BALKAN ALLIES PRESENT ULTIMATUM TO TURKEY—FOURTEEN DAYS TO ANSWER DEMANDS

BALKAN ALLIES GIVE TURKS FOURTEEN DAYS TO REPLY

MUST MAKE FAVORABLE REPLY TO DEMANDS OR HOSTILITIES WILL BE RESUMED.

(Special to Daily News.) London, Jan. 20.—Bulgaria, Serbia and Montenegro today presented an ultimatum to Turkey, giving the Ottoman government fourteen days in which to make favorable reply to their demands.

Full power to resume hostilities against Turkey was telegraphed today to Dr. S. Daneff, leader of the Bulgarian delegation.

CHARGE WAS IRRESPONSIBLE IS REV. MR. KERR'S ANSWER

TOOK NO PART IN THE ELECTIONS, EITHER DIRECTLY OR INDIRECTLY—COUNCIL MADE TIRADE ON THE MINISTERS.

At the Presbyterian service in the Empress Theatre on Sunday evening, Rev. F. W. Kerr replied briefly to the attack made upon him by ex-Mayor Newton through his organ on Saturday. Rev. Mr. Kerr said that the attack was so absolutely unjustifiable that it was fit to be entirely ignored, but coming from one who had just been retired from the office of chief magistrate of the city he felt that it should be answered. The reverend gentleman stated that he had taken absolutely no part in the contest for the election of a mayor, either directly or indirectly, and therefore considered the statement irresponsible.

The references that had been made by himself and other preachers of the city to the opening of the pool rooms on Sunday were not personal in character. Rev. Mr. Kerr said that he would have been ashamed not to have taken a decided stand on that matter. At the first council meeting following those sermons the Council had made a regular tirade on the ministers. While he took no part in the election, Mr. Kerr said he did not consider that his position as a minister made it obligatory on his part to keep aloof from such matters. At any time there was a moral issue in the election he would use his influence in the right direction.

MAJOR SHARPE'S REMARKS ELICIT A SHARP ANSWER

ACTING SECRETARY OF U. S. NAVY SAYS HIS ASSERTION IS ABSURD AND THAT OF AN IGNORANT MAN.

(Special to Daily News.) Washington, Jan. 20.—The statement made by Major Sam Sharpe, Conservative member in the Canadian House of Commons for North Ontario, that the United States navy "is composed largely of desperate men who are no good socially or morally" received a sharp answer from Beckman Winthrop, acting secretary of the navy. "Statistics completely contradict Sharpe," he said. "His assertion is absurd and is that of an ignorant man."

Successful Shot This Morning.
About 10 o'clock this morning a very successful shot was fired in connection with the work that is being done at cut No. 4 by Archie McDougall, the contractor, in clearing the site for the G. T. P. freight terminals. One coyote hole about eight feet long was used and 900 cans of powder. Huge clouds of smoke hung over the cut for several minutes after the shot was fired.

SKATING AT SHAWATLANS

A Large Number Enjoyed Themselves Yesterday — Ice in Splendid Condition

About thirty-five or forty Prince Rupertites who took a chance yesterday on the light snowfall the night before last, not entirely spoiling the skating at Skawatlans Lake, were amply rewarded for their optimism. The magnificent sheet of ice was in perfect shape, the little skiff of snow making very little perceptible difference to what it was all last week, one vast stretch of absolutely smooth glare of ice, nearly three miles in extent. A portion was soon cleared off for a hockey rink, many devoting themselves to the delights of that glorious winter sport whilst others made trips up and down the lake from end to end, several dropping in to the cabin of a hospitable trapper and hunter at the extreme head of the lake and were regaled with hot tea, jerked venison and warmed by the heat of a Yukon stove.

George D. Tite left yesterday for Vancouver and Victoria on a business trip.

AMERICANS IN MEXICO REPORTED IN DANGER

U. S. Cruiser Despatched to Mexican Port to Protect Lives and Property of Americans.

(Special to Daily News.) Washington, Jan. 18.—The cruiser Denver has been ordered from San Diego, California, to Acapulco, Mexico, where a desperate situation is reported, with Americans in danger. She will sail tomorrow and should arrive at the Mexican port in about four days. Commander Washington has about 270 bluejackets aboard and a company of marines.

