PATTULLO ELECTED MAYOR BY LARGE MAJORITY

LARGEST VOTE EVER POLLED IN MUNICIPAL ELECTION IN THE CITY OF PRINCE RUPERT

CANDIDATES ADDRESSED ELECTORS LAST NIGHT

SUCCESSFUL ONES EXPRESSED THANKS TO THOSE WHO SUPPORTED THEM AND DEFEATED CANDIDATES EXTEND FELICITATIONS—MAYOR-ELECT WISHES TO GET DOWN TO HARMONIOUS WORK AT ONCE.

Although the hour was getting late, by the time the election returns were forthcoming last evening a public meeting was hurriedly arranged for at the Westholme Opera House to hear the elected candidates, as well as to give the unsuccessful ones an opportunity to thank their supporters. The house was packed and a particularly beatific atmosphere prevailed. A large number of ladies were present, giving the affair quite a picturesque and gala appearance. Fred Stork, Prince Rupert's first mayor, who occupied the chair, was in his very best form, proving himself to be the right man in the right place upon such an occasion, with congratulations upon the success of the campaign and words of cheer and advice as to the future. Mayor Newton, who had been invited to the platform, was, unfortunately, unable to accept on account of illness, he having been exceedingly unwell all day and not fit to turn out at night.

Mr. Stork said that a splendid day had been brought to a close by the election of Mr. Pattullo as mayor, with a first class council to support him. As far as he was concerned after the battle was over and the smoke had blown away, he believed in burying the past and letting bygones be bygones and all work together for the advancement of their common interests and the general good. The Mayor-elect, Mr. T. D. Pattullo, was given a great ovation upon coming forward to address the electors. He thanked them for the confidence reposed in him. He reaffirmed his pre-election promise, that the 1913 council should be absolutely non-partisan. While he had hoped to see more of the men supporting him returned, yet he felt that he had in the body of men elected a council that would unquestionably all work together in the best interests of the city. He thanked the two newspapers, the Journal

and The Daily News, for supporting him, and also the many individual workers who had so ardently placed their services at his disposal.

Mr. M. P. McCaffery, who headed the poll in Ward 1, was given a rousing reception, and remarked that his great success must have been due to the famous maiden speech he had delivered upon his debut at the Westholme Theatre about a week ago. He thanked the electors most sincerely, his only regret being that his good friend, G. W. Nickerson, had been unsuccessful in being returned.

Alderman Dybhavn, leader of the successful candidates in Ward 2, upon being called upon by Chairman Stork, came forward most modestly and expressed his appreciation of the confidence of the electors in returning him again in such an enviable position as indicating their satisfaction of his past efforts on their behalf. As an independent candidate he was ready to work with whoever was elected the chief executive, concluding by offering his congratulations to Mr. Pattullo.

Alderman Dybhavn, who had been elected Sutherland thanked his supporters most sincerely, reiterating his pre-election promises to do his utmost to help in conducting the affairs of the city in a businesslike and progressive fashion.

G. R. Naden smilingly referred to his great strength amongst the ladies, saying he would in the future always open a campaign by throwing himself unreservedly upon their mercies and he would be sure of election. He congratulated them upon their choice of Mr. Pattullo as mayor.

Alderman Maitland, who was received with great applause, bowed gracefully to the audience, thanking them for the honors again thrust upon him. His only regret was his old friend and col-

NAVAL QUESTION MAY FORCE DISSOLUTION

No Liberal Caucus for a Few Months Yet—Will Sound Feeling of Country

(Special to Daily News.) Ottawa, Jan. 16.—It was reported today at the Liberal headquarters that there will be no caucus on the naval question for a few weeks. Their plan, it is said, is to allow the discussion to go on in the ordinary course and it is figured the debate will last for at least a month. In the meantime the country will be sounded with a view of ascertaining the feelings of the people. If there is sufficient encouragement the Liberals will continue to fight the bill with the idea of precipitating dissolution.

MARINE DEPOT DISCUSSED IN HOUSE OF COMMONS

CONTRACTOR HAS ALREADY RECEIVED \$10,265 IN EXCESS OF CONTRACT PRICE—DEBATE ON NAVAL QUESTION RESUMED.

(Special to Daily News.) Ottawa, Jan. 16.—Among the more important items before the House of Commons today were the resumption of the debate on the navy question by Dr. Edwards (Frontenac), who spoke strongly in favor of the bill. J. H. Burnham, M. P. (Peterboro), introduced his bill for the abolition of titles in Canada.

W. F. MacLean (South York) spoke strongly in favor of making the Supreme Court of Canada the highest court for the interpretation of legislation concerning Canada and Canadians. In his opinion it would strengthen the Supreme Court to make it the last word in the interpretation of

legislation. Many members supported the proposal.

