NEWFOUNDLAND GOVT. WILL TAKE STEPS TOWARD ASSISTING IN DEFENCE OF EMPIRE

BIG INTERNATIONAL STRIKE THREATENED BY ENGINEERS

UNION STEAMSHIP COMPANY OPERATING BETWEEN AUSTRALIA, CANADA AND THE UNITED STATES REFUSE DEMANDS FOR 8-HOUR DAY

(Special to The Daily News.) Wellington, N. Z., March 5.—The union of steamship engineers of international importance is threatened by engineers of the Union Steamship Company, whose vessels ply between here, Australia, Canada and the United States. Their demand is for an eight-hour day which the company is unwilling to grant.

EXPLORER DISAPPEARED IN A DEEP CREVASSE

DETAILS OF THE TRAGIC END OF TWO OF THE ANTARCTIC PARTY RECEIVED BY WIRELESS FROM MAWSON

(Special to The Daily News.) Sydney, March 5.—Details of the tragic ending of Ninnis and Mawson in the Antarctic were received by wireless from Mawson.

STUDENTS CAUSE RUMPUS AT SUFFRAGETTE MEETING

FURNITURE WAS SPASHED AND CHAIRS WERE HURLED THROUGH THE AIR—MANY BLACK EYES AND BRUISED FACES.

(Special to The Daily News.) London, March 5.—Emmeline Pankhurst, leader of the militant suffragettes, is completely broken in health. She has cancelled engagements and has gone to country for a rest. Mrs. Pankhurst attempted to speak at a meeting at Hampstead at which students let loose large quantities of snuff and started a riot in which furniture was hurled and chairs were hurled and broken. Many people showing blackened eyes and bruised faces as a result of the disturbance.

DECISION WAS GIVEN TO BRONSON ON A FOUL

THE GOOD BOUTS WERE PULLED OFF AT THE EAGLES' SMOKER LAST NIGHT—MAIN EVENT WAS DISAPPOINTING.

Whenever the local lodge of the Fraternal Order of Eagles once one of their entertainers and smokers, there is sure to be a big turnout. There was no exception to the rule last evening when the officers of the lodge arranged a program of the best order. Boxing bouts, recitations and other amusements kept the gathering highly entertained until well after 11 p. m. Refreshments were served in liberal quantities and the smiles of my lady nicotine were to their hearts' content. Mark Harby, one of the best and most popular entertainers in the city, kept the audience in roars of laughter with his ventriloquial acts, in which he introduced some of the topical allusions, together with a good natured chaff of many of those present. Later in the evening Mr. Harby recited Robert Service's famous ballad from "Songs of a Sour Dough," "Parson's Son." Nothing has been better from an

MONTREAL INVITES FAMOUS SCIENTIST

Asks Dr. Friedman to Come to the City and Give Test of His Tuberculosis Cure

(Special to The Daily News.) Montreal, March 5.—The city authorities have extended an invitation to Dr. Friedman, the celebrated German scientist, to come to the city and test his cure for tuberculosis.

CANADIAN NORTHERN AND ELECTRIC POWER

Company Applying for Water Rights at Various Places Along the Line.

New Westminster, March 5.—The Canadian Northern Pacific Railway Company are making preparations for the future electrification of their line in the Fraser Valley should the need arise. They are making application for water rights at various points along the line where electric power may be generated at comparatively small cost.

They are applying for the right to erect two dams near the point where the Nicola River empties into the Coquahalla River just east of Hope. It is proposed to erect a hydro-electric plant there capable of developing 30,000 horse power. It is also proposed to drive a two-mile tunnel through the divide to the Sumalow River and to divert this stream from the Skagit to the Nicola River.

NEW SERVICE RIFLE FOR BRITISH TROOPS

If Successful, Will Render the Lee-Enfield Rifle Obsolete.

London, March 5.—The British War Office is experimenting with a new service rifle, which, if it proves successful, will render the Lee-Enfield practically obsolete. The new rifle is automatic, but can be converted into a magazine loader or a single loader at will. It is strong enough to take a high velocity bullet.

One thousand rifles of the pattern are now in the hands of the government. If the new arm is successful the Lee-Enfield will be thrown away.

colored boxer of some local fame and looked as if he would have no trouble in the handling of his opponent. However in the second round Referee Barnes gave the decision to the white man on a foul.

Considerable dissatisfaction appeared to result from the decision, as it was quite evident Grey had his man beaten, and many did not consider a foul had been made. The match was for a purse of \$50.00 put up by the Order, \$30.00 to go to the winner and \$20.00 to the loser. At the close of the contest Grey issued a challenge for another fight which will probably be brought off in the near future.

Altogether the entertainment provided by the F. O. E. last evening was a great success and much credit is due to the capable managing committee who had charge of the arrangements.

AMUSING FARCE AT PRESBYTERIAN HALL

Large Crowd Turned Out Last Night to Witness the Performance of the District School.

