(Special to The Daily News.)
New York, March 20.—Dr. Friedmann treated 29 more tubercular patients today. Many who were treated on his first visit here are showing remarkable recovery. Government doctors proclaim the treatment to be the most wonderful of the age.
New York, March 22.—The sufferers from tuberculosis whom Dr. F. F. Friedmann treated with his vaccine before his departure

TEMPERATURE AT ZERO; WANDERED IN BARE FEET

DEMENTED MAN FROM STEWART BROUGHT TO HOSPITAL—THREW HIS MONEY TO THE WINDS.

Last Sunday morning about 5 o'clock the night porter of the Northern Hotel, Stewart, received a visitor a man in half dressed state with bare feet and apparently in a demented condition. The proprietor, Mr. Jamieson, was called and identified the visitor as Tony Besich, who, in partnership with John Konjeweitch, owns a lot and shack on Eighth Street, Stewart. He was taken care of and later on in the day his feet were found to be badly frozen, which is not to be wondered at considering that the temperature was at zero and the man had probably been wandering about for some time before making an appearance at the Northern Hotel.
After his injuries had been attended to, Besich had a few lucid moments and on being questioned stated that during one of his worst gales that has been known in Stewart he had stashed his money to the four winds and thrown his bank book away, but he did not know where he was at the time nor could he give any reason for his actions. He supposed to have had about \$500 in his money belt, which was afterward found empty outside his shack, the interior of which was discovered to be in a chaotic state.
During the night following Besich became much worse and it took three men to hold him down. He was brought to Prince Rupert on the Prince John on Thursday last and taken to the hospital, where he is doing as well as can be expected.
Last summer Besich was employed at the Red Cliff mine for few weeks, and only returned to Stewart on the Prince John's last trip. The whereabouts of his partner and his friends are unknown, and information regarding them would be gladly received at the hospital here.

TRANSFERRED TO TREASURY DEPT.

W. Allison, Government Agent at Hazelton, Gets Merited Promotion.

W. Allison, government agent at Hazelton, arrived in the city Thursday night and left Friday morning for the south. Mr. Allison has been transferred to the treasury department at Hazelton. No official notice has yet been received as to his successor.
Before leaving the office at Hazelton he was made the recipient of a beautiful service which was suitably inscribed. The presentation was made to him by the staff of the office there, who have the highest opinion of the head of the department, who has severed his connection with the office at Hazelton to take up his residence in Victoria.

Austrian Navy Is Manoeuvring Along the Montenegrin Coast.

(Special to The Daily News.)
Berlin, March 22.—The German foreign office learned today that armed operations against Montenegro by the Austrian navy may be expected soon. The Austrian squadron is manoeuvring along Montenegrin and Albanian coasts.

A Big Catch.

The Borealis, of the Atlin Fisheries, Limited, arrived in port last night with a cargo of over 40,000 pounds of halibut. This represents less than five days' fishing, the Borealis having left for the banks last Sunday. She carries a crew of seventeen men, with six dories.

WHALING SCHOONER LOST IN BERING SEA

Sam Gottschalk Reaches Nome After Travelling a Hundred Miles Over Broken Ice.

Nome, March 22.—Sam Gottschalk of the whaling schooner Moras has arrived here after a trip of more than a hundred miles over broken ice in the Bering Straits. He brought news of the loss of the schooners Kittiwack and Moras and of the hardships endured by the crews. The schooners were caught in the ice near the Siberian shore last fall and crews landed in boats to prepare winter quarters. Before the men were able to land all their provisions or make extensive preparations for the winter a great storm arose, preventing return to their boats. During the storm the ice crushed the schooners.

CHINESE MINISTER SHOT BY ASSASSIN

Dangerously Wounded While on Route to Opening of Parliament

Shanghai, March 20.—General Sung, ex-Minister of Education, was shot and dangerously wounded while en route to attend the opening of Parliament at Peking. His assailant escaped.

PIRATES WINNERS OF MANSON CUP

Went Down to Defeat at Hands of Cubs, Who Forfeit Game by Playing Men's Own Pitcher.

The attendance at the ball game Thursday night when the Pirates and Cubs met in the deciding game of the series was not up to the average. While the game was interesting, it was not as exciting or as closely contested as some of the previous games. The Pirates did not seem to be putting up their usual game and several times the Cubs caught them napping. The score at the finish was 13 to 8 in favor of the Cubs.

