PRICE FIVE CENTS

DIVISION ON NAVAL PROPOSAL NEXT THURSDAY

PROVINCIAL MINISTER OF LANDS AND FORESTS PROPOSES DOUBLE TIMBER ROYALTY

DIVISION ON NAVAL BILL WILL TAKE PLACE THURSDAY

SIR WILFRID LAURIER WAS OPPOSED TO CONTINUED FILIBUSTERING OF THE GOVERNMENT—ALL NIGHT SESSIONS THREATENED.

(Special to The Daily News.)
Ottawa, Feb. 7.—The political situation was suddenly changed today under sensational circumstances. The obstruction of the opposition on the naval proposal was abandoned and a division agreed to for Thursday of next week. This came after Col. H. H. McLean, Sunbury and Queens,

spoke in favor of taking the question out of politics and favoring the contribution of three dreadnoughts. Sir Wilfrid Laurier, it is understood, opposed the continued filibustering. At a government caucus this morning it was decided that unless the Liberals gave in all night sessions would be continued.

FORTUNE WON BY MINER IN LOTTERY

English Pit Worker Gets \$225,000 for \$35 Ticket in Lottery—7,000 to 1 Chance.

London, Feb. 7.—Albert Billingham, a miner of Oldhill, Staffordshire, has drawn the winning ticket in a Hungarian \$225,000 lottery.

"Until I get the money safe at home in my possession," he said, "I am not going to talk about it. I shall believe in my good fortune only when I have banked the money." He admitted, however, that he had just heard from the Banko Bank, Buda Pest, which issued the ticket, and, when pressed as to the nature of the communication, he added, smiling, "I consider that I have a good sporting chance." There is no doubt at all that he holds the winning ticket, and after some hesitation he told the story of how he came to get it.

"I was assistant foreman of a mine in Margherita, Assam, at the time," Billingham said. "It was in 1911 that I received an invitation from the Benko Bank to join in the lottery. I did not take any notice of it then, but early last year when it came again, I bought a ticket and gave \$5 for it. The number was 38,881. I had been in for one or two small amounts before, but had won nothing. The draw was held on October 23rd.

"On November 2nd, three days before I set sail from India for home, I received a document from the Benko Bank giving a list of prize winners. I then saw that 38,881 had won the prize, to my astonishment, that ticket together with a bonus, making \$25,000 in all.

"What am I going to do if it is true? Well, you can take it as one thing is certain, and that is that I am not going to go down mine again. I have seen a little of the world, and what I have seen makes me want to see more. I expect I shall travel at first." Mr. Billingham is at present in London with relatives in Oldhill. His wife is with him. There are five children. The odds against winning the premier prize were about 7,000 to 1.

Another case of luck reported that of a gentleman in Balay, North Wales, who purchased a ticket for a few pounds and disappeared shortly afterward that it was even for breaking up purposes, worth more than 250 times the amount of the purchase price. He obtained the vase as a prize in a London auction sale, but later found that it had been bronzed over and was really of gold and silver and of great antiquity. It is believed to possess a romantic history, and is probably disguised to hide its value, which may turn out to run into the thousands of pounds.

Dance Tonight.
Don't miss the dance in McIntosh Hall tonight. Gentlemen's tickets \$1.00, ladies free. Dance at 9:30. 305

STEWART VISITORS HAD EXCITING TIME

Automobile Nearly Backed Into Excavation in Front of G. T. P. Inn—Occupants Jumped

Yesterday morning whilst the Union Transfer Company's elegant motor car was endeavoring to make the grade up Centre street with a load of prominent Stewart officials and business men it must have been overcome by the distinguished character of its occupants, for it suddenly petered out and began running down hill at an angle that if kept up would have dumped the excited visitors into the cut just the other side of the street from the Grand Trunk Inn. However, they took the precaution to evacuate the car, which was pulled up before anything more untoward happened than bumping over the curb. A fresh start was made with the visitors aboard which successfully landed them at mine host "Billy" Wright's popular hostelry, where they will be guests during their visit in the city.

SIR DONALD FINDS MONEY HARD TO GET

Denied Report of Negotiations for Sale of Winnipeg Street Railway.