(Special to The Daily News.) Montreal, March 5.—All this morning there was a run on the City District Bank, which has thirteen offices in this city, for some unknown reason. The demands were all met promptly and by noon the excitement was all over.

The two-act farce entitled the District School was thoroughly enjoyed last night by an audience that completely filled the Presbyterian Hall. This very amusing comedy was brimming over with local hits none of which were offensive but which caused much hearty laughter. W. G. Dennis filled the role of school master to perfection and was particularly funny. Messrs. McMeekin and Murray played the part of school trustees, the former in the role of Mrs. Quackenbush. Messrs. Lamb, Paterson, Campbell and Kelly were very winsome school girls while Messrs. Brown, Froud, Scott, Gibson, Ferguson and Bain were mischievous school boys. A. A. Holmberg played the part of the dunce much to the amusement of those present.

An interesting feature of the program was some gymnastic work put on by M. M. Lamb and B. Ferguson.

Mr. Bain also delighted the audience with a vocal selection. The total receipts amounted to nearly fifty dollars.

ROWING CLUB HAS SPLENDID IDEALS

Hope to Fit Up the Upper Deck of Hazelton as a Comfortable Club House—Meeting To-night.

This evening at 8:45 a general meeting of the members of the Prince Rupert Rowing and Yachting Club will be held at the Court House when important business in connection with the program for the coming season will be discussed. This club, which was started by a few enthusiasts during the early days of Prince Rupert's history, got down to business last year and through the energy and enterprise of a number of the members put its affairs into good shape, and the institution upon a firm and substantial basis. The old river boat Hazelton was purchased and thoroughly overhauled and refitted for use as a boat and club house, and anchored on the waterfront between the government wharf and the Rupert Marine Iron Works. Here members are able to keep their boats and canoes, an excellent floating slip being available for launching purposes. The club secured a four oar coxless racing shell which was used by a large number of the members many of whom possess great proficiency in the aquatic art.

This coming year it is hoped to greatly increase the membership of the club when steps will be taken if possible to fit up the upper part of the hulk as a club house where members and visitors will be able to meet and enjoy the many pleasures of the waterfront with all the privacy of a house boat. Situated as Prince Rupert is upon one of the finest natural harbors in the world, and dependent largely at the present time for her outdoor amusement upon aquatic exercises, it is incumbent upon everyone who has the interests of the city at heart to do everything to support this club. Nothing could be better or more calculated to please and entertain the large number of visitors who may be expected to visit us this coming summer than to have the opportunity of viewing the many wonders and beauties of our harbor from a comfortable and well fitted up club house as ideally situated as this one is.

The Daily News has the largest circulation in Northern B.C.

MUCH EXCITEMENT OVER RUN ON BANK

City District Bank in Montreal Was Subjected to a Severe Test Yesterday.

(Special to The Daily News.) Montreal, March 5.—All this morning there was a run on the City District Bank, which has thirteen offices in this city, for some unknown reason. The demands were all met promptly and by noon the excitement was all over.

FRANK ETTOR, I. W. W. LEADER, TURNED BACK

Authorities Classed Him as Anarchistic Agitator and Refused Him Entry.

Vancouver, March 5.—Those who had been expecting to hear addresses in Victoria, Nanaimo and Vancouver by Frank Etor, I. W. W. organizer from Seattle, will be disappointed, unless Mr. Etor gets special permission from Ottawa to enter Canada.

Etor, who was booked for addresses at the above mentioned places, attempted to enter Canada at White Rock on Saturday night. He was put through the usual examination accorded immigrants and his answers to questions were such as to cause the Canadian authorities at White Rock to class him as an undesirable and refuse him entry. He accordingly went back to Seattle. All immigration offices on the Canadian boundary and coast will be notified and if Mr. Etor, without special permission from Ottawa, tries again to enter Canada, he will be liable to arrest and imprisonment.

His case was no different from dozens of others who are turned back every week and the authorities had no special orders to deal with him. His description of himself caused the authorities to class him as an anarchistic agitator and therefore an undesirable.

W. D. Haywood, also of the I. W. W., and a lecturer, was in Vancouver a week or so ago.

NO ROYAL TRIPS ABROAD THIS YEAR

King and Queen Will Reside at Buckingham Palace Until July.

London, March 5.—Not for many years has the court passed so much time in London as it will pass this summer. Except for short absences at Easter and Whitsuntide, the King and Queen will reside at Buckingham Palace until July when they will go to Lancashire. When they go to Windsor at Whitsuntide, they will not occupy the castle but will take up their quarters at their old and favorite residence, Frogmore Cottage. Some time in the spring, the King will also take a brief yachting holiday and go to Plymouth to look around the drydock. It is now certain that there will be no foreign trips this year, not even to Paris.

King George, whose patronage of horse-racing is well known, has announced his intention of attending the Goodwood meeting in August, during which time he will be the guest of the Duke of Richmond and Gordon at Goodwood House. Thence he will proceed direct to Cowes for the yachting week. The Queen will not accompany the King to Goodwood, but will go to Cowes later. The Prince of Wales at the close of Oxford Lent term will rejoin the King and Queen at Buckingham Palace and spend part of his vacation at Sandringham.

