PRICE FIVE CENTS

FOREST FIRES ARE RAGING SOUTH OF MOOSEJAW

BRITISH HOUSE OF COMMONS PASSES THE BILL DEALING WITH MILITANT SUFFRAGETTES

WHAT CONTRACTORS SHALL PAY LABOR DEBATED IN COUNCIL

MOTION THAT ALL CITY CONTRACTS SHOULD INSIST UPON FORTY-FIVE CENTS FOR AN EIGHT HOUR DAY IS DEFEATED.

When the money bylaws came up for final passage before the council last night Ald. Maitland moved that a clause should be inserted in each one binding the contractors to pay not less than 45 cents an hour for an eight hour day. Everyone knew that the cost of living was higher here than in any city of British Columbia. In Vancouver, the city council had fixed the rate for an eight hour day and he thought the council here should put in its contracts some scale of wages the contractors should pay. As far as the contract for Section Two planning was concerned, they were just about the same as the work could be carried out for day labor at 45c an hour, but would the contractors pay that? In the Market Place contract the work was undertaken for some- what lower and he knew that here the wages would be cut. The ex- cavation contracts were some- what higher than day labor would cost. If they wished to build up a city they should offer the in- crement of good pay for good workmen to come here, otherwise there would be none coming in here to make good and permanent citizens. If they paid working-

men less than enough to live on they would work three months and quit.
Ald. Bullock-Webster seconded the motion.
Ald. Dybhavn said that al- though in sympathy with the mo- tion, he did not think the council should take any such method of forcing the contractors, and he could not see his way clear to supporting the motion. There could be a provision for a fair rate of wages, but he did not think the council could say exactly what rate the contractors should pay and there was nothing in the municipal clauses act permitting the council to do so.
Ald. Bullock-Webster: "But there is nothing in the act pro- viding that you should not bid the contractor to pay a certain rate of wages, and as each man in the council is willing to do his best for labor and for the work- man to have the best wages he can get, I believe the motion should pass.
The motion was lost and Ald. Bullock-Webster asked that the vote be recorded. The votes for were Kerr, Maitland and Bullock-Webster; against, Dybhavn, McK, McCaffery, Naden and Suther- land.

GREAT FOREST FIRES SOUTH OF MOOSEJAW

Homesteaders Lose Their Homes and Belongings—Famished Horses and Cattle roaming Burnt Grass.

(Special to The Daily News.)
Moose Jaw, April 22.—Reports from the south are to the effect that forest fires have been rag- ing since Saturday last, and have done considerable damage in the clearings. All over the surround- ing country for miles fences have been destroyed, bridges and cul- verts burned out, and the homes of a number of homesteaders levelled to the ground with all their barns and out-buildings.
The horses and cattle are roaming over the burning grass and famishing for want of food. There are vague rumors of the loss of human life, but these have so far not been verified.

PETITION FOR RELEASE OF STATE PRISONER

Was Ordered Into Custody of Sergeant-at-Arms of House for Refusing to Testify

(Special to The Daily News.)
Ottawa, April 22.—A petition is being circulated by the friends of James Miller, the "state prisoner," praying for his release on the ground of ill health. Miller gave evidence in regard to a cer- tain government contract which his firm secured, but to obtain which they had to pay a large sum. When asked to give the names of the grafters, he refused and was ordered into the custody of the sergeant-at-arms of the house. It is not claimed that he has been trying to make himself ill by following the course of the militant suffragettes in England when imprisoned.

SOPHIA HAS LARGE HOLE IN HER BOWS

Thirty Feet of Her Keel Gone—Will Take Three Weeks to Make Repairs

When the C.P.R. steamer Prin- cess Sophia, Capt. Campbell was hauled out on the B. C. Marine Railway slip at Victoria it was possible to ascertain, at least to a certain extent, the amount of damage which the vessel sus- tained through piling up on the rocks off Sentinel Island. As soon as the ways were made fast and the vessel's hull had dried off the surveyors commenced to examine the ship, and it is ex- pected that it will take three weeks to repair the damage.
Extensive damage has been sustained by the Skagway steam- er. About thirty feet of her keel forward was ripped off by the rocks and a new fore-foot will have to be constructed, which will involve the expenditure of much time and money. An ex- amination showed that the turn of the bow is very badly damag- ed and all the plates are split or broken in the lower part of the hull. Aft of the fore peak bulkhead the vessel is in good condition, and the bulkhead has only strained slightly. Besides the replacing of the keel and the cutwater numerous plates and frames will have to be fitted. At the present time it is impossible to state the exact amount of the damage and how long it will take to repair the vessel.

