## COMMISSIONER TO INVESTIGATE COAL SITUATION

### BULGARIANS AND GREEK NAVY MAKE JOINT ATTACK UPON GALLIPOLI PENINSULA

#### SPECIAL COMMISSIONER TO REPORT ON COAL SITUATION

**PREMIER MCBRIDE SAYS GOVERNMENT WILL APPOINT A COMMISSIONER AT ONCE TO MAKE THOROUGH INVESTIGATION.**

Victoria, Feb. 5.—Before the House rose today Premier McBride introduced the second phase of the coal question, announcing the intention of the government to appoint immediately a special commissioner under the Public Enquiries Act to investigate and report upon all the circumstances and conditions incident to the production and sale or other disposition of coal in British Columbia.

#### CAPT. DILLON'S CHARGE WAS UNRESERVEDLY DISMISSED

**PRINCE RUPERT'S "LIQUID SUNSHINE" CAUSES TROUBLE AMONG RECENTLY ARRIVED TRAWLER MEN**

Spending over four months confined in the cramped quarters of a little steam trawler, whilst making the passage to Prince Rupert from Grimsby, England, does not seem to be conducive to sweetening one's temper. Doubtless this is the cause of the ebullitions of unalms that have occurred amongst the crews of the several trawlers that have so far arrived here from the old country.

The last two of this class of boats to reach this port are the George E. Foster and the Andrew Kelly for the Canada Fish and Cold Storage Company, the crews of which were paid off the day before yesterday. The masters of the boats who performed this duty in the shipping master's office on the government wharf thought it advisable to have a police officer on hand as they expected some trouble with the men. Officer Bailey was detailed for the task, but nothing further than somewhat heated words took place between the officers and the men. The trouble seems to be in every case over their pay.

This morning in the police court Richard Watmough, who is one of the fishing skippers living in his charge a gang of fishermen who are going to work these waters, was charged by Captain Dillon of the George E. Foster, with assault. The case was unsupported by any evidence other than that of the complainant himself, who stated that the accused threatened him in the street, using foul language, and daily made a lunge at him with his clenched fist, not however, making a blow that could be said to have caused serious bodily harm. The accused flatly denied that he did anything of the kind. He merely informed the complainant in the most polished and elegant diction that if he did not do proper justice to the men he would take judicial proceedings, "and don't you forget that."

The latter's evidence was corroborated by another member of the crew named Charles Davis. Aristar Carss could not understand how Captain Dillon could lay a complaint of this nature, unsupported by any evidence other than his own, especially in the light of the story told by the men. It was mentioned that Captain Wynne, of the Andrew Kelly, was present at the time of the occurrence, but was so much under the influence of Prince Rupert's brilliant weather and bountiful hospitality to not know what was taking place. Captain Watmough, who was discharged unreservedly by the magistrate, tendered a sweeping apology of thanks to His Worship on leaving the court.

#### INCIPIENT BLAZE IS QUICKLY PUT OUT

**Fire Brigade Did Good Work at Small Fire in Hayner Bros. Furniture Store This Morning.**

The smart action of the city fire brigade in answering a call at 8:45 this morning from Hayner Bros. furniture store was responsible for the prompt extinguishing of an incipient blaze that might very easily have turned into a pretty bad conflagration. Smoke was noticed to be emanating from a back window on the ground floor by Mrs. James Jabour, a resident of an adjoining building. Upon an alarm being turned in and further investigation made, it was found that the stove pipe of a heater, probably filled with soot, had become red hot, igniting the adjoining wall. Fortunately, the fire lads, with the big chemical, arrived just in the nick of time, promptly putting it out, but not before the place was pretty badly blackened with smoke. The damage will be fully covered by insurance.

#### VANCOUVER WOMAN GRANTED A DIVORCE

**Mrs. Jones, Wife of Millionaire Property Owner, Secures Divorce and Half of Husband's Estate**

(Special to The Daily News.)  
Seattle, Feb. 5.—Mrs. Jones has been awarded a divorce from H. A. Jones, millionaire property owner of Vancouver, B.C. Mrs. Jones was granted half of her husband's large estate.

