

## SUGGEST MILITANT METHODS AGAINST HOME RULE

### DERBY RACE MILITANT DIES FROM HER INJURIES--THE BALKAN ALLIES TO FIGHT FOR SPOILS

#### BOARDS OF TRADE ASKING FOR SUSPENSION OF COAL DUTIES

PRINCE RUPERT AND VANCOUVER BOARDS REQUEST COMMISSIONER OF CUSTOMS TO CANCEL DUTIES DURING PRESENT GREAT SHORTAGE OF FUEL

Fifty three cents a ton knocked off the price of coal. This may be the effect of the resolutions passed by the Board of Trade of Prince Rupert, Vancouver, and, it is expected, of other cities in the province.

There was no discussion when the Board of Trade met at two o'clock on Saturday afternoon, one and all agreed to act on the suggestion of the sister body in Vancouver and telegraph to the Commissioner of Customs a request that the duty be taken off United States coal while the present shortage, due to the strike, continues.

The immediate cause of the meeting and of the resolution was a wire received by F. G. Dawson, President of the Board, from the Vancouver Board. This stated that the Vancouver Board was working hard with the Minister of Customs for temporary cancellation of the duty on coal imported from the United States and suggested that the Prince Rupert Board should make a similar request by wire. This, it was declared, would greatly strengthen their application and benefit all concerned. There was an immediate relief in sight for the supply of coal from collieries in British Columbia.

The action taken by the Prince

Rupert Board of Trade was to despatch the following wire: To Hon. John Dougald, Commissioner of Customs, Ottawa, Ontario.

Resolved by the Prince Rupert Board of Trade that owing to the present coal shortage now existing in British Columbia, caused by the United Mine Workers strike, it is deemed advisable to temporarily cancel the duty on coal from the United States.

(Signed) J. LORNE McLAREN, Secretary  
When asked by the Daily News what the chances of success might be in his estimation, Secretary McLaren spoke in very hopeful and confident tones. A little over a year ago, during the strike at the Crow's Nest mines, the government had complied with similar requests and for some months cancelled the duty on coal coming from the United States.

Mr. McLaren added that information had been received that all the animals had been taken from the mines where the strike is in progress and that the machinery was now being taken out. No coal could be expected for at least six months. The receipt of this information had borne direct influence on the decision of the Board to ask for a suspension of duties.

#### CANNOT ENTER DOMINION NOW WITHOUT TWENTY-FIVE DOLLARS

IMMIGRATION REGULATION TO THAT EFFECT, WHICH WAS FOR A TIME RELAXED, IS NOW AGAIN TO BE ENFORCED

(Special to The Daily News.)  
Ottawa, June 9.—Owing to the scarcity of help which existed early in part of the present year, the government decided to relax the immigration regulations so as to permit the entry into Canada of railroad construction laborers, general laborers and others coming to assured employment, without requiring them to be in possession of \$25 as in the general law. This relaxation applied to persons from the British Isles and Northern Continental Europe. Owing to the present stringency of the money market and the possible consequent decline of building operations and industrial development, it is felt by T. W. Crothers, Minister of Labor, that the continuance of this relaxation of the

money qualification regulations, increasing materially, as it does the inflow of other than agriculturalists, is no longer justified. Consequently instructions have been issued to officers of the Department of Immigration that immigrants arriving on and after July 1st must have in their possession \$25 each, as required by law.

Publicity is being given to this rule in countries where Canada is carrying on immigration work so that persons contemplating coming into Canada will be fully aware of the conditions governing their entry to the Dominion. Farm laborers and domestic servants are in great demand in all the provinces, so they will not be required to have upon arrival any specific amount of money.

#### ULSTER MAKING BITTER FIGHT AGAINST THE HOME RULE BILL

CLAIM THAT UNIONISTS DO NOT SHOW SUFFICIENT HOSTILITY TO BILL, AND SUGGEST TURNING COMMONS INTO SHAMBLES

(Special to The Daily News.)  
London, June 9.—The Home Rule for Ireland's bill is scheduled to come before the House for its second reading today. preliminary to its second passage, it is stated that three passages are necessary for it to become law over the veto of the House of Lords. It is assumed the latter will throw it out again as it did last year, and it will then have to go through the usual routine in a 1914 session before becoming law.

In the forthcoming fight in the House the Ulsterites can be depended upon to oppose the bill by every means in their power. In Ulster itself it has been ob-

jected to that many of the Unionists have not shown sufficient hostility to the bill. They have been urged to adopt "militant methods" and if they cannot defeat the measure by ordinary debate to turn the House of Commons "into a shambles" and prevent any business being transacted.

Sir Edward Carson, however, opposed provoking a fight in the House, which would be the only result of militancy on the part of the Unionists, and he advised against it.

For furniture, carpets and linoleums, inspect the Geo. D. Tite's stock for quality.

#### FOUR CHARGED WITH ARCHIBALD'S MURDER

Chief of Police Believes They Have Sufficient Evidence as to the Killing of Constable

(Special to The Daily News.)

Vancouver, June 9.—H. F. Clarke, Frank Davis, Joseph Seymour and possibly James Hamilton, will be charged with the murder of Constable Archibald, is the statement of Chief of Police Mulhern. "We have obtained sufficient evidence," he says, "to make the laying of the serious charge a positive fact, and if they are not laid in the police court today they will most assuredly be some time during the next few days."

#### NO DANGER ANTICIPATED

No Alarm Felt at Seward Because Volcanoes Become Active

(Special to The Daily News.)

Seward, Alaska, June 9.—Although a west wind is driving the smoke and flames from the Katmai volcano over Seward, no alarm is felt here as there are four craters on the mountain giving vent to intermittent convulsions, and a terrific outburst like that of last year is therefore not anticipated. It is believed, however, that Katmai may continue to emit vast columns of smoke indefinitely.

The C. P. R. s.s. Beatrice leaves this afternoon at 6 o'clock.

#### IN MEMORIAM

Friends and Comrades  
Pay Final Tributes To

William David Black  
Deceased

Late of the Daily News  
Staff

A large number of friends and acquaintances assembled at Hayner Bros.' funeral chapel yesterday afternoon to pay their tribute of respect to the late William David Black, for three years a member of the typographical staff of the Daily News. The Typographical Union, of which deceased had been secretary for the past two years, turned out full strength and the Presbyterian choir, of which he was a member, was well represented.

Owing to the absence from the city of Rev. F. W. Kerr, who is attending the General Assembly of the Presbyterian church at Toronto, the funeral service was conducted by Rev. Warren McLeod of the Baptist church, who took as the basis of his address the immortality of the soul. Great as is the sting caused by the death of a young man in the prime of life the address was of such a character as to mitigate the sorrow of those present.

(Continued on page 4)

#### JAPANESE IN HAWAII PASSED RESOLUTIONS

Asking That Immigration Officials Be Discharged Owing to Their Unfairness

(Special to The Daily News.)

