### ATTACK ON G. T. P. TOWNSITE CO.—LOCAL BRICK AND TILE COMPANY INCORPORATED

#### MEMBER FOR VANCOUVER ATTACKS G. T. P. TOWNSITE CO.

IS OPPOSED TO PARLIAMENT VOTING MONEY FOR BUILDING OF RAILWAY TERMINALS—SAYS G. T. P. TOWNSITE CO. IS A WILDCAT CONCERN.

(Special to Daily News.)  
Ottawa, Jan. 21.—The time of the House of Commons was taken today with a discussion of the proposed amendments to the Bank Act. In connection with the report of the Railway Committee, H. H. Stevens, M. P. for Vancouver, vigorously opposed Parliament voting money to build up railway terminals. Mr. Stevens also renewed the attack on the G. T. P. Townsite Co. He maintained that it is a wildcat concern and is receiving the commendation of western people generally. It was finally decided to insert a clause in connection with the grants to railways that the money be spent in Canada.

##### Cameron Cove Being Opened.

Archie McDougall, the well known railroad contractor, is busily engaged at present in superintending the work of the opening of Cameron Cove by the G. T. P. This morning the big steam shovel was in operation, a large force of men being employed upon the work. The opening up of this waterway by the railroad company has been a matter of contention for some time between the latter and the City of Prince Rupert. It will take some time to complete the work.

#### BRICK MAKING CONCERN HAS BEEN INCORPORATED

LOCAL CAPITAL INTERESTED IN AN INDUSTRY THAT WILL PROVE A GREAT BENEFIT TO PRINCE RUPERT

The Northern Brick and Tile Co., Ltd., is the name of a company that has recently been incorporated for the manufacture of brick for the Prince Rupert market. The company is made up entirely of local men who have thoroughly investigated the possibilities and the conditions and are satisfied that the industry will prove not only a financial success for themselves but a great boon to the City of Prince Rupert as well.

The plant will be located at Mile 82, where clay beds of a suitable character for brick making have been secured. Some time ago a shipment of four hundred pounds of the clay was sent to Ohio to be tested and the report that has come back is most favorable. Samples of the bricks made may be seen at the office of Thomas McClymont, on Third Avenue. Those who are competent to judge claim that they are much superior to brick obtained from either Vancouver or Victoria and quite the equal of Seattle brick.

Work has already started toward getting the property in shape for the installation of the necessary machinery and buildings are being erected. A contract has been let for the cutting of 1,000 cords of wood for this season's burning, and men are now at work. There seems to be little doubt but that the company will be supplying brick to the Prince Rupert market by early summer.

Although the clay is well adapted to the manufacture of pressed brick and tile, it is the intention of the company to turn out only common brick at first, just as soon as there is a demand

in Prince Rupert for pressed brick and tile the necessary machinery will be installed.

The location of the property is ideal, being right on the main line of the G. T. P. Arrangements have been made to construct spur lines through the property for convenience and economy in the loading of the finished product. It is estimated that brick can be turned out from this plant and delivered in Prince Rupert at \$10 per thousand less than Seattle brick. In other words, the citizens of Prince Rupert will be able to buy a brick much superior to Vancouver or Victoria brick for the price that they have been paying for either of these. This should prove a great boon to Prince Rupert, particularly when the additional saving through lower insurance rates is considered.

It is expected that by early summer the plant will be turning out between forty and fifty thousand bricks per day.

##### Hospital Notes.

Mike Ferri, a young Italian, aged 22, employed by the Prince Rupert Sign Co., was taken to the hospital yesterday suffering from a severe attack of peritonitis. An operation was immediately performed and the patient is doing as well as could be expected.

The little lad, Harry Darling, who was so badly injured through being thrown off McBride street by a distance of fifteen feet, a week or so ago, whilst coasting, is progressing favorably.

Dr. Inman, the eye specialist, who has been visiting the south lately, returned this morning.

#### DRESS ALLOWANCE NOT TO EXCEED RENTAL

New Standard for Married Woman's Dress Allowance Set Down in Paris Court.

(Special to The Daily News.)  
Paris, Jan. 21.—A new standard which has been laid down in Paris law courts, that a married woman's dress allowance must not be more annually than the rental of her home, does not meet with general approval. Mme. Mirpolski, one of the best known women barristers in Paris, does not think the judgment can be taken seriously nor as applying to all cases.