#### POSTMEN BURNED BY SUFFRAGETTES

**Letters Addressed to Premier Asquith Took Fire in Post Office and Clerks Were Badly Burned**

(Special to The Daily News.)  
Dundee, Scotland, Feb. 5.—Five postmen were badly burned to-night by the spontaneous combustion of chemicals contained in letters. When they emptied on the sorting table counter bags of letters collected at the city post boxes there was a sudden burst of flame. The envelopes contained tubes of phosphorus and other inflammable chemicals. They were addressed to Premier Asquith and contained sheets of paper on which was inscribed "Justice for Women."

#### READY FOR GUESTS ON MONDAY NEXT

**Good Progress Being Made on Repairs to G. T. P. Inn—Expect to Reopen on Monday.**

The G. T. P. Inn, which was badly damaged by fire about the middle of December, will soon be in shape for reopening. The new roof was completed some weeks ago and the work on the interior is being rushed with all possible despatch. The second floor, which is used almost entirely for bedrooms, is now complete, having been thoroughly refurnished. The decorators are now at work on the main floor and hope to be through in a few days. Although not yet thrown open to the public there were nine guests sleeping in the house last night. It is expected that everything will be in readiness to reopen on Monday.

The repairs to the top floor will not be completed by that time, but the work of decoration and furnishing that floor will in no way interfere with the comfort or convenience of guests.

#### BUCKINGHAM PALACE CAREFULLY GUARDED

**Special Precautions Are Taken Against Expected Attack of Suffragettes—Military in Readiness.**

(Special to The Daily News.)  
London, Feb. 5.—Special precautions are being taken against suffragette attacks upon Buckingham Palace and special police closely guard the King. The military at Wellington barracks are held in readiness to repulse an expected attack of suffragettes at the court to be held on Friday evening.

#### MEXICAN REBELS ATTACK A TRAIN

**Sixteen Men Killed and Women Passengers Carried Off**

Mexico City, Feb. 5.—Rebel followers of General Zapata attacked a passenger train travelling from Mexico City to Ozuumba, 45 miles south of the capital city today, killing and wounding all the twenty soldiers in the train's escort. Four male passengers were killed and many of the women passengers were carried off by the rebels. The train was halted by the derailing of the engine in a cut. The rebels then began firing on the train from the sides of the cut less than two yards away, concentrating their fire on the troop car. Twelve soldiers, including Lieut. Ortizma were killed. The lieutenant's wife was wounded.

A relief train took the wounded to Amecameca.

#### INDOOR BASEBALL MEETING TONIGHT

A meeting to make final arrangements for the formation of an indoor baseball league for this season will be held in the city police court room this evening at 8 o'clock. All interested in this excellent winter sport are requested to make a point of attending. Tonight will be the last opportunity teams will have for joining the league to take part in the schedule of matches that will be arranged for this season.

#### JOINT ATTACK ON GALLIPOLI BY BULGARIANS AND GREEK NAVY

**IF SUCCESSFUL THE GREEK FLEET WILL ENTER DARDANELLES AND PLACE CONSTANTINOPLE AT MERCY OF ALLIES.**

London, Feb. 5.—The Bulgarian forces are devoting their chief attention to the bombardment of Adrianople. An attempt is also being made to capture the Gallipoli Peninsula and take the Turkish forts at the rear. The Bulgarian attack on Gallipoli is supported by the Greek navy in the Gulf of Saros. Should the attempt prove successful there is nothing to prevent the Greek fleet from entering the Dardanelles and placing Constantinople at the mercy of the allies.

#### MADERO'S BROTHER IS GOING TO JAPAN

**Rumor Has It That His Mission Is in Connection with Lease of Territory.**

Mexico City, Feb. 3.—Gustavo Madero, brother of the President of Mexico, and the most influential political and financial factor in this country, has announced that he will leave for Japan as special ambassador to the Mikado.

