TURKS AND ALLIED ARMIES ARE BOTH IN CONDITION TO FIGHT

DIFFICULTIES IN SETTLEMENT OF PEACE ARISE OVER FACT THAT BOTH ARMIES ARE IN CONDITION TO CONTINUE HOSTILITIES--BULGARS WANT ADRIANOPLE.

(Special to Daily News.)
London, Dec. 13.—All the delegates to the Balkan-Turkish peace conference are now here and the meeting will be convened as soon as possible.
The great struggle of the conference will be over the evacuation of Adrianople. The allies

are determined that the Turks shall yield this place, and the Ottoman delegates are equally determined that they will not.
Both sides present an unyielding attitude, basing their claims on the fact that their respective armies are in excellent shape to resume hostilities.

BANK WILL LEND BIG SUM TO THE HOSPITAL

Union Bank Will Advance \$10,000 to the Hospital—Membership Tickets to Be Sold.

The board of directors of the Prince Rupert General Hospital met yesterday afternoon, when matters affecting the financial situation of that institution came up for consideration.

P. I. Palmer, the chairman of the finance committee, reported that he had interviewed the manager of the Union Bank and he was agreeable to recommending that upon the hypothecation of the necessary securities held by the hospital that \$10,000 should be advanced without the signing of any bond by the individual members of the board. The board decided to adopt this course.

Mr. Palmer also reported that there had been nearly \$500 worth of tickets sold for the drawing on the debenture of the Prince Rupert Club.

President D. G. Stewart and Mr. P. I. Palmer were appointed a committee to arrange for the date of the drawing. This may probably be arranged to take place in one of the theatres, when possibly a benefit entertainment may be given.

As a means of arousing interest in the hospital it was decided to issue membership tickets for the year 1913. The membership fee is to be \$5.00, entitling the holder to the privilege of voting at the annual meeting, to be held on January 22nd.

A systematic campaign will be undertaken to secure members by a party of young ladies of the city under the leadership of Miss Marguerite Macdonald.

PARIS BANDIT SEEKS REVENGE

Editor and Wife's Terrible Night with Murderer Whom They Had Previously Concealed.

Paris, Dec. 12.—The police investigations into the shooting of M. Ducrest, editor of the anarchist newspaper, Free Idea, show that it was attended with circumstances of cold blooded cruelty that are rarely equalled in melodrama.

Lacombe, the anarchist assassin, burst into M. Ducrest's room at 10:30 o'clock at night and with a pistol in each hand announced to him and his wife that they had sold him and must die.

SERVIA INSISTS ON AN ADRIATIC PORT

Durrazzo Being Fortified by Servia in Defiance to Austria.

London, Dec. 13.—Vienna despatches today declare news has been received there from Antivari, Montenegro, that the Servians are fortifying Durazzo, the Adriatic port over which Servia and Austria may come to blows. This action, despite a strong demand made by Austria that Servia reduce her army strength, is taken to indicate that Servia is set and determined on an Adriatic port, and that she will defend her claim, utterly oblivious of whether Europe thereby is drawn into a world war or not.

DUKE OF CONNAUGHT APPOINTED COLONEL

Governor General is Made Colonel in Chief of Indian Transport Corp.

London, Dec. 13.—The Duke of Connaught has been appointed colonel-in-chief of the supply transport corps of the Indian army.

Possibly some significance regarding the future movements of His Royal Highness attaches to this appointment, which has always been regarded as one of the most onerous as well as the most valued positions in connection with the Indian establishment.

CONFESSED MURDER

Woman Attorney Confesses That She Poisoned Woman—Says She Was Justified.

Lansing, Mich., Dec. 13.—Mrs. Mary Lucas, a woman attorney, confessed here to having poisoned Mrs. Pauline Eingel, pleading that the act was justified. She denied that she had murdered other persons, but the police are digging up the cellar of her home here, in the belief that her case rivals that of the Gurness murders.

Carl Miller, a boarder at the Lucas home, disappeared seven months ago, and the police assert the woman later sought to gain possession of his property. Some time ago Mrs. Lucas and her husband went to Nebraska, the woman returning here alone, saying her husband had died suddenly.

Bryce on War.

