# Editorial Notes and Clippings

## THE COAL QUESTION.

The coast cities, and especially Vancouver, are being treated to a good deal of humbug in regard to the coal situation by the Provincial government. It is admitted by the government and its supporters both in the House and in the party press that Vancouver is in a very serious situation because of the inadequate coal supply and because of the extortionate prices charged for what is available.

Within forty miles by water from the coal mines, the citizens of Vancouver are compelled to pay from seven to nine dollars a ton for coal, and in most cases they must pay in advance and book their orders weeks ahead. In hundreds of cases actual suffering has been caused for want of fuel and much illness has been occasioned because coal could not be obtained. Today there is not a dealer in the city who will agree to deliver coal under three weeks, others want seven weeks, and one concern refuses to take orders at all. We cannot believe this situation has the approval of the dealers themselves, who, naturally, want to sell all the coal they can, that being their business. Coal from Princeton is now selling for \$8.50 a ton, being hauled over the Great Northern via Spokane.

When the Liberal government was in power at Ottawa large heroics were indulged in by the Provincial government, which asked for a commission to investigate the coal situation. The Dominion government quite properly answered that the question was a local one and should be dealt with by the Provincial authorities.

Sir Richard McBride's last grandstand play was to telegraph Sir Thomas Shaughnessy asking for a reduction on the rates from Nicola. As the rate is \$1.80, it can be seen that no cut which the company could make in the rate would have any appreciable effect upon the prices charged here. If coal hauled forty miles by water commands \$7 to \$9, any cut that could be made in the Nicola rate would have very little effect upon local prices. Were the Hope Mountain Railway now in operation a cheaper route than the present one

from Nicola would be provided, and in addition to that advantage there would be the competition of two other sources of supply, the mines at Princeton and at Coalmont. This was one of the chief arguments advanced by the Liberals for the Hope Mountain route in 1909 when, it will be remembered, Premier McBride had nothing to say for it but heap upon it contumely and abuse of those who advocated it.

The fact of the matter is that the Provincial government is almost wholly responsible for the present coal situation in Vancouver. The strike in the island mines has been caused by the appointment by Sir Richard McBride, in his capacity as minister of mines, of incompetent mine officials, under whose administration the men refuse to work. The miners have asked for an investigation and although Sir Richard, during the last election campaign, promised that the miners should always be given a fair hearing when they had a grievance, he has not yet seen fit to implement that promise. Instead of doing so, he has exasperated them by appointing a commission which has been sent away into the interior, where its services are not nearly so badly required as they are on the island. If the demand of the men were acceded to and the facts ascertained by a competent and impartial investigation, it is not unlikely that the strike would be easily and quickly terminated.

We assert that this is a question which is wholly up to the government to grapple with. The McBride government has not only headed off any investigation, but it has consented to a capitalization nearly double the price paid for the mines by the present owners. That in itself means the maintenance of the high cost of producing coal. The watering of the coal company's capitalization to the extent of \$10,000,000 should never have been permitted. Coal is as much a public utility as a railway or a bank and should be subject to regulations in the public interest just as those institutions are.

The situation has got to a point, and the public has become so exasperated, that pa-

tience is now well nigh exhausted. The government might very properly consider the opening of new mines to be worked in competition with the present ones. The result should be a very substantial reduction in the cost to the consumer and an assurance of a stable and ample supply. The consumer should be the first to be considered, for it is he who produces the revenues of the government and pays the interest on the exorbitant capitalization of the mines.

The annual report of the Minister of Mines for British Columbia shows a bad state of affairs in regard to the results of the examination for coal mine officials. The report remarks: "The number of failures at this examination was both unprecedented and unaccountable." This condition of affairs is a serious reflection on the administration of the Provincial Bureau of Mines. It proves the necessity of action by the Bureau to establish schools of mines in the mining centres, a policy that has been consistently advocated by the Nelson Board of Trade, the Mining and Engineering Record, and representatives of the mining interests.—Mining and Engineering Record.

