Previous to entering Dominion politics, Mr. Smith was member of the Legislative Assembly for Nanaimo from 1898 to the time of his entering Federal politics. He is a very pleasing speaker, with a rich, clear voice with just a smack of North of England accent.

T. D. PATTULLO ACCEPTS NOMINATION FOR OFFICE OF MAYOR OF THE CITY

Committee Waits upon Mr Pattullo With Petition Bearing Several Hundred Names and he Accepts the Nomination as Mayor

In response to a petition by J. Dennis Allen and several hundred citizens, Mr. T. D. Pattullo last night signified his willingness to accept nomination as mayor in the forthcoming municipal campaign. While Mr. Pattullo's name has been mentioned for some little time as a possible candidate for the office of mayor, it was not until last night that he gave his answer, which, in view of the very large and representative petition asking him to accept the nomination, could only be in the affirmative.

other citizens requesting me to accept nomination for the office of mayor of the city of Prince Rupert, for the year 1913. In view of what seems to be an imperative desire upon the part of the citizens generally, and in view of the fact that the condition of municipal affairs is undoubtedly acute, I feel it my duty to accept nomination as requested.

and able city council to meet the needs of the municipality and believing that this can best be secured by your assistance, we therefore respectfully solicit you to allow your name to be placed in nomination at the proper time for the office of mayor of this city for the year 1913.

Social in St. Andrew's Hall Last Night Was Great Success—Excellent Entertainment

A most enjoyable time was spent last evening at the social held in Presbyterian Hall under the auspices of Mrs. J. Carmichael, of the Ladies Aid of the Presbyterian church. An excellent and well rendered program was enjoyed by the large number of people present.

DUNCAN ROSS Who will address a public meeting in the Westholme Opera tonight in company with Mr. Ralph Smith, ex.M.P.

From the accounts of several of the passengers, officers and stewards, for a time during the roughest part of the trip the scene must have resembled many that are often enacted while crossing the Atlantic. Women shrieking and in hysterics, children crying, stewards rushing wildly up and down, with the horses below stamping and neighing, caused an old-timer of Atlantic travel to smile to himself.

Ever since the middle of last July the company have been paying all fares and expenses from the lower coast cities to the works up the line, no charge being made against the men's subsequent earnings.

JOHN OLIVER ATTACKS GOVERNMENT ON THE LACK OF A LAND POLICY

Former Leader of the Opposition Tells of Lack of Land Policy of the Government---Advocates Extra Inducements to the Settler

Vancouver, Nov. 13.—"I believe that God Almighty intended the land of this province for the use of the men who are willing to go on it and till it, and not for the speculator," said Mr. John Oliver of Delta at the close of a lengthy lecture in Orange Hall to the Vancouver Liberals. The former leader of the Liberal party had for his theme "The Land Laws of the Province," and he urged the adoption of a radical system of land settlement.

"At present I say that the men who are on the land here today are not here because of any encouragement they have received at the hands of the McBride government, but in spite of the obstacles placed in the way of settlement by the McBride government."

If the government intended to draw up a land policy, it has forty-two members of Parliament well able to draw up a land policy. But the settlement of the land of the province by bona fide settlers interferes with matters of more importance to members of the government, so they will shelve it by appointing a royal commission.

Mr. Oliver, on rising to address the meeting, said that as a man who had had practical experience in farm clearing in Ontario and in British Columbia, he was able to appreciate the benefit to the country that followed the making of wild lands productive.

"A year ago at Revelstoke a Conservative convention even called on the Premier by resolution to formulate a policy of land settlement in order to reduce the present high price of agricultural products. But the McBride government, which is above the law, is also above taking notice of resolutions of its followers. The only notice taken of the resolution was in Premier McBride's speech at Revelstoke a few weeks ago when he told the convention that he had been too busy to consider a land policy, but would appoint a royal commission to investigate the conditions."

"In 1905," said the speaker, "when the question was being discussed in the House I heard Mr. Bowser say that the speculator must be given a chance. Under the provisions of the law in this province, no man is allowed to purchase more than 640 acres until he has secured a certificate showing that he has improved it. But that law is violated every day. Three men in the City of Victoria, friends of the government, through a government agent, staked 42,000 acres along the line of the G. T. P. Then they formed the Fort Fraser Land Co. and sold to a wealthy man in London at a big profit, all before they paid the government for the land. That's what Mr. Bowser means by giving the speculator a chance. And according to Premier McBride there is \$12,000,000 due to the province on agreements of sale."

