

## FIFTEEN MILLION LOAN FOR GRAND TRUNK PACIFIC

### KING'S BIRTHDAY HONORS IN CANADA—PARLIAMENT WILL PROBABLY PROROGUE THURSDAY

#### LOCAL FIRM HAS AN OPTION ON CEMENT BRICK PROCESS

**TWO MAN MACHINE TURNS OUT TWO THOUSAND BRICKS  
DAILY—MANY ADVANTAGES OVER ORDINARY  
PRODUCT**

Anderson and McKinnon, contractors of this city, have secured a six months' option on the rights for Northern British Columbia for a line of cement bricks that give every promise of superseding ordinary pressed or burned bricks for building purposes in this district. It is known as the "Shope" brick and is controlled in the United States and Canada by the Shope Brick Process of Portland, Ore. D. N. Williams of Vancouver is the sole agent for the Canadian rights. He has already sold the rights in Vancouver and Victoria for large sums and in both cities the purchasers are unable to supply the rapidly growing demand.

The appearance of the finished brick is also greatly in its favor. No less than fifty-two varieties in color and finish can be made. Mr. McKinnon has samples of several of these and some of them would undoubtedly make very handsome buildings. Another advantage of great importance is that they are guaranteed to be absolutely waterproof.

In the matter of price, which is always a consideration of the "Shope" brick can compete with other brick of the very best quality. For the ordinary "shope" brick for inside work the price is only \$25 per 1,000. For outside work, with a specially prepared face the price is \$50 per 1,000 and for fancy fireplace brick \$60 per 1,000.

Mr. McKinnon has already secured an order from Judge Young for 1,000 for two fireplaces in his new residence on Fourth avenue.

As soon as there is a demand for building brick in Prince Rupert it is probable that Anderson & McKinnon will place an order for one of the machines. Until then those who may want small quantities can be supplied through Anderson & McKinnon from Vancouver.

#### WOMEN WHO WINTERED ON GROUNDHOG TRAIL

**Mrs. Jackson and Miss Cotter  
Left on the Prince Rupert  
Yesterday for a Trip East**

Among the notable passengers who went south on the Prince Rupert yesterday were Frank A. Jackson (better known as Groundhog Jackson), Mrs. Jackson and Miss Cotter. The three had come straight out from the Groundhog country. Going in over the toboggan trail, and spending several of the winter months in the famous coal district, the ladies had an experience seldom enjoyed by members of their sex. They were the first white women to winter in that district and proved themselves equal to every exigency of trail and camp.

"Groundhog" is so named because he is one of the most prominent pioneers of those coal fields. He is going to the coast to confer with Mr. Andrew Laidlaw, owner of large interests in Groundhog, and to arrange for surveys and the thorough prospecting of several large groups of claims. It is stated that Mr. Jackson recently sold one of his holdings in Groundhog for \$40,000. He is to return with a prospecting party in two or three weeks.

Mrs. Jackson and Miss Cotter are going east for a trip and will return in August.

#### FISHERMEN'S STRIKE HAS BEEN SETTLED

**Men Secure an Increase of Half  
a Cent Per Pound—Big  
Potlatch Held.**

Fortunately, the strike among the salmon fishermen was of short duration, a satisfactory settlement being reached last Saturday. Under the new arrangement the fishermen get 4 cents per pound instead of 3½, as formerly. When the men went out they demanded 5 cents, but the above compromise was arranged. From reports received it is understood that nearly all the men have now joined the Cold Storage Company's ranks. This company now has about 200 boats engaged in salmon fishing.

To celebrate the settlement of the difficulties a big potlatch was held at North Island on Saturday night. Indians and whites joining in the festivities.

#### VERY CLOSE ELECTION

**Australian Labor Party Defeated  
by Majority of One.**

(Special to The Daily News.)  
London, June 3.—Late returns received by the Morning Post indicate that the Fisher labor party of Australia was defeated by a majority of 1. In the house of representatives the parties stand: Liberals, 38; Labor, 36; doubtful, 1. A Labor majority is assured in the senate.

**New Bakery.**  
An announcement of the starting of a bakery to be known as the Rupert Bakery appears in today's "News." The new shop is located at 1032 Third avenue and is in charge of an experienced baker. Trial orders are solicited and bread of the best quality is guaranteed. Phone orders will receive prompt attention. Phone Blue 398.