Winnipeg, Feb. 7.—Sir Donald Mann, vice president of the Canadian Northern Railway, is in the city on his way east. In an interview this morning he declared that money was very scarce and that efforts of his company would be concentrated on the main line west.

He denied the report that negotiations for the sale of the Winnipeg street railway were in progress.

In answer to a direct question, Sir Donald stated that should such a sale be made the money received from such sale would be put into further construction of the railroad.

Presbyterian Services
On Sunday evening at 7:30 in the Empress Theatre, Rev. F. W. Kerr will speak on "Why Smith Goes to Church and Gives a Nickel to God." The morning service is held in the Presbyterian Hall on 4th Avenue at 11 o'clock.

English Actor Dead.
Brighton, Eng., Feb. 5.—Edmund Tearle, England's foremost Shakespearean actor since the days of Henry Irving, died here today.

The weather report at 5 o'clock this morning read: Barometer, 29.906; maximum temperature, 43; minimum temperature, 32.

ADMINISTRATION OF LANDS AND FORESTS

Provincial Government Proposes Radical Changes—Double Royalty Import on Timber

(Special to The Daily News.)
Victoria, Feb. 7.—Hon. W. R. Ross, Minister of Lands, introduced today several bills covering amendments to the forests, lands, coal and petroleum acts, the changes proposed being quite radical in character. The adoption of the free pre-emption system was involved in the reconstruction of the lands bill, and the amendment to the forests act provides for a double timber royalty import.

The Saturday arrival of flowers has been resumed at the Arctic Studio. 41

HOSPITAL WING IS NEARING COMPLETION

Board and Representatives of Press Made Inspection Yesterday—Operating Room Up-to-Date

After the meeting of the hospital board yesterday the members, together with the representatives of the press, were courteously invited to make a tour of inspection of the new wing under the guidance of the managing secretary, Mr. W. M. Wright.

Expressions of approval and commendation were heard on all sides at the excellence of the arrangements and the fact that Prince Rupert will possess, when this portion of the building is open, a hospital that will compare with most cities of the province at present of far larger populations. Particular interest was evinced in the suite of four rooms comprising the operating, anaesthetic, sterilizing and wash rooms. These are at the extreme top of the building, facing the harbor, and will be reached by an elevator of the very latest noiseless type. The large skylight, forming more than half of the ceiling, will ensure the most perfect lighting arrangements possible. The dazzling white walls and ceiling, the corners of which are all rounded, giving the appearance of a huge white bowl, preclude the possibility of the most minute particles of dust or foreign matter finding harborage. It is the intention of the board to procure an X-ray apparatus for use in the surgical department if funds will permit it this year.

One especially pleasing feature that was observed in the excellent quarters provided in the new wing for the nursing staff. With the opening of this addition, containing as it does eighteen private and two public wards, the capacity of the hospital will be more than doubled. Taking everything into consideration, Prince Rupert may well be proud of her hospital, and the thanks of the citizens are due the extremely capable and efficient staff, as well as the board of management, for the excellent service that is rendered the city and surrounding district by this most worthy and necessary institution.

AEROPLANE FLEW OVER DARDANELLES

Three Bombs Dropped on Turkish Warships Were Ineffective—Fighting in Gallipoli.

(Special to The Daily News.)
Constantinople, Feb. 7.—Fighting was continued today in the region of Gallipoli. An aeroplane made a flight over the Dardanelles and dropped three bombs on the Turkish warships. The bombs were ineffective.

St. Peter's Church, Seal Cove.
Evening service every Sunday at 7:30 o'clock.

WILL NEGOTIATE TREATY WITH JAPAN

Hon. George E. Foster Will Go to Japan to Discuss Trade with the Orient.

(Special to The Daily News.)
Ottawa, Feb. 17.—It is understood here that Hon. George E. Foster, minister of trade and commerce, will go to Japan in the near future to negotiate a trade treaty with that country.

NEW HALIBUT SCHOONER ARRIVED YESTERDAY

Schooner Borealis, First of Six for This Port, Ties Up at the Government Wharf.

