QUEEN CHARLOTTE ISLANDERS UP IN ARMS OVER MAIL SERVICE

LARGE DEPUTATION CAME OVER ON ALBERT LAST NIGHT ON THEIR WAY TO VANCOUVER AND VICTORIA.

It was the last straw that broke the camel's back when the Prince Albert, which had been anxiously awaited for three weeks, arrived at Masset last Saturday morning with no mail aboard. Settlers from distant parts of the island had gathered in the little pioneer town in great numbers, all on the same mission. The hope of receiving letters from home for the joyful Christmas season had caused many a man to mush forty or fifty miles in some cases over almost impassable trails, others making the arduous trip in gasoline, sail and row boats, Christmas and New Year past and gone, and the 10th of January reached and not a line from the folks at home. Then the Albert at last hovered in sight and excitement was at fever pitch and all their hardships and privations were for the moment forgotten in the glorious expectancy of receiving a letter marking the advent of the festive season. But all their hopes were to be cast to the ground, when it transpired that for some reason at that time inexplicable there was not a letter on board of any description for anyone. There was almost a riot. Within a short space of time, whilst the boat was unloading at the dock, a petition was circulated and signed by over two hundred of the settlers assembled in the little burg remonstrating against the absolute inadequacy of the mail and passenger service. Copies of this petition are being forwarded immediately to the Postmaster-General and Mr. H. S. Clements, M.P., the member for the district in the Dominion House.

It was just seven o'clock last evening when the Prince Albert touched the dock with seventy-five irate and excited passengers from the island city abroad; and their tempers were in no way assuaged, upon finding no one on the wharf to greet their arrival, not even a hotel porter being in sight. Evidently the local hostilities did not expect such an influx. Upon regaining their speech, after the shock of discovering there was no mail on board the Albert for them, and getting the petition circulated and fixed up, a large contingent of them decided to hie them over to Prince Rupert and see what was doing anyway. A good many will proceed on to Victoria and Vancouver for a short visit, a special delegation intending to call upon Supt. C. H. Nicholson, of the G.T.P. steamship service, and Post Office Inspector Fletcher in regard to the unsatisfactory state of the mail service.

THREATENING LETTER TO PREMIER M'BRIDE

Reported He Has Been Threatened With His Life—Probably the Work of an Unbalanced Mind

(Special to Daily News.)

Vancouver, Jan. 12.—It is reported here that Sir Richard McBride has received a letter threatening his life. It is believed the letter is the work of someone whose mind is unbalanced, and but little attention is to be given to it, as it is not considered very seriously.

TRAWLERS ARE REPORTED

Vancouver, Jan. 10.—The trawlers George E. Foster and Andrew Kelly arrived at San Francisco yesterday on their way to Prince Rupert, where they will enter the service of the Canadian Fish and Cold Storage Company. The little vessels are from Beverly, England.

VACILLATING AS THE WIND MAYOR AGAIN IN THE RUNNING

At the Eleventh Hour Mayor Newton Again Puts Himself in the Contest for the Mayoralty---May Yet Pull Out of Both Contests to Save Himself from Ignominious Defeat

The civic nominations for mayor, aldermen and school trustees closed at the city hall today at 2 o'clock.

Notwithstanding that a week ago today Mayor Newton came out and positively stated that he would not be a candidate for the mayoralty, he has had himself nominated, apparently under the impression that he can play football with the electors just as he does with the city finances. Political faking is a habit with him. When asked by The News whether or not it was his intention to stay in the field, his only answer was that he would decide that matter before 5 o'clock on Tuesday, which he must do, according to law. This is one instance where Mayor Newton will live up to his platform of "a strict enforcement of the law."

The only other candidate for the mayoralty is T. D. Pattullo, who will in all probability be elected by acclamation.

Following is a complete list of the nominations, together with the property qualifications of each candidate:

Mayor.

Pattullo, Thos. Duff; proposed by J. A. Kirkpatrick; F. Stork, seconder. Lots 23 and 24, Block 25, Section 6.

Newton, Seville Martineau; proposed by W. J. McCutcheon, H. Hoffman, seconder. Lot 5, Block 6, Section 7; Lots 13 and 14, Block 47, Section 7; Lots 35 and 36, Block 34, Section 8.