#### GRIP OF WINTER IS TIGHT ON THE WEST

Eastern British Columbia and Prairie Provinces Enduring Extremely Cold Weather.

(Special to Daily News.)  
Winnipeg, Man., Jan. 20.—Weather throughout the Canadian prairie west over the week end has been the coldest experienced so far this winter, with the promise of continued very cold weather today and slightly higher temperatures Tuesday.

In Manitoba the thermometer did not take such a low dip as in Saskatchewan and Alberta, the lowest being at Minnedosa, 36 below, while Winnipeg was a close second with 32 below recorded.

Saskatchewan experienced the real cold, the mercury dipping to 49 below at Regina, while at Moosejaw and Qu'Appelle it was 44 below. Other cold spots in Saskatchewan, where it was in the forties, were Battleford, 42, and Moosomin, 40.

Alberta weather was about on a par with that of Manitoba, Medicine Hat recording the coldest spell, 34 below; Lethbridge, 30 below; Calgary, 32, and Edmonton, 22 below and snowing.

The freak of Western Canada was the severe weather which attacked British Columbia, it being 6 below at Kamloops and 4 below at Penticton, while at Grand Forks it was zero and Nelson recorded 4 above.

#### SHAWATLANS VISITED BY BOARD OF WORKS

Difficulties in Getting Pipes Across Passage Receiving Serious Consideration.

The Mayor and the members of the Board of Works, who paid a visit to Shawatlans Passage yesterday in order to become conversant with the exact state of affairs existing in connection with the laying of the pipe from the mainland to the city, realize that they have a very important matter to grapple with. City Engineer Mason, who has been in charge of the work, has had a great many difficulties to contend with, but is satisfied that the plans evolved for the successful completion of the work are the best that could be employed under existing conditions. The rough weather and exceptionally severe wind storms that have occurred recently have greatly retarded operations, causing considerable loss as well. The Board of Works have in hand the task of deciding the best course to be followed to bring about the successful completion of the crossing of the passage. The advisability of bringing in an expert before proceeding with the undertaking is being considered.

The drawing for the three prizes at Hyde's cigar store took place last evening at 8 o'clock. The three winning numbers were 32, 80 and 75, the lucky holders being, first, Louis Sweder; second, Annie Byman; third, Bert Corkill. The prizes were exceedingly handsome dining sets.

#### LONDON TIMES FAVORS IMPERIAL CONFERENC E

Before Premier Borden Settles on Permanent Naval Policy—Regard of Overseas Dominions May be Impaired.

(Special to The Daily News.)  
London, Jan. 21.—The Times urges that before Premier Borden settles on a permanent naval policy there must be another Imperial Conference to ascertain the extent of Canada's desire to co-operate with the other Dominions having a Pacific interest. The Dominions now take a broader outlook on the Imperial policy in the face of which Winston Churchill has shown an intermittent perception and should be tempted to look only to the British convenience rather than Imperial developments, he would impair the regard entertained for the admiralty by every Dominion concluded the Times.

#### GAVE LIQUOR TO INDIAN FIVE MONTHS HARD LABOR

ALEX. HARDAERE SENT DOWN FOR SUPPLYING LIQUOR TO INDIAN—CHARGE OF THEFT WITHDRAWN.

Robert Wesley, the Indian who was fined \$10 and costs yesterday in the police court by Magistrate Carrs for being drunk and who was later sent out in pursuit of the man who gave him the liquor, was successful in his quest. This morning his man pleaded guilty to the charge. His name is Alex. Hardaere and he was read a severe lecture by the magistrate. The maximum penalty is a fine of \$300 together with six months' imprisonment. For a moment it looked pretty blue for the prisoner. His Worship remarked that these cases were getting altogether too common and he was going to put a stop to it. He did not think it

was any good inflicting the fine, but the prisoner would have to serve five months hard labor.

Kwong Sun Chung, the Chinaman summoned for an infraction of the health bylaw, was fined \$1 and costs.

His Worship remarked in the case of the charge laid against Sieve Papos of stealing two rings from an Indian woman of the name of Martha Green that it was an absurd waste of time to bother with such cases where the evidence was practically nil. The Indians were far too fond of preferring a charge of theft whenever they lost anything. The charge was withdrawn altogether.

