### JAPANESE MATTER MAKING NO PROGRESS—SENATE STILL DEBATING THE NAVAL BILL

#### PROGRESS OF TRACK LAYING IS REPORTED TO PARLIAMENT

MINISTER OF RAILWAYS SAYS LINE FROM PRINCE RUPERT TO QUEBEC WILL BE COMPLETED NEXT YEAR—PRACTICALLY LEVEL BOTH WAYS.

(Special to The Daily News.)  
Ottawa, May 29.—The house committee after luncheon yesterday took up the vote of nine million for the national transcontinental at the request of Hon. G. P. Graham. The minister of railways made a statement of the progress made on the railway, stating that the only section of the line on which track had not been laid was from Winnipeg to Moncton, part of the district of C. D., and sixty miles on the line between Cochrane and Quebec. In New Brunswick grading and track laying was completed and the bridges were 98 per cent. completed. In the first 502 miles of Quebec district B the grading was completed for 109 miles and track laying for

#### NOW TALK OF ELECTION EARLY IN SEPTEMBER

Senator Bostock Yesterday Continued Debate on the Naval Bill in the Senate

(Special to The Daily News.)  
Ottawa, May 29.—The debate on the naval bill was continued in the Senate yesterday afternoon, Senator Bostock speaking. Just what action the government is going to take in the matter is not known, but it is believed in some circles that it will be forced to go to the country and that the election will take place early in December.

London, May 29.—The Pall Mall Gazette considers that the Canadian naval bill is doomed by the action of the Senate. It believes the Empire will suffer a decided moral loss through its failure.

#### COURT OF REVISION HAD BUSY MORNING

Important Reductions on Eighth St. and First, Second and Third Ave. Corners.

The second session of the court of revision was held this morning, Acting Mayor Naden presiding. The appeals heard were confined entirely to Section One, from which there are approximately forty. The most important reductions made this morning were the east corners of the intersection of Eighth street with First, Second and Third avenues. As far as possible the court has made the readjustments on the basis of a double corner one-third more than two inside lots or a single corner 50 per cent. more than one inside lot. It is generally admitted that there has been gross inequality in the assessment of a large number of corners in Section One. It is possible that a few of the appeals will be taken to the county court. The court adjourned about noon to sit again at 10 o'clock tomorrow.

#### THEY ASK MORE PAY

Increase in Sessional Indemnity Looked Upon Favorably.

(Special to The Daily News.)  
Ottawa, May 29.—There was a strong plea made to increase the sessional indemnity in the house of commons this morning. The proposition was greeted with considerable favor by the members, who believe this request may be granted.

#### PROTESTS ARE NEEDED

U. S. Withdraws Discriminatory Tariff Favoring American Vessels.

(Special to The Daily News.)  
Washington, D. C., May 29.—Owing to the strong protests made by Germany, France and Great Britain to a clause in the Underwood tariff bill granting a 5 per cent. tariff discount on imports in American owned or American controlled vessels, it has been decided that that clause shall be eliminated.

#### KILLING AT HAINES

Rodgers Walked from Porcupine to Haines to Give Himself Up

Skagway, May 26.—W. R. Rodgers shot and killed N. W. Wixon, at the Porcupine Mining Company's claims, forty-five miles from Haines, last Thursday, then walked to Haines and surrendered. The motive and details of the tragedy are not known.

#### FISHERMEN ON STRIKE FOR HIGHER PRICES

Three Companies in the Salmon Packing Trade Are Affected—Difficulties to be Settled

The W. R. Lord, of the Canadian Fish & Cold Storage Company's fleet, which arrived in port last night from the fishing banks off Graham Island, brought word that a strike among the fishermen had been declared some two or three days since. Three companies, the Wallace Fisheries, the B. C. Fisheries and the Canadian Fish & Cold Storage Company, are affected. The difficulty between the men and the companies is a matter of price, a demand being made for an increase of the present price of 3 1/2 cents per pound. As far as can be learned, the men have not agreed upon a uniform scale. Altogether about three hundred fishermen have struck.

Interviewed by the "Daily News," Mr. Lord, who has charge of the salmon fisheries for the Canadian Fish & Cold Storage Company, stated that in his opinion matters would be satisfactorily arranged in a very short time. "In fact," he said, "I should not be surprised if the James Carruthers, which is expected today from the fishing banks, should bring word that the men have gone back to work." When the W. R. Lord arrived last night she had 31,000 pounds of halibut and 50 salmon.