#### BOXING IS CRIMINAL

**Methodist Conference Desires It  
Placed in Criminal Code.**

(Special to The Daily News.)  
Medicine Hat, June 3.—The Methodist conference has passed a resolution that in view of the fatal termination of the McCarty-Pelkey affair the Dominion government be petitioned to place under the criminal code all so-called boxing bouts, which are nothing more or less than prize fights.

**C. A. Vaughan, Delegate from  
Local Lodge, Reports a  
Successful Gathering.**

Charles A. Vaughan returned yesterday on the Princess Mary from attending the annual convention of the Knights of Pythias, Grand Domain of B. C., held at North Vancouver on May 27th, 28 and 29th. He reports a most successful convention with sixty-four delegates in attendance. The usual general business was transacted and the delegates were right royally entertained. Mr. Vaughan during his two weeks' absence also visited Vancouver and Seattle.

#### HONORS CONFERRED ON THE KING'S BIRTHDAY

**Montreal Physician of Duke of  
Connaught Gets Knight-  
hood.**

(Special to The Daily News.)  
London, June 3.—Dr. Worthington, the Montreal physician of the Duke of Connaught, has been knighted. Other birthday honors in Canada are: Sir Lomer Gouin is given K. C. M. G.; J. G. Alwyn Creighton, law clerk of the senate, and Mr. Lang, the Canadian representative of the Pacific Cable Board, are made C. M. G.'s; knight bachelor is conferred upon Hon. Mr. Baker, chief justice of New Brunswick; Hon. Mr. Davidson, chief justice of the superior court of Quebec, Hugh John McDonald, Winnipeg, and General Otter are made knights commander.

#### SUBMARINE COLLISION

**Battleship Prince of Wales Col-  
lides with the Irresistible.**

(Special to The Daily News.)  
Portsmouth, June 3.—The battleship Prince of Wales, during a mimic attack by submarines in the Harb yesterday, collided with the submarine Irresistible, wrecking the latter's conning tower and superstructures. The submarine was able to reach the surface and return to port. The damage to the battleship was trivial.

#### WAR EAGLE ON FIRE

**Shaft House and Hoist Were En-  
tirely Destroyed.**

(Special to The Daily News.)  
Nelson, June 3.—The fire at the War Eagle mine, Rossland, was got under control with difficulty, but not before the shaft house and hoist were entirely destroyed. The loss is estimated at \$25,000.

#### MANY MINING MEN COMING THIS SUMMER

**Will Be Banner Year for Mining  
Development All Over This  
Wide District.**

It is reported on good authority that not only several hundred of the most prominent geologists in the world visit Northern British Columbia this summer, but there is every likelihood that the various mining camps of this section will be closely examined by mining engineers on behalf of strong corporations. In every case the visiting men will strike Prince Rupert, whence they will radiate to the Portland Canal district, Hazelton, Groundhog, Atlin and the Yukon.

Now that the Northern British Columbia Industrial and Agricultural Association has taken in hand the matter of properly displaying samples from the various mines in the north, it is expected that keener interest than ever before will be manifested in the development of the various camps. It seems as if 1913 will be the banner year for this region, as the quiet conditions prevailing in the southern cities will cause the speculation and investing public to turn their attention to the natural resources of the country, chief among which are the minerals. The revival in mining has already commenced and should reach considerable dimensions this year.

#### MORE COMPETITION IN RIFLE SHOOTING

**Recent Arrival from Scotland Is  
Said to Be a Crack  
Shot.**

Among the recent arrivals in the city to take up permanent residence here was John Cleperton, who arrived on Friday night last, coming direct from Edinburgh, Scotland. Mr. Cleperton, who is a son of Alexander Cleperton, assistant city assessor, was a non-commissioned officer in the First Battalion of the Cameron Highlanders. He has the reputation of being a crack shot and it is understood he has already associated himself with the Earl Grey Rifles. His wife and family will follow a little later. Mr. Cleperton is an electrician, which line of business he expects to follow here.

#### TENTH ANNIVERSARY

**Of the Political Dictatorship of  
British Columbia.**

(Special to The Daily News.)  
New Westminster, June 3.—A grand reception was held in the Horse Show buildings at Queen's Park last night to mark the tenth anniversary of Sir Richard McBride's accession to power in British Columbia. The premier and several members of the cabinet were present and there was a great program of speeches.

