PORTE'S NOTE IS REJECTED; FIGHTING WILL CONTINUE

AMBASSADORS AGREE THAT PORTE'S NOTE IS NOT AN ADEQUATE BASIS FOR REOPENING PEACE NEGOTIATIONS.

London, Feb. 13.—It is understood in official circles here that the ambassadors of the powers have agreed that the Porte's note does not form an adequate basis for the reopening of peace negotiations and that the Porte is to be notified to that effect.

NEETLY MARRIED THIS MORNING

J. Jefferson, of Wallace Fisheries, Ltd., United in Marriage to Miss Brennan of Hospital Staff.

This morning at 7:30 a quiet wedding was celebrated by Rev. W. Kerr, the contracting party being Miss Florence A. Brennan, late of the hospital nursing staff, and Mr. W. J. Jefferson, manager of the Wallace Fisheries, Ltd., of Claxton and Grani. The ceremony took place at the home of the bride's mother, Mrs. A. E. Oakley. The bride supported her sister as a matter of honor, whilst Mr. A. J. Brennan, an intimate friend of the bridegroom, acted as best man. Miss Brennan, during her absence of a little over a year, has a host of friends, Mr. Jefferson, who is a partner in the firm of Renworth & Jefferson, is well known in this city. Mr. Mrs. Jefferson left on the steamer for south on their honeymoon. They will make their future home in Alberni, Vancouver Island.

PLANS FAR-REACHING WIRELESS STATION

Director-General of Norwegian State Telegraph Expects to Span Ether between His Country and America

Christiania, Feb. 13.—In the beginning of September last M. T. Hefty, director general of the Norwegian state telegraphs, communicated to the Norwegian press the fact that he had succeeded in arranging with the Marconi Company to construct a great duplex station to facilitate wireless telegraphy between Norway and America. The station was to be built on the western coast of Norway, near Stavanger, at a cost of \$350,000, to be paid to the Marconi Company for the patents. The station was to be ready for use in 1914, when Norway celebrates the centenary of her constitution.

This coincidence with an important date in Norwegian history was obviously a factor in favor of the enterprise, and the whole Norwegian press congratulated M. Hefty upon his bargain with the Marconi Company. The result of the investigations of the select committee appointed by the House of Commons into the English Marconi contract seems, however, to have placed the bargain of the Norwegian government in a new light. The London correspondent of the Conservative Aftenposten, who has submitted the statement of the director of telegraphs to an English authority on wireless telegraphy, states that this expert declares that though the complete terms of the contract have not yet been made public, it is clear that an important part of the criticism which applies to the English contract applies also to the Norwegian contract.

M. Hefty announces that in the near future he will put before the Storting all the particulars regarding the Norwegian Marconi contract.

THIRTEEN KILLED IN AN ENGLISH MINE

Bucket Containing 800 Gallons of Water Fell Down Shaft.

(Special to The Daily News.) Mansfield, Eng., Feb. 13.—Thirteen men were killed and a number injured at the Bolzever colliery by the snapping of a chain to which was suspended a bucket containing 800 gallons of water. The bucket crashed down the 500 foot shaft on to the workers, crushing them into an unrecognizable mass.

HERRING BY THE TON

Scow at G. T. P. Wharf This Morning Had a Catch of Twenty-four Tons.

Taking a peep over the G. T. P. wharf, close to the Rupert Marine Iron Works, this morning a remarkable sight met the eyes of a Daily News reporter. Lying in a silvery, shimmering mass were twenty-four tons of freshly caught herring in a big fish scow divided into six compartments. They represented the latest catch of the Canada Fish & Cold Storage Company's power boat Fredelia III and will be taken up immediately to be put into the freezers at the big cold storage plant.

REBEL BATTERIES ATTACK PALACE

Turbulent Times in Mexico Continue, Diaz Having Better of Situation—List of Dead Unknown.

(Special to The Daily News.) Mexico City, Feb. 13.—At 12 o'clock tonight it was reported that General Diaz had demanded the surrender of the national palace. All through the day the cannonading of the rebel batteries could be heard. Shells and shrapnel were thrown all around the palace. The list of dead is unknown. Diaz appears to be having the better of the situation.

TEACHERS SCARCE IN SUNNY ALBERTA

Government Decides to Allow Trained Teachers from United States to Teach.

(Special to The Daily News.) Winnipeg, Feb. 13.—Owing to the scarcity of teachers in the Province of Alberta, the government has decided to allow trained teachers from the United States to teach in Alberta schools.