Honolulu, June 9.—Resolutions were adopted at a Japanese mass meeting yesterday praying that their United States federal immigration officials here be discharged, owing to their unfairness and harshness dealing with the Japanese on returning from Japan. It set forth that many Japanese women have been insulted by the offensive remarks of the officials.

#### MILITANTS ON TRIAL

Sir Array of Counsel Appears On Both Sides

London, June 9.—The trial of the suffragette leaders charged with conspiracy to do damage to property began today. "General" Flora Drummond, did not appear, the case having been postponed owing to her illness. A big array of counsel appeared, Sir John Simon, head of the government counsel, opening the case.

#### MILLION DOLLAR FIRE

Breaks Out in a Missouri City and Is Still Burning

Springfield, Mo., June 9.—Fire destroyed today a row of buildings on the public square. The fire is still burning. The loss is estimated at nearly a million dollars.

#### BALKAN ALLIES PREPARE FOR WAR AMONG THEMSELVES NOW

BULGARIA TRYING TO EFFECT RE-APPROACHMENT WITH TRIPLE ALLIANCE--DECLARES SHE WILL NEVER CONSENT TO REVISION OF SERBIAN TREATY

(Special to The Daily News.)

London, June 9.—Vienna despatches of this morning say "War is almost inevitable between the Balkan Allies, according to a Sofia despatch to the Neue Frei Press, which declares that a solution of the cabinet crisis is not looked for before June 12. The Daneff cabinet is expected to effect a re-approachment with the triple alliance, and meanwhile the meeting of the Premiers is extremely doubtful. Intense excitement prevails. Serbia is allowing the passage of no Bulgarian messages. From to-

day a more drastic state of war will be observed. All houses close at nine at night."

Sofia, June 9.—The Semi-official Mir, declares "No Bulgarian Government will ever consent to a revision of the Serbo-Bulgarian treaty."

Belgrade, June 9.—The feeling of alarm is becoming pronounced here, the belief being that Bulgaria is delaying her reply to the Serbian note only to gain time to distribute her troops to the best advantage.

#### MILITANT IS DEAD

First Martyr to Militant Suffragette Efforts Passes Away

(Special to The Daily News.)

London, June 9.—Emily Wilding Davison, the first martyr to the militant efforts of women to obtain suffrage, died today at the Epsom hospital, as a result of a fracture of the skull sustained in the attempt to stop the King's horse, Anmer, during the running of the Derby on Wednesday. Only the matron of the hospital and two nurses were present at the death-bed.

#### VANCOUVER "ALSO RAN"

Salmon Bellies Played a Whooping Game of Lacrosse Saturday.

(Special to The Daily News.)

New Westminster, June 9.—The lacrosse game on Saturday ended in favor of the New Westminsterers by a very large majority. The visitors only scored two goals and while they were accomplishing that the home team run up a score of eleven.

#### UNION OFFICERS INDICTED

Charged With Violating Sherman Act in West Virginia

(Special to The Daily News.)

Charleston, W. Va., June 9.—President White and eighteen other officials of the United Mine Workers of America have been indicted here in the Federal Court today. The charge is that of violating the Sherman Anti-trust Law.

#### VOLCANOE IN ERUPTION

Those Along Alaska Peninsula Are Again Active

(Special to The Daily News.)

Seward, Alaska, June 9.—All the volcanoes along the Alaskan Peninsula and adjacent islands as far westward as the Unimak Pass are in eruption. They are emitting flames and dense volumes of smoke.

The news of the activity of the mountains was brought in today by the steamer Dora, which has returned from her monthly voyage to Dutch Harbor.

#### Engineer Is Hurt.

With his leg badly wrenched and lacerated, William J. Leadbetter, station engineer at Mile 185, in the employ of Bates & Rogers Construction Co., was brought to the General Hospital last night. His leg had been caught in a pulley, but though wrenched and cut, no bones were broken and no serious injury sustained. It is expected that he will be well again within a week.

W. G. Dick of North Vancouver, arrived by the Princess Sophia today on a visit to his daughter, Mrs. Walter Owen. Mrs. Dick has been visiting here for several weeks.

Pantorium Pioneer Cleaners, Phone 4.

#### GENERAL STORE IS BURNED AT TELKWA

Fire at Telkwa Destroyed F. L. Charlson's General Store.

News reached the city today that the general store conducted by F. L. Charlson at Telkwa, was entirely destroyed by fire a couple of days ago. Mr. Charlson, who has been in business at Telkwa for a number of years, carried a heavy stock of general merchandise. Definite particulars as to the amount of insurance have not been received. Mr. Charlson, it is understood, is at present in Vancouver on business.

#### GEORGE WYNNDHAM DEAD

Was Chief Secretary for Ireland for Five Years Under Balfour

London, June 9.—Rt. Hon. George Wyndham, for some time chief secretary for Ireland, died in Paris yesterday, at the age of fifty. He was born in 1863, educated at Eton and Sandhurst and was for a time in the Guards, but feeling drawn to a political career became private secretary to Mr. Balfour. In 1889 he became member for Dover, and in 1898 he was made chief secretary for Ireland with a seat in the cabinet. He resigned his ministerial position in 1905. He married the Countess Grosvenor, mother of the Duke of Westminster in 1899.

#### BENEDICTS WIN

Exhibition of Good Play in Football Match.