#### CENTURY OLD CLAIMS

**Commission of Arbitration Site  
at Ottawa Next Monday.**

(Special to The Daily News.)  
Ottawa, June 3.—Pecuniary claims, hoary some of them with the weight of a century, involving a million sterling, claims which have vexed the governments of the United States and Great Britain since the middle of the last century, are to be considered by the commission of arbitration that has been sitting at Washington. It will sit in Ottawa next Monday, under the treaty signed three years ago.

At half past three yesterday afternoon the Red Devil took a spirited run to Presbyterian Hall, where fire had broken out in the musketry. It was soon put out, but had the fire started in the night and been able to progress unnoticed the hall would have been endangered.

#### CLOSE OF THE ANNUAL LIBERAL CONVENTION AT REVELSTOKE

**FORMER MEMBER OF LEGISLATURE FOR ALBERNI TO BE  
PARTY LEADER, JOHN OLIVER HAVING RESIGN-  
ED THE POSITION**

Revelstoke, May 31.—H. C. Brewster was last night chosen Liberal leader in British Columbia. Before the convention closed resolutions were passed condemning Premier Borden for favoring Japan regarding immigration and against the Provincial government in being too liberal to the Canadian Northern Railway.

The government's policy regarding Indian lands was censured; segregation of vice was opposed; land registry system criticized as constituting a menace to business; government blamed for allowing banks to charge high interest through affiliated trust companies.

It was 4:30 p. m. that Mr. S. S. Taylor, K. C., introduced a resolution that a leader be chosen by the convention for the Liberal party in British Columbia. An effort was made to avoid this issue, but the more radical element of the convention held the day and the Taylor motion was forced before the gathering. Mr. Maxwell Smith suggested that the president of this association be the recognized leader of the party in British Columbia. This and other plans were debated for an hour and the meeting then adjourned until the

evening, when the question of leadership was taken up with even greater vehemence.

Mr. Taylor whilst assuring the convention of his unwillingness to tackle the leadership job himself, pressed his motion and found increasing support.

Mr. John Oliver, in the course of a speech, claimed the leadership as vested in himself, but stated that he now resigned the position. He favored Mr. Maxwell Smith's stand on the matter and concluded:

"Surely to goodness, in the brains of the candidates there will be enough sense to enable them to decide whether they want a leader before or after an election."

The convention wrestled with the problem of whether to appoint a leader and the difficulty in selecting a suitable man until 10 p. m., when an adjournment was ordered for two hours.

After the adjournment of one and a half hours, during which a smoking concert was given in Convention Hall, the leadership debate was resumed at 11:30 o'clock.

Practically all the platform speakers opposed the motion.

#### PARLIAMENT WILL PROBABLY BE PROROGUED ON THURSDAY

**NOTICE OF LOAN TO THE GRAND TRUNK PACIFIC OF FIFTEEN  
MILLIONS—MORE FOREST RESERVES IN  
BRITISH COLUMBIA.**

(Special to The Daily News.)  
Ottawa, June 3.—If parliament prorogues on Thursday, as was intended, it must do three weeks' work in three days. There are the supplementary estimates of \$23,000,000 yet to be discussed, railway subsidies of \$25,000,000 and the loan to the Grand Trunk Pacific yet to be dealt with.

Yesterday afternoon Finance Minister White gave notice that today he will move a resolution providing for a loan of \$15,000,000 to the Grand Trunk Pacific,

in order that there should be no delay in the completion of the transcontinental railway. According to the Ottawa Free Press, the Liberal ex-Minister Sydney Fisher will soon again be a member of the house. He will be offered the Liberal nomination for the riding of Chateauguay, made vacant by the death of J. P. Brown.

Notice has been given in the house of commons that the forest reserves in British Columbia will be increased to 2,782 miles.

#### APPEAL AGAINST DECISION OF MAGISTRATE DISMISSED

**FRED GYR MUST SPEND SIX MONTHS AT NEW WESTMINSTER  
FOR SUPPLYING LIQUOR TO A WOMAN  
ILLEGALLY.**

In the county court yesterday afternoon before His Honor Judge Young the appeal of Fred Gyr against the conviction of Magistrate Carss was dismissed. The charge on which the conviction was made was that of supplying liquor contrary to the provisions of the liquor act, a sentence of six months in the penitentiary at New Westminster with hard labor being imposed.