Reviewing the history of the land laws of the province, he said that while the McBride government took office in 1903, practically all the province was virgin territory. It would have been possible then, he said, to formulate a land settlement policy that would have made it unnecessary for the people of the province today to have to send out \$20,000,000 a year for agricultural products.

"What does this mean? It means that the government intends to shirk the land question."

CANADA'S WHEAT IS NEEDED TO FEED EUROPEAN NATIONS

DOMINION OF CANADA EXPECTS TO EXPORT MORE THAN ONE HUNDRED MILLION BUSHELS OF WHEAT TO OLD WORLD THIS YEAR—BRITAIN NEEDS QUARTER OF AMOUNT.

Ottawa, Nov. 13.—The weekly report of the Department of Commerce and Trade contains figures which go to show the demand for wheat this year will be unusually heavy. Great Britain alone will need to import 25,600,000 bushels more than she did last year, the harvest being a failure.

Germany, The Netherlands, Italy, Spain and Portugal, Scandinavia and Switzerland, all will need more wheat this year than last, and the total of additional requirements amounts up to 92,000,000 bushels for the wheat producing countries to supply.

REMARKABLE PRANK

Lightning Photographs of Tree on Woman's Body at Coquitlam

One of the strangest incidents ever recorded in the history of natural science took place on the mainland recently at Coquitlam. According to a message received Mrs. M. McEachran received a shock from a flash of lightning with the effect that a tree that was struck was clearly photographed on her body.

It is understood that Canada is expected to export 104,000,000 bushels this year, the United States about 96,000,000 bushels, Russia, 126,000,000 bushels; the Balkan states, 56,000,000 bushels, and Argentina, Australia and Chile, 178,000,000 bushels.

EX-ALDERMAN PATTULLO WILL BE CANDIDATE.

Ex-Alderman T. D. Pattullo, in response to a largely signed petition, has expressed his willingness to accept the nomination for mayor at the forthcoming election.

No pledges nor promises are made in Mr. Pattullo's acceptance of the request of the citizens, but he intends to use his every effort to give the city a sane, clean, businesslike government, and, with a capable board of aldermen, will do much to advance Prince Rupert in this next year, which everything indicates may be one of the most important in the history of the city.

Now it is that the city must have the best brains possible in the council, for the foundation of the future city must be solidly laid or untold troubles will result in after years—the follies of today will be the tragedies of tomorrow. Enough follies have taken place in the city hall and it is now time for action. We must have a council capable of conducting the interests of the city with a view of the requirements of today and also with foresight for the future metropolis, and the citizens are to be congratulated that ex-Alderman Pattullo has consented to enter the contest.

Mr. Pattullo is a business man of the highest calibre, who from his public record has proved himself to be as diligent in the carrying on of the business of the city as of his own interests.

OPTIMISTIC SIR RICHARD.

Sir Richard McBride last night at Victoria, B. C., is credited with saying that Mr. Borden "would bring down a naval policy that would pass the Commons without a dissenting voice." Mr. McBride must count more on the patriotism and loyalty of the Liberal members of the House than upon the Conservative members who, for purely partisan reasons, opposed a navy for Canada founded on the principle that they had unanimously voted for one short year before. In spite of their partisan opposition, a naval act was passed which is yet, and now, the law of the land; but Mr. Borden, tied hand and foot to the Nationalists, who don't want a navy of any kind or even a dollar of contribution, so far has not dared to move. Sir Richard McBride is justified in his optimism; if Mr. Borden brings down a decently adequate naval proposal, the Liberals will support it unanimously, for they are pledged to deal with any proposal Mr. Borden may make "on its merits." Can Mr. Borden say the same of his following? How about his Nationalist colleagues in the cabinet and the Nationalist supporters in the House. He will have to choke them with the butter fat of office spoils if the thing is to go through "without a dissenting voice."

DEPT. MAKES AN ANNOUNCEMENT

Department of Agriculture Announces Continuation of Fruit Packing Schools.

Victoria, Nov. 13.—The Department of Agriculture, in accordance with its policy of the past three years, will continue the fruit packing schools during the coming winter. The packing schools proved even more popular in 1912 than previously and it is expected, from the number of applications already in that there will be a great growth in the work this winter. It is hoped that this year schools will be placed in every fruit district in the province where a sufficient number of pupils can be secured.

The class of instruction furnished by the experts employed by the department in previous years has demonstrated its efficiency in meeting the competition of Oregon and Washington in fruit packing. The experience and standing of the instructors secured and the confidence reposed in them by the department guarantee to the fruit growers the highest class of instruction.