(Special to Daily News.)
New York, Dec. 13.—Speaking to the committee for the celebration of the peace centenary, Ambassador Bryce declared that nearly all wars were caused through folly and passion. OPPOSITION MAY FORCE THE GOVERNMENT TO THE COUNTRY

OTTAWA PAPERS CLAIM THAT THE GOVERNMENT WILL BE FORCED TO GO TO PEOPLE ON QUESTION OF NAVAL BILL--CONSERVATIVE PAPERS PREDICT DEBATE SOON OVER.

(Special to Daily News.)
Ottawa, Dec. 13.—Hon. Louis Pellitier, who followed Sir Wilfrid Laurier, G. Graham and Hon. J. D. Hazen in the debate on the naval bill, resumed his discussion this afternoon.
It is the general impression of the Liberal papers here that the

debate will be a long drawn out one and that the opposition will try to force the government to go to the country with it. Conservative journals insist that the debate will be concluded before the end of January.

THINKS WILSON WILL GIVE BRITAIN CHANCE

Thought that New President Will Give Great Britain Justice at Panama.

Manchester, Eng., Dec. 13.—The Manchester Guardian, one of the leading Liberal newspapers of the British Isles, commenting on the despatch sent to Washington by Sir Edward Grey, British foreign minister, on the subject of the Panama Canal duties, expresses the belief that the election of Woodrow Wilson, who has not committed himself to support the Panama Canal bill, as did President Taft and Theodore Roosevelt, "gives a better chance for fair and unbiased hearings of the contentions of Sir Edward Grey."

HOUSE OF COMMONS TO ADJOURN SOON

Government Caucus Held and Date of Adjournment is Set for the 19th

Ottawa, Dec. 13.—Dr. Algure of Stormont presided over the first caucus of the Conservative party. Premier Borden was given a warm welcome by his followers.

It was stated at the conclusion of the caucus that the government naval policy was not discussed, and that the principal matter under consideration was the date of adjournment.

The date was not definitely fixed, and will be left with the government and opposition whips. Thursday, December 19th, was favored by the majority of the caucus.

NO CONSIDERATION

Senator Perkins Says Should Not Consider British Protest

Washington, Dec. 13.—"The Senate should no more consider the British demand relative to the Panama Canal than it should consider a proposal that British vessels be allowed to engage in Mississippi River trade."

This was the declaration of Senator George C. Perkins of California in commenting on Sir Edward Grey's protest to the clause in the Panama Canal bill which exempts American coastwise ships from tolls. Senator O'Gorman of New York expressed similar sentiments.

"This is purely a domestic matter," said O'Gorman, "and it has been settled without offending the terms of the Hay-Pauncefote treaty."

INDIAN CHIEFS ARE FORMING A POLICY

Big Meeting in Vancouver to Draft Out a Policy to Act Upon.

Vancouver, Dec. 13.—Twenty Indian chiefs, representative of a race rapidly becoming extinct, are meeting in the chapel of the Central Mission for the purpose of formulating a concrete policy to be submitted to the Indian Commission, recently appointed by the Federal government to adjust and investigate the grievances of red men throughout the Province of British Columbia.

"Big Tyass Tyee" McKenna, the Federal commissioner who has recently submitted his report to the government, will be the subject of much pow-wow. In the opinion of the tribal chiefs, who constitute the greater part of the delegation, he has been unfair in his treatment of many of their complaints and naturally they wish to give their own version of conditions before the members of the commission.

The consensus of opinion among the red men as expressed in their own quaint phraseology was that Tyass Tyee McKenna did not understand them; that he was working for the favor of his government rather than in the interests of the tribes, and that even their sacred reserves, set apart for them by the pale faces who had hounded them with their ideals, forced upon them their modes of living and impregnated them with their vices, were being taken by advancing civilization.

WOMAN STEALS TO GET BABY SHOES

Chicago, Dec. 13.—"Judge, it was the only way I had to get my baby a Christmas present," sobbed Mrs. Ellen Nelson as she stood before Judge Scully charged with shoplifting. She was caught by a department store detective hiding a tiny pair of shoes under her cape.

"My baby needed the shoes, and I had no money," was the woman's defence.

Judge Scully was touched. "I sentence you," he said, "to one hour's imprisonment in the ante-room of this court."