WELSH MINERS ARE OUT ON STRIKE

Objected to Being Kept Waiting for Pay in Drizzling Rain

London, Jan. 15.—The reason for striking put forward by two thousand Welsh miners who quit work yesterday is that they were kept waiting for their pay half an hour Saturday in a drizzling rain without shelter, while the cashier finished his luncheon. The men were so incensed they gave the colliery officials twenty-four hours to dismiss the cashier and because the officials did not do it, the men struck, against the advice of their leaders.

WIRELESS TO YUKON

Proposal to Establish Chain of Stations Discussed at Ottawa.

(Special to Daily News.) Ottawa, Jan. 20.—A proposal to establish a series of wireless stations from Athabasca Landing up the Mackenzie River to Hebschel Island, and from there to Rupert House, in the Yukon, was discussed at a conference which was held today between Dr. Thompson, M. P. for the Yukon, Bishop Stringer of the Yukon, and Dr. King, director of the Astronomical Department.

PRISONER COMMITS SUICIDE AT NANAIMO

Ended His Life by Hanging With His Suspenders in the Lock-Up

(Special to Daily News.) Nanaimo, Jan. 18.—Donald McKay, aged 35, a native of Nova Scotia, who attempted suicide by drowning on Monday, committed suicide in the city lock-up by hanging with his braces.

GOVERNMENT WILL HELP IRRIGATION

Large Delegation Waited on the Premier and Minister of Lands—Legislation to be Introduced

(Special to Daily News.) Victoria, Jan. 18.—Irrigation development in British Columbia took another step forward yesterday, when a committee of the British Columbia Irrigation Association waited upon the Premier and the Minister of Lands and presented the resolutions adopted by the Kelowna Convention and ratified by the meeting in this city last week. The committee were cordially received by Sir Richard McBride and Hon. W. R. Ross and left assured that the legislation which would be introduced at the present session of the legislature, would go far to improve conditions under which irrigation is being carried on in this province.

"THE POLAR BEAR"

Interesting Description of Boat Seen in Moving Pictures at the Westholme on Saturday.

In connection with the recent wonderful motion picture films shown at the Westholme Opera House of the Siberia-Alaska Arctic expedition, headed by Louis L. Lane and Captain Klein-schmidt, a short description of the intrepid little schooner, the Polar Bear, which appeared so prominently in the last film chasing the old Polar bear and her cub may prove of interest. The facts are gleaned from a very interesting article appearing in the current number of Pacific Motor Boat magazine. It was built according to Captain Lane's own ideas of what a vessel should be for service in the ice floes of the Arctic and Behring seas. She is 87 feet long, with beam of 20 feet and depth of 9 feet. Seasoned Douglas fir was used in her construction throughout. From a point above her water line to well below she is sheathed in Australian iron bark, this flint like wood taking all the chafing and jar of the ice floe, with scarcely a mar or scratch; over this her bow for fifteen feet is encased in half inch iron plates, making an ideal vessel for the class of service she is called upon to perform. Should the Polar Bear ever encounter an iceberg such as was struck by the Titanic, it is more than an even money bet that after a few jabs at her prow Mr. Iceberg would haul off with a damaged eye and skinned nose and very humbly apologize for obstructing the path of this little bulldog of the sea, while the boat would sail serenely away.

It is worthy of note that this remarkable little boat is fitted with a 75 horsepower Frisco Standard engine, many of which are in use in these waters, the Rupert Marine Iron Works being the sole agents for the same in Northern British Columbia.

THE LATE H. G. MUNRO

Remains Laid to Rest in Fairview Cemetery Yesterday—Funeral Service Largely Attended

All that was mortal of the late Hugh Gordon Munro was laid to its last resting place in Fairview Cemetery yesterday afternoon at 2:30 o'clock. A large gathering of friends, nearly all of whom were pioneers of the early days of Prince Rupert when the late Mr. Munro was actively engaged in helping to lay the foundations of the city, followed the remains to the grave. The funeral services were conducted by Bishop Du Vernet and the Rev. C. E. Burch of the Anglican Church. The pall bearers were Messrs. R. L. McIntosh, William Blaine, Hugh Tooker, Captain Roberson, A. W. McKnight and G. C. Emmerson, all intimate friends of the deceased.