## GOOD FRIDAY COMES EARLY THIS YEAR

Another Century Will Pass Before the Festival Will Fall on the Same Date.

All sober, upright mathematicians and chronologists of the George Washington variety are agreed that Easter Day bonnets should bloom earlier this year than for 57 years, over half a century, or since 1856.

The earliest possible date of Easter Day, according to the rules laid down for the construction of the calendar, is March 22, but that has not happened since 1818.

This year Easter Day will be March 23, the date on which it fell in 1845 and 1856. Tables of computations by mathematicians have as yet not been carried far enough to show just how long it will be before Easter again falls on so early a date, but that it will not occur until some time after the year 2000 chronologists are agreed.

The rules for making definite the day of Easter Day, upon which depends the rest of the moveable feasts, is that it shall fall on the Sunday after the full moon following the spring equinox. The equinox for the spring of 1913 falls on March 21, which is Friday, and there being a full moon on Saturday, March 22, it brings Easter on the following day, Sunday, March 23.

A three storey concrete building is to be erected at Ketchikan for the Tongrass Trading Co. This makes the third concrete building in the Alaskan town.

## AUSTRALIA'S CRUISER HAS SAILED FOR HOME

First of the Commonwealth Fleet Left Devonport Today.

London, Jan. 29.—The second class protected cruiser Melbourne, the first completed ship of the Australian naval programme, left Devonport today for Australia. She is of the improved Weymouth type, displaces 15,400 tons, has a main armament of eight six-inch guns and a speed of 25 knots. Two sister ships, the Sydney and Brisbane, are under construction.

The battle cruiser Australia, now building for the Commonwealth, is nearing completion. She has a displacement of 18,800 tons, a main armament of eight twelve-inch guns and a speed of 28 knots. A sister ship to her is the battle cruiser New Zealand, presented by that dominion to the admiralty, and this warship will be honored next week by a private visit from His Majesty, who will unveil the carved Dominion of New Zealand coat-of-arms.

## THEY USED HERRING FOR THEIR FUEL

C. O. Julien is in receipt of bad news regarding a shipment of salt herring shipped to the Orient on the steamer Fitz Clarence. It appears that when the vessel was within a couple of hundred miles or so of the Japanese coast, she encountered such severe gales that she was driven back almost all the way to Alaska, and in the struggle to hold her own against the winds and eventually make her way to Yokohama she was compelled to tear out and burn every partition and other wooden fixture on board, following it up with thousands of sacks of flour, and wind up with 700 tons of salt herring Mr. Julian's company, Oriental Import & Export Co., had on board. The insurance company of course paid for the burned cargo, but on the basis of market price on this side of the Pacific, and not the Oriental side. This incident, coupled with the inability to get cargo space on trans-Pacific steamers will put quite a crimp in the company's herring business this season.—Ketchikan Miner.

Mr. J. M. Clancy, manager of the local branch of the Bank of Montreal, will leave on Friday next on the Prince Rupert on an extended trip in connection with banking business, going as far east as Winnipeg. During his absence Mr. H. B. Cambie will assume the position of acting manager.

## LUMBER SHIPMENTS FROM FRASER RIVER

Present Year Expected to Break All Records—Australia is the Chief Market.

New Westminster, Feb. 3.—Exports of British Columbia lumber from the Fraser River during 1912 will break all records. Conservative estimates place the shipments to be made during the next twelve months to Australia and South Africa at 30,000,000 feet. This will make the Fraser River the premier lumber port of British Columbia.

The Canadian Western Lumber Company has already booked orders for 12,500,000 feet to Australia and 2,500,000 feet to South Africa, and the sales manager for the big Fraser River mills expects that these quantities will be doubled before the year is out. The Brunette sawmills will ship between 2,000,000 and 3,000,000 feet to Australian ports.

