CITY POWDER SHACK DESTROYED BY FIRE ON SATURDAY—FOREMAN THOMPSON INJURED

CALIFORNIA STORM SWEEPED; MUCH DAMAGE TO SHIPPING

SIXTY-FIVE MILE GALE SWEEPING SOUTHERN COAST—SNOW FALLING OVER THE STATE AND LOW TEMPERATURE PREVAILS.

(Special to Daily News.)
San Francisco, Jan. 5.—A terrific gale is raging all along the California coast. The wind has attained a velocity of 65 miles

per hour. A large number of small craft have been wrecked or driven ashore. An unusually low temperature prevails throughout the state and snow is falling fast.

QUARTER OF A MILLION DAMAGE DONE BY STORM AT VANCOUVER

THE OLD YEAR CLOSED WITH THE WORST STORM IN THE HISTORY OF THE CITY—NO LIVES LOST, BUT MANY INJURED.

Vancouver, B.C., Jan. 4th.—Good old 1912 went out like a roaring lion on the coast of British Columbia, and particularly in Vancouver. Not in the memory of the oldest inhabitant has so severe a storm raged as the sixty-mile gale that for 36 hours intermittently swept over and around and through the Terminal city.

Not in the memory of the oldest inhabitant have so many water craft been carried to sea or blown high or dry upon the shores of the Inlet and bay; nor so many signs twisted like card board from store fronts and strewn upon the streets; nor so many windows of shops and dwellings shattered; nor so many trees uprooted and houses damaged—some even overturned and telegraph and telephone wires borne to earth. In fact, in its short history of twenty-five years, Vancouver never experienced such a day as the last day of 1912.

In money loss the total damage in and around the city, including damage to the shipping, may reach a quarter of a million dollars. So far as could be ascertained no lives were lost in the storm, though several persons were reported to have been more or less slightly injured by falling trees and signs and scores of narrow escapes from death were related at supper parties.

Reports were to the effect that the gale was general along the coast. It commenced with a stiff southeaster, accompanied by downpours of rain, early Monday evening. The wind veered around to the westward before morning and then it swung more to the northward, the sky being swept clear of clouds and the sun shining. The prolonged gale from the northern ocean finally brought a raw, cold wind which felt more like the breeze on the other side of the Rockies during winter.

MINERAL PRODUCTION IN BRITISH COLUMBIA

With a total output of \$103,220,994 worth of minerals, B. C. stands second among the ore producing provinces of Canada for 1912. This output averages \$14.42 per capita for the year. For 1912 B. C. smelter receipts compiled to November 16th show a total of 1,984,376 tons, an increase of 20 per cent. for the same period in 1911. The 1912 increase over last year is about 30 per cent. The total value of all the metals mined in B. C. to date is \$430,000,000.

Anglican Xmas Tree

This afternoon from 3 to 7 the Anglican church will hold its annual Christmas tree at their new church. It bids fair to be a most delightful and pleasing event and great preparations have been made to ensure its being a big success. Santa Claus will arrive about 6 o'clock; a tea being provided for the children earlier in the afternoon. Parents and friends are most cordially invited to be present.

Pleasant Dinner Party.

Through the courtesy of Mr. A. D. McPhaden, the Prince Rupert representative of Swift & Co., the well known meat packers, a small party of his friends enjoyed a very pleasant dinner last evening at the Premier Hotel. Mr. McPhaden, who is spending a few weeks in Vancouver, thoughtfully shipped to one of his friends here a choice suckling pig, which provided the chief delicacy of last night's dinner. The genial "Doc" Morgan occupied a position at the head of the table and did the carving to the satisfaction of all. The Premier chef proved himself equal to the occasion and served the dinner in splendid style.

TURKISH FLEET SEEKS SHELTER IN DARDANELLES

Hot Naval Engagement Between Turkish and Greek Fleets—Latter Victorious.

(Special to Daily News.)

London, Jan. 5.—In a naval engagement today between the Turkish and Greek fleets the former were compelled to seek safety in the Straits of Dardanelles. While the battle was brief it was a decided victory for the Greek squadron.

NUMEROUS CANADIANS SECURE DIVORCES

Over a Thousand Have Been Granted Divorces in Border States and Many Have Remarried.

(Special to Daily News.)

Toronto, Ont., Jan. 6.—Although Canada has not a divorce court yet, hundreds secure divorces each year and some are remarrying in Canada. Figures compiled on this subject by the Telegram show that during last year 1,243 Canadians have secured divorces in six of the border states, these six being Maine, Ohio, Michigan, New York, Vermont and Wisconsin. Although all of these Canadians have not returned to their native land to remarry some are known to have done so.

GRIFFITH STOCK CO. FAREWELL PERFORMANCE

Entertained Their Young Friends at Pink Tea on the Stage at Saturday's Matinee

Two large audiences turned out on Saturday to witness the farewell performances of the Griffith Stock Company. True to their oft repeated promises, they reserved their strongest play until the last in order to be able to go away leaving the very best of impressions, with an assurance of receiving a warm welcome when they next visit the city.