Aldermen, Ward 1.

McCaffery, M. P.; proposed by Jos. Rowat; J. G. Scott, seconder. Lot 7, Block 33, Section 1.

McLauchlan, Peter; proposed by T. J. Davidson; Malcolm McLeod, seconder. Lot 41, Block 27, Section 1.

Montgomery, W. H.; proposed by H. Hamilton; W. Thain, seconder. Lot 10, Block 39, Section 5; Lots 3 and 4, Block 28, Section 8.

Kerr, G. W.; proposed by M. O'Reilly; J. A. Munro, seconder. Lot 14, Block 14, Section 5.

Leek, G.; proposed by F. Stork; G. J. Frizzell, seconder. Lots 29 and 30, Block 13, Section 8.

Morrissey, D. H.; proposed by H. O. Richer; H. McEachern, seconder. Lot 4, Block 16, Section 5.

Aldermen, Ward 2.

Allison, A. H.; proposed by W. S. Sweet; O. H. Nelson, seconder. Lot 42, Block 34, Section 1.

Douglas, H.; proposed by J. H. Thompson; J. Russell, seconder. Lots 5 and 6, Block 50, Section 7; Lots 25 and 26, Block 16, Section 8.

Maitland, T. R.; proposed by H. O. Richer; P. J. Gibbons, seconder. Lot 11, Block 17, Section 7.

Naden, G. R.; proposed by J. H. Thompson; Florence M. Dawson, seconder. Lots 14 to 17, Block 17, Section 8.

Nickerson, G. W.; proposed by A. M. Manson; G. H. Munroe, seconder. Lot 11, Block 29, Section 1.

Sutherland, D.; proposed by F. G. Dawson; W. F. Cameron, seconder. Lots 50 and 51, Block 46, Section 8.

Lannic, F. M.; proposed by D. Morrison; G. Sutherland, seconder. Lot 17, Block 5, Section 5.

Bullock-Webster, L.; proposed by E. O. Richell; A. W. Edge, seconder. Lots 1 and 2, Block 9, Section 7.

Sibbald, William; proposed by D. W. Morrissey; A. J. Prudhomme, seconder. Lot 29, Block 28, Section 6.

Newton, Seville Martineau, proposed by J. Dybhavn; T. Maitland, seconder. Lot 5, Block 6, Section 7; Lots 13 and 14, Block 47, Section 7; Lots 35 and 36, Block 34, Section 8.

Dybhavn, John; proposed by Olaf Hanson; John Sangar Johnson, seconder. Undivided half interest in Lot 21, Block 27, Section 6.

TIPS ON CIVIC POLITICS.

Beware the man with the tear stained talk!

Prince Rupert cannot afford to elect funny men, watchdogs, trouble makers or agitators on this year's council. She needs a business council who will put business methods into the city departments.

No workman who wants to give his employer a square deal need be afraid for one minute of the treatment he will receive on city work under the management of T. D. Pattullo. Workmen will get a squarer deal than they ever had before.

Newton says the mayor's job gave him many splitting headaches. His efforts gave most of the ratepayers a pain, too.

There is concerted action on the part of Newtonism and the ultra labor agitators to get control of this year's council. You have already been told by Newton that he knows that he would be a failure as mayor, for he could get no money. Has the city any chance then of getting the money if he and his agitators have control of the council?

With tottering steps and trickling tears, Newton, the political fakir, promises the electors of Ward 2 that he will be a good little boy. Behind that mask he is figuring how easy they are.

Retaining walls at 60 cents a yard! This same work under better conditions in the Province of Quebec, where labor is half the price it is here, costs \$1.50 a yard.

While juggling the costs reflects upon the engineer, it must not be supposed that it is done for any personal motive he might have. The juggling is for the benefit of the Mayor and Aldermen who want to deceive you into believing you are getting an efficient administration, when, as a matter of fact, you are getting a very raw deal. Prince Rupert must have efficiency and a cost system in order to get value received for her money.

School Trustees.

Macdonald, Simon Donald; proposed by G. W. Kerr; Frank E. Cullin, seconder.