Be sure and attend Millinery Display, Miss L. M. Kuster on Saturday. 54-56

NEWFOUNDLAND WILL AID IN DEFENCE OF EMPIRE

IS OPENING NEGOTIATIONS WITH IMPERIAL AUTHORITIES—DUTIES REPEALED ON TEA, SUGAR AND SALTED MEATS

(Special to The Daily News.) St. John's, N. F., March 5.—With a view of participating in the naval defence of the British Empire the Newfoundland government will open negotiations with the Imperial authorities, according to an announcement made to-day by the new Governor. The latter also gave notice of abrogation of duty on tea, sugar and salted meats, as a result of which the revenue will be reduced by \$400,000 annually.

THEY ARE STILL PLAYING THE GAME IN MEXICO

MADERISTS ATTACK TRAIN IN WHICH PEACE ENVOYS WERE TRAVELLING AND SEVERAL ARE KILLED.

(Special to The Daily News.) El Paso, March 5.—One Federal soldier and several Maderists were killed today in a battle between peace envoys en route to Mexico City, where the Huerta rebel peace conference is to be held. The Maderists attacked the train in which the peace envoys were travelling.

WILL NOT OCCUR AGAIN SAYS ALD. BULLOCK - WEBSTER

SECRETARY OF THE AGRICULTURAL SOCIETY REGRETS McRAE BROS. AND THE NEWS WERE NOT ASKED FOR TENDERS

To the Editor of the Daily News: Dear Sir,—It is with great regret that I read your editorial in the issue of March 4th, in which you have associated the two ideas of the Agricultural Association and politics.

So far every effort has been made by both myself and those who have worked so strenuously to make the Association the success which it ought to be, and will be, to keep it absolutely outside the sphere and influence of politics.

This will be obvious to any fair-minded man who has followed the matter carefully.

From the very inception there have been prominent men in both political parties associated with the early formation of the Agricultural Society.

The matter to which you refer, viz., the printing of the by-laws of the association was brought up by the mayor at the Council meeting on Monday night as an argument in extenuation of his own actions.

Let me here point out two facts: Firstly, that the Mayor who is such a stickler for correct procedure should not have

(Continued on Page 4.)

GIGANTIC SMOKESTACK TO BE ERECTED AT DRY DOCK

WILL TOWER 183 FEET HIGH AND IS LIKELY TO BE COMPLETED THIS PRESENT YEAR—MANY CONTRACTS HAVE BEEN LET.

Authoritative information is to hand as to the letting of important contracts in connection with the \$3,000,000 G. T. P. drydock, that is in course of construction at Hays Cove. The large amount of work that has so far been done is but a comparatively small part of this gigantic undertaking. Up to the present the laying out and partial completion of the area to be used for wharves, waterfront, yards, etc., upon which the various buildings, workshops and power houses will be located is all that has so far been undertaken. This summer a start will be made upon the superstructure and before the end of the year there will be a considerable difference in the appearance of the works in progress at Hays Cove.

The contract for all the steel to be used in the construction of this great drydock has been let to the United States Steel Products Co. The Dominion Iron and Steel Co., who were given an opportunity to tender for the supply of steel, were unable to do so on account of the vast amount of work they have already on hand. For this reason the contract had perforce to be given to the American corporation.

The Wineland Building and Engineering Co. of Vancouver have secured the contract for the construction of the re-inforced concrete power house as well as the superstructure of all the buildings.

For a very important feature of the work, the erection of a smoke stack 183 feet in height, the greatest specialists and experts in this line of work have been secured, the Webber Chimney Co. of Chicago. A contract has been let to them, and it is understood that they are already making arrangements to get material on the ground. It is likely this work will be completed before the Fall. This firm have completed several contracts in this line in the province already, the work being of the most satisfactory nature.

The G. T. P. Railway Co. are now calling for tenders for the construction of 12 pontoons for

(Continued on Page 4.)

NOTICE.

DAILY EDITION

Thursday, March 6, 1913.

WILL NOT DO
IT AGAIN.

Ald. Bullock-Webster, secretary of the Northern B. C.
Agricultural and Industrial Association has promised to be a
good little boy in future. In his letter in to-day's "News"
in regard to the printing of the Assn. by-laws his only excuse
for not asking McRae Bros., Ltd., and the "News" to tender
for the work is that the five hundred copies printed by A. O.
Franks (who runs the "Empire" job plant) for \$17.50 were
"said by persons qualified to judge to be excellent value for
the low price paid." While he expresses regret for his error
and promises not to make the same mistake again, Mr.
Bullock-Webster goes out of his way to show his venom for
the "News." In publicly expressing his appreciation of the
support given by McRae Bros. to the Agricultural Society (to
which the "News" takes no exception) it is rather strongly
implied that the "News" has not given assistance to the
organization. The Secretary is either adopting dangerous
tactics or he is at least most undiplomatic. Mr. Bullock-Webster
entirely mistakes the motive of the "News" in its criticism
of his action when he refers to "tail

twisting." The "News" was
not criticising Mr. Bullock-Webster as a private citizen
nor Ald. Bullock-Webster as a member of the council. Its
criticism was directed at the Secretary of the Agricultural
Society for adopting methods which were not only unfair but
which, if followed out, will bring the association to certain
ruin.