The play, "Little Lord Fauntleroy," made a big hit, giving every member of the cast an opportunity for the display of their talents, whilst featuring the little star, Julia Fehr, whose portrayal of the long and difficult role was simply wonderful. The matinee performance on Saturday was played to a crowded house. It seemed to an onlooker at the back that almost every child in Prince Rupert must be there.

As soon as the curtain went down the stage was cleared and in a few minutes it was raised again to find the stage swarming with youngsters of all ages surrounding a table at which Miss Griffith was actively engaged, assisted by the members of the company, handing out "pink tea" to the assembled multitude. A bountiful supply of cakes of every description delighted the hearts of the kiddies. Altogether this unique farewell reception in honor of charming little Miss Fehr tendered to the people of Prince Rupert by the Griffith Stock Company was a most pleasing and graceful tribute and proved a huge success.

After giving a most excellent performance of the play in the evening to a packed house, the company hurried down and boarded the Princess May, which had been held over for them, en route to Seattle. There were a number of their friends on the wharf to bid them goodby. The Griffith Stock Company distinctly made good here and will receive a hearty and enthusiastic welcome should they ever pay a return visit.

MAYOR NEWTON WITHDRAWS

Will Seek Election as Alderman in Ward Two.

Rumors were circulated this morning to the effect that Mayor Newton had withdrawn as a candidate for the mayoralty. Just before going to press the Mayor was communicated with by telephone and the rumor was confirmed. He stated that he will seek election as an alderman for Ward Two.

TIPS ON CIVIC POLITICS.

Mayor Newton is very anxious for the public to believe that he is the enemy of the franchise hunters and refuses to even consider a proposition from the Tsimpsean Power Co., yet this same man advised making terms with the B. C. Telephone Co. when that monopoly was after the Prince Rupert franchise.

High wages and inefficiency in the Mayor's office is about the only policy Newton has put into practice.

The Mayor asks for a comparison of the Prince Rupert of 1910 and 1912. If the Mayor would look up the income of his own business for 1910 and compare it with last year's he would probably vote for Pattullo.

A 45 cent wage rate is no good to a man who cannot get work.

The Mayor says there will be no sting in it for him no matter which way the election goes. Well, the city will be badly stung if he is elected.

This policy of refusing a job on city work unless he is a voter is both a vicious and a stupid one; vicious because it savors of Tammanyism and stupid because it means a workman must come here and live a year before he can get a job.

"Industrial peace" is given as one of Newton's reasons for re-election. He ought to have added: "and business stagnation."

Those "conflabs" which the Mayor speaks of is a new word in local literary circles. Wonder if it has anything to do with the sniff yacht?

LIBERAL ASSOCIATION.

The annual meeting of the Prince Rupert Liberal Association, for the purpose of electing officers, will be held on the evening of Thursday, Jan. 23rd, 1913, in the K. of P. Hall, Helger-son Block. 3071f
P. W. ANDERSON, Sec.-Treas.

GOVERNMENT ISSUES EXPROPRIATION ORDER

For Land on Burrard Inlet in Connection With \$500,000 Wharf at Vancouver

Ottawa, Jan. 5.—The Dominion Government has issued an order for the expropriation of property on Burrard Inlet, near the B.C. Sugar Refinery, so that the construction of a federal wharf may be proceeded with at once. The estimated cost of the new wharf is half a million dollars.

ARCTIC EXPLORER COMMITS SUICIDE

Broods Over Fact That He Was Not in Party That Made the Final Dash for Pole

Christiana, Jan. 5.—Hjalmar Joaneen, noted explorer, who was a member of the Amundsen South Pole expedition, took his life today in a fit of melancholia. Ever since the return of the exploring party he has brooded over the fact that he was left at the base of supplies when the final dash for the pole was made.

Captain Amundsen, the Norwegian explorer, reached the south pole on December 14th, 1911, remaining in the vicinity for three days. He is the intrepid mariner who discovered and actually navigated the Northwest Passage.

ISMAY HAS RESIGNED FROM WHITE STAR LINE

Continues as Director of Several Important Shipping Companies.

London, Jan. 6.—The long expected resignation of J. Bruce Ismay from his position as chairman and managing director of the White Star Line has been announced. It will take effect June 30th. Harold A. Sanderson, first vice president of the International Mercantile Marine Company, and a director of the White Star Line, will succeed Mr. Ismay.

A statement issued by the company says that it was arranged last February that Mr. Ismay would retire on June 30, 1913, and that nothing had occurred to make it necessary to depart from that understanding. The statement added that the company had decided that Mr. Sanderson might take a vacation during the first half of the year.

Although Mr. Ismay resigns as chairman of the White Star he continues as director of the International Mercantile Marine Company and a member of the board, and retains the chairmanship of the Asiatic Steamship Company and the Liverpool and London Protective Association.

