WILL TO CIRCUMVENT HUNGER-STRICKEN MILITANTS—BURNS-PELKEY FIGHT ENDS A DRAW

THREE HUNDRED AND FIFTY MILLIONS THE DAMAGE IN OHIO

HUNDREDS OF THOUSANDS STILL NEEDED TO RELIEVE SUFFERINGS OF FLOOD VICTIMS.

(Special to The Daily News.)
Indianapolis, April 3.—Although large contributions to the relief funds and many carloads of clothing and supplies are being received from all over the country, it is estimated that hundreds of thousands of dollars are still needed to relieve the sufferings of the flood refugees. The damage loss in this state and Ohio is now compared with the Francisco earthquake. In a careful estimate the damage is up to \$350,000,000.

PAY YET FOUND ON SILVER CREEK

Telegram from New Strike Not at all Exciting

A. Puckett, local merchant, received a telegram Tuesday of week from Smith & Geddes has been in the Silver Creek strike for the past several weeks. The wire was dated Silver Creek but was sent from a station on the Dominion line about 100 miles south of Atlin. The telegram bore the office date of March 24, and had probably been written four or five days previous on the ground that time would be required for it to reach the telephone line. The message was pertaining to the shipment of supplies, but it bore the statement that, up to that date, there was absolutely nothing in that portion of the country to warrant a statement to it. From all reports, however, the men going to the country are of a substantial class, many of them old Klondikers of experience, and if there has been no gold found as yet, there is every likelihood that it will be found in the coming season if it is there. There is no doubt but that the strike will be thoroughly prosecuted.—Whitehorse Star.

SLIGHTLY IMPROVED

Walter Owen, Threatened with Appendicitis, Resting More Comfortably.

Walter, the little son of Walter Owen, chief of provincial police, has been confined to the hospital for the past two or three days, threatened with appendicitis. He is reported to be resting more easily today. Much sympathy is extended to the poor chap, who has suffered intense pain for the past day or two. It has not yet been decided if an operation will be necessary.

SCUTARI LIKELY TO BE TAKEN BY MONTENEGRO IN FEW HOURS

POWERS DECIDE TO MAKE DEMONSTRATION ON MONTENEGRO COAST—BRITAIN SENDING TWO WARSHIPS.

(Special to The Daily News.)
Vienna, April 3.—Advices were received here last night that the Montenegrin army has succeeded in silencing four of the forts of Scutari and has taken possession of them. It is expected that the fall of the other forts is near at hand and that some time today Italy will pass into the possession of the allies.

Great Britain Intervenes.
London, April 3.—In the House

ALREADY FOUR ENTRIES

May Be Many to Compete for Big Hydro-Aeroplane Prize.

(Special to The Daily News.)
London, April 3.—Four entries have been received for the Daily Mail's prize of £50,000 for a hydro-aeroplane contest around the British Isles and across the Atlantic this summer.

BURNS AND PELKEY FIGHT TO A DRAW

Odds Were Slightly in Pelkey's Favor and He Put Up a Good Contest.

(Special to The Daily News.)
Calgary, April 3.—Tommy Burns, ex-heavyweight champion of Canada, and Art Pelkey of New York met in the squared circle last night to pull off the bout that was arranged for Easter Monday but postponed. Pelkey stands over the six foot mark, has a big breadth across the shoulders and the general appearance of a very powerful man. Since he has been training here he has made many friends and when he stepped into the ring last night the odds were slightly in his favor. Both men were in the pink of condition, however, and in the first five rounds neither seemed to have the advantage. Toward the close of the last half the fighting was fast and furious, both men receiving heavy punishment. The referee decided it a draw and the decision gave general satisfaction though some thought Pelkey should have had it on points.

COAST LEAGUE BASEBALL.

(Special to The Daily News.)
San Francisco, April 3.—The Coast League games played yesterday were as follows:
San Francisco 3, Portland 2.
Los Angeles 15, Venice 2.

A very few dollars spent in our new stock of wallpaper will do wonders in renovating your home. Look over our sample books and note the beautiful designs at moderate prices. H. S. Wallace Co., Ltd. 771f

THE POPE'S HEALTH STILL PRECARIOUS

Believed That He Will Never Fully Recover but Grow Weaker and Weaker.