#### TAKEN SUDDENLY ILL

Don Peck of Georgetown Was Admitted to Hospital Yesterday.

Don Peck, son of Hal Peck of Georgetown, was taken to the hospital about noon yesterday suffering apparently from appendicitis. Early yesterday morning he came to the city on a launch with his father on business. About 11 o'clock he was suddenly afflicted with cramps and it was feared that an operation might be necessary. Reports from the attending physician this morning state that the patient has shown marked improvement and is likely to be out of the hospital in a very few days.

#### EXTREMELY TEMPERATE

Newspapermen Testify in Favor of Former President's Sobriety.

(Special to The Daily News.)  
Marquette, Mich., May 29.—Several men closely associated with Colonel Roosevelt and some of the newspapermen who accompanied him during his political campaigns testified in the libel suit yesterday that the former president was not a drunkard but was notably extremely temperate in his use of intoxicants.

#### THAT PEACE TREATY IS SIGNED AT LAST

Generally Believed Serbia and Greece Signed Under Compulsion to Avoid Quarrel.

(Special to The Daily News.)  
London, May 29.—The peace treaty has been signed at last, but it is generally believed that the Servian and Greek delegations only signed it under compulsion. The only hope at present to prevent the development of a serious quarrel between the allies is an arrangement whereby the Servian and Bulgarian premiers will meet on the frontier on Saturday to confer over the situation.

#### SIR JOHN LUBBOCK GONE TO HIS REST

Famous Scientist, Entomologist and Financier, Later Known as Lord Avesbury, Dead

(Special to The Daily News.)  
London, May 29.—The Rt. Hon. Lord Avesbury, famous scientist and financier, died yesterday at the age of seventy-nine. In history he will be better known as Sir John Lubbock and as an entomologist of the first rank. Many scientists have made pilgrimages to his country home, near Maidstone, Kent, where his studies of insects, particularly ants, were demonstrated. He wrote several entertaining books upon the habits of this insect that proved popular. His writings, in fact, cover a considerable field and are marked by a keen observation of natural phenomena and animal and vegetable life, and his style is at once sympathetic and lucid.

As a member of parliament he was identified with several legislative measures of a popular character, among which he had the credit of securing the statutory observance of bank holidays. As a financier he was almost equally prominent, the great banking house of Lubbock & Co. being one of the institutions of England.

#### TWO MORE JUDGES

For Court of Appeal and Supreme Court of This Province.

(Special to The Daily News.)  
Ottawa, May 29.—British Columbia is to get two more judges, an additional one for the court of appeal and an additional puisne judge for the supreme court.

#### ANOTHER LIBEL SUIT

Vancouver, May 26.—Mr. J. P. McConnell is to issue a writ for slander against Mr. J. B. Williamson, secretary of the British Columbia Conservative Association, according to a report in a morning paper. The alleged slander is said to consist of an alleged statement made by Mr. Williamson at a meeting of Conservatives in Orange Hall on Friday evening to the effect that he would not believe Mr. McConnell on oath.

#### ANOTHER BIG FIRST ORDER LIGHT FOR THESE WATERS

DOMINION GOVERNMENT HAS ORDERED ONE FOR CAPE ST. JAMES, TO MARK SOUTHERN ENTRANCE TO HECATE STRAIT

The dominion government has decided to establish a big first-order light at Cape St. James, following an examination which has proven that it is the only logical point to mark the southern entrance to Hecate Strait. Deep sea liners going through to Prince Rupert will proceed by the outside passage and after losing sight of the big light on Triangle Island, the next star in the aid to navigation firmament to be picked up will be Cape St. James.