Owing to an accident to his knee, sustained in the last game, Vance was relieved in the box by Smith of the Men's Own, which, according to the rules of the league, makes the Cubs forfeit the game to the Pirates, leaving the latter winners of the Manson cup and champions of the city league.

CABINET MINISTER OFF TO WASHINGTON

Hon. J. D. Hazen Will Endeavor to Negotiate Boundary Waters Treaty

(Special to The Daily News.)
Ottawa, March 20.—Hon. J. D. Hazen, Minister of Marine and Fisheries, left tonight for Washington to confer with the Democratic administration in regard to the treaty between Canada and the United States pertaining to boundary waters.
The treaty was framed three years ago but has not yet received the assent of the United States Senate. Unless a satisfactory reply is received Hazen says that the Canadians will abandon any further attempt to deal with waters jointly.

EXCURSION MONDAY TO PORT EDWARD

Special Train Will Leave G.T.P. Station at 2.15 Monday Afternoon

Leaving the Grand Trunk Pacific station Easter Monday at 2:15 an excursion train will run to Port Edward, Prince Rupert's industrial annex, eight miles south of the city. As this property has been recently developed and largely improved, this excursion will give the people an opportunity to view it. The excursion train will return from Port Edward at 4.30, arriving back in Prince Rupert at 4.45.
Port Edward will be placed on the market during the coming week and no doubt many Prince Rupertites will avail themselves of this opportunity of seeing the property. Much interesting development work is being done and a visit to the partly finished plant of the Prince Rupert Hydro-Electric Company on the property, should be of great interest. The round trip fare will be 50 cents. Tickets will be for sale at the office of the Grand Trunk Pacific all day Saturday and from 10 to 12 a.m. and 1 to 2.15 p.m. Monday.

King Constantine reached here today and will be proclaimed King tomorrow, after which he will proceed to Salonika.

No Easter Flowers.

Mrs. Morte Craig was expecting a shipment of 150 Easter lilies on the Mary last night, but unfortunately they missed the boat at Vancouver. This is especially to be regretted as lilies are so much in demand for church decorations at Easter.

WIRES ARE DOWN FROM SLEET STORM

City of Winnipeg Is Without Telegraph Communication.

(Special to The Daily News.)
Winnipeg, March 22.—The city is practically cut off from communication with the outside world. Wires in all directions are down as the result of a severe sleet storm.

DAIRY WAGON WAS DEMOLISHED

Prince Rupert Dairy Suffers Another Loss Through Horse Running Away.

While the Prince Rupert Dairy rig was standing on Eighth avenue at noon today the horse suddenly took fright and made a break for freedom, dashing along Eighth avenue, west of McBride street. An iron pipe which was lying at the side of the street was struck and the rig and contents, with the exception of the wheels, were practically reduced to matchwood. The horse went off the road a little farther on and was soon captured little the worse for the rampage. Clifton's Bakery wagon was also struck by the flying vehicle and slightly damaged.

HUNGER STRIKE WINS— SYLVIA IS RELEASED

Authorities Release Miss Sylvia Pankhurst from Holloway Jail.

(Special to The Daily News.)
London, March 22.—Miss Sylvia Pankhurst, militant suffragette, today won her liberty from Holloway prison by means of a "hunger strike." She won her release on the ground that further confinement would endanger her life.

MAROONED ON ISLE IN THE BEHRING SEA

Prospector Tells a Harrowing Tale of Hardship and Privation

Fairbanks, Alaska, March 19.—A harrowing tale of hardship and privation is told in a letter received yesterday from Thorton F. Williams, a former Fairbanks prospector, who had not been heard from in many months and who, it was feared, was lost.

The letter mailed at Dillingham, on Mushbagak Bay, says Williams was going prospecting after returning from Kamashak Bay, where he investigated conditions surrounding the drowning of a brother late in the fall. When a storm came up, he was shipwrecked on a lonely island in Behring Sea, near the Alaska coast. There he was marooned for forty-five days, for thirty-five of which he was without fire or food, except what fish, seaweed, crabs or mussels, he happened to pick up on the beach.

He was nearly dead early in the winter when two men looking for a place to trap fox came on the island and found his camp. They took him to Topak Village, from where he went to Dillingham. His prospecting outfit, worth \$1,000, is a total loss.