Ellis, F. A.; proposed by E. H. Shockley; T. Silverside, seconder. Kirkpatrick, J. A.; proposed by F. H. Mobley; D. G. Stewart, seconder.

Nelson, O. H.; proposed by D. G. Stewart; J. L. Mitchell, seconder. Thompson, J. H.; proposed by D. G. Stewart; F. Peters, seconder.

Shaw, W.; proposed by W. H. Montgomery; F. M. Lannic, seconder.

Returning Officer—Harry W. Birch. Deputy Returning Officers—T. Barnes, D. O. Keyser, J. Lawrenson, G. Sutherland, F. Salter, W. Dagnell.

Board of Trade.

The general monthly meeting of the Prince Rupert Board of Trade will be held in the city hall this evening at 8 o'clock sharp for the transaction of special business. On account of the meeting in the interests of Mr. T. D. Pattullo and the candidates supporting him in Ward 2, it is probable the Board of Trade will adjourn to a later date.

Testing Fire Alarms

Numerous tests of the new Gamevell fire alarm system now being installed will be made today, probably about seven o'clock this evening. Citizens will take notice, therefore, that the frequent sounding of alarms tonight will not be notification of fire.

Men's and women's Hockey Boots. A shipment will arrive on Wednesday's boat. 10

Skating at Shawatlans.

Although skating on Morse Creek has been strictly prohibited by the order of the City Health department, several youngsters, together with a few intrepid grown ups, finding that their exuberant enthusiasm for the fascinating sport overcame all scruples about breaking the law, took a chance yesterday and had a spin around for a brief period. The police, who visited the pond off and on during the day, wherever possible enforced the enactment of the law. Today word has been received that excellent skating is to be had at Shawatlans Lake, the ice being said to be perfect, and doubtless if the present cold snap keeps up numberless excursions will be made over there to enjoy this delightful winter pastime.

A supply of men's and women's Boots will arrive by Wednesday's boat. Renworth & Jefferson. 10

In the case of the three men charged with stealing the sum of \$25 from the person of Neil McNab at the Knox Hotel on Friday last, after taking a considerable amount of evidence this morning in the police court, Magistrate Carss adjourned the case until tomorrow.

AN INTERESTING ROMANCE CULMINATES IN WEDDING

MISS EDENSHAW OF MASSET, TALENTED INDIAN MAIDEN, IS UNITED IN MARRIAGE TO FREDERICK NASH—TWO HUNDRED INDIANS AND WHITES ENJOY WEDDING FEAST.

On Friday afternoon last at the Anglican mission at Masset, by the Rev. "Father" W. Hogan, was celebrated the marriage of Frederick Nash of the well known firm of land surveyors, Brownlee, Nash & Davidson, and Josephine, eldest daughter of Henry Edenshaw, probably the best known representative of the Indian race living at the present time on the Pacific slope.

The wedding of these two young people is the culmination of a very pretty little romance that has grown out of an early attachment that was begun some seven years ago when the two first met. Mr. Nash has been identified with the islands for some years, where he has been following his profession of surveyor. The bride, a full blooded Indian, is a direct descendant of the famous chiefs of the Haida Indians, who for many generations were the veritable Vikings of these northern waters. All the subsidiary tribes paid tribute to them, and the British governor of the then Crown colony of British Columbia treated with them with the due respect becoming their high estate. Educated at the white girl's school at Metlakatla, where, after graduating, she filled the position of teacher, the bride is a highly talented and accomplished young lady. Of Henry Edenshaw, her father, who is an educated Christian and who has led the life of a white man, a volume could be written, he being a most remarkable man in many ways, whose wonderful personality has exercised a strong influence upon the lives of the Haida Indians during the last generation.

After the wedding ceremony a grand feast was held in the Indian town hall, at which nearly two hundred white people and Indians sat down. The place of honor as master of ceremonies was occupied by old Chief Harry Weha, a descendant of a great rival tribe of the Haidas, who waged war continually for generations against that of which the Edenshaws were the heads. Henry Edenshaw delivered a speech both in English and Haida, in which he said that he was a

BAPTIST CONGREGATION TO BUILD CHURCH

After numerous meetings of the board of trustees of the First Baptist Church and after a careful consideration of plans, it has been decided to proceed at once with the building of a new church at the corner of Fifth avenue and Young street. The congregation is fortunate in securing such a desirable site for their church. Tenders are now being advertised for.