While the mission of the special embassy is ostensibly one of courtesy to thank Japan for her participation in the celebration of the Mexican centennial in 1910 the appointment of Madero has awakened in diplomatic circles a suspicion that matters far more vital will be dealt with by the President's brother.

Time and again rumor has had it that Japan is treating secretly with Mexico with a view of getting a foothold on the American continent.

As long as the Washington administration has unquestionably upheld the Mexican government the Japanese matter has been kept in abeyance, but now that the United States has adopted a more energetic tone in demanding efficient protection of American interests in Mexico, Madero seems to be reaching across the Pacific in the hope that by playing Japanese interests he may establish a "status quo" similar to that which for so many years enabled Turkey to maintain her misgovernment without interference from the European powers.

Magdalena Bay, for three years leased to the United States as a coaling and naval depot, is reputed to be Japan's objective.

#### HOPE TO RETURN TO CANADA NEXT SUMMER

**Duke of Connaught Speaks at Montreal of Intended Visit to England**

Montreal, Feb. 5.—"We hope to return to Canada next summer," said H. R. H. the Duke of Connaught, speaking before the Canadian Club in regard to his forthcoming visit to Great Britain with the Duchess of Connaught.

His Royal Highness also thanked the people of Canada for the heartfelt sympathy which had been expressed from coast to coast in connection with the illness of the Duchess of Connaught. The Duchess, he explained, was not yet convalescent, but in no immediate danger.

This is the Governor-General's first public pronouncement since the announcement of his forthcoming return to Great Britain.

#### BRITISH JEWS AND RUSSIA

**Attitude of Sir Edward Grey Denounced by Speaker.**

London, Feb. 5.—In his presidential address to the board of deputies of the British Jews, David Alexander denounced Sir Edward Grey's attitude on the passport question. He declared that it was a virtual submission to Russia's claim to discriminate between the British Jews and other British subjects.

The British foreign minister announced last November that he would decline to approach Russia with a view to securing the withdrawal of the restrictions placed on British Jews in that country, on the ground that such action on the part of Great Britain would lead to the termination of the Russo-British treaty of commerce.

#### EXPENDITURE ON NAVY

**Lord Roberts Says Commercial England Will Support Any Increase.**

London, Feb. 5.—Lord Roberts, at a meeting of the defence committee of the London Chamber of Commerce on Saturday, moved the following resolution, which was passed by the meeting:

"This meeting views with grave concern the great naval preparations which are being made by European countries. We hope that adequate measures are being taken by the British government to maintain Great Britain's unchallengeable supremacy of the sea."

In speaking on the resolution, Lord Roberts declared that the commercial community of England would always be unwavering in their support of any increase in naval expenditure made by the admiralty.

**The Welsh Disestablishment Bill Passes Third Reading in Commons and First in Lords without Division**

(Special to The Daily News.)  
London, Feb. 5.—A motion to reject the Welsh Disestablishment bill was defeated in the House of Commons, the vote being 240 as against 347. The bill passed its third reading without division, also the first reading in the House of Lords.

#### GOVERNMENT MUST GO SAYS MRS. PANKHURST

**Suffragettes Planning an Exciting Civil War in London.**

London, Feb. 4.—The suffragettes are planning "an exciting civil war" in London, according to an announcement by Mrs. Pankhurst.

"The militant suffragettes," said Mrs. Pankhurst, "are preparing all sorts of effective strokes. The government must quickly give us the vote or go. The women will use every method, constitutional as well as unconstitutional, to turn the cabinet out."

Detectives in great numbers are on watch in all the London streets, but the suffragettes continue their successful raids. The contents of thirty letter boxes were destroyed today, but the perpetrators of the outrage escaped without detection.

#### VANCOUVERITES TO BUY RACEHORSES

**Syndicate of Sportsmen Will Purchase Eight Two-Year-Olds by Joe Carey.**

Vancouver, Feb. 5.—George Wentworth, popularly known as "Oregon George," left last night for Pleasanton, California, where he will inspect and, if he approves their appearance and condition, complete the purchase of eight 2-year-olds. A syndicate of five wealthy Vancouverites, imbued with the growing of the turf locally, have decided to tempt their turf fortunes to some-to-be-hoped speedy youngsters.