G.T.P. HOTEL DESTROYED BY FIRE THIS MORNING: FIREMAN INJURED

Cause of Fire Unknown But Supposition is That Originated From Crossed Wires---Extent of Damage Unknown But Will be Large as Greater Portion of Building is Destroyed ---Fireman Fell From Roof

Fire broke out at about seven o'clock this morning in the upper story of the G.T.P. Inn over the dining room, completely destroying the roof and second floor of the building.

Most of the guests were in the act of arising and everyone vacated the burning building with practically all their belongings intact.

Noticing a smell of smoke but being unable for some little time to locate the fire, the night clerk on duty immediately notified the fire department, who were on the scene in a few minutes, and had two streams of water playing on the fire, which had by this time broken out in the roof of the dining room end of the building.

For over an hour and a half the department worked with a will, the men doing most effective work, especially inside the hotel, where two of the smaller hoses kept a constant stream of water playing on the walls and inside of the roof where the fire was making most headway.

It was not long before a big crowd of citizens were on the scene, and wherever any assistance was needed it was cheerfully given. Many of the on-lookers were of the opinion that nothing could save the building from being completely destroyed. However, the fact of there hardly being a breath of wind

stirring, and the strenuous work of the fire department, the fire was entirely put out by 9:30, when the water was disconnected.

It was difficult at the moment to estimate the exact amount of the damage done to the building, the top floor and roof are a complete wreck; a good portion of the second floor being destroyed also. Water, as usual, will be the cause of a considerable loss. Nothing was removed of any value, with the exception of the personal effects of the guests and members of the staff living in the house, and the stock of liquor in the bar. The latter was replaced as soon as the fire was extinguished.

Fireman McIntosh sustained a nasty injury through falling from the second storey to the ground, dislocating the wrist of his right hand and breaking the second finger of his left one. He was at once taken to the fire station, where medical aid was at hand to attend him.

It is doubtful whether the exact cause of the outbreak will ever be determined. The theory that it was a defective flue is not given much credence as at the time of the moving of the hotel new chimneys were put up and everything as far as was known was in the best of shape. The possibility of crossed wires starting the conflagration is advanced by some.

BLACK HAND METHODS TRIED
ON PRES. WOODROW WILSON

MEN ARRESTED FOR ATTEMPTING BLACK HAND METHODS
ON THE PRESIDENT-ELECT OF UNITED STATES—
CONVICTION DIFFICULT

Newark, N. J., Dec. 13.—With the arrest of three woodchoppers accused of writing a letter to President-elect Woodrow Wilson threatening him with death unless he paid them \$5,000, the authorities here expect the trio to confess the details of their plot before being arraigned on Monday.

The men under arrest are Jacob Dunn, 35, known as "Nig"; Warren Dunn, 32, brother of Jacob, known as "Pete," and Seely Davenport, 28, known as "Snake." They were all living in huts at Ford Mine, an iron ore mining settlement.

Attorneys declare that the principal evidence against the men cannot be used. This evidence consists of letters written by the men since their arrest, containing the same mistakes in spelling and the same characteristics as the threatening letters. The Federal law bars such writing from being introduced as evidence.

It is reported that one of the Dunn brothers made incriminating statements, but this is not confirmed.

It has developed that President-elect Wilson started for Bermuda earlier than he had planned owing to these letters. His family urged him to go, it is said, while the secret service agents were probing the matter.

The prisoners insist that they are good Democrats and that they are innocent. Jacob Dunn also denies that he tried to strike one of the secret service men with an axe.

Cured by Hammering

Los Angeles, Dec. 13.—To be mauled by a mechanical device striking 10,000 60-pound blows a minute, is no pleasing ordeal, yet it effected a cure for W. C. It is said that Dean was subjected to two 5-minute treatments daily until he showed appreciable improvement.

Suffragettes When Sentenced at Aberdeen Refused to Leave Dock

London, Dec. 18.—Three suffragettes charged with having disturbed the chancellor of the exchequer's meeting at Aberdeen were fined \$5 or five days in jail.

The women refused to either pay the fine or leave the dock, and the gallant police officers were compelled to carry them out.

Shrill cries of "We protest," "Shame, Shame!" issued from the throats of dozens of other suffragettes who had assembled in the court room.