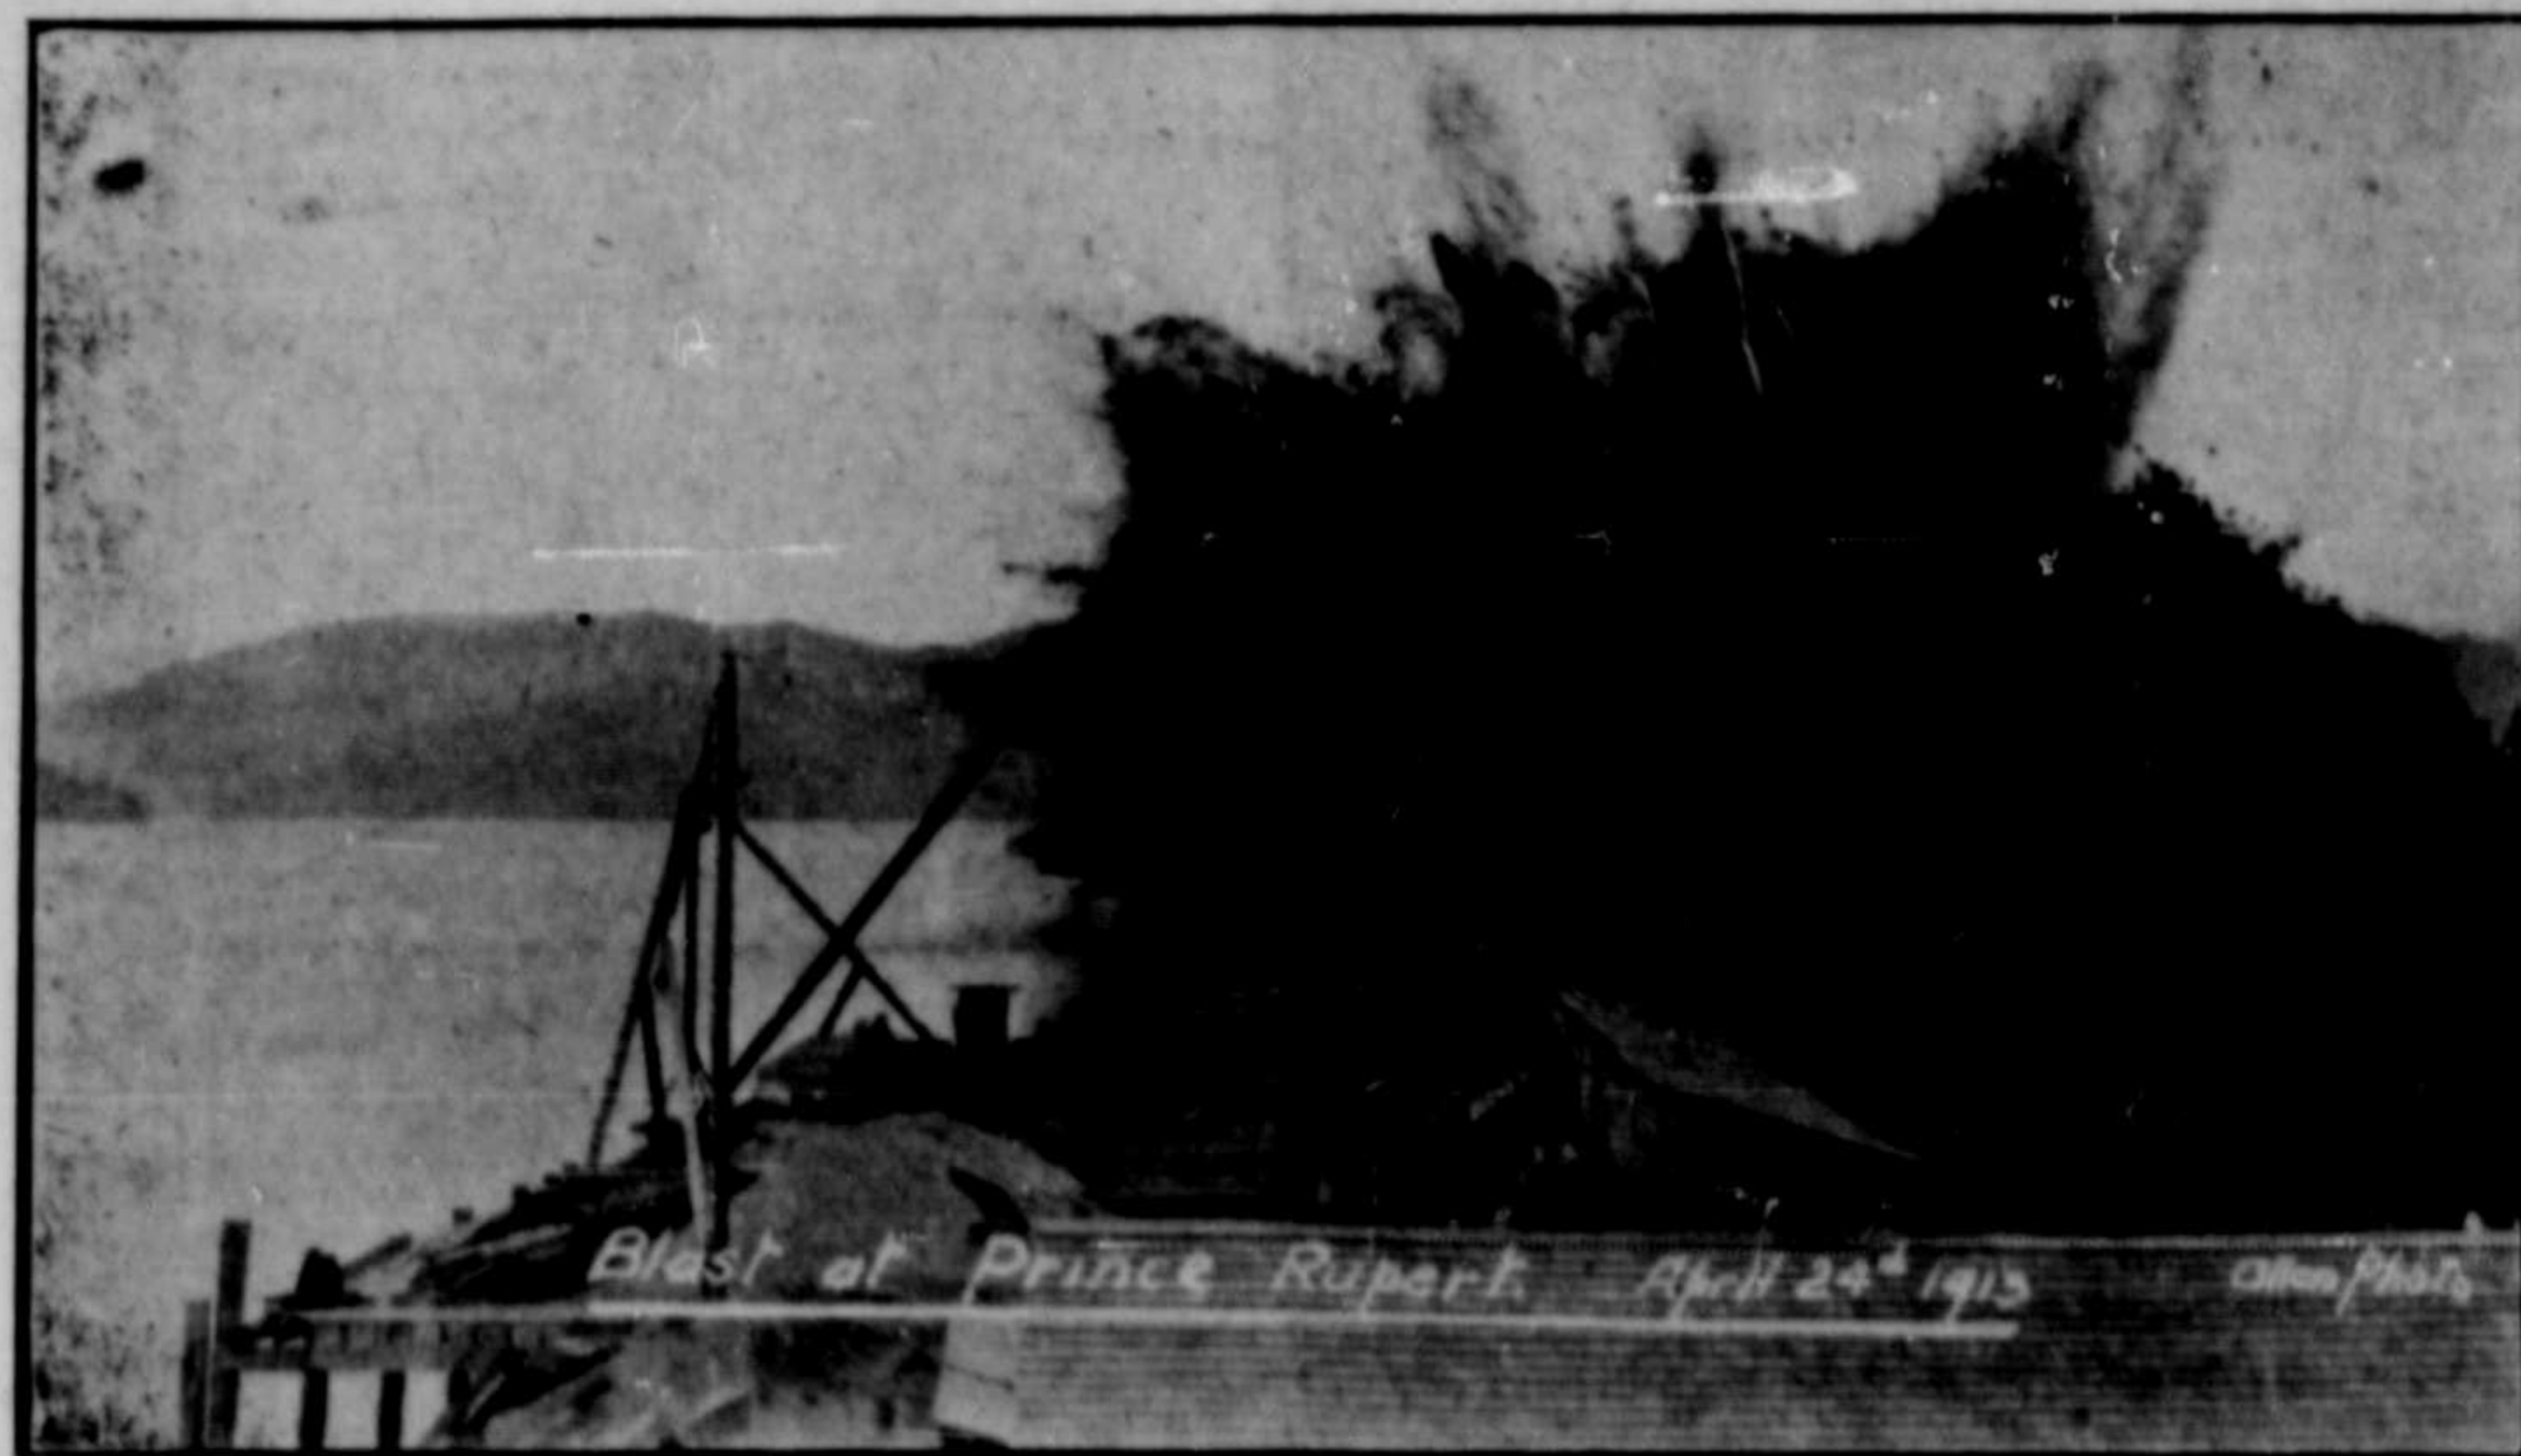

A close football struggle between the married men and single resulted in a hard-won victory for the former and a fine exhibition of good play by both sides. The game was played at 8 o'clock Saturday evening on Second avenue, where it was watched by an attentive crowd.

At half-time the score stood four to one in favor of the married men, but the bachelors scored two more points in the last half. The final score, four to three, was a better indication of the closeness of the contest. The play on both sides was a credit to the Callies. A. Holmberg acted very ably and with good judgment as referee.

#### KILLED IN BATTLE

Organizer of Industrial Workers Stoned to Death Yesterday

(Special to The Daily News.)  
Seattle, June 9.—A special to the Post-Intelligencer from Wilson Creek, Washington, says an unidentified organizer of the Industrial Workers, was stoned to death yesterday, during a pitched battle between the members of the I. W. W. and a gang of Italian laborers employed by the Great Northern.

THE ABOVE IS A REPRODUCTION FROM AN ACTUAL PHOTOGRAPH OF ONE OF PRINCE RUPERT'S BIG BLASTS

rels of oil were spilt, and cigar smokers had to be warned and a vast jet of rock as dust was spouted up till it bulked against the sky like a dark cloud. The whole neighborhood was shaken with the concussion. Then it rained stones in the harbor and on the freight sheds, worse than it ever rained frogs in Egypt. The broken lumps of rock pattered

plished in a remarkably short time.

While the blast was spectacular, the damages resulting were not so serious as many at first surmised. It has been estimated that \$1,200 will cover the whole, \$600 for the damage to the freight shed and planking, and another \$500 or \$600 for damage to freight. Not a window was

property is always taken into account, it was not in this instance regarded as a certainty, as some have supposed. But compared with the magnitude of the work done, the damages consequent were slight. Archie McDougall and his men are to be complimented on the success of their skillfully laid shot.

### WHO REALLY OWNS THE COUNTRY OF MEXICO

Who owns a country will soon become a perplexing question. Is it the men who live in it or the men who own its industries and enable it to exist? Mexico is a case in point. But a few days ago the financiers of New York, London, Paris and Berlin made an advance to Mexico of some twenty-seven millions for railway and other purposes. Why shrewd business men should do this, when the country has been in a state of revolution ever since Dictator Porfirio Diaz was exiled, is more than the ordinary newspaper reader can understand.