Annual Vestry Meeting

On Wednesday evening at the new Anglican church, a supper will be served to the men of the congregation by the ladies of the church. Church matters will be discussed and before the evening is brought to a close the annual vestry meeting will be held for the purpose of electing church wardens and sidesmen for the ensuing year. It is the great desire of the rector that all members of the church should become thoroughly acquainted with one another. The feeling having been expressed by the men that they would like to contribute something towards the supper the small charge of 50c. will be made for admission.

Pantorium Pioneer Cleaners. Phone 4.

BANDIT KILLS HIS COMPANION; ONE POLICEMAN WOUNDED

EXCITING FIGHT BETWEEN BANDITS AND POLICE IN SALOON HOLDUP IN THE STATE OF WASHINGTON.

(Special to Daily News.)
Seattle, Jan. 5.—An exciting fight occurred yesterday between two bandits and the police while the former were attempting to

hold up a saloon at Snohomish. One of the bandits accidentally shot and killed his companion while he was himself wounded in the neck. One policeman was also slightly wounded.

TUG LOSES CAPTAIN; PUTS BACK TO PORT

Captain Manter of Tug Pioneer, Which Left Ketchikan Last Night, Found Dead This Morning.

(Special to Daily News.)

Ketchikan, Alaska, Jan. 6.—The tug Pioneer, southbound for Seattle, arrived here yesterday morning and resumed her journey last evening with the barge North Bend, in tow. She put back to Ketchikan this morning, bearing the dead body of her captain, who retired last evening in his usual health. When he did not put in an appearance this morning members of the crew became anxious and went to his room to find him lying dead in bed. The sudden death of Captain Manter, who has been in charge of the Pioneer for some time and is well known among marine men, will be a shock to his many friends.

BIG BLAZE SATURDAY

Shack Containing Powder for City Work Destroyed—Blaze Lasted Only a Few Minutes.

On Saturday afternoon, shortly before dusk, a little four by six shack on Market place, used by the city works for thawing out the powder used each day on the works, caught fire in some mysterious manner and was burned to the ground. Foreman Thompson, who was in the shack at the time thawing out powder, in trying to get a few things outside, was badly burned about the hands and was unable to go to work this morning. There were only about twenty sticks of dynamite in the place at the time and they must have been frozen and burned up, as there was no explosion. Although the fire lasted only a few minutes, it was exceedingly spectacular. Powder was never kept in the shack overnight.

The Princess Beatrice returned from Granby Bay about 2.30 yesterday yesterday morning and left for the south again at 8 p. m. with a light list of passengers.

The Princess May left for Vancouver shortly before midnight on Saturday. Amongst the passengers were the members of the Griffith Stock Co.

MAYOR NEWTON!

You have not yet informed the electors where you stood when the B. C. Telephone Co. threatened to come in and take the telephone franchise of Prince Rupert. This telephone franchise is not an issue for the electors to pass judgment on, and never has been, but you have utilized it in the past three campaigns as a weapon with which to slander your opponents. Now that your deceit in the discussion has been exposed and your own attitude questioned, you are very anxious to drop it, but it is up to you as the challenger to now make good. You are charged with having advised making terms with the B. C. Telephone Co. and with discouraging municipal ownership of the telephones. You are ever ready to point the finger of suspicion at others. In this instance what have you to say for yourself.

St. Andrew's Society

A meeting of the Executive of the St. Andrew's Society will be held tonight in the Society Rooms on Second Avenue.

By request of the property owners of Sections 5, 6, 7 and 8, the meeting called for tonight in the Presbyterian Hall has been cancelled. Notice of when the meeting will take place will be made later.

Installation of Officers

The first semi-annual meeting of Skeena Lodge, No. 45, of the Knights of Pythias, will be held this evening, January 6th, at 8 p. m., in their hall in the Helger-son Block, for the installation of officers and the presentations of jewels to past chancellors. All members of the lodge and visiting brethren are cordially invited to be present.

Leap Year Successful.

New York, Jan. 6.—More marriage licenses were issued in the city of New York in the leap year just closed than in any previous year of the city's history.

Editorial Notes and Clippings

THE MAYOR OR THE PUBLIC

In the eyes of the incumbent of Prince Rupert's mayoralty all who oppose him or differ from him in opinion are one of "a gang," "a bunch," or "dirty grafters." As this "gang" represents, according to his own admission, a sufficient majority of the electors to defeat his by-laws, then Prince Rupert, in his opinion must be a seething mass of political corruption and public dishonesty. No sane judgment would credit such a condition. It is a libel which needs no contradiction.

But there is a point in the Mayor's political advertising which is worthy of the citizens' consideration. It is his frank admission that he is unable to go on with the city's public works and to carry out his pre-election promises. He confesses that "the bunch," being a majority of the electors who went to the polls, has tied him up; prevented him from going on with the development of the city. In other words he admits the electors have lost confidence in the mayor and his methods; that

they have practically placed an injunction upon him.

