## PEACE IS IN SIGHT IN NEAR EAST AND WAR WILL SOON END

**TURKEY WILL ACCEPT THE TERMS PROPOSED WHICH DOES NOT INCLUDE THE ENTRY OF BULGARIANS INTO CONSTANTINOPLE**

(Special to Daily News.) London, Nov. 21—The war has shifted from the field of arms to diplomacy and hostilities have ceased while negotiations are going on at the village of Zademk.

Constantinople, Nov. 20—Bulgaria has acceded to the request of Turkey and the wishes of the Powers to discuss an armistice and has named as plenipotentiary the commander in chief of the army. Turkey will name her representative tomorrow.

Paris, Nov. 20—Stipulations in the proposed armistice include the evacuation and unconditional surrender of Adrianople, Tebatalji and Durraz on the Adriatic Sea. Entry into Constantinople will be renounced. It is believed that Turkey will accede to the demands.

Constantinople, Nov. 20—A despatch from Nazim Pasha tells of a victory for the Turks who silenced five of the Bulgarian guns.

## FIRST CRIMINAL CASE BEFORE COURT IS ASSAULT ON INDIANS

**RANDOL FROM MASSET WAS TRIED YESTERDAY FOR ASSAULT ON AN INDIAN WHO ALLEGED WAS ABOUT TO BOARD HIS BOAT—ACQUITTED**

Following with the strictest adherence all the old time formula and procedure of a British court of justice, that has made that court the world's standard for all that is upright, just and dignified, Sheriff Shirley in stentorian tones, called Prince Rupert's first criminal case to order yesterday morning at 11 o'clock.

The grand jury after listening to a short address from Chief Justice Hunter, instructing them in their duties, retired to consider the four criminal cases on the docket. They returned at 1:30 p.m., and announced to His Lordship that they had found true bills in each case. They were dismissed with thanks by His Lordship who informed them that their obligations were at an end, it remaining with themselves as to whether they wished to inspect the jail, and other public offices, under the jurisdiction of the Crown. Also any representations they wished to make to His Lordship in regard to the administration of public affairs was in order.

The petit juryman who had been excused from attendance in court until 2 o'clock in the afternoon, returned at that hour when the first case on the list, Rex. v.

Lester Randol, assault causing bodily harm, was proceeded with. A jury of twelve good men and true was soon empanelled, W. E. Fisher, of Fisher and Warton, represented the crown, and Williams and Manton the accused.

The case, which occupied the court the entire afternoon until at 5:30 o'clock by some unforeseen accident the electric lights went out, causing its adjournment until 11 o'clock this morning, was not of a very serious nature, although it caused quite a little excitement and comment at the time it occurred. Lester Randol, a young white fisherman plying his trade around the coast of Graham Island, was charged with assault causing bodily harm upon the person of William Matthews, an Indian on board the accused's boat, near the town of Masset. The story as unfolded by several Indian witnesses for the prosecution, which varied very little from that told by the accused in his own defence, and that of his partner Freeman J. Tingley, was much as follows. The accused and his partner in their Columbia fishing boat were being towed by the tugboat Claxton, together with a number of Indian boats and canoes from

## Alfred Thomas, Father-in-Law of Ald Kerr, Killed and Two Injured This Morning When Fire Auto Falls Over Plank Road at Corner 8th and Hays Cove on Practice Run

Skidding on the slippery plank walk over which it was driving at a high speed, the auto truck crashed through the railing at the turning at Eighth Ave. and Hays Cove, overturned and killed Alfred Thomas, the father of Mrs. G. W. Kerr, who was riding on it, and injured Chief Alex. McDonald, and one of the firemen this morning, shortly after nine o'clock.

The corner where the accident happened is particularly dangerous, being a sharp turn at the foot of a twenty degree slope. The recent rains have made the walk very slippery and as a result the auto, coming at a fast pace struck the guard rail at the left side of the walk and before the heavy machine could be controlled had crashed through the opposite railing, and turning completely over pinned Thomas beneath it. Life was crushed out of him instantly. Rod Morison the fireman, was badly bruised about the back, while Chief McDonald sustained a fractured arm. Both injured men are now

in the hospital. James Gibson, the driver, escaped injury, as did also Fireman McDonald and James Parks.

