PAUL AND SPINTLAM COMMITTED FOR TRIAL

Indians Accused of Murder Will Come Up at Next Assizes

Kamloops, March 17—Moses Paul and Paul Spintlam, the two Indians accused of murdering Constable Kindness near Clinton, last May, were committed for trial by Magistrate Pearce yesterday afternoon. They will be tried at the next assizes. The only direct evidence given during the hearing was that of Jas. Boyd, who identified Spintlam as the man behind the log whence the shot was fired that killed Constable Kindness.

The preliminary trial of Moses Paul, who is accused of killing William White in July, 1911, was resumed in the afternoon. According to the story told by witnesses, White, the victim, had been seen in company with Moses Paul and Haller. Three days after White was found dead, and a watch, said to have been his, was found in Paul's possession.

Master Seppy Ward, the little seven-year-old son of Mr. and Mrs. Hubert Ward, arrived this morning on the Prince George on a visit spent in Vancouver with his grandmother. Master Ward came up all on his own, and was looking after his luggage this morning in a most businesslike fashion, as if travelling, and down the coast was a common occurrence with him. He was very delighted to recognize his father and mother amongst the waiting crowd on the wharf.

Mr. G. B. Hull, Dominion Government engineer, accompanied by his assistant, Mr. J. Miller, returned this morning from an official visit to Victoria and Vancouver.

ALBERTA TREASURER HAS PASSED AWAY

Sudden Death in Edmonton of Hon. Malcolm McKenzie

Edmonton, March 17—Soon after 1 o'clock yesterday morning Hon. Malcolm McKenzie, provincial treasurer for Alberta, passed away at the General Hospital here, after a brief illness of less than a week.

Mr. McKenzie was in the House last Friday and attracted a convention at Claresholm, where he was again renominated on Saturday. Contracting a severe cold he was compelled to seek medical attention on his return to this city. For a few days nothing serious was feared, but yesterday he rapidly grew worse.

The late minister was a graduate of Queen's university, and one of the most brilliant students of that college. He came to the west twenty-five years ago and entered upon the practice of law in Calgary, and afterwards at Macleod, where he was for a time in partnership with Hon. F. W. G. Haultain, now the Chief Justice of Saskatchewan. He was elected to the Alberta Legislature in 1905, and again in 1909. Last year he was taken into the Sifton cabinet as provincial treasurer.

WORK AT SHAWATLANS IS NEARLY COMPLETED

Gantry Successfully Removed Yesterday

The work of constructing the pipe line across Shawatlangs passage has proceeded with splendid success this week and is now almost complete. Yesterday the gantry, the slide on which the pipes are laid and joined, was successfully removed and the pipe line is now lying in its permanent bed on the bottom of the passage. There is one connection yet to be made in this line at a point about three hundred feet from the Island shore. This, it is expected, can be accomplished without difficulty by a diver. Besides this it will be necessary for a diver to go over the entire line and repack many of the joints.

For the success in carrying out the work so far, much credit is due to Capt. Babington, who has had charge of the scows and hoisting derrick, and to foreman Douglas who looked after the actual work of laying the pipes.

LOST IN SNOWSTORM

Two Northerners Were Frozen Near Atlin Recently

New Westminster, March 17—Chief of Police Bradshaw has received a letter from the acting government agent, Parton, at Atlin, B.C., asking for information regarding Gus Sunburg. He and a companion were lost in a snowstorm near Atlin recently and were frozen to death. In Sunburg's pocket was a letter showing that he had lived at New Westminster at one time.

BY-LAW CARRIED BY BIG MAJORITY

Canadian Northern False Creek By-Law in Vancouver Carried Nearly Four to One

Vancouver, March 17—At a ratio but little below four to one, the bylaw of the city on Saturday gave their unqualified endorsement to the Canadian Northern False Creek agreement.

When City Clerk McQueen computed the returns from the eight wards, shortly after seven o'clock on Saturday evening he announced that the vote for the bylaw totalled 5032 as against 1385 cast in opposition to the agreement.

Every ward in the city gave the necessary three-fifths majority in favor of the bylaw.

APPOINT CENSOR FOR MOVING PICTURES

C. L. Gordon, Now of the Province Staff, Will be the First Official

Victoria, March 17—Hon. W. J. Bowser, the attorney-general, today announced the appointment of C. L. Gordon, of Vancouver to the office of censor of moving pictures for the province of British Columbia. The appointment is made under the provisions of the act passed at the recent session of the Legislature respecting the regulation of moving pictures and theatres in which such are displayed.

The headquarters of the censor will be in Vancouver, his office being in the new court house.

Mr. Gordon will assume the duties of his office on April 1, but the date of the enforcement of the act under which his work will be carried on has not yet been fixed, as some time must necessarily elapse between the date the censor assumes office and the time he is ready to actively commence the enforcement of the provisions of the act. Immediately on assuming office, the censor will proceed to work out the details under which his work will be conducted.

