

BRITISH NAVAL MEN TOLD TO PREPARE FOR WAR

BULGARIANS ARE DEFEATED BY TURKS—GREAT BATTLE IS NOW IN PROGRESS IN BALKANS

KNIGHT OF MODERN ROMANCE MAY PROVE TO BE VILLIAN

WHEN OGA PROPOSED TO MARY HE DID NOT SAY THAT TROUBLE MIGHT OCCUR WHEN MRS. OGA OF ALASKA HEARD OF THE MARRIAGE.

Victor Oga sprang into the limelight several weeks ago because "all the world loves a lover," and when his ultimatum delivered in the police station to Mary Crosbie: "Mary, you marry me—yes or not?" resounded throughout the country, the stalwart Finlander who saved the girl from the cold, hard prison was applauded far and wide. Men of single blessedness envied him his courage, while maidens of uncertain years simpered and whispered that the age of romance was not yet dead.

Away up in Alaska, from which place Victor came to fresh victories of love, lived a little woman and two small children who bore the name of Oga. She, too, heard of him as "victor" of the Indian maiden's heart, but it struck no responsive chord in her breast. She lost no time in booking passage from Douglas, Alaska, to Prince Rupert, and with the two little boys arrived in this city in quest of her lord and master. After vainly trying to locate him she appealed to the police, and now they are anxiously and earnestly seeking his presence for sundry explanations as to matrimonial intentions.

The marriage of Oga to Mary Crosbie, it will be remembered, occurred several weeks ago under the supervision of the court and several of the stalwart constables acted as men-in-waiting and pages to the happy couple.

Mary Crosbie was about to be sentenced in the court when the Finlander appeared on the scene

and asked permission from the authorities to marry the girl. When questioned he admitted that he had not spoken to her on the subject, but thought that she would have no objections to becoming Mrs. Oga. Accordingly, he was taken into the cells and in the presence of a blushing officer asked the question: "Mary, you marry me—yes or not?" Mary after consideration replied: "I think I had better."

Next morning the court sat with all due pomp and when Mary was called before the judge, up jumped the blond haired Oga and thundered out his wish to take Mary for his better half. The court consented and under escort of two bachelor members of the police force the pair were conducted before a minister and in due form married. Sentence was suspended, and Mr. and Mrs. Oga left the court room amid smiles of the judge and reporters, and with the benediction of the prosecutor, while the two bachelors referred to blushed and sighed.

In spite of the auspicious circumstances surrounding the wedding, the happiness of the pair was short lived, for the honeymoon was not made in company as Mary left on the next train to the east and Oga disappeared in another direction.

Now that Mrs. Oga, who claims to be the No. 1 of that name, and her two little children have arrived from Alaska, a different complexion appears on the romance, and trouble will likely result if Oga can be located.

Four vegetables from Wilcox's farm on Porcher Island are on display in the window of the Kanan Island Hardware Company on Third avenue which have an aggregate weight of twenty-five pounds. The lot consists of two potatoes weighing two and a half pounds each and two 10-pound turnips. The vegetables are firm and hard and are but another instance of the fertility of the soil in this district. The establishment of the annual fall fair in Prince Rupert will give an opportunity to display such enormous and excellent products.

BRITISH RESERVES NOW READY

Orders Sent Out From the War Office Calling on Men of the Naval Reserve to be Prepared for Immediate Service

(Special to Daily News.)
London, Nov. 2.—In view of the present European situation certain steps which the British government has taken during the last few days are significant.

Although it has not been publicly announced, it is stated as an undoubted fact that all the men and officers of the coast defense reserve, a body attached to the

garrison artillery, have received communications from the war office marked "Urgent," requesting the recipient to state whether he is fit for immediate service.

On Saturday it was announced that 30,000 members of the naval reserves had received warning to hold themselves in readiness, while yesterday the First Lord of the Admiralty, Winston Church-

ill, and War Secretary Seely had a two hours' conference with Foreign Secretary Grey.

Though these measures may be merely of a precautionary character, they certainly show that the government is keenly alive to the possibility of complications arising out of a situation created by the sensational developments of the Balkan war.

BULGARIANS ARE DEFEATED BY TURKS AND BIG BATTLE IS NOW PROGRESSING

One of the World's Greatest Battles is Being Fought in Balkans
---Fighting Day and Night---Fear That European Conflagration May Result

(Special to Daily News.)
Constantinople, Nov. 2.—The Turkish army has recaptured the town of Dunarhissar from the Bulgarians and also defeated the invaders in the vicinity of Visa, according to a despatch from Nazim Pasha, commander-in-chief of the Ottoman forces. The Bulgarian losses have been very heavy and they were not driven from the city without terrible loss to both sides.