The firemen practice every morning between nine and ten o'clock, and this morning when leaving they picked up Mr. Thomas, who was on his way to his work on the pipe line. They were coming up Eighth Avenue towards Hays Cove Circle, and on the slimy boards of the plank walk skidded first to the left and then over to the right. The roadway at this point is about 10 feet above the ground and in the fall the machine turned over.

Hearing the cries of the injured and the crash as the great machine hurtled through the rail, men from the sash and door factory and those living nearby rushed to the assistance of those injured.

The machine was jacked up and the body of Mr. Thomas was taken out and removed first to the hospital and then to Fisher's Undertaking Parlors, while the injured men were taken to the hospital. City workmen were

summoned and started the work of rescuing the machine.

The auto is badly damaged about the body, although the engines are not believed to be badly damaged. The steering gear and seat as well as the metal body is shattered and twisted.

An inquest will be held on the body of Mr. Thomas.

Alfred Thomas was born in Cornwall, England, about fifty-five years ago, and came to Canada when he was but a young fellow. For years he worked as conductor on the prairie division of the C. P. R., later coming to Rossland, from where he came to Prince Rupert four years ago. For the past two years he has been employed by the city in the waterworks department. He leaves to mourn their loss, a wife and six children; Seth, of Brandon; Marshall, of Rossland; Mrs. Thomas Phillips, of Brandon; Mrs. G. W. Kerr, of Prince Rupert, and two daughters at home, Misses Beatrice and Millicent.

Fireman McIntosh has been placed in charge until the chief is able to be about.

## TWENTY INJURED IN C. P. R. TRAIN WRECK ON PRAIRIES

**CHINESE SPECIAL AND FLYER CRASH, AND EIGHTEEN CHINESE AND TWO GUARDS RECEIVE INJURIES—NO ONE KILLED AS FIRST REPORTED**

(Special to Daily News.) Moosejaw, Nov. 20—It is rumored today that nineteen persons had been killed in a terrible railroad wreck on the C.P.R. near Rush Lake. Officials admit that such information has been received from Rush Lake, but believe the affair has been exaggerated.

Later—The wreck on the C.P.R. resulted in the injury to 18 Chinamen and two of their guards, when the Chinese special

collided with the Flyer and a freight train which was following closely. One man was killed.

A grand smoker will be given in the K. of P. Hall on Thursday evening, the 21st inst. A good programme is being arranged for and all members, with their friends, are cordially invited to be present.

## GRIFFITH PLAYERS MADE A SUCCESS OF COMEDY

**"Man from Kokomo" Delightfully Presented by the Griffith Stock Co.—Good Play Well Acted**

From the production of the "Man from Kokomo," the Griffith Stock Company last night demonstrated that they are just as capable in comedy as in drama.

The play, which is a screaming farce comedy depicting the trials and troubles of Tom Blaine, who sublets his uncle's house to lodgers during their absence. Naturally he falls in love with the dainty petite daughter of one of his tenants, John Davis, the man from Kokomo, and just as naturally it all comes right in the last act. The green-eyed monster "jealously," enters largely into the scene, Mrs. John Davis having reason, founded and unfounded, for suspecting that her spouse admired other fair ones, particularly Miss Tussle, an actress, whose bills he "jumps" to pay. Every one is happy and well satisfied when the curtain goes down.

John Davis was enacted by Mr. S. Griffiths, whose presentation of the part was all that could be desired. He knows just how far to go in a comic role without burlesquing it.

Mr. Claude Brennen took the part of Gustar Puders, the nervous wreck, who is trying to write a great composition. It is a difficult part to hold, and to Mr. Brennen's credit he filled the role admirably.

Mr. Roy Prague, as servant to Tom Blaine, was all that a negro should be, not carrying it beyond the characteristics of the race.

The most difficult role of Tom Blaine was successfully carried out by Mr. Harry Lancaster.

Miss Griffith, as the jealous wife of the man from Kokomo, decidedly the "star" of the evening. So real was her acting that many a married man in the audience looked stealthily around at his wife. The third act shows her to best advantage, and as a

result is a perfect scream of laughter from one end to the other.

Mr. Richard Frazier, as the "sporting gentleman," played his part to perfection.

