OLD TIME RESIDENT LEAVES FOR SAN DIEGO

Popular Young Business Man Given Farewell Last Night.

Mr. George Eckerman, late manager for Messrs. Lynch Bros., general merchants of this city, left for the south this morning on the Prince George. Mr. Eckerman, who has been in the employ of the former firm for the last three years, was extremely popular in Prince Rupert, and a number of his friends met last evening at the home of Mr. and Mrs. P. R. Harris, when a farewell party was given. Mr. Eckerman will join his wife in Tacoma, when they will proceed on to San Diego, in which city they propose to make their future home.

HIGHLY DELIGHTED WITH PRINCE RUPERT

Nebraska Business Man Returns Home Full of Enthusiasm for Future of City.

Mr. J. M. Sewell, of Hastings, Nebraska, who has been on a visit to Prince Rupert for the last few weeks, left for his home today on the Prince George. Mr. Sewell, who is a retired grain buyer, is an intimate friend of Mr. Sidney Smith, of the Atlin Fisheries, Ltd., the latest company to go into the fish business in Prince Rupert. It was through his association with the latter gentleman that Mr. Sewell decided to pay Prince Rupert a visit. He is more than delighted with all he has seen, and has returned to the United States full of enthusiasm for the wonders of Northern British Columbia. Being a peculiarly observant man, and one who is ever ready to impart information, Mr. Sewell will act as a first rate missionary to his fellow countrymen in dilating on the immense possibilities that are in evidence on every side in the northern part of this province from a commercial standpoint. He is quite confident that he will be the means of influencing considerable American capital in this direction. The success which is attending Mr. Sidney Smith's incursion into the field of business in Prince Rupert is an excellent criterion of what may be looked for as the result of judicious and businesslike investment.

BASEBALL AND CUBS ON EQUAL FOOTING

Defeated Men's Own Last Night by 17 to 15—Present Standing of League.

The most closely contested Inland Baseball match so far of this season was that of last evening at the Skat-Hink between the Brotherhood Cubs and the Men's Own, the former team finally winning by the narrow margin of two runs, the score being 17 to 15. The game, although a pretty fast one, was not remarkable for any particularly spectacular play. In Smith of the Men's Own was a consistently forward player and was largely responsible for the good showing his team made. The lineup was as follows: Brotherhood Cubs—Vance (captain), Brooks, Webber, Ives, Peppoorten and Smith. Men's Own—Smith (captain), Old, Weston, Sherman, Scott, and Clarke.

The next game to be played between the Pirates and the Brotherhood Cubs on Tuesday evening will probably be the hot-est of the season, the opposing sides having to put up a hot battle for first place, in the series so far played. The standing of the teams up to the present is as follows:

Men's Own	3	1
Brotherhood Cubs	3	4
Men's Own	0	4

Second Trial of Chicago Lawyer Charged with Bribery Was Brought to a Close Yesterday

(Special to The Daily News.)
Los Angeles, March 6.—The second trial of Clarence S. Darrow, the Chicago lawyer, charged with bribing a juror in the Mc Namara case, was brought to a close today and the case was given to the jury late tonight.

Los Angeles, March 6.—When Clarence S. Darrow spoke on his own behalf today he caused the audience to weep. He is now on his second trial for bribing of the jury.

According to the evidence of Attorney Darrow, Burns detectives peddled information to him during his defence of the Mc Namara brothers. Black and Berlin were the names mentioned.

"I'm not sure whether we got anything from Berlin," Darrow testified, "but I know he was always trying to do business with us."

STUBBORN FIGHT GOES ON; HOUSE SITS CONTINUOUSLY

BOTH SIDES OF HOUSE ARE PUT TO SEVERE TEST ON NAVAL PROPOSALS AND BOTH ARE DETERMINED NOT TO GIVE IN

(Special to The Daily News.)
Ottawa, March 7.—At three o'clock this morning the House was still sitting, having been in session continuously since Monday. The Liberals are putting up a determined fight to force the government to the country on the naval proposals. Premier Borden and his supporters are equally determined to have the bill put through the House. Although members on both sides are nearly worn out as a result of the continuous sitting, the fight is being kept up with stubborn determination.

ACCIDENTALLY DROWNED

Jury Severely Censure Prince Rupert Hydro-Electric Co. for Not Warning Their Employees.