THE OBLIGATION OF
A NEWSPAPER.

Last Sunday night at Mount
Pleasant Presbyterian Church in Vancouver, Rev. J. W. Wood-
side preached an interesting and forceful sermon on the
moral inertia prevailing in that city which he considered
most appalling. Vancouver, he said, was neither idealistic
nor spiritual. Proof of this was furnished by its press,
which perfectly reflected the prevailing condition. A news-
paper, he added, is not under any obligation, as some be-
lieved, to do more than properly reflect all the activities
and aspirations of its readers, and for the apparent indiffer-
ence to the spiritual, which was one of the outstanding
features of Vancouver's papers, the people, and not the
papers were to blame.

SOUTH AFRICA'S DECISION
RE NAVAL CONTRIBUTION

NOTHING DEFINITE SUBMITTED TO SESSION OF THE UNION
LEGISLATURE—LORD GLADSTONE SAYS FURTHER

the opening of the Union Parlia-
ment Lord Gladstone, in his
speech from the throne, said that
his ministers were prompt to
recognize the premier importance
of the naval defence of
South Africa, and the protection
of its maritime seaports.

a nation and as one of the self-
governing dominions.
The finances of the Union are
in a satisfactory condition. Par-
liament will be requested to con-
sider the consolidation of the
laws with regard to estate duties,
and to pronounce upon them as
soon as possible. The question
of the founding of a national uni-

LORD GLADSTONE

The question of fuller and
more effective co-operation of
the Union has been well consid-
ered, but without further consul-
tation with the Imperial Govern-
ment they are not prepared to
submit any definite proposals to
Parliament. The reception which
was accorded to the South African
Defence Act was eminently
satisfactory. The people of the
Union have shown themselves
conscious of the position that
South Africa has attained both as

versity has engaged the attention
of the ministers during the recess,
and problems which present
themselves upon this important
undertaking have been consid-
ered in consultation with repre-
sentatives of those who have
come forward as benefactors, and
whose munificent donations have
been gratefully acknowledged.
They hope to present, in the near
future, a formulated proposal
for the establishment of a uni-
versity worthy in every way of
South Africa.

BRITISH RAILWAYMEN
ON VERGE OF STRIKE

Insist on Reinstatement of Dis-
missed Guard—United and
Determined as in 1911.

London, March 5.—Mass meet-
ings of railwaymen held yester-
day in London, Leeds and Shef-
field, Stockton and other centres
demanded by resolution the im-
mediate and unconditional reinstat-
ement of Richardson, the
guard dismissed by the Midland
Railway. The alternative is a
general strike. Cautious and re-
sponsible union leaders declared
that, failing to secure justice for
the dismissal of the guard, they
will call a national stoppage of
work by all railway employees.
The crisis might come in a few
days.

As regards the unity and de-
termination of the men, the situ-
ation is expressed as "August,
1911, over again."

The case for the Midland Rail-
way Company is stated fully in an
official memorandum. Rich-
ardson's attitude is said to have
been offensive to his superior
officers. It is held that oral in-
structions are essential, that no
Board of Trade regulation is con-
travened and that all guards have
known since 1909 that, by the
train control system, they are to
take oral orders from the con-
trol officers.

The joint committee of the
men's union will meet today.

C., contractor, intends to apply for permission to lease the following described lands: Commencing at a post planted on the east coast of Porcher Island, about a mile southeast of the mouth of Humpback Creek, half chain from Passage, half chain from beach, thence south 80 chains, thence east 80 chains, thence north 80 chains, thence east 80 chains following shore line to point of commencement, containing 640 acres more or less. ROBERT REID, Agent. Dated 29th January, 1913. Pub. Feb. 10, 1913—Apr. 7, 1913.

NOTICE.