The act governing the exhibition of moving picture films requires that all such must be exhibited before and be approved by the censor before shown publicly. It will be the duty of the censor to prevent the exhibition of pictures of an offensive nature. In addition to passing on the suitability of all moving pictures and stationary slides for public exhibition, the censor will undertake the inspection of all theatres or other places in which moving pictures are shown, dealing particularly with the question of ventilation and lighting. It is the aim of the Provincial Government to bring all moving picture houses up to a high standard of excellence, both as to the physical arrangements and type of entertainment provided.

The newly appointed censor has been a resident of Vancouver for the past fourteen years, and during practically all of that time he has been connected with the reportorial and editorial staff of the Province, being at present city editor of that paper. It is felt that his position as a newspaper man has fitted him to undertake the duties of the position to which he has been appointed, it being generally admitted that newspaper service gives excellent training in judgment. The head of the Ontario Board of Censors was recently chosen from a Toronto newspaper and this board has done excellent work in keeping the moving picture theatres in that province free from objectionable matter. Several states across the border have also chosen theatrical censors from among newspapermen acquainted with theatrical work.

Football Meeting A meeting of all football enthusiasts will be held in the St. Andrew's Society rooms tonight at 8 o'clock sharp. All are invited.

F. G. DAWSON PURCHASES LARGE CITY WHOLESALE

Has Closed Deal for Purchase of W. J. McMillan & Co., Ltd., Wholesale Grocers of This City

Mr. F. G. Dawson, who returned to the city this morning from a hurried trip to Vancouver, informed the "News" today that while in the latter city he closed a deal for the purchase of the wholesale grocery business of W. J. McMillan & Co., Limited, of Prince Rupert. According to the arrangements made Mr. Dawson will take possession within a few days, just as soon as a complete inventory can be taken.

Mr. Dawson is well known, not only in Prince Rupert, but throughout Northern British Columbia as one of the most aggressive men in the wholesale trade. Coming to Prince Rupert five years ago as a wholesale commission broker, he at once started to establish a connection that has grown at an almost phenomenal rate. His latest venture will without doubt prove an equal, if not greater, success.

Before coming to Prince Rupert Mr. Dawson was manager of a large wholesale business in Calgary. His many friends throughout the district will be pleased to see him enlarging his business interests and will wish him every success in his undertaking.

ANOTHER TREAT FOR MUSIC LOVERS

Juvenile Bostonians Will Visit Prince Rupert in May—Former Resident one of the Stars

In a letter received by a well-known resident of Prince Rupert from Miss Vera Lockhart, late of this city, who is at present one of the stars of the Juvenile Bostonian Opera Co., which is playing the provinces east of the mountains, the cheery news is given that this popular aggregation of youthful femininity will visit Prince Rupert again for a week's engagement this coming May. Miss Lockhart, who was well known here as one of the most popular and charming young ladies of the city, was for some time stenographer for City Clerk Woods. Her parents, who were old time residents of Prince Rupert, lately left for the Okanagan Valley to reside.

There will doubtless be a great ovation accorded Miss Lockhart upon her appearance here with the popular and clever company of young girls known as the Juvenile Bostonians.

NEW APPROACH TO WHARF IS NEARING COMPLETION

The overhead plank roadway that is in process of construction from the G. T. P. wharf to point opposite Supt. Mehan's residence, thence making connection by a graded road with 1st Avenue, will be completed within a few days. The heavy three inch decking is nearly all laid, only that portion bridging the railway tracks remaining unfinished. A particularly fine view of the harbor is obtained in approaching the wharf from the city by this new route. Considerable difference will be made to certain businesses by the change of the approach to the G. T. P. wharf. Second Avenue from Second Street West will receive a great boost, that portion of the city being the first to be reached by arrivals on the boats and trains. Third Avenue around the post office will become more of a hub than ever, around which the business of the city will naturally revolve.

DAILY EDITION

WHY AN ELECTION
IS NECESSARY

The question is being asked why has the Opposition the right to demand an appeal to the people on this question of a permanent policy of naval tribute as presented by Premier Borden. It is because the Government, if its supporters had voted according to their pledges to their constituents before the election of 1911, would have had but a majority of 6 instead of 30, while had Hon. Mr. Monk been in the House their majority would have only been 5. That is, while they have a House majority, they have not a popular majority. This also in a Parliament 13 members short of the constitutional requirements according to last census. It is therefore evident that the Government has not a popular majority behind it on this question.

On February 27th, when the second reading of the Naval Bill was carried the Government had a majority of 30—118 to 84.

In Parliament there are 20 Nationalists—that is members who were elected to Parliament pledged to their constituents to oppose any kind of taxation for a navy.

These twenty Nationalists are Messrs. Achim, Barette, Bellemare, Boulay, Blondin, Coderre, Forget, Gauthier (Gaspé), Girard (who ran as a supporter of a Canadian navy and suddenly at the end of the election turned against it), Guilbault, Lavallee, Lesperance, Lamarche, Mondou, Monk, Sevigny, Nantel, Pauquet, Pelletier and Rainville.

Twelve of these formed part

of the Government's majority for the Navy Bill—Messrs. Blondin, Nantel, Pauquet, Pelletier, Rainville, Coderre, Forget, Gauthier, Girard, Lavallee, Lesperance, Sevigny—voting directly contrary to the pledges under which they were elected.