According to the evidence taken, Gyr, who keeps a small grocery store at the corner of Comox and Fulton street, had supplied a woman living on Comox with two bottles of liquor which he had bought at her request. She paid him \$3.00 for them, just the amount he had paid at the liquor store. The accused said that he had bought the liquor to oblige the woman as she was a regular customer. The woman corroborated this evidence, but on cross-examination admitted that the day after she

received the liquor she had given Gyr 50 cents for getting it. A. M. Manson, who acted for the appellant, argued that the disposal of the liquor did not constitute a sale in any sense of the word and that it was nothing more than a neighborly act in obliging the woman.

Judge Young pointed out that the woman, being a prostitute, could not secure the liquor herself and that the act of supplying her was illegal. Mr. Manson admitted this but drew attention to the fact that the man had not been tried on that count.

Mr. Fisher, acting for the Crown, said that it had been admitted that the man had furnished the woman with the liquor and such disposal under the act was illegal. Judge Young, at the conclusion of the addresses of counsel, said that in spite of the rather ingenious argument of Mr. Manson, he would have to dismiss the

#### ANOTHER ELECTRIC SIGN TO ILLUMINATE THE SIDEWALKS

**CITY COUNCIL APPROVES THE APPLICATION—CITY CLERK  
WOODS GOING ON ANNUAL VACATION—TENDERS  
FOR PRINTING ANNUAL REPORT.**

Much of the time at the council meeting last night was taken up in the reading of the minutes of the previous special meetings, which contained the bylaws, resolutions, telegrams and so forth incidental to the authority given to Mayor Pattullo to proceed to dispose of the treasury certificates and debentures. On the motion that the minutes be approved as read Alderman Kerr asked in regard to the resolution if the mayor could proceed under any terms he saw fit without referring the matter to the council at all.

Acting Mayor Naden said that was the resolution. Alderman McCaffery said the resolution was passed and was of the same force whether Alderman Kerr happened to be present or not.

Alderman Dybhavn said Mr. Pattullo had himself stated that if he got an offer he would report it to the council. The acting mayor said an amendment to the motion to approve the minutes would be in order, to which Alderman Kerr replied that, not being present at the Saturday evening meeting, he had merely asked for information, when the city clerk pointed out that the alderman voted for the resolution at the Wednesday evening meeting. The minutes were then approved. An application to place an electric sign over the store of Bryant Company, Ltd., with a recommendation from the superintendent of lighting and the committee on lighting in its favor was read. Alderman Kerr moved the adoption of the report but saw no reason for the formality of bringing such small matters before the council. He thought if the committee, the city engineer and the city electrician passed upon such applications that should be sufficient.

The acting mayor agreed with the alderman, but said that all such matters must come before

the whole council unless an amendment was made to the bylaws. The report of the committee was then adopted, giving permission to erect the sign.

City Clerk Woods applied for a leave of absence for one week, extending his annual vacation of three weeks to a month, and this was granted. H. E. Edmunds is to be acting city clerk during his absence.

A small sewer bylaw and a water bylaw were read a second time. Tenders for the printing of the annual report of the council were opened, A. O. Franks offering to do the work at \$3.10 per page and the Daily News for \$1.95 per page. The lower tender was accepted.

#### NAAL BILL BROUGHT UP IN BRITISH HOUSE

**Sir John Lonsdale Asks if Supple-  
mentary Estimates Will Be  
Brought in for Addi-  
tional Vessels.**

(Special to The Daily News.)  
London, June 3.—Sir John Lonsdale, Unionist member, asked in the house of commons last night whether, in view of the possible delay in the presentation of three battleships by Canada, it was the intention of the government to bring down supplementary estimates providing for three additional vessels during the current year.

Winston Churchill replied that the new situation which had arisen required and will receive the attention of the government and will be the subject of a statement to the house during the present month.

**HOW SIR RICHARD HAS SWITCHED.**

The policy of Premier McBride has veered around like a weathercock, according to that staunch supporter of his, the Vancouver News-Advertiser. Referring to Sir Richard's speech on Empire Day, this journal said in regard to the naval question:

"Sir Richard McBride prefers a strengthened British navy, with an imperial squadron which can reach the Pacific Coast in five weeks, to a program for a Canadian navy which might reach the Pacific Coast in ten years."

In regard to this praise of its leader's ability to carry water on both shoulders, the Vancouver Sun says that "as a political squib the above comment, coming as it does from an extreme party organ, might be permitted to pass had not Sir Richard McBride declared himself so often and so emphatically on the naval question."