Rome, March 31.—The Pope is not getting better. Up to a certain point he made quite remarkable progress and statements that he might be thought on the high road to recovery were well founded, but at a certain point he stopped and his doctors have not been able to pass the difficult corner. Most of his entourage acknowledge this, but are convinced that it is only a matter of time, especially as he had a setback through the depression caused by the death of Cardinal Respighi, the vicar of Rome. There is no secret of their opinion that Pius X will never again be as strong as he was before his attack. They do not expect any immediate collapse, but think that his holiness will gradually get weaker and thus retire more and more from public affairs.

Liberal Meeting

A meeting of the Prince Rupert Liberals and all others interested in progressive legislation will be held in the K. of P. Hall, Helgerson block, on Thursday evening, April 3rd, at 8.30 o'clock. Everybody come. 78

Shirtwaists—new spring models at from \$1.75—Wallace's. 771f

CARRIER PIGEONS IN HALIBUT TRADE

Atlin Fisheries, Ltd., Will Adopt Improved Form of Wireless.

Probably the greatest innovation in the fishing trade yet heard of on the Pacific Coast is to be adopted by Mr. J. Sidney Smith of the Atlin Fisheries, Ltd., whose headquarters are in Prince Rupert. In order that he may keep in constant touch with his trawlers engaged in the Hecate Straits and north and west of the Queen Charlotte Islands, Mr. Smith has placed an order for a large number of carrier pigeons, whose home coop will be in this city. Each boat going out to the banks to fish will take ten or a dozen birds on board to be liberated whenever it is desired to send a message to the head office of the company. As the boats are seldom more than a hundred miles from here messages can be delivered in the city within less than two hours, the average speed of a carrier pigeon being from sixty to seventy miles per hour.

Mr. Smith's unique scheme will be watched with a great deal of interest. If a success no doubt other companies engaged in the fishing industry here and along the coast may follow his example.

GENERAL HOSPITAL IS WELL PROTECTED

Test of Water Pressure This Morning Was Highly Satisfactory.

Between 11 and 12 o'clock this morning the fire department made a test of the water pressure in the vicinity of the hospital. Mayor Pattullo and several members of the council witnessed the test, which was considered highly satisfactory. The pressure at the hydrant just outside the hospital was all that is to be desired and there is splendid pressure for inside protection. It is gratifying to know that such an important and costly institution as the hospital is so well protected. The insurance rates should be materially decreased.

Boats Fitted with Phones.

Telephone communication with those on board the Prince George and the Prince Rupert can now be had as long as the steamers remain at the dock. This service, which was started a week ago yesterday, will no doubt prove a great public convenience.

Grand Bazaar

AND DANCE AT THE KAIEEN ISLAND CLUB

Under the Auspices of The Ladies' Auxiliary in Aid of the GENERAL HOSPITAL

Thursday, April 3

Afternoon and Evening

The bazaar will open at 3 o'clock in the afternoon. Admission free.

A grand dance will be held in the evening. Evening admission 50 cents.

Don't forget to bring your purse in the afternoon, as there will be many devices to separate you from your money.

KILLED IN COLLISION

Two Killed, One Fatally Hurt and Seven Others Seriously Injured.

(Special to The Daily News.)
Sheridan, Wyo., April 3.—Two Burlington passenger trains collided head-on last night a few miles from Wakely. It was a fearful wreck and two people were killed outright, one fatally hurt and seven others seriously injured.

PENITENTIARY TERM FOR STEALING CHEQUE

John Foley Will Serve Two Years for Stealing Sixteen Dollar Cheque.

John Foley, a laborer employed at Port Edward townsite, appeared before Judge Young this morning for trial on a charge of stealing a cheque for \$16.05 from John Brown W. E. Fisher of Fisher & Warton, as Crown prosecutor, produced two witnesses to substantiate the charge. Mr. McKinnon, bartender at the Savoy Hotel, testified that Foley had presented the cheque to him in payment for drinks and that he had cashed it, retaining \$2.00 that Foley owed him for drinks. Brown, in whose favor the cheque was drawn, said that he never gave the cheque to anyone, but that he had become intoxicated and when he came to the cheque was missing. He also testified that he had not endorsed the cheque. This was the substance of the Crown's case. Foley, the accused, who conducted his own case, deposed that Brown had given him the cheque for safekeeping and on being further questioned by Judge Young said that he had left some twenty dollars with a bartender at the Central Hotel. The latter was called as a witness in the accused's behalf and corroborated the statement but testified that Foley had not told him the money was in safekeeping for anyone but himself. Later Foley had asked for and received a portion of this money. As the evidence was decidedly clear against the accused he was convicted and sentenced by His Honor Judge Young to a term of two years in the penitentiary at New Westminster.

