

## BALKAN DELEGATES CONSIDER MISSION ENDED

### TURKEY'S REPLY TO NOTE OF POWERS EXPECTED TODAY—STRIKE RIOTS AT PITTSBURG

#### SUFFRAGETTES AGAIN ADOPT WINDOW SMASHING TACTICS

**THOUSANDS OF POLICE AND DRENCHING RAIN DAMPEN THEIR ARDOR—OVER A SCORE WERE ARRESTED.**

(Special to The Daily News.) London, Jan. 28.—As a protest against the withdrawal of the franchise bill by the government the militant suffragettes resumed their tactics tonight. While a deputation was trying to force its way into Parliament through a cordon of police six men deep, other bands of women paraded through Whitehall and Cockspur streets smashing plate glass windows of the shipping offices. Twenty-one women were arrested in the vicinity of the Parliament buildings. A drenching rain, together with thousands of police, mitigated against the violence of the demonstration.

#### PRESBYTERIAN CONGREGATION HOLDS ANNUAL MEETING

**RECEIPTS FOR YEAR AMOUNTED TO OVER FIVE THOUSAND DOLLARS—PROSPECTS FOR A NEW CHURCH ARE ENCOURAGING**

From start to finish business was talked, policies formulated and carefully prepared reports received at the annual meeting of the Presbyterian congregation held last night in the church hall. It was probably the most successful and enthusiastic annual meeting ever held by the congregation. Every organization is in excellent form, and without exception reported greater progress than ever before. The congregation has a valuable lot of five lots on the very edge of the business section of the city and will always have as early a downtown church as can be in this city. The growing miscellaneous evening congregation in the theatre is felt to be doing a work of which any people may be proud. Above all, it was felt that the maintenance of their self-supporting status in face of great difficulties was giving an independent fibre worthy of the best traditions of Presbyterianism. The reports show a total budget of over five thousand dollars, as follows:

Balance from 1912.....	\$58.14
Envelope contributions.....	1,360.50
House collections.....	1,138.90
Special assessment.....	1,010.00
Industries.....	100.00
Widows' Aid.....	831.82
Sabbath school.....	348.70
Orphan Girls.....	100.00
Woman's Missionary Society.....	73.00
Home mission envelopes.....	103.00
Total.....	\$5,124.03

The dominant note throughout the meeting was the prospect of a great year in 1913. Member after member expressed the belief that our city would experience a great forward movement before the end of the year and although no decision was made the hope was expressed that the board would launch a building scheme at no distant date.

A report presented on behalf of the elders by Mr. C. V. Bennett was a call to united and determined effort on the part of all church members to tackle the social evils in the city. It maintained that the present policy of illegal legalization of vice was a menace to our whole conception of law and order. It urged more vigilance on the part of police officers in regard to cigarettes being supplied to minors; minors loafing around pool rooms, and drunkenness or profanity on the streets. In adopting this report the congregation passed resolutions calling the Sunday pool room a defiance of the religious sentiment of the city and requesting the curfew bylaw to be enforced and a signal bell rung.

The president of the board is Mr. F. G. Dawson, and the retiring managers were re-elected.

#### HOSPITAL BOARD ANNUAL MEETING

This evening in the city hall at 8 o'clock the annual meeting of the Hospital Board will take place for the purpose of electing directors for the ensuing year and the reading of the reports for that just passed. The chair will be taken by the President of the board, Mr. D. G. Stewart. At the meeting of the board, held Monday, the annual report was submitted and approved. A full attendance of subscribers is desired.

Pantorium Pioneer Cleaners. Phone 4.

#### HUNDRED MILLIONS BY INCOME TAX

**Congress to Adopt New Methods to Increase Revenue—Will Be Discussed at Early Session**

(Special to The Daily News.) Washington, Jan. 28.—One prominent feature of the tariff revision program which will come up at the extra session of Congress will be the raising of one hundred million dollars from an income tax, which will also include a tax on incorporations.

#### TEN MILLION DOLLARS LOST IN STORMS

**British Insurance Men Have Been Heavily Hit Since Christmas—Thirty Vessels Wrecked.**

(Special to The Daily News.) London, Jan. 27.—Insurance underwriters estimate that they have already lost approximately \$10,000,000 on account of the storms which have swept over the North Atlantic around the coast of the British Isles since Christmas. This sum must be paid out by the companies within the next few weeks. Except for \$5,000,000 lost in one night in the wreck of the Titanic, the losses since Christmas are stated by underwriters to be the heaviest since February, 1899, when fourteen vessels bound from America to England foundered in about a week, involving a loss of \$1,500,000. In the present period, one day's losses at Lloyd's amounted to about \$2,500,000. Thirty vessels already have been hopelessly wrecked, while seven more are reported missing. Many of them arrived in a most deplorable condition.