Had they been true to their pledges and really represented their constituents they would have voted according to the Naval Bill, and reduced the government majority to six. Had Mr. Monk been in the House, he has since stated that he also would have opposed the bill, which would have reduced the majority to five.

Therefore had the members of Parliament all been present and voted according to the dictates of their constituents the government's majority would have been but five—and the opposition would have represented a large majority of the popular vote. And this in a House 13 members short of what the Constitution calls for according to the last census.

The Opposition position is that a government so situated has no right to attempt to force through Parliament a measure making so great a change in the constitutional procedure of the country without appealing to the people. Therefore in the interests of the people, a majority of whom they really represent on this question, they are in duty bound to use every means in their power to see that the voice of the people is heard. It is because of the very force of these arguments that the Government is so determined to force the measure through, and even to invoke the closure to shut off the voice of the people.

PRINCE RUPERT PIONEER
DIED AT VANCOUVER

DUNCAN S. LOTHIAN, AT ONE TIME MANAGER FOR LIQUIDATOR OF B.C. TILE AND LUMBER CO., DIED AT VANCOUVER

Vancouver, March 15—With the funeral of Duncan S. Lothian this afternoon there passed one of the best known pioneers of British Columbia, known to many thousands of miners and lumbermen, not only in British Columbia, but also in Alaska, Montana, Idaho and as far south as Mexico. In the course of an active and chequered career he had superintended the building of many of the largest mining plants on the continent, as well as having been active in the lumber business of the province.

Mr. Lothian, who was born in Breadabane, Gengarry County, Ontario, 59 years ago, came west in the seventies as a young man, one of his travelling companions being Mr. Geo. D. McKay, now chief timber inspector for the provincial government. Being an expert machinist and interested in mining work, Mr. Lothian became the representative of the firm of Fraser & Chalmers, Chicago, then the largest manufacturers of mining machinery in America. After travelling for them on the Pacific coast between Mexico and Alaska for many years, Mr. Lothian decided to enter the lumber business, and built a mill at Sault Ste. Marie, Algoma, he being the first mill owner in that district. After three years of success, a fire destroyed the entire plant. Coming west again to restore his fortune he started the lumber firm of D. S. Lothian & Co., at Buckley, Wash., but within a year fire again reduced his mill to ashes.

Returning to mining work under his old employers, Mr. Lothian installed a great deal of the machinery at Rossland, also the concentrating plant at the old Monesspinner mine on Fire Mountain. At Alaska he built the quartz mill at Bernard Bay, and an addition to the plant at the Treadwell mines. In Montana he built the Blue Bird mill at Butte, the Bi-metallic mill at Granite Mountain and an addition to the plant of the Anacon-

do Co. In New Mexico he built the quartz mill at the White Oaks mine.

Having made a comfortable fortune at mining construction, Mr. Lothian returned again to the lumber business, being the pioneer lumberman on the Skeena river. He was manager of Cunningham's mill, near Port Essington, and later acted as manager for the liquidator of the B.C. Tie & Lumber Company at Seal Cove on Kaien Island, now a part of the townsite of Prince Rupert. Disaster by fire, which had dogged his career in lumbering, visited the latter property. After the destruction of the mill Mr. Lothian joined the Provincial timber service as official scaler for the Skeena river district. For the past two years he had been in failing health. A strong, firm man, remarkable for his quiet, courteous manners in dealing with large numbers of men, Mr. Lothian was well known and is well remembered by thousands who have worked under him in the various undertakings he was connected with.

The funeral this afternoon from the deceased's home on 8th Avenue, east to Mount Pleasant cemetery was attended by many old friends. A widow, three daughters and a son, are left to mourn their loss.

CHILLIWACK ADOPTS
NOVEL SPEED STOP

An Ingenious Method of Raised Crossings Gives Fast Drivers Jolt

Chilliwack, March 18—To stop automobile speeding through the city of Chilliwack, B.C., the city council has put into effect a device as novel as it is effective. This consists of a system of raised concrete street crossings, constructed sufficiently high above the road bed to give the occupants of a low wheeled fast driven automobile a severe shock. The approach to them is such that a horse driven vehicle can cross at a moderate speed without discomfort to passengers.

Some that have already been put in have proved so effective that the construction of many others in various parts of the city was authorized at the last meeting of the council.

In addition to its use as a speed-checker the crossings are much appreciated by residents as protection from muddy streets.

The Japanese Budget

Tokio, March 18—The Japanese diet adopted the government budget by a vote of 186 to 181. The total ordinary revenue is estimated at \$265,800,825 and the extraordinary revenue \$27,000,000. Against these the ordinary expenditures are \$211,000,000 and the extraordinary expenditures are \$81,500,000.

Liqueur Scotch Whisky

TESTIMONIAL

Dr. Thomas, Hirwain, Glyn Neath, reports: "It is, in my opinion, a good, wholesome, mild whisky, without the obnoxious after-taste you find among nine out of twelve other brands. I have great pleasure in advising its use where required."