A CANADIAN NAVY FOR CANADIANS

L. W. Patmore Will Discuss Naval Question at Open Meeting Tonight.

The Liberal meeting in the K. of P. Hall, Helgerson Block, tonight promises to be one of exceptional interest. Besides the ordinary business that will come before the meeting some splendid addresses have been arranged. The naval question, which is occupying the attention of all Canadians at the present time and which has recently caused some unusual scenes in the House of Commons, will be discussed at some length by Mr. L. W. Patmore. Another address on some general political issues will be delivered by Mr. Frank Angers, one of the silver tongued orators of the north. Everyone interested in progressive legislation will be welcomed and should make every effort to attend. The meeting opens at 8.30.

Sixty Days for Vagrancy

W. Monteith was before the police court this morning charged with vagrancy. He was sentenced to sixty days hard labor.

BILL TO CIRCUMVENT THE ACTION OF MILITANTS IN JAIL

NATION WARNED NOT TO TAKE STORIES OF SUFFERING BY FORCEFUL FEEDING TOO SERIOUSLY.

(Special to The Daily News.)
London, April 3.—In the House of Commons last night Home Secretary Lloyd-George warned Parliament and the nation not to attach too much importance to the tales of suffering of militant suffragettes now undergoing imprisonment supposed to be caused by forcible feeding. These prisoners, he said, had declared war against established society and all governments were responsible for the maintenance of law and order. These remarks were made on the second reading of the bill "to circumvent the action of the wilfully hunger stricken suffragettes." The terms of the bill provide for the temporary discharge of the offender, such discharge to be in force merely until such time as the offender has returned to a desirable state of health.

NEW TOWNS ON THE CANADIAN NORTHERN

Fourteen Projected to be Sixty Miles Apart on Main Line

The Canadian Northern railway announced the other day the location of 14 new stations to be constructed along the main transcontinental line of their road. These are to be erected from Port Mann, B.C., and will be but sixty miles apart. The points at which they will be erected beginning with Port Mann are: Langley, Glen Valley, Mount Lehman, Matequi, Samas Mountain, Chilliwack, Rosedale, Popkum, St. Elmo, Floods, Hope, Trafalgar and Yale.

The construction of the stations is to be immediately undertaken. Following their completion a service on that section of the line is to be inaugurated early this summer.

BACK FROM McPHERSON

Police Patrol Returns to Dawson After Arduous Trip

The R. N. W. M. P. patrol which left here January 2nd in charge of Sergeant Dempster for Fort McPherson got back at 12.30 today with men and dogs in fine condition. They travelled since leaving here something like 800 miles, and through heavy snow and bitter days. At times the temperature was 50 to 70 below. The others with Dempster were Corp. Schultz, Constable Philips, and an Indian trail breaker. Connections were made at McPherson with the patrol from Herschel Island, comprising Belyes and Constable Johnstone. All are reported well. Mail was brought from McPherson and Herschel for local and outside points.—Dawson News, March 17th.

MISS ROCHESTER ENGAGED

Wedding to take Place in Vancouver next Tuesday Week

The engagement has just been announced of Miss Jean Isobel Bryson Rochester, eldest daughter of Mr. and Mrs. J. Y. Rochester, to Mr. Francis James Bayfield, son of Mr. and Mrs. Edward Bayfield, of Charlottetown, P.E.I. The wedding will be solemnized quietly in St. Andrew's church, Vancouver on April 15th. Miss Rochester is well known in this city, where she resided with her parents for some time.

Among the old timers who, after spending the winter in the balmy south, are now flocking back are Mr. and Mrs. Frank Clapp, who wintered in San Diego.

DAILY EDITION

Thursday, April 3, 1913.

THE NECESSITY OF RE-REGISTRATION.

The cancellation of the authorized voters' list under the provisions of Bill No. 108, being an amendment to the Provincial Elections Act introduced and passed through the legislature by Attorney General Bowser, seems to have given rise to all sorts of uneasy conjecture on the part of the Liberal party of the province, and even unnecessary speculation among the ranks of the Conservatives themselves.

HAVE YOU REGISTERED?

Every qualified person who wishes to vote at the next Provincial or Dominion election must register anew. The fact that your name is on the old list makes no difference, as all the old Provincial and Dominion voters' lists have been cancelled.

