

GALE HINDERS RESCUE WORK ON C.N.R. LINER

DEMOCRATS CONTROL SENATE OF THE UNITED STATES BY VOTE OF VICE-PRESIDENT

DIFFICULTY IN REMOVING THE PEOPLE OFF WRECKED STEAMER

GALE PREVENTS 500 PASSENGERS BEING TAKEN OFF THE ROYAL GEORGE—STEAMER MAY BE SAVED SAY EXPERTS WHO EXAMINED DAMAGE.

(Special to Daily News.)
Quebec, Nov. 7.—The C. N. R. steamer Royal George, which went ashore below Quebec last night with 901 passengers on board, still rests firmly on the rocks one mile east of Point St. Lawrence on the north side of the south channel. Five hundred steered passengers are still on board the vessel, as are also the members of the crew. Officials of the company who went to the scene of the wreck immediately on receiving word of the accident thought that the

passengers would all have been removed before this, but owing to the heavy gale blowing it was found impossible to remove them in safety. It was planned to remove them all to Quebec on tenders. The condition of the steamer is the same as when she ran on the rocks, and although her position is very serious, experts hauled off by aid of the highest tides, which will occur on Saturday. No. 2 hold is full of water, but the other compartments are all intact.

UNION MEN NOT HANDLING COAL

Union Railway Men Refuse to Handle Coal Dug by Non-Union Labor at Cumberland.

Ladysmith, Nov. 8.—The strike or lockout situation remains unchanged at Ladysmith. No work is being done, and the company is making no progress toward a resumption of coal production. The Cumberland union of railway men who are operating the short line from the mines have steadily refused to handle cars of coal loaded by non-unionists. The first emergency cheque has been received from the U. M. W. of A.

PAXTON TO GO BEFORE JUDGE

Man Accused of False Pretences Will Come Before Judge for Trial — Expert Testimony

H. L. Paxton came up on an adjourned hearing before Magistrate McMullin this morning on a charge of forging a fictitious name to a cheque drawn on the Union Bank of this city, and cashing the same with W. H. Wright, proprietor of the Windsor Hotel.

The accused, who was unrepresented by counsel, reserved his defence. Expert testimony was given by Mr. F. S. Long, manager of the local branch of the Bank of British North America, regarding the handwriting of the three cheques in question and an envelope found on the person of the accused, presumably addressed by himself. Mr. Long gave as his opinion that in each case the handwriting was identical, a great similarity of characters being common to all. As far as is known the name of L. C. Smith is purely fictitious, no such man being known in the city, or an account in that name to be found in any local bank. In the case of one of the cheques exhibit "D," Mr. Long stated that a good deal greater care had been taken with the signature to make it appear different to the body of the cheque and the endorsement on the back, but that to the eye of an expert, under a microscope undoubted similarities existed. His Worship committed the accused for trial. Two other charges of a similar character will be laid.

ONE TON BELL

Big 2,000 Pound Bell for Fire Hall Will Be Hung This Month When Parts Arrive.

It is expected that it will be toward the end of the month before the big 2,000 pound bell will be finally installed in its place in the tower above the city fire hall. Several of the attachments are still to be received, they having left Boston the middle of last month. It will be quite a feat to raise the bell into place, the work going to be undertaken by the staff of the electric light department as soon as they can spare the time from the vast amount of work at present on their hands.

Won Ten Dollars.

Lindsey Anderson, the son of Mrs. Anderson of the Clifton Rooms, was the lucky holder of ticket No. 183 that won the gold prize for children at the Majestic Theatre last night. The drawing, which are for children, are creating considerable interest and will be continued every Thursday evening. The programme shown at the theatre last night included some very interesting glimpses of the Scandinavian sport of skiing. Another change will be made tonight.

TWO YEARS FOR FORGING NAME

Judge Young Sentences Man Sent Up for Trial on Forgery Charge Two Trials in Two Hours.

H. L. Paxton, committed for trial this morning in the police court by Magistrate McMullin on a charge of forgery, was immediately brought up before Judge Young, elected to take a speedy trial before his honor, pleaded guilty and was sentenced to two

years' imprisonment at New Westminster. The whole business occupied less than two hours and was yet another instance of the swift and relentless justice meted out to the wrongdoer in a British court.

DEMOCRATS CAN CONTROL THE SENATE BY VICE PRESIDENT

IF ALL THE DOUBTFUL STATE GO REPUBLICAN THE SENATE WILL BE DEMOCRATIC BY THE DECIDING VOTE OF THE VICE PRESIDENT.