Within a few years it is forecasted that almost as many of the vessels will be using the outside passage as ply up and down the inside waterway. As a result the government has decided to have the coast well lighted so that navigation may be rendered far less difficult and the danger of accidents reduced to a minimum. The lights on the outside passage will not be so numerous as those in operation on the inside route, owing to there being much more water and far fewer treacherous rocks. Next year it is expected that work will be started on the new Bonilla Island lighthouse, which will also be one of the guiding lights in Hecate Strait. The lighthouse tenders will have an exceptionally busy year keeping pace with the enormous amount of work which is to be undertaken. The new steamer Estevan will be of great assistance and will relieve the pressure greatly. Read Jabour Bros.' advertisement, page 2. tf

#### POURPARLERS NOT SUCCESSFUL IN THE CALIFORNIA QUESTION

LONDON JOURNAL ADVISES JAPAN TO TREAT IT PURELY AS A BUSINESS MATTER AND CUT OUT SENTIMENT

(Special to The Daily News.)  
Tokio, May 29.—The Japanese foreign office this morning gave out a statement that the efforts of the foreign office in regard to the California question had not been as successful as might be wished, but that negotiations with the United States were still proceeding.

#### EARL GREY RIFLES UNDERGO STRICT OFFICIAL INSPECTION

COLONEL ROY COMPLIMENTS BOTH OFFICERS AND MEN ON THE MILITARY EFFICIENCY SHOWN CONSIDERING THE MANY DIFFICULTIES.

Notwithstanding the difficulties of getting out all the men of the Earl Grey Rifles at every drill and thus ensuring their military efficiency, Captain Fred Stork won some well deserved compliments from Colonel Roy, the officer commanding this military district, at the official inspection last night. The company paraded at 8:30 and were kept busy at their drills for the next hour. After this Colonel Roy addressed them, complimenting them upon

### That Feverish Hunt for Gold

During the brief stay here of Cy Warman, the much-travelled magazine writer, who leaves tomorrow morning, a request was made by the editor of the News that he would leave some little souvenir of his visit. While smoking an after dinner cigar at the Prince Rupert Club last evening he graciously complied with the request and produced one of those dainty bits of poetry for which he has made himself famous wherever the English tongue is read. It was written specially for the Daily News and will undoubtedly be much enjoyed.

AT THE RAINBOW'S TIP.

Under the arch of the curving sky  
The silent Siwash sits alone,  
Close by the trail of the Pes-la-ki,  
Hearing the low winds wail and moan;  
Wagging his head and wondering why  
The white man comes in a steaming ship  
To search for gold at the rainbow's tip.

For what is gold but a yellow stone,  
A part of this worthless waste of hills?  
The Siwash questions. The sad winds moan  
But make no answer. A robin trills;  
The long night curtains the Klondike sky,  
And still they come—ship after ship—  
To search for gold at the rainbow's tip.

THE MAN WHO NEVER
TOOK A HIGHBALL.

It would be interesting to
know how William Jennings
Bryan felt when he read yes-
terday that ex-President Roose-
velt had stated under oath, in
the trial of his libel suit against
an editor: "I have never
drank a highball or a cocktail.
I do not smoke, but I drink
beer and take strong liquors
only as medicine." It must be
a shock to Mr. Bryan. For the
civilized world received a dis-
tinct shock when it learned that
Secretary of State William
Jennings Bryan had substituted
innocuous grape juice cock-
tails for hard stuff at a state
dinner, a shock which was
probably felt even more deeply
by the guests than by unsympa-
thetic foreign critics, whose
interest in the matter was
merely vicarious. But if the
exhibition given by Mr. Bryan
of his stern anti-alcoholic
views furnished the text for
editorial comment from San
Francisco to St. Petersburg and
back again, how much more
will pens scribble and tongues
wag over the charge of drunk-
enness brought against ex-
President Roosevelt by the
editor of a Michigan publication?
It is true that Col. Roosevelt

was never accused of inviting
thirsty guests to cool their
parched throats with grape
juice and water, but while he
has had a long list of crimes
attributed to him in the course
of his long and strenuous
career, no one has ever hinted
that excessive drinking was
one of his failings until the
Michigan man revealed the
dark secret. Living at Isphe-
ming, the town where his paper
is published, this gentleman
must have exceptional oppor-
tunities of observing the
colonel's habits. That is prob-
ably the reason why he has
discovered a fact which ap-
pears to have entirely escaped
the political opponents of the
ex-president who have been in
closest contact with him dur-
ing his political career.

Col. Roosevelt brought an
action for libel against the
Michigan editor and is now in
Michigan prosecuting the case.
No one doubts that he will be
able to clear his reputation
from an imputation so absurd,
and respectable Americans of
all parties will only regret that
the nature of the libel does
not allow him to place the
slanderer where for some time
at least he would be unable to
indulge in his muckraking
proclivities.