During the questions, Sir Wilfrid Laurier was informed that the contract for the marine depot at Prince Rupert was \$149,000. The contractor had made demand for extras and up to the present time had received \$10,265 in excess of contract price.

PATTULLO ELECTED MAYOR BY SUBSTANTIAL MAJORITY

Defeats Mayor Newton by a Majority of 122 ---Total Vote Polled Was 888---Prince Rupert May Now Expect an Era of Progress and Prosperity

In the comparatively short history of the City of Prince Rupert there has never been a civic election the outcome of which was of more importance to the city than that which was held yesterday, resulting in the election of T. D. Pattullo as mayor for 1913, supported by eight aldermen who will no doubt work harmoniously with him. Mr. Pattullo was elected by the substantial majority of 122, the vote

being 505 for Pattullo and 383 for Newton.

Of the old council four members were re-elected—John Dybhavn, L. Bullock-Webster, George W. Kerr and Thomas Maitland. Those who went down to defeat, besides the Mayor, were H. Douglas, D. W. Morrissey and W. H. Montgomery. Dr. Clayton was the only member of the old council who was not a candidate for re-election.

In Ward 1 M. P. McCaffery headed the poll with 206 votes. Alderman Dybhavn was at the head in Ward 2 with a vote of 306.

Of the six candidates for school trustees, the following were elected: J. A. Kirkpatrick, O. H. Nelson and J. H. Thompson. The first named headed the poll with 457 votes.

Mr. Pattullo has the confidence and support of the electors behind him and with his energy and ability will undoubtedly lead a successful civic administration.

T. D. Pattullo.

T. D. Pattullo, mayor-elect of the City of Prince Rupert, was born in the City of Woodstock, Province of Ontario. Previous to coming to Western Canada in 1897 as secretary to Major Walsh, first commissioner of the Yukon, Mr. Pattullo was editor of the Galt Reformer. He was subsequently appointed assistant gold commissioner at Dawson, from which appointment he resigned to enter into business for himself at Dawson. This business is still maintained, being in charge of his partner, Mr. W. G. Radford. During his residence in Dawson, Mr. Pattullo always took an active interest in politics and was alderman for Dawson for one year. Mr. Pattullo first came to Prince Rupert four years ago, since which he has been one of its greatest boomers. There is

RUSSIA URGES MONGOLIA TO ALLIANCE WITH JAPAN

St. Petersburg, Jan. 15.—Russia is urging Mongolia to negotiate a commercial treaty with Japan, so as to interest Japan in the maintenance of the new condition of things and to counter-balance the efforts of China, which offers to open Mongolia to foreign trade if its sovereignty is restored.

The Novoe Vremya today says that Prince Khanda Van, the foreign minister of the new state of Mongolia and leader of the deputation now in St. Petersburg, is "proving most amenable to all the Russian propositions."

Khanda Van, it is said, has private reasons for hating the Chinese, who are alleged to have poisoned his only son at Peking. Russia, on the other hand, has paid him \$15,000 to compensate him for losses in a cattle deal with a Russian subject five years ago.

The deputation from Urga brought with it a number of Mongolian thrones and other characteristic presents for the Emperor of Russia.

DISASTROUS FIRE AT CALGARY MEAT PLANT DESTROYED

TWENTY THOUSAND CARCASSES OF BEEF BURNED TO ASHES — LOSS AGGREGATES TWO MILLION DOLLARS

Calgary, Alta., Jan. 13.—The most disastrous fire in the history of Western Canada occurred yesterday when the large packing plant of P. Burns & Co. was totally destroyed by fire. The loss, including carcasses in cold storage, will probably be in excess of \$2,000,000.

On account of the low water pressure the fire department was unable to do much work and at a late hour last night the fire was still raging.

The loss is serious in that the local plant was the largest institution of its kind in the west, from which all of the western cities, including Vancouver and Victoria, and the coast cities, drew largely for their meat supply, and butchering occupation may have to be resorted to to prevent a meat famine. The storage plant contained from 15,000 to 20,000 carcasses.

The fire was discovered about 12:30 o'clock Sunday morning. The whole of the basement was in flames, and the packing plant department, augmented by all of the city fire department, was unable to make any headway against the flames. This was due in a measure to the low water pressure and also the ammonia fumes in the basement, which were so strong that the men could not endure them.

Repeatedly the firemen entered the basement, only to be driven back by the overpowering fumes. In a short time the fire had got into the grease-soaked floors of the upper storeys, and when this occurred the water had no effect whatever.

Several of the firemen had narrow escapes from exploding ammonia tanks, but no one was seriously injured. The fire raged furiously all day, and last night little remained of the magnificent plant but charred ruins. Even at the early hours a great crowd congregated in the vicinity of the burning buildings. A large proportion of the police force was called out and a cordon of constables formed to keep back the curious.

