#### FIEND IN HUMAN FORM KNOWN

Police Believe They Know Who the Man Who Admits Killing Children is and Will Arrest Him---Of Prominent Social Family and Well Known in Buffalo

(Special to Daily News.)  
Buffalo, November 19.—The arrest of the maniac slayer of two-year-old Jos. Josephs is now but a question of hours. It was authoritative stated by the police this afternoon that they know the identity of the man, but don't know his present whereabouts.

Chief Gibson, of Lackawanna, says the arrest may be made tonight. Until a year ago, according to the police, the man was employed by the Lackawanna Steel Company. He is said to be a member of a socially prominent family and a valuable employee when in his right mind. Sometimes, it was said, he exhibited the characteristics of a pervert. Finally, the police say, he was discharged and went to Boston. He remained in Boston it was said, until Sunday a week ago.

"Man from Kokomo" Will be Played at the Westholme Tonight

This will give all the members of the clever company an opportunity to display their talents in a lighter vein. Altogether it looks as if the Griffith Stock Company are going to more than make good here, and fill a long felt want in the line of theatrical entertainment in this city.

Chicago, Nov. 19.—A dispatch to the Chicago Daily News from Canton, China, says that the army is preparing to proceed north to preserve Mongolia for the Republic. The merchant militia will take the place of the regulars while the latter are away. The provisional assembly and the military council have decided to support the government in an effort to force

Mongolia to remain in the union with the Republic. Newspapers are already making appeals for war contributions. Commercial organizations have decided to boycott goods from countries supporting Mongolian independence.  
Rev. G. H. Raley returned this morning on the Prince Rupert from a short visit to the lower coast cities.

#### DIVORCE GRANTED INDIAN WOMAN THIS MORNING

The action for divorce brought by Mrs. Eliza Chapman against her husband John Chapman, on the grounds of infidelity, came before His Lordship Chief Justice Hunter at the court of assize this morning. Mr. A. M. Manson represented the petitioner, the respondent being without counsel. Evidence was adduced that the respondent had practically lived as man and wife for a number of years with another woman of the name of Cordelia Atzuma, by whom he had had seven children. The parties were all Indians. His Lordship granted the decree.

#### PRINCE RUPERT BUSINESS PROPERTY SOLD FOR LARGE SUMS TO INVESTOR

Mr. Du Bernis, Who Last Week Bought Corner McBride and First Avenue Has Purchased T. Dunn's Lots for Big Sums and Other Properties

Several big real estate deals are reported to have lately been put through in the city. Thomas Dunn, the fortunate owner of one of the most valuable double corners in the city, namely Lots 1 and 2, block 23, Section 4, being the corner of Second Avenue

and 7th Street, has disposed of the property to Frank Cockshutt, of Brandon, for a sum it is reported considerably over \$50,000. The opposite corner, Lots 15 and 16, block 10, section 1, anglewise from him belonging to City Assessor J. C. McLennan,

has been purchased by a French capitalist resident here, Mr. A. Du Bernis, for even a larger sum than Mr. Dunn received. It is also said that Mr. Du Bernis has purchased the double corner situated at Water and Eleventh Streets, Lots 1 and 2, block 5, section 1.

The gasoline launch Strongheart, Captain Alexander, with Joe Hanson as engineer, was away on a trip up the Skeena to bring down camp supplies after the season's work had been finished.

#### TRADE RELATIONS WITH NEW ZEALAND

Ottawa, Nov. 1.—The Canadian trade commissioner in New Zealand reports that there are splendid prospects for a good trade in British Columbia apples in New Zealand. He reports that the steamer Makura, which arrived at the end of last month, had two consignments of apples and some pears. He says in regard to this shipment:

"One firm took 629 cases of Jonathan apples, and the other 80 cases of wealthy apples and twenty cases of pears. The pears were all right until taken out of the vessel and then they seemed to become over ripe quickly and some cases of them were ruined.