The Turkish forces have been ordered to advance and Nazim Pasha declares that the Bulgars are gradually being hemmed in on all sides.

An officer who was present at the fall of Kirk Kilisseh says that the Turks had been without food for eight days and it was

impossible to hold out any longer. He said, when asked, that he did not think the Turks could win the war.

Constantinople, Nov. 2.—Whatever the result of the terrible battle now raging on the western slopes of the Istrandia Mountains, in Thrace, is it will undoubtedly be reckoned among the greatest struggles in the history of the world. For almost four days and nights the opposing armies have been fighting madly. The battle has been continued by moonlight and all through the darkness the hand to hand fighting and desperate charges have been taking place. Only the decisive defeat of one of the armies will be the result.

Paris, Nov. 2.—A policy of territorial disinterestedness in the Balkans if France, Russia and Great Britain have their way will dispose of the existing Shibboleth of the conditions with regard to Austria and Germany. Italy, however, hesitates to subscribe to the policy.

It is recognized here that it is impossible now to prevent the fulfillment of the aspirations of the Bulgarians, Greeks and Serbs for national unity providing that they are victorious in the present war and they are entitled to their respective slices of Turkish territory.

It is feared that any attempt on the part of any other power to grab any territory will start a general conflagration.

FIRST GAME OF LEAGUE PLAYED

Tigers Defeat Baptist Brotherhood in First Game of Basketball League, 12-8.

At the auditorium, on Sixth Avenue, last evening, before an assemblage of nearly two hundred people including fifty members of the fair sex, the first of the series of basketball games for the Marren solid silver cup offered for competition by the new league, was brought off.

The game, which was between the Tigers and the Brotherhood Crescents, was fast and clean, few fouls being recorded, and was eagerly watched by the on-lookers. Not until nearing the call of time was it at all certain which team would prove the victors. Ultimately the veteran Tigers carried off the match by a score of 12 points to 8.

Below are the names of the opposing teams:
Brotherhood Crescents—Mobley (captain), Young, Ives, Adair Carrs, Schaeffer and Jarvis McLeod.

Tigers—Lee Dell (captain), A. Lee, Don Daggett, Eddie Mann, W. Blythe.

The game, which was called at 8 o'clock sharp, was opened by Mayor Newton. Bob McIntosh and Frank Bratt made most capable and efficient referee and umpire, respectively.

Next Friday two matches will be played: viz., Callies vs. Kaien Island and Tigers vs. Men's Own. The first game commencing at 8 o'clock.

Prince Rupert's leading hotel—Savoy.

"The Sufficiency of the Gospel for the Salvation of Society" will be Rev. Warren H. McLeod's subject tomorrow evening at 7:30 o'clock. Morning worship at 11 a.m. Bible school and Brotherhood Bible Class at 2:30 p.m. All men invited to this class. "Do you believe that gospel salt has lost its savor? or can the gospel today cure the ills of Society? Such questions as these will be answered at the evening service. Strangers and visitors cordially invited. All services held in the McIntyre Hall, 3rd Avenue, near Sixth Street.

GERMANS READY FOR THE FIGHT

Alarming Statement Made by German Lieutenant: "Lord Roberts is Right."

Los Angeles, Nov. 2.—That a staggering war between Great Britain and Germany is imminent is the opinion here today of Dr. Iur Lenoir, a lieutenant in the Jager regiment, known in Germany as the "Kaiser's Own."

"Lord Roberts is right," said Dr. Lenoir, who is returning to the Fatherland after attending the funeral in Tokio of the late Mikado of Japan.

"His statement that Germany was ready and anxious to strike is a fact of the most ominous truthfulness. Germany has had a long era of peace, and her officers, even the highest executives, are anxious to show the world the great military advances which Germany has made during the last thirty or forty years."

"I do not believe Germany will win, but even if France joins with England, which I believe she will, Germany will destroy so many British battleships that America will become the greatest naval power in the world."

The manoeuvres of the British army shown at the Westholme Opera House last night were very interesting and instructive. Especially at this time when so much war talk is being heard, the review by His Majesty King George and the efficiency of the British army is being discussed. The pictures will be shown again tonight.

HIGH SCHOOL GIRL RECEIVED MEDAL FROM H. R. H. THE DUKE

CONNAUGHT MEDAL FOR PROFICIENCY IN ENTRANCE EXAMINATION GIVEN TO MISS EDNA JEFFERY—PRESENTATION MADE BEFORE SCHOLARS.

