DOMINION ESTIMATES INCLUDE THAT AMOUNT FOR PUBLIC WORKS FOR THIS DISTRICT

SUNDAY POOL ROOMS WILL NOT BE TOLERATED

COUNCIL IN COMMITTEE DECIDED LAST NIGHT AGAINST SUNDAY POOL ROOMS—ALD. KERR, MAITLAND AND BULLOCK-WEBSTER FAVORED THE OPEN POOL ROOMS.

It was evident by the large number of citizens who attended the regular weekly meeting of the City Council last evening that there was something expected to be doing. They were not disappointed. Every alderman was on his appointed seat upon the stroke of 8 when the Mayor called the meeting to order and asked the city clerk to proceed with the reading of the minutes. There were no communications. In the latter of petitions, there was one only, signed by about six hundred citizens, praying the council to leave the matter of the closing of the pool rooms on Sunday in abeyance for the time being, at any rate. Alderman Dybhavn moved that the petition be received and filed. This was carried, Aldermen Bullock-Webster, Maitland and Kerr dissenting. When the matter of the by-law came up the Council resolved itself into a committee of the whole, Alderman Sutherland taking the chair.

Alderman Maitland made a strong plea in support of the petition. He mentioned the oft repeated arguments as to the single men of the city with no homes of their own, as well as the number who were continuously arriving from the interior, possessing nothing but a pack and some blankets in the way of personal effects needing a place in the nature of a club or public resort where they could meet their fellows and obtain a little harmless recreation. The larger cities to the south were reading rooms and other institutions to meet these wants more or less. He most emphatically denied that he was in any sense a bigot or a hypocrite and was in no way prompted to his action through the instigation of any secret meeting of any of people.

TWO HUNDRED THOUSAND DOLLARS FOR PRINCE RUPERT

DOMINION GOVERNMENT ESTIMATES FOR 1913-1914 INCLUDE LARGE AMOUNT FOR PRINCE RUPERT PUBLIC WORKS.

(Special to The Daily News.)
Ottawa, Feb. 3.—The main estimates for 1913-1914 were brought down today. The total amount required under the consolidated fund is \$125,850,338 and under capital expenditure \$53,304,845, making a total of \$179,155,183, as compared with a total of \$159,226,667 last year. The vote on the naval proposals is not included in the main estimates, which include over half a million more than last year for militia and defence, \$1,346,000 more for public works and three million more for railways and canals. The largest items of expenditure are \$19,000,000 for the National Transcontinental Railway, four and a half millions for the Hudson Bay Railway, three millions for the Quebec bridge, a million for the Canadian Building in London and a half million each for Vancouver and Victoria harbors.

Prince Rupert gets \$75,000 for a public building, \$60,000 for an immigration building, \$50,000 for quarantine station, \$75,000 for Union Bay and \$10,000 for Digby Island quarantine wharf. The dredging vote includes \$550,000 for British Columbia and \$495,000 for dredging plants. The Queen Charlotte Island telegraph line beyond Dead Tree Point to Masset gets \$13,750.

City Engineer of Calgary.
Calgary, Feb. 3.—George Craig, until recently city engineer of Omaha, Neb., has been appointed city engineer of Calgary at a salary of \$5,000 a year. Mr. Craig was selected from ninety applicants by the city council. A. Fox, a resident of Minneapolis, but formerly of London, England, was made waterworks engineer.

LETTER OF COMMENDATION FOR LATE CITY ASSESSOR

At the meeting of the City Council last night Alderman Sutherland moved that a letter expressing the high appreciation of the efficient and capable manner in which the late city assessor had performed his duties be drawn up and forwarded to Mr. McLennan. This was seconded by Alderman George Leek and carried unanimously. Before adjourning the Mayor drew the attention of the Council to the importance of the general meeting to be held tonight to consider the proposition of at once starting a public library and reading room and hoped they would be able to attend.

BOMBARDMENT OF ADRIANOPOLE WAS BEGUN LAST NIGHT

UNLESS TURKEY YIELDS TO BALKAN DEMANDS THE ALLIES SAY THEY WILL DRIVE HER COMPLETELY OUT OF EUROPE

(Special to The Daily News.)
London, Feb. 3.—The Balkan war was resumed with the bombardment of Adrianople, which began one hour after the termination of the armistice. There was also a small skirmish in the lines about Tchatalji. The armistice lasted exactly two months. Bulgaria has turned a deaf ear to the remonstrances of the Powers and says that unless Turkey yields to the Balkan demands the allied armies will make every attempt to drive her completely out of Europe.