(Continued on Page 4.)

SOON BE MAIN ARTERY

Grading of Second Street is Rapidly Approaching Completion.

Good progress is being made on the grading of Second street, which will soon be the main artery to and from the G. T. P. wharf and station. Between Sec- ond and First avenues the work is completed, a coating of fine crushed rock giving the street a very neat appearance.

THE WEATHER

Barometer, 30.094; maximum, 40.0; minimum, 39.0; and precipi- tation .55.

R. S. Bell, locomotive engineer on the G. T. P., will return on the Prince George tomorrow with his wife and family.

ANXIOUS TO TACKLE THE REAL PROBLEM

Mayor Pattullo Wants an Opportunity to Go After the Money

A "News" reporter in his rounds of the City Hall this morning called on the mayor to see if there was anything new in civic affairs. Busily engaged the mayor remarked that there was nothing especially new, but said he would take advantage of the opportunity to remind the rate- payers that Thursday of this week is voting day on the money bylaws. He hoped that every ratepayer would get out and vote. "Until these bylaws are passed," he said, "nothing can be done towards financing our affairs, but as soon as the bylaws are passed we will be in a position to tackle the real problem of the year, namely, getting the mon- ey."

TO RAISE THE MONEY FOR CITY EXPENSES

Consolidation Bylaws for Is- suance of Debentures Intro- duced and Will Be Passed Wednesday Evening.

Alderman Naden, chairman of the finance committee, last night at the council meeting introduced two bylaws for the purpose of consolidating several of the mon- ey bylaws already passed and which will be voted upon by the ratepayers the coming Thursday. One of these is a total of \$71,000 and the other of \$49,000. In in- troducing them Ald. Naden stated that upon their passage and upon the money bylaws being voted the debentures these called for could be immediately be sent to the To- ledo firm of financiers, who had offered to take them.
The bylaws passed their third reading and will be finally passed at a meeting of the council to be held on Wednesday evening.

FORCEFUL FEEDING IS AT LENGTH ENDED

Bill Passes House of Commons on Plea of Urgency by Home Secretary.

(Special to The Daily News.)
London, April 22.—The bill to deal with the hunger strikes of the militant suffragettes was in- troduced in the House of Com- mons last night, and after some discussion was passed. Home Secretary McKenna appealed for urgent action, because pending the passage of the bill he felt it his duty to continue the forceful feeding. The bill provides for the temporary and conditional discharge of prisoners, whose detention is undesirable on ac- count of the condition of their health.

HOW THE GOVERNMENT IS USING ITS POWER

Favored Supporter Received a Homestead now Valued at Be- tween Three and Four Hundred Thousand

Ottawa, April 17.—The house spent all of today's sitting dis- cussing a motion of censure of Hon. Robert Rogers, former min- ister of the interior in the pres- ent government, moved by Hon. Frank Oliver, who presided over the department when the Liber- als went out of power.

The motion [related to the granting of a portion of a quar- ter section of land in Prince Al- bert to Albert Donaldson as a homestead. Donaldson is a son of S. J. Donaldson, M.P.P.
Mr. Oliver produced a tele- gram from Prince Albert to the effect that the land is worth \$374,000. The opposition did not, however, adopt these figures as the value of the property, but for the most part referred to it as being worth about \$100,000. They said that if the government had adopted the policy followed by the late government the land would have been turned over to school lands or sold by public auction.

MURPHY AND WOLGAST

Former Wins in a Hard Fought Battle Which Lasted Twenty Rounds.

(Special to The Daily News.)
San Francisco, April 22.—Har- lem Tommy Murphy won the de- cision here on Saturday over Wolgast, the former lightweight champion in twenty rounds. It was a hard fought battle up to the sixteenth round. Wolgast effected the style of the top- notchers. At the last meeting of these boys, they fought to a draw.

PRINTING OF ASSESSMENT ROLL FULLY DISCUSSED BY COUNCIL

MAJORITY DECIDED IT WOULD COST MORE THAN IT WAS WORTH AS PROPERTY OWNERS COULD CALL AT AS- SESSOR'S OFFICE FOR INFORMATION.

At the meeting of council last night Ald. Bullock-Webster asked what had been done about the printing of the building bylaws. The mayor replied that nothing had been done as it had been found that the bylaws would have to be amended.

Ald. Bullock-Webster then proposed that the assessment roll as at present prepared by the city be printed. He said the same question had come up last year and there were then as now many who desired to find out what proportion the property owners were called upon to pay, and whether it represented 100 per cent or what per cent. It was well that the property owners should be acquainted with their rights under the premises and whether they could not go to the assessor's office and look at the assessment of as many lots as they wanted to, not only to find out what they were taxed at but what others were taxed at. They should have this information be- fore the court of revision Satur- day.