Two Indians Drowned.

Two Indians, out on a shooting expedition, were drowned near Port Simpson on Thursday last through the capsizing of their boat. One body has been recovered and dragging operations are still proceeding for the recovery of the other. One of the Indians was to have been married yesterday.

ONE HUNDRED KILLED AND THREE TOWNS DESTROYED

TERRIFIC STORM SWEEPED WESTERN AND CENTRAL STATES MORE THAN 200 WERE INJURED

(Special to The Daily News.)
Chicago, March 21.—At least forty-six are dead and more than two hundred more or less seriously injured as the result of a storm Thursday night and today which swept the country from the Rocky Mountains east to Pennsylvania. In many states the storm was a regular cyclone. Three towns in Arkansas and Louisiana were destroyed.
Chicago, March 22.—Partially restored communication today with the storm-swept districts of the South and Middle West indicate that the death list will reach a hundred, with 600 injured, some fatally. The damage to crops and property is estimated at \$5,000,000. Alabama suffered the heaviest loss of life, at least 30 being killed in that state.
Mr. R. U. Ryley, G. T. P. land commissioner, of Winnipeg, arrived in the city yesterday on the Princess Mary.

FIVE HUNDRED WERE KILLED WHEN TURKS WERE REPULSED

SEVERE FIGHTING CONTINUES ALONG TOMATALJA LINES—TURKS WERE REPULSED WITH HEAVY LOSSES

(Special to The Daily News.)
Sofia, March 20.—Further severe fighting is reported along the Tomatalja lines. The Turks, trying to advance, were repulsed and left 500 dead on the field.

ANOTHER \$100 FINE FOR SELLING LIQUOR

Only One Drunk in Police Court This Morning—Gambling House Charge Adjudged.

In the police court this morning the adjourned cases of Jean Lewis and Marie Lama, accused of selling liquor without a license, again came up before Magistrate Carrs.
Jean Lewis was fined \$100 and costs, but Marie Lama was let out on suspended sentence, the evidence in her case not being sufficiently strong to secure conviction.
Patrick McAnna was fined the usual \$5 and costs for being drunk and disorderly.
It speaks well for the orderliness of the city that this was the only such case before the magistrate this morning.
Mike Roche and Harry Wagner were charged with keeping a gambling house, the case being adjourned until Monday next.

Rifle Ranges Opened.

The ranges were declared open for the season yesterday by Captain R. W. Camreton, when the P. R. C. R. A. held its opening shoot. His Honor Judge Young fired the first shot and his subsequent score augurs well for his annexing a good share of the association trophies. The scoring yesterday was of a high order and very encouraging to the enthusiastic members who are taking such great interest in the welfare of the association. The membership and finances are stronger than ever before and the season opens with a vim, the more so on account of the good, healthy condition of the affairs of the club. The association's thanks are extended to His Honor Judge Young for his kindness in placing his beautiful pleasure yacht at their service. Among the new prizes offered for competition this season may be mentioned three cups and in addition each week two silver spoons for the association members. Ideal weather conditions prevailed and the opening shoot was most thoroughly enjoyed by all.

Football.

The first football game of the season was played yesterday between two teams, A and B, of the Callies. Excellent form was shown by both sides and a ding-dong contest ended in a victory for the B team by 6 goals to 4. If the players can show such style and are so evidently fit this early in the season, they will certainly have a pretty hot combination to put in the field against their opponents for 1913.

WILL EXPLORE HIGHEST HIMALAYAS

Genoa, March 19.—Attorney Mario Piacenza, one of the most famous Alpine climbers in Italy, has left here with an extensive expedition to explore portions of the Himalaya Mountains, hitherto untraversed. The work, in a way, will be a continuation of the Duke of Abruzzi's explorations. The particular range Piacenza proposes to explore lies north of the glacier of Baltore and includes some of the highest Himalaya peaks. Aside from the coolies who will accompany the expedition, he will have Dr. Lorenzo Borelli for a collaborator, Count Caesar Calciati for the making of topographical records, and several expert Alpine guides.

SUCCESS OF ASSEMBLY CONGRESS IS ASSURED

Every Presbyterian Minister in Canada to Attend at Toronto in June.