GENERAL STRIKE IN ENGLAND
MAY CLOSE ALL THE SHIPYARDS

SITUATION REGARDED AS CRITICAL IN THE EXTREME—A
VAST AMOUNT OF ORDERS FOR WARSHIPS AND
COMMERCIAL VESSELS

London, May 26—A general
strike in the shipbuilding in-
dustry is threatened within the
next few weeks the present sit-
uation being regarded as critical
in the extreme. The possibility
of a general cessation of work
has been realized for several
months but during the last week
or two the men have shown that
they are more determined than
the great majority of the employ-
ers imagine.

The various trades directly
concerned in the strike are of
eleven societies, all signatories
of the national shipbuilding
agreements, and the Boilermak-
ers' Society. Should a strike be
declared the shipyards of course
would be closed, and many other
trades affected. On Tuesday the
boilermakers will meet the Em-
ployers' Federation at Carlisle to
discuss the situation. The men
ask for an increase of 2 1/2 per
cent., and have already voted for
a strike if the demands are not
complied with.

Since 1911 when the rush of
orders set in there have been
three increases of five per cent.
each, and recently all the ship-
yard unions put forward a de-
mand for another increase.

It is regarded as almost cer-

tain there will be a considerable
aggregate majority in favor of a
strike. A shipbuilding strike
under the trade conditions now
prevailing would be a national
calamity of the gravest charac-
ter. The mercantile shipping
now under construction is more
than two million tons, and in the
private and government yards
there are warships for many for-
eign countries, representing an
additional tonnage of approxi-
mately 560,000. These high fig-
ures are without precedent in
this or any other country.

APPEALS FROM CANADA

Fifteen to be heard by the Privy
Council in June and July

London, May 26—Fifteen ap-
peals from Canada will be heard
by the Privy Council in June and
July. The Canadian Pacific
Railway is a party in three ap-
peals. The lawyers here say that
the existing machinery of the
council is being strained to the
utmost and fresh judicial
strength ought to be obtained
without delay.

Extract equity from justice
and it leaves injustice.

OBSTACLES IN WAY OF
ARMING MERCHANTMEN

Port Authorities Refuse to Allow
Vessels to Dock Having
Explosives Aboard

London, May 24—Among the
various obstacles which the Brit-
ish naval authorities are dis-
covering in the general arma-
ment of merchant steamers, one
of the greatest is said to be the
port regulations. As a rule port
authorities prohibit vessels from
lying alongside wharves or dock-
ing with explosives on board
and it appears that before Brit-
ish armed vessels could violate
these rules, the permission of a
great many authorities of several
nationalities would have to be
obtained. The Port of London
has particularly stringent regu-
lations in this respect, for ves-
sels have to discharge even rock-
ets and blue lights before dock-
ing.

How exacting are some of the
requirements is shown by the
case of the Auckland Harbor
Board. There is trade between
Great Britain and Auckland in
explosives and at one time ves-
sels discharged powder for Auck-
land at a point some distance
from the town. But it was de-
cided that the distance was not
great enough and now vessels
have to discharge their explo-
sives at a little island off the
coast. Should they have explo-
sives for other New Zealand
ports, they have to return to this
island to reshelve the consign-
ment. The discharging and the
reloading of the ammunition at
a large number of ports would
involve, to put it mildly, serious
problems.

WELSH WON ON POINTS

English Champion Almost Put Scaler Away in Fifteenth

Edmonton, May 26.—"Freddie" Welsh, English champion lightweight, won a popular decision by a large margin Saturday night over Kid Scaler in a 15-round bout. Till the fourteenth round the boys were strong, but in this period Welsh scored his first knockdown, and in the fifteenth had Scaler going when the gong saved him. A few seconds more would have given the English champion a knockout.

### "A Baby in the House."

Last Monday, in the early morning, Howard Fairburn gave his neighbors the benefit of a splendid elocutionary exercise, with all the modern tone and gesture, says the Queen Charlotte News. "Hush! be still as any mouse; there's a baby in the house" (and here he gave a double trill) "just what we wanted, a little girl." The neighbors who had the pleasure of listening to friend Fairburn, cheered most lustily, but he failed to respond to the hearty encore. A babe in the house is a wellspring of pleasure. Most truthfully has the poet said: "They are idols of hearts and of households; They are angels of God in disguise."