Ald. Maitland seconded the motion and felt sure that the printing of the assessment roll would be a great convenience and advantage.

Ald. Dybhavn said that anyone could go to the assessor's office and get all the information he wanted, and the cost of printing the roll was therefore more than it was worth.

The mayor also thought the printing would be too costly an affair to undertake as, in any event, the court of revision was there to adjust all questions of assessment. He did not know of any other place where the roll was printed.

Ald. Bullock-Webster said there were several places where this was done. He could not re- call them for the moment, but he knew it was done in South Africa.

Ald. Kerr said the real estate men had sent in a request for typewritten copies of the roll for themselves only but that was turned down by the council. He did not think the roll should be printed unless there were suffi- cient people who would under- take to buy them at say 25c a copy. Then it possibly might be done.

The motion was lost.

GRANBY MINES ARE BEYOND THE EXPERIMENTAL STAGE

SUFFICIENT ORE HAS BEEN BLOCKED OUT TO KEEP THE SMELTER RUNNING FOR TWELVE YEARS

Notwithstanding all that has been written in the local press regarding the development at Granby Bay, where the Granby Consolidated Smelting, Mining and Power Co., Ltd., is carrying on extensive operations, no one can form any true conception of the magnitude of the work already accomplished without a personal inspection. The party of G. T. P. officials including Mr. Dalrym- ple, vice-president, Mr. Bell, asst. passenger traffic manager, Mr. Hinton, general passenger agent, Capt. C. H. Nicholson, manager of steamships, Mr. McCreger, secre- tary to the vice-president and A. E. McMaster, the local general agent, who visited Granby on Sunday were greatly impressed with all the development that has taken place. Fortunately several officials of the Granby Co. including O. B. Smith, general superintendent, G. W. Wooster, secretary-treasurer, W. A. Wil- liams, smelter superintendent and Dr. Dickson went up on the

same boat and as a result the visiting railway men were shown every courtesy and given a splen- did opportunity of seeing every department of the work.

The outstanding feature in connection with the property is the amount of actual mining that has been done. The mere fact that over three miles of tunnels have been dug into the ore body will convey the impression that the company is proceeding along perfectly safe lines. Sufficient ore has already been blocked out to keep the smelter busy for at least twelve years.

The work on the smelter is on- ly in its initial stages. The site, which commands a splendid view of the harbor, has been cleared and the foundations are now un- der construction. A narrow- gauge railroad connects the smelter with the wharf and another will connect the mine with the smelter. Over three miles of

ANOTHER FINED FOR OBSCENE LANGUAGE

Magistrate Carss Intends to Put A Stop to the Use of Ob- scene Language.

Louis Corn, the young man charged with shooting a 22 rifle in the city limits, contrary to law on Sunday afternoon, appeared before Magistrate Carss this morning and was given the option of a fine of \$10 and costs or ten days in jail.

Chas. Riddell, drunk and disor- derly, was fined \$5.00 and cost or seven days.

Alex. Riddell, charged with us- ing obscene language on the public streets, was fined \$10 and costs or ten days in jail.

NEW HAZELTON BASEBALL CLUB MEETING WITH HEARTY SUPPORT

BASKET SOCIAL TO RAISE FUNDS WAS GREAT SUCCESS. AS HIGH AS THIRTY DOLLARS FOR ONE AND AVER- AGE OF TEN DOLLARS EACH

All records in the northern in- terior were broken on Tuesday night in the way of raising mon- ey, when the ladies of the town pulled off their basket social in aid of the New Hazelton baseball club. To say that it was a suc- cess is putting it mild indeed. From a social standpoint it was all that could be desired. There was a good attendance and even though the fair sex is in the min- ority throughout the district the number that took baskets to the social was a pleasant surprise. As a result of the evening the baseball boys received \$231.50.

The only source of revenue was from the sale of baskets, but the baskets were extra fancy, the cause was extra special and the boys dug deep into their jeans. From an artistic standpoint all were agreed that a finer display of baskets and boxes they had never seen. Some of the de- signs were novel and beautiful, and all were pretty.

Auctioneer W. J. McKenzie was a huge success. He opened

the sale with a large basket that was bid in at 5.00 flat. That was the only one that got away for the price. Once the boys warmed up to the spirit of the game the bidding was brisk and frequent- ly furious. From five dollars the prices jumped up as high as \$30.00 for a basket, while \$19 or \$20 was not an uncommon price. The average price brought was over \$10 for the 21 baskets.