The inquest on the body of the late Mino McFadden, who was drowned at the Falls River on Christmas Eve of last year, was concluded yesterday evening. The verdict was as follows: That the deceased, Mino McFadden, met his death by accidental drowning in the Falls River on the 24th Dec. 1912. The Prince Rupert Hydro-Electric Co., Ltd., was severely censured for not having posted notices of warning, and for allowing their employees to cross the river in a canoe between the cables.

GENERAL REVIEW OF WORK OF LEGISLATURE

A Few of the Most Important Bills Passed by the Provincial Legislature During Session Recently Closed.

Among the outstanding features of the legislation put through during the six weeks' session of the B. C. Legislature, which was prorogated on Saturday last, may be mentioned the bill which embodies the revised "free lands for settlers" policy of the Provincial Government, the bill for the creation of Mount Robson Park and its companion measure for the extension of the areas of Strathcona Park, the amendments to the Liquor License, Motor Traffic and Game Protection Acts, the measure reorganizing taxation, the enactment for assurance of a clean and healthful milk supply, the new Water Act of the Province, the legislation governing censorship of moving pictures, the enactment under which Parliament hereafter obtains an additional year in its term of life, while the sessional indemnity of members is increased, the creative acts in reference to the Auditor-General's Department and the Provincial Museum, the further extensions of Provincial aid toward colonization, railway construction and the measures for the regulation of crematoria and the registration of vital statistics.

FORTUNES ARE LEFT TO CANADIAN PEOPLE

Frugal Old Farmer Near Chicago Left \$1,000,000 to His Relatives—Estate Reopened for Probate.

Chicago, March 6.—David H. Wilson, a frugal slim old farmer lived for sixty years in Oregon, Illinois, and tilled his farm unassumingly. Then he died, leaving no will or indicating his relatives. More than \$1,000,000 in securities lay during a large part of these sixty years in a safe deposit vault of a Chicago bank in his name. He cut coupons in the early years, but now it has been discovered there are bond coupons that have not been out for twenty years.

Harry A. Smith, attorney, heard of relatives in Canada, and looked them up. He identified them and had himself appointed administrator. Mr. Smith has notified the Canadian relatives and the estate has been reopened for probate while search is being made for other possible relatives. The first administrators bond filed by Mr. Smith was for \$50,000, but by reason of the gold lined box found in the reclusive's name this has been raised to \$1,500,000, issued by a Chicago agency.

MAYOR PATTULLO WILL MAKE HURRIED TRIP SOUTH

Was In a Communicative Mood When a News Reporter Called on Him in His Office This Morning---Explains How Matters Are Running so Smoothly

A "News" reporter, in search of information likely to interest the public, dropped into the mayor's office this morning to get the latest in regard to civic affairs. In response to his query, the mayor said there was nothing especially new this morning but that everything was gradually being put into shape.

Of course, he said, the main work at present is getting our finances in order, and plans made ready for submission of money bylaws to the ratepayers, after which we shall go to the money markets.

Continuing on this subject the mayor said: "I notice that our opponents show extreme irritation. I doubt not that they would delight in seeing this administration fail in its work, rather than that the city should go ahead, but I am afraid we shall have to disappoint them. We do not at all mind such expressions

as "tammanyism," "graft," and "secret sessions," for one reason that we have already been told that whenever these expressions are used they do not mean us, but somebody else, and secondly, sinister innuendo and vituperation are always the resort of the ignorant and unscrupulous.

"It is true that our council meetings have been very successful. This is due to the fact that all our proposals are carefully and thoroughly thought out and reflected upon, before being presented to the council at all. Council meetings are not held for the purpose of enabling the mayor and aldermen to recite and rehearse all the street corner gossip of the previous week, but are held for the purpose of enacting into law and giving validity to those matters and questions which have received mature consideration and deliberation before meeting of council.

"I know it is hard for some people to imagine that city business can be conducted honestly. Just as a drunken man imagines everything to be whirling around him, in a similar manner do people of narrow, congested, suspicious and unscrupulous minds see like qualities in everybody else. Of such we must be charitable on the principle that a snake cannot help emitting venom. However, I always believe in taking all the pleasures out of life that we can, and if we must have snakes we can, at least, enjoy seeing them writhe."

"Do you expect to be absent from the city very long?" asked the reporter.

"No, I shall only be gone a few days and expect to be back at the end of last week," said the mayor as he pushed a button for his stenographer. The reporter thanked him for his pleasant interview and said "Good morning, your worship."

SAD FATALITY AT NIAGARA FALLS, ONT.

Mr. J. B. Stephens, Father of Mrs. S. P. McMordie of Prince Rupert, Was Instantly Killed.

