CANADIAN NORTHERN LINER WRECKED ON ROCKS

TURKS LOOSE THOUSANDS IN TERRIBLE BATTLE LASTING TWO DAYS AND ARMY IS CRUSHED

C. N. R. LINER WRECKED IN FOG

Royal George En Route From England to Montreal With 701 Passengers Piles up on Rocks in Dense Fog Near Quebec---No Lives Lost---Boat is a Total Wreck

(Special to Daily News.)
Quebec, Nov. 6.—The Canadian Northern liner Royal George with 701 passengers aboard crashed on to the rocks during a dense fog on the St. Lawrence River ten miles below this city early this evening. The passengers and crew are safe.

The ship was travelling at 18 knots per hour, when, without warning, she piled upon the rocks with such force that everyone was hurled to the deck. In spite of the sudden calamity and the natural fright of the passengers, the officers kept complete control of the frightened men and women and preserved discipline. She was inbound to Montreal from Avonmouth, England, and entered the dense fog bank shortly before the disaster. Life boats were cleared and lowered and preparations were immediately made for the safety of the passengers, while the

wireless gave notice of the plight of the ship.
Immediately the news reached Montreal the wrecking steamer Lord Strathcona and two tug boats left for the point of the accident.

On the arrival of the rescue boats it was found that they were unable to get near the Royal George owing to the shallowness of the water, it being but six feet in depth at that point at low tide, while the great ship towered away above them to a height of sixty feet. The position is a particularly dangerous one and the liner may topple over at any moment. The vessel will likely be a total wreck.

All the passengers and crew were removed to safety.

POSITION GOES TO T. C. DUNCAN

Local Man Gets Job as Superintendent of Power Plant—Many Applications.

At the meeting of the City Council last evening a considerable length of time was occupied in listening to the reading by the city clerk of the applications, together with the letters of recommendation, of the several candidates for the position of superintendent of the city electric light plant, lately filled by James Matthews. There were in the neighborhood of thirty-six applications, which were gone through by the committee and reduced to seven, which were brought before the Council for consideration. Finally, a ballot was taken, the choice falling upon Mr. T. C. Duncan, a resident of the city, late of Nelson, and a man who has had long experience in this line of work, both in the United States, Australia and New Zealand, as well as Canada, where he has resided for some years. Mr. Duncan is in the city and ready to start upon his duties at once.

No word has been received so far from Mr. Ross, the electrical engineer of Seattle, in reply to the request from the Council forwarded to him asking him to come up to Prince Rupert and make an examination of the plant and give an expert opinion as to its safety and efficiency before the new superintendent takes over the management. This course was deemed most advisable as Mr. Ross supervised the installation of the plant and is a man of great weight and ability in this branch of engineering. It is presumed he was away from Seattle and has had no opportunity to reply to the wire sent him by the City Council.

MR. IBBOTSON PROMOTED

Local Manager of Financial Concern Appointed Divisional Superintendent of Trust Co.

Mr. F. E. Ibbotson, for several months local superintendent in this city for the Canadian Home Investment Co., Ltd., left on the Chelohsin this morning for Vancouver. He has gone at the request of the International Home Purchasing Contract Co., Ltd., which has just been organized in that city and which is to extend its operations all along the coast. Mr. Ibbotson, who is well known as a hustling official, has been offered the position of divisional manager of the new company, covering this district of British Columbia. Mr. M. E. Ritchey, who has been salesman in this city under Mr. Ibbotson, has been appointed to the position here of superintendent of the new company, having entered upon his duties in the handsome new offices of the International Home Purchasing Contract Co., Ltd., in the Smith Block. Both Messrs. Ibbotson and Ritchey, who are well known local residents of the city, are known to have marked ability in the line of work in which they are engaged, and it is beyond doubt that their services will be used to the utmost in furthering the interest and building up the business of the big financial concern of which they are such efficient and trusted employees.

STANDING OF THE U. S. CONGRESS

Washington, Nov. 7.—At 9 o'clock last night the House of Representatives was as follows: Democrats, 283; Republicans, 117, and Progressives, 12; doubtful or unreported, 25; total, 435. The 283 representatives gives the Democrats 65 more than the 218 necessary for a majority and 53 more representatives than in the last congress.

Malta, Nov. 6.—The British cruisers Good Hope and Dartmouth left here this morning for Turkish ports to protect British interests and embark refugees. Four other battleships of the British squadron passed here this morning on their way to the Near East. A flotilla of torpedo boat destroyers are coaling here and they, too, will leave for Turkey. All the colliers in port have been ordered to rush at once for the Levant.

MANY MEN MAY DIE FROM GAS

Fifteen Men Are Trapped in Washington Tunnel and May Perish from Effect of Gas.

