#### ULTRA-IMPERIALISTS AND JINGOES MENACE TO EMPIRE

(Special to The Daily News.)  
Ottawa, Feb. 4.—The debate on the Borden naval policy was continued in the house today by O. Turgeon, Gloucester, and L. Thompson, Qu'Appelle. The latter declared that if the British Empire should ever be destroyed it would be through the ultra-imperialists and jingoes. The

#### COAL SITUATION SERIOUS; WILL BE RELIEVED FRIDAY

To the man whose coal bin is empty—and there are hundreds of the city in such a predicament—the news that the C. P. R. steamer Princess Ena arrived in port yesterday with ninety tons of coal for the Union Transfer Co. will be received with more or less rejoicing.

#### TRAWLER CAPTAIN WAS ASSAULTED

Sailor on Geo. E. Foster Charged with Assaulting Captain in This City Yesterday.

After successfully navigating and managing his ship in the long and arduous trip from Grimsby to Prince Rupert, around Cape Horn, it is distinctly annoying for Captain Dillon, the worthy skipper, to have one of his crew get rambunctious under the influence of liquor and assault him upon the streets of the city. This, however, is what happened to Captain Dillon of the Canada Fish & Cold Storage Co. trawler George Foster yesterday.

#### DELEGATES TO HIGHWAYS CONGRESS

Thomas Taylor and His Deputy Will Go to London in June.

Victoria, Feb. 3.—British Columbia is expected to be represented at the congress of the International Highways Association to be held in London in June, by Thomas Taylor, minister of public works, and his deputy, W. W. Foster. It is possible the province will ask that delegates be allowed to attend in which case Mr. A. E. of Victoria, president of the Over Island Automobile Association, and one of the executives of the Pacific Highways Association, will probably accompany him. He will be assigned to the duty of proving to the world that the province is in the front rank towards the construction and maintenance of good roads.

#### NEW HIGH COMMISSIONER

Sir Hugh Graham and Sir E. Walker Mentioned as Possibilities.

(Special to The Daily News.)  
Ottawa, Feb. 4.—The rumor has often revived at Ottawa that Lord Strathcona will resign very shortly as Canadian high commissioner. It is well known that he has wanted to resign for some time, but has continued in the position at the express wish of the government. Two names are prominently mentioned as his successors, Sir Hugh Graham of Montreal and Sir Edmund Walker of Toronto.

#### MINING POLICY IS NECESSARY FOR B.C.

Peremptory Request to Be Sent to Minister of Mines at Ottawa for Closer Attention to Mining Matters.

(Special to The Daily News.)  
Victoria, Feb. 4.—The necessity of an advanced mining policy for British Columbia was urged upon the mining committee. It was asked that they send a peremptory request to the Minister of Mines at Ottawa to the effect that the mineral needs of the Province of British Columbia demand closer attention.

There were several returning Stewartites on the Prince Rupert this morning. Amongst the number are N. M. Jackson, manager for Harry Smith's big store in the little mining town, and Wm. Orr, of the McMillan Transfer Co., who has been in Victoria for the past month.

#### PARIS IN DANGER OF INUNDATION

River Seine Is Rising at the Rate of Two Inches an Hour.

(Special to The Daily News.)  
Paris, Feb. 4.—Fears of a repetition of the disastrous inundations which occurred in Paris in the winter of 1910-11 have been aroused during the last 48 hours by the rapid rising of the River Seine. The water today is mounting about two inches an hour.

In the low lying quarters of the city, especially in the southwestern portion of Bery, the water has already overflowed into the streets. The Rue Watt, near the Tolbiac bridge, was the first to be flooded. Rain ceased this morning in Paris itself, but it continues to fall heavily in the upper country regions.

#### INSUFFICIENT PROVISION FOR CONTINUANCE OF WORK

WORK IN SECTION ONE MUST CLOSE BECAUSE THERE ARE NO FUNDS TO CONTINUE IT—MAYOR PATTULLO EXPLAINS SITUATION.

As the result of insufficient funds the work that has been going on in Section One for some time must cease. For such an unfortunate state of affairs the present Council is not to be blamed. Last year's Council provided sufficient funds to carry the work over election time, but made no provision for the continuance of the work beyond that time.