## FINAL PERFORMANCE AT WESTHOLME TONIGHT

Bostonians Will Present "Berta's Billions" as Their Farewell.

The Juvenile Bostonians scored another success last night in a very funny comedy entitled "The Daughter of the Regiment." Throughout their entire engagement the company has demonstrated its ability to handle a varied repertoire and there have been no disappointed audiences. The farewell bill for tonight is "Berta's Billions," which is sure to draw a crowded house.

At last night's performance two of the favorites were presented with beautiful bouquets. There will likely be more presentations tonight. The Bostonians will leave on the steamer City of Seattle about midnight for Ketchikan.

## DAUGHTER OF KAISER WEDS ENGLISH PRINCE

Romance Has Had Effect of Establishing More Friendly Relations of Two Countries.

Berlin, May 26.—Princess Victoria Luise of Prussia, only daughter of the German Emperor, was married to Prince Ernest August of Cumberland, with the rites of the Lutheran Church at 5 o'clock Saturday evening.

The ceremony, which took place in the royal chapel of the imperial castle, seals the reconciliation between the dethroned House of Hanover and the House of Hohenzollern.

The civil ceremony was performed half an hour earlier in the great electors' hall, a small room in the most ancient part of the castle. It was attended by only the immediate families of the bride and bridegroom.

A state banquet was given at the castle in the evening. The bridal couple left immediately afterward for the Emperor's hunting seat at Hubertusstock, north of Berlin, where they will pass the first week of their honeymoon, then going for a fortnight to the Duke of Cumberland's hunting castle near Gmuenden.

### A Record to Laziness

The laziest man is reported in Arkansas, where he conducted a shoe store in a little town. A woman entered his store one day and said she wanted to buy a pair of boots. The lazy man, who was sitting on a box at one end of his establishment, looked at her, yawned wearily, and then said: "I can't wait on you today. Come in some time when I'm standing up."—Denver Times.

## SATURDAY LUNCHEON HAS BEEN CANCELLED

Canadian Club Members Deprived of Privilege of Hearing Cy Warman.

The announcement was made in yesterday's "News" that Cy Warman was to be the guest of honor at a luncheon to be tendered him on Saturday by the Canadian Club of this city. Late last night Mr. Warman was advised by Mr. Collins, of the Canadian Fish & Cold Storage Co., that on account of a strike among the fishermen it would be useless to visit the fishing banks, which Mr. Warman had planned to do as the guest of the Canadian Fish & Cold Storage Co. Under these circumstances Mr. Warman felt that he could not remain in the city until Monday and decided to leave for the south on the Prince George tomorrow morning. Mr. Schaefer, who was also to have been a guest at the luncheon on Saturday, will accompany Mr. Warman south tomorrow. The luncheon arranged for Saturday has, in consequence, been cancelled and the members of the Canadian Club are deprived of the opportunity of hearing one of Canada's most talented writers and talkers.

## NATURAL BEAUTIES OF NEW HONNA TRAIL

Rambles Through Sylvan Glades Glorious With Flowers and the Budding Blossoms of Wild Fruits

Several Queen Charlotte residents availed themselves, during the last few days, to make a trip over the trail running to the Honna river. This excellently constructed pathway takes one through a stretch of country, the natural beauties of which are to be compared only to the world-famed Stanley Park, Vancouver.

Open timber, with here and there a stretch of greensward, the district offers alluring inducements to the tourists who care for and appreciate the benefits to be derived from daily rambles in its sylvan glades.

Here one may gather the ice-cold lady slipp e-rand dog tooth violets abound, while festooned over log and hillock blackberry and strawberry vines blossom. This highway is but one of the many of which Graham Island will be interlaced, and joins that completed last year from the Honna to Yokoun Lake.

## EARL GREYS UNDERGO OFFICIAL INSPECTION

(Continued from Page 1.)

their excellent work and congratulating in high terms their captain upon the admirable results attained.

In the course of his address Colonel Roy said he recognized the company had many difficulties to contend with, removed as they were from the stimulating effects of other corps within easy reach. That this and other difficulties would be overcome in a short time he fully realized. With the drill hall they would have four companies instead of one, which would give a decided impetus to the service. He personally complimented both Captain Stork and Lieutenant McMordeie, said the non-commissioned officers showed a deep interest in discipline and the members of the company generally were intelligent and quick in their work. He also complimented the bugle band and the way they had been trained by Sergeant Swift.