Surely a reasonable man who discovers, within a few months after being elected to a position of trust by a large majority, that he is unable to get the sanction of the electors to his proposals of public works, would conclude that possibly he was wrong, instead of denouncing the electors as a bunch of grafters. An ordinary man, finding himself in that position, would naturally analyze his policy and his methods, and endeavor to discover wherein he is deficient or had failed to make good.

The Mayor takes quite the opposite view. He accepts the \$2000 salary paid for efficient services and then abuses the citizens because they will not furnish him with the means for carrying out propositions which do not agree with the public's idea of good business.

The breach between the public and the Mayor is a wide one. There is something very wrong either with the people or the man who was last year's chief executive.

HELPLESS MOSLEMS ARE MASSACRED IN THOUSANDS

OFFICIAL REPORT TELLS OF DELIBERATE POLICY OF EXTERMINATION BEING PURSUED BY GENERAL JANOVITCH WHEN HIS TROOPS CONQUER MUSSELNEN.

London, Jan. 3.—A terrible recital of atrocities from reliable sources is given in a Budapest despatch to the Daily Telegraph revealing, according to official reports, a deliberate policy of extermination of the Moslems adopted by the Servian general, Janovitch, in the march of his army through the sea coast. Between Kumanova and Uskup thousands were burned to death. Villages were burned and the fleeing inhabitants shot down. Helpless women were forced to watch their children carved to pieces with bayonets.

Executions were the daily diversion of the Servian soldiers. Wherever persons were found in possession of arms they were shot or hanged. The route of

the troops on their march was lined with gallows on which the bodies of Albanians were left hanging. The atrocities were not even confined to Albanians, the deeds committed in Werschitsa exceeded anything the Albanians suffered under Turkish rule. At Verisovitch the Servian commander invited the fugitives to return and surrender their arms. Four hundred of them did so and were immediately shot down. In many cases the Servians killed their prisoners. Near Kratova, General Stephanovitch placed hundreds of prisoners in two rows and shot them down with their own guns. General Janovitch ordered 950 Albanians and Turks killed because they opposed his progress.

BECKER DENIES KNOWLEDGE OF GUNMEN

Insists that He Does Not Know the Men Who Shot Rosenthal

Albany, N.Y., Jan. 6.—Charles Becker, under sentence of death for having instigated the murder of Herman Rosenthal, the New York gambler, insists that he does not know the four gunmen who shot Rosenthal, according to the superintendent of state prisons. The other prisoners are occupants of the same row of cells as Becker's, near the death house.

"I have talked with Becker on several occasions since he was received at Sing Sing prison," said Col. Scott today, "and he insists that his conviction was a frame-up. I don't care to undertake to say whether he knows the gunmen who are in prison."

"I have enjoyed several visits with Becker and found him interesting. The insistence which has characterized his statements that he does not know the gunmen and that his conviction was obtained by what he called a frame-up, would lead one to liken his case to that of Albert T. Patrick, who never wavered in his contention that he was innocent."

According to prison officials Becker plainly shows his confinement in the death house.

NOVA SCOTIA TRADE IN HEALTHY STATE

Halifax, N.S., Jan. 6.—The total value of the yield of the farm, factories, fisheries, forests, mines and live stock of Nova Scotia for the year ending December 31st amount to \$134,893,548. The total coal shipments from Nova Scotia mines amounted to 6,383,000 tons and the value at the pits mouth is placed at \$25,000,000.

The agricultural yield is \$28,000,000.

190,424 passengers were carried by Vancouver street cars on December 24.

With the linking up of Vancouver and North Bend by telephone train despatching by telegraph has become obsolete on the C.P.R. between Vancouver and St. John, N.B.

WILL SURELY GET MR. J. ROCKEFELLER

Evading Service of Subpoena to Appear Before Committee Investigating Money Trust.

New York, Jan. 3.—"We will get Mr. Rockefeller if it takes all winter."

This was the defiant challenge issued by Kerry South, chief clerk of the House of Representatives, in command of the government process servers and hired detectives that are trying to serve William Rockefeller with a subpoena to appear on January 6th before the Pujo committee investigating the "money trust."

"We have got both his New York and his Tarrytown homes surrounded and he can't escape us," said the chief clerk. "We can wait as long as he can."

Believing that the old millionaire, who is wanted to testify concerning stock market operations in Amalgamated Copper, and who has been evading service for a week past and is hiding somewhere within the recesses of his big Fifth avenue mansion, Mr. South and Sergeant-at-Arms Riddell marshaled the greater part of their forces in that neighborhood today.

The watchers will remain on duty all night and if necessary all day and tomorrow morning will be relieved by another squad of sentinels. Sergeant-at-Arms Riddell declared that only lack of authority forbade him from entering the house by force. He explained that he was powerless under the law to serve the subpoena as long as Mr. Rockefeller chose to "keep himself locked up."

The Department of Education plans to increase the area of the University of B.C. campus by the addition of 100 acres, making a total of 277 acres.

MANY MONEY BYLAWS ARE TO BE VOTED ON

Town of Chilliwack Will Vote on Money Bylaws Totalling Nearly \$260,000.

