BANKERS' TRUST CO. CLOSED BY ORDER OF COURT: SMALL DEBTS COURT ESTABLISHED

BANKERS' TRUST COMPANY CLOSED BY ORDER OF COURT

VICE-PRESIDENT COOK AND MANGER HEARN OF THE NEGOTIATORS, LIMITED, ARRESTED ON WARRANT

Victoria, March 24.—With the issuance of an order of Chief Justice Hunter winding up the affairs of the Bankers' Trust Corporation, Limited, and the arrest Saturday afternoon of Mr. Franklin C. Cook and Mr. J. O. Hearn, under a warrant which also charges others with fraud, the legal difficulties which have arisen relative to the sale of shares in the corporation entered a new phase. Mr. Hearn is manager of the Negotiators, Ltd. Chief Justice Hunter's order was issued on Thursday upon petition of the board of management of the Bankers' Trust Corporation, Limited, which took this means to straighten out the angle. The order appointed Mr. John Edward Allen, acting manager since the resignation of Mr. Godfrey Booth, as liquidator under bonds of \$5000.

names the two men who were arrested, and others who are believed to have left the city, but for whom the police authorities are now searching. The warrant reads: "Did unlawfully conspire together to defraud the public, to wit, by divers false pretences and by direct and indirect means, to purchase stock in the Bankers' Trust Corporation, Limited, contrary to the criminal code." Both Cook and Hearn were released Saturday night on bonds of \$5,000 each, two sureties in each case being secured. Yesterday the Victoria police wired the Seattle authorities to detain R. N. O'Connor in connection with the case. O'Connor was apprehended, waived extradition and returned voluntarily today, being met at the pier by detectives who placed him under arrest. It is understood three other persons connected with the companies are being sought for and will soon be in custody.

The branch office of the Bankers' Trust in this city was closed yesterday.

SMALL DEBTS COURT

Registrar Burritt Has Been Appointed Judge of the Much Needed Institution.

Prince Rupert is at last to have a small debts court and the judge has already been appointed. The official news to this effect arrived at 5 o'clock yesterday afternoon to W. E. Burritt, registrar, who has been appointed judge. Harry F. McLeod, for several years in the land registry office, succeeds Mr. Burritt as registrar of titles, these changes to take effect on April 1st.

THEFT CASE IN POLICE COURT

John Foley Charged with Stealing Cheque—Judgment Reserved Until Friday.

The principal feature of this morning's police court was a case of theft in which John Foley was charged with stealing from John Brown a cheque for \$16.05. From the evidence taken it appears that Foley cashed the cheque at the Savoy Hotel. Magistrate Cars reserved judgment until Friday morning. A drunk was fined the usual \$5 and costs.

PEACE RIVER COUNTRY

Hundreds of Settlers Flocking Into the New Land Daily.

Calgary, March 22.—Hundreds of settlers are flocking into the Peace River country daily, according to the statement of Provincial Publicity Commissioner Charles Hotchkiss, who was in Calgary today. For the past thirty days every trail leading into the Grande Prairie country has been black with homeseekers, many of whom are taking in with them stock, farm implements and provisions enough to last for a year.

CITY COUNCIL DECIDES UPON ANOTHER EXPERT ON SEWERS

CHOICE FALLS UPON ENGINEER CREER OF THE GREATER VANCOUVER SEWERAGE SCHEME.

The council chamber at the city hall has now put on an appearance befitting the dignity of the parliament of a city with a great future. Pretty desks with convenient drawers are arranged in horseshoe form with the clerk's desk in the opening. On a slightly raised platform is the mayoral chair and slightly lower on the right the desk of the city engineer and on the left that of the city solicitor. The new arrangement, with the comfortable swinging chairs for the aldermen, has a businesslike and dignified effect. One suggestion may be made in the line of a possible improvement: that the city engineer be instructed to wrestle with the problem of the chamber's acoustics.

from the Prince Rupert Tennis Association regarding the lease of two acres of land for twenty years as soon as the Grand Trunk Pacific Company could be heard from on the subject. The communication set forth that the initial expenses would be heavy and they would suggest that such improvements justified a reduction of rental. In reply to Alderman Kerr, the mayor stated that the land in question was on the southwest corner of the armory site, and that the council were unable to consider the application until a cedence of the land had been obtained from the Grand Trunk Pacific. On the motion of Alderman Naden the time for completing the assessment roll was extended from April 7th to April 14th.