Hardly a day passes but a boat of some kind arrives in the harbor to swell the ever increasing fishing fleet that is fast assuming such noticeable proportions. Yesterday the Borealis, the first of six halibut schooners that are being fitted up in Vancouver for Mr. Sidney Smith and associates to operate in these waters, arrived on the scene and tied up at the Government wharf. The Borealis, which was formerly a sealing vessel, is the largest schooner that has ever sailed out of this port so far. She is slightly over a hundred feet long with a 16 foot beam and it fitted with a 75 horsepower Gorham gasoline engine. This little schooner is practically the last word in the matter of equipment and labor saving devices at present extant. She is all ready to start fishing, having even the lumber on board to make the boxes to ship the fish in. To anyone interested in such things a trip of inspection, when all the wonderful schemes and devices for handling the boat and procuring and preparing the fish for the market can be examined, would be well worth while.

Panorium Pioneer Cleaners. Phone 4.

FISHERMEN LASSO DEER IN HARBOR

Young Deer Chased by Wolves Takes Refuge in the Water.

Messrs. Jack Esworthy, Harold Parker and Jack Quiner whilst salmon trolling yesterday close to Zanardi Rapids, at the westerly extremity of this island, had quite an exciting experience capturing a young deer that had taken to the water after being chased by a pack of hungry wolves. The deer, which was a young buck about fourteen months old, was nearly all in when the boat came alongside it, one of the men just managing to throw a noose around its neck as it was about to sink. It put up a game struggle even at that, not realizing that its captors were just there in the nick of time to save its life. Upon being taken into the boat and finally ensconced in a comfortable little shed at Mr. H. M. Dargettes' residence, where one of its captors, Mr. Parker, resides, the little deer quickly showed signs of gratitude, and this morning appears to be perfectly happy and contented, feeding out of the hand with the utmost composure. Its rescuers intend to keep it around for the present. Possibly in the future it might be presented to the park committee to make another attempt at starting a zoo.

A REPRESENTATIVE AT WASHINGTON

Minister of Marine and Fisheries Recommends Canadian Representative at U. S. Capital.

(Special to The Daily News.)
Ottawa, Feb. 7.—Hon. J. D. Hazen, minister of marine and fisheries, before the Dominion Marine Association today declared that Canada should have a representative at Washington to look after Canadian interests.

FIRE LAST NIGHT DID SMALL DAMAGE

Blaze in Barber Shop at Corner of Second Ave. and Eighth Street Was Quickly Extinguished

Receiving word by telephone shortly after midnight last evening of a fire in a barber shop at the corner of 2nd Avenue and 8th Street, the brigade were leaving the fire hall just as the regular call was turned in from the nearest fire alarm box. A small blaze at the back of the shop, caused by the use of coal oil to start the fire, was almost immediately extinguished and no damage of a serious nature incurred.

The city is well served as regards its fire department, and given half a show the boys are able and competent to cope with any danger that may arise from this much dreaded source.

WITHDRAW CHARGE AGAINST MR. VAUX

Freight Clerk of S. S. Cheslakee Will Be Set Free on Instruction from Department of Justice.

Vancouver, Feb. 5.—The charge of manslaughter preferred against Gilbert J. Vaux, the young freight clerk of the steamer Cheslakee, following the finding of the coroner's jury, will be withdrawn by order of the Attorney General's department.

Announcement to this effect was made by Crown Prosecutor W. M. McKay. The adjourned hearing of Mr. Vaux was to have come up tomorrow, but upon receipt of the instructions from Attorney General Bowser's department to withdraw prosecution it was arranged to have Mr. Vaux appear in Provincial Magistrate Alexander's court at 2 o'clock this afternoon, when he will be formally discharged.

"We have looked into this case very closely and the Provincial Department of Justice has decided to withdraw the charge against Mr. Vaux," said Mr. McKay, in discussing the case. "The department came to this conclusion after the finding of the Federal Marine Court of Enquiry, which exonerated Vaux from all blame in connection with the drowning of the passengers on the Cheslakee. The Marine Court seems to have had a better insight into the circumstances than the coroner's jury. Mr. Vaux seems to have done his best in the time at his disposal in the way of warning the passengers, and there seems to be no blame attached to him."

Baptist Services.
"Heaven in the Heart" will be the subject of Rev. Warren H. McLeod's sermon tomorrow evening at 7:30 o'clock. Morning service at 11 o'clock. Bible school at 2:30 p. m. Strangers and visitors cordially invited. All services held in McIntyre Hall, Third Avenue, near Sixth Street.