The late Mr. Munro, who came to Canada from Scotland only a few years ago, was possessed of a disposition that naturally attracted friends. His early demise though known to be inevitable for several months past, is the subject of the deepest regret to all who knew him.

INSURANCE BROKER ACCUSED OF ARSON

Charged With Being Concerned in Numerous Fires in New York in which \$500,000 Was Collected

(Special to Daily News.) New York, Jan. 20.—George Grutz, an insurance broker, and a second man, said also to be an insurance broker, whose name was withheld, have been indicted on charges of arson by the grand jury that has been investigating the so-called "Arson Trust," alleged to be responsible for more than 300 fires in the past two years in which about \$500,000 insurance was fraudulently collected. Grutz has been in the toms in default of bail since the confession last week of Samuel Gold who is said to have revealed the workings of the "Arson Trust," to the district attorney. The police charge Grutz with having been an adjuster for numerous fires set by members of the trust.

Darrow Trial Today.

Los Angeles, Jan. 20.—The trial of Clarence F. Darrow, veteran labor attorney, opened here today, Judge Conley presiding. Darrow is charged with bribing Robert F. Bain, a juror in the McNamara case. It is expected that he will take a prominent part in his own defence. Darrow was acquitted recently on a charge of bribing George N. Lockwood, a venireman in the McNamara case.

UTE INDIANS UP IN ARMS; GENERAL UPRISING FEARED

HOLD PASS IN THE MOUNTAINS OF SOUTHERN UTAH AND ARE PREPARED TO FIGHT TO A FINISH.

(Special to Daily News.) Washington, Jan. 20.—Fifty Ute Indians are today reported to be holding a pass in the mountains of Southern Utah prepared to fight to the death and a general uprising of Indians in that section, which is remote from settlements and railroads, is threatened. The trouble grew out of an attempt of officers to arrest an Indian outlaw.

SUPPLIED LIQUOR TO INDIAN FINED HUNDRED DOLLARS

THREE SWEDS CHARGED WITH THEFT REMANDED—CELESTIAL FINED FIVE DOLLARS FOR LETTING HIS WATER TAPS RUN

In the police court this morning before His Worship Magistrate Carss the adjourned hearing of the case against Ed. Shannon, charged with supplying liquor to Indians was proceeded with. The accused, through his counsel, changed his plea of "not guilty" to "guilty" and claimed the clemency of the court. He was sentenced to pay a fine of \$100 and costs, or serve two months imprisonment. The further charge of stealing the sum of \$45 from an Indian of the name of John Davidson was dismissed, as was also that against Arthur King, who appeared with Shannon in connection with the stealing case.

Three Swedes named Swanson, Anderson and Matson, charged by Rosie Simons, a dweller of the restricted district, with theft of \$160, a gold watch and a clock, were remanded until tomorrow morning.

There was one ordinary case of d. and d., the customary fine of five and two being imposed.

A Celestial of the name of Chun Lung seems to have been the "fall guy" amongst the army of petty offenders in the matter of an infraction of the city water bylaw. He let his tap run continually through the late frosty weather and was ordered to come through with \$5 and costs.

C. P. R. LINER MOUNT TEMPLE HAS ROUGH TRIP ON ATLANTIC

BIG SHIP MANAGES TO WEATHER STORM AFTER MUCH BUFFETING—TWENTY-ONE DAYS FROM ANTWERP TO ST. JOHN.

(Special to Daily News.)

St. John, N. B., Jan. 18.—The Canadian Pacific Railway liner Mount Temple docked at the West Side last night after a terrible run of twenty-one days from Antwerp. The steamer brought three saloon passengers and 142 steerage and 5,000 tons of freight. All through the voyage the ship was swept by terrific seas and the course was made through unceasing gales of hurricane ferocity. This trip was exceedingly rough, and the steamer encountered continuous violent storms. Although the Mount Temple on her trips has often encountered mountainous seas and fierce winds, there has usually been a spell of calm.