WAS NOT NOMINATED.

It was rumored on the street this morning that Mayor Newton would be a candidate for school trustee as well as for alderman and mayor. It was disappointing, however, on carefully scanning the list of nominations for the school board to find that his name did not appear. It must have been an oversight, as the Mayor is evidently grasping at every possible straw to at least "show" in the race.

LIBERAL ASSOCIATION.

The annual meeting of the Prince Rupert Liberal Association, for the purpose of electing officers, will be held on the evening of Thursday, Jan. 23rd, 1913, in the K. of P. Hall, Helgerson Block. 3071f P. W. ANDERSON, Sec.-Treas.

Newton On Franchises

On Friday night you electors of Ward 2 saw Mayor Newton, the political fakir, work himself into an hysterical screech over how he saved the city franchises from the clutches of the P. R. Hydro-Electric Power Co. and from some mysterious street railway company. You know that neither he nor his council had power to give franchises to anybody, but you do not know how this same Newton advised Prince Rupert, in the days before incorporation, to make terms with the B. C. Telephone Co., the worst monopoly in the country. When charged with this attempted betrayal of the people's interests he says he may have forgotten. This failing memory is only another fake, for if he looked up his newspaper files he would find this statement in his editorial column:

"IF THE B. C. TELEPHONE CO. COULD SEE IT TO THEIR INTEREST TO MEET THE CITIZENS AND ACQUIRE IN ANY REASONABLE SOLUTION OF THE SITUATION, THERE IS LITTLE DOUBT ITS FUTURE INTERESTS WOULD BE VERY MATERIALLY BRIGHTENED."

At that time the citizens were fighting to keep this company out of the city at all costs.

What do you think of the man who wants to be your franchise watchdog?

Editorial Notes and Clippings

NOT TO BE TAKEN LITERALLY.

A despatch from Vancouver today states that Sir Richard McBride, premier of British Columbia, has received a letter threatening his life. The letter, of course, is not to be taken literally. Sir Richard and his government, by their autocratic methods are killing themselves, politically.

MAYOR NEWTON AND THE CITY'S CREDIT.

At the public meeting in the Empress Theatre on Friday night Mayor Newton made the statement that the character of the men in the city council had nothing whatever to do with the success of the city in borrowing money to carry on its public works and that the security the city had to offer is the only consideration. The opinion of that great wizard of finance hardly agrees with the recent testimony of J. Pierpont Morgan before the money trust committee, who says that in lending money the character of the borrower counts before the collateral security. Commercial credit, he says, is based upon character, not primarily upon money or security. A man with character and nothing else can get all the credit he wants. "A man I do not trust could not get money from me on all the bonds in Christendom."

FAKING THE FIGURES.

Juggling cost prices is not confined to one piece of city work. You could probably find more or less of it in every piece of work done under the present system. For instance, take the grading contract on the lane between Second and Third avenues from Fourth to Eighth streets. The engineer's

report, which Mayor Newton published as a statement showing costs, shows this work to have consisted of 10,422 cubic yards of excavation at a total cost of \$27,743.13. The cost of 7,858 cubic yards of rock excavation is given at \$3.10 a yard and of 2,564 yards of earth at 80 cents per yard. Then a charge is made for 8,351 yards of overhaul at 15 cents a yard. This is where the juggle comes in. Now, if a contractor were given that job, and this is the only reasonable basis of comparison we have, he would have to take all rock 1,000 feet from the cut free of charge. Over that distance he is allowed 1 cent per yard for every hundred feet of overhaul. Everybody knows that on that piece of work the rock which was not used for filling the lane itself went into the hole at the corner of Third and McBride, excepting a small portion which was used for finishing the streets nearer by. Granting that the engineer's figures for the amount overhauled are correct, although the percentage seems very high, the most liberal measurement will only allow six or seven hundred feet overhaul. That one item alone, if properly charged, would add 8 or 10 cents per yard, to the cost of excavation. There may be other items such as dynamite and plant which have not been charged to the work, for there is nothing to show that they were or were not. It is safe to say that any contractor would have jumped at the chance to take that job at \$2.50 per yard for rock, paying 45 cents an hour for wages. That would have saved the city at least four or five thousand dollars which could have been spent on some other work. Is that efficiency?