#### THE WEATHER.

The weather report at 5 o'clock this morning read: Barometer, 30.207; maximum temperature, 40; minimum temperature, 31; precipitation, .27 inch.

#### Amateur Dramatic Society.

The annual meeting of the Prince Rupert Amateur Dramatic Society was held in the offices of Mr. Frank A. Ellis last evening. There was not a very large attendance of members. Mr. Bullock-Webster, the retiring president, in a few words, gave a resume of the doing of the society for the last year. He regretted that they had not been able through various reasons to accomplish a great deal. He himself feared, through the numerous interests he had had to attend to that he had not been able to be very active in advancing the affairs of the society. The following officers were elected for the ensuing year: President, Frank A. Ellis; vice president, J. W. Chapple; secretary-treasurer, Miss Johnston; executive, G. S. Fitzmaurice and H. W. Birch. A cordial vote of thanks was extended to Miss Johnston, who is entering her third term as secretary, for the keen interest she has taken and the amount of time she has devoted to furthering the work of the society. It is gratifying to state that the finances of the society are in an extremely healthy condition, there being a substantial balance to its credit in the Bank of Commerce.

#### Loyal Order of Moose.

The lodge will meet in the K. of P. Hall Thursday evening, the 30th inst., at 8 o'clock. A large attendance of members is requested.

J. D. MEIKLE, Secy.

E. C. Stephenson, contractor, of Hazelton, was among the arrivals on the Prince Rupert this morning.

#### PEACE CONFERENCE IS NEAR AN END

**Delegates Announce Intention of Returning Home—Roumania is Likely to Present Ultimatum to Turkey**

(Special to The Daily News.) London, Jan. 28.—With the presentation of their note to the Turkish delegation, the date for which has not yet been fixed, some of the Balkan delegates consider that their mission to London will be ended. The Greek Premier announces that he will leave for home at the end of this week and others within the next few days. Financial advisers and military officers attached to the Bulgarian delegation start for home tomorrow. Diplomats have not yet given up hopes of securing peace and it is evident that the reluctance of the Balkan allies to resort to a resumption of hostilities is partly due to failure to adjust difficulties with Roumania. A rumor is circulated in Sofia that Roumania is about to present an ultimatum to Bulgaria.

Constantinople, Jan. 28.—Officials of the foreign office are engaged today drafting in French the text of Turkey's reply to the joint note of the powers. It is expected that it will be ready tomorrow.

#### MEAT FAMINE THREATENS

**Burns' Fire at Calgary Has Curtailed Supply Seriously.**

Calgary, Jan. 27.—Western Canada, and particularly Alberta, is threatened with a meat famine. It now transpires that the amount of beef in cold storage in the Burns plant, which was destroyed by fire recently, was greater than at first thought. Mr. Burns estimates that \$700,000 worth of dressed beef was consumed, with fully as much more pork and mutton. Much of the mutton was shipped from Australia and cannot be replaced for some time. The result has been a sharp rise in prices. Beef on the hoof has risen from 5 to 7 1/2 cents, and is scarce even at these figures. Retailers are boosting prices proportionately.

#### BATTLE BETWEEN BUTCHERS

**Frizzell's Quintette Defeated P. Burns' Gang at Bowling by 280 Pins.**

There was a match game pulled off at the Empress bowling alleys last night between the city meat merchants. G. Frizzell's quintette defeated P. Burns' by 280 pins. Smith, of the Burns team, had both high score and high average, 193 and 163, respectively. The scores were as follows:

	1st	2nd	3rd	Tot.
Frizzell's	102	108	116	316
G. Frizzell	92	108	116	316
R. Leighton	152	113	113	378
A. Astoria	130	158	145	433
J. Ward	132	151	153	436
K. Rood	176	127	183	486
Grand total	685	657	710	2052

	1st	2nd	3rd	Tot.
P. Burns	181	120	120	421
McDonald	54	72	61	187
Cameron	92	110	83	285
Wild	116	139	150	405
Sherman	150	137	109	396
Smith	154	193	143	490
Grand total	566	651	555	1772

#### Overseas Club

The Overseas Club will hold their annual general meeting in the Court House on Thursday evening, January 30th, at 8 p.m. Election of officers. All interested are heartily invited to attend.