GLACIER CREEK BORE IS PROGRESSING

Advanced Over Two Hundred Feet During January—Twenty Men on Pay Roll.

Referring to mining activity in and around Stewart, the Portland Canal Miner says: "Notwithstanding the loss of ten shifts out of the sixty-four for the month of January, the big bore being driven under Glacier Creek by the Portland Canal Tunnels, Ltd., penetrated the hill 209 feet during the first 13 days of the year. On the 31st ult. the tunnel measured 392 feet from the starting point, and General Manager W. J. Elmendorf, who left on Thursday for Victoria, expected that an average of over two hundred feet a month would be easily maintained. The loss of ten shifts was due to difficulty in ventilation, but this has now been remedied with the delivery of over half of the four hundred feet of ten inch ventilation piping that has been manufactured locally by T. W. Falconer. The two shifts are now breaking thirteen holes to a round, being 7.6x8 feet, and, according to the manager, the rock is excellent to work in. Three additional waste cars of twenty cubic feet capacity have been ordered. So far there has been ample water to supply power for the compressor plant. The tunnel company has an average pay roll of twenty men, and it is estimated that it will be late in the fall before the work will encounter the Glacier Creek vein system, the object of the undertaking."

ANTARCTIC EXPLORERS SUFFERED MANY HARDSHIPS

Commander Evans Sends Further Details Concerning the Return Journey of Capt. Scott From Pole---Bad Weather Hampered Progress---Petty Officer Evans Died Jan 17th.

London, Feb. 13.—Commander Evans sends further particulars from Christchurch, New Zealand, regarding the ill-fated British Antarctic expedition party under Captain Scott. The records which have been found show that after leaving Petty Officer Evans on January 4, 1912, Scott and his party marched an average of twelve miles daily and reached the pole on January 17th. Scott's observations by theodolite on January 18th fixed the pole within half a mile of Amundsen's observations. Scott's party followed Amundsen's tracks and found his camp within three miles of the pole. Several photographs of Scott and party, taken at the pole, have been found.

From the time of reaching the pole, the condition of Petty Officer Evans was the cause of much anxiety to the party, but good progress was made on the return trip over the great plateau during medium weather. The descent of Beardmore Glacier was accomplished during thick weather, snow delaying the march.

Petty Officer Evans fell on rough ice and sustained concussion of the brain, causing further delay. The surplus food was consumed and Evans died January 17th. Bad ice and illness of Captain Oates further hampered the progress, sometimes only three miles a day being made. Then came the blizzard which caused the death of the remainder of the party. A searching party found ten bodies half covered with snow on November 10th. A cairn of snow with a cross was erected over them and a brief record attached. Dr. Atkinson declares that there were no apparent symptoms of scurvy.

GOVERNMENT MAJORITY ONLY 32 ON NAVAL BILL

First Division on Naval Bill Last Night---Nationalists Bolted and Government Proposal Carried by Only 32 Majority

Ottawa, Feb. 13.—The first division in the House on the government's naval proposals took place tonight, as agreed upon last week. The amendments introduced by Sir Wilfrid Laurier and Alphonse Verville, Labor member for Maisonneuve, were defeated, each by a majority of 47 votes.

The original motion carried by a majority of 32, the Nationalist members bolting, as was expected.

Col. H. H. McLean, Liberal member for Sunbury and Queen's, voted with the government on the amendments, but refrained from voting on the original motion.

CARGO OF SODIUM SET FIRE TO SHIP

Captain Played the Hose on It When He Noticed the Flames

(Special to The Daily News.) London, Feb. 13.—The story of an unruly cargo that caused the loss of a steamer was told yesterday in the high court in a suit brought by Ingram & Royle of Lambeth against a French shipping company. The company's steamer Hardy left Trepport carrying two tons of metallic sodium, which is inflammable and explosive on contact with water. During the storm the sodium broke away from its lashings and water reached the cases setting it afire. The captain played a hose on the cases, which blazed up with a series of explosions. The captain then ordered

the whole lot thrown into the sea, but several cases were washed aboard. Then the hold caught no fire, as the flames reached the engine room, and the crew took to the boats, after several men, including the captain, had been injured.

As a result of the explosion the ship broke her back and foundered. Judgment was given for the plaintiffs in \$6848.

Bay City, Ore., Feb. 14.—A four masted barque, believed to be the British craft Dumfrieshire, bound for Fraser River ports, is ashore at Entrance Bay. It is believed that she will be a total loss. The fate of the crew is unknown.

