baseball beaten many blocks. There's a millionaire ranchman down in Texas, so the story goes by the name of R. J. Kleberg, who guarantees to put four first class diamonds in shape if four of the big major league clubs will go down there to train next spring; moreover, he will give them free use of the grounds. If there isn't something hidden in the woodpile this Texan is willing to pay dear for some early season baseball next spring.

One of the most famous of English football players, Chris Buckley, centre half of the Aston Villa team, has been suspended by his club and reported to the league. Buckley signed on last June, but refused to play because he said he was assured by the director who took his signature that he would receive the sum of \$1,250, which he thought he ought to have in addition to the amount received from his benefit. That was guaranteed him at \$2,250, but the receipts amounted to only \$1,835. The club made up the difference, sending him a cheque for \$2,250. His demand for \$1,250 more led to his suspension. Buckley told the club he would never play for Aston Villa again unless he received what he asked for, and, if not paid at once he would sail for Canada. Buckley is a farmer as well as a football player.

Association football is already the national sport in Germany, Sweden, Belgium, Hungary, Holland and Denmark, and is making great headway in France, Austria and even Spain.

He Was from Ireland. Denny Kelliher was a typical fighter of the old time school—stocky, strong as Hercules, game as a lion, and really hateful when the padded gloves were mentioned. "It's myself," said Mr. Kelliher, "thot wud rayther scrap wit' no gloves at all, at all, but phwat can yez do? Still, ye can always push th' hair back from th' knuckles an' git a little action thot way, which be some shmall consolation, anyhow!"

QUERRIE FAVORS COMMISSION FOR THE NATIONAL GAME

TECUMSEH MANAGER FAVORS THE ESTABLISHMENT OF A LACROSSE COMMISSION TO GOVERN THE ACTIONS OF PLAYERS AND STOP STEALING MEN

Charlie Querrie says there is only one way to put lacrosse back on a firm footing again and that is for the lacrosse magnates to take a leaf out of the baseball book, and form a lacrosse commission, so that they can control the players. Where is the club today that spends a season in developing a young player? Just as soon as the player becomes of some use to the club along comes another club with a bank roll, and of course the player goes where he can get the most money, and who can blame him? But the club receives no benefit for their teaching, like they do in baseball.

When lacrosse men of the ability and brains like Tom O'Connell, Joe Lally, R. J. Fleming, P. Quinn, Con. Jones, Jimmy Murphy and others cannot see that petty quarrels and the desire to beat the other league is only resulting in players making a laughing stock of contracts, and receiving salaries that the game cannot afford, what chance is there for a commission such as the baseball moguls found was the only way to govern and make a success of the game? With Jimmy Murphy going to Victoria

to start a team, and Con. Jones needing players for Vancouver, the war will likely start early, and players will reap all the benefit. Go to it, boys, get all you can, for some day the magnates of the lacrosse world will wake up, and things will not be so soft.

The Marrying "Kid."

"Kid McCoy was surely the marrying child," says Frank Kelly, who used to manage the skillful Kid's affairs. "His weddings have been so numerous that only a lightning calculator could keep track of them, and whenever his ring engagements have interfered with his matrimonial plans the Kid has been as peevish as a bear. Just loves to get married, that boy, and I suppose he will keep up the habit indefinitely. Maybe not, though—they say the present Mrs. McCoy has a firm grip upon his heart and wallet, and is a sensible young lady who will hold him to a finish. Hope so, anyway."

Diner—a creme de menthe, waiter. Waiter (calling out)—One starboard light!—Fun.

Borrowed Them. "I see society people at Newport had a baby show." "Where did they get the babies?" "It was a loan exhibition, I believe."—Washington Herald.

The Way to Do It. "There is some talk of abolishing the cabinet." "What would take its place?" "They might let each department be conducted by some magazine."—Kansas City Journal.

Faddish—Ah, there's another thing. You know, I never eat butchers' meat. Weary Hotel Proprietor—No, no, madame; of course not. We always get ours at the green grocer's.—Sketch.

Be Suspicious BE suspicious of that of which nobody is proud. Be suspicious of the mere low-price argument offered in favor of an article with no reputation, no backer, no guarantor. Better buy the thing you know and can trust, than an article unbranded and unvouched for. The branded shoe, made by a maker with a reputation, is a safer shoe to buy than the one made in an unknown factory by an unknown maker. That in which much money has been invested to make or keep it good is worth more than that on which nothing or but little has been spent. Peace of mind is worth something, just as quality is. Buy peace of mind. When you buy anything worth while buying, buy that of which you know— from advertisements, or from other dependable acquaintance. Buy the article with the "money back" guarantee—with the pledge of a known name behind it. Put your faith in the advertisements appearing in good newspapers. Beware of the article that cannot stand the spot-light of publicity. The commodity an advertiser backs with his own money is something worth your buying. Advice regarding your advertising problems is available through any good advertising agency or the Secretary of the Canadian Press Association, Room 503 Lumsden Building. Enquiry involves no obligation on your part—so write, if interested.

RE VOTERS' LIST.

I am instructed by the City Council to publish the following notice with regard to voting at the next municipal election. The persons who will be inserted on the voters' list are as follows:

1. Owners of real estate. This means any person who has a deed of land registered in the Land Registry Office or an agreement for purchase of land registered in the Registry Office.
2. Any person who has land under agreement from the Grand Trunk or the government whose title is not registered in the Land Registry Office, and their right to vote is doubtful. Therefore, voters so situated are advised if possible to register either as householder or license holder.
3. Any person holding a trade license may vote, but before doing so he must, in October, make a declaration showing his right to vote in Form 1. These forms can be obtained at the City Clerk's office. The declaration must be filed with the City Clerk within forty-eight hours after it is made.
4. Any householder can vote. A householder means a person who has resided in Prince Rupert from the 1st of January, 1912, and who occupies a dwelling, tenement, hotel or boarding house, or any portion of a dwelling house, tenement, hotel or boarding house. He must also pay rates, taxes or assessments which are not chargeable on land, and which rates, taxes and assessments so paid amount to not less than \$2.00. Water rates and dog licenses do not count. Practically the only tax that can be paid is the road tax, \$2.00, and any person who, being a householder as above described, has already paid his road tax must also make a declaration before he can be placed on the voters' list.

All voters must be 21 years of age and British subjects.

Has Anybody Here Seen Billy?

What! You have not heard about Billy? Then you should not fail to visit the Westholme Opera House tonight, where Billy will appear on the stage in company with Mr. Mark Harby, the popular and well known entertainer. Billy is a little wooden figure dressed in a cunning little jacket and the gayest of trousers, who is made to laugh talk and sing as naturally as though he were real flesh and blood instead of a block of wood.

In addition to Mr. Harby's ven triloquist act, Mr. J. Gibson will appear in his funniest sketch entitled "The New Chink Cook." Everybody knows that Jimmy's impersonation of a Chinaman is a scream from start to finish and this act alone will insure a full house tonight. There will also be a monologue by Mrs. Edgrin and a new song by Mr. Charles Evitt, with the usual programme of theatre motion pictures and special music by the orchestra.

W. P. D. Pemberton, provincial land surveyor, and a member of a well known Victoria family, returned on last evening's train from a trip of some months spent in the Interior in the prosecution of his profession. Mr. Pemberton, who has spent much time during the last four years in the Hazelton district, is most enthusiastic about the future of that part of the country.

Mr. and Mrs. Phillpotts and Ernest C. Holland, of London, England, are late arrivals in the city and are registered at the Central Hotel.