During the recent voyage, however, the ship was buffeted, and at times the violence of the storm was so great that anything on deck not held by extra fastenings was carried away by the great seas which crashed aboard the big steamer.

She weathered the storm in good shape and suffered the loss of only four ventilators. When four hundred miles east of Cape Race the Mount Temple was in communication with the burning Allan liner Carthagenian, and learned that another steamer was standing by. Later she received word that the fire had been extinguished.

CEMENT PLANT PLANNED FOR PORT ALBERNI

New Westminster, Jan. 20.—A cement plant for Port Alberni, on Vancouver Island, is being planned by the B. C. Transport Company, Limited, of New Westminster. This company is made up of English manufacturers and it is understood that if the final tests of the raw material discovered near Alberni are satisfactory the deposits will be developed at once and a freight ship will be sent to the coast from England for the purpose of transporting the cement manufactured to New Westminster, Victoria and Vancouver. The company already own 600 feet of wharfage at New Westminster, gravel pits at Pitt Lake and a fleet of boats and barges.

MORE "TRUCK AND TRADE."

The removal of the customs duties that restrict trade between Canada and the United States seems to be a popular policy when it serves the big interests. The interests are always patriotic. Their allegiance is not likely to be undermined by having "truck or trade" with the Yankees. The east and west haul is not essential to Canada's prosperity so long as it will add to their profits to have their products hauled south to the United States market. It is only the farmer whose loyalty is in doubt. For him there is only safety in having no "truck or trade" with the Yankee.

Take this recent development in the Quebec pulpwood and paper trade. A number of the great paper and pulp producing concerns of that province—in one of which, by the way, that staunch patriot, Sir William Van Horne, is a leading figure—are jubilating over the removal of restrictions on the export of pulpwood by the Quebec government. This action will enable them to export paper duty free to the United

States. Mr. William Price, one of the best authorities in the trade, says the removal of these hampering restrictions on both sides of the border will mean an increase of a million a year in paper manufacture in the province.

Here, then, is a case where the wiping out of obstructions on both sides of the border is a benefit all round. The Quebec papermakers get more business and better prices. The United States users of paper get supplies more cheaply. Both share in the advantage from the removal of the duties. But the moment this argument is applied to the export of cattle or grain or dairy products by the Canadian farmer up go the danger signals. The east and west haul emerges from well earned repose, the flag in unfurled, Imperial interests are invoked, and the farmer is solemnly told that if Canada wants to preserve her nationality she will have "no truck or trade with the Yankee." What rubbish! How long will the farmer be humbugged by it!—Toronto Globe.

PROVINCIAL LEGISLATURE
WILL HAVE SHORT SESSION

ABOLITION OF POLL TAX AND REPORT OF MUNICIPAL COMMISSION WILL BE CONSIDERED—FIVE WEEKS SHOULD COMPLETE PROGRAMME.

Victoria, Jan. 20.—The first session of British Columbia's Fourteenth Parliament, which opened on Thursday, is not expected to last longer than five weeks, the legislative programme being less extensive than in several previous years and being generally non-contentious in its character. Railway legislation, which has been the feature of the government's progressive agenda during late years, promises to be distinctly limited in volume and chiefly in connection with necessary and satisfactory expansion of construction policies already decided and sealed with the approval of the provincial electorate. It is thus quite possible that parliamentary sanction may be sought and granted to cover the expansion of the charter rights of the Canadian Northern Pacific and the Pacific Great Eastern, so as to permit all the extension of the lines of these companies to the northern end of Vancouver Island, from the vicinity of Alberni, and from Fort George eastward into and through the Peace River district respectively.