In all probability, however, these millions were sent to Mexico to cover and if possible protect other millions these countries have invested there. They have, in fact, so much invested there that the question who owns the country becomes a perfectly natural one. Mexico herself has some \$800,000,000 invested in her industries, but the United States investments in Mexico exceed \$1,000,000,000. There is nearly \$650,000,000 of United States capital in Mexican railways alone, and about \$225,000,000 in Mexican mines. The English have about \$321,000,000 in Mexican investments and the French about \$143,000,000. Germany has probably more than either of the two

latter, but the figures are not available.

The civil warfare and slaughter, as told in our telegraphic despatches is going on today with as much vigor as last year, or the two or three years before that. But, unless the political atmosphere clears up a little soon it is safe to conclude that the immense investments mentioned will not be drawing dividends or even interests. There should be some provision under international law whereby these large interests could be forced and appoint a receiver. If that were done and order restored and maintained, Mexico would soon be wealthy and able to pay dividends.

The war between California and Japan is already on. The baseball team from Stanford University has invaded the Flowery Kingdom and clashed on the diamond with the picked nine of Kitō University at Tokyo. The honors, so far, are about even. Diplomats are anxiously awaiting the result of the series.

The militant suffragettes' course is at least consistent. Having insulted and alienated every friend except those in the immediate following of Mrs. Pankhurst, they continue their policy by repudiating the British Labor leader who came to their rescue when their paper was threatened.

NOVEL IDEA FOR POST OFFICE

At the bottom is the repository for letters, which go through the chute, and in the centre is an automatic stamping machine. At the top is an advertising device, which rotates. This "Post Office" is to be put on the corners of all the principal streets in Toronto, and if a success, will be extended throughout Ontario and Canada.