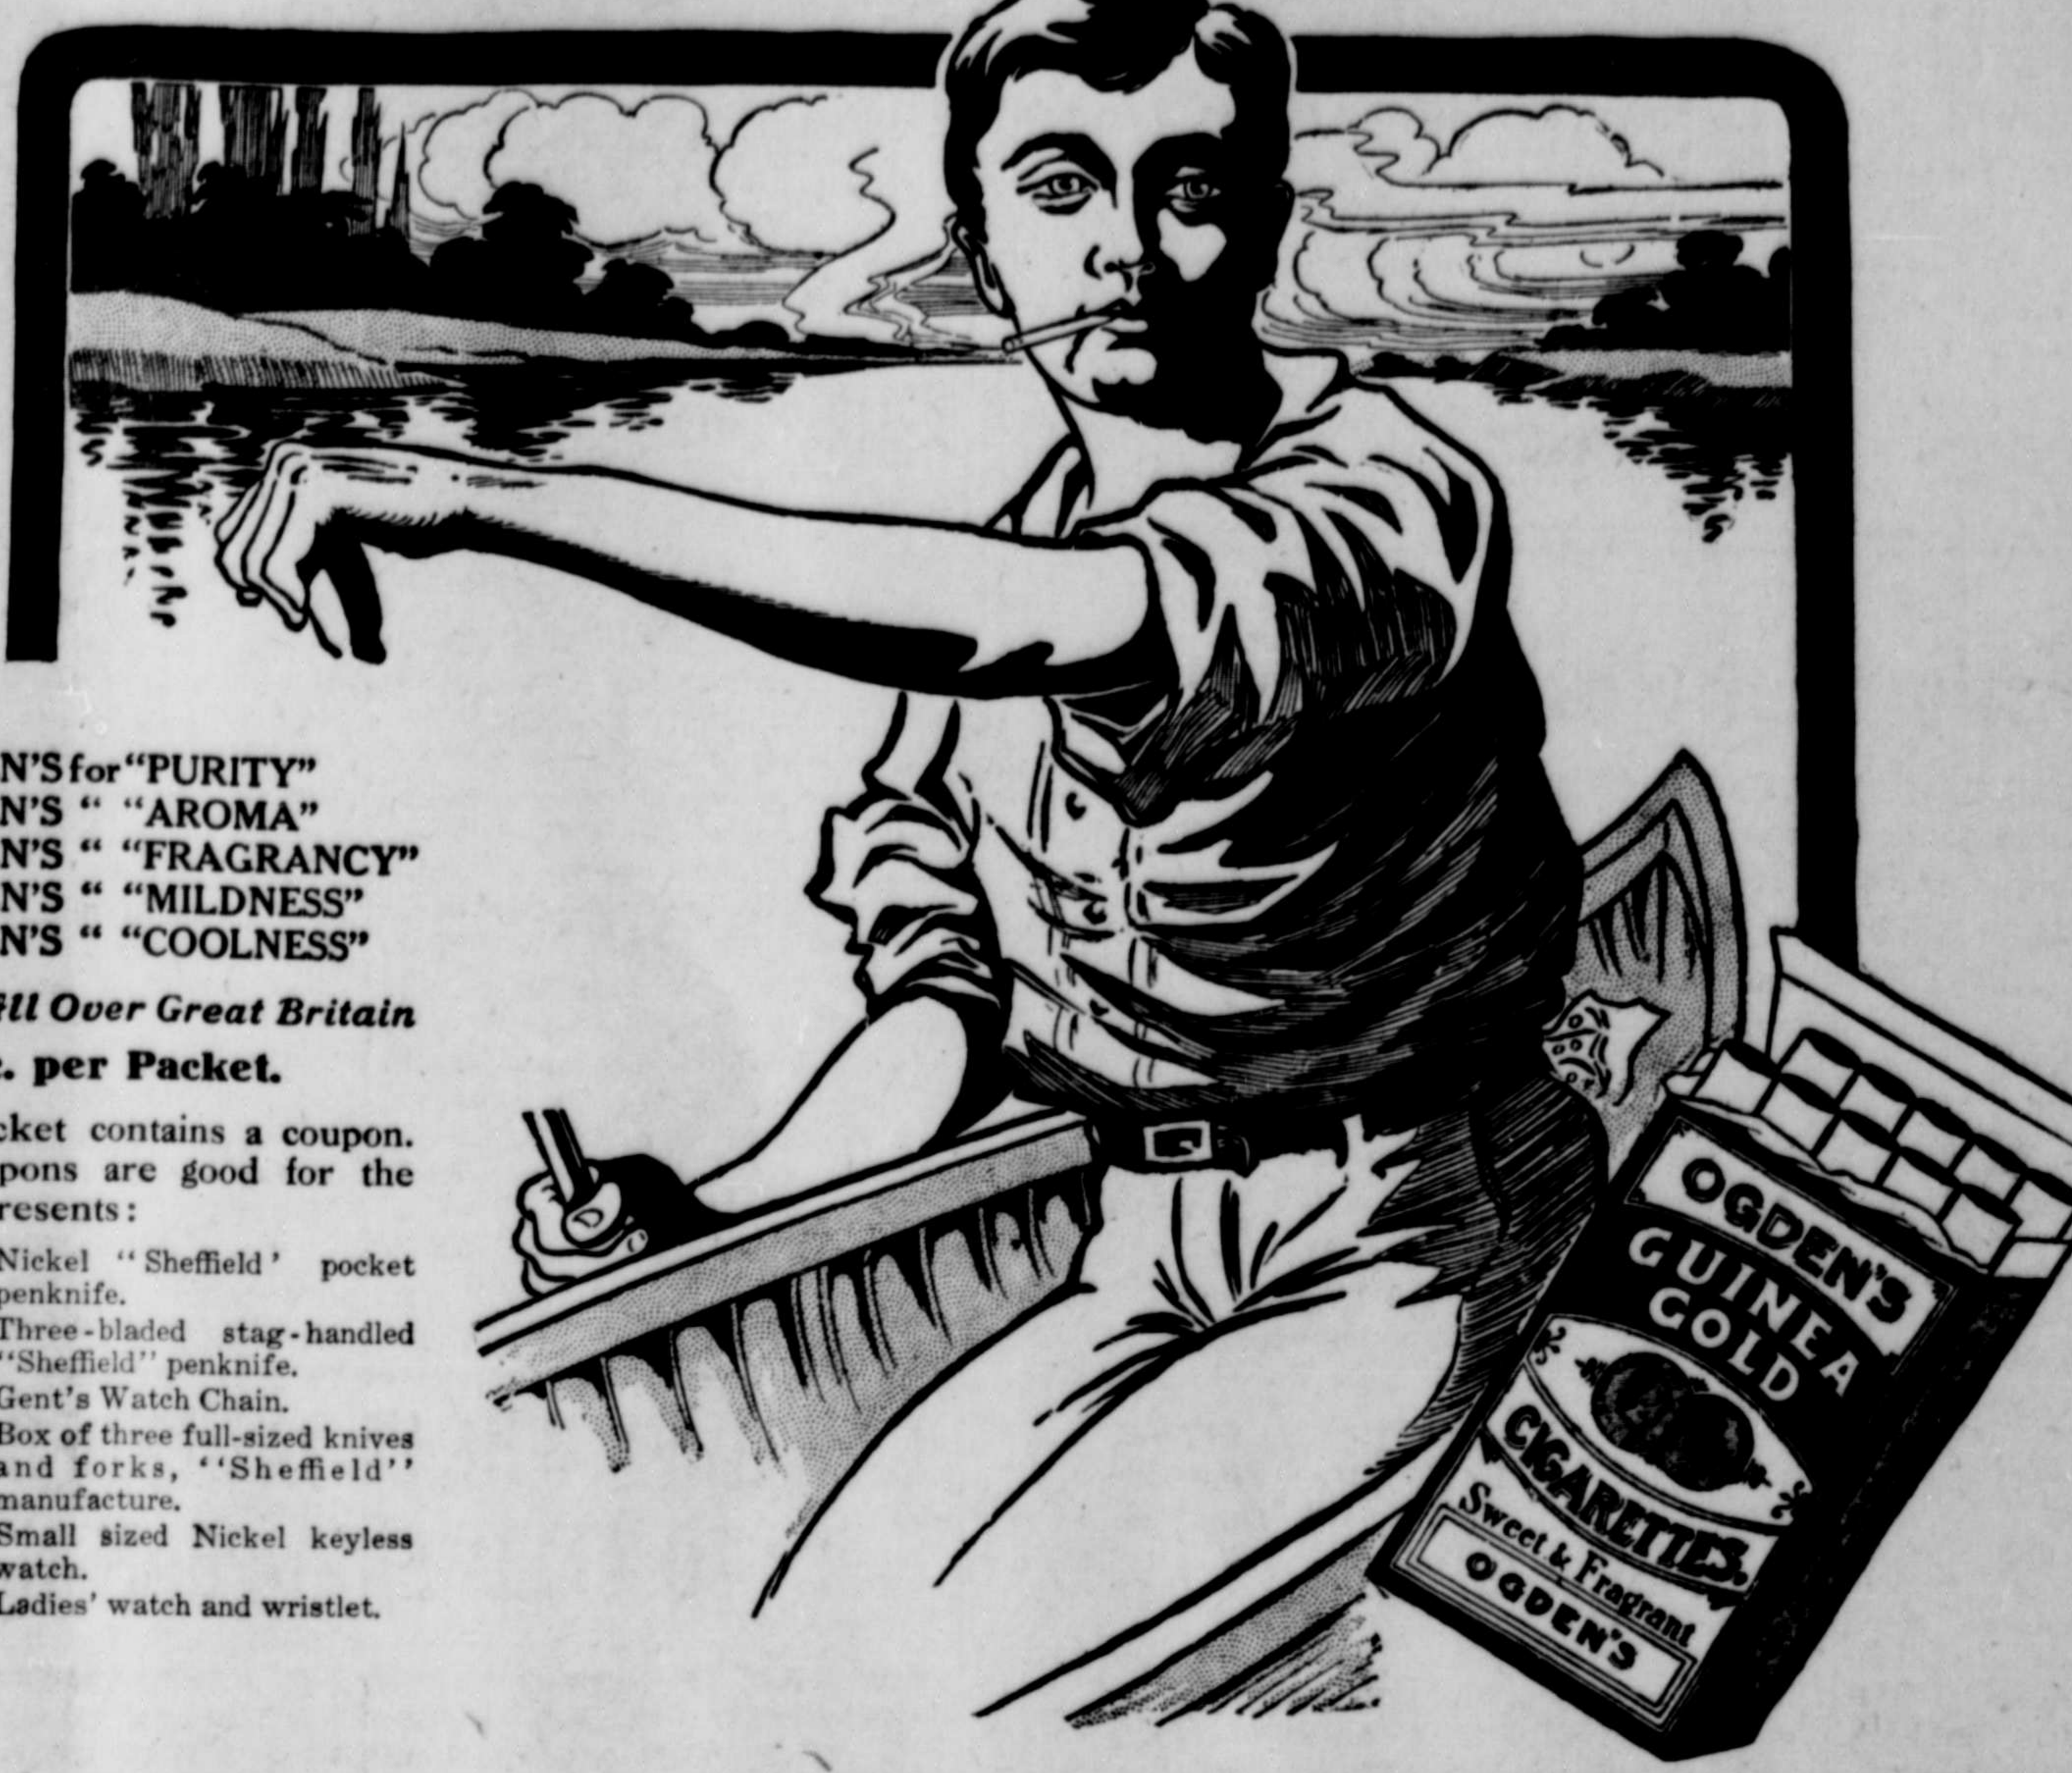

As in previous years, the local administration of the packing schools will be placed in the hands of a responsible local body, such as the Farmers' Institute, the Fruit Growers' Association or the Board of Trade.

The Department of Agriculture provides the instructor and pays his expenses. The department will also bear the cost of the packing paper, the fruit and all other legitimate expenses, except that of the secretarial work, which it has been found most satisfactory to leave to local arrangement.

The responsible organization in each case will be required to guarantee a minimum of twelve pupils, but not more than fifteen, with the proper qualifications, at a fee of three dollars each, to take twelve lessons of two and a half hours a lesson, the school extending over one week. In a limited number of districts a double packing school can be arranged for, in which the minimum guarantee will be twenty-four pupils, but not more than thirty, for the same number of lessons. The guaranteeing organization will also arrange for and bear the expenses of the hall, its heating and lighting.

The underwear made by a firm whose name is as familiar to you as your own, is worth more to you than underwear nameless or labelled by a maker of whom you have never heard.

Peace of mind is worth something, just as quality is. Buy peace of mind.

Tea sealed in a packet bearing the name of a reputable firm is to be preferred to tea of which the packer is not sufficiently proud to advertise its quality.

When you buy anything worth while buying, buy that of which you know—from advertisements, or from other dependable acquaintance. Buy the article with the "money back" guarantee—with the pledge of a known name behind it.

Put your faith in the advertisements appearing in good newspapers. Beware of the article that cannot stand the spot-light of publicity. The commodity an advertiser backs with his own money is something worth your buying.

Advice regarding your advertising problems is available through any good advertising agency or the Secretary of the Canadian Press Association, Room 503 Lumsden Building. Enquiry involves no obligation on your part—so write, if interested.