Chairman O. H. Nelson of the Prince Rupert School Board had a very pleasing duty to perform yesterday afternoon, when at the Central school, before a gathering of all the school children of the city, including those of the high school, he presented the bronze medal donated by the Duke of Connaught, the governor general, in commemoration of his recent visit, to Miss Edna Jeffery, who was the winner of the highest number of marks in the recent entrance examinations.

The presentation was made in the basement of the public school, all the pupils, with the exception of the youngest in the primary grade, being present, together with Principals Brady and Hunter of the high and public schools, respectively, and Mr. P. W. Anderson of the board.

Mr. Nelson in a short and interesting address to the children dwelt upon the significance of the gift, which was intended to commemorate His Royal Highness' visit to the city, expressing the hope that the recipient would in the years to come have many more honors to her credit. He gave advice to the pupils and admonished them to use their best endeavors to make the schools of the city of the highest rank.

Following the presentation of the medal, Principal Brady of the high school addressed a few words to the pupils. The popularity with which he is held was attested to by the applause that greeted his rising to speak. In

referring to the fact of a girl having carried off the special prize, thereby showing their ability to more than hold their own with the boys, he said it would only be a greater incentive for the lads to use every endeavor to surpass them. Sound and wise counsels as to the necessity of diligence and perseverance in their studies concluded his remarks.

Principal Hunter of the public school spoke briefly, giving words of encouragement.

The affair was brought to a close with cheers for Miss Jeffery and the singing of "She's a Jolly Good Fellow," together with more cheers from the high school for the public school and H. R. H. the Duke of Connaught.

POLES USED IN CANADA

Large Number of Poles in Excess of Year Before—Should Be Treated with Preservative.

Ottawa, Nov. 2.—The forestry branch of the Department of the Interior has lately finished the compilation of statistics dealing with the poles purchased in Canada during 1911. The total number of poles purchased was 585,703, a decrease of 25 per cent. from 1910. The total value of these poles at point of purchase was \$1,056,277, and the average price of poles was \$1.80, greater by 47 cents than the price per pole in 1910. Steam railways, telephone and telegraph companies used almost 90 per cent. of these poles, the remaining 10 per cent. being used by electric railway, power and light companies.

Over 90 per cent. of the total consumption were cedar poles, which for their cost give better service than any other wood. At present practically none of these poles are treated or preserved by any method, in which respect Canada is far behind the United States. The United States, using in 1910 3,870,694 poles, found that it paid them to use preservative methods. During the last four years the treatment of poles has advanced rapidly; in 1910 over 24 per cent. of the total number were treated by the creosote or other methods. This is an increase of some 45 per cent. over the number treated in 1909.

At present the United States have a large number of timber treating plants, while Canada pole users are only now beginning to treat their poles. It is to be hoped that this great inequality will soon be done away with and that pole users in Canada may take up this cheap and rational method of securing greater service from the poles used and thus lessening the drain on the forest.

GOES SOUTH ON HOLIDAY

Mr. McLean Leaves for Well Earned Holiday to Be Spent in the South.

W. J. McLean, the popular local manager of the Canada Railway News Co., which operates the news stand on the G. T. P. wharf, together with the dining car, etc., on the train, leaves on a well earned vacation for the southern coast cities this evening on the Princess Mary.

The Canada Railway News Co., which is a large business concern, operates the news and refreshment stands all along the line of the G. T. P. from East to West, and upon the completion of the road will occupy a very important place in the commercial affairs of this city. This will be Mr. McLean's first holiday since his arrival nearly eighteen months ago, and he expects to go as far south as Portland, Oregon. A week will be taken up entirely with business matters in connection with the company, the remainder of the time being devoted to straight holiday making, returning to Prince Rupert about the end of the month.

INSURE THE FUTURE OF THE CITY

No one denies the value of a good life insurance policy, nor the assurance that losses by fire, accident or sickness will be reimbursed. It is comforting for the father of a family to know that if he is suddenly called away his dear ones will not be thrown upon the charity of the world; that his wife will not have to bend her young shoulders over the washboard in an endeavor to keep the little ones that call to her for food, from the poor house. It has been said that insurance is a duty incumbent upon very man and that a marriage licence should only be issued when a man undertakes to make provision for the future of his wife in the event of his death.

There are many different kinds of insurance and the first question asked after a destructive fire is as to the amount of insurance. If the answer is that valuable buildings and merchandise have been burned, and the owner failed to insure his belongings, he is thought to have been taking desperate chances, and is rated for his folly. He is told that to save the price of the premium he has lost many times the amount, and is criticised for his lack of foresight and business ability.