#### Increase in Passenger Rate.

Although not officially confirmed, it is rumored that the passenger rate to Seattle from Prince Rupert and other northern points, which lately has been the same as to Vancouver, is to be increased by \$2.

#### ONE MAN IS KILLED IN STRIKE RIOT

**Many Were Injured in Fierce Battle Between Striking Steel Workers and Officers of Law**

(Special to The Daily News.) Pittsburg, Pa., Jan. 28.—In a clash between officers of the law headed by the Deputy Sheriff, and striking steel workers here today, one man was killed and 12 injured, several fatally. The battle lasted over an hour. Many shots were fired and the air was filled with missiles.

#### PRINCE RUPERT ARRIVES ON TIME

**Delayed by Fog Near Vancouver and in Grenville Channel, but Latter Part of Journey Was Favorable.**

The steamer Prince Rupert, Captain Duncan MacKenzie, arrived on time this morning with the usual list of passengers and a heavy cargo of general freight. The Rupert was delayed several hours on account of fog in the vicinity of Vancouver and some in Grenville Channel, but the last part of her voyage was favorable, allowing her to make up the lost time. Below is a list of the saloon passengers:

Rev. Father Bunoz, S. G. Robinson, C. A. Howard, Rev. Schiester, B. Erickson, R. Owen, Jay Kugler, Mrs. Kugler, Bessie Tarkinson, F. A. Brown, E. C. Stephenson, J. C. Patmore, Mrs. Patmore, F. F. Foster, G. H. Kohl, Miss Orme, A. C. Aldous, Mrs. Aldous, Mrs. Finnigan, Mrs. Kelley, James Bruce, Mrs. Harriott, James McDonald, J. W. Hart, Mrs. S. Adams, Mrs. Sherborn, D. Cohen, J. W. Andrew, W. J. Alder, Alex. S. Smith, B. H. Bearss, Mr. Clifford, Miss M. Booth, J. W. Weber, Mrs. Weber, Mrs. H. Dow, Agnes Dow, Colon Dow, Matthew Dow, Frank Horne, F. D. Sweeney, R. J. Sweeney, Mrs. Levenhagen, Miss Levenhagen, William G. Alexander, A. P. Lenihan, G. T. Carpenter, John Bakke, William Allford, J. W. Piercy, D. G. McKay.

#### MINING COMPANY IS PAYING DIVIDENDS

Of interest to many residents of Prince Rupert, formerly of the Boundary district, is the half yearly report of the British Columbia Copper Co., Ltd., whose properties are near Greenwood, B.C. At the close of their business year on January 2nd, they declared their sixth dividend of 15 cents per share. The number of shares so far issued is 591,709 of a par value of \$5. The amount of dividends paid up to October 15, 1912, was \$526,643. With the development that is taking place in Hazelton mining district, it will not be long before some of the rich mining properties in the immediate interior and tributary to Prince Rupert will be in the dividend paying class.

#### Wedded at the Manse.

A quiet wedding was celebrated at the Presbyterian manse yesterday afternoon by the Rev. F. W. Kerr, when Miss Janie McEwan, lately arrived from Scotland, became the bride of Thomas Young, an employee of the B. C. Fisheries at Skidegate. The ceremony was performed before a few intimate friends of the happy young couple. Mr. and Mrs. Young will leave immediately for Skidegate, where they will make their future home.

The Rev. Father Bunoz was amongst those returning on the Prince Rupert this morning from a visit to the south.

#### WILL FIGHT IF NECESSARY BUT NEVER YIELD ADRIANOPLE

**YOUNG TURKS REFUSE TO ABANDON ADRIANOPLE AND ALSO WANT AEGEAN ISLES.**

(Special to The Daily News.) Constantinople, Jan. 28.—So far the government of Turkey has failed to comply with the note of the powers. "We will fight if necessary, but never abandon Adrianople," according to Enver Bey, one of the leaders of the Young Turks. The council of the Party of Progress demands the retention of the Aegean Isles also. The government has released all the political prisoners arrested during the recent troubles in the city in connection with the change of government. Since January 1st Vancouver has had four feet of snowfall. Prince Rupert can scarcely keep pace with such a record.