#### MAN AND WIFE PERISH IN FLAMES NEAR NELSON

(Special to The Daily News.)  
Nelson, B. C., Jan. 20.—The crew of the northbound steamer Minto, on the Arrow Lakes, has brought to Nakusp news of a fatal fire at Edgewood, a farming community 50 miles south of Nakusp. The blaze was visible when the steamer approached Edgewood at 3 o'clock in the morning, and it was said a house near the landing, owned by Mr. and Mrs. McIntosh, had been destroyed, the man and wife perishing in the flames. McIntosh was a contractor, clearing land for a townsite company, and the couple had been married one year.

Calgary, Alta., Jan. 20.—An accident, extraordinary in its results, occurred on the Crows' Nest line on the C. P. R. when the eastbound mail was wrecked, every car in the train leaving the rails with no injury to the hundred or more passengers on board. The wreck occurred a mile west of Burmis. Seven cars went into the ditch, one of the Pullmans turning completely over. A broken rail caused the accident.

#### RECORD PRICES PAID FOR AMERICAN FURS

Sealskins Offered in London Market Bring Highest Prices Ever Obtained.

London, Jan. 20.—The annual sale of Alaska sealskins, the property of the United States government, occurred a day or two ago, and higher prices than ever before were obtained. The 3,764 skins realized 29,985 pounds, about \$140,000, or 152 shilling and 9 pence, nearly \$40, as an average price per skin, being 11 shillings, or nearly \$3, per skin higher than any previous sale.

George M. Bowers, United States commissioner of fisheries, watched the sale in the interest of the United States government. In a talk with a reporter for the New York American, Mr. Bowers said:

"I am much pleased with the sale and prices realized. The increase in the price fetched is mainly due to the skins being a little larger than usual."

"Last year's catch was 28,000 skins. This year's is very much smaller, owing to the agreement between Great Britain, Russia, Japan and America to abolish pelagic sealing and also to the policy of the United States to take only pelts of 3-year-old males and not allow the females to be killed."

Dealers from all parts of the world were present. It is the consensus of opinion that the price of sealskins will not be enhanced.

The weather report at 5 o'clock this morning read: Barometer, 29.634; maximum temperature, 36; minimum temperature, 32; precipitation, .20 inch.

A PUBLIC READING ROOM.

One of the greatest needs of Prince Rupert at the present time is a public library equipped with standard works of fiction, history, science, etc., and no better start could be made in this direction than to provide a public reading room.

THE FOOD TAXERS.

The food taxation proposals have got the Unionist party into a mess so deplorable that only a hard hearted opponent can laugh. The London Times' correspondent in Toronto talks of the unexpected manoeuvring and curious utterances of the Unionist leaders, and this is putting it very mildly.

But the tariff reformers, so-called, besides advocating protection, have been advocating preferential treatment of colonial products entering the

RUSSIA PRESSING CHINA FOR PAYMENT OF INDEMNITY

Peking, Jan. 21.—Russia has presented two notes to China. The first presses for the arrears of the Boxer indemnities.

The second note protests against the losses suffered by Russian merchants in the Kuldja region because of depreciation of the Chinese paper currency, arising through the absence of proper silver reserves.

It is supposed that Russia's object is to bring home to China the necessity of a speedy conclusion of the six power loan.

United Kingdom. This is the Imperial side of their policy, as the protection of manufactures is the economic side.

The London Times, in an effort to bridge over the difficulty, advocates a preference without food taxes: But how can this be done? The products of the colonies are chiefly food, such as grain and meat and dairy products.

In his despair Mr. Bonar Law called upon the colonies to demand food taxes. It is even suggested that Canada should ask for them in return for its battleships. We are reluctant to believe Mr. Borden would connect himself with the shameful bargain.

RUPERT WEATHER IS NOT TO BE DESPISED

California in the Grip of a Blizzard—Snowslides and Landslides Block Trains.

For ten days, ending Saturday, Prince Rupert experienced a spell of weather that most residents looked upon as rather severe, but when it is considered that the lowest temperature was four degrees above zero and that only on the last day, also that the weather was clear with practically no wind during that period, citizens have very little to complain about.

Many sections which boast of their ideal climate have experienced much worse conditions, as the following despatch from San Francisco will bear out:

San Francisco, Jan. 18.—Winter gales and blinding snow storms, landslides and snowslides, blocked travel today between California and the east and between California and the north. The Southern Pacific and Western Pacific both lost their telegraph wires in the Sierras. Trains were late, but how late no means of ascertaining were available.