Charter Amendments

A number of charter amendments are to be sought by the city of Vancouver. The most important is that providing that the Park Board may maintain boulevards and grass plots on a frontage tax. Another proposed amendment provides that the city may prohibit, licence and regulate the erection of tents in the corporation limits. Another amendment desired deals with powers of the building inspector, making it possible for him to give certain permits for construction not specifically dealt with in the existing bylaws. An amendment which will do much to beautify the city if obtained is that to the effect that the city may enter upon private lots or blocks, and remove trees, brush and debris, charging the cost to the owner or owners. The city of Vancouver also seeks a charter amendment giving it power to establish a firemen's benefit fund.

Farewell to Poll Tax

The outstanding feature of public legislation may be looked for in a bill to amend the Revenue Act, abolishing the so-called "poll tax," and generally to provide for a more just and equitable distribution of the burden of taxation, in accordance with the recommendations of the Taxation Commission, based upon first hand investigation of conditions throughout the province conducted by that tribunal a year or so ago. The enquiries and report of the Municipal Commission will also probably be crystallized in legislation giving effect to a majority of the suggestions recently made by this body; while the Public Health Act will also in all likelihood be open for new matter originating in the report of the Milk Commission and for general minor alterations and amendments proven necessary and expedient in the everyday working of this piece of legislation.

The creation of an independent audit office and a board of censors for moving picture films and posters are necessarily features of prospective government legislation previously referred

to. A new highway act empowering the minister of public works to regulate and restrict exceptionally heavy traffic at certain seasons of the year will also be presented early in the session, and it is understood that the Lands Act, Water Act, Public Schools Act, Motor Vehicles and Traffic Act and Liquor License Act, are likely to be presented for such amendment as their working in practice has demonstrated to be in the public interest. The estimates will undoubtedly provide for an aggressive public works programme, as succinctly outlined by the Premier at New Year, and for the carrying forward of arrangements in connection with university establishment.

Private bills of the session will include several municipal incorporation measures, a few minor railway charters, and two enabling bills specifically relating to Victoria city.

A minister who was very fond of milk had been complaining for some time of the poor quality he had been receiving. At last he determined to interview the milkman, and left word with the maid to that effect.

The next morning the minister approached the man, saying: "I am much displeased with the quality of milk you have been leaving me."

"I am sorry to hear that, sir," replied the man.

"I just wanted to say that I use the milk for drinking purposes exclusively, not for christening."

THE AFTERMATH

Usually the day following Christmas brings with it unpleasant recollections of friends who have been inadvertently overlooked in the matter of Christmas gifts. Isn't it fortunate that New Year's Day follows so closely and gives us an opportunity to make amends for our oversights during the Christmas rush. While the past week's shopping made very heavy inroads into our stock, the assortments in each line are practically unbroken. We have a large range of beautiful things for New Year's gifts. THIRTY MURDERS LAST YEAR
REPORT OF MOUNTED POLICE

AN UNDUE PROPORTION OF CRIME IN WESTERN PROVINCES IS COMMITTED BY ALIEN POPULATION—INCREASED POLICE FORCE IS WANTED.

Ottawa, Jan. 18.—The report of the Royal Northwest Mounted Police for the year 1912 was tabled in the House by Premier Borden yesterday afternoon.

The report shows that on September 30th the strength of the force consisted of fifty-four officers and six hundred non-commissioned officers and constables, an increase of four officers and twenty men, compared with the force for the year ending September 30, 1911.

Eleven divisional posts and 185 detachments have been maintained. Alberta with five posts and eighty-two detachments has 252 of the members of the force; Saskatchewan, with four divisional posts and eighty-seven detachments, 335; the new portion of Manitoba, with one post and six detachments, 22; the Yukon Territory, with one post and eight detachments, 40 of the force, and the Northwest Territories, with two detachments, 5 of the force.

During the year, 13,391 cases were entered by the police. Of these 11,435 resulted in convictions; 1,307 were dismissed or withdrawn, and 249 were awaiting trial on September 30th. Compared with 1911, these figures show an increase of 3,973

cases and an increase of 360 convictions.

The cases include thirty murders, seventeen in Alberta, twelve in Saskatchewan and one in the Yukon; twenty-one cases of attempted murder, eight in Saskatchewan and thirteen in Alberta, and eight manslaughter cases, two in Saskatchewan and six in Alberta. In twenty-one of these cases convictions were secured and seventeen remained to be tried.