Mr. F. W. Hart begs to announce that his store in the Hart Block, 3rd Ave., will be closed until his return from Victoria, in a week or ten days' time. The key of the store has been left with the Mack Realty Co. 281f

LOCAL HOSPITAL STAFF IS MUCH OVERWORKED

MATRON SUGGESTS INCREASE TO FIVE TRAINED NURSES AND EIGHT PROBATIONERS—DR. YOUNG WILL OPEN THE NEW WING.

All the members were present yesterday afternoon at the regular monthly meeting of the Hospital Board, which was held at the hospital itself. It was the first regular meeting of the new year, and President D. G. Stewart took occasion to welcome Alderman Naden as one of the new representatives of the city. The latter was one of the men who had taken a prominent part in the initial work of starting the hospital some four years ago. Mr. Naden made a suitable reply, assuring them of the pleasure it was to serve with the board.

A letter was read from the Hon. Dr. Young, provincial secretary, thanking them for their kind invitation to visit Prince Rupert to take part in the opening of the Connaught wing. He hoped he would be able to accept, and trusted that he would be able to come up before the end of the session. Mr. William Manson, M. P. P., also wrote in regard to the opening of the new wing, as well as on the subject of the government appropriation for the hospital for the coming year. He expected to be able to send them definite word on this matter in a few days.

FAST HOCKEY GAME GOES TO CAPITALS

Victoria Septette Had the Edge on Vancouver in Every Department.

Vancouver, Feb. 6.—Playing a game which just simply overshadowed that put up by their Vancouver opponents, the Victoria septette last night gained another victory at the expense of the locals by 7 goals to 2, the second they have won on Vancouver ice this season. In doing so the Victorians took a commanding lead in the race for the championship honors of the Pacific Coast Association, and they look very much like the team that will go down east this spring in quest of the Stanley cup, if a team is sent at all.

MISSOURI MAN HAS WHITE PLAGUE CURE

Claims to Have Discovered Serum Similar to Friedmann's—Would Compete for Finlay's Prize.

St. Louis, Mo., Feb. 7.—Believing he has discovered a tuberculosis serum superior to the widely heralded preparation of Dr. Friedmann, Dr. George M. Heath, professor of chemistry in the National University of Arts and Sciences, departed for New York to offer his serum in competition against that of the German savant.

ALPHONSE NOT TO TRAVEL

Madrid, Feb. 5.—King Alphonse of Spain will not visit America, according to an official statement today. Referring to reports as to such an intention on the part of His Majesty, the Lord Chamberlain said: "The King has displayed the greatest personal interest in the United States and would have been glad to have paid a visit there if it had been possible."

Dr. Heath will ask Charles Finlay, president of the Aetna National Bank in New York, to arrange for a competition between Dr. Friedmann and himself. He will seek to have physicians choose thirty patients, half of whom are to be treated by Dr. Friedmann and half by himself.

Dr. Heath declares his serum already has cured tuberculosis advanced to the second stage and in which hemorrhages occurred. Two St. Louis physicians who used the serum substantiate this declaration.

Dr. Heath declares his cultures months ago produced the serum Dr. Friedmann advocates, but that it is of no greater benefit than well known Koch cure.

"I cannot conceive that a comparative test will be refused," said Dr. Heath, "and I will lay my discovery in detail before Mr. Finlay."

Postmaster McIntosh was tendered the thanks of the board for his kind offer of a post office box free of charge.

Miss Louise McIntosh takes the position of kitchen maid at the hospital.

THE BUILDING COMMITTEE

Instructed to see at once to the matter of providing fly screens for the windows of the new wing. This can probably be done more cheaply now at the slack time of year than later on in the season.

Mayor Patullo has made

The Continental Trust Co. and T. McClymont would like to receive a share of the insurance taken out on the new wing. This was referred to the finance committee.

The matron's report was of a satisfactory character, with the exception that the nursing staff was decidedly short handed and consequently everyone was very much overworked. Two of the probationers were pretty nearly worn out and it would be necessary for them to have a complete rest for a month or two. The nurses' quarters in the building, used temporarily by them until the new wing is ready for occupation, are absolutely inadequate for their accommodation and during the cold weather almost untenable. However, the cold weather being over and oil stoves having been provided, she thought they would be able to manage for a short while longer. Architect J. W. Potter announced that the quarters in the new wing would be ready by the end of the month.