There was not a large gallery at the meeting of the council last evening, the attendance having fallen off since brief business discussion has taken the place of oratorical gallery plays. The council assembled promptly at 8 o'clock and in less than an hour got through a lot of important business and adjourned.

The board of works reported in favor of employing a third engineer to pass upon the size of the storm drains to be put in and recommended the employment of A. J. Creer, who is willing to come at a cost of \$500 and decide upon the disagreement between Mr. Ducane, the expert recently employed, and the city engineer. Mr. Creer, the mayor observed, was last employed in the Greater Vancouver sewerage scheme.

This was in answer to Alderman Kerr, who said that the mayor had had experience in the two first councils and of the capability of Colonel Davis and the council had also confidence in the ability of the present engineer. If another expert was to be called in he thought they could not do better than send for Colonel Davis, who was thoroughly acquainted with the work and the conditions to be met.

The mayor expressed an equal confidence in both the engineers mentioned, but added that he had also confidence in the recommendations of the board of works. The report was then adopted without further discussion. A communication was read

Bylaws referring to public health, defining the duties of municipal auditor, revision of improvement bylaws, indemnity of mayor and aldermen, etc., were read a first time, and tenders were opened for the printing of the building bylaw and referred to the finance committee. The council then adjourned.

SUCCESSFUL BONSPIEL

Mr. E. D. Harris Returns from the Big Bonselpiel at Vancouver.

Mr. E. D. Harris, who has been in Vancouver for the past two weeks attending the second annual bonselpiel of the Vancouver Curling Club, which was brought to a close on Monday night, returned to the city today on the Prince George. Owing to the late arrival of Mr. Miquelon, skip of the Calgary rink, in which Mr. Harris played, the rink was shut out of a couple of the earlier events of the bonselpiel. While they were unsuccessful in landing any of the trophies, Mr. Harris reports that the affair was a splendid success and that the Vancouver club entertained the visitors royally.

STATES OF INDIANA AND OHIO DEVASTATED BY BIG STORMS

Five Thousand Drowned in Dayton Alone---Hundred Thousand Rendered Homeless by the Floods in Indiana---Breaking of Hamilton Reservoir Cost Thousand Lives

(Special to The Daily News.)

Chicago, March 26.—According to reports from various points coming in this morning, nothing since the great Johnstown flood, or before, can compare with the deluge now devastating part of Indiana and part of Ohio. From Indianapolis comes the report that on a conservative estimate one hundred thousand are homeless and the property damage twenty millions. From Dayton there is an unconfirmed report of five thousand lives lost and thirteen thousand homeless. From smaller places there are reports of from five hundred to one thousand lives lost and the property damage over the sections flooded is at this time totally unestimatable.

Springfield, O., March 26.—The mayor of Dayton, in an appeal to Mayor Seitz of this city, states that the water there is thirteen feet deep in the square fronting the Union station. He does not estimate the number of lives lost, stating that it cannot be ascertained, but says that fully thirteen thousand have been made homeless and great suffering and hardship is apprehended. Unconfirmed reports since received claim that five thousand lives were lost in and around Dayton.

The city dam at Piqua went out last night, flooding the wide valley below and drowning, it is estimated, 540 persons.

Indianapolis, March 26.—Practically half of the city of Dayton is under water and the city is without lights, water service or car service. The lowest estimate of deaths is two hundred, but from this they range much higher.

Delaware, O., March 26.—By the action of the floods which have reached this town nineteen are known to be dead, scores missing and hundreds of families homeless.

Cincinnati, March 26.—A message from Fontaine states that the reservoir broke at 8 o'clock last night and that one thousand persons were drowned. Owing to darkness the report has not yet been confirmed.

Indianapolis, March 26.—Over two hundred are known to have drowned at Peru, Indiana.

Brooksville, O., March 26.—The last man to arrive from Dayton verifies the report that the water is thirty feet deep in the streets there, running like a mill race and sweeping everything before it. Hundreds were drowned while being rescued from second and third storey windows by the swift current upsetting the boats.

Indianapolis, March 26.—With tens of thousands homeless, an unknown number dead and a property loss of several millions, Indiana is experiencing the worst flood in her history. It is a conservative estimate that there are a hundred thousand homeless and that the property loss will amount to twenty millions.

CONSERVATIVES GIVE ENJOYABLE SMOKER

Many Registered as Voters—Address on Recent Legislation by Mr. Manson.