Registration forms can be secured at the following places or from persons named: Office of Government Agent, Office of Any Solicitor, G. H. Naden & Co., Ltd., P. W. Anderson, H. B. Campbell, F. H. Mobley, Geo. J. Frizzell, A. J. Morris, J. J. Sloan, D. A. McKinnon, J. R. Morgan, A. W. McLean.

province can see to for themselves if they will only awaken to the importance of the occasion. Section II of the aforesaid amendment reads:

(1) On the third day of March, 1913, the present authorized voters' list shall be cancelled, and thereafter shall not, except as hereinafter mentioned, be used at any election to be held in the province; and on the passing of this Act the Registrars of Voters for the different electoral districts or polling divisions shall forthwith cause notices to be posted in conspicuous places in their respective electoral districts or polling divisions, and to be advertised, for such time as may be directed by the Lieutenant Gov.

ernor in Council, in a newspaper or newspapers published and circulating in such electoral districts respectively, or if no newspaper be published in any electoral district, then in a newspaper published in the province and circulating in such electoral district.

(2) No application and no affidavit shall be received or accepted by any Registrar of Voters or to be considered at any Court of Revision unless it be made and date subsequently to the third day of March, 1913.

(3) Notwithstanding anything in this section contained, the voters' list by this Act cancelled shall be the list of voters to be used at any election that may be held prior to the certification and printing of the first register of voters prepared under authority of this Act.

There appears in this veiled menace to the political well being of the Liberal party; on the contrary, it gives that party an opportunity of getting every one of its members on the list of voters if they will only work to this end. The same laws of registration are applicable as before. In no manner is the franchise of an eligible voter endangered unless through the tardiness of the voter himself.

And remember that next Monday, April 7th, is the very last day for registration.

The necessity of cancelling the lists after periods of reasonable time have elapsed will be apparent. The lists, after years of revision and constant alteration, are bound to carry a superfluous volume of names belonging to deceased constituents and to voters who have left the district for other parts. The cancellation thus frees the voters' lists of this excessive material and makes them easier to handle.

On the political associations of the province will largely fall the work of reconstructing the lists and the Liberals should be very busy at the work this week. In this city it is being well attended to by the Liberal party, but it is hoped that all the Liberals in the outlying districts of this constituency are planning to take vigorous and concerted action in their several districts in order to complete the lists by April 7th, from which date they will be suspended until after the holding of a court of revision on May 19th next.

ONLY THREE DAYS MORE, AFTER TODAY, IN WHICH TO REGISTER. LIBERALS, STEP LIVELY.

CANADIAN NORTHERN RAILWAY TO ASK FOR \$40,000,000

CONFERENCES AT OTTAWA WITH LEADING OFFICIALS BY SIR DONALD MANN

Ottawa, March 31.—It is stated that the almost continuous presence of Sir Donald Mann in Ottawa, and the presence here yesterday of Sir Thomas Shaughnessy has something to do with the important question of further financing the Canadian Northern Railway.

It is asserted that the Canadian Northern at the present time finds itself in need of from thirty to forty millions to meet obligations incurred in connection with construction, and to link up its various lines into a third trans-continental system. The situation has been explained to Premier Borden upon whom it has been urged that the company is as much entitled to a loan now as the C.P.R., and G.T.P. were in past years. Greatly increased cost of construction, more particularly in British Columbia, has, it is said, made it

impossible for the company to raise more money on bonds under present financial conditions. Sir Thomas Shaughnessy has been consulted with regard to the matter, and the application of the company for a cash or a direct loan has the backing of the strong financial interests. It is stated that in order to show its determination to carry out its plans, the Canadian Northern has turned into the parent company all of the subsidiary companies, including townsites, express, telegraph and transfer business.

It is also stated that the C.P.R. stands ready to step in and take over western lines, including the line through the Yellowhead Pass. It is not believed, however, that this will happen. If a measure of relief for the Canadian Northern is decided upon, it is believed that it will take the form of a loan secured by the deposit of Canadian Northern stock covering control and ownership of subsidiary companies. If legislation to that end is introduced it will be announced in the course of a few weeks, and will occupy much of the attention of parliament during the remainder of the session.

CANADA'S PACIFIC PROTECTION 23 DAYS FROM ESQUIMALT

CHURCHILL PROPOSES THAT CANADA'S DREADNOUGHTS BE STATIONED AT GIBRALTAR

(Extract from Winston Churchill's speech)

Turning to the proposed Canadian ships, Mr. Churchill said: "While they will be directly controlled by the admiralty, we propose to form them, with the Malay and New Zealand ships, into a new squadron of five ships of high uniform speed, to be called the Imperial squadron.