STEWART LIBERALS ELECT OFFICERS

An Enthusiastic Annual Meeting Held on Tuesday Evening When Officers Were Elected

An enthusiastic meeting of the Stewart Liberal Association was held on the evening of Tuesday, Feb. 11th, for the transaction of general business and the election of officers for the ensuing year. The following were elected:

Hon. Pres.—Rt. Hon. Sir Wilfrid Laurier.
President.—T. J. Vaughan-Rhys.
Vice-Pres.—Henry Dennis.
Sec.—Treas.—H. F. Kergin.
Executive Committee—J. B. Barnaichez, R. H. Robertson, T. W. Cowan and Geo. Thomas.

The general tone of the meeting was such as to indicate that the Liberals of Stewart have, like the Liberals throughout British Columbia, been awakened to the necessity of aggressive work to secure for the province something that at least approaches responsible government.

URGE GOVERNMENT TO SETTLE COAL STRIKE

South Vancouver, Feb. 13.—South Vancouver Liberals have passed a resolution to the effect that the government should take action with regard to a settlement of the Vancouver Island coal strike, and ordered the secretary to forward copies to members of the Legislature and Sir Richard McBride. The resolution is as follows:

"That, owing to the inconvenience caused to the general public and the reason underlying the strikes in Ladysmith and Cumberland and believing it both fitting and proper that the government should take steps as far as possible to settle all disputes between capital and labor; the government should order an enquiry into the dispute and take the necessary procedure to bring about a speedy settlement."

CITY WITHOUT BREAD

London May be Placed in Dangerous Position by Bakers' Strike

London, Feb. 13.—The strike of London bakers which has been threatened for the last three or four weeks, is now believed to be inevitable unless a satisfactory conference is held shortly to settle the dispute.

It is estimated that, should the trouble break and the master bakers go on strike, London would be breadless within three weeks, and the seriousness of such a strike is beginning to be realized, with the result that the public are demanding that the grievances of the breadmakers be heard immediately.

MINING OUTLOOK IN STEWART BRIGHT

Everything Tends to the Belief That Coming Season Will Be a Hummer.

That things are quiet in mining circles in the Portland Canal district at the present time cannot be gainsaid and there are probably as many Stewartites in Prince Rupert at the time of writing as there are in the little mining burg itself. However, this fact is no criterion of the coming extinction of the camp. As a matter of fact, the prospects are extremely bright for the coming season. The latest arrival from Stewart, Mr. George R. Bruggy, upon being interviewed this morning was most cheerful and optimistic and evinces absolute faith in the future of the mining business, especially in relation to rich quartz deposits known to exist on the Salmon River. He himself is heavily interested in mining property and has just sent down another shipment of ore samples to the Vancouver Mining Club. Included in these are specimens of the ore found at the recent rich strike on Dan Lindeburg's property. Known as the Seven Mile group, also free gold samples from Pearson & Peterson's property at Eight Mile. Both of these are located on the Salmon River, which runs into the Portland Canal about a mile below Stewart. There is no question but that the future of this district is assured, time being necessary, however, to accomplish the preliminary work, the excessively heavy snow fall and glacial formation being a severe handicap to initial development. Mr. Bruggy predicts a large influx of mining men and others this coming spring. The extension of the Canadian Northeastern Railroad to the Groundhog district is confidently looked forward to.

CONSERVATIVES AND THE BANK ACT.

The attempt by Premier Borden and the party whips to suppress further criticism by government supporters of the bank bill recently introduced by W. T. White, minister of finance, is a subject of general comment throughout the east, much of it unfavorable.

The Toronto Telegram, Conservative, which has been heard from before on the matter, contains a savage editorial in its Saturday edition condemning the suppression of the debate. "If," says the Telegram in its opening leader, "government by the Bankers' Association and the transcontinental railway corporations is a good thing for the country then Canada will be the home of the freest, happiest and most prosperous people on earth. Democracy may be a failure and plutocracy a success, and if so Canada will prosper in the success of the beneficent forces that rule this favored land, through the ascendancy of puppet parties and figure-head governments."