ANOTHER TRAWLER HAS ARRIVED HERE

Second Steam Trawler for Canada Fish & Cold Storage Co. Has Arrived from Grimsby.

The second of the steam trawlers from Grimsby for the Canada Fish & Cold Storage Co. has arrived in the harbor and is floating peacefully at anchor in a little cove close to the big plant, awaiting the opening of the harbor season. She is almost a replica of the George E. Foster, which preceded her by a few days on the trip up from Vancouver. These two stout little boats were brought safely to their destination in Prince Rupert harbor after the long and at times hazardous passage around the Horn by Captains Wynne and Dillon, respectively, two genial Irishmen, who are now awaiting their opportunity to sail for the south again, having completed their work. The gallant captains express great admiration for this port and say it has only one superior in the world, and that, of course, is Queenstown, in their own little Emerald Isle. They predict a wonderful future for the fishing industry from what they have already been able to find out of the natural resources of these northern waters. As for Prince Rupert, they think it is simply marvellous the strides that have been made compared with the cities of the Old World.

TRIAL BALANCES EVERY MONTH

Each City Department to Be Conducted in a Businesslike Manner.

The city assessor was instructed by the Council last night to set to work immediately upon the preparation of the 1913 assessment roll, it to be completed by the 7th of April next. Trial balances are to be furnished by each city department at the end of every month.

ANNUAL MEETING OF PRINCE RUPERT CLUB

J. H. McMullin Elected President for the Ensuing Year—Committees Named.

The annual meeting of the Prince Rupert Club, an event that is looked forward to with much interest by the members of that organization, was held last night. One of the chief features of this meeting was the election of officers, which resulted as follows: President, J. H. McMullin; vice president, H. P. Wilson; secretary, A. E. McMaster.

The various committees named were as follows:
House—G. R. Naden, G. D. Tite and J. H. Tompson.
Finance—J. M. Christie, F. H. Mobley and F. G. Dawson.
Games—S. P. McMordie, G. R. Naden and F. H. Mobley.

NOT ENOUGH EVIDENCE TO WARRANT CHARGE

In Judge Young's court yesterday afternoon S. Stiekney, committed for trial upon a charge of theft of a sum of money from the person of a guest at the Premier Hotel, was discharged by His Honor upon Crown Prosecutor Fisher completing his case without calling upon the counsel for the defence. His Honor remarked that there was not a little of reliable evidence to connect the man in question with the charge and he was surprised that the case had ever been sent up for hearing.

MOTHERS' PENSION BILL IS FAVORED

House Judiciary Committee Recommends Law to Pay Wives of Convicts.

(Special to The Daily News.)
Olympia, Wash., Feb. 3.—Women interested in the passage of the mothers' pension bill saw success of their endeavors today when the house judiciary committee reported favorably on a bill providing for the payment by the state or county of \$1.50 a day to destitute wives of inmates of penal institutions, for their services in such institutions or on road gangs.

The real mothers' pension bill, drafted by Corkery and Rowland, providing for the payment of \$15 a month for the support of the first child and \$5 a month for each additional child of destitute mothers has been acted on favorably by the committee, although the report has not been presented to the house as yet.

Several other bills bearing on the pension bill have been introduced, one presented by Ralph Metcalf, senator from Pierce County, giving the power to courts to direct county commissioners to aid parents of delinquent or neglected children, instead of sending them to state institutions.

BYLAW PASSED FIRST READING

Ald. Naden Introduced Bylaw for Abolition of the Ward System.

At the Council meeting last night Alderman Naden introduced a bylaw for the abolition of the ward system, which was read a first time and then held over for further consideration until next Monday's meeting of the Council. The fact that the abolition of the ward system, when a plebiscite of the people was taken at the last municipal election, carried by a large majority, makes the passage of this bylaw a mere matter of form.