Toronto, March 22.—Of the ten representative Presbyterians who were to be asked to contribute \$10,000 each toward the cost of the great assembly congress in Toronto in June, eight have been seen and have agreed to the proposal. The other two have not yet been seen, but the success of the gathering is assured.

This news was given out last night at the close of the meeting of the Home Mission Board. The \$100,000 is expected to bring together in a congress all the ministers and missionaries of the church regularly engaged in the work, except the student missionaries and the wives of all the ministers and missionaries, together with one representative layman from every church throughout Canada from the Atlantic to the Pacific. All these delegates are expected to be housed at the Presbyterian homes of the city.

All Canada except the maritime provinces, was represented at the meeting yesterday, and first regular annual meeting of the newly constituted board, which has jurisdiction over all the mission work in Canada, except over the Chinese. A feature of the meeting was the optimistic tone of the representatives.

DAILY EDITION

WHY MR. BORDEN FEARS
REDISTRIBUTION.

At the elections of 1911, the
vote for Saskatchewan, Alberta
and Manitoba showed a total of
124,674 Liberals, 104,710 Con-
servatives and 6,824 Independ-
ents and Socialists—a total
Conservative minority of 26,-
785. It is small wonder that
Mr. Borden is afraid to venture
on redistribution or go to the
country with his proposition
to ship \$35,000,000 over to
England to end a bogus emerg-
ency.

A GREAT OPPORTUNITY
FOR TRANSPORTATION
COMPANIES

It is a generally admitted
fact that freight rates are
based not so much upon what
the transportation costs as
upon the amount the commod-
ity to be transported and the
particular circumstances will
stand. According to a des-
patch from Victoria published
in the "News" today, potatoes
are selling in Chilliwack, B.C.,
at 40 cents per ton, yet the
prevailing wholesale price in
Prince Rupert has been \$23.00
per ton. If the transportation
companies do not make up
soon and raise the freight
rate on potatoes there is li-
kely to be a big drop locally
in the price of this commodity
that is in such universal de-
mand.

MR. BORDEN'S BROKEN
PLEDGES.

In a speech delivered at Hali-
fax, August 21, 1907, Mr. Bor-
den, then leader of the oppo-
sition, laid down as his three
essentials of good government:
"HONEST APPROPRIATION
OF THE PUBLIC MONEY IN
THE PUBLIC INTEREST."
What he meant by this was
exemplified by his efforts to
secure \$1,000,000 for good
roads, and his persistent re-
fusal of the Liberals' demands
that its expenditure be so safe-
guarded that every province
should get its fair share and

that the money could not be
used for partisan purposes.

THE APPOINTMENT OF
PUBLIC OFFICIALS UPON
CONSIDERATION OF CAPAC-
ITY AND PERSONAL CHAR-
ACTER, AND NOT PARTY
SERVICE ALONE.

Yet since Mr. Borden's com-
ing to power there has been
such an unprecedented slaugh-
ter amongst the Liberal em-
ployees of the public service
that the government recently
stated it would take over 18
months to prepare particulars
of them without including the
hundreds or thousands of post-
masters dismissed by Hon. Mr.
Pelletier. Nor is this state-
ment strongly in accord with
the freeing of a convicted
forger at Decouse, who im-
mediately took a government
job from which a Liberal had
been dismissed. Nor is it ex-
emplified in the case of a man
named McCloskie, appointed
postmaster at Wakaw, Sask.,
who, the Hon. Mr. Davis re-
cently said in the Senate, with-
in three months of his appoint-
ment had been fined for a seri-
ous offence, and who a short
time later attacked his mother-
in-law with a knife and then
took to the woods.

Mr. Borden's third essential
was:

ELECTIONS UNTAINTED
BY THE CORRUPTING IN-
FLUENCES OF BRIBERY AND
FRAUD.

His lack of sincerity in this
was shown by his tolerance of
the Hon. Mr. Rogers, who led
the notorious outrages in Mac-
donald by-election, the at-
tempt to bribe the electors of
Richelieu with the promise of
a railway if they elected a
Conservative, and the attempt
to influence the Antigonish by-
election by publishing there
aforetime the government es-
timates for public works in
that riding.

These are samples of the
manner in which Mr. Borden is
trying not to redeem the mul-
titude of pledges he made be-
fore his election.