(Special to Daily News.)
Ellensburg, Wash., Nov. 6.—Fifteen men are trapped in the Northern Pacific tunnel through the crest of the Cascade Mountain range and have been overcome with gas from a passing train in the tunnel. Late today a relief train was dispatched to their assistance. Particulars of the fatality are meagre.

GOLD DRAWING TONIGHT

Gold Prize Drawing at the Majestic Theatre—Good Programme.

Tonight another grand gold prize drawing for children will take place at the Majestic Theatre. The ticket will be taken from the box at 9 o'clock. Last week the lucky holder of the winning ticket was Master J. G. Weston. The programme arranged for this evening consists of several delightful comedies as well as strong dramas and scenic pictures.

A meeting of the Police Commission will be held in the Mayor's office in the city hall tomorrow afternoon at 3 o'clock.

HOME RULE IS TURNED DOWN

Opposition Wins in Lively Debate on Home Rule at Presbyterian Club Last Night.

"Resolved, that home rule shall not be beneficial to Ireland" was the outcome of a very interesting and keenly contested debate held last night in the Presbyterian Hall. The occasion was the opening of the winter session of the club, which for the past two seasons has played so large a part in the social life of the city, and the evening was enjoyed immensely by the large number present.

After two very pleasing selections were given by the male voice choir—an organization from which much in the way of music can be expected during the winter term—the chairman, Mr. J. H. Thompson, called on Mr. Naden to open the debate on "home rule" for the affirmative. Mr. Naden made a very telling speech and led the audience to believe that home rule was now practically a certainty for Ireland, but his statements were practically picked, to pieces by the leader of the opposition, Mr. D. C. McRae.

Then followed strong addresses by Mr. J. H. Kelly for the affirmative and Mr. Murray for the negative. Mr. Murray is an exceptionally good speaker and his short talk was well received. One more speaker, W. G. Dennis, poured forth his eloquence in support of Home Rule. Mr. Dennis, although professing to be a Scotsman, has an Irish name, looks Irish, has the Irishman's wit and gave a very humorous address.

The Club is to take the form of a mock parliament this year, and at the next meeting leaders will be chosen for the government and one for the opposition, and they in turn will appoint their own cabinet, so that in all debates a full discussion shall be given the subject from both sides of the house. The club enters on its third year with bright prospects, and a very interesting programme for the winter evenings.

(Special to Daily News.)

Sofia, Nov. 6.—The Turkish army, under the personal command of Nazim Pasha, minister of war, was completely crushed in the great battle with the Bulgarians which lasted for two days on the Serai Tcherli line. According to semi-official advices, the Turks lost in killed and wounded more than twice the number they lost at the battle of Luleburgas.

The victorious Bulgars are hotly pursuing the disorganized Turks and are practically at the gates of the capital city, Constantinople.

London, Nov. 5.—Scutari continues to resist the assaults of the Montenegrin forces, while Adrianople is still in the hands of the Turks although in a bad way owing to the fact that the water supply has been cut off.

Constantinople, Nov. 6.—The Turkish headquarters staff have decided to make a stand immediately behind the town of Tchataltja and there await the coming of the Bulgarians.

Sofia, Nov. 6.—The Turkish losses, killed and wounded, during the five days' fighting in the vicinity of Luleburgas is estimated at 25,000 men. The Bulgarians took 2,000 prisoners and 37 batteries of quick firing guns.

Constantinople, Nov. 6.—The council of ministers decided to prosecute the war to the bitter end and drop negotiations for peace through the mediation of the powers.

London, Nov. 6.—Sir Edward Grey, in answer to a question of interference, intimated that as far as Great Britain was concerned they would let the Balkans fight out the war with Turkey.

NEW C. H. I. C. MANAGER

Financial Institution Appoints New Man for Local Branch—Will Develop District.

Amongst the recent arrivals in the city is Mr. Alex. Stevens, who has come to Prince Rupert to act as local superintendent of the well known financial concern, the Canadian Home Investment Co., whose offices are over the post office in the lately completed Federal Block. Mr. Stevens, who is an energetic and bright business man, is delighted so far with what he has seen of Prince Rupert and the business that his company has done here in the past. Under his capable management there is every prospect of its volume being still further increased as the completion of the railroad gets in sight and the vast influx of new settlers begins to arrive in this northern part of British Columbia.

COUNCIL TALK MONEY MATTER

Adjourned Meeting of the Council Discuss Proposed Loan from Bank and Give Option on Bonds

At the adjourned council meeting last night the announcement was made that the bank was agreeable to advance another \$25,000 to be devoted to the completion of the work in Section One. The bank further intimated that if the treasury certificates to the extent of another \$25,000 could be disposed of, they would be agreeable to raise the amount that would be available for this work to \$50,000.

A proposition was received from a Toronto firm of financiers stating that it thought that it could dispose of about \$60,000 worth of the 6% treasury certificates at par.