"It will be based at Gibraltar, and thus able to reach Halifax in five days, Quebec in six days, Jamaica in nine days, the South American coast in twelve days, Capetown in thirteen days, Alexandria in thirteen days, Sydney in twenty-eight days, New Zealand in thirty-two days, Hong

Kong in twenty-two days, and Esquimalt in twenty-three days.

"Our intention is that this squadron shall as opportunity serves, cruise freely about the Empire, visiting the Dominions, ready to operate at any threatened point at home or abroad. The Dominions will be considered in all movements not dominated by military considerations.

"Of all nations of the world, we are, perhaps, best able to bear such a strain if it should continue. We have greater accumulations of capital than are found elsewhere. We are freed from the need of maintaining an army of the continental scale."

JOINT CELEBRATION OF PEACE CENTENARY

Unofficial International Conference from May 5 to 9 in New York.

Ottawa, March 31.—Arrangements have been made whereby an unofficial international conference will be held from May 5 to May 9 in New York for the purpose of discussing the best method of conducting the celebration of the centenary of the signing of the treaty of Ghent in the winter of 1914-15. The conference will take place between delegations from the American committee, the American committee and the Canadian Peace Centenary Association. The American delegation will number 12, the British 7 and the Canadian committee, which was appointed at the meeting of the general committee of the association which was held last February, will number 4. The three committees will hold their first

meeting on Monday, May 5, and the discussion of business will occupy probably three days. The Canadian committee consists of the president of the Canadian Peace Centenary Association, Sir Edmund Walker, C. V. O., president of the Canadian Bank of Commerce, Toronto; Sir Alex. Lacost, former chief justice of the Province of Quebec, Montreal; Mr. Travers Lewis, K. C., of Ottawa; Mr. C. F. Hamilton, honorary secretary, Ottawa.

The British committee will include Lord Shaw of Dumfermline, one of the lords of the judicial committee of the privy council; Mr. W. M. G. Gladstone, M. P., grandson of Mr. W. E. Gladstone and formerly attaché at Washington; Sir William Mather, P. C., M. L. C. E., an active promoter of technical education, and Mr. H. S. Perris, secretary of the British committee.

Forty years in use, twenty years standard, prescribed and recommended by physicians. For Women's Ailments, Dr. Martell's Female Pills, at your druggist.

NEW ENGINEER COMES NORTH TO INSPECT

Will Look Over Langara Light and Choose Site for Another Lighthouse.

Victoria, March 31.—To give A. R. Wilby, the new resident engineer of the marine and fisheries department, an opportunity of inspecting the new first order light at Langara Island, and also to survey a new site for a lighthouse on Bonilla Island, the steamer Quadra, Captain Macpherson, left port at noon today, and will be absent from Victoria for several weeks. While in northern waters the Quadra is also to establish a number of new important aids to navigation, including arranged lights at Masset and an acetylene beacon on Rose Spit.

Mr. Wilby was only recently appointed to the position of resident engineer, and he wishes to familiarize himself with the work of the department. As the Quadra was going north he decided to make the trip. The new light at Langara Island will be ready for operation by the beginning of June. Some time has been consumed in the building of this aid to navigation owing to the isolated nature of the island. The material for the construction of the big lighthouse had to be taken north from Victoria by the tenders, and it was with great difficulty that it was landed owing to the great seas which beat against the island.

The Boss Had no Business to Ask, "Where Are You Going?"

Drawn for The Daily News by "Bo"

Port Edward, B.C.

Prince Rupert's Industrial Annex

Is the place for your investments. It offers a greater, surer opening than any other place in North America today. Remember the profits made at Prince Rupert! First investors there made as high as 600 per cent. in scores of instances and 300 per cent. was the average. Port Edward is in the same position today that Prince Rupert stood in five years ago with the additional advantage that the opening of the G. T. P., which will unlock the tremendous treasure house of the northern interior of British Columbia, is only a year, at most, away.

The sale is now on. Avail yourself of the free literature. Get the facts and then decide quickly. Port Edward is a solid, properly founded industrial centre. Some of the largest industrial enterprises of the west are negotiating for sites there. Some have already secured sites and are developing plants. The G. T. P. main line traverses Port Edward and the railroad company has already secured a site for its station, sidings, etc. Development is under way. The time to secure lots is NOW.