LARGE INCREASE IN IMMIGRATION

During Last Nine Months of 1912 It Was 14 Per Cent. Greater Than for Same Period the Previous Year.

Ottawa, Jan. 21.—During the nine months, April 1st to December 31st, 1912, 334,083 immigrants arrived in Canada. Of this number 229,285 arrived at ocean ports and 143,798 from the United States.

These figures show an increase of 14 per cent. as compared with the number of arrivals for the corresponding months of 1911, which were 185,151 at ocean ports and 107,365 from the United States, making a total for the nine months' period last year of 292,516 persons.

During the month of December this year there were 10,025 arrivals, 7,262 of them having been at ocean ports and 5,763 from the United States, against 10,642 for December last year, 4,945 of whom were at ocean ports and 5,679 from the United States.

Varying the comparison, we have for the same nine months: British, 217,875; from the United States, 113,798; all other countries, 92,410; total, 334,083. Corresponding months of the previous year: British, 120,137; from the United States, 107,365; all other countries, 65,014; total, 292,516.

Comparing the calendar year of 1912 with 1911, immigration figures are as follows:

1912—British, 145,859; American, 140,143; other countries, 109,802; total, 395,804.

1911—British, 144,076; American, 131,414; other countries, 75,184; total, 350,674.

VALUABLE ESTATE IS LEFT BY THE LATE WHITELOW REID

WIDOW WAS LEFT ALMOST THE ENTIRE ESTATE, INCLUDING THE MAJOR PORTION OF THE NEW YORK TRIBUNE.

New York, Jan. 21.—The entire estate of the late Whitelaw Reid, ambassador to Great Britain, is left unconditionally to his widow, Mrs. Elizabeth Mills Reid, with the exception of specific bequests totalling \$110,000 under the terms of the will, recently made public.

his son, Ogden, should he "display capacity and aptitude" for the work, should "ultimately" succeed to the control of the Tribune; and that certain parcels of real estate should "ultimately" pass to his son and his daughter, who is now the Hon. Mrs. John Ward of London.

Ogden Mills Reid, whose ultimate control of the Tribune, is thus described as being dependent upon the attitude he should show for the work and his mother's wishes, was a boy in knickerbockers when the will was written, thirteen years after his father's marriage. He is now

WIDOW OF LATE WHITELOW REID

hint of what the appraisal will show is given in the will, however. The will was executed November 4, 1894.

Mrs. Reid thus becomes the owner of almost the entire issue of stock of the Tribune Association, publishers of the New York Tribune.

In Mrs. Reid's hands is placed the management of the entire estate without hindrance or suggestion further than the late am-

somewhat under thirty and has been president of the Tribune association for a year. He will continue in control, according to a statement by counsel.

The late ambassador employed no lawyer to draft his will but sat down in the library of his New York home and penned it himself on three sheets of note paper. The witnesses were Ogden Mills, his brother-in-law, and Mary Bertha Scott.

"Half a guinea," exclaimed the man, "for half a minute's work? Impossible!" "But consider for a moment," said the doctor; "it's a salmon bone!" "What has that to do with it?" "Oh, a great deal," replied the doctor. "Had it been a halibut or fresh haddock I should have charged less—perhaps five shillings; for codfish or eels, two-and-six would have been ample payment; mackerel, two shillings; while a red herring bone I might even have removed free of charge, but salmon—well, really, sir, one has to pay for these luxuries."

And his patient paid.—Weekly Telegraph.

## A PANACEA FOR THOSE SUFFERING FROM INSOMNIA

THAT IS HOW THE SPEECH OF WM. MANSON, M. P. P., IN MOVING REPLY WAS DESCRIBED IN A VANCOUVER PAPER

Victoria, Jan. 21.—The initial debate of the present session of parliament, yesterday afforded little reward for the willing-to-be-interested citizens and citizenesses who filled both the speaker's and the visitors' galleries, and if taken as indicative of what the debates of parliament are likely to degenerate into in the absence of an effective opposition, entitle the members of the press gallery to the sympathy and commiseration of the entire province upon what they must stoically endure before prorogation is reached.