Chilliwack, Jan. 6.—Money by-laws totalling nearly \$260,000 will be presented to the rate-payers of this city for ratification or rejection on the day of civic elections, which will take place on the 16th of this month. This amount embraces \$200,000 for the purchase of the Elk Creek water works system; \$35,000 for the installation of a sewerage system; \$4,000 for high school loan and about \$20,000 for the completion of macadamizing the city streets.

According to the assessed valuation of the city \$501,635 can be raised by loans for improvements in the city. Of this amount \$157,000 has been borrowed, \$31,000 of which has been for the building of a new high school, and which does not apply against the borrowing capacity of the city.

If the amount to be asked for at the civic election carries, there will still be left to the credit of the city a borrowing power of over \$115,635.

IN THE MATTER OF AN APPLICATION FOR THE ISSUE OF A DUPLICATE CERTIFICATE OF TITLE FOR LOT 8, BLOCK 3, TOWN OF SEALY. (MAP 956.) Notice is hereby given that it is my intention to issue at the expiration of thirty days after the first publication hereof a duplicate of the Certificate of Title to the above-mentioned lot in the name of Ella M. G. T. Sawley, in payment of a day and a night's lodging in the Hotel de Vickers.

QUEEN ENTHUSIASTIC IN CHARITABLE WORK

Her Majesty Displays Unprecedented Enthusiasm for Charitable Work of British Women. London, Jan. 3.—Queen Mary has never been known to express such enthusiasm as she has shown for the new charity plans of Lady Esher, the free cooking classes for the poor.

When Her Majesty heard that Lady Esher, with many other noble women of the realm, actually intended to go into the slums and instruct the wives and daughters of workers in healthful, economical preparation of food, she eagerly gave her approval of the project. Some of the ladies who will take part in the movement are the Viscountess Falkland, Lady Helen Brassey, Lady Altamont and Lady Duckworth. With Lady Esher, they were received by Queen Mary and they told her that to prove their real knowledge of cookery they had fashioned the most wonderful plum pudding in England.

Although the Queen is seldom facetious, she smilingly commanded that they permit her to share in the pudding. The royal interest in the cooking classes is a very deep and serious one, however. It is significant of the growing tendency of the royal family to foster measures for the uplift and aid of the poor. This tendency has been manifest for many months and Queen Mary, shrewd as well as great hearted, is said to realize that to be loved by the working classes is worth working hard.

NEARLY FIVE THOUSAND AUTOMOBILES IN B. C.

All Licenses Expire Dec. 31st—Renewals Must Be Obtained for 1913. Nanaimo, Jan. 3.—All motor licenses in British Columbia expire on December 31st, and it is necessary applications be made this month for renewals in order for owners of autos to be legally entitled to operate their cars.

The Provincial government is using a new plate for the renewal licenses so that the police can see at a glance whether the drivers have complied with the law by paying the \$10 license demanded yearly. There are at present 4,896 automobiles in British Columbia, out of which number 192 are owned in Nanaimo.

HUDSON BAY COMPANY AGAIN DOING BUSINESS

Since the Recent Fire at Hazelton Temporary Premises Have Been Secured. A. Basset, the Hudson's Bay Company's general manager for British Columbia is in Hazelton, preparing a report on conditions as affecting the company's business. Since the recent fire Manager Graham and his staff have been carrying on business in the premises opposite the company's property, and it is probable that these temporary quarters will be retained until the company's policy for the Hazelton district is decided upon.

JOHNNY THOMPSON LOOMS UP AGAIN

Would Fight Papke for Money, Chalk or Marbles—Expects to Win. Chicago, Jan. 3.—"So Billy Papke says he's champion, eh? How about the trimming I gave him over in Australia?" Thus remarked Cyclone Johnny Thompson, who is here today from Sycamore, where he is general manager of a chicken ranch. He says he wants to fight. "Whom?" he was asked. "Why, Papke," said Johnny. "I'll battle for money, marbles or chalk, and when I get through with the so-called 'thunderbolt' he will look like a mild spring rain."

OWNER OF SAWMILL CAUGHT IN MACHINERY

F. C. Tingley of Masset Had a Narrow Escape from Losing His Life. Masset, Jan. 2.—While F. C. Tingley was oiling the machinery at his mill at the head of Main Street, his clothing in some manner caught and started to wind him up among the machinery. Luckily the clothing tore in time to save its owner from more serious injuries than a torn ear, battered head and lacerated and bruised limbs.

Strike Lasts Three Days

South Wellington, Jan. 2.—The shaftmen employed at the Pacific Coast Coal Company, Ltd., returned to work this afternoon, their demands having been acceded to in full. The strike lasted only three days. Find it through a Daily News "Want Ad."

CYCLONE SCOTT WOULD FIGHT 'KID' OLIVEN

Willing to Take On any Welter or Middleweight Boxer in Northern B.C. The sporting editor of the "News" is in receipt of a letter from "Cyclone Scott," of Vancouver, in which he announces that he is willing to box any welter or middleweight in the northern country, Kid Olmen preferred. Cyclone claims the 145 pound championship of Canada. An acceptance of the challenge through the Daily News or a letter to the Irving Hotel, Vancouver, will be received with pleasure.