### COMPLETE REPORT ON TECHNICAL TRAINING

Recommends Federal Grant of Three Millions Annually for Period of Ten Years.

Ottawa, June 5.—The long awaited report of the commission on technical education was tabled in the House of Commons yesterday afternoon, and is one of the most voluminous documents ever presented to Parliament. It embraces more than a thousand closely-printed pages.

The outstanding recommendation of the report is that a federal grant of \$3,000,000 be made annually for a period of ten years, that the money be voted to the provinces on the basis of population and applied to the promotion of higher technical education and industrial training.

For the elementary schools, teaching manual training, household science, etc., a grant of \$350,000 a year for ten years is recommended, the division among the provinces being on a similar basis.

The commission travelled all over Canada and the United States and many parts of Europe, took volumes of evidence, and the length of their report, which is in four volumes, accounts for the delay in its presentation.

John Wallace, of Butedale cannery, arrived in the city by the Princess Beatrice on Saturday morning.

### TELKWA NOTES

The Burns Lake Lumber Co. are now turning out lumber, supplying a much-needed commodity in that locality. The mill is located on Burns Lake where the main wagon road crosses.

H. A. Grant, manager for P. Burns & Co., arrived in the valley Tuesday with about fifty head of cattle for the railway contractors between here and Burns Lake. Mr. Grant said there will be plenty of beef in the country within a short time, as there is a drive of about 250 head coming in from the south early next month.

H. E. Wallace returned from Fraser Lake, where he has been spending the past three months. Mr. Wallace says that the merchants and farmers in that section will haul their supplies from the end of steel as soon as the road is accepted to 26 Mile and the roads are in better shape. They have been receiving their freight by way of the river steamers from the south.

Broughton & McNeil have fitted up their bunkhouse at Chicken Lake, the only building saved in last week's fire, and are again doing business at the old stand, supplies having been brought down from their Aldermere store. Mr. McNeil stated that it is quite probable that they will rebuild, but that they will carry on business in the present premises

until lumber can be obtained from the coast.

T. L. Carr returned yesterday from Hazelton and will put a few men at work Monday morning on the lower end of the townsite opening up a few places where the water is being held back by refuse left by the grading gangs. Within a short time, after some of the timber has been cut off, three permanent ditches will be put in to drain the townsite.

Chettleburgh & Sinclair, who conduct a harness and farm machinery business in Hazelton, have opened a branch store in Telkwa, opposite The Tribune office, and will carry a complete stock of farm machinery, harness and saddlery, part of which has already arrived. Mr. Chettleburgh, who will have charge of the Telkwa branch, says he has every confidence in the future of Telkwa as a farming and mining centre.

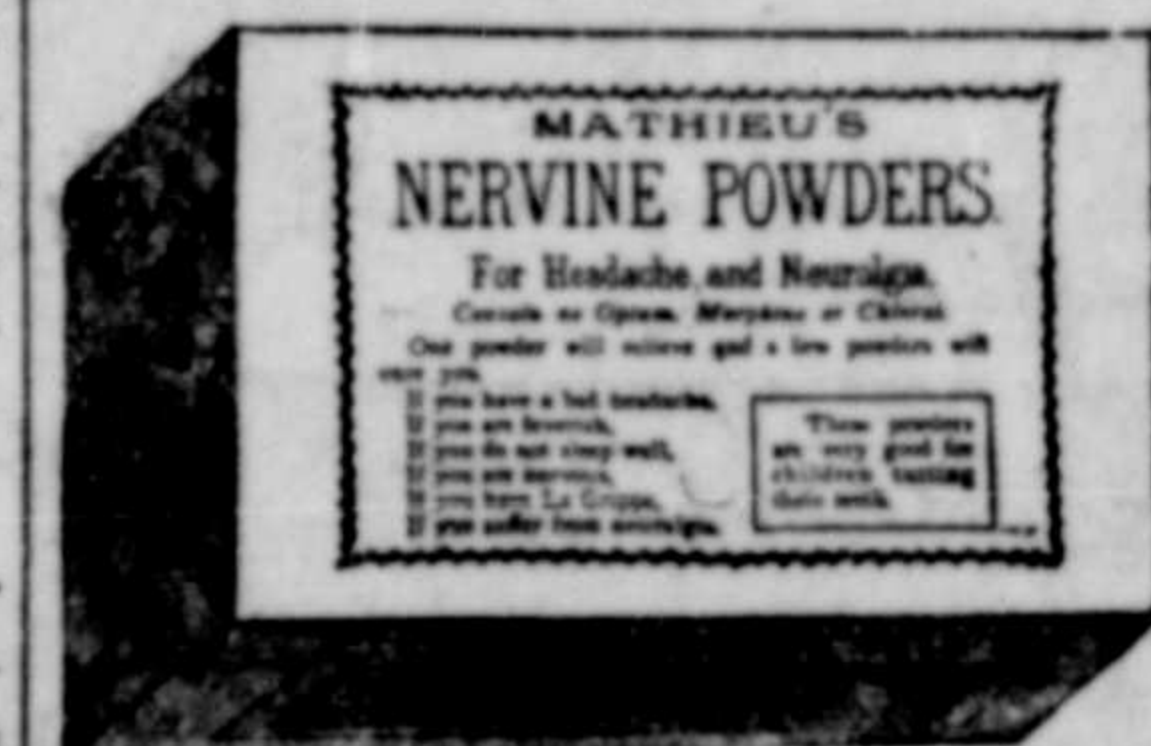

Donald Simpson left Telkwa Wednesday for Hudson Bay mountain to start work on the Victory Group, of which he is owner. This property is near the Coronada Group, on which work was carried on all last winter, when some of the richest galena ore ever found in the district was uncovered. Mining engineers have reported the Victory mountain, and Mr. Simpson says he is satisfied that, when properly developed, it will be one of the richest mines in the entire district. —Telkwa Tribune.

### TRAGEDY DUE TO TITANIC

Murder and Suicide Follow Mistake of Widower.

Paris, June 5.—Among the passengers of the Titanic whose names were given as lost was Madame Bruri of Bethune. Her husband mourned for her for some time and remarried. Today he received a letter from his first wife stating that she was very much alive, and was on her way back to explain. Greatly excited by the letter, the husband fired four bullets at his second wife and killed her instantly. Then he committed suicide.

**Skene Land District—District of Coast, Range V.**  
Take notice that I, Sam Ennyu, of Seattle, B. C., occupation lumberman, intend to apply for permission to purchase the following described lands:  
Commencing at a post planted at the southwest corner of Lot 152, Range 5, Coast District, on the bank of the Ka Yeh River, thence 20 chains west, thence 20 chains north, thence 20 chains east to the boundary of said Lot 152, thence south 20 chains and boundary 20 chains to point of commencement, containing 40 acres more or less.  
SAM ENNYU.  
Dated April 19th, 1913.  
Pub. May 5, 1913—June 30, 1913.