The probable political consequences of Mr. Borden's attitude is causing some worry among those who, during the last Federal election, pledged themselves, if returned to power or elected, to use their influence to have the depositors

of the Farmers' Bank reimbursed for their losses. This side of the question does not escape the Telegram. In an editorial headed "Bad Politics in Ontario," the Telegram says: "Ontario Conservatism may yet suffer at the polls for the weakness that inspired Rt. Hon. R. L. Borden to make cravens and serfs of his parliamentary followers from this province. The bank act should have been kept in the limelight of parliamentary discussion until the Ontario Conservatives had discharged their duties which they owed to their constituents. It was bad politics and worse patriotism for Ontario Conservative members to allow themselves to be gagged even to oblige Rt. Hon. R. L. Borden. The worst is yet to come and the worst will arrive in the farce comedy activity of a banking and commerce committee that permits itself to be amused with the "bank amendments," that mean nothing and do nothing but carry out the desires of the Bankers' Association."

It is understood that W. F. Maclean of South York, who delivered one of the strongest criticisms on the bill before the ban was placed on further debating, is arranging to hold a public meeting in Toronto, at which speakers will be invited to express themselves on the subject.—Vancouver Sun.

PRESIDENT-ELECT WILSON UNDECIDED ON LEGISLATION

GREAT PREPARATIONS ARE BEING MADE FOR INAUGURATION CEREMONIES—DONKEY WILL HEAD PARADE.

Princeton, N. J., Feb. 13.—President-elect Wilson has not yet decided what legislation he will recommend to the extra session of Congress besides the tariff. This statement was made by Mr. Wilson when he was asked concerning reports from Washington to the effect that he would urge the next Congress to take up currency reform.

It is known that Mr. Wilson considers the tariff, anti-trust legislation and currency reform as the three principal subjects upon which the platform pledges should be carried out as quickly as possible. He expects to learn from party leaders in Congress just what it would be practicable to take up at the extra session. Mr. Wilson said he would make no decisions until after he was inaugurated.

Busy on Inaugural Address.
 The Governor spent the day here working on his inaugural address. He took a long walk in the chilly air, and was invigorated by it. His brother, Joseph R. Wilson, of the Nashville Banner, called on him, leaving at a late hour for Washington.

A brass band of more than thirty pieces, composed entirely of Princeton undergraduates, will head the Nassau student delegation which will escort President-elect Woodrow Wilson to Washington on the eve of his inauguration. Paul F. Meyers, president of the college Woodrow Wilson Club, announced the plan and called together the members of the Princeton Triangle Club orchestra and other students adept at playing wind instruments. The band already has begun to

practice college airs for the occasion.

Donkey for Parade Feature.
 Washington, Feb. 13.—Preparations for the inaugural ceremony are moving swiftly to completion. The inaugural committee appropriated \$21,000 for the reviewing stand at Lafayette Square and the President's stand in front of the White House. These two stands form the nucleus of the court of honor, the keynote of the entire decorative scheme for the inauguration.

A feature of the parade, eliminated since the inauguration of Grover Cleveland, will be a donkey. The animal will march at the head of the Young Men's Democratic Club of Washington. To protect visitors to Washington, it has been planned to request many of the large cities to assign a detail of picked detectives to aid the local authorities.

6,000 Military in Line.
 The purely naval contingent for the parade will comprise about 3,000 uniformed men, while an equally large number of uniformed men will be in the army and militia contingents.

Among the civilians Chicago is to be represented by Mayor Carter Harrison and about five hundred stalwart Democrats, while the State of Illinois will be represented by Governor Dunne and his staff, the latter in uniform.

The National American Woman Suffrage Association practically has completed plans for its pageant on March 3rd. Women of Columbus, O., will come to Washington in a special train to arrive on March 1st. They will appear in one section of the pageant.

SAY HIGHER-UPS DIVIDED GRAFT

New York Police Captain and Patrolman Allege That They Shared.

New York, Feb. 12.—With Police Inspector Dennis Sweeney and Captains James Bussey, James F. Thompson and Thomas W. Walsh under suspension, by direction of the Police Commissioner, as results of the confessions of Captain Walsh and Patrolman Eugene Fox that they shared the graft money with "men higher up," there was an air of expectancy tonight concerning further revelations that appear likely to be made through District Attorney Charles S. Whitman.

Up to a late hour tonight the movements of District Attorney Whitman were not known. He was not at his home.

It was made known later that the prosecutor was in conference for several hours with Walsh, as the captain, who is seriously ill, lay in bed. The two went over the captain's previous confession, Walsh supplementing it with further allegations.