TWENTY-EIGHT ARMORED SHIPS BUILDING IN GREAT BRITAIN

THE PRESENT YEAR TO BE A RECORD ONE FOR SHIPBUILDING—PRICE OF SHIPS RISING FASTER THAN REAL ESTATE IN THE WEST

London, Jan. 8.—The present year will see a record in British warship building. The naval dockyards and great shipbuilding firms have already twelve battle ships and battleship cruisers in hand for the navy apart from vessels nearly completed. In addition there are six battleships or battleship cruisers building in England for foreign powers. If ten new ships are ordered this year, as is expected, there will be twenty-eight armored ships of the largest size building in this country with a displacement of over 650,000 tons. The completion of this enormous fleet with speed will demand most careful organization. It is rumored that there must be serious delays in construction. Already the recent British programmes are heavily in arrears. The difficulty which confronts both dockyards and private firms is to obtain the skilled labor required for ship construction. There is an insufficiency of workers at the dockyards, where day and night shifts, as well as overtime, are being worked. All indications suggest that the Ad-

miralty will have to revise its calculations that the largest battleship can be built in two years. Cardiff shipowners are rejoicing in prosperous times. It is estimated that 500 vessels which belong to that port earned a clear profit of nearly \$2,500,000 in 1912. Besides these, Evan Thomas, Radcliffe and Company with 30 vessels, made a profit of \$1,500,000; W. J. Tatem & Company, with 20 steamers, a profit of \$1,055,000; and W. and C. T. Jones, Limited, with 11 ships made a profit of \$340,000. There is every likelihood that the flourishing conditions in English shipping industry will continue. One shipowner has refused an offer of \$120,000 for a steamer of about 4,800 tons deadweight which he bought three years ago for \$85,000. A steamer of 6000 tons which cost \$150,000 was completed not long ago and on an average made profit of \$500 a day. Mr. P. I. Palmer has gone on an extended visit to Eastern Canada and the United States. He expects to be away for about two months.

CALL LLOYD-GEORGE SOME HARD NAMES

Disgruntled Doctors Heap Epithets on Unpopular Chancellor

London, Jan. 11.—Mr. Lloyd-George should by this time be accustomed to hearing himself called hard names by his political opponents but it is doubtful if any British politician has ever been so vehemently denounced at a public meeting in this country as was the chancellor of the exchequer yesterday by 1800 doctors who refused to form the Insurance Act panels. All the oratory was of a fiery character, the following being a list of some of the epithets applied to the chancellor and his methods: "Moral Leper," "Malign Comet," "Arch Opponent of the Medical Profession," "Judas Iscariot," "Traitor," "Canting and Cunning Unequaled by Uriah Heep," "Methods of Bludgeon, Bribery and Corruption," and "Policy of Falsehood."

TWELVE STARS OF THE GAME

Noted Baseball Expert Names Men and Gives His Reasons. A well known baseball expert hands out the following: Cobb of Detroit—For his great batting and running and the unexpected things he is always pulling off.

Wagner of Pittsburgh—For his superb fielding and to watch the awkward and peculiar manner in which he handles himself upon the field.

Mathewson of New York—For the master pitching, his superb control and cool head. McGraw of New York—For the way he handles his club, his deaf and dumb conversation on the coaching line and his arguments with umpires.

Lajoie of Cleveland—For his hard hitting, but more perhaps for his graceful style of fielding, by which he makes the most difficult of plays look easy.

Johnson of Washington—For his great speed that he employs with so little apparent effort; also for his pleasing personality.

Wash of Chicago—For his extreme skill in the use of the spitball, his at all times heady work and his ability to pitch day in day out.

Evers-Tinker of Chicago—For their smooth play and ability to make double plays; also for their everlasting "erabbiness" with the umpires.

Jennings of Detroit—For his antics upon the coaching line, the noise and life he puts into the game and his unfailing optimism whatever the score.

Speaker of Boston—For his great hitting and throwing ability as much as his beautiful style and easy way of handling himself.