Port Edward is not a forced enterprise. Prince Rupert cannot find sufficient room for the location of further industries along its waterfront. Port Edward is immediately adjacent to Prince Rupert, with easy intercommunication assured. It has the finest natural harbor on the Pacific Coast adapted to the building of pier wharves and affording seven times the total docking capacity of Prince Rupert harbor per unit of waterfront. It has been laid

out by expert engineers as an industrial centre of the most modern type. A company made up of some of the most prominent men in the Dominion is behind Port Edward. Its capital is \$1,000,000, fully subscribed. A development fund of \$172,500 has been established and more than \$75,000 of this was expended in the surveying and preliminary development. The entire business section and all streets and avenues on the balance of the townsite have been cleared and 4 1/2 miles of plank walks have been laid on the principal thoroughfares. A wharf suitable for the landing of passengers, machinery, supplies, etc., is under construction.

Port Edward offers modern industries every requirement they demand. Water transportation is provided with efficient modern facilities for reducing time and cost in handling; the shortest route to Oriental markets of any Pacific port; rail transportation by a road that possesses the easiest grades in existence; immense markets at home and abroad; tremendous resources including fish, timber, minerals and grain; a townsite laid out to meet the every demand of modern commerce and industry.

Port Edward is bound to succeed. It is attracting some of the largest industrial enterprises in Canada right now. It will form one of the foremost industrial centres in the entire Dominion. Send for the literature without delay. Learn all about it. It means a wonderful opportunity to the people of Canada. It means excellent profits for you if you invest now AT STARTING PRICES.

JOINT DIRECTING SALES AGENTS

A True Story of a Wise Investment

Prince Rupert points an unusual lesson to investors. Many people thought that to buy Prince Rupert property originally was to throw money away. The first sale was held in 1909. Lots 9 and 10 in Block 8 were sold to the Atlantic Realty Co. for \$1,220 for the pair. They were held until last year and then they were sold to Mr. F. S. Long for \$10,000. And Mr. Long made a good investment.

Port Edward offers YOU a chance to prosper by the development of the Great North. Are you going to take it?

Send me full details of Port Edward without obligation on my part.

AUSTRALIA HAS NOW BECOME A NATION

Her First Cruiser Receives Most Enthusiastic Welcome

Melbourne, March 31—Creating enormous enthusiasm, the Australian cruiser Melbourne arrived in this port today and received a most fitting welcome from the thousands of persons who greeted the ship. Every vessel in the harbor was decorated with bunting and every whistle in the city was tied down when the cruiser steamed into port. The arrival of the cruiser has aroused a great wave of patriotic fervor throughout the country and it is certain to popularize the navy.

The commander and officers of the Melbourne were banquetted by the governor-general, Lord Denman, tonight. In the course of his welcoming address, Lord Denman said:

"It is a noteworthy fact that whereas the other Dominions of the British Empire have contributed ships or money for imperial naval defence, Australia is the first of the overseas dominions to train men for service in the British fleet. This is a decided step toward the solution of the problem of imperial defence. Considering Australia's sacrifices of both men and money, none can question her right to own her own fleet."

Prime Minister Fisher referred to the possibility of an emergency. "When an emergency presents itself," he declared, "Australians will not be found lacking in patriotism. Our people will always help toward carrying on the Australian fleet. My government is confident that eventually the other dominions will fall into line with our policy."

That the arrival of the Melbourne typifies Australia's coming of age, was the contention of Senator Pearce, Minister of Defence.

"Australia has become a nation, has reached her majority, and is now taking up her share of the burden which the mother country has borne so long," he said. Long cheers and great enthusiasm greeted this statement.

"Our ships have already been paid for," he continued, "and we have not left anything to future generations to take upon their shoulders."

CHICAGO'S LIBERALITY TO FLOOD VICTIMS

Has Already Sent Three Hundred Thousand and More Coming In

Chicago, March 31—Chicago's relief fund for the flood victims today reached \$300,000, of which \$200,000 was contributed through the Chicago Association of Commerce. The fund is being increased hourly and may reach \$400,000 before the work is concluded. The United Charities today shipped four more cars of clothing to Dayton.

HEAVY IMMIGRATION FOR THIS PROVINCE

Increase Will This Year Run as High as Twenty Per Cent

Winnipeg, Man., March 31—"There is every indication that the immigration movement into British Columbia this year will far exceed anything in the past," said J. Bruce Walker, immigration commissioner, when discussing the immigration prospects for the coast province.