As to the eighty cases of apples, they were of splendid quality, but unfortunately were too large for table purposes. They sold readily for 12s a case, but would have brought higher prices had they been smaller and better adapted for the table. The shipper of these apples has arranged for another 4,000 cases to be sent at once. The new Jonathans were satisfactory in every particular.

Percy F. Godenrath, proprietor of the Portland Canal Miner, accompanied by Mrs. Godenrath, were amongst the passengers on the Prince Rupert this morning from the south. Mrs. Godenrath has been on an extended visit for the last few months, going as far East as Calgary on a visit to some friends for a number of weeks. They proceeded on to Stewart this morning at eleven o'clock on the Prince John where they will spend the winter.

#### OBJECT TO ALIEN ENGINEERS GETTING GOVERNMENT WORK

CANADIAN SOCIETY OF CIVIL ENGINEERS PROTEST ACTION OF GOVERNMENT IN EMPLOYING AMERICAN ENGINEERS FOR POSITIONS

Vancouver, Nov. 18.—"Among the important matters which are to be taken up by the Vancouver and Victoria branches of the Canadian Society of Civil Engineers when they meet in convention in Victoria sometime before the middle of next month will be the resolution regarding the employment of American or Alien engineers by either the Dominion government or the provincial government," said Mr. C. E. Cartwright, president of the Vancouver branch of the Canadian Society of Civil Engineers.

of them in the provincial department of public works that are far better qualified, know the country and have more than a financial interest in it.  
"Mr. Thomson is getting \$15,000 a year for five years. During the term of his contract he is getting \$3000 per year more than the Premier of Canada; \$6,000 a year more than the salary paid to the Lieutenant-Governor of British Columbia. There are few railway chief engineers getting the salary that is paid to Mr. Thomson.

"There are engineers in Canada who are as competent as any of those in the United States. They not only have experience, but they have the necessary educational qualifications and talent for the work they undertake. It has been demonstrated that Canadian engineers are in every way competent to handle the engineering problems of the Dominion.

"We wish to draw attention to the fact that while a few years ago there may not have been engineers available in the province, as those here were practically all employed by the railways, the engineering profession has grown with the country and these conditions no longer exist.

"When big federal or provincial engineering positions are to be given out we feel that Canadians should be selected to fill them rather than that some alien should be imported from the United States who not only draws his own salary, but brings a staff of Americans with him to do the work. There are several big positions which have recently been awarded to Americans, and in almost every case the staff positions have been filled with friends, relatives or acquaintances of the head man. This is a hard slap at Canadians who do not for one minute admit the superiority of the American in the engineering world.

"We mean to take this matter up throughout Canada and to show that Americans should not be given the preference over Canadians in work done by either the federal or provincial governments."

**CLEAN THE STREETS**

A vast improvement could be made in the appearance of the streets of Prince Rupert if a little attention were paid to this matter. For some weeks past the up-turned top of a delivery wagon in a most dilapidated condition has been allowed to be in the roadway on one of the principal thoroughfares of the city. It is not only an eyesore to the public, but an actual danger to vehicles, as it is within a very few feet of the travelled portion of the roadway. The sidewalks on the principal business streets are unnecessarily used for the storage of all kinds of merchandise.

The police officers should be instructed to look after such matters, using the discretion that is due to the peculiar conditions of a new and growing city.

**MR. W. MANSON INCORRECT.**

According to the report of William Manson's speech at the Conservative meeting last night he attributed to Messrs. Ralph Smith and Duncan Ross the statement that when the Mother Country wanted help she would ask for it. Mr. Manson must know, as well as anyone who was at the Liberal meeting last week, that neither of the two gentlemen mentioned any such thing. What was said, and Mr. Manson heard it as well as anyone was that the Mother Country had never asked for any help, in the way of a cash contribution, but had intimated through her experts repeatedly that the colonies would effect a greater Imperial good by protecting their own trade and shores than by direct cash contribution.

It really is too soon after the Liberal meeting to start ascribing false sentiments and statements to the speakers for political capital.