TAMMANY RULE NOT PERMITTED BY PRINCE RUPERT'S MAYOR

GAVE CONCISE AND SATISFACTORY ANSWER LAST NIGHT RE THE DISMISSAL OF A CITY FOREMAN

The subject that probably was of greatest interest to the many spectators at last night's meeting of the city council was the answer that Mayor Pattullo would vouchsafe to the questions submitted by Ald. Bullock-Webster as to the dismissal of J. O'Brien from a foremanship in the service of the city. The former's two questions were:
1. For what reason was Foreman J. O'Brien discharged from the work on Hays Cove Circle bridge?
2. Is it the policy of the council to engage and discharge city

employees for party merit rather than ability to do practical work? Mayor Pattullo replied as follows:
1. Foreman was discharged from the work on Hays Cove Circle bridge because it was deemed in the public interest that he should be so discharged.
2. The policy of the council in this connection is not a matter of record in the city hall.

Alderman Bullock-Webster remarked that he considered the answers evasive and not sufficiently explanatory to himself at any rate. He had made a careful investigation into the matter and believed the man in question perfectly efficient and capable, not that he in the least criticized the present holder of the position. He had come to the conclusion that the former had been discharged because he had taken such an active part in seeking the election of the former mayor. He was not satisfied with the answer to the second question.

LABOR COMMISSION MEETINGS ARRANGED

Will Visit a Number of Mining Centres on Vancouver Island During Next Four Weeks.

(Special to The Daily News.)
Victoria, Feb. 3.—The Provincial Labor Commission, which closed its first series of meetings at Revelstoke a few days ago, has decided that the points of importance on the island shall be included in its next itinerary. Nanaimo will be visited on Monday, February 17th. It is expected sittings there will occupy Monday evening and all of Tuesday. Cumberland will be reached in time for the holding of a meeting there on the evening of Wednesday, February 19th, and the remainder of that week will be spent in Cumberland, if necessary. The sitting at Alberni will be on the evening of Monday, February 24th, and it is expected that the hearing of evidence at that city will be completed in time to permit the commission to reach Ladysmith for the afternoon on Tuesday. Steveston will be visited on the Monday of the following week, Chilliwack on the Tuesday, and New Westminster (return) on the Thursday. The next sittings in Vancouver will open on the morning of Friday, March 7th, and will be continued for several days, probably throughout the whole of the following week.

J. O'Brien, the foreman in question, who was in the hall, essayed to speak, but was promptly called to order by the Mayor.
Alderman Bullock-Webster, continuing the discussion, said that to his mind it was not a question of policy. With the present ruling all city employees who were opposed to the present mayor might expect to be relieved of their jobs before the end of the year.

School Site Granted.

The City Council last night decided to accede to the request of the School Board for a grant of land for the erection of a school on Borden street, where Eighth avenue would intersect it. This will allow the School Board to proceed with the necessary steps toward the securing of funds to build the school.

Public Meeting Tonight.

There should be a large and representative gathering of citizens at the city hall tonight to discuss the question of establishing a public library or reading room. A large attendance will be an indication that the people want such an institution and it may be the means of bringing out some good ideas on the subject. It is the duty of everyone who wants a library or reading room to be in attendance.

A PUBLIC READING ROOM

At the public meeting to be held in the City Hall tonight for the purpose of discussing the establishment of a public library or reading room it is scarcely to be expected that there will be any serious objection raised to such a meritorious proposition. The nature of the plans for an immediate start is about the only point upon which there may be a diversity of opinion, and in this connection the matter of location should be carefully considered. It has already been suggested from some sources that a room might be obtained in the city hall. Such a plan would in all probability prove fatal to the success of a public reading room. To be a successful and permanent institution a public library, like almost anything else, must be constantly kept before the attention of the masses of the people. The best way to accomplish such an end is to have the reading room located in as conspicuous a place as possible in the section of the city where the traffic is the heaviest, and it should be as easy of access as possible. A bright attractive room on the ground floor on one of the principal business streets should be selected as the temporary site until permanent and imposing quarters can be secured.

THE ROGERS SORT OF POLITICS.

The Hon. Robert Rogers has been at it again. With the object of helping a Conservative candidate in a bye-election for the Nova Scotia Legislature he caused his private secretary to make public in Antigonish a list of public works that the Dominion Public Works De-

partment proposes to construct in that county during 1913-14. The total amount was considerably over two hundred thousand dollars.