Miss Zana Vaughan and Miss Jessie Miller are also delightful in their parts, as is Miss Dorothy Mitchem in hers.

## PATTULLO LECTURED CHAMPLAIN EXPLORER

Interesting Lecture Given Last Night to Presbyterian Club

The Life of Champlain, the great French explorer of Canada, was the subject of a most interesting paper by Mr. T. D. Pattullo, at the regular meeting of the Presbyterian Club held in the church hall last night. Those who were fortunate enough to be present were undoubtedly impressed with the fact that Champlain was a truly great man, and that his life and work has to a very large extent shaped the subsequent history of the northern portion of the American continent.

Champlain was a man of wonderful courage and remarkable perseverance. His aim was not only to colonize but to civilize, and much of his energy was spent in looking after the religious training and teaching of the various tribes of Indians with whom he came in contact, and among whom he was much beloved.

The programme for the evening also included a number of vocal and instrumental selections, exceedingly well rendered and much enjoyed. Messrs. Fletcher, Gaud and Steen contributed vocal solos, and Mrs. Anderson several piano selections.

G. R. Naden, the president of the club, read in a pleasing manner the poem entitled "Walk," by Wm. Devere.

At the close of the programme refreshments were served by the ladies.

## Died From Injuries

Weakened from the effects of the frightful mangling received from having the wheels of a freight car pass over his two legs, Harry Kingston, the unfortunate man who suffered from the horrible accident in the G.T.P. freight yards yesterday morning succumbed to his injuries. Dr. Eggert, who had charge of the case did everything that was possible to save the man's life, but it proved unavailing.

## SOUTH HAZELTON PROPERTY OWNERS MAY HAVE A REFUND

**THOSE HAVING BOUGHT LOTS FROM THE GOVERNMENT, BY MAKING APPLICATION WITH THIRTY DAYS, MAY HAVE MONEY RETURNED**

(Special to Daily News.) Victoria, Nov. 20—Hon. W. R. Ross, Minister of Lands, handed down a decision in connection with the South Hazelton town-site difficulty. He states that those who have purchased lots from the government and desiring to withdraw their agreements will have their payments returned to them upon application if made within thirty days after November 22.

Those electing to retain their agreements and complete their titles may have the interest on deferred payments rebated to date.

**PRINCE RUPERT'S PROUD RECORD**

Truly Mayor Newton can say "My name will live after me"—not as did George Washington's, first in the heart of countrymen, carved not on the tablets of the memory but in cold, hard marble. Who passing Acropolis reservoir when the sun is shining and the rays are reflected from the chisled name of "S. M. Newton, Mayor," set in gold, can deny this? In years to come when the little children of today look upon that stone, as old men and women, they will be able to recollect the proud record that Prince Rupert achieved on the day the reservoir was opened, of being the only city in Canada where the school children did not take part in the celebration in honor of Canada's royal governor; and they will also remember that it was due to "S. M. Newton, Mayor."

**A "PIG IN A POKE"**

The ratepayers of Prince Rupert are to vote on the sewer by-law next week. The ratepayers as a whole know nothing of the proposed by-law on which they are going to vote, and the councillors have but the authority of one man as to the value of the system. We would not for one instant depreciate the value of Mr. Mason's work. He may be the most capable man who could

be employed, but as the cost of the system, before completed, will run into the million mark, it is not good business to put that by-law before the people before having the plans and proposed work carefully looked in to by experts in that line of work. Now is the time to have that done—before the property owners have signified their wish to have the work carried out or abandoned.

The perfect by-law and plans should be prepared first and every detail should be carefully checked up before the vote is taken on the question. It is too big a responsibility to place on the shoulders of one man, no matter how good he may be. His system may be allright and theories correct, but then again he may be wrong and experts called in after the ratepayers have set their seal of approval on the plans submitted.

If the same length of time had been given in the council meetings to the discussion of these plans which may mean the expenditure, rightly or wrongly, of millions, as was given to the discussion to the hiring of telephone girls or other important (?) questions, it would be clearer to the majority of the citizens.

Voting on this by-law now before it has been thoroughly overhauled is exactly like "buying a pig in a poke"—you don't know what you have.