Mr. W. J. Manson, of Dewdney, had been billed to appear in the stellar role as mover of the reply. Whether or not he suddenly developed an attack of cold feet is not officially announced, but certain it is that he passed up the offered distinction in favor of another of the Clan Manson, and it was the William Manson, of Skeena, instead of the premier's understudy, who held the house spell bound for the greater part of an hour with an address, which in substance varied little from a recapitulation of Conservative campaign literature and provincial statistical reports.

Mr. Manson, of Skeena, means well, but he evinces in his orations about as much originality and inspired imagination as a moribund angleworm, and an almost equal sense of humor. Mr. Manson's address in moving reply might well be preserved in pamphlet form for future campaign purposes of his party—or as a panacea and infallible remedy from those suffering from insomnia. The new member for Alberni, Mr. J. G. C. Woods was entitled to the congratulations of

the House in consequence of his being preceded by his prosy colleague for Skeena, for Mr. Wood did evolve some new and excellent ideas in his brief address, and those shone with the greater brilliancy when offered immediately after Mr. Manson's stereotyped effort.

The keynote and feature of the Alberni member's address was the pre-eminence necessity for good roads in the promotion of valuable colonization. While referring to Stratheona Park, with which he is especially familiar, he cited illuminative figures to show through the experience of similar public parks on the other side that Stratheona and other such pleasuring places in this province are virtually certain to become good business investments for the provincial community.

He also in his address made graceful recognition of the respect in which his predecessor in the Alberni seat is held by the House and country, remarking that "while the members of the house and the general electorate may have been unable to see political questions in the same light as Mr. Brewster, there is no one in this assembly who will not miss his courteous and careful opposition and who will not share with me the deepest sympathy for him in his recent sad bereavement."

As customary, the debate on the speech stands adjourned until Monday upon the motion of the new opposition leader, Mr. Parker Williams, who may be looked to for some caustic criticism and the occasional flashes of epigrammatic Welsh wit such as in the past have served to vary the tedium of legislative proceedings.

The house business of yesterday was limited to the presentations of petitions preliminary to the introduction of the bills for amending Vancouver's and Victoria's charter privileges, the incorporation act of the Okanagan Telephone Co., and the proposed incorporation of the cities of Port Coquitlam and Port Moody. In addition Messrs. Hayward and McGowan were formally voted to their respective positions of last season, as de-

puty speaker and deputy chairman of the committee of ways and means. The premier at the opening of the session took occasion to express the regret of the assembly for the recent death of Mr. H. D. Helmcken, K. C., for some time representative of Victoria in the House, and to record the sympathy of parliament with his bereaved family.

### JACK JOHNSON AND AL. PALZER MATCHED

Paris Secures the Bout—Johnson Is Guaranteed \$25,000 as His Bit.

Chicago, Jan. 21.—Jack Johnson has agreed to fight Al. Palzer in Paris on the night of June 25th, the eve of the Grand Prix race. Johnson sent Tom O'Rourke, Palzer's manager, a telegram today accepting the terms offered by R. Lippe, an American now in Paris arranging the match. The terms provide that the winner shall receive 60 per cent. of the gate receipts, with a guarantee of \$25,000.

Johnson's telegram follows: "Terms satisfactory. We will make arrangements when I see you in regard to the pictures and transportation. Wire Lippe O. K. Thanks."

Johnson says the match will be for the world's championship—no color barred.

### Road Clear, Says Johnson.

New York, Jan. 21.—Tom O'Rourke insisted today that Jack Johnson would be permitted to journey to Paris to meet Al. Palzer on June 25th, the night after the running of the Grand Prix. O'Rourke exhibits a telegram from the negro saying that all of his troubles with the law, growing out of his boasting about his familiarity with certain white women will soon be smoothed out, and he will keep the Paris date.

Johnson will get a guarantee of \$25,000 and Palzer will get a licking if the match is made; but O'Rourke thinks the negro has gone back. He believes if Palzer makes a good showing against him he will be a great box card in this country.

### WELLS AND MCARTY MEETING IS PLANNED

Monetary Demands of Bombardier the Only Obstacle in Way of the Bout.

New York, Jan. 20.—According to a cablegram received here recently, Bombardier Wells, the English heavyweight champion, has consented to fight Luther McCarty in New York the middle of February, provided the local boxing club managers give him the money he demands. If he gets his price, Wells will take passage for this country the latter part of this month.