(Special to Daily News.)
Washington, D. C., Nov. 7.—The control of the Senate by the Democrats is practically assured. Conceding to the Republicans the Legislatures in all the states still doubtful, the Democrats would have a vote of 48, which is just one-half, and with the Democratic vice president in the chair would give them the deciding vote.

Wilson and Roosevelt are running neck and neck, while Taft is out of the running.

Seattle, Wash., Nov. 7.—Lister, the Democratic candidate for governor, and Hay, the Republican, are in a very close race for the governorship, while Bob Hodge, the Progressive nominee, is out of the running.

TURKS WILL FIGHT TO LAST DITCH SAYS THE COMMANDER, NAZIM PASHA

Turks are Determined to Continue Fight Until Absolutely Defeated is Statement of War Minister---Bulgarians Say They Will Sing in Mosque Next Sunday

(Special to Daily News.)
Constantinople, Nov. 7.—Public opinion is strongly opposed to any idea of seeking peace with the Balkan states. Nazim Pasha stated to the council that the army is determined to fight until absolutely defeated and claims confidence in the ultimate success of the Ottoman.

London, Nov. 7.—The last twenty-four hours has brought little of importance from the seat of war. The reports that Salonica has been evacuated are premature and without foundation.

as are similar reports concerning Monastir. No authentic news has been received of the alleged defeat of the Turks before Tachatia. Both armies are resting.

London, Nov. 7.—"We will sing a Te Deum of thanksgiving in the mosque at St. Sophia next Sunday," boasted the leaders of the conquering army of Bulgaria before the last Turkish battle line between them and Constantinople.

TO STOP BOB'S PAY FOR TALK

Lord Roberts is Threatened with Curtailment of Half Pay for Speech Warning Britain.

London, Nov. 6.—Earl Roberts has raised a veritable hornet's nest about his ears by his speech at Manchester the other day, in which he warned England to be armed, to prepare for war against Germany. Only a few weeks ago all England was ready to hurl defiance at Germany and to take offense at the slightest sign of German military or naval activity. It might well have been thought that England not only welcomed but eagerly awaited the affray, but now, with actual fighting in Turkey, and with a situation so fraught with danger to the peace of Europe, it is remembered that Germany is the silent but none the less active ally of the power which is chief factor of danger to European peace. The possibilities of the situation include more real war, in which England will be obliged to take part if the situation is not handled with the utmost care and delicacy, and poor Lord Roberts therefore is anathema simply because he has repeated what every Englishman has been saying for months.

Roberts praising the speech and expressing their thanks for the needed warning to the country. At the same time as the attack is being made on Lord Roberts, the English find the utmost delight in calling attention to the fact that the Turkish army has been trained by German officers; that Turkish strategy has been taught by Germans, and that the Turkish defeats must therefore be taken as discrediting the German school of military thought.

GOOD SPEAKER COMING HERE

Ralph Smith, One of Canada's Best Speakers is Coming to Prince Rupert.

The Liberal Association of Prince Rupert, having learned that Ralph Smith, ex-M. P. for Nanaimo, intends to visit the city in the near future, have prevailed upon him to address a public meeting to be held in the Westholme Theatre on Friday evening, November 15th. Having the reputation of being one of the ablest public speakers in British Columbia, there is no doubt but what Mr. Smith will be given an enthusiastic reception. The meeting will be open not only to Liberals, but to all citizens who are interested in the public questions of the day and who are desirous of becoming better informed on issues of national and provincial importance. Duncan Ross has also promised to be present and deliver an address.

Meeting of Liberal Assn.
A meeting of the Prince Rupert Liberal Association will be held on Monday evening next. Announcement as to place of meeting will be made later.

DAWSONITES CAUGHT IN ICE

Vidette, Bearing 120 Passengers, is Caught in Ice Jam Below Dawson

Dawson, Nov. 7.—The steamer Vidette from this city to Whitehorse has been caught in an ice jam twenty seven miles below the city. She has on board 120 passengers on their way to the outside, including Dr. Thompson, the member of parliament for the Yukon, who is bound for Ottawa to be present at the opening of the House. The R. N. W. M. Police have gone to the assistance of the passengers. The weather is exceedingly cold, ten degrees below zero being registered. The Vidette was the last boat out from Dawson. She tried to make the journey later this year than usually is attempted, as the temperate weather prevailing until recently offered a chance of making the trip in safety.

BEAUTIFUL NEW COUNTRY FOR THE TOURIST AND SPORTSMAN

EXCELLENT COUNTRY IN ALBERTA BEING OPENED UP BY BUILDING OF THE GRAND TRUNK PACIFIC—RICH WITH BIG GAME AND FULL OF BEAUTIFUL SCENERY.