Mr. Walker goes on to say "as far as I can see the increase into British Columbia is likely to run as high as 20 per cent. My conclusions are based on the fact that the bookings in Great Britain for the coast province are so much larger than usual, and it is evident that the new-comers will be a very fine class of settlers. In reference to the immigration movement from the United States, I might say that I do not think there will be much of an increase. As the situation appears now, it will probably be about the same as last year."

"We Sell Nothing But the Best"

Be Suspicious

BE suspicious of that of which nobody is proud. Be suspicious of the mere low-price argument offered in favor of an article with no reputation, no backer, no guarantor.

Better buy the thing you know and can trust, than an article unbranded and unvouched for.

The branded shoe, made by a maker with a reputation, is a safer shoe to buy than the one made in an unknown factory by an unknown maker.

The underwear made by a firm whose name is as familiar to you as your own, is worth more to you than underwear nameless or labelled by a maker of whom you have never heard.

Tea sealed in a packet bearing the name of a reputable firm is to be preferred to tea of which the packer is not sufficiently proud to advertise its quality.

That in which much money has been invested to make or keep it good is worth more than that on which nothing or but little has been spent.

Peace of mind is worth something, just as quality is. Buy peace of mind.

When you buy anything worth while buying, buy that of which you know—from advertisements, or from other dependable acquaintance. Buy the article with the "money back" guarantee—with the pledge of a known name behind it.

Put your faith in the advertisements appearing in good newspapers. Beware of the article that cannot stand the spot-light of publicity. The commodity an advertiser backs with his own money is something worth your buying.

Advice regarding your advertising problems is available through any good advertising agency or the Secretary of the Canadian Press Association, Room 503 Lumsden Building. Enquiry involves no obligation on your part—so write, if interested.

Specifications may be obtained from D. McLeod, Foley, Welch & Stewart offices, New Hazelton, or from the undersigned.

The lowest or any tender not necessarily accepted.

Tenders to be marked "Tenders for New Hazelton Improvement Work." 74-78-81

HARVEY & McKINNON, New Hazelton.

No woman can be very friendly with any other woman whom her husband was ever engaged to.

WHO IS RESPONSIBLE FOR THE DEADLOCK

Authorized Statement of Opposition in Reply to Government's Statement.

If there has been a deadlock THE FAULT IS NOT ON THE PART OF THE OPPOSITION BUT ON THE PART OF THE GOVERNMENT. The opposition claim no more than the right of freedom of speech and of discussing a measure in which a principle of the highest importance is at stake.

The government have no mandate from the people to proceed with this measure, and three ministers were elected as direct opponents of naval assistance to Great Britain in any form. Notwithstanding this they have delayed all public business to force this measure unduly. The Banking Act makes no progress, no budget speech announcing a tariff policy has been made, while on only two occasions since the House opened have they asked for supply AND SUPPLY WAS AT ONCE GRANTED. Refusing thus to attend to these pressing matters of great importance to Canada, they are trying to force upon the people this measure by extreme and arbitrary methods.

In the working of parliamentary institutions it has not infrequently happened that deadlocks have occurred between the government and the opposition. Experience has shown that there are only two methods of providing a solution; one is the use of brute force, and the other is an appeal to the people.

Happy is the young man who loses the first time he gambles.

GLOOMY PREDICTION OF AMERICAN FUTURE

Famous French Seeress Who Foretold the Present Disastrous Floods.

Paris, March 31.—Declaration that the Omaha tornado and the death dealing floods in Ohio and Indiana are but a forerunner of the disasters to befall America in 1913 was voiced here today by Madame de Thebes, the famous Parisian seeress, who predicted at the beginning of the year the present disasters in the United States.

"Let those in America," said Mme. de Thebes, "who survive the present disaster protect themselves against further cyclones and inundations, for I cannot see any calm returning to America before April 24."

"The finger of God is at work in America. This coming September is to be the most dangerous month for that country. Terrible fire, wind and water will assail her and a large portion of her territory will slip into the sea within the next few generations. In September most of the horrors will develop from winds."

FOOTBALL GAMES IN OLD COUNTRY

Glasgow, March 31.—In the semi-finals of the Scottish cup Falkirk beat Hearts of Midlothian by one goal to nil at Ibrox Park, Glasgow. The game between Clyde and Raith Rovers at Tynecastle ended in a draw, one all.

Scottish games results: Morton 1, Dundee 1; Partick Thistle 1, Hibernians 2; Hamilton Academicals 2, Queens Park 1.

London, March 29.—The semi-finals of the English Football Association cup were played today, the games showing much interest by huge crowds. Special trains were used to carry supporters. Only one decision was reached, Aston Villa beating Oldham Athletics by the only goal scored, while the game between Sunderland and Burnley unexpectedly ended in a scoreless draw.