The Conservatives gave an enjoyable smoker last night, free to all and no one at the door to see that you had a ticket and that was of the right color. The apparent object of the occasion was to add to the voters' list, as a new registration has been made necessary. M. M. Stephens actively engaged in that part of the programme with several willing assistants. The chair was taken by James Thompson and an interesting address was made by William Manson, M. P. P., upon the legislation passed at the last session of the provincial parliament. J. C. Halsey introduced a motion of confidence in the Borden naval policy and after that there was some good singing. Mr. Cummings was heard in "Father Ryan" and "Rocked in the cradle of the Deep," for the depth of which his cultured voice proved eminently capable. Mr. Stowell, Mr. Hutchinson and Mr. Kelly also sang, and Mark Harby gave one of his laughable ventriloquist acts. Alex. Gray presided at the piano.

NATURAL COLOR FILMS OF DELHI CORONATION

Arrived Late but Were Put on at the Westholme and Thoroughly Enjoyed.

Owing to the late arrival of the Venture the kinemacolor films of the great Durbar at Delhi were not put on at the Westholme Theatre until shortly before 10. Some three hundred people patiently awaited them and found their patience abundantly rewarded. The whole of the gorgeous pageantry was run off and as picture after picture of Oriental grandeur passed there was often spontaneous applause. No such beautiful moving pictures were ever shown in this city before—possibly nowhere else.

They were made all the more forceful and entertaining by the brilliant description of them by Harold B. Meade, under whose charge the films were taken. He told how they were taken by special command of the King for his coronation as emperor of India, and that therefore the machines for picture taking by this company were always favored with the best perspective position for faithful reproduction of the brilliant ceremonies. Also, the best available artists were obtained for every phase of the work, and the result was sufficiently superb to win high praise from the royal family when shown at Windsor Castle.

Manager G. T. Howden brought with him copies of all the incidental music played at Durbar while the pictures were being taken, and was surprised to find the Werner orchestra faithfully rendering it without a rehearsal. It was midnight when the show ended and many of the audience as they passed out congratulated Manager Strassburg upon having provided so rich a treat for Prince Rupert.

PLANS FOR THE NEW PROVINCIAL BUILDING

Minister of Public Works Is Dispatching Eminent Architect Here.

Mr. William Manson announced at the smoker last night that he had been advised yesterday by Hon. Thomas Taylor, that Mr. A. A. Cox, an eminent architect, had been selected to proceed to Prince Rupert and prepare plans for the new government building. Mr. Cox was one of those called in to pass upon the buildings for the University of British Columbia. He will probably arrive here next week. Four hundred thousand dollars have been appropriated for the building here, to be erected on Market place, and to be of stone.

New Trail Guides Elected.

The Wanderers Club held its annual meeting last night, when an encouraging report was read, in which the success following the removal to more commodious and handsome quarters was referred to. The officers elected were: President, G. B. Hull; secretary-treasurer, J. G. Forster; committee, D. Sutherland, J. H. Pillsbury, S. G. Doyle, J. G. Scott and J. H. Hilditch.

DAFFODIL LUNCHEON

Ladies of Anglican Church Gave Most Successful Luncheon Yesterday.

The daffodil luncheon given by the ladies of the Anglican Church yesterday, arranged originally as a farewell to the old church hall on Centre street, which is at the present time being torn down, was a gratifying success in every particular. The tables were prettily decorated with daffodils and the large variety of home cooked meats, salads, etc., were especially appetizing. A number of charming young ladies who assisted in serving made the luncheon still more enjoyable. Notwithstanding that the new hall is not as central as the old one, the receipts amounted to nearly as much as on the same occasion last year, reaching approximately a hundred dollars. Much credit for the success of the luncheon is due to Mrs. McCoskrie, who worked indefatigably in arranging and in the carrying out of all details.

SIR CHARLES TUPPER RETURNS TO ENGLAND

Aged Ninety-Two and One of the Fathers of Confederation

Vancouver, March 22.—Sir Charles Tupper, Bart., now in his 92nd year, who has been living here for the last year, has decided to return to England, having completely retrieved his health. He will sail on May 2 on the Empress of Ireland, and will reside with his daughter at The Mount, Bexley Heath, England. Since coming to Vancouver Sir Charles' health has been improving, although it was not so very bad when he came here. This winter makes his second sea voyage within the year. Sir Charles is the only surviving member of the first Macdonald ministry and one of the fathers of Confederation.

OUTLOOK FOR PEACE NOT REASSURING.

With a snail's pace, Europe is advancing toward a pacific settlement of the dangerous issues raised by the Balkan war.

Turkey, for example, knows full well that she has lost Adrianople for good, but the men who are at present in power there dare not admit this.