**Skene Land District—District of Coast, Range V.**  
Take notice that Ole J. Jensen, of Kitimat, B. C., occupation rancher, intends to apply for permission to purchase the following described lands:  
Commencing at a post planted about half a mile north of the southeast corner of T. L. No. 35246, thence east 20 chains, thence south 20 chains, thence west 20 chains, thence north 20 chains to point of commencement, containing 160 acres more or less.  
OLE J. JENSEN, Locator.  
T. D. LAIRD, Agent.  
Dated March 28th, 1913.  
Pub. Apr. 21, 1913—June 16, 1913.

## LAND LEASE NOTICE.

**Skene Land District—District of Coast, Range IV.**  
Take notice that Frank B. St. Amour, of the City of Prince Rupert, in the Province of British Columbia, prospector, intends to apply for permission to lease the following described land:  
Commencing at a post planted on the east coast of Banks Island, British Columbia, on the shore of a small unnamed bay and being about five (5) miles in an easterly direction from End Hill, thence east eighty (80) chains, thence north twenty (20) chains, thence west eighty (80) chains, thence south twenty (20) chains to point of commencement, containing one hundred and sixty (160) acres more or less.  
FRANK B. ST. AMOUR, Locator.  
Dated the 29th day of April, 1913.  
Pub. May 5, 1913—June 30, 1913.

## WATER NOTICE.

**For a License to Take or Pen Back Water.**  
Notice is hereby given that G. R. T. Sawle, of Prince Rupert, B. C., will apply for a license to store or pen back 200 acre feet of water from an unnamed creek, a stream flowing in an easterly direction and emptying into Goose Bay near Granby Bay Township. The water will be stored in a reservoir of 60,000 gallons capacity, built or to be built 1,000 feet from mouth of stream, and will be used for domestic purposes under a notice of application for license to take and use water, posted herewith, on the land described as land adjoining west side of Granby Bay Township.  
This notice was posted on the ground on the 26th day of April, 1913. The application will be filed in the office of the Water Recorder at Prince Rupert, B. C. Objections may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C.  
1914-10-16-22 G. R. T. SAWLE.

## WATER NOTICE.

**For a License to Take and Use Water.**  
Notice is hereby given that The Prince Rupert Hydro-Electric Company, Limited, of Prince Rupert, B. C., will apply for a license to take and use 40 cubic feet per second of water out of Madeline Creek, which flows in an easterly direction through Crown lands, and empties into the Skeena River about 13 miles from its mouth on the south bank. The water will be diverted at unnamed falls about one mile from mouth of creek, and will be used for generating electric power purposes for sale, barter or exchange within a radius of 100 miles.  
This notice was posted on the ground on the 16th day of May, 1913. The application will be filed in the office of the Water Recorder at Prince Rupert, B. C. Objections may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C.  
PRINCE RUPERT HYDRO-ELECTRIC CO., LTD.  
By Geo. H. Kohl, Agent.  
Pub. May 26, 1913—June 16, 1913.

## BAYLEY AND HYLAND MAY BOX VERY SOON

Vancouver Sports Suggest That Winner Goes Against Freddy Ritchie Dominion Day.

Joe Bayley vs 'Fighting Dick' Hyland.

Winner vs Freddie Welsh, Dominion Day.

Any time the management of boxing contests hereabouts arrange two cards as suggested above they will provide the fans and lovers of the manly art of self-defence with two upstanding bouts. Ever since the time that Hyland earned a newspaper verdict over Bayley there has been a difference of opinion as to which is the better boy says the Vancouver News-Advertiser. They have never come together in a return engagement, but it has been suggested that they mingle in the squared circle early this month, the winner to face Freddie Welsh, the British lightweight champion, on Dominion Day.

Hyland is in better condition right now than at any time since he defeated Leach Cross in 41 rounds a few years ago, while Bayley has all along declared that he is Hyland's master and is ready to meet him. The only thing to do now is to secure their signatures to articles. Hyland claims that he is entitled to a match with Freddie Welsh, and there is some merit to his claim. Bayley also demands a match. In fairness to both and in the interests of the boxing game the promoters should match the pair, the winner to meet Welsh for the British championship in July.

"I am ready to meet Bayley and have the backing for a bout up to \$500 that I can beat him," declared Hyland. Bayley is equally confident and a match appears to be the only solution to the problem.

Freddie Welsh will be in Vancouver on June 7. He is matched with Ray Campbell for June 12. Percy Cove and Eddie Moy, featherweights, will furnish the preliminary.

## MILITANT UNABLE TO ANSWER QUESTIONS

Woman Who Seized Reins of King's Horse at the Derby Very Weak.

Epsom, Eng. June 5.—Emily Wilding Davidson, the militant suffragette who yesterday caused a sensation by leaping at the King's horse and seizing his reins while he was galloping at full speed in the race for the Derby, recovered consciousness at noon today. She took slight nourishment but was unable to reply to questions.

Miss Davidson is one of the best known English suffragettes. She is a young woman of high education, an honor graduate of London University and of the final honor school at Oxford.

## Liverpool's Graving Dock.

The Mersey Docks and Harbor Board is building a huge new graving dock at Seaford and this Liverpool enterprise will be the largest in the world. It will take steamers up to 1100 feet in length and despite a strike of laborers it is hoped that the dock will be ready for opening by the King in July.

QUEEN MARY.

EMPERESS OF GERMANY.