Mrs. S. P. McMordie, wife of S. P. McMordie, a well known contractor of this city, received the sad intelligence a few days ago that her father, Mr. J. B. Stephens of Niagara Falls, Ont., had been the victim of a fatal accident. The sympathy of her many friends in this city will be extended to her in her bereavement.

The following particulars of the accident were given in the following Canadian Press despatch:

Niagara Falls, Ont., Feb. 21.—Mr. J. B. Stephens, customs officer, was instantly killed this morning at 7:40 o'clock, being knocked down by a G. T. R. switch engine as he was crossing the eastbound track to the street at the east end of the station. The engine wheels ran over his shoulder crushing his life out instantly. Mr. Stephens, previous to being appointed customs officer twelve years ago, was editor and owner of the Niagara Falls Review. Before coming to this place he managed the Walkerton Telescope. He was sixty-five years old, and leaves a wife, two sons and two daughters. Alderman P. Stephens of this city, is a son.

PRINCE RUPERT MERCHANT INJURED

Suffers Severe Hurts When Car Strikes Taxi in Seattle.

Seattle, March 3.—Injured by a cable car while riding in a taxicab, Severino Gasinasso, retired merchant from Prince Rupert, B. C., is in the Seattle General Hospital here with three broken ribs. H. A. Briggs, chauffeur of the taxicab, says that Gasinasso and a friend named Novilla were both riding on the front seat, blocking his view. The taxicab hit the cable car amidships and slewed about, crushing the injured man.

Dr. Ewing, on the staff of Messrs. Foley, Welch & Stewart, who has been on a trip of inspection of the former company's camps up the line of the G. T. P., returned to the city on last evening's train and left for the south this morning on the Prince George.

NOTICE.

A general open meeting of the Prince Rupert Liberal Association will be held Saturday evening, Mar. 8th, in the K. of P. Hall, Helgeson Block, at 8 o'clock.

OPENINGS FOR WOMEN IN THE DOMINION

Englishwoman Gives Her Experiences as Home Help

London, March 6.—Much interest was shown in the address delivered by Ella Sykes today before the Royal Society of Arts concerning openings for educated women in Canada. Miss Sykes was so anxious to find out what openings existed that she spent six months in Canada as a working woman, took five temporary positions as home help in four provinces, and received hospitality at chicken ranches and prairie farms. At the outset she met a rebuff at Winnipeg, where she was told "what a pity English women are so seldom trained to do anything properly." Miss Sykes said this was humiliating, but true. She was surprised to find how low accordingly was her market value. When she thought of being home help she found the reality very different from what she had imagined it. The Canadian is a capable housewife, and the work of keeping her home in good order seemed endless. Her experiences in several situations convinced her that the post of home help is unsuitable for educated English women, except perhaps on the Pacific slopes. Miss Sykes recommended educated English emigrants to consider to become probationers in large western hospitals, elementary school teachers, stenographers or dress makers. Poultry farming was lucrative if women could do the work themselves. "We are accused of wishing to drain the United Kingdom of all its capable women," concluded Miss

SUFFRAGE TRAMP: MONTREAL TO OTTAWA

Some Women Talk of Pilgrimage to Present Petition to Premier

Montreal, March 6.—Some of the members of the local Woman's Suffrage Association are talking of a suffrage tramp from Montreal to Ottawa to present a petition in favor of the equal franchise to the Rt. Hon. R. L. Borden, according to reports in circulation here today.

The women believe the march of the United States army of enthusiastic suffragettes from New York to Washington has been quite a success. Although the papers have featured in their head lines the fact that the army was at times slightly footsore and rather weary, the suffragists believe with famous advertising men that "every knock is a boost," and see only the advantages derived from the free advertisement given the cause.

The march from Montreal to Ottawa would be a little less than a week's tramp, and although the roads will not be too good in the spring, when the march could take place, the weather would be pleasant, and the marchers could be equipped with heavy boots and canes to help them on their way. On the road they could distribute pamphlets and give lectures.

Sykes, "We replied that with one and a half million more women than men, a few hundred can well be spared. If England is so anxious to keep her daughters let her give them better salaries."

BENNY MEYERS TO RETIRE FROM GAME

Toronto, March 6.—Charlie Ebbetts is wrathful over the announcement that Benny Meyers, who once played in Seattle, will retire from the game next season. The Brooklyn club secured Meyers from the Toronto club for Hub Northen, and if he quits it means a loss of at least \$2,500. Benny intends to marry a girl who will not let him play, and she has plenty of money.