The cessation of the work on Second avenue beyond Lynch's store was due to the fact that the present Mayor and Council could not be made to see that the money was being spent to advantage. In this particular piece of work rock filling was actually being taken from the street, where later on it will have to be replaced, for the purpose of getting material for the crusher. It is doubtful if there is anyone who will regret that this work was stopped almost immediately after the new Council had assumed office.

In connection with the cessation of work in Section One, Mayor Pattullo has issued the following statement, which explains the situation thoroughly: "I regret that we have to shut down the work in Section One, as there is no more money available at present. The whole financial situation is now being thoroughly overhauled. The condition in which we find ourselves is that the money has all been spent, the credit of the city exhausted and we are in debt. One would think that we had been on a big municipal 'jag.' However, I am satisfied that within the next couple of months we will be able to get our finances in such shape that we shall be able to approach financiers with every confidence. The improper application of monies, secured for one purpose and devoted to another, must absolutely cease; and it will be our earnest endeavor during the year to so arrange our finances that at the end of the year next year's Council will have sufficient credit to carry on city work until such time as the incoming Council may make further arrangements. If an outgoing Council leaves a depleted treasury and an exhausted credit, it means that several months must necessarily elapse before the incoming Council can make financial arrangements to carry on the work. This is not as it should be. Every Council should leave the work of the year in such a position that the next Council can carry it on with continuity, just exactly as a private business is conducted. If this is not done it means that four or five months will be wasted every year. I am sorry that this year there is bound to be some delay in starting the work, but just as soon as we get our finances well in order and secure the necessary monies work will start, so that we shall have a steady pay roll, and, as I have already intimated, we hope to leave things in such a position that next year's Council will be able to continue the work without interruption."

## ADRIANOPE IN FLAMES FIERCE BOMBARDMENT

First Attacks of Bulgarian Forces Were Easily Repulsed—Later Attacks More Vigorous But Results Not Known

(Special to The Daily News.)  
Constantinople, Feb. 4.—Hostilities were resumed Monday night one hour after the termination of the armistice in an attack upon Adrianople by the Bulgarian forces. The Turkish garrison, however, repulsed the attacks with very little difficulty.

London, Feb. 4.—A full division of the Bulgarian infantry advanced in an attack upon Adrianople this morning under cover. A fierce bombardment of the fortifications took place, but the result has not yet been made known.

Sofia, Feb. 4.—Many portions of the city of Adrianople are on fire as a result of the bombardment by the Bulgarian and Servian forces, which was resumed with much intensity today.

London, Feb. 4.—A despatch from Constantinople tonight announces that Turkey has consented to surrender Adrianople to the allies without conditions.

#### A READING ROOM TO BE ESTABLISHED

Mayor Pattullo Suggests Rooms in Fire Hall for That Purpose—Committee to Be Appointed to Make Plans.

Mayor Pattullo was unanimously asked to take the chair at the meeting held last evening in the city hall to lay plans for the immediate establishment of a public reading room in the city. In remarking that he was pleased to see so many present, he could not help but notice that the attendance the night before when the question up before them was whether or not pool rooms should be closed one day in the week was far greater than the one assembled to arrange for a reading room to be open seven days a week. He said that he could not hold out any hopes of them being able to open at the present moment a very ambitious affair in the way of a reading room, as most of the citizens were aware of the low state of the civic exchequer. He thought that rooms might be spared for the purpose in the fire hall and a side walk built to side entrance of the hall from the building next to the Bank of British North America. It was true that a downtown location would be most desirable in the most populous section of the city, but for reasons of expediency he thought that the rooms in the fire hall, which could be obtained rent free, the most feasible project at present available.

#### CHILDREN FIGHT DOGS FOR SCRAPS OF FOOD

Sickening Case of Destitution Found in St. Louis Tenement; Mother Out Working.

(Special to The Daily News.)  
St. Louis, Mo., Feb. 4.—Police Sergeant William Stinger and Patrolman Clarence Tindell report that the most pitiful case of destitution which ever came under their observation was found to exist at 1929 Olive street, this morning, when they went there to ascertain the true condition of Mrs. Jennie Gibson Stahl, a former stenographer, now employed as a scrubwoman, who lives with four children in a tenement.