These new statements had reference to at least one deputy police commissioner. In an effort to get corroboration of this implication, it was learned that Mr. Whitman hopes to get a statement from Inspector Sweeney. Walsh declared that Sweeney knows all that he told the prosecutor.

On Monday, if well enough,

Walsh will tell his story to the grand jury. Numerous indictments are expected.

This afternoon Commissioner Waldo conferred with Mayor Gaynor concerning the latest revelations in his much investigated department, steadily under fire since the murder of the gambler, Herman Rosenthal, last July.

HOME GOVERNMENT OPPOSES BORDEN

Liberal Leaders Reported to be Working to Defeat Canadian Premier's Naval Programme

London, Feb. 13.—The Daily Telegraph yesterday published a startling announcement from its correspondent to the effect that a number of government supporters are taking concerted action to defeat Mr. Borden's naval policy.

These members are anxious to do all in their power to rehabilitate the scheme of Sir Wilfrid Laurier and are working in close connection with Hon. W. S. Fielding, who came to this country immediately after the introduction of the Borden naval bill.

The newspapers say that these M.P.'s have already seen Premier Asquith and Winston Churchill with a view of prevailing upon them to alter their attitude toward Mr. Borden's scheme.

Their action has already found expression in statements in the ministerial press, it being urged that we should discourage gifts to the British navy and encourage the Dominions to build their own navies.

Frank D. Rice, the well known Provincial government land surveyor, who has been engaged upon his work at the Queen Charlotte Islands, is in the city, a guest at the Central Hotel.

Better than Ringing Door-bells

A PIANO manufacturer recently made a house-to-house canvass. He's one of those men with an absurd fear of the "waste-circulation" bugaboo—cannot get away from the haunting thought that only 10 out of every 100 readers of a newspaper may be possible buyers of his goods.

So he refused to advertise, and went a-canvassing—inviting people to come to his piano recitals. Then he wondered why they didn't come.

This is why:
He wasn't reaching the people.

His canvassers rang every door-bell in town. They talked to some one in every house.

But one in every household isn't enough—particularly if it doesn't happen to be the right person. And, as a rule, it wasn't the right person—it was a servant, or a child. The woman of the house was seldom seen; the man of the house, never.

Now, if the piano maker had placed an ad. in the newspaper, it would have reached thousands, where the canvassers could reach only hundreds.

And even though only 10 per cent. of the readers are actual piano buyers, this does not mean that the advertising read by the other 90 per cent. is wasted. Advertising talks, not only to the prospective buyer,

but also to his wife, his grown-up sons and daughters, his mother—even his mother-in-law. Their coaxing will help to convince the head of the house—and pretty soon there'll be a piano in that home.

This and dozens of similar cases which might be cited to show that "waste circulation" is an empty bugaboo, and should deter no one.

Take the motor truck. It can be sold only to large firms. Yet a motor truck manufacturer is successfully advertising in daily papers. He realizes that he must reach, not alone the managers of the concerns that require trucks, but also their directors, their foremen, their head machinists, etc. It is found in actual practice that this Advertising radiates in a thousand directions, and again converges most astonishingly to influence the house that has made up its mind that horse-trucking is too costly and inefficient.

Advice regarding your advertising problems is available through any recognized Canadian advertising agency, or the Secretary of the Canadian Press Association, Room 503 Lumsden Bldg., Toronto. Enquiry involves no obligation on your part—so write if interested.

JAY GOULD IS DECORATED

American Receives Recognition in France for Horse Breeding

Paris, Feb. 13.—Among those decorated with the Order of Maitre Agricole is Frank J. Gould. He received the decoration in recognition of his services in breeding horses. This decoration, although generally laughed at and called the Order of the Leek, is much sought after. Others who received decorations are M. Pams, former Minister of Agriculture, who was one of M. Poincare's opponents for the presidency, and a number of army and navy officers whose connections seem to be vague.

RAN THROUGH \$1,000,000

Broadway Spendthrift Said to Have Set Hot Pace for Five Years.

New York, Feb. 13.—That Irving W. Childs, the Broadway spendthrift, ran through all of the \$1,200,000 estate left him by his father, with the exception of possibly some \$200,000, within five years, is the statement contained in affidavits submitted in Surrogate Cohalan's court recently in connection with the contest of Childs' will now being waged by his widow, Mrs. Gertrude E. Childs.

SYMPATHIZES WITH ALLIES

Col. Roosevelt in Letter to Dr. Danoff Declares That Turks Must Give Up Adrianople.