Then again the allies are pursuing a policy which has hitherto brought them no advantage, has dimmed their prestige and caused some of the allies to forfeit to a large extent the sympathies of the world which they at first enjoyed.

receiving a strip of territory on the Sea of Marmora which would make her co-guardian of the straits with Turkey, although every politician in Sofia is keenly aware of Russia's resolve not to brook such a co-dominion.

Bulgaria is to become to the Balkans what Prussia is to the German states.

Turkey, for example, knows full well that she has lost Adrianople for good, but the men who are at present in power there dare not admit this.

BANKERS' TRUST COMPANY DEMANDS AN INVESTIGATION

DIRECTORS PLACE BEFORE THE ATTORNEY GENERAL STATEMENT OF THE COMPANY'S AFFAIRS.

Victoria, March 22—Today the advisory directors of the Bankers' Trust company waited on the Attorney-General to place before him the affairs of the company and demanded an investigation.

The situation has become acute through the arrest of Franklin Cook, vice-president of the trust company on the complaint

of F. J. Popham, who alleged that he had turned over a mortgage for \$12,000 and an assignment therefore upon terms requiring Cook to liquidate and realize moneys with a direction that \$8,000 should be returned to him.

The complaint states also that Franklin Cook violated good faith and, contrary to the terms of the direction, fraudulently paid over all moneys to the Bankers' Trust corporation.

Mr. Cook asked for a trial before a higher court and was released on bail which was fixed at \$8,000. The situation also brings into the field the Negotiations, Limited, who are alleged to have received unfair commissions for selling stock for the Bankers' Trust Company.

NEW VICTORIA COURT HOUSE TO COST MILLION DOLLARS

WILL BE BEGUN NEXT YEAR AND THE STYLE FOLLOWED TO BE THAT OF VANCOUVER BUILDING.

Victoria, March 22—It was announced that Victoria will have a law courts building that will be practically a duplicate of the Vancouver structure, with the same great pillars and dome and Grecian style of architecture.

The site is two-thirds of an acre in extent and is one of the most commanding in the city. From the summit of the new building it will be possible to get an uninterrupted view of the harbor and the ocean beyond. The

site cost the government \$100,000.

It is estimated that the law courts building will mean the expenditure of close on one million dollars. The attorney-general stated today that the old courts would be used for some time to come as there have been valuable additions made, and the government expects some returns for the additional outlay.

Also there is no provision for the erection in the provincial estimates of 1913, while plans and tenders will in all probability be called for this year. Building will probably not commence until 1914.

LONDON PAPERS FAVOR SIR WILFRID'S PLAN

Premier Borden's Naval Plan Said to Involve Grave Constitutional Problems.

London, March 22.—The publication of the correspondence between Premier Borden and Mr. Winston Churchill has produced whole hearted condemnation of Mr. Churchill's attitude by the Daily Chronicle, one of the only two Liberal papers now left in London, and certainly one of the most ably edited of any.

"The First Lord of the Admiralty," says the Chronicle, "has placed the British government in the awkward position of siding with one Canadian party against the other upon a matter of acute party controversy. He cannot cover himself by pleadings that he merely answered Premier Borden's questions."

The Chronicle, in fact, to the extent of another half column, raps Mr. Churchill for the way he handled the business and declares the alleged impracticability of building dreadnoughts in Canada is almost entirely a matter of money. Canada, however, has other things to consider besides finance. There is the national pride of her people and also the question of laying the foundations for a self-reliant, self-sufficient future.

The Daily News and Leader, the other London Liberal daily, favors Sir Wilfrid Laurier's policy as avoiding the grave constitutional problems which Premier

Borden's scheme involves. In conclusion, the News says:

"The contributory system, it permanently tolerable, would be a constant source of irritation between the Dominion and the Admiralty."

SIR RICHARD'S NEXT MOVE IS DISCUSSED

Will He Prefer British House of Commons to the Canadian.

Considerable speculation exists as to Sir Richard McBride's next move. In the last general election he swept the boards; not a single Liberal was elected. Hence he achieved a victory which he can never hope to duplicate.

The B. C. Legislature closed its annual session on March 1st, with businesslike despatch and results. One hundred bills were passed, though none is startling. The finances are in such excellent condition that the provincial poll tax has been abolished and the personal property tax will follow soon.

Will this be Sir Richard's last session? Will he go to England and take a constituency as other ambitious Canadians have done? And will Hon. W. J. Bowser be the next premier of British Columbia? These are questions which are in the minds of the politicians of the sunset province.—Canadian Courier.