**Thomas Conroy Shot by Gangster in Jersey City—Thugs Hired to Kill**

Jersey City, Feb. 4—Thomas Conroy, prominent in the building trades council here, was shot and mortally wounded here tonight by gangsters who are believed to have mistaken him for another man. The shooting, at first regarded as a saloon row, now is believed to have connection with a labor difficulty.

The police arrested a young New Yorker, Ernest Willhaber, who told the authorities that a gangster known as "Kid Dynamite" had done the shooting.

Accompanied by Willhaber and a gangster named "Big Slim," the former said "Kid Dynamite"

came to this city and picked a quarrel with Conroy.

After the shooting two of the men levelled their revolvers at a dozen men in the saloon and made their escape. Their companion was attacked and held until the police arrived.

Willhaber told the police "Kid Dynamite" hired him and "Big Slim" on the Bowery in New York for \$50 each to accompany him here for a "job."

**ENJOYABLE DANCE  
ENDS GAY SEASON**

**Final Dance of Daughters of Empire Series Was a Splendid Success Last Night.**

One of the gayest seasons in the history of the city was brought to a close in a most fitting manner last evening when the Daughters of the Empire gave their fifth and final assembly in the McIntyre Hall. The ball room was gay with the usual decorations of the order and was comfortably crowded with a brilliantly garbed throng of dancers. The music by Gray's orchestra on the whole was pleasing, although the time was not sufficiently marked in several numbers. Delicious refreshments were served at half past eleven under the management of Mrs. Reddie and Mrs. Holtby, after which dancing was resumed until 1:30. The following is a partial list of the guests: Mr. and Mrs. George R. Naden, Mr. and Mrs. L. W. Patmore, Mr. and Mrs. McClymont, Mr. and Mrs. A. E. McMaster, Mr. and Mrs. Hubert Ward, Mr. and Mrs. S. **SKIPPER'S ASHES TO BE  
STREWN OVER OCEAN**

**Requested Capt. "Buck" Bailey to Perform Ceremony off Columbia River**

Portland, Or., Feb. 4—In compliance with the request made some months ago; the ashes of Capt. George Conway, 58 years old, superintendent of the O. W. R. & N. Company's river steamers, and one of the best known steamship men on the Pacific coast, who died Friday night, will be strewn on the ocean off the mouth of the Colum-

bia. The dead mariner desired that Capt. "Buck" Bailey, commander of the tug Tatoosh, should perform this last rite, and if Bailey can be reached in time he will be asked to attend to this ceremony for his long time friend.

Capt. Conway's body will be incinerated at the Portland crematorium tomorrow, and the ashes will be placed in an urn until Capt. Bailey, who is now on Puget Sound, can be reached.

If it is impossible for him to get away, Capt. T. S. Edwards, of the local inspector's office, will take the urn out to sea and strew the ashes on the waters.

**WIRELESS DOSE  
CURES AT SEA**

**Sailor Ill, Captain Gets Prescription from Doctor Ashore, and the Tar Recovers.**

Portland, Feb. 3.—Coming up the coast from San Francisco, Captain Spencer, master of the Standard Oil steamship Meyerick, had a sick sailor on his hands. He couldn't diagnose the case. When the vessel was off the Columbia River a heavy fog settled down and the tanker had to remain outside.

In the meantime the condition of the sick sailor was growing worse. Unable to bring the steamer inside for several hours, the skipper sent a wireless message to Dr. Tuttle of Astoria, describing the patient's symptoms and asking him to prescribe for him.

After the exchange of several messages, the physician forwarded a prescription which Captain Spencer proceeded to fill from remedies carried in the medicine chest. He gave the tar a dose and he soon recovered.

### ENGLISH WILL TRY TO LAND NEXT OLYMPIAD

Amateur Athletic Association Has Arranged Plan to Help Men Train

London, Feb. 4.—With a view to enabling Great Britain to make a better showing in the Olympic games, to be held in Berlin in 1916, than they did at Stockholm last year, it is announced that the Amateur Athletic Association has arranged a financial plan to assist the British athletes systematically to train for that event.