The octette comprises five colts and three fillies, their sire in each instance being that good race horse Joe Carey, who was by Bannockburn, whose grandsire was that great English race horse, the peerless Prince Charlie. The dams of the youngsters are all equally well bred. This purchase is a most decided acquisition to the thoroughbred stock owned in the province.

#### MANY INJURED WHEN ROOF COLLAPSED

**Were Watching Football Game from Roof of Building—Eight Fatally Injured.**

(Special to The Daily News.)  
Sunderland, England, Feb. 5.—Eight boys were fatally injured and more than two hundred men and boys sustained more or less serious injuries when the roof of a building, from which they were watching a football game, collapsed.

#### EXPRESS COMPANIES IN A MERRY FIGHT

**Struggle for Right to Operate on the Intercolonial Railway.**

Montreal, Feb. 5.—The Dominion Express Company recently secured from the government the right to operate over the Intercolonial. The privilege dated from Saturday, February 1st.

The company moved its equipment down to the Bonaventure depot here, but was put out by the Grand Trunk, which controls the terminals and over whose lines the I. C. R. has only running rights from St. Rosalie to Montreal.

The Dominion Express has reported this to Ottawa, but what action will or can be taken is not yet decided.

The Canadian Express has exclusive rights on the Grand Trunk and the competition of the Dominion is not wanted.

**CLOSING DOWN CITY WORK.**

It is a matter of sincere regret to every citizen of Prince Rupert that the Mayor and Council recently elected to office have been forced to order a cessation of the local improvement work in Section One through lack of funds to continue the same. No blame, however, for such an unfortunate condition of affairs can be thrown upon the shoulders of the present Council. Civic business should be conducted on principles exactly similar to those adopted by any other large corporation. It is a certainty that no successful manager of a large industrial corporation would dream of conducting its affairs in a hand to mouth fashion such as was done by the Council of 1912. Such methods would inevitably lead to financial ruin. Mayor Pattullo is apparently going to adopt a sane course. He has assured the public that, first of all, he is making it his business to thoroughly straighten out the present financial tangle and ascertain just exactly where the city is at. After this has been done provision will be made for necessary funds to proceed with work and definite plans will be made and followed, plans not merely for the present but covering the future as well. It is such businesslike methods that the citizens want to see displayed by its executive officers and apparently the right men have been elected to carry out a sane policy.

**FARMERS' BANK SPECTRE.**

Premier Borden has now to face another schism in his ranks, and this time from a totally unexpected quarter. When Hon. W. T. White introduced his bank act it looked like an innocent piece of legislation which would be treated in calm financial terms by both sides of the House. The Liberal members showed their anxiety to work with the Minister of Finance so as to improve the bank act as far as possible. Then in stalked the spectre of the Farmers' Bank, which has so haunted many followers of Premier Borden since September, 1911, and trouble came with it. During the campaign of 1911 a dozen or more Ontario Tory candidates, headed by Hon. T. W. Crothers—now minister of labor—declared that if they were elected and the Tories returned to

power the new government should reimburse those unfortunate who had lost their money in the Farmers' Bank smash. This won elections for most of them. But when Parliament met they could not deliver the goods. Mr. Borden could swallow a good deal, but he did not dare swallow such a dose as was proposed. After much patient pursuit he formally repudiated his colleague, Hon. Mr. Crothers, and said that the minister had spoken only for himself. Naturally this was cold cheer for the group of generous promisers who found that they had won their seats by false pretenses. They had promised reimbursement, and their electors demanded it, with threats that if they broke their promises their path would not be easy when they wanted votes again. They revolted, led by Major Sam Sharpe of North Ontario, who severely criticized the bill of his financial leader, declaring that it did not go nearly far enough to satisfy the people, especially the Farmers' Bank victims. Major Sharpe, to the applause of his own coterie on the government side, demanded that Mr. White amend his bill so as to include government inspection of banks and a consideration of the bank act by a royal commission of experts instead of a Parliamentary committee. An even sharper criticism of the bill was made by Mr. W. F. Maclean, the Conservative member for South York, who vigorously traced the fine Italian hand of "the interests" throughout it all, showing that where the defects of the old bank act were that it only favored the trusts and mergers, the same defects were being perpetuated by Hon. Mr. White. It is certain that the rest of the group who owe their elections to the Farmers' Bank failure are backing Mr. Sharpe in his revolt, and it has been stated that lively times have occurred in the cabinet itself, since Mr. Crothers has small appetite for crow. The Minister of Labor is not anxious to go back to St. Thomas and tell his electors that he fooled them, and has been publicly rebuked and repudiated by his leader. When next elections come on the people of Ontario will probably know more about the difference between Tory promises and Tory performances.