Every ratepayer in Prince Rupert has a duty to perform, an insurance policy to take out, a provision to make for the future as well as to take

steps for the protection of the present. The affairs of the city have to be looked after, and be placed upon a sound business basis, not only for today and tomorrow, but for the future welfare of the community.

Political and religious bodies are continually speaking of our duty to our fellow man, and there is nothing that is half so noble, half so grand as to lighten the burden of others, even if at a sacrifice to ourselves. What is more sacred then, than to lighten the burdens and if possible smooth the path not only for our neighbor, but for the countless multitudes that will follow after us? It is we who are here in the initial stages of the growth of what must inevitably become one of the greatest cities on the continent that must be responsible in a measure for a great or small amount of the trouble which they will have to contend with, and the only way we can insure against this is to take the utmost pains and care now in the administration of public affairs.

In no matter what line a man is in, when he seeks a manager he insists on getting a man qualified by experience and general knowledge for the position. So it is with the citizens, they must have the soundest men of the community at the head of their affairs, not only to expend the public moneys to the best advantage for the present, but to insure for the continuation of prosperity in the future.

He wanted four, but could get only one. There is not a very great volume of work being done in the district, yet it shows fairly well that there are no idle men.

D. J. Rainey, Mrs. Rainey and son left Stewart on Thursday's boat. They intend stopping in Seattle for a short time and then go on a voyage of adventure and pleasure across to Australia, touring that country pretty thoroughly. Mr. Rainey is one of the first of the oldest pioneers of this camp, having landed on the mud flats with a party of sixty-four on the steamer Discovery twelve years ago. Since that time he has prospected all over the Portland Canal district and is now going out to enjoy a well earned rest and vacation. His post office address for the next two weeks will be Seattle general delivery.

The expenses per patient, however, have been \$2.35 per day, making the loss sustained per patient 74 cents a day.

LOCAL JOTTINGS

Dr. McNeill leaves today on a ten days' trip to Victoria and Vancouver for the investigation of certain matters pertaining to immigration. He will be accompanied by Mrs. McNeill.

H. W. Vance, a very well known mining man of the North, for several years superintendent and later general manager of the Conrad Consolidated Mines Co. of Conrad, Yukon Territory, arrived from Seattle yesterday on the Camosun with the object of personally examining the new quartz strike in the Kitsumkalum Valley. Mr. Vance left for up the line on this morning's train.

The Fraternal Order of Eagles are preparing for a grand smoker and concert in the lodge room of the Knights of Pythias Hall on Wednesday evening, November 6.

Committed for Trial.

In the police court this morning before Magistrate McMullin the man, A. E. McKenzie, charged with attempted robbery from the person of William S. Williamson upon the premises of the Empress Hotel the day before yesterday, was committed for trial. A mix-up in the Comox avenue district, in which a man claims he was robbed of \$125, with a counter charge against him of assault, the women involved being further charged with running a disorderly house, was adjourned by the magistrate until Monday morning.

Severe Storm.

One of the worst storms ever experienced on the Queen Charlottes started early on Thursday morning and continued with unabated fury for nearly twenty-four hours. The wind was from the southeast and was of hurricane force, doing considerable damage all along the coast. At Queen Charlotte the storm was severely felt. Boat houses belonging to Messrs. Smith and Kitson were completely demolished and swept away. The Moresby Island Lumber Co.'s property sustained some damage, several piles of lumber being blown down, as well as part of the smokestack of the sawmill, while the float was partly washed away. The telephone line between the post office and the wireless station was put out of business and it will be a week or two before it is in working order again, owing to the damage done by falling trees. At Skidegate a large tree fell on Fraser's new hotel building, completely wrecking it.—Queen Charlotte Islander.

Something New.

Have you seen the new range of shoes for winter at Scott, Froud & Co.'s? Inspection will convince you there are none better. Call in when passing.

A most delightful and entire-satisfying surprise party was given to the bachelors at the Bohemian mess last night by their lady and gentlemen friends, and a very pleasant evening was spent.

Good Advice

Rev. Father Vaughan gives this advice to old countrymen coming to this country: "Leave your eyeglasses at home and your knickerbockers and your hypochondriacs and your superiority; put on a pair of overalls, pull off your coat, roll up your sleeves and put your back into your work until you are through with it. Then instead of being all in, down and out you will come out on top and will become a useful member of an enterprising community, and not at all a bad advertisement for the Old Country."