The matron, who had been invited to attend the meeting of the board, said in answer to the president that she would like to have the permanent graduate staff raise to five trained nurses besides herself, with eight probationers. It was left to her discretion to make the best possible arrangements in this matter. This applied also to the granting of the necessary leaves of absence to the two probationers, Misses Campbell and McLeod. Miss F. A. Brennan's resignation from the staff of graduate nurses was accepted by the board.

Managing Secretary W. M. Wright was given instructions to make all necessary arrangements for the purchase of coal and to attend to the matter of the laundry work for the hospital.

Postmaster McIntosh was tendered the thanks of the board for his kind offer of a post office box free of charge.

Miss Louise McIntosh takes the position of kitchen maid at the hospital.

The building committee were instructed to see at once to the matter of providing fly screens for the windows of the new wing. This can probably be done more cheaply now at the slack time of year than later on in the season.

CLEMENTS' GREAT PULL WITH THE GOVERNMENT

While it was pleasing to note in the estimates brought down in the House of Commons at Ottawa on Monday of this week that Prince Rupert and the district of Comox-Atlin were not overlooked, a comparison of the vote this year with that of 1911 under a Liberal Government and with a Liberal representative, Hon. Wm. Templeman, is interesting.

THE NECESSITY FOR AN INDEPENDENT AUDIT

A statement of the expenses incurred by the government in connection with the purchase of the Songhees reserve and the removal of the band to its present home is included in the public accounts for the year ended March 31, 1912, recently presented to the house.

inducing the Songhees to sell the reserve. The amount paid to the Indians for the purchase of the land, improvements, interment, removal of dead, etc., was about \$437,750 on which the commission obtained by these two gentlemen amounted to 24 per cent.

We were all pleased when the vexed question was settled but was it necessary to pay to two people the immense sum of \$105,000, one alone receiving \$75,000? There is no doubt that the services of Mr. Helmcken, for whose memory we have the highest respect, were desirable, if not necessary, owing to the esteem in which he was held by the band.

It is questionable if this transaction has a parallel on the continent with respect to the commission paid on the amount of money involved. Real estate brokers are quite content with 5 per cent.; big underwriting firms handle municipal and government bonds at a commission under one per cent; but in this instance the government paid 24 per cent. on the actual cost of the old reserve and improvements, or 14 per cent. on the value of the old and new reserves, improvements and accounts paid to private and business firms.

Seventy-five thousand dollars to one man! In itself it is a fortune sufficient to bring in a revenue upon which three families could live comfortably. The public accounts volume contains a number of other interesting items, but nothing in the class of this one. Incidentally it suggests the identity of the writer of that mysterious letter to the premier published in the Times on September 23 last. In that letter the writer stated that he considered he had "earned one hundred thousand dollars," and would "accept that amount to complete the work."

PARIS MOTOR BANDITS WERE HEARD IN THEIR OWN DEFENCE

ACCUSED CONFEDERATES OF BLOODY BONNOT MAKE FIERY SPEECHES—COURT TOLERANTLY PERMITS HARANGUES.

Paris, Feb. 7.—The second day's trial of the automobile bandits produced brief passages between the president of the court and the counsel and prisoners, but otherwise there was an absence of incident.

Today's proceedings were occupied with the examination of Dieudonne, Callem, Monier, Alies, Alies Simentoff. Of the six charges against Dieudonne the most serious is his attempt to murder the bank messenger Gaby in the Rue Ordener.

Callimen, known as Raymond Lascience, because of mathematical studies, is accused of ten crimes, including the murder of Policeman Garnier.

Monier is accused of playing a prominent part in the outrages in the Forest of Senart, where a motor car was stolen after the driver had been shot dead, and in the robbery of the bank at Chantilly, where two cashiers were shot dead.

The three prisoners all made long speeches to the judge and

jury and at frequent intervals had heated altercations with the judge. At times all three spoke at the same time, but President Guinard was tolerant itself, as was shown when he allowed Dieudonne to waste ten minutes of the court's time in a speech on the philosophy of anarchy.

Monier is a robust and self-confident man and a most voluble talker. Holding a roll of notes in his right hand he delivered interminable speeches to the judge and jury and reporters, accompanying his remarks with expressive gestures.