Foreign prices for British Columbia lumber are exceptionally good at present, and if it were not for the strong home demand the amount exported would be largely increased.

**ITEMS OF INTEREST FROM THE INTERIOR CLIPPED FROM THE OMINCEA HERALD**

Road Superintendent W. J. Carr returned to Telkwa yesterday.

Ed. V. McBeth has returned from Vancouver with six fine horses.

P. B. Carr returned from the coast on Saturday and left for the Bulkley Valley yesterday.

T. T. Dunlop, of Telkwa, is receiving congratulations on the arrival of a son and heir, born on Monday.

A report comes from Prince Rupert that Joe Peach, who formerly conducted a news stand here, had been drowned in San Francisco Bay.

Michael Lauzon, a pioneer of

**HIGH PRICE PAID FOR TROTTER HORSE**

The trotting stallion Billy Burke, sold recently by a New York owner, left for Russia, carrying two policies of insurance for \$40,000 each, one covering the sea voyage and the other the life of the horse for one year, sea risks excepted. The purchaser was the Russian ambassador to the United States, Mr. George Bakhmeteff, who is also a member of the Imperial St. Petersburg Society for the Encouragement of Breeding Trotting Horses. He paid J. Howard Ford \$40,000 after the horse had passed Dr. McCully's examination for soundness. Billy Burke is a good looking as well as a sound horse, but many such are to be found in all parts of the country, and Mr. Bakhmeteff might have secured a shipload for the amount he paid for this one were he seeking simply appearance and freedom from constitutional defects. He wanted, though, something that is not determined in the show ring. He paid the price of two hundred common horses for the figures "2:03 3/4," the appendix to the name of this one. Race records, not tin cup figures, give value to the horse in the eyes of those who have the price to pay for the most desirable. Courage and stamina, as well as speed, are proven in actual contests, not taken for granted, and the crown is to the victor. The lesson of it all is that the United States would soon run out of Billy Burkes if there were no racing. If it is admitted that it is desirable to continue producing animals that will be wanted by other nations for the improvement of their stock, then racing must be continued. No side issues can obscure this outstanding and uncontroverted fact.

**THORPE FINDS FRIENDS EVEN IN LONDON TOWN**

**London Citizen Would Hesitate to Dub the Champion a Sham Amateur.**

London, Jan. 29.—Defence of James Thorpe, the noted American Indian athlete who won first honors at the Stockholm Olympic games, recently convicted of professionalism, was voiced here today by the London Citizen-Laborite journal.

"The Thorpe incident," says the paper, "is regrettable, but there is no reason for the hysteria exhibited by Americans. We would hesitate to dub Thorpe a sham amateur."

"Thorpe seems to be suffering severely from unsophistication and indiscretion. There is no doubt but that the American committee acted properly, but we wish it had never started in on the poor Indian."

**"Biscuits" Wins**

Pendleton, Ore., Jan. 29.—In a handicap match here last night Zbyszko, the Polish champion, defeated Ban Jackson in two straight falls in fifty minutes. The contest was a fast one, and was witnessed by a capacity house. Zbyszko left at midnight for Vancouver, B. C., where he will meet Pat Connolly, the Irish champion, on Friday night.

**MANY FACTORIES MAY SHUT DOWN**

Rochester, N. Y., Jan. 31.—Unless there is a decided change in the garment strike situation here before evening, there will begin a shut down of factories that will throw 12,000 employees out of work. The manufacturers declared Saturday they would close down all the factories unless the strikers returned to work unconditionally. The strikers demand recognition of their union. The yearly production of clothing in Rochester is approximately \$22,000,000. State mediation is being urged by Rochester business men.

**Earl of Crawford Dead**

London, Jan. 31.—James Ludovic Lindsay, twenty-sixth Earl of Crawford, died here today. Deceased was born in 1847.