The firm asked for an option on them at that figure. It was decided to give them a thirty day option in which to attempt to place the certificates. The certificates cover the four year loan.

UNION S. S. CO. WINTER BOATS

Sailings of the Union Company's Boats Change for the Winter—Twice-a-Week Service.

Vancouver, Nov. 6.—The winter schedule of the Union Steamship Company, announced this morning, provides for a twice-weekly service between Vancouver and Northern British Columbia points, and a weekly service between Victoria and the same place.

The steamer Camosun will commence the new schedule on Saturday, November 9th, at 9 p.m., when she leaves for Campbell River, Prince Rupert, Granby Bay and way points. In order that this may be effected, the Camosun's next run north under the old schedule, by which she was to leave Vancouver Tuesday, was cancelled.

The Chelohsin will leave Victoria on Wednesday, November 12th, at midnight, and Vancouver on Thursday, November 14th, for Powell River, Hardy Bay, Bella Goola and way points, and will maintain this run for two weeks, when she will be relieved by the Venture, which is having additional oil storage tanks installed. The Chelohsin will then go on the ways to have oil burners installed.

After this the three boats will alternately maintain the service.

Another Charge.
H. G. Paxton, when he appears tomorrow before Magistrate McMullin in the police court on a charge of forgery, will have to face a further count of a similar nature. A second suspicious cheque has turned up by which the accused obtained the sum of \$127 from Renworth & Jefferson.

Editorial Notes and Clippings

A DIVIDED PARTY.

Considerable strife seems to have been occurring lately in the local Conservative camp and the strained relations between the said, solid old Conservatives of the mossback variety and the progressive organization are growing stronger as time goes on, and the end is not yet in sight.

Apparently both organizations are looking for the government patronage, and as yet only one is recognized. Whether or not the other side can advance their cause to the extent that they will oust the older party and secure the favor of the powers that be is something to be seen, but the present indications point to the fact that the government will remain with the Liberal-Conservative portion of the supporters of McBride.

Prince Rupert is not the only place in the province where the Progressives are making a stand. Masset, on Queen Charlotte Islands, it will be seen by a letter in the news columns, also has its troubles in the Progressive line. There, in turn, the Progressives are warring with their president and cheerfully accepted his resignation. In the last provincial election the number of Independent-Conservative candidates in the field attested to the dissensions and strife in the Tory camp, and had it not been for the effective work of the machine the party would probably now be split in the House.

It is but the beginning of the end of the Tory party in this province, and before a great time the ever increasing split will bring the party walls crashing to the ground.

TERRIBLE EXPERIENCE OF OLD MAN LOST NEAR ANYOX, GRANBY

WM. CAMPBELL, LOST FOR FOUR DAYS AND THREE NIGHTS, IS RESCUED BY LAUNCH AS HE WAS MAKING HIS WAY FROM CIVILIZATION—DOG AS COMPANION.

(From Our Own Correspondent.)

Anyox, Granby Bay, Nov. 6.—Lost for four days and three nights, during which time he was without food and accompanied only by a faithful dog, William Campbell, an aged man, caretaker of the Granby Company's boarding house, was rescued in a pitiable condition by one of a number of sear parties who went out after him. His clothing was in shreds from forcing his way through the underbrush, and his dog was almost exhausted when found.

Campbell, who is over sixty years of age, started out on a hunting trip accompanied by his dog, and after considerable time, not realizing the distance he had travelled, nor noticing the lateness of the hour, was horrified to find himself many miles from home as the darkness approached.

He gathered some sticks and made a fire, beside which he and the dog lay down and passed the night. Upon waking up next morning he found that he had lost all idea of direction and could not locate himself.

Striking out in what he thought was the right way to camp, he soon realized that he was hopelessly lost. All day long he forced his way through the thickets and at night threw himself down on the ground.

Late the next day he reached the beach about three miles from the company's wharf, but exhausted and puzzled as to the

sense of the direction in which he should travel, he unfortunately turned the wrong way and painfully made his way over the rough beach, each step taking him from the goal which he so anxiously wished to attain.

When the old man started out it was thought that he was going to the hotel for a rest and would do a little hunting en route, but when he failed to appear considerable alarm was occasioned by his absence, and when his continued absence was noticed search parties were organized.

Several parties started out in the direction he was believed to have gone while others in launches went up and down the coast line. One of the company's launches, the Beaver, carrying several of the officials of the Granby Company, discovered the old man late on the fourth day, painfully making his way over the rough beach farther and farther away from civilization. He was found on Hastings Arm, a distance of ten miles.

Torn and battered though the old man was from forcing his way through the dense underbrush and climbing over the slippery stones and fallen timber, he did not seem to be suffering to the same extent as his faithful companion, the dog.

Campbell has been employed here for two years in his present capacity and is a great favorite with all the men at the boarding house.