Fireman Had Hard Time

The firemen worked under the most trying conditions, drenched to the skin in the biting cold, their clothing freezing despite the proximity of the men to the flames. The office staff did all they could for the men engaged in carrying on the fight, serving hot food and coffee to the firemen when they could snatch a bite. For hours this work kept up, and despite the efforts of the entire department the fire continued to spread from building to building and raged furiously all day and far into the night.

It was hoped that the concrete walls of the main building, in which were stored thousand of carcasses of beef and an immense amount of cured hams, bacon, lard and other products, would offer an effective barrier, but about noon fire broke out in the interior of this building and it was soon a seething caldron. The heat was so intense and the volume of smoke so dense that the efforts of the fire brigade were of little avail.

When the grease-soaked wood work once caught fire, water was of little use in the attempt to quench the flames, and the efforts of the firemen were directed to saving the killing floors,

the bunkhouses and kitchen and a few other small buildings, in which they were successful.

Hydrants are Frozen

A number of the company's hydrants were frozen and handicapped the firemen until they could be thawed out. Still, when the full supply of water was available it was entirely inadequate for the purpose. One of the first acts of the company's department was to draw off as many of the ammonia tanks as possible, otherwise there might have been a disastrous explosion, accompanied possible by loss of life.

Fortunately, there was very little wind or the loss doubtless would have been much greater, as the firm's kitchen, sleeping house, stables, cattle corrals and feed storehouses are in close proximity to the packing plant. The Burns plant had its start when P. Burns, then a very young man, came to Calgary about twenty years ago. It is related that his sole capital was one lone beef-steer. Its growth has kept pace with the development of this section, and it has made its owner one of the richest men in the west, his wealth being reputed to be in the neighborhood of \$15,000,000.

Mr. Burns' company also operates plants in Edmonton and Vancouver, but the bulk of the meat product has been sent out of the Calgary plant.

The plant destroyed was fully insured, the insurance on the stock in storage being in the neighborhood of one million dollars.

Mr. P. Burns is in Toronto, but it is understood that the work of rebuilding the plant will be undertaken as soon as the weather will permit.

BRITAIN AND GERMANY MAY FIGHT AT ANY MOMENT

GERMANY SEEMS ANXIOUS FOR A TRIAL OF STRENGTH—CLAIMS EQUAL RIGHT WITH ENGLAND TO MARKETS OF THE WORLD.

London, Jan. 15.—There have been fresh and highly interesting additions during the past week to the amazing series of defiant and incriminating articles which the English and German newspapers are constantly exchanging. If the press of two countries in any degree represents the real feeling of the people—and it must be acknowledged that at least nine Englishmen out of ten seem to feel that war with Germany is probable any clear afternoon—it does not seem possible that the two countries can be long kept apart.

The latest thing is the statement by the semi-official Berliner Lokal-Anzeiger that Germany has only succeeded within the last twelve months in freeing herself from the chains of England and France, and that "a decisive trial of strength has hitherto been spared us, but it will not fail to come. Therefore, we must rightly employ the respite still permitted us."

A previous article in the Lokal-Anzeiger is an illuminating commentary upon this statement. The earlier article developed the theory, which is seems strange has waited so long for publication, that Germany's desire was not for conquest, but for liberty to pursue her own legitimate ambitions in the affairs of the world. The line taken was that the contest of the present day was for supremacy; that Germany had an equal right with England to the markets of the world, and that Germany did not purpose to be bullied or overawed by the huge English navy until it withdrew from the world's commerce and accepted only the

share which England would consent to give. Consequently Germany had set a pace in navy building too fast for England to follow, in order that she might defy the bully with impunity and seek commerce where she would. Now the Lokal-Anzeiger declares the end has been achieved and Germany is free.

Simultaneously the Manchester Courier published an article purporting to tell why Germany is now able to declare her freedom. According to this paper, Germany has deceived the world regarding the size and number of the new ships she is building. More is said to have been developed regarding the German naval tactics. The whole is taken as a text for further lectures on the necessity of an increased and more rapid expansion of the British navy.

This comes at a time when the forecast of the new budget has just been published with a total estimate by opposition newspapers of an early expenditure of \$1,000,000,000. Government supporters say this estimate is a base canard. They declare that the budget will not reach more than the paltry sum of \$950,000,000 and point to the remarkable statistics of foreign trade for 1912.

Commenting on these statistics, the Daily Citizen, the principal organ of the Labor party, says: "What about the hundred thousand people in 1912 who died in this country from starvation? What about its urban slums, its rural hovels? What about diseases due to poverty by which it is ravaged? What about multitudes of overworked and underpaid? What about the mighty standing army of paupers?"

manager of the place requested him to leave because of vigorous protests from other boxers.