#### FIRST GRIMSBY TRAWLER FOR COLD STORAGE ARRIVES

**MADE VOYAGE AROUND THE HORN IN FOUR MONTHS—TWO MORE OF SIMILAR TYPE ON THE WAY—BIG COLD STORAGE COMPANY GETTING DOWN TO BUSINESS.**

The George E. Foster, the first of several deep sea trawlers for the Canada Fish and Cold Storage Company, tied up at their wharf at 4:30 yesterday afternoon, coming direct from Grimsby, England. With her sister ship, the Andrew Kelly, she arrived in Vancouver a couple of weeks ago, at which place they both underwent a thorough overhauling. The George E. Foster, under the command of Captain Dillan, with Captain Gilmore as pilot, left Vancouver at midnight on Saturday, making a call at Union Bay for coal. This boat, which is one of the two purchased recently in the Old Country especially for service on this coast, is 136 feet over all and built of a strength and size to withstand any seas that she may expect to encounter.

The voyage to this port around the Horn under her own steam was accomplished in a little over four months, without any difficulties or remarkable adventures. There were two women and a little child aboard, who, from their appearance as they stood upon the deck yesterday afternoon upon the boat making a landing, were none the worse for their long trip over the bounding waves. The members of the crew upon seeing the plentiful piles of herring that were in evidence on all sides at the cold storage plant yesterday, and not having been regaled upon such delectable fare for some time probably, asked Mr. Collins, the genial manager, who was watching the arrival of the boat, if they could take some on board for supper. The reply of the former, "Why, certainly; take a scow load," caused the Old Country lads to grin broadly and think Canada must be all right anyhow. The Andrew Kelly, sister ship to the George E. Foster, is on her way from Vancouver at the present time. A third boat of this type, the James Carruthers, will probably arrive here in a few weeks to join her sister vessels in the fishing business. The arrival of these large trawlers, the very best that have up to the present time been devised for operating in deep sea waters as well as the early completion of the fleet of six halibut boats which are being constructed in Vancouver, one of which, the Zebassa, has arrived already, coinciding with the starting up of the huge cold storage plant at Seal Cove in full swing, certainly go to show that an era of prosperity for Prince Rupert is right at hand far greater than the most sanguine of us have so far ventured to hope for.

#### CHARGE AGAINST VAUX

**Preliminary Hearing of Man-slaughter Charge for Next Thursday.**

Vancouver, Jan. 29.—The preliminary hearing of the charge of manslaughter against Freight Clerk Gilbert John Vaux of the steamer Cheslakee has been fixed to take place tomorrow before Magistrate Alexander. Vaux is out on \$10,000 bail.

#### Roche's Pool Room

I have 500 square feet of good advertising space in my pool room which can be used free of charge by Prince Rupert merchants. Space allotments 2 x 6 feet. First come first choice. 22-27

#### EXHIBITION ASSOCIATION OFF TO A GOOD START

**OFFICERS WERE ELECTED AND CONSTITUTION ADOPTED—J. H. McMULLIN IS PRESIDENT AND L. BULLOCK-WEBSTER IS SECRETARY.**

Considering the difficulty of getting the public to attend meetings concerning propositions more or less remote there was an excellent attendance of citizens last evening at the city hall when the Northern British Columbia Agricultural and Industrial Association was brought into concrete existence. Government Agent J. H. McMullin was in the chair and the organization was completed in the matter of electing officers and passing the constitution. The question of the most fitting name for the association was the subject of some little discussion, but it was finally decided that the one above was the most suitable that could be suggested. There was a proposal to define the limits of the area that would be included in the district as extending to the northern boundary of British Columbia, east to the 127th meridian line and south to the 52nd meridian, including the Queen Charlotte Islands. Mr.

## Editorial Notes and Clippings

### LIVING AND MAKING A LIVING

The Kingston Standard says it is becoming more and more evident every day that if you want to become rich the thing to do is not to bother getting an education, but to go in for baseball early in life, become a great player and then in a few years retire from business loaded down with honors, emoluments and coin of the realm. Our contemporary concedes that the baseball man who draws a salary of ten thousand a year, plus a share of the net receipts, must be worth the money or he would not get it, for baseball is played on business principles these days; still, it points out that there are some pretty good school teachers, some pretty good clergymen, lawyers and even editors who do not haul down the shekels as the baseball players do, or even as the hockey players do.