The woman who threw the brick through the window of the automobile which was thought to contain the much-sought-after form of the chancellor, was fined \$10.

VANCOUVER IS WET

Toronto Clergyman says Vancouver is a Great Town for "Booze"

Toronto, Dec. 13.—That there is a great deal too much drinking among the citizens of Vancouver and Victoria, was the statement made by Dr. Burke, of the Catholic Register, just returned after spending several weeks at the coast. Dr. Burke gave the low price at which at various wines and liquors were sold in the coast cities as the cause of the unusually large consumption of intoxicants. Good port could be had in Vancouver for 50 cents a bottle, while other wines and liquors were proportionately priced. Dr. Burke also stated that everything was booming in the western towns and cities and was most enthusiastic concerning the present prosperity and possibilities of the future.

NO "SOUR GRAPES" HERE.

The Empire, at this time, comes to the defence of the government and approves of the manner in which the city work was held up—supports the attorney in his methods of collecting the amount owed by the city to the government. By some strange reasoning the Empire states that with us it is a case of "sour grapes" because the city has money to go on with.

Did we not want to see the work of development go on—were we of the "sour grape" disposition—we would not have called attention to the attorney general's high handed methods of collecting money. We would have made no mention of the fact that while the city work has been held up by the government because the bill (payment on which, the Empire informs us, was never pressed) was not settled, land speculators owed millions of dollars for first payments on lands staked wholesale throughout the province.

The city work would have gone ahead months ago and Prince Rupert would be in a great deal better shape today as a consequence had the gov-

NO MONEY, NO AMBULANCE

ernment given the permission necessary for the sale of the bonds, but this was withheld until the debt was paid, and now with but a couple of weeks of the year left the desired permission is granted. Had the government trustee the city to the same extent they do the American land speculators it would have been a different matter.

The Fate of the Man Injured in Winnipeg is a Hard One

Winnipeg, Dec. 12.—The Market License and Relief Committee of the city council have just discovered that when an accident happens the ambulance drivers of the city who reach the spot, first seek to find if the injured individual has the sum of \$2.00 to pay for the trip before they will take the party to the hospital. In some cases it has been necessary for the onlookers to take up a collection to get this \$2 before a severely injured man has been got to relief as the drivers are all insistent on these terms. An inquiry is to be made and some explanation demanded. The aldermen facing an election are very indignant.

Now they suggest a plebiscite of six man hockey. An axe would be more to the point.

"Petie Green will manage the Ottawa team this winter," said a member of the Ottawa Hockey Club directorate the other evening. "We have never considered any suggestion to make a change."

Eddie Gerard turned a deaf ear to Senator Choquette's bid from Quebec. If he plays professional hockey at all it will be with the Ottawas.

Captain Percy Lesueur of the Ottawas predicts that a new hockey league will be doing business next winter. He added that the present state of affairs could not possibly continue much longer. Percy is about right, too.

It's rather ungrateful of Ottawa Hockey Club officers to say that Fred Taylor will prove a rank failure, seeing that he hasn't had a chance to play his best since 1909 because he was with weak teams in 1910 and 1911, and kept out of the game altogether last season. It would have paid the Ottawas to have given Taylor \$2,500 to remain in the east. With Taylor on the Ottawa team, standing room only signs would have been hung out before each match.

Percy Lesueur thinks Harry Broadbent will make good right off the reel. "Punch" is slated to play right wing. Skene Roman will move over to the starboard side.

It would be poor policy for any of the N. H. A. clubs to allow their coaches to "retire" at this stage, as the exclusion of the megaphone is regarded by many as another weakened scheme to cut down expenses and run things on the cheap. Green has the confidence of every hockey follower in Ottawa. His enthusiasm is itself an indispensable asset to the Ottawa club.

The N. H. A. will claim \$1,000 from each contract jumper. That's about all it will do, however.

Carl Kendall's Ottawa friends are anxiously awaiting his debut in the Pacific Coast League. They feel certain that he will make good with a brilliant beginning.

Manager Isner, of the Halifax Social Hockey Club, confirms the report that he has signed Tommy Smith, Billy Hague and "Rats" Murphy, three stars of last season's Moncton Victorias, champions of Eastern Canada, and challengers for the Stanley cup.