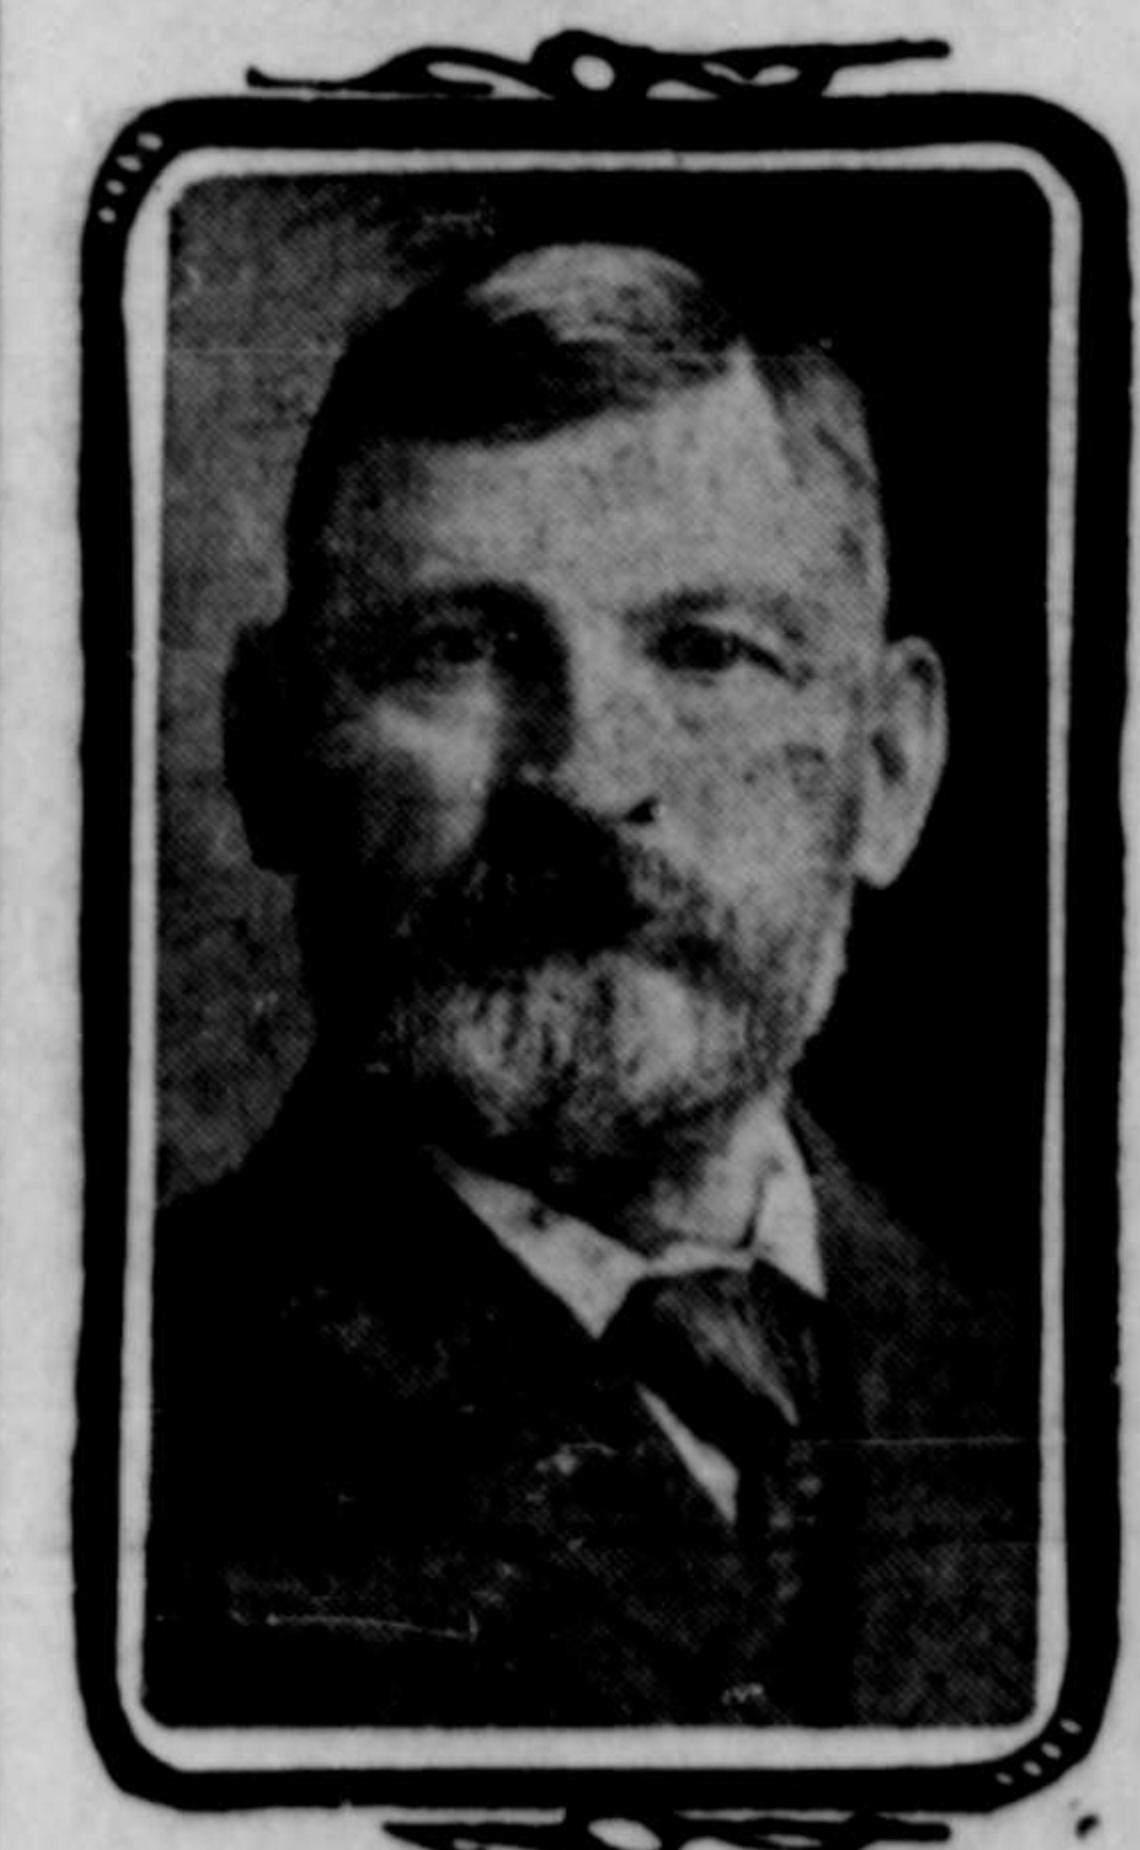

## THEY RULE OVER SIX HUNDRED MILLION PEOPLE

The three mightiest kings in the world, King George, the Kaiser, and the Czar; and the wives of the two former. They were all present at the Royal wedding at Berlin, Germany, when the daughter of the Kaiser and Prince Ernest of Cumberland, were married. The presence of the three monarchs is significant for the fact that more friendly relations and the amity between the three respective nations will be shortly entered into. The marriage of the Kaiser's family into England royalty may also bring about International peace between England and Germany.

## LARGE GREEK ARMY FALLS INTO A TRAP

Sofia, June 5.—Forty-five thousand Greeks who were preparing to seize Kavala, on the Aegean Sea, are practically in the hands of the Bulgarian army. Meanwhile the Greek minister here is trying to come to an understanding with the Bulgarian Government. The reply of the latter is:

"We did all in our power to be loyal to the allies. The matter now rests with the general staff."

SENATOR McCALL

Of Norfolk, who took his seat in the Canadian Senate recently.

## ROAD FROM TELKWA TO HAZELTON UNDER WAY

Two Crews Working, One in Vicinity of Mud Creek and Other at Boulder.

Road work is now in full swing from Hazelton to a point about 120 miles south on the main trunk road. Superintendent Carr, who has charge of the work between Telkwa and Hazelton, has three large gangs working on the main road and one on the Chicken Lake road. T. W. Brewer, with about 25 men, is working in the vicinity of Mud Creek. J. McDonald, with 15 men, is working south from Boulder Creek, while the largest crew, under Angus McLean, is near Glentanna, working north. Bert Schooling has charge of the Chicken Lake road work and is at a point about four miles this side of Smithers, working north.