Take notice that Atlin Construction Company, Limited, has deposited with the Registrar of Deeds for the Prince Rupert Registration District a description of plans of works to be constructed on the following described lands: All and singular that certain parcel or portion of Rupert Harbor and foreshore adjoining sub-Lot Seven (7) of waterfront "A" of the Townsite of Prince Rupert, British Columbia, containing eleven hundred and one hundredths (11 1/100) ft. be the same more or less, and which may be more particularly described as follows: That is to say: Commencing at the centre of Seal Cove as shown on plan number nine hundred and twenty-three (923) Prince Rupert Registration Office and commencing at a point distant therefrom astronomical eight hundred and fifty-nine and ten hundredths (859.3) feet and astronomical ten hundred and seventy-seven and eight hundredths (1077.8) feet said point being the southwesterly corner of said sub-Lot Seven (7); thence north thirty-six degrees thirty-three minutes and fifty-nine seconds west 36:33:59 W.), seven hundred and thirty-seven (737) feet to proposed harbor line; thence along said harbor line astronomical fifty-three degrees forty-six minutes and second east (N. 53:46:01 E.), one hundred and thirty-six (136) feet; thence astronomical south thirty-six degrees ten minutes and fifty-nine seconds (S. 36:13:59 S.) seven hundred and thirty-seven (737) feet; thence astronomical south three degrees and fifty-two minutes (S. 3:52:00 S.) two hundred and five (205) feet more or less to high water mark; thence northerly, westerly and northerly following high water mark, to or less to point of commencement. I do hereby give notice that after the expiration of thirty days from the date hereof application for approval of such works will be made to the Governor in Council at this 15th day of February, 1913. ATLIN CONSTRUCTION COMPANY, LIMITED.

RY A NEWS WANT AD

WATER NOTICE.

For a License to Take and Use Water. Notice is hereby given that Jack Bonnar, of Kitsumkalum Lake, B. C., will apply for a license to take and use 150 miners' inches of water out of that creek, which flows in a westerly direction through Lots 1432 and 1521, Range V., Coast District, and empties into Kitsumkalum Lake near southwest corner of Lot 1432. The water will be diverted at a point about 1/2 mile up from the mouth and will be used for irrigation purposes on the land described as follows: Commencing at the land described as Range V., Coast District, Lot 1521. This notice was posted on the ground on the 4th day of March, 1913. The application will be filed in the office of the Water Recorder at Prince Rupert. Objections may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C. JACK BONNAR, Applicant. Mar. 3 to 24.

WATER NOTICE.

For a License to Take and Use Water. Notice is hereby given that W. McIntominey, of Goose Bay, will apply for a license to take and use 150 miners' inches of water out of Bonanza Creek, which flows in a southerly direction and empties into Goose Bay near Queen's Head. The water will be diverted at a point 4 miles up from the mouth and will be used for mining purposes on the land described as Biting Copper and Acaid mineral claims. This notice was posted on the ground on the 4th day of February, 1913. The application will be filed in the office of the Water Recorder at Prince Rupert. Objections may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C. W. MCINTOMINEY, Applicant. Pub. Feb. 17, 1913—Mar. 10, 1913.

NOTICE.

Take notice that Atlin Construction Company, Limited, has deposited with the Registrar of Deeds for the Prince Rupert Registration District a description of plans of works to be constructed on the following described lands: All and singular that parcel or portion of Prince Rupert Harbor and foreshore adjoining Lot Five Hundred and Forty-one (541), Range Five (5), Coast District, British Columbia, containing by admeasurement twenty-one and seven one-hundredths (21.07) acres, be the same more or less, described as follows, that is to say: Commencing at the intersection of the southerly boundary of said Lot Five Hundred and Forty-one (541) with high water mark, thence astronomical east four hundred and forty-three degrees and fifty-six minutes east (N. 43:56 E.), eighteen hundred and thirty-three (1833) feet more or less; thence astronomical west six hundred and twenty-three and three-tenths (623.3) feet more or less to the intersection of the northerly boundary of said Lot Five Hundred and Forty-one (541) with high water mark, thence southerly and westerly, following high water mark, to the place of commencement. And take notice that after the expiration of thirty days from the date hereof, application for approval of such works will be made to the Governor in Council at Ottawa. Dated this 14th day of February, 1913. ATLIN CONSTRUCTION COMPANY, LIMITED. 38-63

APPROPRIATION IS SET AT \$2,250,000

Vancouver Hotel of C. P. R. Will be Larger than First Planned

Vancouver, March 4.—The Canadian Pacific Railway Company has increased the appropriation for the new Vancouver hotel to two and a quarter millions. The original appropriation, announced by Sir Thomas Shaughnessy when on the coast last year, was for the amount of \$1,500,000 so that the amount has been increased by nearly one million. Mr. Skene, who is the contractor for the hotel, and who built the Empress at Victoria at a cost of \$1,600,000, states that material changes have been made in the plans, the proposal now being to have the central tower sixteen stories high, with two ten storey wings, and a roof garden on top. Three hundred and fifty thousand dollars have so far been spent on the new power plant and the erection of a temporary wing on the rear, on Robson street. The wing will be turned into a high class rooming house when the new main buildings on Georgia Street are completed.

PRINCE DETERMINED TO BECOME A PIPER

London, March 5.—The students of Magdalen College were wrong in thinking that when the Prince of Wales took to learning the bagpipes, that he would soon get tired of it and give it up. They could not understand what pleasure he had in blowing such "unearthly noises." Others laughed at those who tried to emulate the prince and learn the bagpipes too. They have given up—they had to, to escape certain consequences. But they were wrong about the prince, who is said to be more than ever determined to become a piper.