MATTY MCINTYRE BUYS RELEASE FROM SEALS

San Francisco, March 6.—Matty McIntyre, an outfielder obtained by the San Francisco Coast League team from the Chicago Americans, has bought his own release by the payment of \$1,000, his purchase price. His cheque arrived yesterday and today he was notified that he was a free lance.

BOXING LAW MAY YET PASS IN WASHINGTON

Montesano, Wash., March 6.—Senator Hewitt, father of the measure to establish a boxing commission in this state, has today announced his intention of attempting to have a reconsideration of the bill which several weeks ago failed of passage in both houses.

"I have many senators favoring this bill for the reason that it will do away with brutal prize-fighting and legalize boxing contests, eliminating the bad features—betting and other gambling," said Hewitt.

LOW AND INSULTING IMPUDENCE.

Nothing but insult and impudence could father the scurrilous libels hurled at the great body of the people of Canada by The Montreal Star in its crazed war-scare shrieking. Not Liberals alone, not alone the 625,000 Canadian electors who, eighteen months ago, voted for larger markets, but millions of Canadian citizens who were and still are in fullest sympathy with the Liberal policy, are, every one of them, deliberately insulted, in so far as a reckless libeller can insult anybody, by insinuations and imputations of disloyalty and treason expressed in words such as these: "They could not sell this country; and they will not be allowed to keep it disarmed in the presence of danger."

That sentence is only one out of hundreds of similar sneers at the loyalty of 48 per cent. of the electors who voted on the Canada-United States trade agreement. Such sneers are linked with panicky cries of impending disaster to Britain and the Empire if the Bor-

den naval policy is not rushed to a vote. And all this is enforced with the infamous allegation that a Canadian fleet for Canada would mean "local 'graft' for the 'rakes' and the 'rake-off boys.'"

The man who writes such words is not a moral defective, except in so far as every blatant and persistent villifier of a million people is also a fool. The newspaper that habitually and in black-faced type publishes columns of such editorial insolence is not a journalistic outlaw, except in so far as it makes itself a traitor to its country's vital interests at home and good name abroad. There might be excuse for the writer were his jingo pseudo-patriotism proved by mental experts to be a case of paresis, but for the journal there is no excuse. It takes its own place outside the pale of rational discussion. It brands itself, to the measure of its influence, as the willful traducer of Canada's honor, the shameless libeller of Canadian patriotism, the truculent disturber of Imperial unity and good-will. —Toronto Globe.

AXE MAY FALL ON N. H. A. STARS

Newsy Lalonde seems to be in bad down in Montreal. The failure of the high-priced Canadian team to deliver has got the fans and the club executive going, and of course Newsy has to bear the brunt of it. The Montreal Herald in a recent issue had this to say: "Canadiens go to Quebec. If Canadiens don't make a better showing in Quebec than they have made at home and away recently—watch the axe fall. Didier Pitre, declares the management of the Canadiens, will be due for a suspension unless he can show something more than he has been producing lately, and the same remark applies to 'Newsy' Lalonde.

DIDIER PITRE.

Neither player has been up to form of late, and the executive of the Canadiens are inclined to attribute their decline to breaches of the rules of training. Both will have to show something to-night. The pair are believed to be the highest salaried players in the National Hockey Association, but playing to their recent form the Canadian executive claim that they have men sitting on the bench who can show just as much in the way of hockey."

TOM JONES WANTS TO MANAGE BUD ANDERSON

Both Wolgast and Cherokee Tom Look Upon Him as Coming Champion. Portland, Ore., March 6—A tribute to the prowess of Bud Anderson, the Vancouver, Wash., lightweight, has been paid by Tom Jones, manager of Ad Wolgast and Billy Papke, ex-champions, and of ring exponents galore, who would like to pilot the Northwestern lightweight to the top of the 133-pound division.

King declined to interfere in Anderson's affairs, as Dick Donald, Bud's manager ever since the Vancouver boy needed a representative, is a warm personal friend of the Portland man. However, Jones' activity, together with that of Ad Wolgast while the Cadillac youth was in Portland several weeks ago, indicates that both consider Anderson a prospective champion who is destined to earn money for himself and manager.

Wolgast had not been in Portland three days when he commenced to talk about Anderson and the chances of landing him in conjunction with Tom Jones, and when Bud knocked out Sammy Trott in six rounds Ad requested King to telegraph Bud to come to Portland to talk business. King refused to mix in the affairs at that time, and negotiations were not opened, Ad preferring to wait until he or Jones could have a personal talk with Anderson.