What then? Is education a failure? This can scarcely be said, for the successful baseball player today is the result of a long and arduous course of education—in baseball. Few professional men are more thoroughly educated along particular lines than the successful baseball player is—in baseball. Is it school education that is at fault? If so, why not add baseball to the school curriculum? The tendency today is to make school education practical; to cause it to render a more useful service in the struggle for existence. Much depends, of course, on what we mean by education. If the main purpose of an education is to help people to make

a living, then it is possible that a good many children are wasting time at school, when they ought to be learning baseball, or hockey, or prizefighting, or studying the market reports; but if at least a part of the purpose of education is to make men and women and to enable them to make life liveable for themselves and others, then it may be that there is still something to be said in favor of school education.

Just now there is considerable confusion as to the meaning and purpose of school education; and in view of the tendency to judge the value of school education by the contents of the pay envelope, a strong argument might be advanced in favor of baseball and hockey. But it is still possible to raise the question if the making of a living is the chief purpose of life. For, after all, there is a difference between living and making a living. The world is full of examples of people who are eminently successful in making a living, but who make very little out of life for all that. On the other hand, examples are not wanting of people who have not been conspicuously successful in work of making a living, but who have managed to live more fully, more humanly and more satisfactorily than many of their neighbors who judge success by a different standard. Eventually it may come to be seen that the most useful education is that which enables the student to make the best use of his life, and that that man is not necessarily making the best use of his life who is earning, or at least winning, the most money.

## PREMIER M'BRIDE ASKS C. P. R. FOR LOWER RATES ON COAL

AS RESULT OF PRESSURE BROUGHT TO BEAR ON HIM THE PREMIER TAKES ACTION TO RELIEVE THE COAL SITUATION

Victoria, Jan. 27.—Evidently pressure has been brought to bear on the government to take steps to put a stop to the constantly recurring shortages of coal which have taken place in British Columbia especially in Vancouver. Mr. C. E. Tisdall, in his speech the other day, sounded a note of warning, and Sir Richard apparently thought the matter serious, for yesterday he telegraphed to Sir Thomas Shaughnessy, president of the Canadian Pacific Railway company, asking him to have the rate on coal over his road materially reduced so far as the coast points of British Columbia were concerned.

In the message he pointed out the situation was serious from every point of view and that there was urgent necessity for a substantial reduction.

This action on the part of the premier is the result of the suffering in Vancouver during the last part of last week and the beginning of this. His own followers, and especially the Vancouver members will not stand much more dilly dallying with the question and Sir Richard evidently realizes the fact.

## B. C. FARMERS WANT NUMEROUS REFORMS

Better Markets, Better Transportation and Government Telephone System for Province are a Few Demands

Victoria, Jan. 27.—Appearing before the Agricultural Commission, a delegation of farmers made urgent demands for many needed reforms in British Columbia. They did not speak at great length, but they gave the commission to understand that they had to have better transportation, better markets and better facilities for borrowing money.

They argued also that there should be a government telephone system over the whole province.

At the present there are many small companies, and besides being charged a high rate the farmers are never sure of getting their connection.

On this question delegates were appointed to interview the premier and Mr. Bowser. They did see him but to little effect.

Another matter considered by the commission was the Indian reserves. The farmers who appeared before the commission favored having the reserves sold at auction in forty acre blocks.

"What is to become of the Indians?" some one asked.

The answer was that many of the reserves were now unused and that Indians who wanted to become citizens could get one of the forty acre divisions. A higher tariff on farm produce and the

control of the irrigation reservoir and distribution plants were also argued by the farmers.

### Woman's Swimming Record.

San Francisco, Jan. 27.—Mrs. Tirie Desch broke the woman coast record for swimming 50 yards, which she had established herself, by going that distance the other evening in 40 seconds at the Y. M. C. A. open meet. Her previous record was 42 seconds.

## RADIUM DELAYS CANCER GROWTH

Report of Radium Institute Says It is of Real Value in Treating Disease

London, Jan. 27.—The long awaited first report of the Radium Institute of London has been published in the British Medical Journal. It indicates that in addition to a long list of minor non-malignant conditions, such as birthmarks, eczema and tubercular glands, radium often cures, and almost always improves the health of the patients suffering from cancer of the deadly type. The following summary is given of patients treated:

Apparently cured, 53; cured, 28; improved 244; not improved 70; abandoned treatment 88; dead 55.

The term "apparent cure," the report explains, when used in reference to cases of cancer means that all traces of the original disease has disappeared, that there are no signs of any recurrence, and that the patients, so far as can be determined, are free from any indication of symptoms of the disease.