BAYLEY MATCHED TO FIGHT WITH MOORE

Champion Will Meet Fighting Miner a Week from Today—Concedes Six Pounds. Joe Bayley, the lightweight champion boxer of Canada, will next be seen in action at Nanaimo on Monday, January 13th, when he will meet Tom Moore. Morris Condon, Bayley's manager, has had the match in sight for some days and he closed a verbal contract on hearing that the contest with Good was off.

The champion will meet the fighting miner in a fifteen round argument under practically the same conditions as Moore fought Sammy Good of Vancouver recently, a draw decision being called for if both boys are on their feet at the expiration of the fifteen rounds. The boys will weigh in at 5 o'clock, Moore at 135 pounds and Bayley at 133. This will mean that the champion will be giving away at least five or six pounds.

Good will be at the ringside in company with his manager, Billy Wolton, to challenge the winner. MANAGERS OF THE BIG LEAGUE TEAMS FOR 1913. National League: Cincinnati—Joe Tinker. New York—J. McGraw. Chicago—Johnny Evers. Pittsburgh—Fred Clarke. St. Louis—Miller Huggins. Philadelphia—Charlie Doolin. Boston—George Stallings. Brooklyn—Bill Dahlen. American League: Boston—Jake Stahl. New York—Frank Chance. Cleveland—Geo. Birmingham. Chicago—Jimmy Callahan. Washington—Clark Griffith. St. Louis—George Stoval. Detroit—Hugh Jennings. Philadelphia—Connie Mack. Chance has not yet signed.

Different Football Rules in 1913.

Toronto, Jan. 3.—Last year an earnest attempt was made to make uniform the playing of the various rugby unions, and the games during the season were played under the same code. This year it will be different—and the football public will have to carry a chart with them to the games to understand the rules. The interprovincial delegates in annual session decided to stand by the code that prevailed last season, but the intercollegiate made a number of changes, including the adoption of a five yard rule for a fair catch and the reduction of the score for unearned touchdowns from five points to three.

The Big Issue of the Municipal Campaign

The real issue before the electors of Prince Rupert in the present campaign is whether or not we will elect a mayor who can carry on a progressive policy of city development. Such a man must have not only initiative and legislative ability and a creditable business reputation but he must have the confidence of the people. With these qualities and the support of a representative and meritorious Council Prince Rupert's Mayor would be equipped to start the city on a new era of prosperity.

Prince Rupert needs many things, but that which will contribute most to her prosperity and advancement at this period of her history are public works and local improvements. The reason is evident to anyone who gives it a moment's thought. We have here a large floating population of laborers without any permanent occupation. There are few established industries. Works of construction are practically our only labor market, and to these the laborers have to look for employment. The prosperity of the town depends largely upon the pay roll of these works. Prince Rupert needs these public works, not only to give her population employment, but to prepare the city for the rapid growth which is due in the immediate future.

Public works require careful planning, economic management and an executive head. But a still more important necessity is money, and a lot of it. Getting the money is a point in municipal legislation not usually given much consideration by the public. To the average man who believes in the credit of his own city it looks easy, but as a matter of fact it is the biggest problem of them all. In order to raise money a city council must first get the sanction of the property owners through their ballot. House holders and license holders may demand these public works, but after all it is only the property owners who can pass the bylaw to raise the money. If the property holders say nay then there are no public works. Having received the assent of the property holders the City Council then offers its debentures to the financial corporations who have the money. Before a man or a company lends a hundred thousand or a million dollars they naturally look up the record of the applicant. If the city is not too heavily in debt; if it looks prosperous; if it is not wasting its revenue; if it has an internal feeling of confidence and harmony, the money will probably be forthcoming at current rates, but if there is the slightest doubt on any of these points the door of the money vault is closed, for money is the most timid thing in the world. A word of warning from a chief officer in a bank having a branch in the city, or in the case of Prince Rupert, a word from the head of the Grand Trunk Pacific Railway Company would temporarily kill the credit of the city. Without money there will be no work.

Thus a mayor and his council must first have the confidence of the property owners and then the confidence of the money market. The year 1912 gave us an illustration of a mayor who had neither. All the bylaws he submitted to a vote were defeated, and he had little or no success in selling the debentures which had been passed by the preceding year's council. If it were possible for a mayor to have the unanimous support of every householder and every license holder in the city, and though he prepared ten million dollars' worth of public works, if he did not have the confidence of the property holders and the money market, the city would die of dry rot. That is what is happening to Prince Rupert now. That is the result of having a mayor who is led by the prejudice of his passions, whose bitterness and vindictiveness has severed him from one political ally after another and who has shown pitiful incompetency in office. It will indeed take an energetic and astute business man to pull Prince Rupert out of the financial chaos and the business stagnation in which one year of Newton has put her.