Prince Rupert's Industrial Annex

FIRST SALE
OF LOTS
BEGINS
MARCH 27

Supplies the waterfront industrial sites that are needed to accommodate the industrial development of Prince Rupert that is now at hand. Situated on the mainland, a short distance from Prince Rupert and on the main line of the Grand Trunk Pacific, Port Edward possesses the finest natural harbor on the Pacific Coast, with seven times the docking capacity of Prince Rupert per unit waterfront and with a townsite that affords excellent natural advantages of grade. Port Edward has been laid out by experts to fulfil the requirements of an industrial annex according to the most efficient methods known.

Port Edward, with Prince Rupert, possesses every natural advantage to be found in the best-equipped harbor cities of the world and offers facilities for the development of modern industries beyond the facilities offered by any other centre on the entire Pacific Coast.

Back of Port Edward and Prince Rupert lies the vast empire of the North Pacific, undeveloped as yet but with development immediately at hand to follow the imminent opening of the Grand Trunk Pacific. This great transcontinental, possessing the lowest grade in existence, will haul the lion's share of the western grain shipments of Canada for the Panama Canal route. Besides being the only natural distributing points of the tremendous rich area of the North, Port Edward and Prince Rupert are 483 miles closer to Yokohama and the great entry ports of the Orient than the next closest Pacific port of North America. This gives them an immense advantage in the great and growing Oriental trade.

Port Edward possesses the waterfront industrial site that Prince Rupert cannot supply. One big company—the Prince Rupert Hydro-Electric, which controls most of the water power in and about Prince Rupert—has already selected Port Edward as its site and is installing its plant and wharves. Negotiations are under way on behalf of other large enterprises for sites at Port Edward. Port Edward's identity as a great industrial centre is established. It is beyond all surmise or probability.

Read the reference to profits made at Prince Rupert. Grasp the meaning of this tremendous development. Realize that you have the opportunity of a lifetime before you in this first sale of Port Edward lots. The prices are low and the terms very easy. Don't make up your mind one way or the other now. Send for the complete literature. Get all the facts AND THEN ACT WITHOUT DELAY.

A True Story of Quick Profits

The original sale of lots in Prince Rupert was held in 1909. Lots 1 and 2 in Block 29 were originally sold to Mr. G. I. Wilson for \$450. The price paid was small and it was stated by many people at the time that town lots in Prince Rupert were rather doubtful buys. However, the men who really knew what was to come, who realized what the opening up of the vast Northern Interior meant, bought as much as they could and hung on. Many of them who were in very moderate circumstances then are wealthy today. The lots referred to above, which Mr. Wilson bought, were held until November of last year. They were sold then for \$10,000 cash.

Six hundred per cent.

This incident is not
quoted as an isolated
example. It is one
of hundreds that can
be referred to.

Port Edward offers the same opportunity today as Prince Rupert offered in 1909? Are you going to let it pass?

PIERPONT MORGAN IS A VERY SICK MAN

Arrives in Rome to Consult Physician of Pope as to Condition.

J. Pierpont Morgan arrived in Rome by special train from Naples. There is a great change in the banker's appearance since a year ago. Mr. Morgan's face is worn, his cheeks are hollow, and his eyes are dull, with a peculiar listless, wandering gaze. He has lost his usual alert and dominating air. Mr. Morgan has received no relatives or friends, and barely shook hands with a few who were awaiting him at the railroad station.

"Mr. Morgan," said Dr. Bastianelli, "is suffering from worry

J. PIERPONT MORGAN.

bordering on neurasthenia, due to his recent illness. As he had enjoyed uninterrupted good health heretofore, and relied on his robust constitution, his sudden illness surprised and unnerved him."

Mr. Morgan insisted upon coming to Rome, cancelling his original plan of proceeding directly from Cairo to New York.

He was determined to consult the Pope's physician, Marchisava, who cured Charles W. Morse, the ice king, after his release from prison, when he came here seriously ill.

LOCAL NEWS ITEMS.

Miss Clifton left last night on the Venture on a short visit with friends at Granby.

C. C. Van Arsdol arrived from the south this morning and left at once for Aldermere.

Mrs. P. I. Palmer and little daughter Bernice returned this morning from a ten days' visit in Vancouver.

Mrs. F. G. Dawson returned this morning after spending a couple of months visiting in the lower coast cities.

Mr. Joe Eisenstadt, of the Acme Clothing Co., returned to the city this morning on the Prince George.