CANADIAN POLOISTS LOSE TO HAWAIIANS

San Diego, Cal., March 6.—The eighth annual polo tournament of the Coronado Country Club is in full swing today, having started yesterday afternoon with the all-Hawaiian team defeating the Canadian four, 11-2 to 3-3-4. That match was the first one drawn for play for the California challenge trophy, the first of five cups to be played for during the tournament. It also was the first time the entire Hawaiian team had been seen in action. It was an exciting, fast game, and several players were unhorsed. The next game will be played tomorrow, with Coronado and Pasadena opposing.

JIM THORPE HAS HIS BATTING EYE

Dallas, Texas, March 6—Two singles and a double by Jim Thorpe featured the game between the New York Giants and the Dallas team of the Texas League here yesterday. One of Thorpe's hits was a bunt, which he beat out to first by his wonderful speed. The Dallas men secured five hits, the Giants seven. Score—Dallas 1; Giants 9. Batteries—Mullin, Harrah and Foster; Goulet, Smith and Hartley, Umpire—Torrey.

HARRY SUTER WILL NOT BE WITH COLTS

Portland, Ore., March 6.—Pitcher Harry Suter has today announced his retirement from the national game, and the Portland Northwesterners will have to do without the services of the southpaw who did time with the Chicago White Sox, San Francisco Seals and Portland Beavers. Suter, who for several months has been travelling for a coffee house, stated that business was too good for him to think of signing a contract to pitch ball this season. Suter was turned over to Nick Williams by the Portland Beavers.

OFFICERS ELECTED FOR ENSUING YEAR

General Meeting of Rowing Club Held Last Night—Members Complain of Lack of Support from the Public.

It was to be regretted that there was not a larger attendance of members at the general meeting of the Prince Rupert Rowing and Yachting club held last evening at the Court House. Probably it is still a little too early in the season to look for that full measure of enthusiasm for aquatic affairs that will be evidenced a little later in the year. President W. A. Pettigrew occupied the chair and in a short speech outlined the history of the club since its inception some four years ago, going on to recount its doings during the past year. In many respects they had advanced materially but there was still a lack of that wholehearted and universal support of the club that they had a right to expect from the citizens generally. A good deal of expense had been incurred and at the present moment the club was in debt to a considerable extent. It was incumbent upon every one of them to work strenuously to secure new members in order to get their indebtedness paid off as well as to procure money for fixing up the proposed club house on the old Hazelton. Judge Young moved a hearty vote of thanks to Mr. J. W. Chapple for the material financial assistance rendered the club from the receipts of the two Pierrot concerts produced by the former for the club's benefit. Upon the suggestion that the city should make a temporary loan to the club a member replied facetiously that the city was pretty much in the same box as themselves in regard to finances.

HOLD UP STORE IN BROAD DAYLIGHT

Police Comb Underworld District in Search of Bandits Who Held Up Jewellery Store on Broadway.

New York, March 6.—Scores of detectives searched the haunts of the underworld today for the automobile bandits who early today in one of the boldest raids on record here, held up a Broadway jeweller in his store in the "white light" district and ran to a waiting taxicab with a tray of jewellery valued at \$7,000. Quick pursuit by detectives caused them to abandon their booty, but two of the three men alleged to have participated in the holdup got away by dogging up a side street.

One man stood in the doorway and fired two ineffective shots at Moses Bach, proprietor of the store. The robbers had shot the contents of an ammonia gun in Bach's face, nearly blinding him, he declared today. The chauffeur of the taxicab, George G. Ferguson, was arrested and identified by Bach as having participated in the holdup. The police think they may have another of the trio in William Anderes, a partner of Ferguson in the automobile business, who also was arrested today. He answers to the description of the man who fired the shots at Bach, the police say. Both prisoners denied participating in the holdup.

Denounces Syndicalism.

London, March 6.—Cardinal Bourne, Roman Catholic Archbishop of Westminster, in a stirring address yesterday, denounced the principle of a general strike as contrary to every principle of justice or humanity. The campaign, he says, is prompted, inspired and directed solely by those who neither accept nor practice the teachings of Christianity, while many of them do not recognize in any way God or His law.

CONCESSIONS MADE BY GOVERNMENT

Chas. M. Wilson, Owner of Delkatlah Townsite Has Demands Granted

Charles M. Wilson, owner of the Delkatlah townsite, Q. C. I., returned from the south on the Prince George en route to the Islands, and is registered at the Bayview. He found three other residents of Delkatlah aboard, including Mr. Jesse Bridden, who was returning from Newcastle-Under-Lyne, Eng., with his bride.