Superintendent Willisroff, who has charge of the work south from Telkwa, has been very busy the last few weeks forwarding supplies and getting work started on the extreme end of his district, but late this week he started a small crew doing repair work just south of Aldermere; and another crew, under Peter Powers, left Telkwa Thursday to begin work on the Deep Creek trail. Last summer some important mineral discoveries were made on Deep Creek, and this trail will be of great assistance to the prospectors in developing their properties.

## BIG PARTY COMING HERE NEXT MONTH

Vancouver Progress Club Will Make a Trip to Telkwa on Special Train.

Another "get acquainted" tour for members of the Vancouver Progress Club has been arranged for. It will take place some time during the early part of July to Telkwa on the Grand Trunk Pacific Railway line. The party will go via Prince Rupert and New Hazelton to Telkwa which is the present eastern terminus of the Prince Rupert to Fort George section of the road. It is anticipated that a large number of members from the club will take this opportunity of learning more about the province. The trip from Prince Rupert to Telkwa will be made in a special car.

## PRINCE PALATINE WON

Carried off Coronation Cup on the Epsom Course.

London, June 5.—The Coronation cup, the most important stake event run during Epsom week, a gold cup at weight for age, with penalties, worth about £1800 to the winner, and run over the Derby course of about a mile and a half, was won today by Mr. Pilkington's bay horse Prince. Palatine, by Persimmon-Lady Lightfoot, who started at six to five Sol Joel's Long Set, seven to two, was second, and Mr. Heybourn's Cigar, ten to one, third. Some mild betting took place today on the Oaks, the Fillies' classic race, to be run over the Derby course tomorrow.

Mr. and Mrs. J. G. McNab of this city registered this week at the Savoy Hotel, Seattle.

## Making a Flat World Round

When Columbus set out to reach India by sailing westward, he met with opposition and ridicule. He believed the earth to be round.

Wise men held that it was flat—that Columbus was mad—and that he'd fall off somewhere if he departed from established beliefs.

But Columbus' belief found him a continent and made him blessed of memory.

## The Business World is flat to some men

Their profit-bearing shores of Opportunity stretch only so far as their grandfathers trod. Custom, superstition and apathy have set them confines which they may not pass.

For instance, they believe the business year is a flat one—not an all-year round of trade, with East joining West, with Spring merging into Autumn—but just two distinct seasons, with sawed-off edges gaping into space.

They confine their activities to a Spring trade and to a Fall trade. To them there is no intervening continent with stores of waiting wealth. Their world is flat. They have not explored the mid-year months of Summer trade. June, July and August are never-never land.

Surely this conception of Summer as a "dull" season is as fallacious as the delusion that the earth was flat. People have just as much money in the hot weather and spend quite as freely as in Spring and Fall. Granted that they are not buying skates and snow shovels in August, yet they are buying staple articles. Furthermore, they have an eye on luxuries and comforts they are counting upon purchasing in the Fall.

## The modern Columbus has discovered this

Summer trade—this golden West lying between the known continents of old beliefs. Departing from established habit, many have made their energies and their Advertising an all-year-round proposition.

Keeping up Advertising during the Summer months not only links your Spring and Fall, but produces rich harvests from the Summer months themselves.

Advice regarding your advertising problem is available through any recognized Canadian advertising agency, or the Secretary of the Canadian Press Association, Room 503 Lumden Building, Toronto. Enquiry involves no obligation on your part—so write, if interested.

## Modern Insurance

We hear a great deal now-a-days about crooked insurance and the inequities of insurance companies, and a great many people look on insurance with profound distrust. Still it must be apparent to any sane person that it is a very necessary thing.

Of course there are some very crooked people in the insurance business, as in all other businesses, and a few insurance companies have been swindling institutions—in other words men are not angels. Nevertheless it cannot be denied that insurance in its fullest and collective sense is only second to capital itself as an elementary part of the industrial machine. It is a great equalizing influence that spreads itself over the whole vast field of human enterprise, to lessen, yea, almost to eliminate the great catastrophes that every once in a while overtake the community, making the losses to bear rather "light upon the many than heavy upon the few,"—making sport of calamities and disasters that would otherwise appal, paralyze and perhaps overwhelm the energy and fortitude of the whole population. In other words may we not call insurance the anaesthetic of the commercial world, stealing through its veins, quieting its nerve centres, and rendering them oblivious to the shocks of external violence.

Glance for a moment at the wonderful capacity of an office like ours which writes general insurance.

We insure you against the destructive elements of fire and air (FIRE);—against the raging sea (MARINE);—against the machinations of the wicked (BONDS);—against the theft in the night (BURGLARY);—we insure you against the staggering drunkard (PLATE GLASS);—we insure you against the legal action of those employed by you, and that lawyers will not fatten off you (EMPLOYERS' LIABILITY);—we insure you during the swift hours of fleeting pleasure (AUTOMOBILE);—and lastly, when life is over, and you have passed out of this earthly existence, we carry forward your personality and foresight into future ages, and insure those near and dear to you against want and misery, and thereby even assure you of getting a loving remembrance after you have passed away (LIFE).

Nor, dear reader, must you think us sacrilegious when we say we have provided against some at least of the contingencies of what may befall you in the life beyond the grave. A great many people believe in the doctrine of the transmigration of souls,—that, after death, we live again in the bodies of animals, etc. Should such be the case, and should you be reincarnated in the body of some domestic animal, do not forget that we carry live stock insurance, and can insure you of a useful and profitable existence for those who may own you in that future state.

Such is the wide range of abilities of a modern and up-to-date general insurance office such as that of

### IN MEMORIAM

(Continued from page 1)

who deeply mourned the separation from their friend and comrade. The clergyman's remarks throughout touched deeply the hearts of those assembled and had a stimulating tendency towards the leading of purer, better and nobler lives. Referring specially to the deceased, Rev. Mr. McLeod spoke in most complimentary terms of his many excellent and admirable qualities. Through frequent personal contact with him, the reverend gentleman had an opportunity of knowing him as a young man of pleasant disposition, pure thoughts and noble ideals. Although unostentatious, he was always willing to assist in the work of the various organizations with which he was connected. Never showing himself forward, he was ready to help and do his part as best he could. The news of his death so soon after going to the hospital had come to him as a very great shock. The large gathering of friends and mourners was deeply moved. On and around the casket were floral tributes from Prince Rupert Typographical Union No. 413, the Presbyterian Choir, Presbyterian Board of Managers, T. D. Pattullo, W. B. Cornish, D. B. Taylor, and others.

Miss Black, sister of deceased, arrived on the Princess Sophia today. She will accompany the remains to the parents' home at Fergus, Ont.

### HIT BY BUCKET

John Brown in Hospital With Damaged Knee

While John Brown was helping to unload coal from the Princess Ina, a bucket swung round and struck him in the side, knocking him against the bulwarks. At first it was thought that his leg was broken, but when he was brought to the General Hospital last night it was found that he had escaped with nothing more serious than a badly knocked knee and a few bruises. The injury to the knee, however, is sufficiently severe to confine him to the hospital for a week. Brown is an employee of the Pacific Stevedoring Company.