Electors of Ward One

LADIES AND GENTLEMEN:

At the polls yesterday you again showed your confidence in me to serve you as an alderman for 1913. I was not able to attend the public meeting held last night and express to you my appreciation of the vote cast in my favor. I take this opportunity of conveying to you my sincere thanks for the confidence you have reposed in me. I will during the year endeavor to the very best of my ability to serve the city as a whole and the interests of Ward 1 particularly. Yours faithfully,

GEORGE W. KERR.

GUGGENHEIM'S FORMER WIFE IS DEFEATED

Court Denies Pleas of Divorce— Says There Was Fraud.

Chicago, Jan. 15.—In the Circuit Court here Judge Heard denied the plea of Mrs. Grace Guggenheim-Wahl to set aside her decree of divorce from William Guggenheim, the New York copper multi-millionaire. The decision brings to an end litigation extending over three years.

In his decision Judge Heard ruled that fraud had undoubtedly been practiced upon the court which granted the original decree, as claimed by Mrs. Wahl's attorneys, but he held that she was a voluntary party to that fraud.

Guggenheim, soon after the divorce was granted, married again. Jacob Newman, one of Guggenheim's attorneys, after the decision was announced, charged that the suit to set aside the divorce decree was brought as the result of a plot in Wall street to discredit Guggenheim.

"I am convinced," said Newman, "that Mrs. Wahl was backed by a Wall street syndicate which has a private grudge to satisfy, as well as hoping to obtain a considerable part of the Guggenheim fortune."

PIONEER OF RUPERT DIED THIS MORNING

M. Gordon Munro Passed Away at Home of Capt. Robertson—An Invalid for Some Time.

There passed away this morning at 11 o'clock at the residence of Captain H. L. Robertson, Borden street, H. Gordon Munro, one of the earliest of the pioneers of Prince Rupert. Mr. Munro, who had been in a decline for some time, had been gradually failing, the end coming peacefully this morning. The deceased, who arrived here in January, 1907, was for two years with the G. T. P. engineering staff, later taking up his profession of architect in partnership with W. Nicholson Lailey. Being an invalid for the last two or three years, he went in search of health to different points in the south, returning to this city last April. He was exceedingly well known and popular with all who knew him and his early demise is the subject of the sincerest regret by all. Arrangement for the funeral will be announced later.

The launch Narbethong will make regular trips to Shawatlans Lake on Sunday. The first trip will be at 11 o'clock a. m. from the Government wharf and the second at 2:30 p. m.

Considerable money changed hands yesterday on the results of the municipal elections. Among the largest winners was Mr. S. Corley of the Royal Hotel, who is about \$500 richer today.

CANDIDATES ADDRESSED ELECTORS LAST NIGHT

(Continued from Page 1.)

league, Alderman Montgomery, would not occupy a seat at the board the coming year.

George Leek, amongst the successful candidate in Ward 2, was not able to be present, but received a graceful and appreciative tribute from his warm friend and supporter, Fred Stork.

Alderman Kerr, elected for his third term of office, and one of the most popular and efficient of our city fathers, was unable to attend the meeting.

Ex-Alderman Clayton, who had not sought re-election, made one of his usual witty and felicitous speeches, asking the citizens to exercise a little patience and give the new council time to get straightened around a bit and not to harass them before they got things in shape to go ahead with the year's business. He expressed unqualified satisfaction with the personnel of the council-elect.

G. W. Nickerson came up smilingly after his defeat. He did not feel it was a very bad one. He considered he polled a splendid vote when one looked at the array of splendid material there was pitted against him. He was young and not known to as many of the citizens as some of the others. He was in the position of the man who fights and runs away, being able to fight another day.

Ex-Alderman Montgomery, in thanking his supporters, said he fought for certain principles that evidently were not shared by a number of the electors.

Ex-Alderman Douglas, late finance minister, said he was defeated but not disgraced. He was not like Jim Jeffries, he could "come back" again.

O. H. Nelson, the popular member of the School Board, upon being asked to come forward by the chairman, was roundly cheered. He thanked the public for their overwhelming appreciation of his efforts, concluding by felicitating the citizens upon their highly satisfactory choice of a mayor and council for the coming year.

Chairman Fred Stork, in closing the meeting, particularly drew the attention of the public to the need of a recreation ground. He stated that a vote of the people would have to be taken as to giving the Dominion government a title to the land on Acropolis Hill to build a drill hall and lay out a recreation ground. He urged the citizens to push the matter to the farthest extent.

George D. Tite addressed a few words of congratulation all around.

The meeting closed with "God Save the King" and rousing cheers for Mr. Pattullo.

The new council will be sworn in for office at 3 o'clock this afternoon at the court house by Government Agent McMullin.