The naval policy of Sir Richard, to which he has constantly adhered until a few weeks ago, was in reality that of Sir Wilfrid Laurier, whose amendment to the Borden bill was that to increase the power and mobility of the imperial navy by the addition by Canada of two fleet units, to be stationed on the Pacific and Atlantic Coasts of Canada respectively, rather than by a contribution of money and ships, was the policy best calculated to afford relief to the United Kingdom in respect to the burden of naval defence. That was the real policy adopted by Sir Richard at one

time. It was the policy he attempted to proclaim in England, when he was there last, as the policy of Mr. Borden. It is the policy he so heatedly advocated in Ottawa when he passed through that city on his return journey to the coast. Will Sir Richard's words in the celebrated interview he gave out on that occasion ever be forgotten? "How," he demanded, with unusual vehemence and customary egotism, "am I to be answerable for the defence of the Pacific Coast if ships are not given me to ward off invasion?" In many interviews and addresses, subsequent to that occasion, Sir Richard has confirmed the public of this province in the belief that what he desired for British Columbia waters was a fleet unit under Canadian control. If he had stuck to this he might have strengthened his following in this city, for everyone appreciates the fact that the rapidly growing interests of Prince Rupert, and the immense ocean travel that will be coming to this port in but a very few years, demands protection as much as any port in the whole dominion.

When times are brisk and buoyant the government gives money away because it is plentiful. When the stringency comes the government gives away money to avert a collapse.

The cost of maintaining three dreadnoughts or one duke would speedily relieve the distress in Ireland.

**RUSSIAN VOLUNTEER VESSELS TOUCH AT RUPERT NEXT MONTH**

**FIRST STEAMER OF GREAT IMPERIAL LINE STARTS FROM VLADIVOSTOCK FOR THIS PORT ON JUNE THE FOURTEENTH.**

A. M. Asantcheyev, who was here recently to locate a number of Russian colonists on lands along the Skeena and beyond, writes to his Vancouver office the following letter from St. Petersburg:

"I have the pleasure to inform you that A. M. Asantcheyev & Co. have been appointed general representatives of the Russo-Canadian line of the Imperial Russian Volunteer fleet. The route followed by the steamers will be Vladivostock, Prince Rupert, Vancouver, to Seattle.

"On June 14 the first liner will leave Vladivostock and should arrive here on or about July 7. The steamers to operate on this new route will be the Saratoff, the Herson and the St. Petersburg."

(Signed)  
 "A. M. ASANTCHEYEV."

The last named vessel will

probably be the first to make the trip. She looks almost exactly like the Empress of India and the Empress of Japan of the C. P. R. Company, having the same yachting bow and two funnels. Her color is black.

The fare for immigrants has been set at 90 roubles, or about \$45, from Vladivostock. This is very low and is certain to be a great inducement to the subjects of the czar, who are receiving letters from friends and relatives in British Columbia. There is a large colony of Russians in and around Prince Rupert, and colonization is encouraged by both Canadian and Russian authorities.

It is the intention of the Russian Volunteer fleet to put additional vessels on the Russo-Canadian line as soon as freight

**NEWS FROM SMITHERS**

Among those who visited Smithers last Monday were: R. E. Williams, W. J. O'Neil, A. C. Aldous, A. R. McDonald, T. L. Carr, Walter Willisroft, George Willisroft, M. Gillespie, Wm. Carr, W. R. Eggleston, Frank Sedrich, H. A. Bigelow, Rev. Father Godfrey, Lester Mulvaney, A. H. Wallace, Robert Barnett, Wm. Henry, R. O. Miller and P. B. Carr.

J. Mason Adams, the Telkwa druggist, has let a contract for clearing a building site in the temporary business quarters at Smithers, and as soon as he can have a building erected will put in a stock of drugs, toilet articles, confectionery and photo supplies.

F. D. Eason, who has been connected with the engineering corps of the G. T. P. in the vicinity of Telkwa as resident engineer, has moved to Smithers, where he has charge of clearing.

Sam Gonyer has a contract at Smithers for clearing seventeen acres of the sixty-acre tract to be used for railway purposes. This tract is on the opposite side of the grade from the townsite and will be separate and apart from the ninety-five acres to be cleared by the townsite people.

The station to be built at Smithers will be what it known along the line as a Class A station. It will be an imposing structure of goodly proportions, including waiting room for passengers, ticket offices, baggage room, offices for freight clerks and other officials, and a large dining hall, where first-class meals will be served to passengers. The station will be erected as soon as the rails reach there.