The funeral of the late Mrs. John Dolan, who died at the general hospital at an early hour yesterday, will take place from the Roman Catholic Church tomorrow morning at 9 o'clock. Interment will take place at Fairview cemetery.

ONLY THREE DAYS MORE, AFTER TODAY, IN WHICH TO REGISTER. LIBERALS, STEP LIVELY.

PASSENGER TRAFFIC RAPIDLY INCREASING

Two Big Steamers in Port Last Night With Many Passengers

The two big steamers, City of Seattle and City of Spokane, belonging to the Pacific Coast Steamship Company, practically crossed here last night on their north and southbound trips respectively.

The City of Spokane going south arrived in port about seven o'clock with a comparatively light passenger list. Among those taking passage for the south from here were the following: C. H. Purkis and wife, L. E. Sekor, wife and three children, Harry Johnson, J. H. Benson, J. Halliday and A. E. Holden. Mr. Halliday is en route to Australia.

The City of Seattle, with about 250 passengers bound for Alaskan ports, arrived at 9.30. The following additional passengers were taken on here: P. McCullough, Frank Kitch, Wm. Sells, A. McVior, Alex. Young, J. Daigle, C. A. White, J. H. McLean, John Edwards, G. Grassett, J. J. Chisholm and Miss Mabel Moore.

LAURIER'S NAVY PLAN SAFER FOR ENGLAND

Canada Should Follow Example of Australia and Develop Navy of Her Own.

Laurier's instead of Borden's plan may be safer for England, says the London Daily News, for an independent Canadian fleet will be able to assist the mother country without interfering with the building of her navy in proportion to that of Germany.

The German authorities, precisely because they announce their fleet as intended for defence, could not count the local navies of the dominions under local control as additions to the British navy or in any way increasing the potential danger to German security. German naval apprehensions must be wholly European, and the dominion navies are wholly extra-European. It follows, therefore, that Canada would be doing the best for herself and for this country and for the peace of the world if, instead of presenting three battlehips to the British navy, she followed the example of Australia and developed a local navy of her own.

KID OLMEN HEARD FROM

Wishes to Box Billy Weeks or Mortimer with Ben Self to Referee.

"Kid" Olmen has been heard from. He writes from Courtney, B. C., that since his fight here with Mortimer last November he has been east and done some boxing. He had one which went thirty-six rounds in Omaha and two goes in Oskas, Wis., all of which he pulled off successfully. He hopes to land a fight at Courtney, but also hopes to get one at Prince Rupert. He would take on Billy Weeks or Mortimer at 153 lbs. with a \$500 side bet and Ben Self to referee. He asks to be remembered to Billy Wright, Ole Anderson and Hank.

Calgary Hotel License Suspended.

Calgary, March 31.—The liquor license of the King George Hotel, Calgary's largest house, was today suspended by provincial government license inspectors. Violating closing hours is assigned action. The hotel is said to have cleared \$75,000 last year.

Knocked Out Kookey.

Tacoma, Wash., March 31.—Ed. Hagen, the Seattle policeman, knocked out Frank Kookey of Olympia here tonight in the first round of their scheduled four round bout. Hagen rushed the younger boxer and swept him from his feet in the first two minutes of boxing.

Alleged Dynamiter Arrested.

News has been received through late arrivals from Dawson that a man by the name of Neilson was arrested last Friday charged with having dynamited the Yukon Gold dredge on February 22nd. No particulars have been received of the arrest further than that the party was apprehended by ex-Sergeant Gillis, who left the police force only a few weeks ago.—Whitehorse Star.

Ladies' house dresses, \$1.50 and upward; in very pretty designs; just received at Wallace's. 7714

Red-Blooded Manhood

Through History's early records right down to the present day, sterling manhood has commanded first attention from the fair sex. Every woman admires the man whose physical bearing stamps him a disciple of ancient Hercules—and a man of feel proud of a rugged constitution—imbued with the experience of portly vigor in every fibre of his body. Listen! DR. METZGER'S BODY BATTERY has put scores of men in this enviable position—endowed them with vim and vigor, will do the same for you. It is 100 per cent easier to wear than other apparently similar devices—400 per cent more efficiency—contains electric batteries and unnecessary frills to pay for. Lenses exercise with its use. Its stimulating, energizing influences cure varicose and kindred ailments. Write for full particulars at once!