## THE AFTERMATH

Usually the day following Christmas brings with it unpleasant recollections of friends who have been inadvertently overlooked in the matter of Christmas gifts. Isn't it fortunate that New Year's Day follows so closely and gives us an opportunity to make amends for our oversights during the Christmas rush. While the past week's shopping made very heavy inroads into our stock, the assortments in each line are practically unbroken. We have a large range of beautiful things for New Year's gifts. CONSULT OUR CATALOGUE.

**Canadian Champion Loses Again.**

New York, Jan. 27.—Jose Capablanca, the Cuban chess champion, won his fourth straight game recently and maintained his lead in the National Chess Masters' tournament, defeating J. H. Morrison, the Canadian title holder, in 22 moves. Marshall, Janowski, Jaffe, Chajes, Tenenwuerzel and Whitaker scored at the expense of Liebenstein, Kupchik, Stapper, Rubenstein and Zapolon, respectively.

**THE FUTURE LOOKS PROMISING FOR ALL MINES AT HAZELTON**

**Harris Mines Made First Shipment of Ore to Trail Smelter—Silver Standard Will Make Early Shipment**

Wednesday was a red letter day for the Hazelton district. It marked the shipment of the first car load of ore from the local mines. The Harris Mines were the first shippers, and the 25 tons of ore which they have stacked up alongside the G.T.P. tracks for over three months was finally pulled out and started on its way to the Trail smelter. The car was loaded on Friday last and a good deal of interest was taken in the work. The Harris boys were very proud and happy and they hope that in future they will have no more trouble in getting their ore to the market.

ing high grade ore on surface so that it is not merely a stringer the boys have, but a mine that will continue shipping for a very long time. Grab samples from many sacks of the ore have been sent to the smelter for a test and the average return was \$101.00. This ore will pay a handsome dividend.

**Silver Standard Mine**

The next shipment of ore from this district will be made the first part of next week when the Silver Standard will send out 10 carloads of their high grade stuff. For the past week A. L. McHugh has had four four-horse

up the ore ready for stoping so that by the time the dump is cleared up it will be possible to start taking out ore every day and thus make the shipments as fast as they please.

On the Rocher de Boule side of the town the mine named after the mountain is doing big work. A large crew has been at work all winter and an immense amount of ore is now on the dump ready for the shipping in the spring. The Rocher de Boule Co. did not intend to ship before spring and then they will put in a tram and drop the ore right down alongside the railway. Re-

VIEW OF HAZELTON

Showing Rocher de Boule Mountain in the background, at present the scene of considerable activity.

The Harris Mines are among the best known in the district, and they have been worked very successfully up to the present by the boys themselves. They have to date 1,000 ft. of surface work done and 1250 ft. of underground work including tunnels, drifts, shafts, etc. The mine is now in fine shape for regular shipments and these shipments will more than pay for the development and taking out of the ore. In a very short time the mine will be on a dividend paying basis.

The group includes 8 claims with five distinct veins, all show-

teams hauling every day and they bring down half a carload a trip. At the present time they have nearly enough to complete the first ten cars. These will be lifted as soon as ready. At the mine four men are sacking ore. All the machinery is working and drilling in the crosscut tunnel which is progressing very rapidly. It will not take long to reach the No. 3 vein which is 300 feet above the No. 2 on which the big shaft was sunk. The tunnel is being driven from the 260 foot level. At the same time other crews are drifting and opening

cent reports from the property are exceptionally favorable, and the men are working in solid ore from wall to wall. It is one of the big things in the Hazelton camp and there are many more properties just as promising which will be opened up this spring. With the Grand Trunk Pacific Railway carrying freight into town supplies will be cheaper and the miners can operate with a reasonable amount of expense. There are several miners in town now preparing for the spring work. The outlook for this year is the brightest the district has ever had.—Omineca Herald.

**ONE NEW CHAMPION**  
George Lammerson of Los Angeles Wins Coast Featherweight Title.

San Francisco, Jan. 27.—Three out of four amateur champions of the Pacific Coast defended their titles successfully in the boxing tournament held here recently under the auspices of the Olympic Club. George Lammerson of Los Angeles is the new champion. He defeated Frank Malone, of the Olympic Club, featherweight champion of the coast, in a closely contested bout that went four rounds—one extra—before the judges could come to a decision. Interest centred in the bout between Robert McAllister, of the Olympic Club, champion heavyweight of the coast, and Tad Derbyshire, champion light heavyweight of the Multnomah Club, Portland, Ore. McAllister won all the way, and in the second round Derbyshire's seconds climbed into the ring, waving a towel.