Mr. F. B. McArthur, of L. J. McArthur & Co., Telkwa, has announced his intention of establishing a large store at Smithers as soon as the lots are put on the market. He has secured a permit to put up temporary quarters in the present business section and Smith & Eggleston, who have the contract for building, are rushing the work so that he can move in early next week.

Mr. McArthur has been following construction all the way from Rupert, putting up buildings and establishing business in Port Essington, Kitselas, Hazelton and Telkwa, but he has now given up the idea of going any further up the line and will establish a permanent business in the railway town.—Telkwa Tribune.

**TITANIC CLAIMS**

Order Extending Time of Claimants to File.

New York, May 29.—Judge Holt, in the United States district court today, handed down an order extending the time of claimants to file exceptions to the limitations of liability petitions of the owners of the sunken steamer Titanic to June 30 next. Judge Holt's order today means that every claimant may file objections to having a limit placed on the company's liability growing out of the disaster of a year ago.

# DOUBLE VICTORY FORT GEORGE WINS

On the 5th of March, 1912, the Board heard an application of the Natural Resources Security Company, the owners of the Townsite of Fort George, for the location of a station on the G. T. P. at or near the Fort George Townsite. No final decision as to the location of a station was reached by the Board at that time, and the matter was, as far as the Board was concerned, permitted to remain in abeyance.

In an application dated 24th January last, the Grand Trunk Pacific Railway Co. applied to the Board for the approval of its station site and station at Prince George at M.466.3, Prince Rupert East. After the usual investigation by the Operating Department of the Board, the approval of the location was recommended and order No. 18902 dated March 20th, 1913, was issued by the Board, approving of that station site.

At the time that the Order was made, the Board was not aware that the Prince George station site, for which the Railway Company had applied for approval, in any way conflicted with the Fort George station, which the Natural Resources Security Com-

pany had applied for more than a year ago; and upon it being brought to the attention of the Board that the Prince George site, approved of by Order above mentioned, was detrimental to the interests of Fort George, this matter was set down to give all parties an opportunity of being heard. Therefore, bearing all interests in mind, I think the site I have decided upon should be adopted by the Board. Order No. 18902 of the 20th March last should be rescinded and the Railway Company should be requested to file a plan showing a station at a point three thousand feet east of the Eastern Boundary of the Fort George Townsite.

Ottawa, May 10th, 1913.

The British Columbia Government last week officially refused the application of the G. T. P. Railway to register the Indian Reserve as Prince George. The Dom. Gov't. has refused to rename the Fort George P. O. Prince George.

## EXTRACTS FROM EDITORIALS IN ALL FOUR VANCOUVER NEWSPAPERS

### PROVINCE

"Mr. George J. Hammond, who made a strenuous fight for station facilities for the new town which he fathered and developed, has won his contention. Fort George remains Fort George, and those who bought land in the Fort George Townsite on the faith of Mr. Hammond's representations have the satisfaction of knowing that he has been justified in the attitude he adopted.

Mr. Hammond is one of the few men in Canada who has succeeded in downing a big railroad corporation, and that is an achievement to be proud of."—(May 13.)

### SUN

"This is a great victory for Mr. G. J. Hammond and for those those who have supported him in the four-year-long fight against the campaign of slander and misrepresentation conducted against

him and his company, the Natural Resources Company, by short-sighted rivals and the G. T. P. itself. This decision means that the contentions of Mr. Hammond and those who have supported him have been soundly based from the beginning."—(May 12.)

### WORLD

"The decision of the Railway Commissioners has been hailed with satisfaction by those in

British Columbia who have followed the case. Prominent among them is Mr. George J. Hammond of Vancouver, the man who placed Fort George on the map. The decision ends a battle covering a period of three years, at a cost which is said to amount to one hundred thousand dollars. In this affair Mr. Hammond represented the interests of numerous clients resident in many parts of the world. The repute of

the province and of the methods followed by its business men were at stake. British Columbia, with its many hundreds of square miles of undeveloped territory has need of men who will go into the new districts, enlist the aid of foreign capital for development of them and play the game for the men with whose capital they are entrusted."—(May 12.)

### NEWS-ADVERTISER

"Yesterday's decision in the

Fort George station case, fully reported in this paper, is of unusual interest, as it affects a large number of settlers and investors at or near the point where the station is to be. The uncertainty which has hung over the future will now be cleared away, and all the parties concerned will know where they stand."—(May 11.)