**Mr. J. E. Merryfield returned Friday evening on the Princess Beatrice from an extended visit to the southern coast cities.**

**AMERICAN BOXER SUES OMNIBUS COMPANY**

London, Feb. 3.—Asserting that he lost a great deal of money by being prevented by personal injury from fighting Mike Gibbons in a projected contest in New York, Harry Lewis, an American boxer, is claiming heavy damages in the high court here. The case is on the list for next Friday.

Lewis, who claims to be welter-weight champion of the world, is suing for damages for injuries suffered in a motor car collision in Fleet street at the beginning of last year.

The defendants are the London General Omnibus Company and the British Motor Cab Company.

According to F. W. Taylor, the London manager of the Bank of Montreal, Canada has borrowed in the London market in the last ten years \$1,022,000,000, with a further \$100,000,000 of funds privately invested.

### PUBLIC MEETING.

By instructions of the Mayor, notice is hereby given to the citizens of Prince Rupert that a public meeting will be held in the council chamber, city hall, at 8 P. M., Tuesday, February 4th, for the purpose of discussing the question of a public library and reading room and the purchase of the necessary books and papers, etc.  
All persons interested are cordially invited to be present and to give their assistance in this very important matter.  
28-29 ERNEST A. WOODS, City Clerk.

### SHERIFF'S SALE.

IN THE COUNTY COURT OF ATLIN HOLDEN AT PRINCE RUPERT.  
JAMES D. PEEBLES and Others, Plaintiffs,  
QUEEN CHARLOTTE FISHING CO., LTD., Defendant.  
By virtue of a warrant of execution, issued in this action, and to me directed, I have seized of the goods of the Defendant, the following:  
1 schooner rigged fishing boat;  
1 sawmill;  
1 small stock of merchandise;  
1 bunk and cook house;  
1 office and store room;  
1 saltery and fertilizer building;  
A lot of tools and other articles.  
All of which I shall offer for sale by public auction for cash on Thursday, the second day of January, 1913, at 2 o'clock in the afternoon, at my office, Prince Rupert.  
Dated at Prince Rupert, Nov. 9, 1912.  
JOHN SHIRLEY,  
Sheriff of the County of Atlin.  
The above sale is hereby postponed until Tuesday, the 4th day of February, 1913.  
Prince Rupert, Dec. 18, 1912.  
JOHN SHIRLEY, Sheriff.

Notice is hereby given that thirty days after date I intend to apply to the Governor in Council for a quit claim deed for the following described foreclosed:  
Commencing at the southwest corner of Lot 446, Range 5, Coast District, British Columbia, which is on the high water line; thence west seven hundred (700) feet, thence north twenty-two degrees and forty-five minutes west (N. 22°45' W.) twenty-eight hundred (2800) feet; thence north ten degrees west (N. 10° W.) forty-four hundred and seventy (4470) feet; thence east seven hundred (700) feet, to the Grand Trunk Pacific Railway right-of-way; thence south seventeen degrees and forty-one minutes east (S. 17°41' E.) to high water mark, following the west boundary of the Grand Trunk Pacific Railway right-of-way, eleven hundred (1100) feet, thence southerly following high water mark, sixty-two hundred and fifty (6250) feet, more or less to point of commencement, excepting that portion (included within the above boundaries) covered by the Grand Trunk Pacific Railway right-of-way.  
E. J. MATHEWS  
Ritchie, Agnew & Co., Surveyors and Engineers, Agents.  
Dated Prince Rupert, B. C., December 23rd, 1912.

### LOCAL NEWS ITEMS

B. A. Grant, travelling accountant for P. Burns & Co., returned yesterday on the train from a trip to Hazelton and other points in the interior.

His Honor Judge Young will take up his residence in the house vacated by Mr. F. S. Long, manager of the Bank of B. N. A., who has been transferred to Calgary.

J. Roerig, of G. W. Nickerson & Co., arrived back in the city on last evening's train from a two weeks' business visit up the line of the G. T. P. as far as Telkwa.