This afternoon Colonel Roy and Miss Roy were taken on a trip around the harbor in the government boat Evelyn, after the colonel had made an inspection of the arms and clothing of the company and found them in a most satisfactory condition. This evening they are to be entertained with a dinner party at the Inn, to be followed by a theatre party.

### Port Essington Drowning.

No further particulars are at hand in regard to the drowning of a Japanese woman at Port Essington, and it is still thought to be a case of suicide. An inquest has been ordered.

## WONDERFUL RECORD IN RING OF PUGILIST KILLED AT CALGARY

(Continued from Page 4.)

Sept. 14—Jim Barry, no decision, Pittsburg, six rounds.  
 Sept. 28—J. McFarland, knock-out, Pittsburg, two rounds.  
 Oct. 12—Al Kaufman, knock-out, San Francisco, two rounds.  
 Dec. 10—Jim Flynn, stopped to save Flynn from punishment, Los Angeles, sixteen rounds.

1913  
 Jan. 1—Al Palzer, stopped to save Palzer from punishment, Los Angeles, eighteen rounds.  
 May 24—A. Pelkey, knocked out by Calgary, one round. (McCarthy died a few minutes after being knocked out.)  
 Every effort has been made to locate McCarthy's family, but without success. His father, a physician, living in Dayton, Ohio, but has not been heard of since the big flood.

McCarthy had achieved some financial success during the last year. On the occasion of his fight in Calgary two years ago, when he was an unknown teamster, he fought for a purse of \$25. During the past twelve months he had earned about \$20,000 and had a fat bank account to his credit in a Los Angeles banking house. His share, win or lose, of the match which cost him his life, was little in excess of \$5,000.

### OPENING NEW BRANCHES

Local Manager of C. H. I. C. Left for Interior Yesterday Morning

Mr. Alexander Steven, local manager of the Canadian Home Investment Company, left yesterday morning for the Hazelton district for the purpose of opening offices and establishing resident agents throughout Northern B. C. This has been made necessary on account of the phenomenal increase in business and enquiries received daily at the company's local offices and also at Vancouver. It will also facilitate business considerably and make it more convenient to contract holders and enquirers resident in these districts.

Mr. Steven reports that since 31st March, 1912, to 31st March, 1913, the Company's fiscal year, the assets show a net gain of \$345,647 over that of the preceding year and this is only the third year since the Company's inception. It is also interesting to know that quite a number of local people are now receiving the benefits from the plan and system of this Company.

### MAJOR GIBSON HAS RETURNED

Prince Rupert Looks Better Than Ever to Him.

"During a trip of nearly six months through the western, southern and eastern states I saw no place that looks better to me than Prince Rupert, taking all things into consideration," said Major Gibson when seen by a "News" reporter this morning. The genial major, who is one of the early pioneers of Prince Rupert and who has a firm confidence that the city has a bright future before it, returned to the city yesterday morning on the steamer Prince George. While there is a slight uneasiness in some quarters of the United States on account of the tariff changes, Major Gibson reports business conditions in the east as very satisfactory. He says he has had a most delightful holiday but is glad to be back in Prince Rupert once more. He spent the midwinter months in Louisiana and Florida, where he enjoyed almost perfect weather. A few of the principal points visited were San Francisco, San Diego; Los Angeles, New Orleans, Jacksonville, Princeton, N. J.; New York and Chicago. The major has a host of friends in Prince Rupert who had been looking forward to his return for some time.

### ROAD AROUND ISLAND

Railway Company Agrees to Contribute Fifty Thousand for It.