# FORT GEORGE The Million a Month Pay-roll City

Located at the junction of the main waterways of Central British Columbia, Fort George is on the line of every railway building or projected through this immense territory. Rails are now approaching it from the East, the West, and the South. It has been selected as the main pay-roll centre for the railway construction through Central and Northern British Columbia, and the Peace River District, for the next five years. Beginning at once, a million dollars a month will be distributed in wages at Fort George to ten thousand construction men. Fort George is a live-wire town right now. There are openings for all kinds of business. If you want to help handle the million dollar a month pay-roll, go to Fort George. If you want to start at the beginning of the upbuilding of a great city and country of unparalleled natural resources, delightful climate and magnificent scenery, go to Fort George. The map shows Fort George's commercial control of Central British Columbia through its railways, waterways and strategic position in relation to the Peace River country.

It is the best young city in Western Canada. Its progress has been continuous. Its future is certain.

### The Full Value of Coal

You will never derive the full value of the money you pay for coal unless your stove is controlled by the Gurney Economizer. It actually saves 1 ton of coal in every 6 you would ordinarily burn in other ranges.

It also assures a thorough, steady, even heat throughout the entire stove. There is no waste heat going up the chimney.

The Economizer makes sure that the purpose for which fuel is being burnt is carried out.

The Gurney Economizer is a simple device that requires just a light pressure on the lever to result in a consistently heated oven—the secret of successful baking.

No sane person can afford to ignore this saving in coal bills, so make sure that your new range has an Economizer.

The Gurney-Oxford is equipped with other exclusive devices, the Divided Flue, the New Special grate, and the Broiler attachment.

It also is made with a perfectly smooth polished top which forever requires no black lead.

There are no crevices where dirt may lodge—above all it is sanitary.

No intelligent housekeeper to-day can afford to ignore the benefits which science has brought to her through the Gurney-Oxford.

appeal and that the accused must be punished according to the decision of the magistrate.

Mr. Manson expressed his disapproval of the judgment and said that after all it was only the opinion of one man as against another and he felt that his interpretation was right. The legislation, he said, was damnable but of course the judge was not responsible for that. He asked His Honor if he would allow an appeal to a higher court as a stated case. Judge Young said he could see no reason why he should, but if Mr. Manson could show authority why it should be allowed there was sufficient time as the accused could not be sent to New Westminster for several days.

#### Forty Men Energetically Engaged in Clearing and Grubbing on the Railway Reservation.

Smithers, the Bulkley divisional point, is a busy place these days. Over forty men, in four crews, are engaged in clearing and grubbing on the railway reservation, and are making a good showing. W. S. Henry & Co., have begun the work of clearing on the townsite proper, having been awarded the contract for the removal of timber from eighteen blocks and several of the main streets. The 130 acres included in the contracts is to be cleared by July 31, which means that a large number of men will be employed by the contractors.

### FIRST BIG STEAMER THROUGH THE CANYON

Steamer Loaded With Freight Makes Trip from Tete Jaune Cache to Fort George

Vancouver, May 29.—For the first time in the history of British Columbia a steamer of any size, loaded with freight, made the trip from Tete Jaune Cache to Fort George when the British Columbia Express Company's steamer B. X. came down the river and through the Grand Canyon recently, according to Mr. Willis J. West of Ashcroft, manager of the British Columbia Express Co, who is staying at the Hotel Vancouver.

On one other occasion a steamer made the trip through the canyon, but it was a very small boat, and was allowed to drift more than anything else, stated Mr. West. No boat propelled by steam, and the same size as the B. X., which is 135 feet long, has ever made this trip through the canyon, which is considered one of the most dangerous stretches of river water in British Columbia.

### CLOSE OF THE ANNUAL LIBERAL CONVENTION

(Continued from Page 1.)

but the young bloods developed great strength on the floor of the convention and despite the entreaties of "Honest" John Oliver, the demand for more consideration by Mr. F. C. Wade and the warning of Mr. Maxwell Smith, the motion was carried amid a wild scene of excitement.

The nominations for the leadership were made at 12:30 midnight. The radical element nominated M. A. MacDonald, amid a hurricane of cheers. Previous to this Mr. H. C. Brewster had been nominated. Mr. Ralph Smith and Mr. S. S. Taylor both stating their disinclination to accept. That Mr. MacDonald, if pushed to election, was a sure winner by virtue of support from the younger element seemed evident, but MacDonald declined to stand for the leadership, and Brewster was declared elected.