### JAKE GAUDAUR ON HIS WAY TO ALTAR

Toronto, Jan. 20.—Jake Gaudaur, the former world's champion professional sculler, is spending a few days in this city, en route to Halifax, where the wedding bells are to ring for him the latter part of the month. It will be Gaudaur's third matrimonial venture. Gaudaur is now 58 years of age and is living at Atherly, Ont. He relinquished the championship title to George Towns in 1901 and recently disposed of a hotel business in which he cleaned up a very comfortable fortune.

### DOCTORS RELEASED FROM UNPLEASANT DUTY

London, Jan. 20.—The British Medical Association has decided by 115 to 135 to release doctors from pledges not to serve under the national insurance act, which provides for a monetary allowance and medical attendance to working people during sickness. The opposition of the doctors to the scheme was based on the amount to be paid them for their services, which they declared was too small.

### MAWSON RETAINED BY CITY OF CALGARY

Calgary, Jan. 20.—Mr. Thomas Mawson, the famous London expert of the City Beautiful, has been selected by the Commissioners to devise a comprehensive plan of a civic centre and a system of parks for Calgary. The appointment was announced by Mayor Sennett at a meeting of the city planning committee. Mr. Mawson was selected from among forty applicants from Europe, Canada and the United States. His compensation will be \$25,000.

**ARCHBALD IS GUILTY;  
STRIPPED OF OFFICE**

**U. S. Senate Finds Him Guilty of Misusing Position While Federal Judge.**

Washington, Jan. 21.—Robert W. Archbald of Scranton, Pa., for twenty-one years an occupant of judicial positions in Pennsylvania, the Federal district bench and the United States commerce court, has been adjudged guilty by the United States Senate of "high crimes and misdemeanors," and is stripped of his office and forever disqualified from holding positions of public honor or public trust.

The conviction and judgment came as the conclusion of the impeachment trial on charges that Judge Archbald had been guilty of misconduct and misbehavior as a judge and that he had used corruptly his judicial power to further the private interests of himself and his friends in the acquisition of coal properties in Pennsylvania.

Upon five of the thirteen separate charges brought against him by the House of Representatives Judge Archbald was found guilty. Upon the other eight the Senate voted him not guilty.

**Not Stylish.**

Dr. Boyd Carpenter was to perform the ceremony at a very smart wedding in a London church. As usual, a great crowd of people stood about the doors and lined up on either side of the strip of red carpet. Magnificent carriages and motor cars rolled up and disgorged the splendidly dressed guests, but at the end of a long string of fine equipages came a deplorable ramshackle old four-wheeler. It drew up gloomily opposite the strip of red carpet.

A couple of policemen dashed at the cabby.

"Here, hi!" they shouted. "You can't stop here! The bishop's just coming!" "Keep yer 'air on!" he said. "I've got the hold buffer inside!" And Dr. Carpenter opened the door and stepped out.

**Explanation of Terms.**

May—Girls, what do the papers mean when they talk of the seat of war?  
Ella—I don't know any more than I do what a standing army is.  
Bell—Why, how ignorant you are. The seat of war is for the standing army to sit on when they get tired.

**FORTY THOUSAND  
MORE GIRLS OUT**

**Join the Ranks of the Striking Garment Workers in New York.**

New York, Jan. 20.—Fifty thousand flaming red posters distributed in six hundred girls' dress and shirtwaist factories today turned nearly 40,000 workers into the ranks of the strikers in the garment making trades, now numbering nearly 200,000. The posters were the official call for a strike among the dress and waist makers, who had previously sanctioned such action by an overwhelming vote. All of these employees are girls, some of them under fourteen years of age, and their organizations have appointed committees to guard the idle workers against the agents of the white slave trade. The first demand of the dress and shirt makers is: "No locked doors." They declare that the lesson taught in the Asch building fire, in which 147 girls lost their lives, has not been heeded and that they are forced to work in unsafe and insanitary shops.

**Inquest this Afternoon.**

An inquest will be held this afternoon by Coroner McMullin on the body of Abel Ryan, the Indian found drowned yesterday morning alongside the Rupert Marine Iron Works dock. Nothing further has transpired to throw any light upon the sad affair. The fact that a sum of money the deceased was known to have brought with him from Port Simpson was found intact in a pocket of some clothing that he had left on board his boat does away with any suggestion that might possibly have been made of the unfortunate man being a victim of foul play. Exactly how he came to meet his death by drowning will probably never be known.