BEST TEAM, SAYS LACROSSE MAGNATE

Con Jones, Returned from Two Months' Trip, Says Vancouver Will Be Strong.

Vancouver, March 5.—"Prospects for a first-class lacrosse team for Vancouver this season are very bright," remarked Con Jones, the local lacrosse magnate, when he returned this morning from a two months' jaunt around the continent that included a side trip to the Panama Canal. Con has been in California for the past two weeks. He spent some time in Toronto, Montreal and Ottawa, and then went to New York. From there he visited New Orleans, and then took a steamer trip to the Atlantic of the Panama Canal. "I had a long talk with the prominent men in the Big Four while in the east," remarked the Vancouver boss, "and I think we will eventually be able to get together on the proposed national commission for lacrosse. I have plenty of star players in view, and fixed up a number of deals while in the east that will ensure Vancouver having the best team it ever had. We are going after the Minto cup again this year, and we propose to have it back here next September."

HYLAND AFTER BAYLEY

Fighting Dick Wants to Get Match with Canadian Champion.

Calgary, March 6.—Harry Lombard, the oldtime Chicago lightweight boxer, who is now located in Edmonton, has assumed the management of Fighting Dick Hyland and wants to get a match for him with Joe Bayley or some other coast boxer. There will be no boxing around Edmonton until May 24, when Joe Bayley and Kid Scaler will come together and Harry wants to get some work for Hyland in the meantime. Lombard says he will bet \$1000 on Hyland against Bayley in a straight rules mixup with five-ounce gloves. Hyland boxed Scaler on six days' notice and reduced 12 pounds in that time, only to lose the decision. The worst he should have received was a draw. "I think Bayley is a great little fighter," writes Lombard, who is well known to coast fight fans, having performed at North Vancouver on sundry occasions. "But Hyland is a better man and I am willing to gamble that way."

Y. W. C. A. Campaign.

New Westminster, March 5.—The campaign for funds to provide for the establishment of a local Y. W. C. A. commenced in the city this morning. At a meeting of the Women's Council held on Saturday it was decided to endeavor to raise \$1000 by March 15 and with the proceeds to rent a house and furnish it. This will be used as the Y. W. C. A. headquarters until funds are obtained. An effort will be made to collect \$1 from each lady.

FORGED MORTGAGES, TITLES AND CHEQUES

Money Paid Out on Worthless Papers at Edmonton.

Edmonton, March 5.—Information now in the hands of the police here indicates that a wave of forgery is sweeping over the province and that a number of important documents have been forged in Edmonton. A few days ago \$500 was secured from the Royal Bank's branch and at LaCombe and Stettler by means of clumsily forged land titles. It appears that the title used for each bank had reference to the same quarter section of land southeast of Edmonton. A few days ago \$1000 was obtained from Ewing & Harvie on forged mortgages. In neither case has the culprit been captured. Last week two neatly executed forged cheques were passed on the Merchants Bank here and \$6300 was paid out. The signature was that of a construction firm working with headquarters here. On the charge of committing these forgeries Gustav Berg or Gustave Blanc, as he is known here, was arrested in Calgary yesterday.

ON BETTER TERMS

Name of Federal Appointee Has Been Sent to Sir Richard McBride

Victoria March 5.—It is understood that the name of the Dominion Government's appointee on the royal commission which is to investigate the financial relations between this province and the federal authority (better known as better terms commission) has been communicated by Mr. Borden to the provincial prime minister and will be announced by Sir Richard McBride in about a fortnight when also the province's representative on this important tribunal will be named. According to expectations the greater part of the commission's work will be performed in this province, sittings being held also at Ottawa and London.

Better than Ringing Door-bells A PIANO manufacturer recently made a house-to-house canvass. He's one of those men with an absurd fear of the "waste-circulation" bugaboo—cannot get away from the haunting thought that only 10 out of every 100 readers of a newspaper may be possible buyers of his goods. So he refused to advertise, and went a-canvassing—inviting people to come to his piano recitals. Then he wondered why they didn't come. This is why: He wasn't reaching the people. His canvassers rang every door-bell in town. They talked to some one in every house. But one in every household isn't enough—particularly if it doesn't happen to be the right person. And, as a rule, it wasn't the right person—it was a servant, or a child. The woman of the house was seldom seen; the man of the house, never. Now, if the piano maker had placed an ad. in the newspaper, it would have reached thousands, where the canvassers could reach only hundreds. And even though only 10 per cent. of the readers are actual piano buyers, this does not mean that the advertising read by the other 90 per cent. is wasted. Advertising talks, not only to the prospective buyer, but also to his wife, his grown-up sons and daughters, his mother—even his mother-in-law. Their coaxing will help to convince the head of the house—and pretty soon there'll be a piano in that home. This and dozens of similar cases which might be cited to show that "waste circulation" is an empty bugaboo, and should deter no one. Take the motor truck. It can be sold only to large firms. Yet a motor truck manufacturer is successfully Advertising in daily papers. He realizes that he must reach, not alone the managers of the concerns that require trucks, but also their directors, their foremen, their head machinists, etc. It is found in actual practice that this Advertising radiates in a thousand directions, and again converges most astonishingly to influence the house that has made up its mind that horse-trucking is too costly and inefficient. Advice regarding your advertising problems is available through any recognized Canadian advertising agency, or the Secretary of the Canadian Press Association, Room 503 Lumsden Bldg., Toronto. Enquiry involves no obligation on your part—so write if interested.