**THIN RED LINE IS ABOUT TO PASS**

British War Department Plans to Discard Infantrymen's Scarlet Tunics—More Serviceable Khaki to Be Substituted.

London, Feb. 5.—The red coat of the British infantrymen, which for hundreds of years has been one of the most striking features among the uniforms of the armies of the world, is to disappear and soon the world will know no more "the thin red line of heroes." According to well authenticated reports the Secretary of War will disclose, in his annual estimate, as one of the principal measures of economy, a proposal to abolish the famous scarlet full dress uniform of all the infantry of the line. The khaki service dress is to be the uniform of the future. That prospect, particularly for the recruiting sergeant and the nursemaid in the park, is not at all pleasant, but as an economic departure the scheme has much to recommend it. If the proposal finally comes before Parliament it is sure to meet with strenuous opposition from those who regard the bright, attractive tunics as an important stimulus to recruiting and also from those who merely consider the army as something more ornamental than necessary. A wordy parliamentary war between sentimentality and utilitarianism is therefore promised. The sentimental feeling of English people for the historic uniforms of their soldiers has only been recently displayed in the opposition aroused against discarding the kilts of the Highland troops. When this proposition was put forward there was a general protest, not only from the Highland regiments, but from the whole country. It resulted in the kilt being retained, and it is hardly possible that the red coat will be discarded without a struggle. For the moment, it is not suggested that the dashing guardsman shall have the beauty of his apparel interfered with. Neither is there any proposal made to strip the cavalry, royal artillery or royal engineers of their resplendent trappings, although this probably would follow as a matter of course.

**WOMEN INSPECTORS**

To Be Appointed by Labor Department in Four Largest Cities

Ottawa, Feb. 4.—The Minister of Labor is inaugurating a new move for the protection of women and the safeguarding of child labor in Canada by appointing in the four largest cities of the Dominion women correspondents of the Labor Gazette, whose duty it will be to keep in close touch with all the conditions surrounding the employment of the women and children, not only in shops and factories, but in domestic service as well. The first four inspectors will be appointed in Montreal, Toronto, Winnipeg and Vancouver, and if the plan proves as successful as it is believed female representatives of the department will be appointed in all other cities.

**LORD ALVERSTONE AT DEATH'S DOOR**

Lord Chief Justice of England is Very Ill—Sir Rufus Isaacs Likely to Succeed Him

London, Feb. 5.—The facts concerning the illness of Lord Alverstone, Lord Chief Justice of England, still familiarly known as "Dick" Webster, although his peerage is already a dozen years old, are being studiously kept from the knowledge of the public. His condition is much more grave than is supposed. Alverstone is lying surrounded by all the members of his family. The King on Saturday sent a special equerry from Buckingham and judges and leading king's counsel have visited him. He is suffering seriously from heart trouble and a critical attack of internal hemorrhage has rendered his condition so precarious that oxygen has been administered at frequent intervals. It is certain that the Lord Chief Justice will never return to the Royal Courts of Justice again.