**City Pays Damages.**  
Upon the report of the Finance committee in regard to the claim of the Union Transfer Co. for damages due to one of their automobiles by colliding with a water hydrant last fall, a motion that the company be paid \$35 was

carried. City Solicitor Peters recommended this course, although he did not think the company had any case against the municipality.

## Read The Daily News

## Be Suspicious

**BE** suspicious of that of which nobody is proud. Be suspicious of the mere low-price argument offered in favor of an article with no reputation, no backer, no guarantor.

Better buy the thing you know and can trust, than an article unbranded and unvouched for.

The branded shoe, made by a maker with a reputation, is a safer shoe to buy than the one made in an unknown factory by an unknown maker.

The underwear made by a firm whose name is as familiar to you as your own, is worth more to you than underwear nameless or labelled by a maker of whom you have never heard.

Tea sealed in a packet bearing the name of a reputable firm is to be preferred to tea of which the packer is not sufficiently proud to advertise its quality.

Put your faith in the advertisements appearing in good newspapers. Beware of the article that cannot stand the spot-light of publicity. The commodity an advertiser backs with his own money is something worth your buying.

Advice regarding your advertising problems is available through any good advertising agency or the Secretary of the Canadian Press Association, Room 503 Lumsden Building. Enquiry involves no obligation on your part—so write, if interested.

### SHERIFF'S SALE.

IN THE COUNTY COURT OF ATLIN HOLDEN AT PRINCE RUPERT.

JAMES D. PEEBLES and Others, Plaintiffs;  
QUEEN CHARLOTTE FISHING CO., LTD., Defendant.

By virtue of a warrant of execution, issued in this action, and to me directed, I have seized of the goods of the Defendant, the following:

2 schooner rigged fishing boats;

1 sawmill;

1 small stock of merchandise;

1 bunk and cook house;

1 office and store room;

1 saltery and fertilizer building;

1 lot of tools and other articles.

All of which I shall offer for sale by public auction for cash on Thursday, the second day of January, 1913, at 3 o'clock in the afternoon, at my office, Prince Rupert.

Dated at Prince Rupert, Nov. 9, 1912.

JOHN SHIRLEY,  
Sheriff of the County of Atlin.

The above sale is hereby postponed until Tuesday, the 4th day of February, 1913.

Prince Rupert, Dec. 18, 1912.

JOHN SHIRLEY,  
Sheriff.

17-29

Notice is hereby given that thirty days after date I intend to apply to the Governor in Council for a quit claim deed for the following described foreshore:

Commencing at the southwest corner of Lot 446, Range 5, Coast District, British Columbia, which is on the high water line, thence west seven hundred (700) feet, thence north twenty-two degrees and forty-five minutes west (N. 22° 45' W.) twenty-eight hundred (2800) feet, thence north ten degrees west (N. 10° 00' W.) forty-four hundred and seventy (4470) feet, thence east seven hundred (700) feet, to the Grand Trunk Pacific Railway right-of-way; thence south seventeen degrees and forty-one minutes east (S. 17° 41' E.) to high water mark, following the high water mark, sixty-two hundred and fifty (6250) feet, more or less to point of commencement; excepting that portion (included within the above boundaries) covered by the Grand Trunk Pacific Railway right-of-way. 303-332

E. J. MATHEWS.

Ritchie, Agnew & Co., Surveyors and Engineers, Agents.

Dated Prince Rupert, B. C., December 23rd, 1912.

### NOTICE.

Prince Rupert General Hospital Association.

The annual general meeting of members will be held in the city hall at 8 p. m., Wednesday, January 29th, 1913, to receive the directors' and other reports and to elect new directors for the ensuing year.

By order of the Board.  
W. M. WRIGHT,  
18-23 Managing Secretary.

### LOCAL NEWS ITEMS

E. M. Sandilands, government agent, of Queen Charlotte City, came over on the Prince John this morning, en route south on business.

A. C. Aldous, the prominent Hazelton real estate man, accompanied by Mrs. Aldous, arrived this morning from an extended visit to the south and left on the train immediately for the interior.

J. W. Piercy, of the well known wholesale dry goods firm of J. Piercy, Morris & Co., was among the arrivals on the Prince Rupert this morning from his home in Victoria.