PRINCESS ALICE
RUNS AGROUND

Steamship Hits Sandy Shoal at
Entrance to Victoria Har-
bor When Steering
Gear Jammed

Victoria, March 19.—When
rounding into the inner harbor
from Vancouver last night, the
steamer Princess Alice, of the C.
P. R. coastal fleet, with her
steering gear temporarily out of
commission, ran aground on the
sandy shoal that partially blocks
the entrance to James Bay and
remained ashore for the better
part of an hour. As far as could
be ascertained no damage was
sustained by the vessel while
held fast on the sandbar near Mc
Loughlin Point. The big pas-
senger craft was loaded with
passengers at the time of the
 mishap and considerable excite-
ment prevailed aboard following
such an unusual occurrence. It
was the first voyage of the Princess
Alice in several weeks as for
some time past she had been laid
up undergoing a thorough over-
haul and at the same time instal-
led with a new set of oil burn-
ers.

After several unsuccessful ef-
forts had been made to refloat
her, orders were signalled to the
engine room below to send her
half a length ahead and by bring-
ing her helm to port she was
backed off with the aid of the
rising tide. No time was lost in
heading the vessel for the C. P.
R. landing stage and all the pas-
sengers were landed none the
worse for their experience before
8 o'clock. On the usual schedule
the Princess Alice left port last
night for Vancouver.

POTATOES 40 CENTS A TON

Chilliwack Growers Get Rid of
Stock While Eggs Also Retail
at 20 Cents a Dozen.

Victoria, March 21.—Mr. J.
Terry, of the poultry branch of
the Department of Agriculture,
reports that last week eggs were
retailing in Chilliwack at 20 cents
a dozen. He also stated that po-
tatoes were selling at 40 cents a
ton and that a consignment of
500 tons had been offered to a
large wholesale firm at \$3 a ton
and refused by them. The China-
men, a number of whom have left
their ranches this summer, pay
\$20 an acre rent and at such
prices cannot hold their own.

EUROPE BROUGHT
CLOSE TO PANIC

Financial Disorders Resulting
from Germany's Proposed
Army Increase Likely to
Endure for Some
Time.

London, March 21.—Europe
has felt the weight of the Kaiser's
warlike proposals. The shock of
the first announcement was so
great that everyone was stunned,
but, with recovery from the first
blow, and time to consider, came
a full appreciation of what his
plans meant. The weight of pes-
simism gathered force until there
has been something very close to
a panic in the European money
markets, as was not at all diffi-
cult to forecast.

Berlin, as was to be expected,
has seen the worst of the trouble,
and although at the latter end of
the week there was some sign of
the strain easing, it probably will
be a long time before Germany
fully recovers.

The thing that helped most in
easing the situation is probably
Premier Asquith's declaration in
the House of Commons that Eng-
land is in no way bound to send
an expeditionary force to the
Continent in the event of war be-
tween France and Germany.

Inflammatory German journals
were at their busiest urging the
two countries with no cause for
a quarrel on to war. Germany
was pretty well convinced that
England was only awaiting the
first opportunity for an invasion
of the German Empire, and the
French were equally satisfied that
an armed force of Great Britain
was at their disposal. Mr. As-
quith poured a large pail full of
ice water over the hot heads on
both sides, and convinced the
Germans that England was not
seeking a quarrel and the French
that they would have to fight a
war of aggression without Eng-
land's help.

The danger of war recedes
every day, but poor old Germany
still staggers under the blow of
the mailed fist. All signs point
toward her continuing so to stag-
ger for some time to come.

War Spirit in France.

Paris, March 21.—The new
military spirit dominated a quar-
ter of a million Frenchmen who
today surrounded the reviewing

field at Vincennes, where thirty
thousand troops saluted Presi-
dent Poincare. Throughout the
great assemblage groups of young
men chafed for the three years
of army service in cadences that
sounded not unlike an American
college yell.

In other quarters of Paris a
large number of anti-militarist
meetings were held by the Social-
ists. The favorite cry at these
gatherings was an exhortation to
"spit upon" the three year serv-
ice plan. Several violent en-
counters occurred when the anti-
militarists tried to display the
red flag. Some were injured and
many arrests were made.

CHASED BY SHARK

Italian Sailor Rescued from Big
Man-Eater.