**Clinging to Office**

For many weeks ill-health has prevented Lord Alverstone from properly conducting the business of the courts. On frequent occasions recently he has had dangerous attacks while on the bench, rendering necessary prolonged retirements to his private chambers to recuperate. His residence resembles a miniature surgery. So grave is the lord chief justice's condition that the doctors are always in readiness for an emergency. But the Websters come of old fighting stock. Richard Everard Webster was a great athlete in the sixties. When at Cambridge he broke all previous records on the running track and until a few years back attended all the big football and sporting matches throughout the country. No doubt one of the chief reasons for his continuing in office has been his desire that the reversion of the appointment to the chief justiceship should fall to the Tories. In the event of his present retirement, or decrease, Sir Rufus Isaacs, the present Attorney-General, is sure to be given the post.

**Sir Rufus Isaacs**

Sir Rufus was entitled to the Lord Chancellorship when that office became vacant by the withdrawal of Lord Loreburn from the cabinet, but obviously it was felt that it would be incongruous for a Jew to be exercising the ecclesiastical patronage vested in the crown in the selection of clergymen for the Church of England. Theoretically, too, the Lord Chancellor is the keeper of the royal conscience, a fact which bars Roman Catholics from that office, as was shown when Lord Russell of Killowen, was awarded the second instead of the first prize of the English Judiciary, the salary of Lord Chief Justice being \$35,000 annually as compared with the Lord Chancellor's salary of \$50,000 a year and a pension of \$25,000 a year on leaving the Wool-sack, even if he has held the office only for a day. The last instance of a Jew

holding high office was that of Sir George Jessel, one of the most distinguished masters of the rolls England has ever seen. Sir Rufus Isaacs' appointment will certainly be most popular among the members of the bar. The vacant attorney-generalship will naturally fall to Sir John Allsebrook Simon, solicitor-general, whose rapid rise at the bar has been one of the most remarkable incidents in recent history. Stanley O. Buckmaster, M. P. for a Yorkshire division, is marked for early promotion.

**STANDARD OIL DIVIDEND**

New York, Feb. 5.—The Standard Oil Company of New Jersey has declared a dividend of \$40 a share. It was stated that this dividend represented money owed to the company by its subsidiaries at the time of the dissolution. The dividend is payable February 15th. In round figures the total payment to stockholders will amount to \$40,000,000.

## THE AFTERMATH

Usually the day following Christmas brings with it unpleasant recollections of friends who have been inadvertently overlooked in the matter of Christmas gifts. Isn't it fortunate that New Year's Day follows so closely and gives us an opportunity to make amends for our oversights during the Christmas rush. While the past week's shopping made very heavy inroads into our stock, the assortments in each line are practically unbroken. We have a large range of beautiful things for New Year's gifts. CONSULT OUR CATALOGUE.

### JOCKEYS OF HIGH GRADE ARE RARE

Lord Derby's Trainer Blames Use of Cigarettes for Death of Good Youngsters.

London, Feb. 4.—At the present moment the question of jockeys is a subject which is exercising the minds of sporting writers in various directions. The Hon. G. Lambton, who trains for Lord Derby, ascribes the paucity of capable jockeys to lack of fitness and the excessive use of cigarettes among young boys. He instances the case of a friend of his who was travelling to a race meeting in the same car as a promising jockey. During the hour's journey the boy smoked three cigarettes. He rode a hot favorite in the first race and was beaten a short lead. Mr. Lambton says that the boy's father was one of the keenest and hardest steeplechase riders and never threw a chance away.

That the lines of the modern jockey are cast in much pleasanter places than were those of his predecessors is well known. Youngsters born in humble circumstances are apt to lose their balance when, through success in the saddle, they are suddenly raised to affluence. The fact is that they get too much money and are pampered to an extent that makes sensible people sick. Whether the budding jockey should, as Mr. Lambton seems to think, be deprived of his pack of cigarettes is a trifle which does not concern most people. The fact that the country is painfully deficient in first class riding talent is an incontrovertible proposition. How to alter it all is a problem which nobody appears to be able to adequately solve.

### AMATEUR WINS SHOOT

Deering also was high amateur for the day with 189 breaks out of 200 targets.