Sofia, Feb. 13.—In reply to an address of thanks presented to Theodore Roosevelt on the occasion of an article published by him praising Bulgaria, Colonel Roosevelt has written a letter to Dr. Danoff, president of the Chamber of Deputies, and head of the Bulgarian peace delegation, expressing warm admiration for the patriotic sense of citizenship and his pleasure at "the magnificent work accomplished by the Bulgarian troops, whose victories have delivered civilized humanity from the oppressive burden of Turkish domination in Europe."

Mr. and Mrs. J. H. Cann, well known residents of Stewart during the early days of the mining excitement, left for the lower coast cities this morning on the Prince Rupert. They have lately been living in Valdez, Alaska.

F. O'Brien, for some time steward of the Kaien Island Club, accompanied by Mrs. O'Brien, left for Seattle this morning.

The recent stormy weather has been responsible for the breaking away from their moorings of a number of piles that have been lying ready for use at the Government dry dock. It is believed that they will be recovered.

If the weather permits, a boat will be sent from here today to the scene of the wreck of the Standard Fisheries Co.'s fishing boat Victoria. The intention is to endeavor to salvage the 7,000 pounds of halibut that are in the hold of the hulk.

H. A. Philpotts has resigned his position as secretary-treasurer of the Prince Rupert Fish & Cold Storage Co., Ltd. Mr. Philpotts came to Prince Rupert, accompanied by Mrs. Philpotts about five months ago. It is his intention to remain in Prince Rupert, although he has not yet definitely decided on his plans for the future.

Women's 'Smardon' Shoes Keep Their Shapes

"Smardon" style is not merely an added feature to help make sales. It is a part of the shoe itself. It's built right in. "Smardon" shoes appeal to women of taste because of their trim and natty shapes and because they retain their shape so long. The "style" of a "Smardon" shoe is as strong and as lasting as the shoe itself.

Wouldn't it be good for your comfort and appearance to try a pair of these shoes if you have not already done so?

FUNERAL OF THE LATE HENRY HELLIKSEN

The funeral took place this afternoon at 2 o'clock from Baynes Bros.' undertaking parlors of Henry Helliksen, the young Norwegian who died suddenly of heart failure at the Grand Hotel last Tuesday evening. Interment was made in Fairview Cemetery, Rev. F. W. Kerr officiating. Alderman John Dybbavn, together with several Norwegians, countrymen of the deceased, accompanied the remains to their last resting place. Few particulars have been able to be obtained of the late Mr. Helliksen other than he came to Canada from Norway and that he had friends in Portland, Oregon. Efforts are being made by his fellow countrymen to communicate with possible relatives of the deceased in Norway.

The Rev. H. G. Estabrook, superintendent of Baptist Missions for British Columbia, spent a few days in the city this week, for the purpose of becoming conversant with matters pertaining to local Baptist church affairs. He left for Vancouver on Wednesday evening. Upon arrival in the latter city he will bring before the Baptist board the advisability of immediately starting upon the erection of a church building in Prince Rupert.

Captain Harry Watson, late of Claxton, is now operating the well known gasoline power boat Spokeshoot, belonging to Messrs. Enrig and Adams, and is at the present time away on a trip to the Hochsall River.

Get the famous "Invictus" or "Walk Over" shoes at Scott, Froud & Co.'s. They stand the test when others fail. 38-39

Mr. and Mrs. T. H. Arneil left this morning on the Prince Rupert for a two weeks' visit to the lower coast cities.

JACK ROSE IS "BROKE"

Informer in Becker Case Says He Owes \$12,000 and Has Nothing.

New York, Feb. 13.—"Jack" Rose, the former gambler and police informer, whose testimony played so important a part in the conviction of Charles Becker, former police lieutenant, and the four gunmen for the murder of Herman Rosenthal, appeared recently before a referee in Long Island City for examination in his bankruptcy petition, in which he declared that he is without funds and owes more than \$12,000. Rose gave his present business as that of a promoter.

THE WEATHER.

The weather report at 5 o'clock this morning read: Barometer, 29.509; maximum temperature, 49; minimum temperature, 38; precipitation, 1.03 inches.

Bishop Du Vernet left this morning for Metlakatla upon receipt of the news of the serious illness of the Rev. Canon J. H. Keene, who is in charge of the mission at the latter place. The latest word is that the condition of the reverend gentleman has improved. Whilst in Metlakatla Bishop Du Vernet will attend a meeting of the Church Missionary Society that is scheduled to take place today.