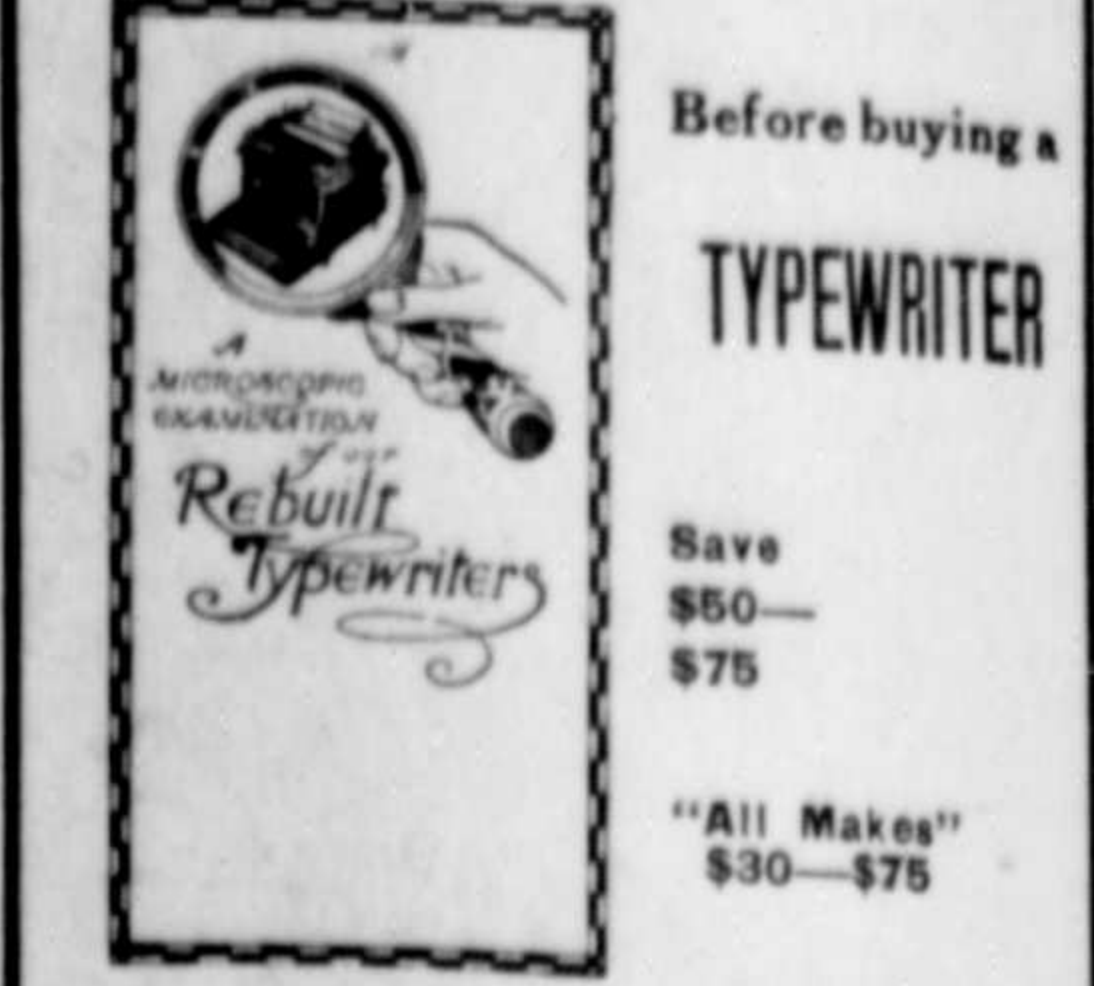

Good news was received by Mr. William Manson, M. P. P., yesterday in a letter he received from Mr. Donaldson, general manager of the Grand Trunk Pacific. This stated that the company was agreeable to paying \$5,000 per mile toward the cost of constructing a road around Kalen Island. The length of the road is ten miles and the estimated cost is \$15,000 per mile, so that the railway is paying one-third of the cost. The basis upon which the provincial government was proceeding is that the company should bear one-half the expense and the province the other.

# Be Suspicious

BE suspicious of that of which nobody is proud. Be suspicious of the mere low-price argument offered in favor of an article with no reputation, no backer, no guarantor.

Better buy the thing you know and can trust, than an article unbranded and unvouched for.

The branded shoe, made by a maker with a reputation, is a safer shoe to buy than the one made in an unknown factory by an unknown maker.

The underwear made by a firm whose name is as familiar to you as your own, is worth more to you than underwear nameless or labelled by a maker of whom you have never heard.

Tea sealed in a packet bearing the name of a reputable firm is to be preferred to tea of which the packer is not sufficiently proud to advertise its quality.

Put your faith in the advertisements appearing in good newspapers. Beware of the article that cannot stand the spot-light of publicity. The commodity an advertiser backs with his own money is something worth your buying.

Advice regarding your advertising problems is available through any good advertising agency or the Secretary of the Canadian Press Association, Room 503 Lumsden Building. Enquiry involves no obligation on your part—so write, if interested.