TENDERS FOR LEASE. Tenders will be received by the undersigned up to March 17th, 1913, for a five (5) year lease on a plot of ground 50x100, at corner of Fraser and Eighth Streets, according to plan filed with the City Clerk. Successful tenderer will be required to pay all taxes, water rates, etc. Highest or any tender not necessarily accepted. 55-61 ERNEST A. WOODS, City Clerk.

NOTICE OF ASSIGNMENT. NOTICE is hereby given that, pursuant to the "Creditors' Trust Deeds Act, 1901" and amending Acts, Ernest William Wilburn, carrying on business as a Contractor at Telkwa, in the Province of British Columbia, has by deed dated the 21st day of February, 1913, assigned all his real and personal property, credits and effects, which may be seized or sold or attached under execution, to Alexander Finnie of the City of Prince Rupert, in the Province of British Columbia, Accountant, for the benefit of his creditors.

AND NOTICE is hereby given that a meeting of the creditors of the said Ernest William Wilburn, will be held at the Law Offices of Messrs. Patmore & Fulton, Room 10, Exchange Building, Prince Rupert, B. C., on Monday the 10th day of March, 1913, at the hour of 2:30 in the afternoon.

AND NOTICE is hereby given that all persons having claims against the said Ernest William Wilburn, are required to forward particulars of the same, duly verified by statutory declaration, to the said Alexander Finnie, addressed to him at Prince Rupert, B. C., on or before the 31st day of March, 1913, and that all persons indebted to the said Ernest William Wilburn are requested to pay the amount due by them to the said assignee forthwith.

AND NOTICE is hereby given that after the 31st day of March, 1913, the assignee will proceed to distribute the assets of the estate among the persons who are entitled thereto, having regard only to the claims, duly verified, of which he shall then have received notice, and will not be responsible for the assets or any part thereof so distributed, to any person or persons of whose claims he has not then have received notice as aforesaid.

DATED at Prince Rupert, B. C., this 25th day of February, 1913. ALEXANDER FINNIE, Assignee. Mar. 5 & 10.

CORPORATION OF THE CITY OF PRINCE RUPERT. Warning. During the construction of water main across Shawatlans Passage at Fern Passage cables will be strung and six dolphins driven. All boats are hereby warned. Construction is now in operation and will continue until further notice. 451f

W. McG. MASON, City Engineer.

WILL NOT OCCUR AGAIN SAYS AID. BULLOCK-WEBSTER (Continued from Page 1.)

allowed himself to talk at some length on a matter which was irrelevant to the subject under discussion. Secondly, if my action in one matter was wrong, that would not exonerate him from blame in the other matter and should not have been adduced. The form of argument known as "tu quoque" is not admired.

The five hundred copies of the by-laws printed by Mr. A. O. Franks for \$17.50 are said by persons qualified to judge to be excellent value for the low price paid. That the "News" and Messrs. McRae Bros. were not asked to tender I certainly regret, and this shall not occur again where work is sufficient to justify calling for tenders.

Messrs. McRae Bros. have been hearty supporters of the Agricultural Association and Fall Fair proposition ever since we started. I take no exception to your letter, Mr. Editor, as far as it affects myself. I realize that your object was to castigate me rather than to injure the prospects of the Association.

In the city where the circumstances are well-known, no doubt this will be the construction placed upon your article, but in the outlying districts I fear that incalculable harm may result from your editorial being taken seriously. I would ask you as a public spirited citizen to refrain from using the Agricultural Association as a lever with which to twist the tail of any individual with whose views or actions you may disagree.

Yours truly, L. BULLOCK-WEBSTER.

GIGANTIC SMOKESTACK TO BE ERECTED AT DRYDOCK (Continued from Page 1.)

the floating dock, as well as for the building of working floats, shore bridges, etc. Plans and specifications for these last can be seen at General Superintendent Meehan's office in the G. T. P. building on Centre Street, the office of Mr. J. H. Pillsbury, Prince Rupert, or at that of Captain C. H. Nicholson, Superintendent of G. T. P. Steam ships, Vancouver.

With the letting of all of the aforementioned contracts practically everything is arranged for as regards the building and completion of the drydock. All that will be left to be done will be to purchase equipment such as boilers, pumps, electrical fixtures, tools, etc. In a quiet, unostentatious fashion, great and momentous matters are being arranged for and decided upon, right under our noses, and which we are hardly aware of that are of the most vital importance to every citizen of Prince Rupert. The building of this gigantic drydock by the G. T. P. R. Co. is one of the principal undertakings that will be underway in Canada during the second decade of the 20th century.