For eighteen months Mr. Wilson says the B. C. Government have held him up on everything he wanted, but after spending three weeks next door to them at the Empress Hotel, Victoria, and convincing them that he was in no way seeking anything but what was reasonable and fair, he has succeeded in getting everything he asked for, including the long outstanding question of allowing of blocks being sold just over an acre at Delkatlah and the registration of the townsite so that purchasers, some of whom have been waiting as long as two years, can now register their deeds. He has secured the lease to the meadow lands fronting his house and the five acres which he had plowed and under gardep truck. Also his pre-emption record for land one mile from Delkatlah which he has been working for almost two years, having applied a year ago last May. The land office previously believed it to be under coal license but it is now proved that this is not the case. He also secured the promise of a donation of a site for the town hall in response to a meeting of 53 residents of Delkatlah, held on New Year's day, at which it was decided to chip in with labor and cash to build a \$2,000 meeting hall for present requirements. He also secured from the Deputy Minister of Public Works consent to the placing of the bridge over Delkatlah Bay from Collinson Ave., Masset, to Wilson Street, Delkatlah, thereby saving the majority of the residents of both sides of the bay a long detour over the site proposed by Mr. Baxter, the Government resident engineer, on account of shorter span and less cost. He also obtained reconsideration of applications to purchase land disallowed for technical reasons. Also an order-in-council granting him indefeasible title to a sixty-six foot strip of water frontage on the townsite hitherto reserved by the government.

With these eight concessions it hardly compensates him for having been compelled to break up his home which he had set up at first on the edge of the woods and to send his family to California over a year ago, pending settlement of the tie-up.

Mr. Wilson says it is rumored in the government building that Mr. Manson is to be the new Auditor-General, but as he saw Mr. Manson for only a moment or two he had no opportunity of confirming it direct.

ALL ON WORTHLESS CHECK

Stranger Describing Himself as Canadian Succeeds in Victimizing Some San Francisco People.

San Francisco, Cal., March 6.—A smooth and affable stranger, representing himself to be a wealthy Canadian in search of a hotel to buy, came into town this week, closed a deal for the Terminal Hotel at \$75,000 and took possession after giving a check for \$5,000 on the Bank of Hamilton, Ontario, and getting a receipt for that amount. He then hired new elevator men, cooks, clerks and bellboys, borrowed money on the receipt that had been given him and disappeared less than an hour before orders worth a check were received. A telegraphic request for information brought word from the Hamilton, Ontario, bank that "Mannie," the name on the check was unknown there. The stranger is still at large.

Better than Ringing Door-bells

A PIANO manufacturer recently made a house-to-house canvass. He's one of those men with an absurd fear of the "waste-circulation" bugaboo—cannot get away from the haunting thought that only 10 out of every 100 readers of a newspaper may be possible buyers of his goods.

So he refused to advertise, and went a-canvassing—inviting people to come to his piano recitals. Then he wondered why they didn't come.

This is why:
He wasn't reaching the people.
His canvassers rang every door-bell in town. They talked to some one in every house.
But one in every household isn't enough—particularly if it doesn't happen to be the right person. And, as a rule, it wasn't the right person—it was a servant, or a child. The woman of the house was seldom seen; the man of the house, never.
Now, if the piano maker had placed an ad. in the newspaper, it would have reached thousands, where the canvassers could reach only hundreds.
And even though only 10 per cent. of the readers are actual piano buyers, this does not mean that the advertising read by the other 90 per cent. is wasted. Advertising talks, not only to the prospective buyer, but also to his wife, his grown-up sons and daughters, his mother—even his mother-in-law. Their coaxing will help to convince the head of the house—and pretty soon there'll be a piano in that home.
This and dozens of similar cases which might be cited to show that "waste circulation" is an empty bugaboo, and should deter no one.
Take the motor truck. It can be sold only to large firms. Yet a motor truck manufacturer is successfully advertising in daily papers. He realizes that he must reach, not alone the managers of the concerns that require trucks, but also their directors, their foremen, their head machinists, etc. It is found in actual practice that this Advertising radiates in a thousand directions, and again converges most astonishingly to influence the house that has made up its mind that horse-trucking is too costly and inefficient.

Advice regarding your advertising problems is available through any recognized Canadian advertising agency, or the Secretary of the Canadian Press Association, Room 503 Lumsden Bldg., Toronto. Enquiry involves no obligation on your part—so write if interested.