Shortly after the conclusion of the Olympic games last year, Lord Desborough, presiding at a meeting of the athletic advisory club, held to consider the poor showing of Great Britain's athletes, proposed that a fund of \$25,000 should be raised in each of the next three years and \$50,000 in 1916, to be used in preparing Englishmen to compete in Berlin. Sir Arthur Conan Doyle suggested that the \$125,000 be raised by public appeal.

### PASS UP \$25,000 CONTRACT OFFER

Dick Donald, Lightweight "Bud" Anderson's Manager, Turns Down Fortune

Los Angeles, Feb. 4.—An expert guess on the future of Bud Anderson, the Vancouver, Wash., lightweight, was made today, when Jack Root, the former pugilist, offered Dick Donald, Anderson's manager, \$25,000 for his contract with the fighter. Donald refused the offer outright, saying that he thought Anderson would do a lot better than that for him before he was through with the game.

Anderson's stock has jumped since his decisive defeat of Sam Trott. Manager Donald is trying his best to land a match with Ritchie, Wolgast, Rivers or Murphy.

### NOTED SCULPTOR HIRED

Lorado Taft to Design Fountain of Time for Chicago.

Chicago, Feb. 4.—One of the most important commissions within the reach of an artist in America was awarded here to Lorado Taft, a sculptor. The board of trustees of the Art Institute commissioned Mr. Taft to start work on his Fountain of Time design for the western terminus of the Midway Plaisance. The embellishment of the Midway Plaisance projects a mile of lagoons, lawn, trees and sculpture.

The remuneration was not made public, but it is said to be sufficient to pay the sculptor for five years of his time.

### THOUSANDS WANT TO TRY NEW CURE

Berlin Doctor Coming to Test Remedy for the White Plague

New York, Feb. 4.—Dr. E. E. Freidmann of Berlin, who claims that a serum he has discovered will cure tuberculosis, will sail from New York from Liverpool tomorrow on the Mauretania. Charles F. Findlay, president of the Aetna National Bank, is bringing the German scientist here to test his discovery on 100 patients, and Dr. Freidmann will be his guest during his stay here.

The greatest difficulty that confronts Dr. Freidmann, Dr. Lawrason Brown, of Saranac Lake, and Mr. Finlay is to pick out the 100 persons on whom to make the tests. The embarrassment will not be because of lack of material, but because of the great number of would-be patients. Mr. Finlay said today that since his announcement that he would give \$1,000,000 to bring the Freidmann serum to this country he has received 3000 applications, and that they are coming in at the rate of 250 per day.

## Let the Buyer Beware

FOR centuries the principle of "Let the Buyer Beware"—"Caveat Emptor"—ruled the world of business. In fact, it was not a principle—but rather a lack of principle—yet it held sway everywhere until a decade or two ago.

When a merchant quoted a price, he made it high enough to stand almost unlimited whittling, and yet be profitable—to him. When he spoke of quality, his fingers were crossed, and you were not expected to believe him—unless you wanted to very badly.

Buying was a haggle—unless you were a hardened haggle you came out second best in every deal. "Caveat Emptor"—it was up to you. There was no confidence between buyer and seller.

Business—once an aggregation of deals—has become the living embodiment of ideals.

Advertising has helped, because Advertising creates confidence in the buyer and proves the seller's confidence in his wares. Confidence has eliminated the haggle.

You see business confidence is a good deal like capital, in that it accumulates like savings. The grocery-consumer's confidence in a town will

be on deposit chiefly with a few capable square grocers; and dry-goods confidence, jewelry confidence, and so forth, are massed in the same way.

The retail merchant doesn't lock this confidence in his safe. He deposits it in turn with the wholesaler, who passes it on to the manufacturer. And the manufacturer, to make the circle complete, must give confidence to the consumer.

The manufacturer with goods to sell must draw upon all these reserves of confidence. He must demonstrate his own fairness in dealing, his integrity in maintaining quality, his willingness to put principle before profit.