The paper that prints the facts—the Daily News.

ST. PATRICK'S DAY CONCERT Great Preparations Being Made for Popular Annual Event.

Great preparations are in progress for the Grand Annual concert to be given on the evening of St. Patrick's Day, 17th inst. This affair which has always in the past been looked upon as one of the events of the season, bids fair to eclipse this year anything heretofore attempted. The Westholme Theatre has been engaged for the occasion. Most of the available amateur talent of the city have announced their willingness to take part in the entertainment. Principal Brady of the High School will deliver an address, songs and instrumental music will be rendered, the whole to conclude with a screaming one act farce entitled, "Turn Him Out," which will be sure to send the audience away in the best of humours.

Chambers for mines have been excavated at the Italian entrance to the great Simplon tunnel.

In the Letter Box

AN OPEN LETTER.

To the Editor News:

Permit me, as a member of the Commonwealth and more particularly as one of a small band of Ontario men who were unfortunate enough to have been present Sunday evening at gospel meeting held in the Empress Theatre, to publicly thank you for your editorial criticisms on the sermon of the reverend Mr. Kerr Under the cloak of a Christian minister it is lamentable that such personal references should be permitted to reach the public ear.

That the parson was honest in his convictions there may be many who will generously admit, but the incalculable injury done to the plastic mind of the earnest seeker after truth who came there for instruction, cannot be estimated in its far reaching effect.

I am willing to go further and hold it nothing short of crime, however unintentional, for any man from the pulpit of any temple of any religion on earth to fling any unkind and unchristian statement at a congregation—statements in any way liable to scan the sensitive surface of the soul. I say sensitive surface of the soul, for what soul is more sensitive and receptive than that of the one who, filled with vague misgivings and doubts of the traditions of the cradle, comes blind and helpless to the shrine of Christianity, seeking he knows not what—anything to allay the ocean of blinding discouragement and disconcert with which he finds himself surrounded whenever he attempts to fathom the unknowable.

The world is teeming with weary pilgrims, surrounded by great foaming waves—waves that roll and buffet them without mercy—without interval—without rest, and with eyes strained to the utmost tension, looking anxiously, looking earnestly for a lighthouse. What wonder then when landed there they become receptive, prostrate themselves at the foot of the shrine and drink of its waters.

Be these waters ever so pure and life-giving, of what avail it should the minister drop poison in the cup? "Watchman, what of the night? The myriad foe in close array comes on to try our might. A night assault! And if thy trump mistake a single sound I'll hang upon these battlements the watchman on his round!" So much for the man who dares to cast hidden innuendoes from the pulpit, throw a bunch of men under a ban, and possibly drive a single soul from the feet of Christ. Dit it ever occur to Mr. Kerr, when in his fanatical conceit he answers—"No one knew to whom I referred." Did it ever occur to him that no one knew to whom he did not refer?

Now a word as to the cause of this tempest: Christ said—"He that is without sin among you let him first cast a stone at her." From Christ to Plato and down the ages to the brainy men of today, all of them pity her, many of them would save her, but none of them cast stones at her. She is under the feet of the world and deserves our pity, not our condemnation.

It was not my desire, nor is it my intention, to enter into a theological discussion. Just a word: In his address to the envoys of Rome Spartacus said—"See you yon rivulet, high on the mountainside? Slenderly it winds, but soon is swelled by others meeting it, until a torrent, terrible and strong, it sweeps to the sea!"

So, in my humble opinion, would the religion of Christ advance, if the world could but eliminate wild shooting in the ranks of its ministry, redlights, calciums and hippodroming. VASSAL.

ITALY, TOO, HAS THE WAR FEVER Increasing Garrisons Along the Swiss Frontier—Fortifying Entrance to Tunnel

Geneva, Switzerland, March 5.—The Italian government has joined the rest of the European continental powers in making military preparations. It has increased the Italian garrisons along the Swiss frontier and military engineers are engaged in building new forts commanding the passes from the mouth of the Simplon tunnel toward the east.

Chambers for mines have been excavated at the Italian entrance to the great Simplon tunnel.

AN ACTING MAYOR TO BE APPOINTED

Mayor Pattullo Intends Going South for a Short Trip on Business in Connection With City Finances

A special meeting of the city council is called for Saturday afternoon for the purpose of appointing an acting mayor during the absence of Mayor Pattullo, who intends leaving on Saturday night for the south on a short trip in connection with civic finances.

LOCAL NEWS ITEMS.

Next Friday evening at the Catholic Hall, Alderman Bullock-Webster will deliver a lecture on Iceland and the Canary Islands. This will be the second in the series of these popular lectures that are being given by well known residents of the city. The first was on "London" by Principal Brady of the High School.