The Parliament of Canada has not been consulted about these proposed expenditures; it is doubtful if even the government has considered or sanctioned them. Yet here is this wholesale corruptionist playing once more the game played in Richelieu, and practically saying to the people of Antigonish: "Vote for the Tory candidate and your wharves and breakwaters will be cared for generously; refuse and the proposed items will probably disappear from the estimates."

The hope expressed by Liberals after the Richelieu incident that Mr. Borden would take his minister in hand and prevent the introduction of Manitoba methods into Federal politics can no longer be entertained. Mr. Rogers has some hold upon his leader that prevents the Premier from subjecting the Minister of Public Works to much needed discipline. That Mr. Rogers should flout and scorn the authority of Parliament and the procedure of constitutional government is not to be wondered at. Brigandage is not subject to the restrictions of legalized war. But if Mr. Borden did not cut the comb of his minister the Liberals in Parliament have a plain duty to perform. They must by resolution and by a thorough ventilation of Mr. Rogers' offences put the facts before the country. The Minister of Public Works is no Caesar. He is only "a lath painted to look like iron." He must be taught that the Commons of Canada are not entirely negligible. — Toronto Globe.

PUBLIC FORESTS FOR THE PEOPLE

Are Not Set Aside by the Government to be Reserved From Use as Commonly Supposed

To those who may desire to spend a few weeks every summer enjoying camp life or who may desire to have a permanent summer home at some island resort where good fresh water fishing may be indulged in, the following circular from the Department of the Interior at Ottawa, will be of interest:

The former erroneous impression that forest reserves are areas set apart by the government to be reserved from use and development is giving way to the correct view that they are for the general use of the public.

The Dominion Forestry branch is desirous of spreading this idea abroad, and with this end in view has inaugurated the policy of surveying summer resort lots around convenient lakes in forest reserves. These lots are of two kinds, viz., building lots and camping lots, so that the demand of both cottagers and campers may be met. Such lots are leased to the public for a term of years at a nominal figure.

It is hoped that in this way a start may be made in bringing to the public a realization of the opportunities and advantages which the reservation of these great areas of the public domain affords the country at large.

A good example of such a resort is seen in British Columbia where a site has been laid out at Trout Lake, in the Long Lake forest reserve. This reserve is situated in the Kamloops district of the Railway belt.

Trout Lake, at an altitude of 4100 feet, is an ideal retreat for the residents of the towns and cities of the dry belt. Here they may escape the oppressive heat and drought of the summer season and at the same time enjoy some of the finest fishing to be had anywhere in the Dominion of Canada. Already many people have secured building lots, and it is expected that in a very short time a large and flourishing summer colony will be established at this point.

It is reported that more serious trouble is brewing. "Gun women" are expected to cause a tragedy.

Mrs. Pankhurst has summoned suffragettes from all over the United Kingdom. Many of these women are said to be carrying guns.

Horace Won Out.

A dear old lady had been presented with a parrot from the Congo, and she was showing it to her gardener.

"You know, Horace, that this parrot comes from the Congo, and Congo parrots are so intelligent that they are almost human. This bird whistles 'Home, Sweet Home' so beautifully that the tears run down its beak."

"Yes, mum," quoth Horace, "I know them parrots from the Congo. I used ter 'ave one, and it whistled 'The Village Blacksmith' so beautifully that sparks used ter fly from its blooming tail."

"That will do, Horace, you may go."—India Railway Gazette.

SIX HUNDRED TRAINS EACH A MILE LONG

Required to Haul the Grain Shipped Over the C.P.R. in Five Months

Winnipeg, Feb. 3.—Six hundred trains, each a mile long, and drawn by three powerful locomotives, would be required to haul from Western Canada the grain shipped over the C.P.R. between September 1, 1912, and Saturday, January 25th.

The total number of cars shipped over the C.P.R. during that time was 71,077, as against 48,379 last year, an increase of over 21 per cent for the period.

The total shipments of grain up to Saturday last in bushels were as follows: Wheat, 81,747,000; other grains, 28,126,000; grand total, 109,873,000. Figures of last year were as follows: Wheat, 61,740,000; other grains, 14,388,000; grand total, 76,128,000. Total increase this year over last, 33,745,000.