The rapid linking together of the Grand Trunk Pacific to form a new transcontinental highway across Central Canada opens another hinterland for the tourist. It makes easy of access a vast new section of the Rockies in Central Alberta and the Sunset Province, and of all this area it is doubtful if there is a more interesting and inviting region than that embraced by the upper watershed of the Athabaska River and its several southern tributaries. The natural starting point for tourists intending to visit any of this country is Fitzhugh, a picturesquely situated frontier town in Jasper Park, some two hundred and fifty miles west of Edmonton.

How little of this region has been actually trodden by white men is evidenced by the fact that only four short summers ago the largest sheet of water on the entire east slope of the Rockies was found in its recesses. This beautiful mountain lake, some seventeen miles in length and lying between green wooded slopes, forms a broad expansion of the Maligne River, and resembles a Scotch tarn in its far melting vistas of water and crag. This lake is some thirty miles southeast of Fitzhugh, and twenty miles farther south is another lake where the trout fishing is excellent. The latter body of water forms the chief source of the Brazeau River. To the west of it, in Alpine grandeur, lies the region of wild, lofty peaks, dominated by Mount Alberta, where enormous glaciers give birth to the Athabaska and North Saskatchewan Rivers.

This region is also a noted game country. It lies far enough north to have escaped in part during recent years the far searching reach of the Stoney Indian; bears of all kind are still fairly numerous, the sheep, and more especially the goat, hunting is good, while scattered moose, deer and even elk may be occasionally seen.

Meantime, the crying need of the district, for tourist and fire ranger alike, is the need for more and better trails. Hence, to provide a good and adequate system of trails will be the first and constant effort of the Dominion forestry branch in carrying out its recently assumed duty of administering this region, so as to protect its forests from fire and make every auxiliary resource contribute its part to the public welfare. During the present season the rangers in charge made a good start on this work, and next year it will be again pushed with vigor. Already, between Laggan or Morley, on the C. P. R., and Fitzhugh an old through trail is in existence, a trail which promises to be a very popular Alpine tourist route when improved. It traverses the Brazeau, Clearwater and Bow River forests and everywhere its improvement will be promptly undertaken by the forestry branch.

The scenery in this upper Athabaska country is varied and beautiful in its color effects, and especially so in early autumn. From the deep green carpet of pine and spruce on the valley floor the eye passes to intermingled belts of blushing gold poplar and light green lodgepole, fringed above to timber line by sombre masses of Alpine fir. Higher still the warm reds and ochres of disintegrating ferruginous rocks form a Joseph's coat of many colors, while over all looms the background of summits wrapped in their eternal snows.

GOOD MEN WANTED.

The future of Prince Rupert is with the citizens. Now in the initial stages of the community is when the bright, brainy men of business must be placed in charge of the affairs and lay the permanent foundation for a great city. No business man or manufacturer would care to come into a city under the incumbency of a man who, while dealing with a concern which may be of material benefit to the city, at the same time practically advises the electors against the company before proposals are made or negotiations are entered into at all.

Common sense would dictate that no scheme should be either commended or condemned before it has been properly laid out, and such actions can only have one effect and that is to hurt and retard the city where the mayor is so unjust as to endeavor to prejudice the minds of the electors before either the Council or the citizens have had a chance to review the complete proposals of the concern wishing to do business with the city. It is such matters as this which demand the public officers to be business men of the greatest ability. No man would hire for his own personal business a man who would make blunders, and so much more should he insist that the men in charge of the public affairs are the most capable that can be secured.

Prince Rupert is attracting the attention of the entire world at the present time and especially in financial circles are the advantages offered by this city being studied keenly. What the city needs and must have is industries; great works employing hundreds of men, and to get the establishment here of such concerns must be the work of the Council and Board of Trade.

When a manufacturer thinks of investing in a place his first question is: "Who and what are your councilmen?" It is a very natural question and one that is of vital importance not only to the great manufacturer but to the man who is considering the investment of even a few dollars in a lot.

THE NAVAL QUESTION

An exuberant local Tory more noted for his enthusiasm than his general knowledge of political facts, speaks of the splendid enthusiasm with which Mr. Borden's naval programme has been received in all parts of Canada. Canadians do not know very much about the premier's naval programme as yet, but the knowledge that has been vouchsafed in ministerial circles has resulted in the resignation of one member of Mr. Borden's cabinet, and may be followed by another retirement at least. So much for the enthusiasm with which the new naval policy has been hailed.—Victoria Times.