Advertising is the means through which the manufacturer makes this demonstration to you.

Advertising has given personality to commodities, so that you now recognize your "friends" among soap, tea, or collars, as readily as you recognize your human acquaintances.

Advertising fathered the "money back" principle, and has made buying a pleasure instead of a duel of wits.

Advertising has spread the one-price policy—erased "Caveat Emptor" from the language of business, and made buying safe to entrust to a child.

Advice regarding your advertising problems is available through any recognized Canadian advertising agency, or through the Secretary of the Canadian Press Association, Room 503 Lumsden Bldg., Toronto. Enquiry involves no obligation on your part—write if interested.

### DREDGING COAL FROM SUNKEN SCOW

Vain Effort of Enterprising Citizen to Relieve the Coal Famine—His Own Scow Turned Turtle.

With the laudable idea of attempting to relieve the straightened situation in Prince Rupert at the present time, as well perhaps as gathering in a few extra of the ever necessary shekels, Captain Ketchum of the launch Balaric set his wits to work and evolved the following scheme: He was aware that there was lying under water just off Digby Island about sixty tons of coal in a sunken scow named the Crondelet, which was wrecked some two years ago off Holland Rock, and was finally towed to its present resting place, where it has remained ever since, the owners of the coal not attempting to do anything with it on account of the expense that would be incurred in its recovery.

The only way this would be possible would be by dredging. Desperate straits demand desperate measures. Captain Ketchum procured the services of Captain Babington's dredge and set to work to dig up the coal. After operating strenuously for some little time he managed to get about twenty tons aboard a scow and was all ready to set sail for the city this morning. But his praiseworthy enterprise and business acumen were not destined to be crowned with success. Alas, in some unaccountable manner the scowload of coal capsize and the precious fuel was dumped to the bottom of the sea, this time, in all probability, forever. Captain Ketchum had made all arrangements with the Pacific Transfer Company to handle the sale of the coal, and it is much to be deplored that such enterprise and energy should be fraught with disaster.

Alex. Young, son of Judge W. McB. Young, one of the well known young men of this city, associated with L. W. Patmore's law office, returned this morning from a two weeks' vacation spent in Victoria and Vancouver.

F. W. Van Arsdol, son of C. C. Van Arsdol, the well known G.T. P. engineer, was amongst the arrivals this morning on the Prince Rupert.

Mr. J. F. Fletcher, Post Office Inspector, arrived this morning from Victoria on one of his regular tours of inspection.

The paper that prints the facts—the Daily News.

### BOY SCOUT MOVEMENT IS TO BE REVIVED

It is good news to hear that the Boy Scout movement is definitely going to be revived in Prince Rupert. This most excellent youthful organization that has become world-wide since a few years ago it came into being through the inspiration of that famous British soldier, Major General Sir William Baden-Powell should most assuredly have a strong representation amongst the boys of this city. It was started here a couple of years ago through the energy of the late Dr. Reddie, who was ably assisted by Mr. Brown, who acted as scout master. The latter has since left the city, and the little corps unfortunately became broken up and practically ceased to exist. Now, through the energetic persistence of young Jack Dowling, with the co-operation of Mr. C. V. Eviit, a fresh start is going to be made. A meeting with this end in view will be held in St. Andrew's Church, at the corner of Dunsmuir street and Fourth avenue, on Saturday evening next, when it is hoped there will be a good attendance of all interested in reviving this excellent organization.

### DISFRANCHISE HALF THE MEN

Colonel Sam Hughes Suggests a Test for Woman Suffrage.

Ottawa, Feb. 3.—Addressing a gathering under the auspices of the Imperial Order Daughters of Empire, in the Methodist Church at Napanee on Friday night, Hon. Sam Hughes, minister of militia and defence, gave some frank opinions on the question of woman suffrage. Many women, declared Col. Hughes, deserved the franchise and many men did not. "I am not in favor," he said, "of general woman suffrage, but I believe that the right to vote should be equalized. The earners, the women who support husbands, women school teachers, every adult male or female who can show that he or she understands the fundamental principle of responsible government, has a right to vote. This test, however," declared the Minister, "would disfranchise half the men."