In 1905 there were twenty-three cases of these kinds and eight convictions, but the report sets forth that "in proportion to population there is little increase, and the same result will be obtained if compared with statistics the twelve years."

Another interesting comment made by the report is that "names of the accused indicate an undue proportion of our alien population responsible for these crimes of violence, and the west is paying the penalty for drawing a large immigration from Central Europe."

Commissioner Perry advises that substantial increases be made to the force, which has increased duties to perform owing to increase of population and the opening up of new territory.

OVER ONE DOLLAR PER CAPITA
SPENT FOR DEFENCE LAST YEAR

PREPAREDNESS FOR WAR HAS BEEN THE OBJECT OF THE YEAR'S WORK—CANADIANS ENCOURAGING A RUDE AWAKENING.

Ottawa, Jan. 20.—The people of the Dominion spent \$7,558,284 for military purposes last year, according to the annual report of the Militia and Defence Department, laid upon the table in the House of Commons by Colonel the Honorable Sam Hughes.

This is slightly over one dollar for every man, woman and child in the country. It is an increase in expenditure of \$791,947 over last year. Thirty-eight thousand nine hundred and ninety men received efficiency pay aggregating \$174,053.

Apart from a number of appointments no important changes respecting mobilizations were made during the year.

"Preparedness of war," says the report, "has been the object of the year's work; the power to mobilize at short notice a force of adequate strength, well trained and fully equipped."

Inspector General Otter takes occasion to utter a warning to Canadians of their unpreparedness for war and tell them that they are "encouraging a rude

awakening and irreparable loss some day."

"The main obstacles to our efficiency," writes General Otter, "present themselves in two forms—lack of money on the one hand and a profusion of it in the form of successful enterprises on the other, the former militating against the provision of armories and equipment of rifle ranges and training grounds, and the placing of obstacles in the prosecution of effective training in its full significance, the latter preventing individuals from sparing the time necessary to fit themselves for the military duties they have assumed."

General Otter concludes by asking if it is not imperative that Canada should possess a military force "adequate to bear the first brunt of conflict, or at any event cause the invader to stop and think on the threshold" and by expressing the belief that the plaudits of church or ceremonial parades have lulled Canadians into the belief that we are fit and capable for any invasion.

RIVERS OUTPOINTS CROSS
Mexican Lightweight Has Better of Ten Round Bout with Dentist.

New York, Jan. 18.—Joe Rivers, the Mexican lightweight, outpointed Leach Cross of this city in a ten round bout a few nights ago.

Cross had the better of the first two rounds. While the New Yorker was showering rights and lefts to the head in the first the Mexican slipped to one knee at the ropes, but was up in an instant. He blocked cleverly, and proved Cross' superior in infighting. In the second round Cross scored the only real knockdown of the bout with a left hook to the jaw. From that time on Rivers fought cleverly and was so fast that Cross missed frequently, becoming decidedly wild at some stages. Rivers' showing in the last eight rounds earned him a victory by a comfortable majority.

Rivers became steadier as the fighting progressed, while Cross grew wild and became worried under Rivers' constant shower of left and right uppercuts. Cross backed away from the assault at times. In the eighth the Mexican fell again, tripping over Cross' foot in breaking from a clinch. Rivers then landed four rights and lefts to face and head without a return and followed up with hard right shifts to the body.

In the last two rounds Rivers did practically all the fighting. In the tenth he rocked the local man's head with a hook to the

jaw which almost knocked him down. Cross staggered to the ropes. The final bell found the men in a fast mixup, of which Rivers had the better.

The men weighed a fraction more than 132 pounds at 9:45. They were to weigh in at 133 ringside.

That it is just as well to remember not to enquire too deeply into things is aptly illustrated by the story which Clifton Crawford, of "My Best Girl" company, is now telling:

"Old Aunt Sally, the highly esteemed cook in a southern family, was frequently praised for her culinary skill, and on one occasion when a number of guests had been to dine with the family a remark was made touching the beautiful appearance of Sally's pie, which showed a very pretty scallop on its edge.