Thus it is shown that the Canadian Pacific alone has handled over 100,000,000 bushels of Western Canada's crop. Other railroads have proportionately increased business.

ANOTHER MINE IN GLEN MOUNTAIN

Surprise Mine Opening Up in Splendid Shape—Drift on First Small Vein Gives Good Ore.

The last issue of the Omineca Herald has the following encouraging report concerning the Surprise Mine, located on Glen Mountain, near Hazelton:

Last week the good news was brought to town that Superintendent North had struck a rich shoot of ore in the drift on the first small vein which was cut in the big tunnel. It will be remembered that after this vein was cut a couple of men were put to work drifting on it, and while they did not get much encouragement at first, they finally struck ore and then raised on it. Some days ago this ore widened out to two and a half feet, and the last reports are that it is getting even better. In the meantime the tunnel is being continued toward the big vein and the men should cut through to it any day now. It is this vein which will make the property, and if it is as good as it is on the Silver Standard the Surprise will be a second big paying mine on Glen Mountain, and it will not be long before still another large shipper will be added to the Hazelton district list.

Mr. and Mrs. D. McLeod left this week on a trip to Decker and Burns lakes. They also visited many of the construction camps along the route.

Mr. Robbins of Victoria arrived on the Saturday train to take a position with James Richmond as bookkeeper and postmaster. He assumed his duties immediately.

D. Rankin arrived in town on Monday night from Prince Rupert, where he had been on business, and he has now gone out to Burns Lake to look after his big construction camps there.

Rev. D. R. McLean left Thursday morning for Vancouver on church business and will be gone a couple of weeks. During his absence the pulpit in the Presbyterian Church here will be occupied by Rev. Mr. Lee.

Joe Roerig of Prince Rupert was a visitor in town this week. He came up Saturday night and received a warm welcome from his many old friends in this district.

BREEZY SPORT ITEMS

Said the governor of North Carolina to the governor of South Carolina: "How many major league ball teams are going to train in your state, huh?"

Philanthropists gave over \$282,000,000 in 1912. Andrew Carnegie was the leader with \$35,000,000, and the amounts taper down to \$30,000, which Fred Snodgrass handed to the Boston Red Sox.

Mayor Gaynor will assign 400 policemen to preserve order when John McGraw and Rube Marquard meet.

ELIMINATING CANDIDATES

Promoter Coffroth Lines Up Series of Lightweight Bouts

San Francisco, Feb. 3.—Joe Mandot vs. Harlem Tommy Murphy, Feb. 22.

Winner of above scrap vs. Ad Wolgast, the latter part of May.

Winner of May scrap vs. Willie Ritchie for the lightweight championship July 4.

This is the "elimination" card that Promoter James Coffroth has arranged. The only stumbling block to the working out of the programme is Wolgast, who demands \$10,000, win, lose or draw. Coffroth cannot figure where Wolgast is entitled to this sum, but has hopes that the former champion will accept a much smaller purse.

Promoter James Griffin has sent word from Los Angeles that "Bud" Anderson, the Medford, Ore., lightweight, has refused an offer to box in San Francisco, preferring to remain in the south for a while.

FIGHTER KILLED IN NEW YORK RING

New York, Jan. 28.—"Chick" Rose, a prizefighter, knocked unconscious in Brooklyn last night by a blow on the chin in the sixth round of a ten round bout with "Sailor" Smith, died early today in a hospital. Smith and the referee were arrested.

JIM DRISCOLL DRAWS WITH OWEN MORAN

London, Jan. 31.—Jim Driscoll the British featherweight champion, and Owen Moran, of England, fought a 20-round draw before the National Sporting Club. A great crowd witnessed the battle, which was a fast one.

"VOTES FOR WOMEN" STAMPED ON EGGS

New York, Feb. 1.—Twelve thousand eggs marked "Votes for Women" were sold recently by the Interborough Suffrage Club in their club room. Many of the buyers admitted this was the most convincing argument for woman's management of their own affairs of which they have heard. Fresh consignments of eggs will be in today from a 6,000 acre farm, which supplied the first lot, by parcel post. These will all go at 35 cents per dozen.

CHAPLAIN PRAYS FOR BALKAN SUCCESS

Sacramento, Jan. 31.—Senators, with their heads bowed in reverence looked up in surprise this morning when Chaplain B. Dent Naylor earnestly prayed for the success of the Balkan states in their war with Turkey. He besought the "God of Battles" to give success to the Balkan arms "so that they shall walk in freedom."