Wood of Boston—For his youthfulness and extreme speed, from which he derives his nickname of "Smoky Joe."

Bescher of Cincinnati—For his wonderful ability in getting upon the bases and for his running once he is on.

STANDING OF THE SCOTTISH LEAGUE

Table with columns: Club, P, W, L, D, Goals For, Goals Against. Clubs listed include Celtic, Rangers, Falkirk, Aberdeen, etc.

In the Scottish League last week's games have put the Gerties in a lead of five points for following up their victory on New Year's Day against the Rangers, they defeated Clyde on Thursday in ridiculous style by 9-0 and on Saturday got two more points from Partick Thistle. The Rangers won in a tall scoring game with the Hibernians by 5-3 and Falkirk advanced into third place by drawing Dundee as the Hearts were not playing on New Year's Day.

Airdrieonians just got the odd goal in seven in a strenuous game with Queen's Park, who seem to be very unfortunate in losing so many games by a single goal. Kilmarnock surprised Morton that their own ground and came away with two points. Motherwell beat St. Mirren, but Raith and Third Lanark each played goalless games with Aberdeen and Hamilton.

POSTED TWO DRAY LOADS OF BRICKS

One Thousand of Them Lamed Postmaster and Clerks at Gary, Indiana. Gary, Ind., Jan. 8.—Every employee of the Gary post office has sore arms today as a result of the parcels post, and Postmaster John W. Call and Chief Clerk Joseph Tracey are carrying their arms around in bandages.

Today two big dray wagons backed up to the post office and unloaded 1,000 heavy paving bricks, each one a separate stamped parcel. The bricks are samples being mailed by W. P. F. Parry, a brick dealer, and he found that he could send the bricks cheaper by parcels post.

The postmaster and his assistants spent most of the day carrying the 6,000 pounds of bricks into the post office to be ready for the first outgoing postal parcels mail.

WORLD'S SERIES COIN

Fielder Jones Thinks Players' Share Should Be Added to Fund. Portland, Ore., Jan. 8.—Fielder Jones, who at one time was the manager of the Chicago White Sox, and is now the president of the Northwestern League, believes that the players' share of the world's series money should go into a common fund to take care of broken down players.

He states that this should be one of the first things the Players' Protective Association should take up. Jones shared in a big heap of money in 1906, when his club got 4 in on the winner's end of \$33,401.70, besides a bonus by President Comiskey of \$15,000.

Jones brought up the subject when he was asked what he thought of Garry Hermann's proposition of rewarding each of the winning players with \$1,000 each and each of the losers with \$750, and then dividing the rest equally among all the other major league players.

CHICAGO CUBS FORCED ON WATER WAGON Owner Charley Murphy Has Announced That All His Men Must Climb Aboard. Chicago, Jan. 10.—According to a law recently laid down by President Murphy of the Chicago National League club, the baseball players of his organization are on the "water wagon" today and hereafter during the 1913 season.

Murphy's edict precipitated heated words from Frank Chance the late manager, who claimed that his players lost no games on account of too frequent tipping. Manager Evers, who succeeds Chance, says the orders of the president must be obeyed.

A Back-Ended Confession. The teacher of the fourth grade, noticing a part of the blackboard covered with small wads of paper, approached the nearest boy and said sternly: "Johnny, did you throw those paper wads on the board?" "No, ma'am," was the timorous reply, "mine didn't stick."—Exchange.

Dust While Snow Fall. Walla Walla, Jan. 11.—The weather man sprung a new one on the valley yesterday—a dust storm in January, with snow on the ground. The storm developed in the southeast about the middle of the afternoon, and cut from view the Milton, Freewater and College place sections, which usually are visible from the observatory building.

Electors of Ward One LADIES AND GENTLEMEN: I am offering myself as a candidate for Ward One at the forthcoming election. I am seeking the position in the hope that I may be of service to the city in the capacity of alderman. My endeavor if elected will be to advance the interests of Prince Rupert in every way possible. Thanking you in anticipation of your vote and influence, I am yours, PETER McLACHLAN.