Mr. W. R. Lord, manager of the cannery department of the Canadian Fish & Cold Storage Company, Ltd., returned to the city this morning.

Dr. Tremayne is in receipt of a letter this week from Major Gibson written from New York City. He does not state definitely when he will return to Prince Rupert, but he is now on the return lap of his long trip through the southern and eastern states.

Mr. J. M. Clancy, manager of the Prince Rupert branch of the Bank of Montreal, returned to the city this morning after two months' absence, during which he has been acting as inspector of branches in the prairie provinces.

WONDERFUL SILENCE OF BORDEN CABINET

H. F. Gadsby's Description of the Debate on the Naval Bill.

"There was silence deep as death, And the boldest held his breath For a time.

Well, not exactly that, perhaps, but silence more or less complete. Silence in three eight hour shifts, forty men at a time holding the job down. Not all of them in the house, of course, just enough there to make a quorum, but scattered around where the whip can reach them easily. The whip always knows where to find them. He takes the elevator to the third floor, it being a lead pipe cinch that the submersibles are up there getting their breath.

This is not the silence that gives consent, although it is the silence that is golden, because it gives away \$35,000,000 of the people's money without even asking for a receipt. It is the silence which is supposed to wear down His Majesty's loyal opposition and make it possible to put the Borden naval programme over when everybody is dead for sleep. It is the good old Tory way of dodging honest discussion on the subject of home rule and turning the clock back to the days of George III, a king with the best intentions, who lost the American colonies through a little matter of arbitrary taxes—not unlike the present affair of three dreadnoughts.

St. Andrew's Society.

All the arrangements were perfected this afternoon for the whist drive and dance which are to take place in the new hall this evening. It begins at 8 o'clock and promises to be a most enjoyable affair.

Fashion-Craft Agents.

In an advertisement of Fashion-Craft clothing in the "News" last Thursday an error was made in the name of the local agents. The Acme Clothing Co., of Second Avenue, are the sole agents for Fashion-Craft in this city.

Many Leave for Hazelton.

The train had a heavy load this morning, quite a crowd of laborers coming up by the George bound for the interior. Among the passengers was Judge Young, who goes to hold court at Hazelton.

Dr. W. B. Clayton returned today from the south after accompanying Mrs. Clayton as far as Vancouver and seeing her started on her trip to England. The doctor wore his usual smile, notwithstanding that he is forced to return to single blessedness for a short time.

CITY OF PRINCE RUPERT, B. C.

SECTION TWO IMPROVEMENTS.
Sealed tenders will be received by E. A. Woods, city clerk, up to 4 p. m., Monday, 7th of April, 1913, for the construction of certain plank roads and permanent grading in Section Two, together with an approach road across Morse Creek.
Plans may be seen and specifications, forms of tender, etc., obtained at the office of the city engineer.
The council does not bind itself to accept the lowest or any tender.
W. McG. MASON, City Engineer.

Red-Blooded Manhood

Through history's early records right down to the present day, sterling manhood has commanded first attention from the fair sex. Every woman admires the man whose physical bearing stamps him a disciple of ancient Hercules—and a man of power among men. What man does not feel proud of a rugged constitution—vigorous in every fibre of his make-up? Listen! DR. METZGER'S BODY BATTERY has put scores of men in this enviable position—endowed them with virile and efficient exercise of their masculine powers. It will do the same for you. It is 100 per cent easier to wear than other apparently similar devices—400 per cent more efficient—contains electric batteries—no burning acids. It is sold at a low cost—no unnecessary frills to pay for. Lenses give influence, cure varicose and enlarged ailments. Write for full particulars at once to

STORM

THE Storm of yesterday and today can scarcely be called a blizzard, nevertheless it is enough to make the man think about heavy Underwear, Socks, Overcoat, or Rain Coat. We have no means of stopping the storm, but we can supply you with the right Clothing at the right price for this emergency. You can laugh at the storm when fitted at O'Reilly's

Big Closing Out Sale

A man came to our Sale yesterday and produced a copy of our prices and said, "I am here to make you fellows prove a few of these statements." When he left the store he took with him a suit of \$3.00 underwear for \$1.90, a 50c pair of wool hose for 35c., a pair of \$4.50 shoes for \$3.40, a \$2.50 hat for \$1.25, and a \$20.00 suit for \$9.75. "I'll be darned," said this man, "That is one time I sure got some bargain." And he actually smiled. We ask you to come and make us prove our statements.

Just ten more days. Get that money saving hustle on before it is too late