W. J. Alder, formerly in the real estate business in this city, now resident in Victoria, arrived this morning on the Prince Rupert. Mr. Alder was amongst the earliest of the pioneers of Prince Rupert and is heavily interested in city property, being the owner of the Alder Block, at the corner of Sixth street and Third Avenue, one of the most valuable locations in the city.

Mr. and Mrs. Jay Kugler returned this morning from a visit of several weeks spent in the lower coast cities.

G. H. Kohl, of the staff of Ritchie & Agnew, civil engineers and surveyors, returned on the Prince Rupert this morning from a short trip to Vancouver and Victoria.

Mr. and Mrs. J. C. Patmore arrived this morning on the Prince Rupert on a honeymoon visit to the former's brother, Mr. L. W. Patmore, the well known barrister of this city. Mr. J. C. Patmore is one of three brothers, prominent merchants of Cranbrook, B. C., engaged in the hardware business.

Clarence A. D. Thompson, who has been foreman of the Evening Empire for some time past, left this morning for Hazelton to accept a position on the Omineca Miner.

Mrs. J. S. Gray, accompanied by her little daughter Florence, returned this morning from Seattle, where she has been visiting Miss Ethel Gray, who is undergoing a course of instruction in singing and stage dancing under Professor Milton Douglas, son of ex-Alderman Douglas of this city. The former will be remembered as being the successful producer of the kermess held in Prince Rupert last September.

There arrived on the Prince Rupert this morning for the regular tri-weekly change at the Empress Theatre a magnificent three reel feature film, a dramatization of Alexander Dumas' famous masterpiece, "The Count of Monte Cristo." This story is conceded by the most eminent critics to be one of the greatest ever written, and should prove of enthralling interest to the patrons of the popular pioneer theatre. It will be shown only upon the evenings of today and tomorrow, when, doubtless, everyone who can possibly manage it will make a point of paying the Empress a visit.

### Exhibition Assn. Off to a Good Start

(Continued from Page 1.)

A. H. Allison, voicing the opinion of several others, thought it would be a mistake to make any very definite boundaries other than that of Northern British Columbia.

Upon coming to the important work of the election of officers, the choice of the meeting for president fell unanimously upon Mr. J. H. McMullin. For vice president four names were put in nomination—Mayor Pattullo, Dr. Tremayne, Frank Mobley and A. J. Prudhomme. The Mayor asked leave to withdraw his name and upon a ballot being taken Dr. Tremayne was announced elected as vice president. Alderman Bullock-Webster, to whose zeal and energy is due in great part the advanced stage that the organization has reached, was unanimously elected secretary for the coming year. For the position of treasurer Frank A. Ellis and J. Lorne McLaren were the only two nominees. A ballot resulted in an equal number of votes and upon the toss of a coin the appointment fell to the former.

The following nominations were made for directors, five of whom were to be elected: A. J. Prudhomme, W. Thompson, O. H. Nelson, W. Wark, D. B. Kenney, L. Crippen, A. H. Allison, W. S. Marshall, J. L. McLaren, J. W. Chapple, Peter Black, J. Charles Halsey, Mr. Harris of the Harris Bros. Mines, Hazelton; E. L. Fisher, G. R. Naden, D. B. Taylor. Those elected were Messrs. A. J. Prudhomme, G. R. Naden, J. Lorne McLaren, L. Crippen and A. H. Allison. In connection with the hearty co-operation promised by the G. T. P. letters were read from the travelling industrial agent of the C. P. R. asking for early information as to the formation of the association and from William Manson, M. P. P., stating that upon receipt of definite particulars as to the progress of the work in hand with the forms provided by the Provincial government properly filled in he would be in a position to approach the department in the matter of an adequate appropriation.

An initial start was made in the enrolment of members, a list being circulated which was signed by all present.

### HERRING FISHERS LAND AN ANCHOR

Probably Belonging to Launch that Sank in the Harbor Some Days Ago

An unusual catch was made by some fishermen in the harbor on Sunday whilst operating their nets for herring. Instead of pulling up a few thousand herring, to their surprise they had landed the anchor of the launch which sank a few days before, after striking a rock near Cameron Bay. A buoy was set to mark the spot as a guide in case the owners wish to raise the boat.

### No Successor Appointed.

In regard to who will be the successor to Captain, B. L. Johnson as commander of the G. T. P. steamer Prince Rupert, the local officers of the company have so far received no official notification. It is believed that Captain Duncan McKenzie of the Prince George, who brought the Prince Rupert in this morning will remain in command, and it is thought that Captain Donald of the Prince Albert will be promoted to the Prince George.