**MUCH EXCITEMENT AT
ROYAL HOTEL LAST NIGHT**

House Filled with Smoke and Guests Are Alarmed—Little Damage Was Done.

There was considerable excitement amongst the guests at the Royal Hotel at 2 o'clock this morning when it was discovered that the house was full of smoke. An alarm was turned in and the fire brigade was promptly on the scene. It was found on investigation that the smoke was caused from the burning out of an electric motor which operates the automatic cold storage plant in Frizzell's meat market. Fortunately no serious damage was done. As a result of the fire there will be a big sale of smoked meats at Frizzell's.

LOCAL NEWS ITEMS

A. R. McDonald, one of the earliest of the settlers in the Hazelton district, and a well known northern man, arrived on the train from the Interior yesterday.

R. G. Cunningham, the pioneer merchant of Port Essington, arrived in the city yesterday, and is registered at the Central Hotel.

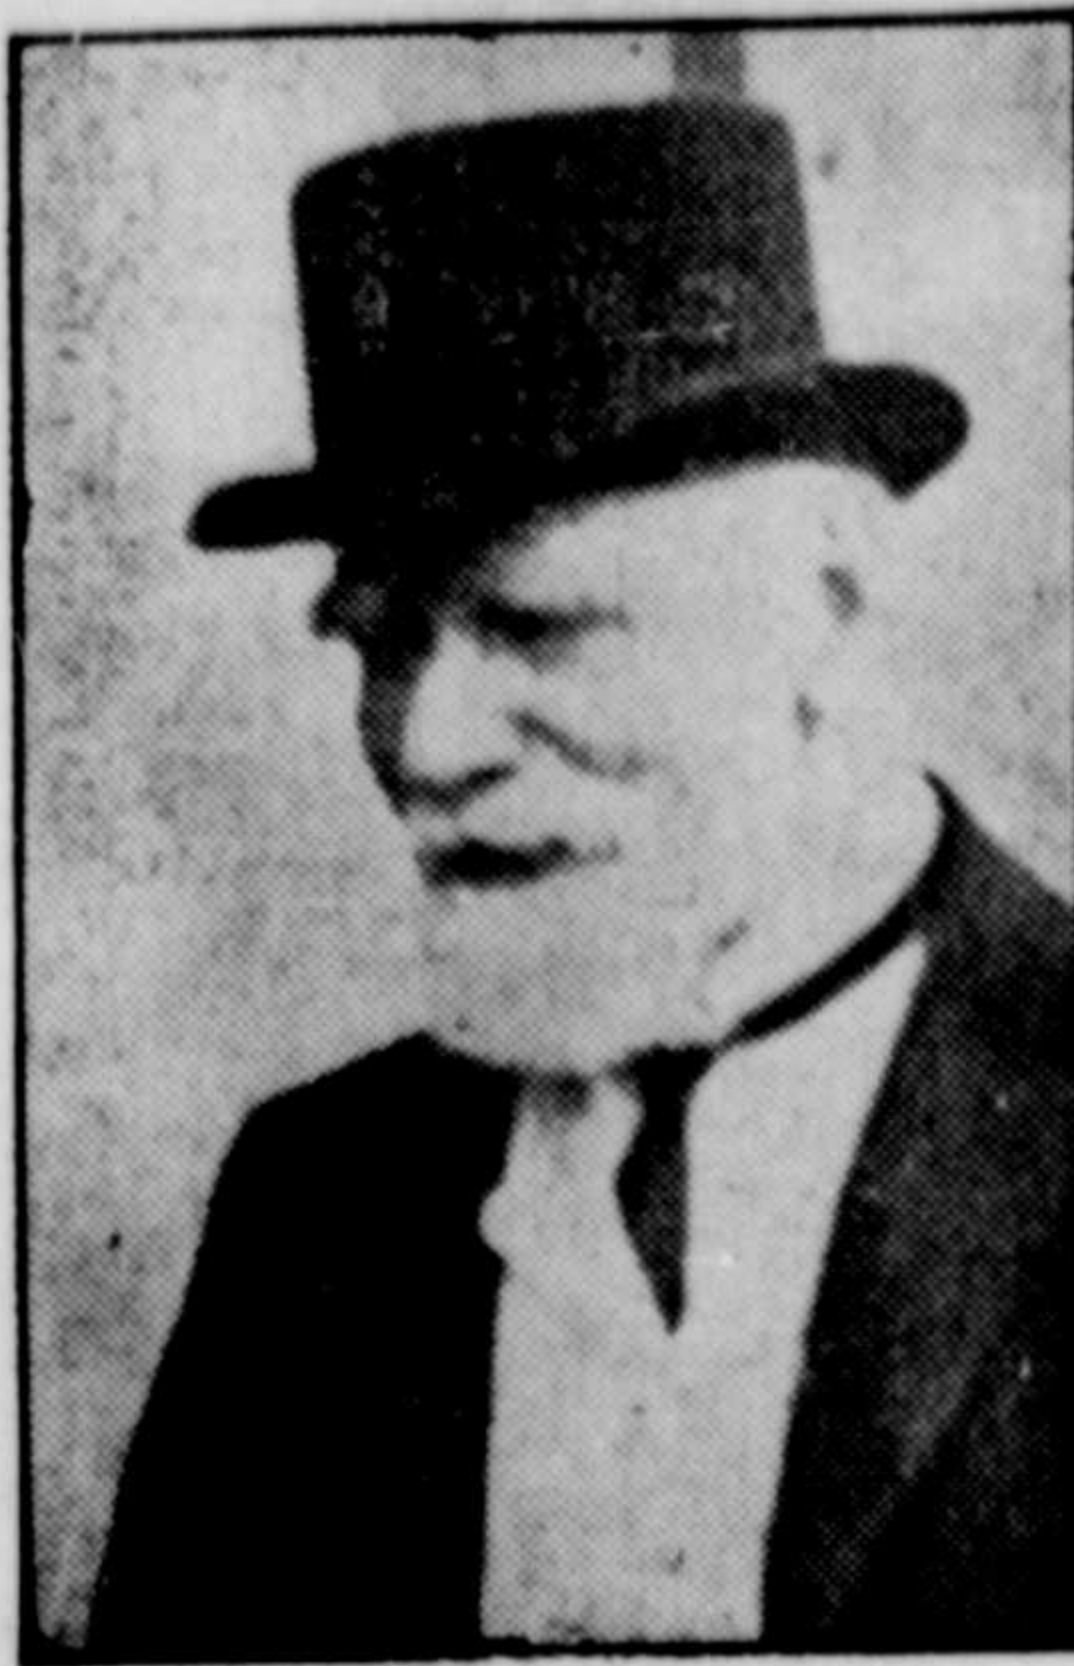

The Royal Bank of Canada has established a branch at Fort George.

Vancouver capital has been secured to build and operate a refrigerator factory at Kamloops.

PATTULLO FOR MAYOR

To the Electors of the City of Prince Rupert:

I respectfully solicit your vote and influence for a clean, sane, common sense and progressive administration of city affairs.

T. D. PATTULLO,
Candidate for Mayor

COMMITTEE ROOMS OPEN

The committee rooms in the interests of T. D. Pattullo are open every evening. All interested in the election of Mr. Pattullo as mayor for 1913 are requested to meet in the rooms for the purpose of furthering plans for the campaign. The rooms are in the Hart Block, on Third avenue, next door to the Bank of Montreal.

**FOR ALDERMAN
WARD ONE**

M. P. McCaffery

High Wages Progressiveness Efficiency

To the Electors of Ward Two

LADIES AND GENTLEMEN:

I beg to announce that I have decided to be a candidate for the above ward at the forthcoming election in the hope that you will honor me with the privilege of serving you on the incoming council.

Thanking you in anticipation for your hearty support, I am sincerely yours,

G. W. NICKERSON.

**FIRE DEPT. EMPLOYEE
TENDERS RESIGNATION**

"Jimmy" Gibson Will Have Care of Lighthouse at Holland Rock.