**ONLY CONSERVATIVES TO GET POWDER AT WHOLESALE PRICE**

**FARMER MUST BE MEMBER OF THE TORY MACHINE BEFORE HE CAN GET GOVERNMENT RATE ON POWDER ASSETS FARMER IN VANCOUVER SUN.**

Because the Provincial government did not supply him with stumping powder for blowing up the stumps on his ranch at Stillwater, in accordance with a recent despatch from the capital to the effect that explosives would be supplied free to bona fide settlers for land clearing operations, Mr. Fred Goldsmith is now ready to blow up the Hon. Price Ellison, minister of agriculture. He has received from the department information that blasting powder would be supplied to him at a rate of \$5 per box (the factory price) providing he joined Conservative Association.

"It's a holdup," declared Mr. Goldsmith to the Sun at the Beaver Rooms, Carrall street, where he is stopping. "I have always been a Conservative, but I do not propose to favor such tactics of enforcing politics upon the farmer. The report of the government's generosity appeared in a Vancouver Tory paper which comes to my address at Stillwater, and as the agriculturists in that vicinity were vastly interested in getting cheap explosive for land clearing, I wrote the Department of Agriculture,

enclosing an application. The reply, which was subscribed to by official signature of the Hon. Mr. Ellison himself, contained the information that the report was incorrect but that holders of pre-emptions would be able to procure powder at \$5 per box instead of \$6.50, the retail rate, if they became members of the Conservative Association."

In referring to overdraw accounts of government road building in the interior, Mr. Goldsmith called attention to the instance of the road at Stillwater which crosses the Eagle River. The road, he declared, had been improved to some extent during the summer, but the bridge across the river, which had in the first place been built by the settlers, was in a condition absolutely unsafe, even for pedestrians. This rendered the road practically useless as a transportation highway and although several strong petitions had been sent to the Board of Works department, nothing more than a promise that the Provincial road superintendent would visit the district had resulted.—Vancouver Sun.

**Demonstration Yesterday Before Fire Chief Proved Successful—2,000 Degrees of Heat.**

At C. B. Schriber & Co.'s yesterday afternoon, in the presence of the fire chief, building inspector and a number of interested citizens, Mr. J. W. Izzard, sales manager for the Brooks Brand asbestos roofing in British Columbia, gave a demonstration of the value of his roofing over that of other prepared coverings.

The test was made under a heat of some 2,000 degrees from a gasoline blow torch and was entirely successful. The intense flame was held close to the sample of roofing for four or five minutes and resulted in no injury to either the roofing or the boards to which it was tacked, while a sample of rubberoid covering, when approached with the torch caught fire and not only burned itself but ignited the woodwork behind it.

The Brooks people want permission to use their roofing in Prince Rupert. The only materials allowed now on business blocks are tar and gravel or metal roofing.

## SPORT CLIPPINGS

Walker is taking the place of Fleming as captain of the Swindon club just now. It is expected Fleming will be able to take his place in the team by the end of this month.

Smith, Manchester City's goal keeper, has not yet recovered from the operation to his knee and for the present Goodchild is between the sticks for them.

A. Grey of Stenhousemuir made quite a successful first appearance against Kilmarnock for the Celtics. He is a young player with a great future before him.

Charlie Roberts has, after all, started playing for Manchester United, instead of the City. Not even the \$7,500 bait offered for his purchase would make him sign for the City.

The Montreal West Curling Club will erect a \$7,000 club house at once.

Jack Laviolette is back at Mon-

treil, and will likely line up with the Canadiens again.

Louis Cyr, the famous strong man, is dying at Montreal. His death is daily expected.

Official major league records give nineteen names in the list of those who made five hits in a single game last season. Larry Doyle of the New York Giants accomplished the feat. Ed. Sweeney of the Boston Nationals performed the trick three times, and Jake Daubert of Brooklyn twice.

Varsity players expect to double the score on McGill should a championship final be necessary.

Oh, no! Fred Taylor will not play hockey at Toronto this winter. When he named his terms

Billy Nicholson and Bruce Ridpath collapsed.

Hugh Jennings is one manager who thinks Joe McGinnity is still capable of pitching winning ball in the major league. He has offered the Iron Man a position on the Detroit staff of twirlers for next season.