LYNCH WILL AGAIN LEAD THE NATIONAL

Lively League Annual Is Expected on Monday at Gotham—More Trouble for Murphy.

New York, Dec. 12.—Baseball fans here are expecting interesting developments when the annual meeting of the National League convenes here. The general talk is that Thomas J. Lynch, who successfully led the fight to force Horace Fogel, the Philadelphia president, out of the league, would be re-elected without much opposition. Another matter to be taken up is the case of Roger Bresnahan, who was discharged from the position of manager of the St. Louis club after serving one year, and who claims that under a five year contract he is entitled to \$40,000 at 10,000 a year, together with 10 per cent. of the profits of last year's earnings from Mrs. Britton, owner of the club. Bresnahan is coming to New York, it is said, with a lawyer to present his case, and it is stated Mrs. Britton will have a lawyer on hand.

NEWS NOTES FROM HAZELTON

Mr. and Mrs. E. E. Charleson and children left on Thursday for Eastern Canada. They will make their home in Ottawa for some time.

While hunting deer at Francois Lake recently, Sandy Thomson disturbed a she bear and two cubs, which she had dened up in the rocks. As they emerged from their den Sandy bagged the three.

On Wednesday morning the fire brigade was called out to fight a fire which started upstairs in the residence of James McKay. The firemen, as usual, responded promptly and extinguished the blaze before much damage had been done. A candle left burning in one of the bedrooms is supposed to have been responsible for the fire.

South Hazelton is assuming a busy appearance. The station agent and his staff have their temporary quarters comfortably arranged. They are kept busy handling a big volume of freight, passenger and express business. Ample provision has been made for the accommodation of freight teams in the yard, and it is expected that freight sheds will be constructed very shortly. A switch engine is to be put in com-

GREAT HARDSHIPS IN OLD COUNTRY STRIKE

Coal Strike in England Makes Terrible Conditions for the Women and Children

London, Dec. 13.—Great hardships have been imposed on thousands of working people and a wide section of England is directly affected by the strike of locomotive drivers on the North-eastern Railway. Although only from 6,000 to 9,000 railroad workers left their employment, the stoppage of the coal traffic has rendered idle four times that number of miners, and many factories also have been forced to shut down. The hardships are the greater because of the approach of Christmas. The strike began non December 7th.

Ten students were arrested.

"LITTLE PRINCESS" IS A GOOD PRODUCTION

Griffith Stock Company Make Success of Pretty Play.

Those who had looked forward with interest to the production by the Griffith Stock Company of the much talked of comedy success, "The Little Princess," were there in force last evening to welcome its appearance, and were in no way disappointed. Brilliant dialogue, magnificent costumes and special scenery all went toward making it a pronounced success. Never were the company seen to greater advantage or better cast. Space forbids an extended notice of the excellencies of the acting displayed by the several members of the company, who are now so well and favorably known to the theatre goers of Prince Rupert.

The winsome little sprite, Julia Fehr, as Virgil, the Little Princess, showed histrionic ability of a simply marvellous and almost uncanny character in one so young, her stage presence and elocution being faultless.

HEAD OF CARPENTERS' UNION WAS ARRESTED

Indianapolis, Ind., Dec. 13.—William H. Quigley, Detroit, business agent of the Carpenters' Union, was held to the Federal grand jury on the charge of the district attorney that he had committed perjury as a witness at the dynamite conspiracy trial. He was taken into custody by a deputy United States marshal. As the fourteenth of the forty-one defendants to appear in his own behalf, Michael J. Cunnane, a Philadelphia official of the International Association of Bridge and Structural Iron Workers, next testified.

"Before McNamara was taken to Los Angeles had you any knowledge that dynamite or nitroglycerine was used on non-union jobs?" asked William A. Gray, counsel for Cunnane.

"Never heard of it till McNamara's arrest."
Cunnane said his appearance before the international union's executive board was not to discuss dynamiting, but in connection with proposed "local option" for the Philadelphia union so the members might work for contractors who maintained union shops locally, regardless of the strike. As business agent, the witness said he helped settle many disputes peaceably. Cunnane, who is charged with implication in the illegal transportation of explosives because of letters he wrote to McNamara, explained he requested financial aid to unionized jobs by lawful means.