During the hour he was on his feet he was most anxious to persuade the court he was a maligned citizen and that he was honest and simple and kind hearted. His fellow prisoners were spellbound by his eloquence. They never took their eyes off him, but the judge and jury looked very bored.

BETTER MAKE HASTE WITH CIVIC LOAN

Montreal Advised By Bank to Place It Now, Before War is Over.

The following despatch from Montreal, appearing in a Toronto paper just received, should serve as a valuable tip to Prince Rupert's City Council:

Montreal, Jan. 23.—Montreal has been advised to "do it now" in regard to the placing of the civic loan of \$14,000,000. The regular meeting of the City Council will be held tomorrow, when the question of the \$14,000,000 loan, which the city intends floating on the London market, will come up for discussion.

higher than 4 1/2 per cent., at which the city can borrow now. Of the \$14,000,000, \$2,000,000 will be devoted to the improvement and enlargement of the waterworks, and special plans are now being prepared by Mr. Janin, which will be submitted to the aldermen.

F. F. Hanning, formerly manager of the Stewart branch of the Canadian Bank of Commerce, is now acting manager of the recently established branch at 1060 Pandora Street, Victoria.

Better than Ringing Door-bells

A PIANO manufacturer recently made a house-to-house canvass. He's one of those men with an absurd fear of the "waste-circulation" bugaboo—cannot get away from the haunting thought that only 10 out of every 100 readers of a newspaper may be possible buyers of his goods.

So he refused to advertise, and went a-canvassing—inviting people to come to his piano recitals. Then he wondered why they didn't come.

This is why:

He wasn't reaching the people.

His canvassers rang every door-bell in town. They talked to some one in every house.

But one in every household isn't enough—particularly if it doesn't happen to be the right person. And, as a rule, it wasn't the right person—it was a servant, or a child. The woman of the house was seldom seen; the man of the house, never.

Now, if the piano maker had placed an ad. in the newspaper, it would have reached thousands, where the canvassers could reach only hundreds.

And even though only 10 per cent. of the readers are actual piano buyers, this does not mean that the advertising read by the other 90 per cent. is wasted. Advertising talks, not only to the prospective buyer,

but also to his wife, his grown-up sons and daughters, his mother—even his mother-in-law. Their coaxing will help to convince the head of the house—and pretty soon there'll be a piano in that home.

This and dozens of similar cases which might be cited to show that "waste circulation" is an empty bugaboo, and should deter no one.

Take the motor truck. It can be sold only to large firms. Yet a motor truck manufacturer is successfully advertising in daily papers. He realizes that he must reach, not alone the managers of the concerns that require trucks, but also their directors, their foremen, their head machinists, etc. It is found in actual practice that this advertising radiates in a thousand directions, and again converges most astonishingly to influence the house that has made up its mind that horse-trucking is too costly and inefficient.

Advice regarding your advertising problems is available through any recognized Canadian advertising agency, or the Secretary of the Canadian Press Association, Room 503, Lumsden Bldg., Toronto. Enquiry involves no obligation on your part—so write if interested.

Miscellaneous

HERE is a big money maker because it's a tremendous money saver and needed in every home. We have a proposition that will open your eyes. How much are new laid eggs in your town—35c, 40c, 50c? The new Canadian Eg-Save product at 25c per 100 does the work of three dozen eggs. Think of it! It's a cleanly, delicious meal form, has passed the U. S. food laws, easy to use, always fresh for cooking and baking and takes the place of high priced, dubious quality eggs. Agents make a tremendous hit with Canadian Eg-Save wherever introduced. Do you want a real money maker? Write us for proposition today. Available territory going quickly. Canadian Eg-Save Company, Limited, 62 Temperance St., Toronto. 31-33-35

Hospital Staff is Much Overworked

(Continued from Page 1.)

known his desire that the board furnish the finance committee as soon as possible with an estimate of the amount of money that the hospital would feel justified in asking for from the City Council for the forthcoming year. The president announced that this would be done as soon as they found out what the Provincial government were going to appropriate in the estimates. In mentioning this matter, President Stewart gracefully referred to the hearty and material support the board had received from the late City Council in the way of providing funds. The board adjourned at 5:30.

After the wedding bells comes the struggle with the new gas range.