In the professional division W. R. Crosby, of O'Fallon, Ill., and Lester German, of Aberdeen, Md., tied with high honors with 190 breaks.

For the five days' shooting of 1,005 targets, William Heer, Guthrie, Okla., professional, is high with 944 breaks.

### FITZSIMMONS PRAISES LANKY JESS WILLARD

Old Timer Says Cowboy Hope is Born Scrapper of the Brainy Sort.

New York, Feb. 4.—All who are contemplating betting on Luther McCarty against Jess Willard will do well to harken to the words of Red Robert Fitzsimmons and to pay heed to Lanky Bob's judgment when he says:

"Jess Willard has the best general idea of fighting owned by any man in the ring today. He is a born scrapper of the brainy sort, the kind that does not take a chance except when he is likely to go through with it, but who seizes the right opportunity with eagerness when it arises. And he already has developed ability to discriminate and knows when the opportunity is there, as witness his knockout of Kearns when the latter left himself open for one brief instant.

"When Willard learns more of the special studied points of the game there will be more such opportunities than he finds in his fights now. Luther McCarty was able to go the ten round limit with Willard. The victory over Kearns marked one step forward. I expect him to take many more in the same direction."

### SLOSSON DEFEATS JAPANESE EXPERT

Veteran Billiard Player Wins from Kodji by Total Score of 800 to 753.

Seattle, Feb. 1.—Kodji Yamada, the slant eyed wizard from the island kingdom, and "Old Master" George Slosson played the final block of 400 points in their billiard match at Brown & Hulen's amphitheatre last night before a crowd that packed the house to the doors. The Caucasian won the match by a total of 800 to 753 and on the night's play he ran 400 to his opponent's 381.

Conditions were much more favorable to scientific manipulation of the ivories than on the previous night, and in the ninth inning the Japanese finally found his gait and stepped out with a run of 112. While gathering his cluster he displayed almost every kind of shot imaginable, including a bunch of marvellous masse mountings. This run put him in the lead, but Slosson played consistently all the way through and finally got his nose in front at the finish. The score:

Slosson—0, 5, 12, 0, 17, 76, 0, 3, 2, 1, 9, 4, 43, 47, 46, 22, 9, 22, 13, 19. Total, 400

Yamada—3, 13, 1, 28, 12, 8, 4, 1, 12, 33, 16, 39, 12, 0, 23, 9, 33, 10, 11, 0, 0, 16. Total, 381. Average, 17.22. High runs, 112 and 39.

### JOHNSON LOSES APPEAL

Attacked the Constitutionality of the Mann White Slave Act — Case Will be Tried Immediately

Washington, Feb. 5.—The Supreme Court dismissed today the appeal of Jack Johnson, the negro pugilist, indicted in Chicago on a charge of violating the Federal White Slave Act. Johnson appealed from the decision of the Federal Court of Northern Illinois.

Chicago, Feb. 5.—As a result of the dismissal of Jack Johnson's appeal, District Attorney Wilkerson said today that the case against the negro pugilist would be tried immediately.

When Johnson was arrested after his indictment charged with violating the Mann Act release on a writ of habeas corpus was denied. In appealing to the United States Supreme Court Johnson attacked the constitutionality of the Mann Act.

# When the People Refuse to Pay

EVER since King John signed the Magna Charta the people have been discovering new rights and asserting them.

Long ago the people learned how to get what they wanted—by the simple expedient of "refusing to pay."

In the days when kings played "war" with one another the people could always put a sudden end to the fun by "refusing to pay."

To-day, when men play the great game of business, they have to depend on the people, even as did those kings of long ago. When the people stop payment, the game ends.

Of high importance is "the right to know" as applied to modern commerce. The people have found they want a "reason why" before they buy.

We awoke to this fact but a short while ago, when a few manufacturers began to tell us some of the things they thought we should know about their goods. They were the pioneer advertisers.

Soon the world discovered that it had an appetite for facts. And in the re-adjustment of things for the proper satisfaction of this appetite, we have developed a new science—its name is "Advertising."