"Inquiry was made as to how the old lady managed to get such an even design. Sally was summoned to the dining room and the question was duly put to her.

"The emotion of the guests may be imagined when the old lady replied:

"Oh, dat's easy; I jest uses my false teeth."

—Youth's Companion.

"I say," said a passenger on a trolley car, "don't you ever go any faster than this?"

"If yer don't like it yer can git off an' walk," snapped the conductor.

"Oh, my no," said the passenger, "I'm not in such a hurry as that."—Harper's Magazine.

BALKAN PICTURES

Will Be Shown at the Westholme Theatre Tonight.

Particularly interesting at the present time will be the pictures shown this evening at the Westholme Opera House, including as they will scenes taken in the Balkan Peninsula. Many of the places mentioned so prominently of late in connection with the war will be shown, together with numerous incidents to do with the transporting of troops and supplies to the front. Other films of an especially amusing character will go toward furnishing a most attractive evening's entertainment.

WATER PIPES BURST

Matter Will Likely Be Discussed by City Council Tonight.

There will probably come up before the first meeting of the new City Council this evening the matter of the bursting of some ten lengths of the 18 inch pipes from the Acropolis Hill end. These pipes are said to have burst recently during the cold snap through being filled with water that was turned in for testing purposes. It is rumored that the valve that allows the intake of the water was opened by some one other than those connected with the city engineering staff and that strict orders had been given to have the pipes drained of water used in the testing operations.

SPLENDID ORCHESTRA

The Empress Theatre Now Boasts of an Orchestra That is Hard to Beat.

There never seems a time during the evening's show at the Empress Theatre that the house is not packed to the doors. Saturday night last was certainly no exception to the rule. Shakespeare's classic comedy "All's Well That Ends Well," starring Miss Rose Coghlan, the famous actress, was the feature bill and was greatly enjoyed by all those present. The augmented five piece orchestra proved a great attraction, being alone worth the price of admission. Mr. Hector De Cowe, the expert trap drummer, is the last word in original and sensational orchestral music. Mr. A. F. Williams, the latest violin virtuoso to arrive in Rupert, is a source of delight to all true lovers of music, whilst Mr. Renworth on the flute, Mr. Ritchie, an expert cornet player, and Mr. Frank Stevens, the popular manager of the theatre, who has been its pianoforte accompanist since the opening day, go to make up a musical combination that would be hard to beat for their numbers anywhere in the province.

STRIKE IN PERU

Railway Employees Demand Increase of Thirty Per Cent. in Wages

Lima, Peru, Jan. 18.—The labor situation here is regarded as serious. The employees of the Central Railway, of the Guadalupe Iron Foundry and of the Mines Flour Mill, have gone on strike. The railway men demand a 30 per cent. increase in wages and an 8-hour day.

It is thought that the Peruvian corporation will agree to a ten per cent. increase but not to an 8-hour day.

CASTRO MUST STAY OUT

Not Allowed to Enter United States Until Board Renders Decision.

New York, Jan. 17.—Judge Holt today dismissed the writ of habeas corpus obtained by Cipriano Castro, the former president of Venezuela, who is being held at Ellis Island pending the decision of the board of enquiry as to whether he shall be allowed to enter the United States.

In dismissing the writ, Judge Holt ruled that Castro should not be allowed to enter the country under bond pending the decision of the board. He therefore will remain on Ellis Island.

This sustains the contention of the government, as argued in court yesterday by United States District Attorney Wise, that the Federal courts should not interfere in the case until the board of enquiry shall have passed on Castro's right to enter this country.

Mr. Pounds, the retired grocer, was proud of his new country estate. He spared no expense in doing things well. Judge, then, of his delight when a pair of rooks began building a nest in his park.

But the farmer who owned the next land was not so pleased. In fact, he disliked rooks.

So he gave his sons orders to shoot the offending birds.

Along came Mr. Pounds, enraged.

"See here, my man," he said, fiercely, "I wish those lads of yours would let my birds alone. I'm trying to make a rookery and—"

"That be all right, sir," replied the sturdy son of the soil. "But I wish your rooks would let my crops alone. I be trying to make a living."—London Answers.