GARRY HERMANN WOULD ALTER AMATEUR RULES

Great Baseball Magnate Says They Are Relic of the Dark Ages.

Cincinnati, O., Feb. 7.—The National Baseball Commission at its next meeting will discuss the question of amateur athletics and will seek to revise the present rules which declare an amateur athlete a professional if he plays professional baseball, according to a statement by August Hermann, president of the national commission. The discussion will be the result of a recent Thorpe ruling.

"The stand which the rulers of amateur athletics take against professional baseball," said President Hermann, "is a relic of the dark ages. Thirty or thirty-five years ago the professional baseball player was regarded with suspicion and marked prejudice. Unpleasant memories of the Hall-Devlin-Nicholas-Craver scandal in 1877 still cling to the game and its representatives. It was while the game was still in this unhappy position that the laws that still govern amateur athletics were formulated. Baseball since those times has advanced to a standard of integrity and public confidence. The amateur laws practically have stood stockstill.

"The college boy who goes out and plays ball in the summer months should not be confronted with the alternative of either deliberate falsehood or the penalties now inflicted by the amateur rules.

"Both common justice and the honor we owe the game demand that some early action should be taken, and the governing forces of baseball should be the first to cope with the situation. Of course the time between now and the scheduled meeting is limited; concerted, definite action may not be possible, but we can at least formulate plans for the immediate future."

Be young while you can; you'll have hard enough work trying to be young when you can't.

Our Women's \$4.50, \$5.00 & \$6.00 Shoes

Combine Comfort, Style and Durability

Quite a few women are undergoing needless misery in wearing boots that do not fit the feet.

Our shoes are thoroughly comfortable and at the same time their neat, attractive appearance is unequalled.

Our \$4.50 to \$6.00 shoes represent the highest grades in shoe making. The different styles come in tan willow, tan Russian calf, gun metal calf, patent calf and vicci kid.

Call and see our lines. No trouble to show goods.

RENWORTH & JEFFERSON

AT THE THEATRES.

The Westholme.
Although it is some little time since we have had any special attractions at the local theatres, the ever popular "movies" prove as alluring as ever and continue to draw crowded houses nightly. At the Westholme last evening there was an extremely entertaining series of films. A strong melodramatic story in two parts, entitled "Flesh and Blood," proved of compelling interest, while the remaining films, of a light and amusing character, filled out a most delightful evening.

The Empress.
The ever popular and exciting western cowboy pictures held sway at the Empress last night and will be repeated again this evening. It would seem to the casual observer that three picture shows in a city of the population that Prince Rupert has at present would find it hard to get patronage every evening, but it is not so. They are filled every performance. This can be partially accounted for by the excellence of the films that the local management of the several theatres procure for their patrons as well as the expenditure laid out in the matter of furnishing the very best orchestras obtainable. In this respect the Empress is in no way behind its rivals, which is responsible, no doubt, for the splendid patronage it receives.

The Majestic.
Cheery news always emanates from Mr. Witt, the manager of this popular little house. This last week, he says, they have done the best business yet. Nothing better than the Gaumont Graphic pictures can be seen anywhere. An excellent programme is billed for this evening, which all wishing for an hour's genuine amusement should make a point of not missing.

The length a cook stays in a family sometimes depends upon how interesting the family conversations are.

LOCAL NEWS ITEMS.

The last issue of the B.C. Gazette contains the appointment of Trevor J. Vaughan-Rhys and H. F. Kergin as commissioners for taking affidavits in the Superior Court for the purpose of acting under the "Provincial Elections Act."

J. M. Clancy, manager of the local branch of the Bank of Montreal, left for the south yesterday on an extended business trip and expects to visit a number of Western Canadian cities, including Edmonton, Calgary and Winnipeg, before returning. During his absence Mr. H. B. Cambie will assume the acting management.

The engagement of Mr. H. H. Little, manager of the Union Bank at Hazelton, to Miss M. Wrathall is announced. Mr. Little, who was for a considerable length of time accountant in the branch of the bank here, is very well known to a number of residents of Prince Rupert, whilst the bride-elect is one of the most charming and popular young ladies in Hazelton, at which place she has resided for some time with her two brothers.

A man can always run a house hold better than a woman can. Still, he doesn't.