San Francisco, March 21.—
"Thus Mr. Shark lost a meal and
the Italian saved his leg," reads
an entry in the log of the ship
Edward Sewall, in port today
from Baltimore with a cargo of
coal. That is the way Captain
Quick sums up an adventure of
the voyage when his vessel was
becalmed in the tropics and a
dozen of her crew overside swim-
ming.

A breeze came up and as the
ship bore away before it the men
in the water raced for it. All but
Giuseppe Cardini were picked up.
The Italian was seized with a
cramp and while he struggled the
fin of a big shark appeared near
him. A line from the ship fell
within the sailor's reach and he
took a turn about his waist. He
was jerked from the water just
as the man-eater made its final
dash and his escape was meas-
ured in inches.

How the Winds Blow on the Naas

(Written Specially for the News.)

You've heard of the winds on the Naas,
And you'd like to hear how they blow,
As through every gully and pass
They hurry and skurry below,
Intent on a muster en masse
Heigh ho, how the winds blow,
Raising the dickens where'er they go!

With snarl and with growl, teeth a-gnash,
Down sweep the wing'd wolves on the fold:
The cottonwoods sway and go smash,
The cedars and spruce trees scarce hold,
Then on swirls the snow with a dash,
And white lies the wildering wold,
Heigh ho, how the winds blow
Things into cocked hats where'er they go!

'Way out in Naas mouth there is froth
Where, lashed into fury and fume,
The waves wage war in their wrath,
And spin-drift flies high like a plume:
Unlimbered, the great guns boom rath,
The white steeds are lathered in spume,
Heigh ho, how the winds blow,
Licking to fits wherever they go!

You've heard of the winds on the Naas,
And pictured a stiff little breeze;
But hail Leading Point as you pass
And just take a look at the trees—
The summer air stirs not the grass,
But the fires are combed out in the bise!
Heigh ho, how the winds blow,
Making the fir fly whether or no!

Naas River, B. C., 16 Jan., '13.

ABBREVIATED GAME FAILED IN TORONTO

Ed. Wettlaufer Says Professional Sport Will Take Well with Full Teams.

Vancouver, March 21.—Ed. Wettlaufer of Berlin, Ont., president of the Ontario Hockey Association, who is in the city on a business trip at present, is strong for seven men hockey. He says the National Hockey Association had a losing season in Toronto this year because the public there do not like the six a side game and he thinks that the professionals would have had a successful winter if they had used the full complement of men. Before Ed. comes back this way again he will have made a trip to the Old Country. He has been selected to go with the Ontario lawn bowlers who will visit England this summer. The team will leave St. John, N. B., on June 6, and there will be about twenty-five in the party selected from Ontario and Quebec. Sir J. S. Willison is at the head of the contingent.

Wettlaufer thinks pretty well of the Quebec team, which will play Victoria for the world's championship next week, though he does not go so far as to say that they will win. He realizes

the strength of the coast hockey teams and also what a job it is to make the trip across the continent and keep in condition to play winning hockey. He says the Quebec team is not composed of stars, but is a hard working aggregation with every man on the team doing his full share of checking. In this respect the team somewhat resembles Victoria. Ed. looks for a great series at the capital next week.

LIPTON TO TRY AGAIN

New York, March 21.—New York Yacht Club members heard last night that Sir Thomas Lipton had in preparation a letter embodying suggestions with reference to still another challenge for the America's cup, and would probably despatch the missive within a day or two to the Royal Ulster Yacht Club, to be forwarded to the local club if the Irish yachting organization approved. No details were given as to the substance of Sir Thomas' reputed letter, but the belief was expressed that the challenge, if one were forthcoming, would not impose conditions such as caused the rejection of the last two challenges he has submitted, the supposition being that the British baronet would this time conform with the stipulations in the deed of gift.

BILL McDONALD TIRED OF STYLE

Bodyguard of Mr. Wilson Going Back to Texas to Plant His Feet on Plowed Ground.

Washington, March 21.—Captain "Bill" McDonald of Texas, personal bodyguard for President Wilson during the days after the Baltimore convention and before the election, is going back to Texas. He is tired of the effete East, and its trappings and flourishes pall upon him.

"I'm going back to Texas," he said in mournful tones. "I don't like these here rugs you got 'round this place. My feet's gettin' tired and I want to plant them in an acre of plowed ground."

Captain Bill is a likely candidate for a United States marshalship in Texas.