Now that we have learned there is a way of telling us we demand to know. By the exercise of a power that has never failed—the refusal to pay unless satisfied—the people have set up a new order of things. The manufacturers and merchants are telling us everything we want to know—through Advertising.

When we buy soap, we must know "Whose soap?" "How is it made?" "What are its properties?" "What are its uses?" "Wherein does it excel?" The Advertising tells us.

It's the same with well-nigh everything we buy—food, clothes, furniture, pianos, automobiles. We will have the facts about these things—or we will refuse to pay.

We, the public, have created a new world force. We call it "Advertising."

Advice regarding your advertising problems is available through any recognized Canadian advertising agency, or through the Secretary of the Canadian Press Association, Room 503 Lumsden Bldg., Toronto. Enquiry involves no obligation on your part—so write, if interested.

## DATES ARE AGREEABLE

Crack British Golfers Will Compete in American Championship.

New York, Feb. 5.—The entry of Edward Ray, the British champion, and Harry Vardon, five times holder of the title, is assured by the recently announced postponement of the open golf championship from June until September 17th and 18th, in Brookline, Mass. The United States Golf Association officials have received word from the English players that the dates will be agreeable to them. It is also said that George Duncan, one of the leading British professionals, is likely to compete. The change also enables Jack McDermott, the young Atlantic City golfer, who is the first American to hold the title of open champion here, to appear in defence of the trophy. The June dates would have probably eliminated him, as he had agreed upon a trip to England to seek championship honors there.

## RULES ARE TOO SEVERE

Swedish Athletic Circles Stirred Over Thorpe Case.

Stockholm, Feb. 5.—The case of James Thorpe, the American Indian collegian, who was crowned by King Gustav here last summer as the world's greatest athlete and who has been disqualified as an amateur by his confession to professionalism, continues to cause considerable stir in Swedish athletic circles. Many prominent athletes here declare that the rules of the amateurship are too severe ever to be adhered to strictly and they suggest that new and less stringent rules be instituted. It is declared that many exceptions are made to present rules giving reimbursement to true amateurs in the form of pay for the salaries lost during training. This practice of making exceptions, particularly in the case of athletes who are poor, has made it difficult to tell where to draw the line.

## Amputation at Seventy-five.

London, Ont., Feb. 5.—There are not many men who at the age of seventy-five years have still enough vitality left to withstand so serious an operation as the amputation of a limb, but Mr. R. Demearay, an old resident of Strathroy, left Victoria Hospital the other day after undergoing such an operation about a month ago. Apart from the loss of his limb, Mr. Demearay is still hale and hearty, and expects to enjoy a good many years of life yet.

## Not a Shoe Machine Trust.

Washington, Feb. 5.—The government suffered today its first big defeat in the recent anti-trust campaign when the Supreme Court held that the officials of the United Shoe Machinery Company had not violated the Sherman anti-trust law by organizing that company. The court, however, did not pass upon the legality of the system by which the company leases machines on terms that no "independent" machinery be used.

## Big Hotel Burned.

Aiken, S. C., Feb. 5.—Park-in-the-Pines, a large hotel, was destroyed by fire at noon Sunday. The loss is estimated at \$250,000. Several guests reported large losses of jewelry and clothing.

## Two Millions for Art Museum.

New York, Feb. 5.—Mr. James Bartlett Hammond, the type-writer inventor, who died in St. Augustine, Florida, last week, bequeathed his entire estate, estimated to be worth \$2,000,000, to the Metropolitan Museum of Art in this city.

Two delinquents paid the customary \$5 and costs in the police court this morning as a penance for falling by the wayside.

The Union Transfer Co., pioneers of the automobile business in Prince Rupert, will very shortly open up a commodious garage in the Dawson Block, on Third avenue, at which place they will also have a handsome new office for the general conduct of their transfer business. The garage will have accommodation for at least five motor cars, it being the intention of the company to add to the number of their cars almost immediately, the two at present in use proving entirely inadequate to meet the increasing demands upon their services.

Currying favor with a money lender is an easy job compared to getting on the right side of a pert sister-in-law.