Oakland, the team Harry Wolverton abandoned to take charge of the Yankees, won the championship of the Pacific Coast League.

### WELSH REGAINS TITLE IN GREAT BRITAIN

London, Nov. 19. — Freddie Welsh, the English lightweight, regained his title of lightweight champion of Great Britain in a twenty round fight against Matt Wells, the title holder. The fight went the full distance, Welsh winning on points.

The honors were fairly even throughout. Welsh was a slight favorite in the betting. There was some holding and the referee several times cautioned the men to box cleanly.

In the early rounds Welsh had slightly the better of it, Wells' work being a little ragged. Both tried desperately in the final rounds to score a knockout. At the end of the twentieth round Welsh's right eye was nearly closed, but the referee considered that he had done the better fighting.

### LALONDE FENCES

"Newsy" is Stalling for the Long Green for the Hockey Season.

Ottawa, Nov. 18.—There is a possibility that "Newsy" Lalonde will not be found playing hockey this winter, according to reports from Cornwall. One of his close friends is authority for the statement that if Lalonde does not arrive at a satisfactory agreement with Kennedy, or the Canadiens, with whom he has been dictating, that he will not play at all this season, but will remain at his home in Cornwall.

It is expected that Lalonde will go to Montreal tomorrow to see Mr. Kennedy, when an arrangement may be concluded.

### FRANK MORAN CUTS MILLER TO PIECES

San Francisco, Nov. 18.—Giuseppe Costamagna, the big "bull moose" who fights here under the name of Charley Miller, is a lucky puncher today that Harry Foley was referee when he met Frank Moran of Pittsburg. Miller has nothing but beef. He lunged and plunged all about the ring like a drunken mammoth, while Moran, cool and heady, stayed away and cut him to pieces. At the end of the four rounds Miller was nearly blind and all in. Then Foley, running true to form, called the bout a draw. Moran did not bear a mark.

The kick which Grover Binkley of Ukiah possesses just missed fire with George Taber in their go. In the third spasm Binkley,

who was touted as a second Stanley Ketchell, planted one on Taber's jaw and he went down as if shot. But he got up again. And what Taber did to Grover settled the Ukiah man's chances before the god. At that Binkley has a fearful punch, and Taber was lucky he didn't connect the second time.

### FIRST CRIMINAL CASE BEFORE THE COURT

(Continued from Page 1.)

Naden Harbor to Old Masset up on the 7th of September last. The rope of the two white men's boat severed close to the bow, the Glaxton putting about, ran up alongside them with the object of connecting them up again. When only a few feet apart an Indian of the name of Tommy Nalkaun, picking up a coil of heavy rope that was lying on the deck of the tug, threw one end on board the fishing boat striking Randol, the accused on the face. The latter promptly threw the rope back at the Indian, striking him also, informing him at the same time in forcible language that they did not want the rope, as it would be of no use to them in that shape, being fastened to nothing, and anyhow knew what they were about themselves. This apparently was the cause of all the trouble. The Indians, some of whom had apparently been drinking, got sore, and later on in the day came out in boats and canoes with the intention of boarding the white men's boats and making trouble. The accused and his partner Tingley admitted pushing one of them into the water and hitting another with the tiller of the rudder. The one hit with the rudder was William Matthews, causing the arrest of the accused Randol on a charge of assault. The Indians were not very consistent or coherent as regards their evidence, the fact of their not being perfect masters of the English language being doubtless a distinct handicap. The latter at the same time were all decent appearing fairly intelligent specimens of the native.

The counsel for both the prosecution and the defence were most painstaking and patient, as was also His Lordship in endeavoring to probe to the bottom of the case. The jury retired to consider their verdict at 11.45 this morning, returning shortly afterwards into court with a verdict of acquittal.

### Wells-Christiansen

The wedding of Mr. M. M. Wells and Miss Lily Johnstone, which was solemnized by the Rev. C. E. Burch, Rector of St. Andrew's Episcopal Church on Monday afternoon, the contracting parties were two of Prince Rupert's best known and most popular young people. The groom is a member of the firm of Stalker & Wells, and a well-known business man of the city. The bride hails from Guelph, Ont., having resided in Prince Rupert for some time. The wedding was celebrated in the presence of a few intimate friends.