To the Electors of Ward 2 If you believe that during the past twelve months I have tried to serve you to the best of my ability, I ask for a continuance of the warm support which you gave me last year. L. Bullock-Webster Candidate for Ward 2

Interesting Romance Ends in Wedding

(Continued from Page 1.)

Christian and had always tried to live the life of a white man, and he willingly gave his daughter's future into the keeping of a white man, whom he had known for several years and for whom he and the other Indians of the village had the greatest respect and admiration. The old Chief Weha spoke along the same lines in the language of the Haidas. Magistrate Harrison, who went to the islands as a missionary 31 years ago, spoke both in English and the native tongue, eulogizing both the bride and bridegroom, concluding by referring to the friendly relations that existed between the white men and the Indians, typifying the Haidas as the most advanced Indians on the Pacific Coast.

E. T. Wearmouth acted as best man, whilst the bride's young sister Dorothy made a charming bridesmaid. The young couple, who arrived in the city last evening, are en route to the lower coast cities to spend their honeymoon.

MEETING OF HOSPITAL BOARD IS POSTPONED

At a special meeting of the Hospital Board held last Friday afternoon, it was decided to postpone the annual meeting from the 20th inst., as had been previously arranged, to the 27th of the month. The building committee were instructed to arrange for the installation of the very best type of fire escape in the new wing of the hospital.

Notice.

A meeting of the Northern British Columbia Agricultural and Industrial Association will be held in the city hall, Prince Rupert, on Tuesday, January 28, at 8 o'clock p. m., for the purpose of adopting constitution and bylaws, deciding as to date of holding exhibition and the transaction of general business.

SEVENTY BARS IN ONTARIO WIPED OUT

Local Option Won in Twenty-nine Straight Contests and in Twenty-one Repeals.

Toronto, Jan. 10.—With reports practically all in from local option fights the number of bars to be wiped out by May next remains at seventy. In all, the local optionists won twenty-nine straight contests and twenty-one repeal contests, and got the remainder on a straight vote, or were held up by three-fifths vote. The latest returns show Arthur, Burleigh, McKillop, Exeter, and Oshawa held up by three-fifths vote, and Normandy a straight majority against.

N. W. Rowell, opposition leader, gave the following interview today regarding the local option vote on Monday: "I consider the vote in favor of the bylaws most gratifying and one that indicates an increasing determination upon the part of the electors of this province to get rid of the open bar. It is, however, very disappointing that cities and towns like Peterboro, Sarnia, Lindsay, St. Mary's and others which have voted by substantial majorities against the bar should be compelled to continue the open bar in their midst. It is also very encouraging to find that electors irrespective of party difference went to the polls and voted against the bar, and I venture to again express the hope that in view of the unmistakable trend of public opinion, as shown by the voting of these bylaws, Sir James Whitney will modify the position he has hitherto taken on this matter so vital to the welfare of the people of the province and join us in the approaching session in enacting legislation to abolish the bar throughout the entire province."

The members of the Kaen Island Club gave another of their delightful little dances last Friday, which was attended by a number of the young people of the city. Dancing was kept up until the early hours, a most enjoyable time being had by all.

LARGE PASSENGER LIST ON THE PRINCE ALBERT

Amongst the arrivals from Masset last evening on the Prince Albert were: James Cullins, editor of the Masset Leader; Al. Goulet, a well known resident of the islands, heavily interested in farm and coal lands; Magistrate Harrison and his wife; F. C. Wright and wife, the former being general manager of the Granam Island Coal and Timber Co.; Mr. and Mrs. Frederick Nash, W. L. Barton, coal expert, accompanied by his family; Arthur Robertson, a pioneer land locator, and R. B. Entwistle, a prominent real estate man of the islands. Also returning to their homes in Vancouver and Victoria were about twenty members of the Brownlee-Nash survey party, work being suspended for the next three or four months. All of the above will leave for the south on the first boat.

Funeral This Morning.

The remains of the late Emil Picott, who died suddenly of heart disease at the Knox Hotel last Tuesday afternoon, were interred this morning at Garden Island Cemetery. The funeral service was conducted by the Roman Catholic Church, of which the deceased was a member. A large number of friends, including many old time Klondykers, followed the remains to their last resting place. The funeral arrangements were in charge of Hayner Bros., undertakers.