Heretofore Chaplain Naylor has confined his prayers to a petition for divine guidance of the legislature in their day's work.

Be Suspicious

BE suspicious of that of which nobody is proud. Be suspicious of the mere low-price argument offered in favor of an article with no reputation, no backer, no guarantor.

Better buy the thing you know and can trust, than an article unbranded and unvouched for.

The branded shoe, made by a maker with a reputation, is a safer shoe to buy than the one made in an unknown factory by an unknown maker.

The underwear made by a firm whose name is as familiar to you as your own, is worth more to you than underwear nameless or labelled by a maker of whom you have never heard.

Tea sealed in a packet bearing the name of a reputable firm is to be preferred to tea of which the packer is not sufficiently proud to advertise its quality.

That in which much money has been invested to make or keep it good is worth more than that on which nothing or but little has been spent.

Peace of mind is worth something, just as quality is. Buy peace of mind.

When you buy anything worth while buying, buy that of which you know—from advertisements, or from other dependable acquaintance. Buy the article with the "money back" guarantee—with the pledge of a known name behind it.

Put your faith in the advertisements appearing in good newspapers. Beware of the article that cannot stand the spot-light of publicity. The commodity an advertiser backs with his own money is something worth your buying.

Advice regarding your advertising problems is available through any good advertising agency or the Secretary of the Canadian Press Association, Room 503 Lamden Building. Enquiry involves no obligation on your part—so write, if interested.

SUCCESSFUL CONCERT BY ST. ANDREW'S CHOIR

High Class Musical Programme Delighted Very Large Audience Last Night.

The concert given in the parish hall of St. Andrew's Church last evening in aid of the choir fund was an unqualified success, both from a musical and a financial point of view. So large was the attendance that extra seats had to be improvised and the capacity of the hall was taxed to its utmost. The strength of the choir was augmented by Mr. Armstrong and Mr. J. E. Davey, who rendered valuable assistance in the chorus work as well as in the several solos.

The two part songs, "O Hush Thee, My Baby" and "Sleep, Gentle Lady," were most creditably rendered by the choir under the direction of Mr. W. H. Melliar, and the quartettes by Mrs. Burch, Miss Ellett, Mr. Armstrong and Mr. Melliar were most pleasing. Miss Agnes Clifton is a very promising young singer who, when she overcomes a most natural nervousness, will no doubt make a name for herself. She was particularly pleasing in her encore, "Two Eyes of Gray." Mrs. Burch's beautiful soprano voice was heard to great advantage in "May Day" and "The Rosary." She responded to well merited encores and gave pretty English ballad selections. Miss Laura Holtby, always a favorite with Prince Rupert audiences, gave a very excellent rendition of "Thora" and chose as an encore a pretty, rippling little selection called "Rosalie." Messrs. J. E. Davey, Armstrong and Stowell renewed the favorable impression they have already made and were most happy in their choice of songs. Mr. Mark Harby, with his irrepressible companion "Billy," amused the younger members of the audience immensely. Miss Ellett and Miss Froud did most excellent work as accompanists. A great deal of credit is due Mrs. Burch and Mr. Melliar, upon whom the major portion of the work in producing the concert fell and it was quite evident from the large attendance that their efforts were very much appreciated.

STRIKE BREAKERS STABBED IN RIOT

Women and Girls Aid Porcelain Workers to Stone Imported Men.

Trenton, N. J., Feb. 3.—Disorder of a serious character occurred Friday night in the strike of 1,500 porcelain workers in this city, when a force of strike breakers, imported by the ten plants involved in the labor trouble, attempted to leave their work.

The imported men were assailed on the street by a crowd of strikers, among whom were a number of women and girls. Stones and bricks were hurled, and when the two forces met at close quarters knives were used. Reserve policemen were hastened to the scene and a dozen strikers were arrested. Four men were taken to local hospitals suffering from knife wounds and bruises caused by flying bricks. The pottery workers have been on strike for a week. A dynamite bomb was thrown into the cellar of the office of the Hudson Porcelain Works, on Seward avenue. It exploded and wrecked the office, but the rest of the plant was not damaged.