As soon as the sale was over the happy gathering sought out their partners and the good things of the dainty bundles were displayed and devoured and the boys say they never had a better feed.

The first part of the evening was spent in games and after re- freshments Mrs. McLean and Mrs. Warner sang a duet. A vote of thanks was tendered the lad- ies and the boys greeted it with three hearty cheers and a couple of tigers. They all felt particu- larly joyful as the proceeds gives them a handsome start for the ball season.

ST. GEORGE'S BANQUET

Good Program of Songs and Speeches Has Been Ar- ranged.

Preparations are now practi- cally complete for the first annual banquet under the auspices of the local order of the Sons of England, in commemoration of St. George's Day. The affair will be held at the Central Hotel to- morrow evening at 8:30. An ex- cellent program of songs and speeches has been arranged. Among others who will speak are Mayor Pattullo, Wm. Manson, M. P.P., Capt. Stork, S. M. Newton, F. A. Ellis and J. H. Hilditch. Those who have not procured tickets can get them at the Arctic Studio.

Prepare for a rainy day. Ladies' and children's rain coats and new shipment of umbrellas. Wal- lace's. 94tf

FRED COOK IS NOT COMING TO THIS CITY

Famous Journalist Has Declined the Appointment as Secretary of Indian Commission

(Special to The Daily News.)
Ottawa, April 22.—General sat- isfaction was expressed here at the appointment of Fred Cook, as secretary of the Indian Lands Commission, which was to in- vestigate into the status of the Indian reserves of British Co- lumbia. Mr. Cook was twice mayor of Ottawa, for many years was the Canadian correspondent of the London Times and the dean of the press gallery at Ot- tawa. But this satisfaction is short lived, for yesterday Mr. Cook declined the appointment on the ground of the ill-health of his wife.

CANADA IS RESPONSIBLE FOR PACIFIC PROTECTION

The contention of Borden and his party for a free gift of thirty-five millions to relieve the British taxpayers has taken no account of a veritable danger zone that exists in Canada. Her own unguarded shores should be the Dominion's first and greatest responsibility.

The problem of the protection of the Pacific is the supreme problem not only for the British Empire alone, but for those ideals of life and that type of civilization we call Anglo-Saxon.

Writing upon this question in the Nineteenth Century Dr. F. B. Vrooman raises some profound questions and argues to definite and pertinent conclusions touching the whole problem. He says in part: "We are entering a life and death struggle upon the Pacific ocean, the white against the yellow races."

pouring so many millions into the North Sea. The plan of a Canadian navy in the Atlantic Ocean will place our defences where they are not needed and probably will never be used, and that on the wrong basis.

BRITAIN LOOKING ON WITH DEEP SADNESS

The London newspapers are just now handling the Canadian naval situation with caution and reserve, but there is a tone of sadness that such a condition of affairs should exist and that Great Britain is a pivotal point.

JAPANESE QUESTION BECOMES EXCITING IN UNITED STATES

PRESIDENT HOLDS THAT CALIFORNIA HAS RIGHT TO PASS BILL PROVIDING THAT NO JAPANESE CAN HOLD TITLE TO LANDS OF STATE

Washington, April 19—Frank declaration that the California anti-alien land bill is aimed directly at the Japanese, despite attempts to conceal its real purpose, was voiced here today to government officials by the Japanese ambassador in renewing his protest to the California legislation.

President Wilson does not believe he can prevent the passage of the bill. The President and Secretary of State Bryan conferred again this morning over the measure and decided to watch closely the situation, and if necessary, to send a representative to the state department to Sacramento to get first hand information.

President Wilson holds that a state's right to enact legislation is paramount, and it is not believed he will interfere. It is understood that Japan already is planning to boycott American goods.

The effort of the California legislature to avoid nominal discrimination between Japan and other nations in the anti-alien bill, which late yesterday was passed in the assembly by a vote of 58 to 15, has led to a situation today where the most determined opposition against its passage in the senate is coming from those within the state, dependent upon European capital, rather than from the Nipponese government.

When a man begins to shout his virtues from the housetop his neighbors proceed to sit up and take unfavorable notice.

THAT GERMAN PARTY NOW TOURING CANADA

Scheduled to Reach Victoria in September—Will Be Invited to Visit Prince Rupert.

From a statement made by the president of the Canadian Press Association, the party of German manufacturers whose tour through the Dominion was referred to at the last meeting of the board of trade are scheduled to arrive at Victoria early in September, but it might be well to catch them with an invitation to Prince Rupert before their itinerary is fully arranged.