Mr. and Mrs. J. C. McLennan went south on Saturday evening on the Princess May for an extended visit to the United States and Eastern Canada.

W. Copper, who has been in the city for some little time past in connection with the organization of the newly formed Bankers Trust Co., which is opening up offices in the Hart Block next to the Bank of Montreal, left for Vancouver on Saturday on the Princess May.

Mr. Bennett, father of C. V. Bennett, the well known lawyer of this city, was a passenger south on the Princess May Saturday night on his way east after spending several months in Prince Rupert on a visit to his son.

Mr. E. C. Gibbons, who, as announced in Saturday's News, has taken unto himself a wife, will take up his residence on his return to Prince Rupert in the residence vacated by Mr. J. C. McLennan.

Amongst the guests registered at the Central Hotel from the interior on last evening's train are E. H. Hicks Beach, a prominent real estate man of Hazelton; Mrs. Tom Stewart of Kitsumkalum, and F. R. Gierston of the G. T. P. engineering staff.

### AT THE THEATRES.

Good films are advertised for all the "movie" houses this coming week. Mr. Stevens in conversation with a Daily News man this morning announced most cheerfully that last week was the best business ever done by the Empress Theatre at the prices that ordinarily prevail at picture shows. His house will have a strong bill this evening of both amusing and instructive films.

The Westholme Opera House, whose management are always "merry and bright," announce good houses every night and consequent satisfactory box office receipts. Their programme, including a particularly interesting series of Pathe Freres pictures, in which recent events in the British Isles, as well as late pictures of the Balkan war, are predominant, is bound to prove a great attraction.

Mr. Witt, manager and operator of the Majestic, has no complaint to make as to business, and is there this week with an all star bill that will act as a magnet in directing the steps of amusement seekers to this popular little house to wile away an hour after the many arduous daily duties that fall to the lot of the common mortal in Prince Rupert as well as other places.

### A. E. McMaster Returns.

Mr. A. E. McMaster, general agent of the G. T. P., paid a flying visit to New Hazelton on Saturday, returning last evening. He is pleased at the progress that is taking place all along the line. On the evening of his arrival he was fortunate to be able to witness a most exciting hockey match between Old Hazelton and New Hazelton, which took place on a most excellent open air rink lighted by splendid gasoline arc lights. The old town team won by the narrow margin of one goal, the final score being 5 to 4.

### THE WEATHER.

The weather report at 5 o'clock this morning read: Barometer, 30.107; maximum temperature, 46; minimum temperature, 33; precipitation, .17 inch.

Find it through a Daily News "Want Ad."

## Be Suspicious

**BE** suspicious of that of which nobody is proud. Be suspicious of the mere low-price argument offered in favor of an article with no reputation, no backer, no guarantor.

Better buy the thing you know and can trust, than an article unbranded and unvouched for.

The branded shoe, made by a maker with a reputation, is a safer shoe to buy than the one made in an unknown factory by an unknown maker.

The underwear made by a firm whose name is as familiar to you as your own, is worth more to you than underwear nameless or labelled by a maker of whom you have never heard.

Tea sealed in a packet bearing the name of a reputable firm is to be preferred to tea of which the packer is not sufficiently proud to advertise its quality.

Put your faith in the advertisements appearing in good newspapers. Beware of the article that cannot stand the spot-light of publicity. The commodity an advertiser backs with his own money is something worth your buying.

Advice regarding your advertising problems is available through any good advertising agency or the Secretary of the Canadian Press Association, Room 503 Lumsden Building. Enquiry involves no obligation on your part—so write, if interested.

That in which much money has been invested to make or keep it good is worth more than that on which nothing or but little has been spent.

Peace of mind is worth something, just as quality is. Buy peace of mind.

When you buy anything worth while buying, buy that of which you know—from advertisements, or from other dependable acquaintance. Buy the article with the "money back" guarantee—with the pledge of a known name behind it.