ROAD AROUND KAIEN ISLAND WILL BE BEAUTIFUL DRIVE

PLANS FOR THE ROAD AROUND KAIEN ISLAND WILL MAKE A BEAUTIFUL DRIVEWAY IS THE STATEMENT OF THE ENGINEER IN CHARGE

Victoria, Nov. 6.—Owing to the havoc caused by the torrential waters of the Bear River in tearing out portions of the right bank between Ward's Pass and Stewart which, if unchecked, the big bridge leading from would shortly wipe out the main wagon road leading up the valley and the tracks of the C. N. Railway, the Government has promptly acceded to the request of Road Superintendent C. J. Gillingham to build two or three substantial wing dams to divert the current. Mr. Gillingham has established a camp at Cameron's, where the first wing dam will be thrown up. Max Wade has been placed in charge of construction and the dam will be from 500 to 1,000 feet in length.

Much valuable work in the way of road and trail building and bridge construction has been accomplished this season in the country tributary to Skeena, says Mr. R. O. Jennings, the road and trail superintendent of that section, all of which work has been carried out under his supervision and direction. The trail to Meziaden Lake has been completed and a cable crossing to the Naas. There is now a trail running all the way from Kitwanga to Stewart, a distance of 130 miles. A substantial bridge has been built across the Kitwanga River, three miles from Kitwanga, and men are busy completing six miles of trail on the eastern bank of the Skeena from Kit-

wangak to Bostrom's Creek. From Kitsulka Crossing a wagon road is under construction which will extend into the Rocher de Boule mining country and be of especial importance for the hauling of ore. This road follows Juniper Creek. There is also an eight mile trail between the Skeena and Kitsuegla, and during this winter bridges will be built across Lorne Creek and Fiddler Creek at Copper City, in which locality there is still considerable road and mining work going on.

The plan for a road around Kaien Island has been forwarded to the minister of public works here for approval, and by Hon. Mr. Taylor forwarded to Winnipeg to be passed upon by the Grand Trunk Pacific authorities. The total length of this new road, which will encircle Kaien Island is approximately ten miles (about the length of the famous Stanley Park drive of very similar character at Vancouver) and its estimated cost \$150,000. It is planned to be run at a uniform height of 150 feet above sea level, thus affording delightful glimpses of what is described as some of the finest scenic pictures in Canada, during almost every mile of its length. To begin with, a 60-foot right-of-way is to be cleared for the entire ten miles. Then a 30-foot roadway will be stumped and graded and a 15-foot driveway macadamized. This will afford ample accommodation for traffic for some years

You Can Thank Advertising

NEXT time you step into the corner store, take a look around. Of all the articles on the shelves, how many were on your shopping list five years ago? Make it ten years, and you will find that most of the things you buy to-day—and could not do without—were not even made then.

You men and women who buy things, let this sink in. You are better men and women because of advertising. You eat more wholesome food. You wear better clothes. Your home is better furnished. You have cleaner and more sanitary houses. You read better books and magazines. You seek more healthful amusements.

Your whole standard of living has been raised—and why? Because the men who make these better things are telling you that you will be more comfortable, happier and healthier if you use these higher grade goods.

It is advertising that makes it possible for you to buy "the best" right at your corner store. It is advertising that encourages the inventor to make new comforts and new utilities and enables you to buy

them almost immediately after they are perfected.

J. J. Hill says this "high living" costs more. True for J. J.—but it is worth more. And leaving the cost aside, do you want to go back to buying jam out of a pail, oatmeal out of a barrel, raisins out of sticky boxes, or tea exposed in an open chest?

Do you regret the money you paid for a Player Piano?

Would you forego the new style razor?

Isn't a Tungsten worth a thousand candles?

Would you now be enjoying these if enterprising manufacturers had not told you about them in their advertisements?

Isn't life brighter because we have new and higher standards of living?

Let us thank advertising for it.

Advice regarding your advertising problems is available through any good advertising agency or the Secretary of the Canadian Press Association, Room 503, Lumden Building, Toronto. Enquiry involves no obligation on your part—so write if interested.

Eagles Beat Crows.

There was an interesting bowling match last night at the Empress alleys between the Eagles and the Crows. The Eagles won the first game and the Crows came back and won the second, making a lively encounter for the last game, in which the Eagles won in some close scoring. The high score 194, and high average, 186, were both made by Captain Hunter of the Eagles. The next game will be between the Doves and the Pelicans. Last night's scores follow:

Eagles	1st	2nd	3rd	Ttl.

Grand total	542	685	677	1904

Hub Bowling Alleys.

In the league game last night the Leopards won three straight. The scores were very low and some good, hard practice is needed or there will be a difference in the standing of the league shortly. J. Scott had high score, 177, and H. Levenhagen high average, 155. The scores were:

Leopards	1st	2nd	3rd	Ttl.
McArthur	125	118	110	353