The party embraces 135 German manufacturers and journalists. Most of the business men are presidents of boards of trade in various towns in Germany, and they are coming to study the potentialities of a more thoroughly exploited Canadian market.

In Germany when the vote of the jury stands six against six a prisoner is acquitted. A vote of seven against five leaves the decision to the court, and in a vote of eight against four the prisoner is convicted.

GRANBY MINES BEYOND THE EXPERIMENTAL STAGE

(Continued from Page 1.)

This narrow-gauge track has already been constructed and as the most of it is for the purpose of climbing the mountain side many difficulties have been encountered. One trestle now under construction is over one hundred feet high.

The ore is a low grade copper ore, but the immense quantity makes the mine an extremely valuable one.

One feature that was especially striking was the splendid conditions and surroundings provided for the workmen. At the mine boarding house a large number of shower baths are provided. Each man is provided with a locker in which he puts his regular clothes while on shift.

There is no excuse for the men not keeping themselves clean and there is little doubt but that the cost of providing the baths is paid back to the company many times over in better work from the men. The sleeping quarters are bright and airy. That there is perfect satisfaction among the men in regard to conditions was evident from their appearance and general bearing.

When the smelter is completed and operations are running it will support a population of 2,500 or 3,000. At the present time more than 500 men are employed.

The residents of Granby should consider themselves extremely fortunate in having such a splendid and regular freight and passenger service as is supplied by the G. T. P. People having business to Granby are provided with travelling accommodation seldom seen in pioneer communities.

The G. T. P. officials were greatly pleased with their visit to the smelter city. They realized that its future success is beyond all doubt and look upon it as an sure adjunct to Prince Rupert.

Trains Stop at Port Edward

Starting tomorrow the regular passenger trains will stop at Port Edward going in either direction to let off passengers and will stop on signal to take on passengers. The single fare from Prince Rupert to Port Edward is 40c and the return fare 70c.

Judge Young is today presiding over the case of Isaac MacKenin, charged with the theft of watches and money. The trial opened at eleven o'clock and was still in progress at time of going to press.

The Princess May arrived from the south at 12:30 today, en route to Skagway.

FLEW OVER SAHARA

Biskra, Algeria, April 18—Four military aeroplanes piloted by lieutenants of the French army arrived here today after a 500-mile trip over the Sahara desert.

A man at Budapest, who made a wager that he would climb a church steeple 100 feet high, accomplished the feat, but is now being prosecuted for attempted suicide.

TWO CONTRACTS AWARDED

The council last night awarded the contract for the grading of the city lot on Fulton street to S. P. McMorde, for \$2,125, and the one for clearing the Market Place site, \$30,273.10 to Muse & Co.

THE TELEGRAPH POLES HUNG WITH CORPSES

Rebel and Federal Troops are Alike Guilty of Massacre in District of Northern Mexico

El Paso, April 18.—Bodies hang from nearly every telegraph pole along fifty miles of the Mexican Central railway below Chihuahau city, report refugees arriving here tonight. Both the Federals and Insurgent state troops are said to have participated in the execution of prisoners that prefaced this public display of cadavers.

In a quarrel over the disposition of silver bullion stolen from a train last week Juan Dobal, a former Orozco chief, was executed by order of Pancho Villa, whose men held up the train west of Chihuahau city. Dozal joined Villa in an expedition against the Federals.

From the Casas Grandes district come reports of mutinies against the Huerta government. Francisco Portillo and Meximo Castillo, with small groups of men, have deserted the Insurgents. So far as is known General Inez Salazar is keeping his agreement with General Huerta. All Federal regulars have been removed from the district, where extensive American lumbering interests are located.

A BANK OF ENGLAND OFFICIAL ABSCOND

Sensation Caused in Financial Circles by His Disappearance and the Loss of Securities

London, April 19.—A Bank of England sensation is one topic in financial circles just now.

No details of the affair have been made public from official sources, but it is understood the investigations following the disappearance of a responsible official of the bank, showed that securities valued at several thousand pounds were missing.

In the absence of any authoritative statement with regard to the description of the missing securities, an advertisement, published last week concerning the bonds, attracted a good deal of notice. This advertisement did not mention the Bank of England.

PALACE DAMAGED

Even so Historic and Venerated a Pile as Holyrood Not Sacred to Militants

London, April 18—In the House of Commons last night W. H. Benn, a Liberal whip, and formerly private secretary to Reginald McKenna, home secretary, announced that Holyrood Palace, the famous royal palace in Edinburgh, has been closed because of damage done by suffragettes. He added that foreign visitors would be admitted to the palace under certain restrictions.