James Gibson, who has been a member of the city fire brigade since the earliest days of its inception, resigned his position on the first of the year to accept that of lighthouse keeper at Holland Rock. He has gone over to assume his new duties, the work of installing the light being almost completed. "Jimmy" Gibson, who has been driver of the big motor fire truck since its arrival, has been a most efficient and competent city employee and is immensely popular with everyone. His ability as an entertainer has been demonstrated on several occasions when he has appeared in amateur performances at the Westholme Opera House. He will be greatly missed amongst his numerous friends in the city.

Delivery Wagon Smashed.

This morning at about 10 o'clock a delivery wagon belonging to the Prince Rupert Fish & Cold Storage Co. was smashed up pretty badly and at present is piled up alongside a telegraph pole opposite the real estate office of H. F. McTae & Co. on Second avenue. The trouble was caused by the horse attached to the rig becoming unmanageable and bolting at top speed along the avenue until its career was checked by bumping into the curb. The wagon was completely turned over. The horse, which is a late importation from the prairie, appears to be somewhat of the bucking broncho variety and has caused the lad who has been driving it much perturbation during the last week or so. Neither the horse nor the driver were injured.

It is definitely announced by the fiscal agents of the company, Messrs. Harrison, Gamble & Co., that the sale of lots on the new suburb of Prince Rupert, Port Edward, will be opened on February 17th next. A fine blue print map of the entire townsite at present laid out can be seen at the offices of the Port Edward Townsite Co., Ltd., in the Hyde Block, opposite the post office.

TUG CHIEFTAIN ARRIVES

The tug Chieftain arrived in port on Saturday with another large shipment of lumber for the David W. Lester Lumber Co., Ltd. She experienced a pretty rough time crossing the sound during the storm on New Year's Day and for a time the captain says he did not know whether he was going forward or backward. However, he weathered it out alright and brought his big tow safely into dock.