The following for the ensuing year were elected by acclamation: Sir Wilfrid Laurier, honorary president; M. A. MacDonald, president; Ralph Smith, first vice-president; Dr. J. H. King, second vice president; A. M. Pound, treasurer; C. C. Campbell, secretary.

At the early afternoon sitting a delegation of the Political Equality League, headed by Mrs. Sturdy, president of the local branch, by invitation of the convention, was received and introduced by Mrs. J. C. Kemp, president of the Provincial Equality League.

Mrs. Sturdy and Mrs. Coursier each read papers appreciative of the action of the convention in adopting the suffrage plank. The delegation consisted of about a dozen Revelstoke ladies.

### HAVE RETURNED FROM VERY ENJOYABLE TRIP

Mr. and Mrs. J. C. McLennan Have Again Taken Up Residence in Prince Rupert.

With smiles on their faces that betokened real pleasure at being back in Prince Rupert again, Mr. and Mrs. J. C. McLennan and child were among the very first passengers to step ashore from the Princess May on its arrival here yesterday afternoon. During an absence from the city of four months they have had a most enjoyable holiday trip and have visited most of the principal cities in the United States and Canada. Among the various centres visited were San Francisco, El Paso, New Orleans, Washington, New York, Rochester, Toronto, Montreal, Chicago, Winnipeg and Vancouver.

Mrs. McLennan so arranged the trip as to be in Winnipeg about the middle of May to attend the National Council of the Daughters of the Empire. About a hundred delegates were in attendance, supplemented by twice as many of the ladies of Winnipeg, who entertained the visiting delegates most lavishly. Mrs. McLennan has the honor of being the regent of the local chapter.

Mr. and Mrs. McLennan have taken up their residence at their late home at the corner of Fifth avenue and Emmerson.

The Princess May, northbound, arrived at 4:15 yesterday with a large number of passengers for Skagway and Dawson. There were also quite a few passengers for this city.

Hugh McLean, Vancouver; W. E. Losee, Victoria, and W. B. King, Vancouver, arrived by the Princess May yesterday and are registered at the G. T. P. Inn.

The City of Seattle, southbound from Skagway, docked at 2 o'clock this afternoon, followed immediately by the steamer Prince John from the southern part of Queen Charlotte Islands.

City Clerk Woods and Mrs. Woods leave next Monday for Victoria, where they will spend Mr. Woods' vacation. Mrs. Woods has been in delicate health for some time and it is hoped the change will be beneficial.

W. D. Black, job compositor at the Daily News office, who has not been well for some weeks, went to the hospital yesterday. It is hoped that the rest and careful attention he will receive will soon restore him to better health.

Harold Nelson, a boy of 9 years of age, residing on Eighth avenue, was taken to the hospital yesterday afternoon suffering from a cut in one of his legs sustained by sliding down a door. The accident is not serious.

The public and high schools, banks and government offices are about the only institutions in the city that are observing the King's birthday as a holiday.

Two new locomotives, a caboose and twenty flat cars for the G. T. P. arrived by the transfer barge from the south yesterday. Two more shipments of flat and box cars will follow.

The members of the Inlander Club have received a handsome present of cigars and don't know who is the donor. But they wink and whisper: "Harry Rochester must have killed a pig—or something."

#### ANOTHER PRESENTATION

Rev. Sing Gets a Suitcase to Go with the Umbrella.

The Young Men's Own held a special meeting in their gym last night to say farewell to the Rev. Charles R. Sing, who did so much to start their association and to keep it going when it was started. W. G. Barrie presided and called upon M. O. Gorkik to make the address and presentation. The latter was of a handsome suit-case. A. H. Allison and E. L. Fisher also made addresses. In response the Rev. Mr. Sing reviewed the work of the association, complimenting the members on its prosperity and its efficiency for good, and hoping that it would continue to grow and prosper.

#### Wants Trial by Jury.

J. Taylor, who arrived in the city Sunday night in charge of Constable Fairburn, charged with the theft of \$15, appeared before Judge Young yesterday afternoon and elected to be tried by jury. The date of trial has not yet been fixed.

A "hatpin" ordinance has been recommended by a city council committee of Seattle, providing that no pin may project more than an inch and a quarter from the crown of the hat.
